Nancy Werlock's Diary: Dear Nancy,

At the Three Wishes Boutique, the customer may not always be right, but he may very well be possessed... Episode Sixteen of the Nancy Werlock's Diary Series features Two Nancy Werlock Stories (approx. word count 9000 words): One Step At a Time: Nancy and Lee take a field trip to test out a new ritual that will let him enter churches without spontaneously combusting. Dear Nancy,: Nancy must juggle running the shop, her new advice column, dealing with her apprentice's damaged love life, and her dead mother's anxiety over Thanksgiving dinner. Readers new to the series can catch up with Nancy Werlock's Diary: Season One and Nancy Werlock's Diary: Season Two, both available in digital and print formats.

Nancy Werlock's Diary: Season One

Dr. Nancy Werlock is one of the most successful marriage counselors in the Delaware Valley. Some credit her uncanny empathy. Some credit her quick wit and quirky sense of humor. But Nancy also has a unique set of skills she didn't learn from any psychology training. Nancy is a sixth generation demonologist, and though she upset her mother when she decided to pursue a mundane professional instead of taking up the family business, she's kept her magical skills sharp by integrating a few choice spells into her counseling practice. Nancy Werlock's Diary follows Nancy's daily trials and troubles as she struggles to juggle her professional obligations with her familial ones. Each set of stories is a stand-alone collection that provides a window into the life of a modern day warlock. And while Nancy may have a few arcane tricks at her disposal, her problems are surprisingly relatable (even when her mother is giving her a guilt trip from beyond the grave). This compilation includes Episodes one through seven, which were previously released individually as digital shorts. It also includes a bonus story: Devil With a Blue(ish) Dress.

Nancy Werlock's Diary: Family Feud

Welcome to Season Three of Nancy Werlock's Diary. Episode 14 offers two more short stories (approx. word count 9700 words) Family Feud The holidays can be a nerve-wracking time under the best of conditions. But when Nancy's dead mother starts complaining about who should host Thanksgiving, things get unusually tense between Nancy and her brother. Wrath of the Turkey God Nancy and Houston find themselves investigating a paranormal poultry problem.

Blood Debts

The sequel to The Doom Guardian. The Spirit Wall still stands, but there are other ways to shatter a world. And Cambrea is a fragile world indeed. Nadia and Alexandros may have escaped the battle of Gadara, but they can't escape their growing list of enemies. The Necromancers will waste little time before seeking their revenge against those that undid decades of rituals and planning. The Felsworn too have unfinished business regarding their own thwarted plans to bring a Demon Lord into the world. The games played by members of House Thairentre threatens to ensnare them both in a web of deception and danger. Barcani Vassu, Lord of Goldkeep, still wants Alexandros' head mounted to his wall; and one of Galenen's most deadly Blades has decided to take up the contract himself...for a rather personal reason.

Nancy Werlock's Diary: The Politics of Warlocks

At the Three Wishes Boutique, the customer may not always be right, but he may very well be possessed... Season Three of Nancy Werlock's Diary continues with three more tales of paranormal problems (approx word count 9200). The Politics of Warlocks: Nancy gets a surprise "courtesy" call from Warlock Lucian Magus of the School of Demonology. Psych Evals: Palatine Christopher Ross of the vampire Blood Court pays Nancy a visit to discuss his job offer. Meanwhile, Lord Advocate Joshua Brynwolf has more news about the origins of Houston's psionic abilities. House Cleaning: Nancy gets a frantic phone call from her sister-in-law about a wisp invasion the day of Megan's 7th birthday party. Readers new to the series can catch up with Nancy Werlock's Diary: Season One and Nancy Werlock's Diary: Season Two, both available in digital and print formats.

