The Guide to United States Popular Culture

"To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives."--Robert Thompson, President, Popular Culture Association. "At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture Association Features of The Guide to United States Popular Culture: 1,010 pages 1,600 entries 500 contributors Alphabetic entries Entries range from general topics (golf, film) to specific individuals, items, and events Articles are supplemented by bibliographies and cross references Comprehensive index

Dictionary of Toys and Games in American Popular Culture

Keep the information you need on playthings and pop culture at your fingertips! The Dictionary of Toys and Games in American Popular Culture is an A-to-Z reference guide to the playthings that amused us as children and fascinate us as adults. This enlightening—and entertaining—resource, complete with cross-references, provides easy access to concise but detailed descriptions that place toys and board games in their social and cultural contexts. From action figures to yo-yos, the book is your tour

guide through the museum of sought-after collectibles and forgotten treasures that mirror the fads and fashions that helped define pop culture in the United States. The Dictionary of Toys and Games in American Popular Culture is a historical, yet current, reflection of society's ever-changing attitudes toward childhood and its cultural touchstones. The book is filled with physical descriptions of each entry, including size, color, and material composition, and the age group most often associated with the item. It also includes biographical sketches of inventors, manufacturers, and distributors—a virtual “Who's Who” of the American toy industry, including Milton Bradley, Walt Disney, and Jim Henson. With a brief glimpse through its pages or a lengthy look from cover to cover, you'll discover (or re-discover) real hero action figures, toys with commercial tie-ins, fast-food promotional giveaways, penny prize package toys, and advertising icons and characters in addition to beloved toys and board games like Etch-a-Sketch®, Lincoln Logs®, Colorforms®, Yahtzee®, and Burp Gun, the first toy advertised on nationwide television. The Dictionary of Toys and Games in American Popular Culture presents easy-to-access and easy-to-read descriptions of such toys as: Barbie®, bendies, and Beanie Babies® Monopoly®, Mr. Machine®, and Mr. Potato Head™ Pez®, Plah-Doh®, and Pound Puppies® Scrabble®, Silly Putty®, and Slinky® Tiddly Winks®, Tinker Toys®, and Twister™ and looks at the people behind the scenes of the biggest names in toys, including LEGO® (Ole Kirk Christiansen) Fisher-Price® (Homer G. Fisher) Mattel® (Ruth and Elliott Handler) Hasbro™ (Alan, Merrill, and Stephen Hassenfeld) Toys R Us® (Charles Lazarus) Parker Brothers® (Edward and George Parker) F.A.O. Schwartz (Frederick Schwartz) Kenner® (Albert Steiner) Tonka® (Russell L. Wenkster) The Dictionary of Toys and Games in American Popular Culture also includes an index and a selected bibliography to meet your casual or professional research needs. Faster (and more entertaining) than searching through a vast assortment of Web sites for information, the book is a vital resource for librarians, toy collectors and appraisers, popular culture enthusiasts, and anyone with an interest in toys—past and present.

Popular Culture

Popular Culture: A User's Guide, International Edition ventures beyond the history of pop culture to give readers the vocabulary and tools to address and analyze the contemporary cultural landscape that surrounds them. Moves beyond the history of pop culture to give students the vocabulary and tools to analyze popular culture suitable for the study of popular culture across a range of disciplines, from literary theory and cultural studies to philosophy and sociology Covers a broad range of important topics including the underlying socioeconomic structures that affect media, the politics of pop culture, the role of consumers, subcultures and countercultures, and the construction of social reality Examines the ways in which individuals and societies act as consumers and agents of popular culture

Pop Culture Places [3 Volumes]

