Wisdom Quotes And Life Lessons

The Apology of Socrates was written by Plato. In fact, it's a defensive speech of Socrates that he said in a court noted down by Plato. The main subject of the speech is a problem of the evil. Socrates insists that neither death nor death sentence is evil. We shouldn't be afraid of the death because we don't know anything about it. Socrates proved that the death shouldn't be taken as the evil with the following dilemma: the death is either a peace or a transit from this life to the next. Both can't be called evil. Consequently, the death shouldn't be treated as evil.

365 Days of Friendship

A splendid new translation of one of the greatest books on friendship ever written In a world where social media, online relationships, and relentless self-absorption threaten the very idea of deep and lasting friendships, the search for true friends is more important than ever. In this short book, which is one of the greatest ever written on the subject, the famous Roman politician and philosopher Cicero offers a compelling guide to finding, keeping, and appreciating friends. With wit and wisdom, Cicero shows us not only how to build friendships but also why they must be a key part of our lives. For, as Cicero says, life without friends is not worth living. Filled with timeless advice and insights, Cicero's heartfelt and moving classic—written in 44 BC and originally titled *De Amicitia*—has inspired readers for more than two thousand years, from St. Augustine and Dante to Thomas Jefferson and John Adams. Presented

here in a lively new translation with the original Latin on facing pages and an inviting introduction, *How to Be a Friend* explores how to choose the right friends, how to avoid the pitfalls of friendship, and how to live with friends in good times and bad. Cicero also praises what he sees as the deepest kind of friendship—one in which two people find in each other “another self” or a kindred soul. An honest and eloquent guide to finding and treasuring true friends, *How to Be a Friend* speaks as powerfully today as when it was first written.

How to Be a Friend

Miscellaneous thoughts and insights on life that come to me when I am alone gazing at the starry sky at night, walking by the sea, through the wood, watching people at a party, going to the market, by a chance encounter or when my sleep fails me. It's an intimate conversation with myself , trying to make sense of anything my mind is brought to think about as I plunge deep inside the farthest corners of my mind looking for that evasive Truth which the wizards of old have tried to capture in vain.

The Great Pearl of Wisdom

I accepted Jesus Christ as my personal Lord and Savior on January 13, 1986. Since that life-changing day, I have heard, read about and observed many spiritual struggles in Christians lives, including Christian leaders, such as pastors, evangelists, missionaries, deacons, teachers, elders, administrators, and bishops. I feel strongly in my spirit that many are grieving the Holy Spirit in more ways than one, and I am no exception. The list of how we are grieving the Spirit is exhaustive; however, I will mention some key areas where we have been failing consistently: 1. Not loving God as we ought 2. Not fearing God as we ought 3. Turning God into a God of Convenience 4. Not reading the Word (Bible) daily 5. Failing to pray for self and others 6. Breaking promises 7. Not tithing regularly 8. Being a false witness 9. Choosing to be selfish and self-centered 10. Not being thankful and not showing appreciation 11. Taking God and others for granted 12. Presenting ourselves as holy and righteous 13. Judging others constantly 14. Entertaining and encouraging gossip 15. Not practicing humility The Holy Spirit inspired me to write this book first to myself as an eye-opening experience. Yet, I realize I am not the only one dealing with the issues mentioned above. Millions of people may be experiencing the same things I have been facing. Therefore, let us learn to be patient, kind, tolerant, and understanding of one another, and instead of judging one another in an ungodly manner, let us learn to appreciate, respect, and accept each other, despite our disagreements and differences. With that in mind, consider the following Scripture Verse from the New Testament: "And do not grieve the Holy Spirit of God, by whom you were sealed for the day of redemption" (Ephesians 4:30). Thank You and God Bless.

Bear Your Cross & Wear Your Crown

Toro's debut novel offers a divine love story that takes one man back and forth between the Northeast and Midwest. When Michael leaves New York City and returns to Ohio, where he grew up, his life is a shambles. His ex-wife allows him to stay with her as he gets back on his feet, but their relationship