Nancy Werlock's Diary: Season Two

Dr. Nancy Werlock is one of the most successful marriage counselors in the Delaware Valley. Some credit her uncanny empathy. Some credit her quick wit and quirky sense of humor. But Nancy also

has a unique set of skills she didn't learn from any psychology training. Nancy is a sixth generation demonologist, and though she upset her mother when she decided to pursue a mundane professional instead of taking up the family business, she's kept her magical skills sharp by integrating a few choice spells into her counseling practice. Nancy Werlock's *Diary* follows Nancy's daily trials and troubles as she struggles to juggle her professional obligations with her familial ones. Each set of stories is a stand-alone collection that provides a window into the life of a modern day warlock. And while Nancy may have a few arcane tricks at her disposal, her problems are surprisingly relatable (even when her mother is giving her a guilt trip from beyond the grave). This compilation includes Episodes eight through thirteen, which were previously released individually as digital shorts.

The Damned

Instant New York Times bestselling sequel to *The Beautiful* Following the events of *The Beautiful*, Sébastien Saint Germain is now cursed and forever changed. The treaty between the Fallen and the Brotherhood has been broken, and war between the immortals seems imminent. The price of loving Celine was costly. But Celine has also paid a high price for loving Bastien. Still recovering from injuries sustained during a night she can't quite remember, her dreams are troubled. And she doesn't know she has inadvertently set into motion a chain of events that could lead to her demise and unveil a truth about herself she's not ready to learn. Forces hiding in the shadows have been patiently waiting for this moment. And just as Bastien and Celine begin to uncover the danger around them, they learn their love could tear them apart. *The Damned*, Renée's latest installment in *The Beautiful* series is just as decadent, thrilling, and mysterious as her last, as she continues her most potent fantasy series yet.

Reading Stephen King

This collection of essays grew out of the "Reading Stephen King Conference" held at the University of Maine in 1996. Stephen King's books have become a lightning rod for the tensions around issues of including "mass market" popular literature in middle and high school English classes and of who chooses what students read. King's fiction is among the most popular of "pop" literature, and among the most controversial. These essays spotlight the ways in which King's work intersects with the themes of the literary canon and its construction and maintenance, censorship in public schools, and the need for adolescent readers to be able to choose books in school reading programs. The essays and their authors are: (1) "Reading Stephen King: An Ethnography of an Event" (Brenda Miller Power); (2) "I Want to Be Typhoid Stevie" (Stephen King); (3) "King and Controversy in Classrooms: A Conversation between Teachers and Students" (Kelly Chandler and others); (4) "Of Cornflakes, Hot Dogs, Cabbages, and King" (Jeffrey D. Wilhelm); (5) "The 'Wanna Read' Workshop: Reading for Love" (Kimberly Hill Campbell); (6) "When 'IT' Comes to the Classroom" (Ruth Shagoury Hubbard); (7) "If Students Own Their Learning, What Do Teachers Do?" (Curt Dudley-Marling); (8) "Disrupting Stephen King: Engaging in Alternative Reading Practices" (James Albright and Roberta F. Hammett); (9) "Because Stories Matter: Authorial Reading and the Threat of Censorship" (Michael W. Smith); (10) "Canon Construction Ahead" (Kelly Chandler); (11) "King in the Classroom" (Michael R. Collings); (12) "King's Works and the At-Risk Student: The Broad-Based Appeal of a Canon Basher" (John Skretta); (13) "Reading the Cool Stuff: Students Respond to 'Pet Sematary'" (Mark A. Fabrizi); (14) "When Reading Horror Subliterature Isn't So Horrible" (Janice V. Kristo and Rosemary A. Bamford); (15) "One Book Can Hurt You...But a Thousand Never Will" (Janet S. Allen); (16) "In the Case of King: What May Follow" (Anne E. Pooler and Constance M. Perry); and (17) "Be Prepared: Developing a Censorship Policy for the Electronic Age" (Abigail C. Garthwait). Appended are a joint manifesto by National Council of Teachers of English (NCTE) and International Reading Association (IRA) concerning intellectual freedom; an excerpt from a teacher's guide to selected horror short stories of Stephen King; and the conference program. Contains a 152-item reference list of literary works.(NKA)

Daughter of the Blood

The first, epic novel in the Black Jewels series *The Dark Kingdom* is preparing itself for the fulfillment of an ancient prophecy - the arrival of a new Queen, a Witch who will wield more power than even the High Lord of Hell himself. But this new ruler is young, and very susceptible to influence and corruption; whoever controls her controls the Darkness. And now, three sworn enemies begin a ruthless game of politics and intrigue, magic and betrayal and the destiny of an entire world is at stake.

