The Scream

Wars destroy, no they destroyed, memories, people & all what is created in the best calendar... When man cannot find peace, then either is he shot or dead out of hunger. When you think of seeking refugee to one of the neighboring Arabian countries, you will be surprised when you find out that the ruler is in collusion with your country's dictator. When death is more merciful because, you will be in Hands of God not man. You see many tragic scenes becoming now familiar: Mother begging bread to feed her children, you see shameful & shocking attitudes from the rich Arabs who take advantage of her. They only think of satisfying their instincts that controls them all the time then they speak by the name of God. Some of the refugees in the camps found a rotten breadcrumb, its color was Dark Green, and Hunger does not differentiate between hot fresh bread and that covered by rottenness to go down in a stomach that was not fed for days. Some people may aid her; the roads could hug her where she lays her head down on the sidewalk, holding her children tight to protect them from coldness... This is the refugee definition in the Middle East countries, although our religion is complete but the deficiency is in us. His name was Adnan a Lieutenant & Air Coach in Aleppo's Air Force University. Married, has a son & two daughters. The boy is 11 years old, the eldest daughter 15 years & the younger is one year & six month old. His folks lives in Daraa, & he lived in (Al Hajjar Al-Aswad) along with his family He got promoted one month before his marriage from Major to Lieutenant Pilot & was transferred to the Military Air Force University to work as (Day Night Air Coach) But, after his wedding his happiness did not last long. The happy occasion was disturbed a few days after his wedding by his arrest as if he was a criminal or committed a terrible political crime. His eyes were covered with black tight cloth, handcuffed his hands & lead him to a dungeon in a prison built for politicians. He can only hear the prisoners who were tearing the horizon of darkness by their screams penetrated the nightshade. The sound of screams rises with the parks of the dogs to the sky filled with the cold winter clouds. He heard screams of another type, screams of men being tortured whose fingers were taken off & whip ripped their bodies. Their screams torn the place apart. Before taking him to prison they took off his military suite... it was rankles. So, the jailor thought Adnan was a regular soldier, especially no information was ever told about his job or the reason of his arrest. He was in solitary dungeon for a long time no one knew his crime. Whenever he tries to sleep he was panicked from the weeps & the scream sounds. Beyond the iron cages the prisoners lived in incomparable horror movies. Brutal torture & no one has the authority to stop the arrogance & abuse used, they did not touch Adnan as if they brought him to discipline him from something he made.

Ambition will fuel him. Competition will drive him. But power has its price. It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.

The Ballad of Songbirds and Snakes (A Hunger Games Novel)

How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.

From the award-winning author of *The Field Guide to the North American Teenager* comes a whip-smart and layered romantic comedy. Perfect for fans of Nicola Yoon and Jenny Han. Henri “Halti” Haltiwanger can charm just about anyone. He is a star debater and popular student at the prestigious FATE academy, the dutiful first-generation Haitian son, and the trusted dog walker for his wealthy New York City neighbors. But his easy smiles mask a burning ambition to attend his dream college, Columbia University. There is only one person who seems immune to Henri's charms: his “intense” classmate and neighbor Corinne Troy. When she uncovers Henri's less-than-honest dog-walking scheme, she blackmails him into helping her change her image at school. Henri agrees, seeing a potential upside for himself. Soon what started as a mutual hustle turns into something more surprising than either of them ever bargained for. . . . This is a sharply funny and insightful novel about the countless hustles we have to keep from doing the hardest thing: being ourselves.

The Youth's Companion

THE FIRST NOVEL IN THE BESTSELLING OUTLANDER SERIES. As seen on Amazon Prime TV. What if your future was the past? 1946, and Claire Randall goes to the Scottish Highlands with her husband Frank. It's a second honeymoon, a chance to learn how war has changed them and to re-establish their loving marriage. But one afternoon, Claire walks through a circle of standing stones and vanishes into 1743, where the first person she meets is a British army officer - her husband's six-times great-grandfather. Unfortunately, Black Jack Randall is not the man his descendant is, and while trying to escape him, Claire falls into the hands of a gang of Scottish outlaws, and finds herself a Sassenach - an outlander - in danger from both Jacobites and Redcoats. Marooned amid danger, passion and violence, her only chance of safety lies in Jamie Fraser, a gallant young Scots warrior. What begins in compulsion becomes urgent need, and Claire finds herself torn between two very different men, in two irreconcilable lives. (Previously published as *Cross Stitch*)

Cornwall, towards the end of the 18th century. Ross Poldark sits for the borough of Truro as Member of Parliament - his time divided between London and Cornwall, his heart divided about his wife, Demelza. His old feud with George Warleggan still flares – as does the illicit love between Morwenna and Drake, Demelza's brother. Before the new century dawns, George and Ross will be drawn together by a loss greater than their rivalry – and Morwenna and Drake by a tragedy that brings them hope . . . *The Angry Tide* is followed by the eighth book in the *Poldark* series, *The Stranger From The Sea*.

