Healing Your Inner Child, Guided Meditation - Healing Your Inner Child, Guided Meditation by Pura Rasa - Guided Meditations 240,336 views 6 years ago 38 minutes - The, cry we hear from deep in our hearts, says Thich Nhat Hanh, comes from **the**, wounded child within. **Healing your inner child's**, ... release the tension in each area of your body

take a deep breath in to the count of four

relax the muscles in your face

feel your muscles slowly melting take another deep breath in to the count of four and exhale

relax your legs

continue to follow the sound of your breath

take in a deep breath of forgiveness exhale

balance your heart chakra

continue with a few more healing breaths

spinning in sync with the wheel of your inner child

repeat these following healing affirmations

bring yourself to the present

taking a deep breath in to the count of four

Give Yourself Permission to Let Go: A Guided Meditation Practice | Mindful Movement - Give Yourself Permission to Let Go: A Guided Meditation Practice | Mindful Movement by The Mindful Movement 1,235,541 views 5 years ago 22 minutes - Today we will practice letting go, as letting go is just that, this guided **meditation**, practice and can facilitate profound **healing**,.

make yourself comfortable

letting go of tension in your body
exhale tension from your body
remaining in your relaxed state
continue to breathe fully focusing on your exhale
use your exhale to relax
bring into your awareness
scan your mind and body for any feelings of resentment
let go with your next exhale
drifting deeper into relaxation
to deepen your breath

Empaths Are Stuck In Childhood (THE CURE) - Empaths Are Stuck In Childhood (THE CURE) by
Aaron Doughty 522,462 views 5 months ago 21 minutes - #lawofattraction #spirituality #awakening.
Intro

How to let go of old patterns so that you can finally shift into a new reality
Empaths and people pleasers tend to abandon themselves so they can give value to others
Leadership requires a strong sense of self
The key is to bring your energy back and stop tuning to the environment
We must learn how to individuate and know the difference between self vs. other
It's time to bring your energy back

The 21-Day Confidence Love Challenge Starts October 13th!

You'll learn how to individuate and be the most magnetic version of you

The narcissist focuses on self and the empath focuses on other

The individuation process will transform your life from the inside out

When you individuate, you feel more confident about who you are

Stop abandoning yourself and say yes to who you want to be

You must let go of what other people think and be the star of your own movie

Say yes to what makes you happy and let go of what makes you feel low vibration

Tension is a good thing, it helps you grow and express the real you

Meditation to Calm an Overactive Mind | Reduce Anxiety and Worry | Mindful Movement - Meditation

to Calm an Overactive Mind | Reduce Anxiety and Worry | Mindful Movement by The Mindful

Movement 1,901,207 views 4 years ago 23 minutes - The, idea of being in **the**, present moment

is a powerful one when it comes to anxiety, depression and calming an overactive **mind**,.

narrow your field of view once more to the same single point

start with three deep breaths in through your nose

take these three breaths at your own pace

begin to count your breath

release any remaining tension

become aware of your physical experience with your minds

extend the gap between your thoughts

begin to release your lower legs

release any tightness in your lower back

begin to deepen your breath

The Trouble With Tomboys

THE TOMBOY Pilot B.J. Gilmore is Tommy Creek, Texas's tough tomboy who loves to fly planes and gamble and doesn't give a whip what anyone thinks or says about her—until Grady Rawlings steps into her life. PLUS THE WIDOWER Heir to an oil dynasty, Grady has inner demons to battle. Ever since his wife and unborn child died two and half years ago, he's developed a deep-seated hatred for sympathy and can't handle anyone feeling sorry for him or treating him like some pitiful widower. EQUALS TROUBLE IN TEXAS Grady hires B.J.'s plane service to fly him to Houston for an overnight business trip. While there, she coaxes him into accompanying her to a late dinner, where she decides it's time for him to move on with his life. A month later, she turns up pregnant with his baby, and neither of them is prepared for the chaos that follows.

