Rearrangement of given sentences without pictures The students learn to think about a story in a logical sequence of events. They learn to rearrange the given sentences according to what they think is correct and logical. • Picture comprehension, guided by questions and helping words The exercises aim to teach students to think about a topic, theme or subject before writing. Helping words are given to help them express themselves better. Picture comprehension, without questions but with helping words The exercises encourage free response and writing. Given a theme, the students can write about their own experiences or make up an interesting story. Helping words are given to help them express themselves better. Imaginative writing Given a theme, the students will be asked several questions. They can use their imagination to answer the questions. These exercises enable them to be creative and to express their ideas freely.