Nella Last's Peace

Outwardly Nella's life was probably seen as ordinary; but behind this mask were a lively mind and a persistent pen - a pen that never gave up over almost three decades, reporting, describing, pondering, and disclosing. Nella, 55 when the war ends, writes of what ordinary people felt during those years of privation, hope and the re-building of Britain, providing a moving and inspiring account of the years that shaped the society we live in today. Her diary offers a detailed, moving and humorous narrative of the changing experiences of ordinary people at this time, and thoughts on the aftermath of war and whether 'peace' really meant peace, for everyone.

The Night-side of Nature; Or, Ghosts and Ghost-seers

Instant New York Times and Indie Bestseller! New York Times bestselling author Renée Ahdieh returns with a sumptuous, sultry and romantic new series set in 19th century New Orleans where vampires hide in plain sight. In 1872, New Orleans is a city ruled by the dead. But to seventeen-year-old Celine Rousseau, New Orleans is a safe haven after she's forced to flee her life as a dressmaker in Paris. Taken in by the sisters of the Ursuline convent in the middle of the carnival season, Celine is quickly enraptured by the vibrant city, from its music to its fancy soirées and even its danger. She becomes embroiled in the city's glitzy underworld, known as La Cour des Lions, after catching the eye of the group's enigmatic leader, Sébastien Saint Germain. When the body of one of the girls from the convent is found in Sébastien's own lair--the second dead girl to turn up in recent weeks--Celine battles her attraction to Sébastien and suspicions about his guilt along with the shame of her own horrible secret. After a third murder, New Orleans becomes gripped by the terror of a serial killer on the loose--one who has now set Celine in his sights. As the murderer stalks her, Celine finally takes matters into her own hands, only to find herself caught in the midst of an age-old feud between the darkest creatures of the night, where the price of forbidden love is her life. At once a sultry romance and a decadent, thrilling mystery, master storyteller Renée Ahdieh embarks on her most potent fantasy series yet.

In critically acclaimed author Sarah Darer Littman's gripping new novel what happens online doesn't always stay online . . . Lara just got told off on Facebook. She thought that Christian liked her, that he was finally going to ask her to his school's homecoming dance. It's been a long time since Lara's felt this bad, this depressed. She's worked really hard since starting high school to be happy and make new friends. Bree used to be BFFs with overweight, depressed Lara in middle school, but constantly listening to Lara's problems got to be too much. Bree's secretly glad that Christian's pointed out Lara's flaws to the world. Lara's not nearly as great as everyone thinks. After weeks of talking online, Lara thought she knew Christian, so what's with this sudden change? And where does he get off saying horrible things on her wall? Even worse - are they true? But no one realized just how far Christian's harsh comments would push Lara. Not even Bree. As online life collides with real life, the truth starts to come together and the backlash is even more devastating than anyone could have imagined.