Playing the Field

Do stolen bases lead to stolen hearts? Tomboy Alex Prince is used to crushing her competitors, but crushing on one? That's another story. Grant King is everything she could want in a boy; popular, handsome, funny and captain of the baseball team. Best of all, he seems to be into her. At least that's what she thinks after their secret almost kiss on the first day of school. Too bad they're about to become rivals . . . Grant King is kicking himself for making his no-girlfriend pledge when he meets sassy transfer student, Alex Prince. Not only is she gorgeous, witty and full of confidence, she's into baseball! She's his dream girl. But she's also the competition! Their budding romance is thrown a curveball when Alex finds out her new high school doesn't have a softball team. If she wants to play, she must compete for a coveted spot on the boys' team, against her would-be crush, Grant King. Love is a battlefield . . . or in their case, a baseball field. Can these unlikely enemies fight their feelings while fighting for a spot on the team, or will they break all the rules for love? A sweet stand-alone high school sports romance. Check out all the books in The Trouble with Tomboy series for the full reading experience. Playing the Enemy - by Maggie Dallen (Book 1) Playing to Win - by Stephanie Street (Book 2) Playing the Field - by Christina Benjamin (Book 3)

Fight Like a Tomboy

Kelly is a tomboy with a chip on her shoulder. He's her worst enemy. Jared Oliver. Just hearing his name makes me want to scream! He thinks he's all that but I know better. He's just an arrogant jerk and I want nothing to do with him. Hopefully, now that we've graduated, I'll never have to see him again. Wrong. Kelly Harris. I've been crushing hard on the super-hot tomboy since the day I met her. To bad she hates my guts. I don't even know what I did to make her feel that way. I'd had an entire school year to change her mind about me and...nothing. She still cringes at the very sight of me. I guess she'll always be the one that got away. Or will she? What happens when Kelly and Jared get thrown together one last time? Can Jared finally prove he's not the jerk Kelly thinks he is? Find out in Fight Like A Tomboy.

Tomboy Trouble

When Georgia, an eight-year-old girl, cuts her hair very short and plays baseball the children in her new school ask her if she's a boy.

Tomboy

Growing up, Liz Prince wasn't a girly girl, but she wasn't exactly one of the guys either (as she learned when her little league baseball coach exiled her to the distant outfield). She was somewhere in between. But with the forces of middle school, high school, parents, friendship, and romance pulling her this way and that, the middle wasn't an easy place to be. Tomboy follows award-winning author and artist Liz Prince through her early years and explores—with humor, honesty, and poignancy—what it means to "be a girl." From staunchly refuting "girliness" to the point of misogyny, to discovering through the punk community that your identity is whatever you make of it, Tomboy offers a sometimes hilarious, sometimes heartbreaking account of self-discovery in modern America.

The Bad Boy and the Tomboy

An irresistible roller coaster of a high school romance, perfect for fans of Beth Reekles and Jenny Han. Macy Anderson is a seventeen-year-old tomboy and captain of her school's soccer team. Sam Cahill is a rich bad boy with a British accent and cocky attitude. Macy tells herself she won't fall for his charm. But as the two get to know each other, and Macy starts uncovering Sam's secrets, she begins to realise keeping that promise to herself is going to be harder than she thought . . .

Are You Enjoying?

"From the high-stakes worlds of television and politics to the intimate corridors of home - including the bedroom - these wryly observed, deeply revealing stories look at life in Pakistan with humor, compassion, psychological acuity, and emotional immediacy."--Provided by publisher.

Tomboys Don't Wear Pink

While navigating the many social hurdles of high school, tomboy Casey Beeler is torn between her long-time crush on Lucas Hargrove and starting the softball team of her dreams; little does Casey

know that Lucas is facing a similar challenge--between his feelings for Casey, baseball and a future at Harvard.

The Pocket Daring Book for Girls

Revisit old favorites and discover even more facts and stories. The perfect pocket book for any girl on a quest for knowledge. Includes New Chapters + the Best Wisdom & Wonder from The Daring Book for Girls

A Fallow Heart

Ten years ago, an oil tycoon's daughter and a farmer's son shared a moment neither would ever forget. When she left town in disgrace, a piece of her stayed locked deep within his soul. And like the ground he tended, his emotions lay fallow for years. Cooper Gerhardt's deeply buried feelings for Jo Ellen Rawlings grew more fertile over time, just waiting for the day she would return to release his deepest desires. When she strolls back into Tommy Creek, Texas for her ten-year class reunion, Cooper shows her farm boy style exactly what she missed by leaving. Starting a short-term affair is simply unavoidable. But when the week is over, can either of them let go of the responsibilities and apprehensions keeping them apart? Or will their fallow hearts learn to flourish together?

