The Five Orange Pips

Sherlock Holmes, the world's 'only unofficial consulting detective', was first introduced to readers in A Study in Scarlet published by Sir Arthur Conan Doyle in 1887. It was with the publication of The Adventures of Sherlock Holmes, however, that the master sleuth grew tremendously in popularity, later to become one of the most beloved literary characters of all time. In this book series, the short stories comprising The Adventures of Sherlock Holmes have been amusingly illustrated using only Lego® brand minifigures and bricks. The illustrations recreate, through custom designed Lego models, the composition of the black and white drawings by Sidney Paget that accompanied the original publication of these adventures appearing in The Strand Magazine from July 1891 to June 1892. Paget's iconic illustrations are largely responsible for the popular image of Sherlock Holmes, including his deerstalker cap and Inverness cape, details never mentioned in the writings of Conan Doyle. This uniquely illustrated collection, which features some of the most famous and enjoyable cases investigated by Sherlock Holmes and his devoted friend and biographer Dr. John H. Watson, including A Sandal in Bohemia and The Red-Headed League, is sure to delight Lego enthusiasts, as well as fans of the Great Detective, both old and new. The Five Orange Pips: John Openshaw visits Baker Street to consult Sherlock Holmes as to the mysterious deaths of both his uncle and father upon the arrival of letters containing five dried orange pips and bearing the mark 'K.K.K.'. The young gentleman further relates that he too has received a similar envelope with instructions to surrender some papers. Holmes quickly deduces that his client faces imminent danger from a secret society in America.

The Five Orange Pips

The Adventures of Sherlock Holmes is a collection of twelve short stories by Arthur Conan Doyle, featuring his fictional detective Sherlock Holmes. It was first published on 14 October 1892; the individual stories had been serialised in The Strand Magazine between July 1891 and June 1892. The stories are not in chronological order, and the only characters common to all twelve are Holmes and Dr. Watson. The stories are related in first-person narrative from Watson's point of view. John Openshaw tells Holmes that in 1883 his uncle died two months after receiving a letter inscribed "K.K.K." with five orange pips enclosed, and that in 1885 his father died soon after receiving a similar letter; now Openshaw himself has received such a letter. Holmes tells him to do as the letter asks and leave a diary page, which Holmes deduces is connected to the Ku Klux Klan, on the garden sundial. Openshaw is killed before he can do so, but Holmes discovers the killers have been travelling on a sailing ship, and sends the captain a letter with five orange pips. The ship is lost at sea.

The Five Orange Pips and Other Cases

'He is the Napoleon of crime, Watson ... He sits motionless, like a spider in the centre of its web, but that web has a thousand radiations, and he knows well every quiver of each of them' Sherlock Holmes, scourge of criminals everywhere, whether they be lurking in London's foggy backstreets or plotting behind the walls of an idyllic country mansion, and his faithful colleague Dr Watson, solve these breathtaking and perplexing mysteries. In Arthur Conan Doyle's The Five Orange Pips and Other Cases we encounter some of his most famous and devilishly difficult problems. Sherlock Holmes

First appearing in print in 1887 (in A Study in Scarlet), the character's popularity became widespread with the first series of short stories in The Strand Magazine, beginning with "A Scandal in Bohemia" in 1891; additional tales appeared from then until 1927, eventually totalling four novels and 56 short stories. All but one are set in the Victorian or Edwardian eras, between about 1880 and 1914. Most are narrated by the character of Holmes's friend and biographer Dr. Watson, who usually accompanies Holmes during his investigations and often shares quarters with him at the address of 221B Baker Street, London, where many of the stories begin. Though not the first fictional detective, Sherlock Holmes is arguably the best known, with Guinness World Records listing him as the "most portrayed movie character" in history. Holmes's popularity and fame are such that many have believed him to be not a fictional character but a real individual; numerous literary and fan societies have been founded that pretend to operate on this principle. Widely considered a British cultural icon, the character and stories have had a profound and lasting effect on mystery writing and popular culture as a whole, with

the original tales as well as thousands written by authors other than Conan Doyle being adapted into stage and radio plays, television, films, video games, and other media for over one hundred years.

