Gene Hackman (b. 1930) has been described as the best actor of his generation. During almost half a century as an American film, television and stage actor, film producer and author, he was nominated for five Academy Awards, winning the Best Actor for *The French Connection* (1971) and the Best Supporting Actor for *Unforgiven* (1992), as well as three Golden Globes and two BAFTAs. This study examines his film work in detail, with a filmography/videography included.

Gene Hackman

A longtime industry insider and acclaimed Hollywood historian goes behind the scenes to tell the stories of 15 of the most spectacular movie megaflops of the past 50 years, such as *Cleopatra*, *The Cotton Club*, and *Waterworld*. He recounts, in every gory detail, how enormous hubris, unbridled ambition,

artistic hauteur, and bad business sense on the parts of Tinsel Town wheeler-dealers and superstars such as Elizabeth Taylor, Clint Eastwood, and Francis Ford Coppola, conspired to engender some of the worst films ever.

Fiasco

Many Broadway stars appeared in Hollywood cinema from its earliest days. Some were 19th century stage idols who reprised famous roles on film as early as 1894. One was born as early as 1829. Another was cast in the performance during which Abraham Lincoln was assassinated. One took her stage name from her native state. Some modern-day stars also began their careers on Broadway before appearing in films. This book details the careers of 300 performers who went from stage to screen in all genres of film. A few made only a single movie, others hundreds. Each entry includes highlights of the performer's career, a list of stage appearances and a filmography.

Facing an economic crisis in the 1980s, Hollywood moved to control the markets of videotape, pay-cable and pay-per-view. This volume examines the transformation that took the industry from the production of theatrical film to media software.

Certain lines define a movie. Marlene Dietrich in *Morocco*: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in *I'm No Angel*: "I'm very quick in a slow way." Jane Fonda in *California Suite*: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

Take One's Essential Guide to Canadian Film

Off Somewhere, Z.Z. Boone's debut story collection, is populated by characters who seek recognition and empowerment in a world that has suddenly become baffling. The tone of these eighteen stories ranges from a humorous account of a young student obsessed with an unobtainable fast-food worker, to a cartoonist forced to face the fact that brotherly hatred runs deeper than brotherly love, to a young woman hoping a homemade cake will keep her parents' marriage intact. The characters are, for the most part, ordinary people driven to exceptional actions.

Film Quotations

Whether contending with nihilists, botching a kidnapping pay-off, watching as his beloved rug is micturated upon, or simply bowling and drinking Caucasians, the Dude—or El Duderino if you're not into the whole brevity thing—abides. As embodied by Jeff Bridges, the main character of the 1998 Coen brothers' film *The Big Lebowski* is a modern hero who has inspired festivals, burlesque interpretations, and even a religion (Dudeism). Film author and curator Jenny M. Jones tells the full story of the Dude, from how the Coen brothers came up with the idea for a modern LA noir to never-been-told anecdotes about the film's production, its critical and commercial reception, and, finally, how it came to be such an international cult hit. Achievers, as *Lebowski* fans call themselves, will discover many hidden truths, including why it is that Walter Sobchak (John Goodman) is so obsessed with Vietnam, what makes Theodore Donald "Donny" Kerabatsos (Steve Buscemi) so confused all the time, how the film defies genre, and what unexpected surprise Bridges got during filming of the *Gutterballs* dream sequence. (Hint: it involved curly wigs and a gurney.) Interspersed throughout are sidebars, interviews with members of the film's cast and crew, scene breakdowns, guest essays by prominent experts on *Lebowski* language, music, filmmaking techniques, and more, and hundreds of photographs—including many of artwork inspired by the film.

The Encyclopedia of Film

Imagine that your birth mother gave you away to her own mother and then maintained a strict distance from you. How would you feel? Amber, 24, is trying to salvage a sense of who she is from personal remnants she has collected from those who form a part of her life. Set in Saskatoon, Saskatchewan, the novel begins in the now, with Amber pulling from her closet her box of treasures, those bits that constitute her life thus far.

Sports in America from Colonial Times to the Twenty-First Century: An Encyclopedia

"Although sport psychology did not fully mature as a recognized discipline until the 1960s, pioneering psychologists in the late nineteenth and early twentieth centuries, making greater use of empirical research methodologies, sought to understand mental factors that affect athletic performance. Though the psychologists behind the studies described here worked independently of one another and charted their own distinct courses of inquiry, their works, taken together, provided the corpus of precedents and foundations on which the modern field of sport psychology was built. The essays collected in this volume tell the stories not only of these psychologists and their subjects but of the social and academic context that surrounded them, shaping and being shaped by their ideas"--Provided by publisher.