The Shadowhunters must catch a killer in Edwardian London in this dangerous and romantic sequel to the #1 New York Times bestselling novel Chain of Gold, from New York Times and USA TODAY bestselling author Cassandra Clare. Chain of Iron is a Shadowhunters novel. Cordelia Carstairs seems to have everything she ever wanted. She's engaged to marry James Herondale, the boy she has loved since childhood. She has a new life in London with her best friend Lucie Herondale and James's charming companions, the Merry Thieves. She is about to be reunited with her beloved father. And she bears the sword Cortana, a legendary hero's blade. But the truth is far grimmer. James and Cordelia's marriage is a lie, arranged to save Cordelia's reputation. James is in love with the mysterious Grace Blackthorn whose brother, Jesse, died years ago in a terrible accident. Cortana burns Cordelia's hand when she touches it, while her father has grown bitter and angry. And a serial murderer is targeting the Shadowhunters of London, killing under cover of darkness, then vanishing without a trace. Together with the Merry Thieves, Cordelia, James, and Lucie must follow the trail of the knife-wielding killer through the city's most dangerous streets. All the while, each is keeping a shocking secret: Lucie, that she plans to raise Jesse from the dead; Cordelia, that she has sworn a dangerous oath of loyalty to

a mysterious power; and James, that he is being drawn further each night into the dark web of his grandfather, the arch-demon Belial. And that he himself may be the killer they seek.

Chain of Iron

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.

When Allison is asked to play Cinderella-turned-Fiancee at a Halloween ball, the last thing she expected was to be accused of murder. She has to find the killer or she'll be put to death for the crimes she didn't commit. To make matters worse, the victims are all werewolves. On the short list of potential victims, Allison has to act fast, or the killer will have one more body to add to his little black book of corpses.

The Letters of Robert Burns

This book analyzes the nature and functions of horror films from the vantage of a theoretical reconstruction of George Santayana's account of beauty. This neo-Santayanan framework forms the conceptual backdrop for a new model of horror's aesthetic enjoyment, the nature of which is detailed through the examination of plot, cinematic, and visual devices distinctive of the popular genre. According to this model, the audience derives pleasure from the films through confronting the aversive scenarios they communicate and rationalizing a denial of their personal applicability. The films then come to embody these acts of self-assertion and intellectual overcoming and become objects of pride. How horror films can acquire necropolitical functions within the context of abusive systems of power is also clarified. These functions, which exploit the power of anti-tragedy, downward social comparison, or vicarious emotion, work to remediate aggressive, ascetic, or revolutionary impulses in ways that are not injurious to the status quo. This book champions horror as a source of self-empowerment and unmitigated beauty, but also attests to the potential social harms of the genre.

The Aesthetics of Horror Films

How creatively do you see things? She took photographs of things she loved and sent them to him. He drew pictures on her photographs of things he saw and sent them back to her. Real-life friends Barney Saltzberg and Jamie Lee Curtis share their fun, funny, and imaginative creations, encouraging readers to find their own unique perspectives lurking in puddles and noodles, fruit and flowers. This project was born out of a school visit where Jamie complimented Barney's creativity, lamenting her own inability to draw . . . and Barney countered that everyone is creative in their own way. They joined forces to create a book that is sure to inspire kids of all ages.

"LEST any reader should open this volume expecting to read an exhaustive treatise on witches and witchcraft, treated scientifically, historically, and so forth, let me disarm him before-hand by telling him that he will be disappointed. The witch occupies so large a place in the story of mankind that to include all the detail of her natural history within the limits of one volume would need the powers of a magician no less potent than was he who confined the Eastern Djinn in a bottle...."

Since the early 1970s southern fiction has been increasingly attentive to social issues, including the continuing struggles for racial justice and gender equality, the loss of a sense of social community, and the decline of a coherent regional identity. The essays in *The World Is Our Home* focus on writers who have explicitly addressed social and cultural issues in their fiction and drama, including Dorothy Allison, Horton Foote, Ernest J. Gaines, Jill McCorkle, Walker Percy, Lee Smith, William Styron, Alice Walker, and many others. The contributors provide valuable insights into the transformation of southern culture over the past thirty years and probe the social and cultural divisions that persist. The collection makes an important case for the centrality of social critique in contemporary southern fiction.

Henrietta Szold took Queen Esther as a model and worked hard to save the Jewish people. In 1912, she founded the Jewish women's social justice organization, Hadassah. Henrietta started Hadassah determined to offer emergency medical care to mothers and children in Palestine. When WWII broke out, she rescued Jewish children from the Holocaust, and broadened Hadassah's mission to include education, youth development, and women's rights. Hadassah offers free help to all who need it and continues its mission to this day.