The Adventures of Sherlock Holmes

The Adventures of Sherlock Holmes A Study in Scarlet The Hound of the Baskervilles The Return of Sherlock Holmes The Sign of the Four "To Sherlock Holmes she is always the woman. I have seldom heard him mention her under any other name. In his eyes she eclipses and predominates the whole of her sex. It was not that he felt any emotion akin to love for Irene Adler. All emotions, and that one particularly, were abhorrent to his cold, precise but admirably balanced mind. He was, I take it, the most perfect reasoning and observing machine that the world has seen, but as a lover he would have placed himself in a false position. He never spoke of the softer passions, save with a gibe and a sneer. They were admirable things for the observer—excellent for drawing the veil from men's motives and

actions. But for the trained reasoner to admit such intrusions into his own delicate and finely adjusted temperament was to introduce a distracting factor which might throw a doubt upon all his mental results. Grit in a sensitive instrument, or a crack in one of his own high-power lenses, would not be more disturbing than a strong emotion in a nature such as his."

The Five Orange Pips and the Man with the Twisted Lip

When I glance over my notes and records of the Sherlock Holmes cases between the years '82 and '90, I am faced by so many which present strange and interesting features that it is no easy matter to know which to choose and which to leave. Some, however, have already gained publicity through the papers, and others have not offered a field for those peculiar qualities which my friend possessed in so high a degree, and which it is the object of these papers to illustrate. Some, too, have baffled his analytical skill, and would be, as narratives, beginnings without an ending, while others have been but partially cleared up, and have their explanations founded rather upon conjecture and surmise than on that absolute logical proof which was so dear to him. There is, however, one of these last which was so remarkable in its details and so startling in its results that I am tempted to give some account of it in spite of the fact that there are points in connection with it which never have been, and probably never will be, entirely cleared up.

The Penguin English Library edition Many readers would claim that The Adventure of the Copper Beeches or The Man with the Twisted Lip was their favourite Sherlock Holmes story - but then that would be doing an injustice to The Adventure of the Yellow Face and The Problem of Thor Bridge. It is just as well that in the end we do not have to choose - as if we did then there would be no doubt it should be The Adventure of Six Napoleons.

New Adventures of Sherlock Holmes (Dell Comic Reprint)

This new series of the Sherlock Holmes short stories aims to recapture the atmosphere and spirit of originals; to stay as true as possible to the language and imagery of Conan Doyle while at the same time, updating where necessary to make the stories readily accessible to a, modern reader. (Age 11 to adult) The stories have not been simplified and they will still present a challenge to many young readers. They have been edited with a light touch in such a way that their drama, intensity and mystery remain undiluted. Hopefully, though, the challenge will be an enjoyable one that will allow readers to immerse themselves in Holmes's world and follow him as he and Dr Watson explore the darkness of those London streets and the darker shadows of the human mind. This second volume contains the second four stories originally published in 'The Adventures of Sherlock Holmes' which are: 'The Five Orange Pips, ' 'The Man with the Twisted Lip, ' 'The Blue Carbuncle' and 'The Adventure of the Speckled Band.'

Sherlock Holmes: The Boscombe Valley Mystery

We were seated at breakfast one morning, my wife and I, when the maid brought in a telegram. It was from Sherlock Holmes and ran in this way: "Have you a couple of days to spare? Have just been wired for from the west of England in connection with Boscombe Valley tragedy. Shall be glad if you will come with me. Air and scenery perfect. Leave Paddington by the 11:15." "What do you say, dear?" said my wife, looking across at me. "Will you go?" "I really don't know what to say. I have a fairly long list at present." "Oh, Anstruther would do your work for you. You have been looking a little pale lately. I think that the change would do you good, and you are always so interested in Mr. Sherlock Holmes' cases." "I should be ungrateful if I were not, seeing what I gained through one of them," I answered. "But if I am to go, I must pack at once, for I have only half an hour." My experience of camp life in Afghanistan had at least had the effect of making me a prompt and ready traveller. My wants were few and simple, so that in less than the time stated I was in a cab with my valise, rattling away to Paddington Station. Sherlock Holmes was pacing up and down the platform, his tall, gaunt figure made even gaunter and taller by his long grey travelling-cloak and close-fitting cloth cap. "It is really very good of you to come, Watson," said he. "It makes a considerable difference to me, having someone with me on whom I can thoroughly rely. Local aid is always either worthless or else biassed. If you will keep the two corner seats I shall get the tickets." We had the carriage to ourselves save for an immense litter of papers which Holmes had brought with him. Among these he rummaged and read, with intervals of note-taking and of meditation, until we were past Reading. Then he suddenly rolled them all into a gigantic ball and tossed them up onto the rack.