One of hockey's most colourful characters, from hockey's most colourful era, tells all Gilles Gratton was not a typical pro hockey player. He refused to don his equipment and man his net if the planets were not properly aligned. He skated naked at practice. He created one of hockey's most famous goalie masks based on his astrological sign. He fought with coaches and management, speaking his mind to his detriment. Sex, drugs, and rock 'n' roll ruled his life, not stopping pucks. Truthfully? He never really wanted to be an NHL goaltender; he wanted to be Tibetan monk. And so, he quit hockey to seek enlightenment. Now, in his autobiography, Gratton teams up with author Greg Oliver to tell his wild and at times, yes, loony story: from his early days in Montreal, where his brother Norm Gratton became an NHL player, too; through his stints with the OHA's Oshawa Generals, the Ottawa Nationals and Toronto Toros of the rogue WHA, and the St. Louis Blues and New York Rangers in the NHL.

Puckface Rides Rangers Dark Horse Into the Playoffs

An Original Six NHL member, the Broadway Blueshirts boast one of the most renowned histories in the last hundred years of North American professional hockey. With the New York Rangers returning to the Stanley Cup Final for the first time in twenty years in the 2013-2014 season, their presence is more prominent than ever. In this newly updated edition of New York Rangers: Greatest Moments and Players, first published in 2007, hockey's premier historian recounts all of the Rangers' luminaries such as Andy Bathgate, Brian Leetch, and current goaltender Henrik Lundqvist, as well as their most telling moments on the ice. Throughout the years, Stan Fischler, a Manhattanite of almost half a century, has covered both the Blueshirts' highs and lows. Regarded as the dean of American hockey journalists,

he has been covering the sport for sixty years, and has been following the Rangers even longer. With over ninety books on hockey published to date, there is nobody better to narrate the history of one of hockey's most celebrated clubs, the New York Rangers, than Stan Fischler. Skyhorse Publishing, as well as our Sports Publishing imprint, are proud to publish a broad range of books for readers interested in sports--books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. Gratoony the Loony

This book is a tribute to the rivalry the New York Rangers had with the Boston Bruins during the decade that Emile Francis ran the club. Growing up, these two teams are what defined hockey for me and the team was not simply a city or a sweater or a jersey, it was the players. As Mr. Francis himself told me, "Every time we played it was a war. That was the greatest rivalry I've ever seen." I wrote this book for the fans of both teams, hoping that it would bring back some great memories from a time when the game was a lot different than it is today.

We Did Everything But Win: An Oral History of the Emile Francis Era New York Rangers (1964–1976) is an entertaining account of one of the most exciting and unforgettable periods in the history of the Broadway Blueshirts as told by Francis as well as several of his players. George Grimm chronicles each season of the Francis era when "The Cat" transformed them from perennial league doormats to a team that made it to the Stanley Cup playoffs for nine consecutive seasons, including a Finals appearance in 1972. There are also chapters detailing Emile's playing career and his hiring as general manager as well as the aftermath of his dismissal and an analysis of his tenure behind the bench and as GM. It was during those years that the National Hockey League doubled in size and the Rangers moved into a brand-new Madison Square Garden. As the popularity of the National Hockey League skyrocketed, who could forget the Rangers' battles on the ice with Boston's Big Bad Bruins and Philadelphia's Broad Street Bullies and showdowns with the Montreal Canadiens and Chicago Black Hawks? All the great moments are here including a heart-stopping, triple-overtime victory in the 1971 playoffs and Vic Hadfield's 50th goal the following season. *We Did Everything But Win* is a tribute to the Rangers of that era; Jacques Plante and Marcel Paille, Eddie Giacomin and Gilles Villemure, Harry Howell and Jim "The Chief" Neilson, "The Old Smoothies," the "G-A-G Line," and the "Bulldog Line." It's the story of colorful players with nicknames like "Boomer," "Stemmer," and "Sarge" and fan favorites such as Brad Park, Rod Gilbert, Jean Ratelle, Walt Tkaczuk. It's all here—the highs and the lows, the inspiring victories, the devastating losses, and the funny moments along the way.