Betting Hearts

Cassandra Bishop's boyfriend is back. And this time, it's war. Hardcore tomboy Cass had thought she'd seen the last of her miserable excuse for an ex when he left her at the altar. But he's come back to their hometown, new "perfect" fiancée in tow, determined to show the world Cass was never woman enough for him. Never one to turn away from a fight, Cass is willing to do whatever it takes to prove to everyone—including herself—that she's more woman than they can handle. The only problem...she has no idea where to start! Burke Hallifax's worst nightmare has somehow come true. His best friend wants him to see her as a real female, something Burke has spent a lifetime specifically avoiding. On the other hand, he's also spent years getting rid of the no-good, worthless, faithless waste of space that was her high school sweetheart. The last thing he's willing to do is watch Cass turn herself inside out again for a jerk who wasn't worth her spit, which means going all-in to help Cass win her bet, even if it means seeing her in a whole new light. Anything to keep her from falling back in love with the wrong guy... Now the entire town is betting as well—on whether Burke and Cass can pull off the makeover of the century...without falling in love. Book One of the Rancho del Cielo Romance series—now with a brand new epilogue!

Us at the Beach

Girl+Boy+Hide and seek with siblings=Kiss in the dark? Blythe was shy. So, when hottie Walker started paying attention to her while their families were on vacation together? She chalked it up to being the only girl their age around. For Walker, finding dates was easy. But a girlfriend who appreciated him for more than his good looks and athletic prowess? That was rare. When things heat up as the two are thrown together babysitting their younger siblings, Blythe can't help getting her hopes up. But what will happen when they aren't on vacation anymore and school starts in the fall? Can what started on the beach survive Blythe's insecurities and Walker's popularity? Find out in US at the BEACH.

White Fragility

The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine Anger. Fear. Guilt. Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racist is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold

abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better' David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson

The Day The Crayons Quit

Debut author Drew Daywalt and international bestseller Oliver Jeffers team up to create a colourful solution to a crayon-based crisis in this playful, imaginative story that will have children laughing and playing with their crayons in a whole new way.

Miette

It is well-known that US culture is a dominant force and a world-wide phenomenon. But it is possible that its most troubling export has yet to be accounted for? America has been the world leader in generating new mental health treatments and modern theories: it exports psychopharmaceuticals and categorises disorders, thereby defining mental illness and health. The outcome of these efforts is just now coming to light: it turns out that the US has not only been changing the way the world talks about and treats mental illness -- it has been changing the mental illnesses themselves. Watters travels from China to Tanzania to bring home the unsettling conclusion that the virus is the US: as Americanized ways of treating mental illnesses are introduced, they are in fact spreading the diseases and shaping, if not creating, the mental illnesses of our time.

Crazy Like Us

We are in the middle of a cultural revolution, where the spectrum of gender and sexual identities is seemingly unlimited. So when author and journalist Lisa Selin Davis's six-year-old daughter first called herself a "tomboy," Davis was hesitant. Her child favored sweatpants and T-shirts over anything pink or princess-themed, just like the sporty, skinned-kneed girls Davis had played with as a kid. But "tomboy" seemed like an outdated word-why use a word with "boy" in it for such girls at all? So was it outdated? In an era where some are throwing elaborate gender reveal parties and others are embracing they/them pronouns, Davis set out to answer that question, and to find out where tomboys fit into our changing understandings of gender. In *Tomboy*, Davis explores the evolution of tomboyism from a Victorian ideal to a twentyfirst century fashion statement, honoring the girls and women-and those who identify otherwise- who stomp all over archaic gender norms. She highlights the forces that have shifted what we think of as masculine and feminine, delving into everything from clothing to psychology, history to neuroscience, and the connection between tomboyism, gender identity, and sexuality. Above all else, Davis's comprehensive deep-dive inspires us to better appreciate those who defy traditional gender boundaries, and the incredible people they become. Whether you're a grown-up tomboy or raising a gender-rebel of your own, *Tomboy* is the perfect companion for navigating our cultural shift. It is a celebration of both diversity and those who dare to be different, ultimately revealing how gender nonconformity is a gift.