In this definitive work for our generation, Donald Low brings together, for the first time, the words and tunes of all Burns' known songs, both 'polite' and bawdy. The Songs of Robert Burns were, in their author's eyes, the crown of his achievement as a poet. After years of study and investigation, many hours spent listening to old airs, as he recalled the living, daily, song-life of the people of Scotland, and through the creation of some of the finest lyric poetry produced in the British Isles, Burns' success is beyond doubt.

The Hunted Wizard When Nicole dabbled in the occult, she lost it all: Her voice, her family, and her name. Now on the run from the Inquisition, she must prove to herself--and the world--that not all wizards are too dangerous to let live. The savage murder of a bookstore employee throws Nicole into the middle of Inquisition business, like it or not. Driven by her inability to save the young man's life, she decides to hunt the killer on her own. Using forbidden magic to investigate the past, she learns that the murderer is in fact a disease that could kill the entire werewolf race. Forced to choose between saving lives and preserving her own, Nicole embraces the magic that sent her into exile. Without werewolves, the power of the Inquisition would dwindle, and she could live without being hunted. Nicole's only hope for success lies in the hands of the werewolves she hates and the Inquisition she fears, but finding someone to trust is only the beginning of her problems. There are those who want to ensure that the werewolves go extinct and that the Inquisition falls. But, if she fails to find a cure, her family--including her twin sister--will perish...

The Life of Mansie Wauch

Originally published in 1911, this early work by Charles M. Skinner is both expensive and hard to find in its first edition. It delves deep into the mythology of the natural world and uncovers legends of times long forgotten. This is a fascinating work and highly recommended for all folklore enthusiasts. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Come Hither

Remember when Trump was a great boss, a great father, and a great businessman, before the liberal media rewrote that narrative? That's still the real Trump. Longtime Trump Organization executive and attorney George A. Sorial saw the real Trump firsthand, from the early days of The Apprentice to the passing of power to the younger generation before the inauguration. He learned from his boss how to use chaos, the media, and a single-minded focus to achieve things everyone else said were impossible. He learned how to predict what the world's least predictable leader would do next. In *The Real Deal*, George A. Sorial and Damian Bates, a former newspaper editor who has covered Trump for years, explain the forty-fifth president's business and political strategies in detail. Often what looks complicated is just a man giving the people what he wants. For instance, why would Trump run for president, when winning would be a financial disaster for him? He was forced to set aside his TV contracts and international expansion, costing him hundreds of millions of dollars. The answer is:

because everyone he talked to wanted him to run to make America great again. In this book we see a man barely recognizable from the media's depiction. We see the deliberate and cunning reasons he scolds people, gets impatient with complicated briefings, hires neophytes, and starts fights in the media. We also see a boss who was hard-working, fun, well read, generous with opportunities, and endlessly interested in outside opinions. The mainstream media has tried to undermine the president at every turn by spreading lies about his management abilities, his negotiation style, and his business success. Now, in *The Real Deal*, George A. Sorial and Damian Bates explain how Trump's unusual style worked so well for decades—and how it's working better in the White House than anyone realizes.

The Songs of Robert Burns

While vampire stories have been part of popular culture since the beginning of the nineteenth century, it has been in recent decades that they have become a central part of American culture. *Vampire Legends in Contemporary American Culture* looks at how vampire stories -- from Bram Stoker's *Dracula* to *Blacula*, from Bela Lugosi's films to *Love at First Bite* -- have become part of our ongoing debate about what it means to be human. William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human identity, as well as how many post-modern vampire stories reflect our fear and attraction to stories of addiction and violence. He argues that contemporary stories use the character of *Dracula* to explore modern values, and that stories of vampire slayers, such as the popular television series *Buffy the Vampire Slayer*, integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story.