This three-volume reference set explores the history, relevance, and significance of pop culture locations in the United States--places that have captured the imagination of the American people and reflect the diversity of the nation. Pop Culture Places: An Encyclopedia of Places in American Popular Culture serves as a resource for high school and college students as well as adult readers that contains more than 350 entries on a broad assortment of popular places in America. Covering places from Ellis Island to Fisherman's Wharf, the entries reflect the tremendous variety of sites, historical and modern, emphasizing the immense diversity and historical development of our nation. Readers will gain an appreciation of the historical, social, and cultural impact of each location and better understand how America has come to be a nation and evolved culturally through the lens of popular places. Approximately 200 sidebars serve to highlight interesting facts while images throughout the book depict the places described in the text. Each entry supplies a brief bibliography that directs students to print and electronic sources of additional information. Enables readers to perceive how their lives have been influenced by everyday places in the past, from centuries ago to the modern era Provides unique and enlightening insights through a comprehensive overview of the history, contemporary perspectives, and pop culture influences of places across America Spotlights historic locations central to films, television, music, and daily life to teach students about American history and culture through topics that interest them

An Introduction to Popular Culture in the US

Winner of the Popular Culture Association's 2018 John G. Cawelti Award for the Best Textbook / Primer What is popular culture? Why study popular culture in an academic context? An Introduction to Popular Culture in the US: People, Politics, and Power introduces and explores the history and

contemporary analysis of popular culture in the United States. In situating popular culture as lived experience through the activities, objects, and distractions of everyday life, the authors work to broaden the understanding of culture beyond a focus solely on media texts, taking an interdisciplinary approach to analyze American culture, its rituals, beliefs, and the objects that shape its existence. After building a foundation of the history of popular culture as an academic discipline, the book looks broadly at cultural myths and the institutional structures, genres, industries, and people that shape the mindset of popular culture in the United States. It then becomes more focused with an examination of identity, exploring the ways in which these myths and mindset are internalized, practiced, and shaped by individuals. The book concludes by connecting the broad understanding of popular culture and the unique individual experience with chapters dedicated to the objects, communities, and celebrations of everyday life. This approach to the field of study explores all matters of culture in a way that is accessible and relevant to individuals in and outside of the classroom.

The Routledge Handbook of Popular Culture and Tourism

This handbook provides a comprehensive overview and holistic analysis of the intersection between tourism and popular culture. It examines current debates, questions and controversies of tourism in the wake of popular culture phenomena and explores the relationships between popular culture, globalization, tourism and mobility. In addition, it offers a cross-disciplinary, cutting edge review of the character of popular cultural production and consumption trends, analyzing their consequences for tourism, spatial strategies and destination competitiveness. The scope of the volume encompasses various expressions of popular culture such as cinema, TV shows, music, literature, sports and heritage. Featuring a mix of theoretical and empirical chapters, the handbook problematizes and conceptualizes the ties and clusters of popular cultural actors, thereby positioning tourism within the wider context of creative economies, cultural planning and multimodal technologies. Written by an international team of academics with expertise in a range of disciplines, this timely book will be of interest to researchers from a variety of subjects including tourism, events, geography, cultural studies, fandom research, political economy, business, media studies and technology.

With Amusement for All

The Routledge Companion to Religion and Popular Culture

Religion and popular culture is a fast-growing field that spans a variety of disciplines. This volume offers the first real survey of the field to date and provides a guide for the work of future scholars. It explores: key issues of definition and of methodology religious encounters with popular culture across media, material culture and space, ranging from videogames and social networks to cooking and kitsch, architecture and national monuments representations of religious traditions in the media and popular culture, including important non-Western spheres such as Bollywood This Companion will serve as an enjoyable and informative resource for students and a stimulus to future scholarly work.

Made In America

'Funny, wise, learned and compulsive' - GQ Bill Bryson turns away from travelling the highways and byways of middle America, so hilariously depicted in his bestselling *The Lost Continent*, *The Life and Times of the Thunderbolt Kid* and *Notes from a Big Country*, for a fast, exhilarating ride along the Route 66 of American language and popular culture. In *Made in America*, Bryson tells the story of how American arose out of the English language, and along the way, de-mythologizes his native land - explaining how a dusty desert hamlet with neither woods nor holly became Hollywood, how the Wild West wasn't won, why Americans say 'lootenant' and 'Toosday', how they were eating junk food long before the word itself was cooked up - as well as exposing the true origins of the words G-string, blockbuster, poker and snafu. 'A tremendously sassy work, full of zip, pizzazz and all those other great American qualities' Will Self, *Independent on Sunday*