Tomboy

Geneva Sommers, a young orphan girl on a quest to know who she is, has always wished for a different life. With the help of her fellow outcast friends, Geneva plans to escape the orphanage to uncover the truth and save her island. But first, she must learn to master her newly acquired magic powers.

Geneva Sommers and the Quest for Truth

Mental disorders arise from neural and psychological mechanisms that have been built and shaped by natural selection across our evolutionary history. Looking at psychopathology through the lens of evolution is the only way to understand the deeper nature of mental disorders and turn a mass of behavioral, genetic, and neurobiological findings into a coherent, theoretically grounded discipline. The rise of evolutionary psychopathology is part of an exciting scientific movement in psychology and medicine -- a movement that is fundamentally transforming the way we think about health and disease. *Evolutionary Psychopathology* takes steps toward a unified approach to psychopathology, using the

concepts of life history theory -- a biological account of how individual differences in development, physiology and behavior arise from tradeoffs in survival and reproduction -- to build an integrative framework for mental disorders. This book reviews existing evolutionary models of specific conditions and connects them in a broader perspective, with the goal of explaining the large-scale patterns of risk and comorbidity that characterize psychopathology. Using the life history framework allows for a seamless integration of mental disorders with normative individual differences in personality and cognition, and offers new conceptual tools for the analysis of developmental, genetic, and neurobiological data. The concepts presented in *Evolutionary Psychopathology* are used to derive a new taxonomy of mental disorders, the Fast-Slow-Defense (FSD) model. The FSD model is the first classification system explicitly based on evolutionary concepts, a biologically grounded alternative to transdiagnostic models. The book reviews a wide range of common mental disorders, discusses their classification in the FSD model, and identifies functional subtypes within existing diagnostic categories.

Evolutionary Psychopathology

Masculinity without men. In *Female Masculinity* Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years. Providing the first full-length study on this subject, Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth-century pre-lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. She rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity. She considers the enigma of the stone butch and the politics surrounding butch/femme roles within lesbian communities. She also explores issues of transsexuality among "transgender dykes"--lesbians who pass as men--and female-to-male transsexuals who may find the label of "lesbian" a temporary refuge. Halberstam also tackles such topics as women and boxing, butches in Hollywood and independent cinema, and the phenomenon of male impersonators. *Female Masculinity* signals a new understanding of masculine behaviors and identities, and a new direction in interdisciplinary queer scholarship. Illustrated with nearly forty photographs, including portraits, film stills, and drag king performance shots, this book provides an extensive record of the wide range of female masculinities. And as Halberstam clearly demonstrates, female masculinity is not some bad imitation of virility, but a lively and dramatic staging of hybrid and minority genders.

Female Masculinity

'Shoot all the bluejays you want, if you can hit 'em, but remember it's a sin to kill a mockingbird' Meet Scout, the narrator of this book. Her story is one of Deep South summers, fights at school and playing in the street. The spooky house of her mysterious neighbour, Boo Radley, sags dark and forbidding nearby. Her brother, Jem, and her friend, Dill, want to make Boo come outside. Her story is about justice. When Scout's father, a lawyer, agrees to defend a black man against an accusation by a white girl, he must battle the prejudice of the whole town. It's about imagination - not just the kind you need for childhood games. Because you never really know a man until you stand in his shoes and walk around in them. Vintage Children's Classics is a twenty-first century classics list aimed at 8-12 year olds and the adults in their lives. Discover timeless favourites from *The Jungle Book* and *Alice's Adventures in Wonderland* to modern classics such as *The Boy in the Striped Pyjamas* and *The Curious Incident of the Dog in the Night-Time*.

To Kill a Mockingbird

For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. *Why Evolution is True* weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

Why Evolution is True

Heavy-duty disappearing techniques for those with a need to know. This book tells you how to pull off a disappearance and how to stay free and never be found. It analyzes all the ways you could be found by whoever might be looking for you. How to plan & new I. D. for disappearance. Even Pseudocide to make your pursuers think you are dead.

How to Disappear Completely and Never Be Found

Enjoy three full-length YA romantic comedies filled with first loves, swoony kisses, and forbidden crushes... Follow best friends Margo, Suzie, and Matt as they inadvertently start a war within their school. It's the cool kids versus the geeks once the hashtag #GeeksGoneWild starts trending. Along the way they discover that not every friend can be trusted and not all enemies are as bad as they seem. But most of all, they find that love can come along when you least expect it.

