American Book Publishing Record

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Library Journal

If you love crocheting socks, you will love this book. Book includes 12 patterns all using Premier Yarns Deborah Norville Serenity Sock and Serenity Garden Sock yarns. Someone who has never crocheted socks before could pick up this book and easily be making socks the same day! A variety of techniques such as lace, colorwork, Tunisian and cables are used to present a collection of beautiful and functional designs. Instructions include tips for working socks with different stitch patterns, sizing the socks and getting the correct gauge. There are a variety of heel and toe patterns that can be used interchangeably. All patterns are sized and designed for women.

New Methods for Crochet Socks

Keeping to a theme started in Crewel Twists, this book continues the concept of using non-traditional techniques and materials in crewel or Jacobean embroidery. It showcases four large projects, each with an accompanying small project similar in technique, and shows needle workers how to be creative with threads, alternative stitches and beads. Traditional techniques are explained but are extended with the use of bead embroidery, needle lace techniques, and stitches not normally used in crewel work. Many new needle lace and bead embroidery techniques are incorporated, and the book also explores weaving techniques used to create textures like twill and lace weaves, as well as patterns similar to

tartan and houndstooth check. Every project is clearly explained with step-by-step instructions and lots of photographs, and the completed embroideries are once again displayed in ways that are both decorative and functional in the home. Templates of the original designs complete this magnificent source for creative embroidery.

Forthcoming Books

Crafters of all levels can easily crochet up a storm--or just make a simple snowflake or two. The designs range from simple ones requiring only a few rows to large intricate ones for more advanced stitchers.

Books In Print 2004-2005

One surviving cotton sock tells us that the Egyptians were knitting as long ago as the first millennium AD. Tenderly preserved shawls and sweaters bespeak our great-grandmothers handiwork. And colorful strands of yarn escaping from a basket in the corner show that the tradition lives on with us. That tradition, celebrated in the stories and essays in this book, knits together a world of warmth and memory, wisdom and camaraderie. These writings--sometimes amusing, sometimes moving, always entertaining--comprise a charming scrapbook reflecting the myriad cultural and historical aspects of knitting. Ranging from the days of World War II to our own time, they include offerings by Jamaica Kincaid, Melanie Falick, Elizabeth Zimmermann, Meg Swansen, Susan Gordon Lydon, Pam Allen, Lela Nargi, Perri Klass, Teva Durham, and many others. Artwork by Solveig Hisdal, fiber artists Debbie New and Karen Searle, and photographer Chris Hartlove, along with historical photographs, vintage advertising, and pattern booklets, brings the color and textures of these stories to vibrant life. Whether you ply knitting needles yourself or simply appreciate the art, this collection will enfold you in all the softness, warmth, and beauty of knitting today and yesterday.

Crewel Intentions

These five pairs of crocheted chums - rabbits, mice, cats, foxes and bears - all have distinctive personalities and enviable wardrobes to mix and match.

100 Snowflakes to Crochet

'This is mindful activism . . . thought-out, strategic and engaging' Guardian 'I love what Sarah does! It's quiet activism for everyone including introverts' Jon Ronson 'Sarah Corbett mixes an A-grade mind with astonishing creativity and emotional awareness' Lucy Siegle If we want a world that is beautiful, kind and fair, shouldn't our activism be beautiful, kind and fair? Award-winning campaigner and founder of the global Craftivist Collective Sarah Corbett shows how to respond to injustice not with apathy or aggression, but with gentle, effective protest. This is a manifesto – for a more respectful and contemplative activism; for conversation and collaboration where too often there is division and conflict; for using craft to engage, empower and encourage us all to be the change we wish to see in the world. Sarah's craftivism has helped change laws and business policies as well as hearts and minds; here, with thoughtful principles and practical examples, she shows that quiet action can speak as powerfully as the loudest voice.

For the Love of Knitting

"Beautiful designs . . . children will love the whimsical results." —Publishers Weekly Learn to make an adorable collection of knitted animal toys with these new patterns by the author of *My Knitted Doll*, Louise Crowther. Louise brings her unique style of coordinated knitwear with cute colorwork details to this new collection of toy animal knitting patterns. There are a total of twelve knitted animals—each with their own unique personality and style. The animals all have the same basic body, with a few color variations and tail additions, so the clothes can be mixed and matched between them to create endless outfit possibilities. Choose your favorite animals and outfits and have fun making the perfect gift for friends and family.

Cute Crocheted Animals

Whether you knit them toe-up or top-down, getting just the right fit on hand knit socks can be a major challenge! In *Custom Socks*, Kate Atherley sets out to teach knitters of all levels the skills and tools they need to understand sock fit, and to knit a pair of socks that fit properly. She calls on her years of experience as Knitty's Managing Technical Editor, where she has edited hundreds of sock patterns, to

share this information in a way that is easy to understand with patterns that inspire. So go ahead and treat yourself to these 15 original sock patterns that are easily customizable and work with any needle configuration. Your feet will thank you!

How to be a Craftivist

Do unto others as you would others should do to you. You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be im polite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us ;a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; the.re can be no true, politeness without kindness, purity, singleness of heart, and sensibility. Many believe that politeness is but a mask worn in the world to conceal bad passions and impulses, and to make a show of possessing virtues not really existing in the heart; thus, that politeness is merely hypocrisy and dissimulation. Do not believe this; be certain that those who profess such a doctrine are practising themselves the deceit they condemn so much.

Not all yarns are alike. Some make our hearts and hands sing, some get the job done without much fanfare, and some cause nothing but frustration and disappointment. The gorgeous pair of socks that emerged from their first bath twice as long as when they went in. The delicate baby sweater that started pilling before it even came off the needles. The stunning colorwork scarf that you can't wear because the yarn feels like sandpaper against your neck. If only there were a way to read a skein and know how it would behave and what it wanted to become before you invested your time, energy, and money in it. Now there is! With *The Knitter's Book of Yarn*, you'll learn how to unleash your inner yarn whisperer. In these pages, Clara Parkes provides in-depth insight into a vast selection of yarns, giving you the inside stories behind the most common fiber types, preparations, spins, and ply combinations used by large-scale manufacturers and importers, medium-sized companies, boutique dye shops, community spinneries, and old-fashioned sheep farms. And, because we learn best by doing, Parkes went to some of the most creative and inquisitive design minds of the knitting world to provide a wide assortment of patterns created to highlight the qualities (and minimize the drawbacks) of specific types of yarns. *The Knitter's Book of Yarn* will teach you everything you need to know about yarn: How it's made, who makes it, how it gets to you, and what it longs to become. The next time you pick up a skein, you won't have to wonder what to do with it. You'll just know—the way any yarn whisperer would.

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

She then set off around Europe searching for inspiration, travelling from Belgium right down to the Cinque Terre in Italy then around France and up to Scotland. Armed with her trusty hand-cranked Singer, she spent a summer sewing on the go, foraging in flea markets, meeting artists and hosting pop-up events to help fund her trip. Like creatives the world over she decided to see where her travels would lead her and returned with a head full of new projects. Fortunately, there's no need for you to give up your job, wave goodbye to your family and rent out your house in order to re-ignite your own creativity; Mary Jane has done all the hard work for you. *Sew on the Go* is her guide to carving out more creative space in your life.