The Case-Book of Sherlock Holmes

In *The Case-Book of Sherlock Holmes* we read the last twelve stories Conan Doyle was to write about Holmes and Watson. They reflect the disillusioned world of the 1920s in which they were written, and he can be seen to take advantage of new, more open conventions in fiction. Suicide as a murder weapon and homosexual incest are some of the psychological tragedies whose consequences are unravelled by the mind of Holmes before the eyes of Watson. That said, the collection also includes some of the best turns of wit in the series, and indeed in the whole of English literature. The editor of this volume, W.W. Robson, is Emeritus David Masson, Professor of English Literature at the University of Edinburgh and the author of *Modern English Literature*. The general editor of the Oxford Sherlock Holmes, Owen Dudley Edwards, is Reader in History at the University of Edinburgh and author of *The Quest for Sherlock Holmes. A Biographical Study of Sir Arthur Conan Doyle*. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Sherlock Holmes IV is a direct descendant of the famed detective whose daring exploits were so vividly chronicled by Dr. John Watson and related to us by Arthur Conan Doyle. This new Sherlock Holmes owns a small hotel on Miami's South Beach, and is just as renowned in the present day as his ancestor was in his. In "The Boscombe Valley Mystery," Sherlock Holmes and Watson are called to a remote area of Florida overlooking Lake Okeechobee to investigate a murder where all the evidence points to the victim's son as the killer. Holmes, however, is not so sure. "Imagine Sherlock Holmes—or rather, his great-great-great-grandson—living on South Beach and solving crimes and mysteries with the same aplomb as his famous forebear and you'll get the picture of what's going on here..." --Bartholomew Fox, author of "Deadlock" "Witty and clever, with a whole new cast of characters to support this new Holmes and this new Watson. They live in a small boutique hotel on Lincoln Road called Fleming House (named after Sherlock the IV's love for James Bond author Ian Fleming). Holmes paces about in the penthouse while Watson (yes, he's a direct descendant of Dr. Watson) manages Fleming House. The cast of supporting characters, from the unseen tempestuous Chef Hilario to the gay manager of the Crown Colony restaurant in the hotel, Bjorn Karlsen, who has to put up with the chef, are refreshing and contemporary."--Renee Rodgers, author of "A Tuned Body" "You'll like not only this new Sherlock Holmes, but the hip new world he finds himself living in... South Beach. Lady Gaga even makes an appearance in 'The Red-haired Man!'"--Sophie Charpentier, author of "Country Club Tennis Rules"

We were seated at breakfast one morning, my wife and I, when the maid brought in a telegram. It was from Sherlock Holmes and ran in this way: "Have you a couple of days to spare? Have just been wired for from the west of England in connection with Boscombe Valley tragedy. Shall be glad if you will come with me. Air and scenery perfect. Leave Paddington by the 11:15." "What do you say, dear?" said my wife, looking across at me. "Will you go?" "I really don't know what to say. I have a fairly long list at present." "Oh, Anstruther would do your work for you. You have been looking a little pale lately. I think that the change would do you good, and you are always so interested in Mr. Sherlock Holmes' cases." "I should be ungrateful if I were not, seeing what I gained through one of them," I answered. "But if I am to go, I must pack at once, for I have only half an hour." The Boscombe Valley Mystery