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A REESE'S BOOK CLUB PICK * INSTANT NEW YORK TIMES BESTSELLER * BELLETRIST BOOK CLUB PICK * INDIE NEXT SELECTION * LIBRARY READS SELECTION * AMAZON EDITORS' CHOICE * WASHINGTON POST BEST OF THE YEAR The "terrifying, wise, tender, and thrilling" (R.O. Kwon) adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, *Outlawed* dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

But everything changes when a former slave steals money from Elijah's friend, who has been saving to buy his family out of captivity in the South. The Bulletin

Felix is a special sort of hero. He is brave and resourceful, but has a heart condition that threatens his life. His parents take him on holiday to Costa Rica, where they visit the Divide, a place where the waters that run down to the Pacific and Atlantic oceans separate. But at this exact, magical spot Felix faints, and when he opens his eyes, he discovers he's arrived in an amazing back-to-front world where mythical creatures and magic are real, and humans and science are just rumour and legend. Luckily, Ironclaw, a fearsome, but kindly brazzle takes him under his wing, and together with Bettony, a tangle-girl, they set out to find a cure for Felix's condition and the way back home. And so begins a journey beyond their wildest dreams. Fast-paced and funny, *The Divide* is a quirky and immensely enjoyable adventure.

The Spectator

First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire,

Hermynia Zur Muhlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Muhlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

Outlawed

Bruno JasieDski was a bilingual Polish-Russian writer who died in exile in Siberia in 1939. This volume traces his literary evolution. The introductory biographical sketch is followed by a discussion of JasieDski's contribution to Polish poetry, specifically the Futurist movement which, like its parallels in Russia and Italy, revolutionized poetic language. An analysis and evaluation of JasieDski's prose work sheds light on the relationship between politics and literature in early twentieth-century Poland and Russia. Most of JasieDski's novels and short stories were written in the approved Soviet tradition of Socialist Realism. His *Man Changes His Skin* is considered one of the best Soviet industrial novels of the 1930s. The author's comprehensive and skillful treatment of JasieDski's literary production, the first to appear in English, also makes a valuable contribution to the knowledge of Futurism in Eastern Europe and Socialist Realism in the Soviet Union. The volume contains numerous quotations from Polish and Russian literature, both in English translation (prepared by the author) and in the original. It will be of interest to students of Slavic literature, comparative literature, and the literature of ideology.

From the #1 New York Times bestselling author of *The Silent Patient* comes a spellbinding tale of psychological suspense, weaving together Greek mythology, murder, and obsession, that further cements "Michaelides as a major player in the field" (Publishers Weekly)--now in mass market. Edward Fosca is a murderer. Of this Mariana is certain. But Fosca is untouchable. A handsome and charismatic Greek tragedy professor at Cambridge University, Fosca is adored by staff and students alike particularly by the members of a secret society of female students known as The Maidens. Mariana Andros is a brilliant but troubled group therapist who becomes fixated on The Maidens when one member, a friend of Mariana's niece Zoe, is found murdered in Cambridge. Mariana, who was once herself a student at the university, quickly suspects that behind the idyllic beauty of the spires and turrets, and beneath the ancient traditions, lies something sinister. And she becomes convinced that, despite his alibi, Edward Fosca is guilty of the murder. But why would the professor target one of his students? And why does he keep returning to the rites of Persephone, the maiden, and her journey to the underworld? When another body is found, Mariana's obsession with proving Fosca's guilt spirals out of control, threatening to destroy her credibility as well as her closest relationships. But Mariana is determined to stop this killer, even if it costs her everything—including her own life.