Geeks Gone Wild Series

Follows the humorous adventures of ten-year-old Darcy and her friends and family.

Darcy Burdock

'Messed-up families, scandalous love affairs, art, life, death and the great state of Florida in one delicious, darkly funny package. Kristen Arnett is a wickedly talented and a wholly original voice' Jami Attenberg What does it take to come back to life? In the wake of her father's suicide, Jessa-Lynn Morton has stepped up to manage his failing taxidermy business while the rest of the Morton family falls apart. Her mother starts sneaking into the shop to make alarming art with stuffed animals; and while her brother Milo withdraws, his wife, Brynn - the only person Jessa's ever been in love with - leaves home without a word. A string of unexpected incidents opens up the chance for the Mortons to mend: can they piece themselves together again? Kristen Arnett's breakout debut is a darkly funny family portrait; a peculiar, bighearted look at love and loss and the ways we live through them together. 'This book is my song of the summer' Parul Seghal, New York Times 'Wonderful' Esmé Weijun Wang, Guardian 'Explores love, loss and death and is guaranteed to keep you gripped throughout' Mirror 'The writing is subtle and meditative, with the tactile weight of dense fur' New Yorker

Mostly Dead Things

It's all about taking risks and chasing your dreams in Stephanie Street's debut novel, *The Perks of Dating You*. Tomboy Allie Brown is in love with her best friend. What a cliché. Maybe she should just tell him how she feels. Yeah, and risk losing him forever? No. Way. Popular quarterback, Connor Sanders has learned to keep Allie at arm's length. Just friends is better than nothing. Right? When rumors start to spread about their friendship, Connor thinks, What the heck? Maybe they should take the whole relationship thing for a test drive. Sparks fly and the two friends wonder if they can ever go back. Do they even want to? *This book is for anyone who loves a sweet friends to lovers romance.

The Perks of Dating You (Perks Book 1)

Through detailed studies, this collection of writings by academics and activists explores the emergence of contemporary lesbian and butch/femme relationships and communities throughout Asia and their location within the context of nationalist struggles, religious fundamentalism, state gender regimes and global queer movements.

Women's Sexualities and Masculinities in a Globalizing Asia

"A remarkably well-researched and accomplished book." —The New York Times Book Review "A wrenching, riveting book." —Chicago Tribune In this deeply moving and myth-shattering work, Ann Fessler brings out into the open for the first time the astonishing untold history of the million and a half women who surrendered children for adoption due to enormous family and social pressure in the decades before *Roe v. Wade*. An adoptee who was herself surrendered during those years and recently made contact with her mother, Ann Fessler brilliantly brings to life the voices of more than a hundred women, as well as the spirit of those times, allowing the women to tell their stories in gripping and intimate detail.

The Girls Who Went Away

Nominated for the 2019 Singapore Book Awards, Best Children's Picture Book In the 1800s, a girl named Agnes Joaquim was passionate about plants. She even learned to grow cool-weather European vegetables in the tropical heat of Singapore. As she grew up, she collected many prizes for her plants. One day, after many trials and difficulty, she created a brand-new orchid. She showed it to an orchid expert named Henry Ridley, who officially named the flower the Vanda Miss Joaquim. This is the story of how one woman's ingenuity and determination created a flower that became world famous...and Singapore's National Flower in 1981. "Agnes and Her Amazing Orchid chronicles the remarkable journey of a brilliant horticulturist. An excellent introduction to our national flower, this wonderful book also provides a glimpse into the orchid breeding process. Singapore has a rich heritage in orchid cultivation, being one of the leading orchid hybridisation centres in the world. I hope this engaging story will inspire an interest in horticulture and botany amongst our children." —Kenneth Er, CEO of National Parks Board "A remarkable story of Agnes Joaquim's passion for horticulture, whose interest in breeding orchids led her to become the first woman to breed a hybrid orchid – Singapore's national flower the Vanda Miss Joaquim. Her story inspires us all to pursue our dreams." —Rosa Daniel, Deputy Secretary (Culture) Ministry of Culture, Community and Youth

Agnes and Her Amazing Orchid

Poems to inspire and invigorate young black girls.