remains broken. However, God intervenes in Michael's life, starting with a miracle that cures his chronic anxiety. Michael then has a vision and falls in love with a girl he's never met and feels prompted by God to woo her. A series of small miracles occurs to assist him; for example, he sends her a photograph of an angel statue that unintentionally includes the digits of his phone number. The path to love is not without trials, and Michael, his ex-wife and his new love interest must go through a healing process before they can find happy endings. Toro tells the story using a rhythmic, poetic style, giving the novel a dreamlike quality that compliments its romantic elements. This style does have its limitations, however; although the book's prayers and dialogue have a pleasant ring, they don't necessarily resemble natural speech. One prayer reads, in part, "I'd like for this ride to end...to put an end to this terrible spin, and start me anew on who you're willing to send...a normal but blessed love about to begin." Some plot details are so finely woven into the prose that casual readers may miss key information. Overall, Michael does a great deal of praying and reflecting--a narrative choice that benefits from the work's rhythmic style--creating a story that focuses more on emotion than action. A marriage of poetry and prose for fans of inspirational and romantic fiction. -- Kirkus Reviews

Artful Words

Wake up, educators! Move beyond conveying information, beyond the classroom, to transforming the soul. Long description: The time has come for a new GPS in education. The goal is no longer to teach a good class, to convey information or even to have the students enjoy the learning. Soulful education is about enabling another—child, adolescent, adult—to discover how to become his or her best self through learning. In this bold revisioning of effective education, renowned educator Rabbi Aryeh Ben David recalibrates the focus of teaching from the acquisition of knowledge to the transformation of the soul. He presents six steps to help educators of all kinds teach to the heart, engage students in knowledge gathering without preaching or controlling, and enable students to authentically and personally integrate Jewish wisdom into their lives. He offers guidance for how teachers can share their own vulnerabilities and yearnings to become a better force of harmony to help students gain new clarity on their own infinite potential for positive change. This is the essential guidebook for everyone from educators and rabbis to parents and grandparents—anyone working in formal or informal education, whether for children, teens, emerging adults, adults or seniors.

Becoming a Soulful Educator

Midnight_Muse/Venerated Verse a collection of poems by Betty Bownath, is a kind of Dantean exploration into the deepest recesses of the human spirit and like Dante, she emerges into light after harrowing experiences of the earthly kind. The longest poem, On the Cusp of Rebirth, is an ambitious trek of one persons struggle with life and all that it throws at us. This is not a collection of cloying saccharine sweetness, but neither is it a reflection of defeatism in the face of adversity. In fact what comes through is an honest look at ourselves and those with whom we surround ourselves; and what emerges is a portrait of ordinary lives on singular journeys. Some of the poems are whimsical observations of people in the routines of simple life experiences. These are poems that show an acutely observant eye for the ordinary and the spectacular. Trevor Lauten (Literary Critic and Proofreader) Hong Kong With the best words in the best order, Bownath tugs at our emotions in a poetry landscape vividly populated with familiar blooms of love, loss, friendship and family. Her poems reveal a solitary intimacy with the self, a love of life and a deep understanding of the human psyche. Lesley Shepherd Author: Shakespeares Global Sevens (New Zealand) Bownaths poems convey the tender depth of a modern woman transient in world cities evoking the question of home in poems like Reflection and If Wishes Were Horses. She explores the deep emotions of pain, parting, loss, and sleepless nightmares in Escape and Revelation. Her poems are skilfully balanced between light and dark, the light-heartedness of Spring juxtaposed with a love-hate musing on Rain. Through firsthand research and personal relationships, Suzanne Woods Fisher has collected more than 400 proverbs that uncover the rich heritage, folklore, faith, values, history, and essence of the Plain People. These proverbs serve as teaching tools and maxims for practical living--but they're not just for the Amish. They're for anyone who seeks God's wisdom and truth for everyday circumstances. Ranging from the simple to the profound, from the serious to the humorous, these sayings will stick with you through life's joys and sorrows. This expanded edition of Amish Proverbs includes more than 200 additional proverbs, giving readers more of the wit and wisdom they crave.

Mary Engelbreit knows that life truly has no greater blessing than a good friend. In the third book in this new quote-book series, Mary looks at the subject of friendship, collecting pearls of wisdom from scripture, literature, and folklore. Along with these immortal words of others, you'll find Mary's most famous friendship illustrations. With such classic drawings such as "We Have Been Friends Together in Sunshine and in Shade," and Longfellow's "Ah! How Good It Feels, the Hand of an Old Friend," Mary Engelbreit captures the essence of friendship knowing, better than any other contemporary illustrator, that it is "our friends who make our world." Other Book in the Series: Words to Live By (Spring 1999) Words for Mothers to Live By (Spring 2000)