Domestic Psychological Thrillers Bundle

A breathtaking collection of two domestic thrillers filled with twists and turns. The Pretend Wife The Rich Housewife

Panic Button

This book is hard to put down. Martin's PANIC BUTTON tells a story with a style that allows you to see the action clearly inside your mind's eye. Jason and Paul Grimsby are two brothers whose damaged childhood has ruined their adult counterparts. Their past unfolds as Jason is now threatened by a killer that Jason was unfortunate to disturb at a murder scene. The police believe that Jason may be the actual murderer. Everything that Jason cares about or believes in is cruelly and sadistically stripped away from him as a childhood ailment leaves him hopelessly unable to defend himself. Eventually, he runs to his protective brother, as in the past, as a vicious killer closes in. The two brothers are back together again but it may cost Jason his brothers' life this time. The killer seems to always be one step ahead of Jason and time has run out. This is a story of one man's refusal to accept his past or his present circumstances and if he doesn't overcome this, it will cost him his future. Every man has a clear and defining breaking point. This is a story of human triumph through tragedy.

Saving Grace: A Psychological Thriller

"A psychological thriller with more than enough twists, turns, and misdirection to keep even the most jaded reader turning pages all night long." —Lori Robbins, author of the Silver Falchion Award-winning novel, Lesson Plan for Murder Grace Pierrepont Rendell, the only child of an ailing billionaire, has been treated for paranoia since childhood. When she secretly quits her meds, she begins to suspect that once her father passes, her husband will murder her for her inheritance. Realizing that no one will believe the ravings of a supposed psychotic, she devises a creative way to save herself—she will write herself out of danger, authoring a novel with the heroine in exactly the same circumstances, thus subtly exposing her husband's scheme to the world. She hires acclaimed author Lynn Andrews to help edit her literary insurance policy, but when Lynn is murdered, Grace is discovered standing over the bloody remains. The clock is ticking: can she write and publish her manuscript before she is strapped into a straitjacket, accused of homicide, or lowered six feet under? With a cast of secondary characters

whose challenges mirror Grace's own, *Saving Grace* is, at its core, an allegory for the struggle of the marginalized to be heard and live life on their own terms.

Close My Eyes

'Fantastic... got a hold of me from beginning to the end. I was desperate to know how it ended and at the same time, I did not want to finish reading... I will be thinking of this book for a long time.' Goodreads reviewer P How did I forget the worst thing that's ever happened to me? And how do I try and put it right? The first time I remembered, I thought I was dying. I couldn't breathe – something was crushing my chest – all I could see was darkness. A terrible fear, pulling me under. And all because of a glimpse of a face I hadn't seen in years. Since then I've realised: this is a memory of an attack. Something vicious happened to me years ago – a night that changed my life, without me even knowing. My family and friends don't believe me – they say I'm imagining things, but I know I'm right. What I don't know is who was responsible. And I won't stop until I find out. Wherever the truth leads me. Whatever betrayals are uncovered. Whatever the risk. A heart-stopping psychological suspense novel that asks: who do you trust the most? Your friends? Your family? Or your own mind? Fans of T.M. Logan, Claire McGowan and Lisa Jewell will be gripped by *Close My Eyes*. Readers can't get enough of Beverley Harvey: 'I LOVED THIS BOOK!... But does everyone deserve to be forgiven? She runs past the tinkling of children's laughter that fills the park. Her husband is barely ever home, she's struggling to bond with her baby girl, and she swears that she is being watched in the remote, lonely cottage. The Perfect Veneer (A Jessie Hunt Psychological Suspense Thriller—Book Twenty-Six)

A taut, heart-pounding thriller about a classroom under siege—and the race to uncover the motives of the hostage-takers before it's too late . . . When the unimaginable happens, and armed men burst into a classroom to take the students and their idealistic young history teacher hostage, no one can predict how it will end. Cam Cleaver and his deputy, Penny Bainbridge, have called the police and evacuated

the school—and can do little more now than worry about their own children, who are trapped along with the others. The reason for the attack is unclear—but as time ticks by, it becomes clear that many of the hostages have secrets that could have led the gunmen to the school. And when one of the students is injured, both teachers struggle to maintain focus and manage the emergency as the lives of their son and daughter remain at risk . . . From the author of the bestselling psychological thrillers *Forgotten* and *Fracture*, as well as *The DI Fletcher* mystery series, *Don't Breathe* is a completely gripping and twisty tale.