Poems for the Smart, Spunky, and Sensational Black Girl

With delicacy of perception and memory, humour and pathos, Carson McCullers spreads before us the three phases of a weekend crisis in the life of a motherless twelve-year-old girl. Within the span of a few hours, the irresistible, hoydenish Frankie passionately plays out her fantasies at her elder brother's wedding. Through a perilous skylight we look into the mind of a child torn between her yearning to belong and the urge to run away.

The Member of the Wedding

This guide for emerging and current practitioners, as well as LGBTI individuals, combines theory, research and practice to help readers become effective counselors. Students and clinicians will gain relevant and up-to-date knowledge about LGBTI clients and prepare them for practice in an increasingly global landscape, the author explores cultural differences around the world and discusses how LGBTI identifies change from region to region. Counseling LGBTI Clients challenges and changes beliefs about and attitudes toward each LGBTI subgroup, while preparing practitioners to provide sensitive, informed, and effective affirmative counseling to this largely misunderstood population.

Counseling LGBTI Clients

"Despite the progress of the women's movement, many women still feel silenced in their families and schools. This moving and insightful bestseller, based on in-depth interviews with 135 women, explains"

Women's Ways of Knowing

A girl, her best friend's twin brother, and a crush that's gone on way too long. Dannika Harper has had a crush on her best friend's brother for almost a decade. It was time to cut her losses and move on. At least, that's what she tried to tell herself. If only she had one chance, one shot, to show Luke she was the perfect girl for him. Luke never planned to kiss his sister's best friend. But one high school party and a kissing game later, that's exactly what happened. Still, it didn't mean anything, right? Besides, he had a plan to get back his ex-girlfriend, that plan did not include falling for Dannika. But when plans go awry and Luke and Dannika end up thrown together for one epic night, can they really deny what's happening between them? Find out what happens in Dating: For the Assist Eastridge Heights Basketball Players Book 4. **Dating: For the Assist includes an extended epilogue, Chapters 17 through 29, which delves into what happens to all your favorite basketball players and the girls they love AFTER graduation. You won't want to miss it!!**

Dating

Trapped on a flood ravaged island full of orphans, natives and wealthy citizens of the prosperous city Lux, a young girl named Geneva finds herself enslaved at an orphanage with no future and a past she can't remember. That all changes when she meets someone who promises her that there's more in

store for her than she ever could have imagined. Her once dull life rapidly spirals out of control as she starts to acquire new magical powers that may be the key to unlocking an ancient legend along with her true identity. But first she must master these powers, all while trying to keep them secret from her friends and the evil head mistress at the orphanage. Before she knows it, Geneva is in over her head and has inadvertently wrapped her friends into her web of magic and lies and now all of their lives hang in the balance once the head mistress finds out her plan to prove that the legend of Lux may not be a legend at all! Who will Geneva trust and how far will she go to save her friends and find out her true identity?

The Geneva Project - Truth

Following a foreboding clue, Zack and Laura search for a cellar in Zack's new house and discover a machine that causes a lot of trouble.

Don't Go in the Cellar

Wearing pink and tiptoeing through the dewdrops is for wimps! Emmelina would rather play with her friends, the frogs. But can a fairy with an independent streak earn her wings if she goes against the fairy code? Warm, humorous, and with just the right amount of pink (and mud), here's a book that will capture the hearts of girly-girls and tomboys alike.

The Mud Fairy

A fun, friendly story about a misplaced ghost from the Titanic and a boy who needs help with his history homework.

The Ghost in the Bath

Falling for a friend is a bad idea. Falling for your best friend, well, that's the worst idea in the world. My best friend Cole Reed is that guy at our high school. Popular. Smart. Completely unattainable and clueless to these dangerous feelings I've been harboring for him. He's also making it dang near impossible to ignore him these days. When our senior ski trip arrives, I think it's the perfect opportunity to branch out. Too bad I end up couch-bound with a sprained ankle. What could have spelled disaster turns into a happy ending when I meet a handsome stranger from another school. But now all of a sudden Cole seems annoyed with my every move. Even worse, his jock friend, Ian is on my case more than usual. This whole dating thing has heart hazard written all over it. This is a clean-ish standalone novel. Expect some swearing and teenage stupid decisions.
