With Secret Friends

Characters take walks, sit among the flowers, and enjoy the silence with imaginary friends such as a zebra, a large rabbit, and an identical twin.

Best Friends Forever

Join schoolgirl detectives Molly, Maria, Pippa and Sally for more mystery and glamour in Holly and Kelly Willoughby's final adventure set in a contemporary school for the Performing Arts. Twin sisters Molly and Maria are first class detectives with a flair for uncovering adventure - there's no mystery too big for the Fitzfoster duo. But, alongside their crafty clue-hunting, there's also the small matter of a school camping trip in the big outdoors. The girls are ready to roll up their sleeves but nothing could prepare the friends for what awaits them en France . . . The sparkling finale to the much-loved contemporary detective series for fans of Robin Stevens and Katherine Woodfine. This book is GLEE for 9+ and is perfect for fans of BALLET SHOES and MALLORY TOWERS.

Imaginary Friends

Thirteen original stories about friends conjured in times of need We've all had them. We've all needed them. In this fun fantasy anthology, readers are given thirteen variations on what kinds of friends come

in handy indeed in times of need. From a toy Canadian Mountie who suddenly comes to life, to a boy and his dragon, to a young woman held captive in a tower and the mysterious being who is her only companion, these highly imaginative tales entertainingly explore the nature of what constitutes a ?real? friendship.

Pen to Paper

My Imaginary Friends by Sandra Everitt is just what it says it is; a tale about three imaginary friends from early childhood. Some children may have one imaginary friend but this is an account of three. My Imaginary Friends is a charming story about early child development before school days arrive and will transport the reader back to a time that we all identify with, those carefree days before the arrival of formal education, some of our earliest memories. Told with neither mawkish sentimentality nor adult perspective, My Imaginary Friends will appeal to both adults and children alike and is a story that will be returned to again and again.

My Imaginary Friends

* The book features a colourful cast of characters* We all know someone who is just like one or more of these "friends". Some of them we love dearly but others just irritate us and make our life hell!* Written in a humorous manner that will have readers chuckling* Original illustrations that are engaging and quirky

Imaginary Friends

From the author of the bestseller children's book Joyful Trouble comes a happy bedtime story for children 6-9 that will fire up their imagination! Be there for a friend in need is what this story is about. Or one for all and all for one! Just like the musketeers, our friends learn that strength IS in their number. Friendship means being there for each other during happy days but also during rainy ones. If you wish with all your might and think long enough you will find a way to cheer up your sad friend. This is book 5 in the Happy Friends Series. Book 6: The Blue Forest. Book 4: The Summer Wind and Lizard. "Patricia Furstenberg's collection of twelve stories, Happy Friends, is a classic collection of stories to charm and to teach young readers the value of life and the value of good friends. Each of the twelve stories stands on its own, but each story interacts with the next as the plot thickens. The individual stories become Little Tail's journey of discovery as he leaves his home and friends, only to discover that Snow might be interesting, but so are his friends back home. For as "The Book of Life" says, and is often quoted in Happy Friends, "The time spent in the company of friends will, more than once, become part of our most cherished memories, staying with us for the rest of our lives." Happy Friends is a treasure to be enjoyed and shared over and over again"(Reader's Favorite Book Review)