Don't Breathe

Every myth is a tale half-told... When the darkest of vice meets red-stained ice, we hear it all unfold! It is 2035 CE (covid era). Este, a disgraced and broken ex-intelligence officer, finds herself in the middle of a small isolated island community, frozen and barren— on the edge of the world, with the 'virus' at the core of its existing divisions. She has come here searching for a second chance, a chance to redeem herself from the demons of an unforgiving yet forgotten past. In doing that, as she tries hard to blend into this near-about dystopian world, she realises that subtle is scarce; ominous rituals, 'handsome' dead bodies, the flaring 'mythical' and a sinister Belief surround her, shadowing the darkness that is growing within her. Sleuthing skills, a favouring instinct and an overbearing empathy act as her only shield, as she navigates between the intrigues of this remote coastline and that of her mind, much desperate to untangle the meaning of her long-quested salvation. She is also confident. Perhaps a little too much. She thinks she has all the reins— of both probe and patriarchy. But nothing is as it seems. Not even her. She is much more than who she is... much more than she will ever know! Hence, when the land dangles a mirror in front of her, it is she who must choose. The End. Of her and of this story.

Jessie Hunt Psychological Suspense Bundle: The Perfect Disguise (#10) and The Perfect Secret (#11)

My whole body is shaking, my breath catches in my throat. I'm stuck here. Trapped. With the one person who will do anything to destroy me... When I step into the elevator that sweltering morning, I barely notice the woman standing next to me. She seems out of place, with her floaty linen clothes

in a building full of suits. But that's none of my business. A minute later, there's a sudden jerk. The elevator stops. The lights go out. The other woman's face is deathly pale. She's breathing noisily, clearly panicking. As we sit slumped against the mirrored walls, we start talking to try and keep calm. I tell her I moved halfway round the world to start again where no one knew what I was hiding. I tell her my darkest secrets, because she seems to understand, and we're never going to see each other again, right? But I'm wrong. We're not strangers. None of this is an accident. And when the truth comes out, there'll be nowhere to hide... A brilliantly twisty ride from start to finish, that will have you gasping out loud at the twists. Perfect for fans of Lisa Jewell, Freida McFadden and Claire McGowan. See what everyone is saying about *The Elevator*: 'So captivating... one word WOW!... brilliant... kept me guessing throughout... so good I read it in a day!... I thoroughly enjoyed this book and all the plot twists that it presented!' NetGalley reviewer, **P**For lovers of Freida McFadden this novel is for you! Twisted with an ending you don't see coming! First of all, I imagined being stuck in an elevator - that is scary enough! Then to find out the person you are stuck in the elevator with is someone who wishes you dead!! I couldn't put this book down!' Goodreads reviewer 'A must-read... tense claustrophobic atmosphere... packs a punch and the surprises keep coming... however it has done little to encourage me to venture into a lift (elevator) again!' NetGalley reviewer, **P**Sensational... a plot that unrolls like clockwork, and simmering tension that never lets up. Betrayal, double-crossing and the most delicious sting in the tail... I couldn't put it down.' Goodreads reviewer 'A tangled web of lies that has an explosive ending... The tension ratcheted up at the end and literally had me gasping with my jaw on the floor... riveting.' Goodreads reviewer, **P**At times my heart was pounding and I had to stop reading, which was hard as it was so good! Loved it!' Goodreads reviewer

Jessie Hunt Psychological Suspense Bundle: *The Perfect Disguise* (#10), *The Perfect Secret* (#11) and *The Perfect Facade* (#12)

'All I can say is Oh. My. God... Hooks the reader in... One of the best twists I've read... Brilliant.' Hannah Writes Reviews Whatever you think you know... you're wrong. Following a whirlwind four-month romance, lawyer Claire and hotel entrepreneur Angus are engaged to be married. Happy and successful, and ready to start their new life together, Claire and Angus find what they believe to be the perfect home. But when Claire meets Mark, the man selling them the house, he looks eerily familiar. He looks exactly like the man she loved five years ago, the man she couldn't bear to lose. As Claire finds herself irresistibly drawn to Mark and crosses lines she never thought she'd cross, Angus' behaviour becomes increasingly suspicious. Soon Claire doesn't know whether she can trust Mark, Angus... or even herself. *The Couple* is a psychological thriller with a stunning twist, perfect for fans of *The Girl Before*, *The Wife Between Us*, and *The Woman in the Window*.