The Rangers, The Bruins, And The End of an Era

During the Twenties, the Great White Way roared with nearly 300 book musicals. Luminaries who wrote for Broadway during this decade included Irving Berlin, George M. Cohan, Rudolf Friml, George Gershwin, Oscar Hammerstein II, Lorenz Hart, Jerome Kern, Cole Porter, Richard Rodgers, Sigmund Romberg, and Vincent Youmans, and the era's stars included Eddie Cantor, Al Jolson, Ruby Keeler, and Marilyn Miller. Light-hearted Cinderella musicals dominated these years with such hits as Kern's long-running *Sally*, along with romantic operettas that dealt with princes and princesses in disguise. Plots about bootleggers and Prohibition abounded, but there were also serious musicals, including Kern and Hammerstein's masterpiece *Show Boat*. In *The Complete Book of 1920s Broadway Musicals*, Dan Dietz examines in detail every book musical that opened on Broadway during the years 1920-1929. The book discusses the era's major successes as well as its forgotten failures. The hits include *A Connecticut Yankee*; *Hit the Deck!*; *No, No, Nanette*; *Rose-Marie*; *Show Boat*; *The Student Prince*; *The Vagabond King*; and *Whoopee*, as well as ambitious failures, including *Deep River*; *Rainbow*; and Rodgers' daring *Chee-Chee*. Each entry contains the following information: Plot summary Cast members Names of creative personnel, including book writers, lyricists, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Plot summary Critical

commentary Musical numbers and names of the performers who introduced the songs Production data, including information about tryouts Source material Details about London productions Besides separate entries for each production, the book offers numerous appendixes, including ones which cover other shows produced during the decade (revues, plays with music, miscellaneous musical presentations, and a selected list of pre-Broadway closings). Other appendixes include a discography, filmography, a list of published scripts, and a list of black-themed musicals. This book contains a wealth of information and provides a comprehensive view of each show. The Complete Book of 1920s Broadway Musicals will be of use to scholars, historians, and casual fans of one of the greatest decades in the history of musical theatre.

We Did Everything But Win

"The definitive story" (Tyler Kepner, The New York Times baseball columnist) of Yankees slugger Aaron Judge's incredible, unparalleled run to break Roger Maris's home run record and the franchise both men called home. Aaron Judge, the hulking superman who carried an easy aw-shucks demeanor from small-town California to stardom in the Big Apple, had long established his place as one of baseball's most intimidating power hitters. Baseballs frequently rocketed off his bat like cannon fire, dispatching heat-seeking missiles toward the "Judge's Chambers" seating area in right field, sending delirious fans scattering for souvenirs. But even in a high-tech universe where computers measure each swing to the nth degree, Roger Maris's American League mark of sixty-one home runs seemed largely out of reach. It had been more than a decade since baseball wiped clean the stains of its performance-enhanced era, in which cartoonish sluggers Mark McGwire, Sammy Sosa, and Barry Bonds made a mockery of the record book. Given a more level playing field against pitchers sporting hellacious arsenals unlike anything Babe Ruth or Maris could have imagined, only an exceptional talent could even consider making a run at sixty-one homers. Judge, who placed the bet of his life by turning down a \$213.5 million extension on the eve of the regular season, promised to rise to the challenge. "In the most thorough telling yet of an all-time-great Yankees performance" (Jeff Passan, New York Times bestselling author), veteran Yankees beat reporter Bryan Hoch unravels the remarkable journey of Judge's run to shatter Maris's beloved sixty-one-year-old record. In-depth, inspiring, and with an expert's insight, 62 also investigates the more significant questions raised in a season unlike any other, including how—and where—Judge will deliver his encore.

What do Alexi Kovalev, Ted Irvine, and Mike Rogers all have in common? They all wore number 27 for the New York Rangers. Current team captain Ryan McDonagh joined their ranks when he became a Ranger in 2010. Since the Rangers first adopted uniform numbers in 1926, the team has handed out only 83 numbers to more than 1,000 players. That's a lot of overlap. It also makes for a lot of good stories. New York Rangers by the Numbers tells those stories for every Ranger since '26, from Clarence Abel to Mats Zuccarello. This book lists the players alphabetically and by number; these biographies help trace the history of one of hockey's oldest and most beloved teams in a new way. For Rangers fans, anyone who ever wore the uniform is like family. New York Rangers by the Numbers reintroduces readers to some of their long-lost ancestors, even those they think they already know.

Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.