First appearing in print in 1887 (in *A Study in Scarlet*), the character's popularity became widespread with the first series of short stories in *The Strand Magazine*, beginning with "A Scandal in Bohemia" in 1891; additional tales appeared from then until 1927, eventually totalling four novels and 56 short stories. All but one are set in the Victorian or Edwardian eras, between about 1880 and 1914. Most are narrated by the character of Holmes's friend and biographer Dr. Watson, who usually accompanies Holmes during his investigations and often shares quarters with him at the address of 221B Baker Street, London, where many of the stories begin. Though not the first fictional detective, Sherlock Holmes is arguably the best known, with Guinness World Records listing him as the "most portrayed movie character" in history. Holmes's popularity and fame are such that many have believed him to be

not a fictional character but a real individual; numerous literary and fan societies have been founded that pretend to operate on this principle. Widely considered a British cultural icon, the character and stories have had a profound and lasting effect on mystery writing and popular culture as a whole, with the original tales as well as thousands written by authors other than Conan Doyle being adapted into stage and radio plays, television, films, video games, and other media for over one hundred years.

Then I Went into the Back Yard and Smoked a Pipe and Wondered What It Would Be Best To Do I Had a Friend Once Called Maudsley Who Went to the Bad and Has Just Been Serving His Time in Pentonville One Day He Had Met Me and Fell into Talk about the Ways of Thieves and How They Could Get Rid of What They Stole I Knew that He Would Be True to Me for I Knew One or Two Things about Him So I Made Up My Mind To Go Right On to Kilburn Where He Lived and Take Him into My Confidence He Would Show Me How To Turn the Stone into Money

So I Made Up My Mind To Go Right On to Kilburn Where He Lived and Take Him into My Confidence He Would Show Me How To Turn the Stone into Money but How To Get to Him in Safety I Thought of the Agony's I Had Gone through Incoming from the Hotel I Might at any Moment Be Seized and

Searched and There Would Be the Stone in My Waistcoat Pocket I Was Leaning against the Wall at the Time and Looking at the Geese Which Were Waddling about round My Feet and Suddenly an Idea Came into My Head Which Showed Me How I Could Beat the Best Detective That Ever Lived I Told My Pal What I Had Done for He Was a Man that It Was Easy To Tell a Thing like that Too He Laughed until He Choked and We Got a Knife and Opened the Goose My Heart Turned to Water for There Was no Sign of the Stone and I Knew that some Terrible Mistake Had Occurred I Left the Bird Rushed Back to My Sisters and Hurried into the Backyard There Was Not a Bird To Be Seen There Where Are They all Maggie I Cried Gone to the Dealer's Jim Which Dealers Breckinridge of Covent Garden but Was There another with a Barred Tail

God Help Me God Help Me He Burst into Convulsive Sobbing with His Face Buried in His Hands There Was a Long Silence Broken Only by His Heavy Breathing and by the Measured Tapping of Sherlock Holmes's Fingertips upon the Edge of the Table Then My Friend Rose and Threw Open the Door Get Out Said He What Sir Oh Heaven Bless You No More Words Get Out and no More Words Were Needed There Was a Rush a Clatter upon the Stairs the Bang of a Door and the Crisp Rattle of Running Footfalls from the Street

Get Out Said He What Sir Oh Heaven Bless You No More Words Get Out and no More Words Were Needed There Was a Rush a Clatter upon the Stairs the Bang of a Door and the Crisp Rattle of Running Footfalls from the Street after all Watson Said Holmes Reaching Up His Hand for His Clay Pipe I Am Not Retained by the Police To Supply Their Deficiencies if Horner Were in Danger It Would Be another Thing but this Fellow Will Not Appear against Him and the Case Must Collapse I Suppose that I Am Commuting a Felony but It Is Just Possible that I Am Saving a Soul this Fellow Will Not Go Wrong Again He Is Too Terribly Frightened Send Him to Jail Now

But It Is Just Possible that I Am Saving a Soul this Fellow Will Not Go Wrong Again He Is Too Terribly Frightened Send Him to Jail Now and You Will Make Him a Jailbird for Life besides It Is the Season of Forgiveness Chance Has Put in Our Way a Most Singular and Whimsical Problem and It's Solution Is Its Own Reward if You Will Have the Goodness To Touch the Bell Doctor We Will Begin another Investigation in Which Also a Bird Will Be the Chief Feature