Major Problems in American Popular Culture

Research on popular culture is a dynamic, fast-growing domain. In scholarly terms, it cuts across many areas, including communication studies, sociology, history, American studies, anthropology, literature, journalism, folklore, economics, and media and cultural studies. The *Routledge Companion to Global Popular Culture* provides an authoritative, up-to-date, intellectually broad, internationally-aware, and conceptually agile guide to the most important aspects of popular culture scholarship. Specifically, this Companion includes: interdisciplinary models and approaches for analyzing popular culture; wide-ranging case studies; discussions of economic and policy underpinnings; analysis of textual manifestations of popular culture; examinations of political, social, and cultural dynamics; and discussions of emerging issues such as ecological sustainability and labor. Featuring scholarly voices from across six continents, *The Routledge Companion to Global Popular Culture* presents a nuanced and wide-ranging survey of popular culture research.

The Routledge Companion to Global Popular Culture

This book offers an exploration of the comprehensive impact of the events of September 11, 2001, on every aspect of American culture and society. On Thanksgiving day after September 11, 2001, comic strip creators directed readers to donate money in their artwork, generating \$50,000 in relief funds. The world's largest radio network, Clear Channel, sent a memo to all of its affiliated stations recommending 150 songs that should be eliminated from airplay because of assumptions that their lyrics would be perceived as offensive in light of the events of 9/11. On the first anniversary of September 11th, choirs around the world performed Mozart's Requiem at 8:46 am in each time zone, the time of the first attack on the World Trade Center. These examples are just three of the ways the world—but especially the United States—responded to the events of September 11, 2001. Each chapter in this book contains a chronological overview of the sea of changes in everyday life, literature, entertainment, news and media, and visual culture after September 11. Shorter essays focus on specific books, TV shows, songs, and films.

September 11 in Popular Culture

A comprehensive, informal overview of world history and popular culture. *Popular Culture: From Cavespace to Cyberspace* traces the history of people's cultures from primitive to postmodern times. Educational, informative, and absorbing, this book contains interesting facts on such figures as King Tut, Henry Ford, Bill Gates, and Madonna, linking you to the world, past and present. *Popular Culture* highlights important historical events such as the American, French, Russian, and Chinese Revolutions while examining world-changing social movements. You will go on a journey through time, exploring the cultures of the world, venturing from cavespace to tomb space, to temple space, then medieval space, to modern space and post-modern epochs, and finally to cyberspace. While moving through cultural history, you will explore such stories and discoveries as: the 1991 discovery of Ötzi the Ice Man, who is 5,300 years old the legends of the Greeks, Romans, Egyptians, and Americans who or what turned on the light to the Dark Ages the impact of René Descartes: "I think, therefore I am," and the inspiration of the Enlightenment modernism and the determination to be up to date the incredible 20th century that McDonaldized the world postmodernism and its technology cyburbia and globalism *Popular Culture* contains a wide collection of stories covering cultural phenomena such as Tutmania, the Crusades, the Ninja Turtles, Hamburger University, elitism, Shakespeare, America's Frontier Thesis,

The Global Village, and the coming millennium. You will be intrigued by the plethora of fascinating links that Professor Fishwick makes in this comprehensive guide to ever-changing popular culture.

Popular Culture

This book focuses on the ways in which North American Muslim women artists "talk back" to dominant discourses about Muslim identity and work to counter mainstream stereotypes and representations. It examines the possibilities of constructing discourses of resistance to domination. Against a backdrop of dominant media representations of oppressed and passive Muslim women, the media interventions of the exceptional women artists whose voices are showcased in this book, demonstrate that Muslim women are diverse and autonomous agents who have, historically, and continue contemporarily, to fight against all forms of injustice including those that seek to circumscribe their realities and experiences. To explore expressions and articulations of alternative discourses, this book analyzes the media texts of exceptional women artists: the stand-up comedy of Palestinian-American Maysoon Zayid, the cinematic interventions of Iranian-American Shirin Neshat, and the television comedy of Pakistani-Canadian Zarqa Nawaz. Using a methodology consisting of a textual analysis grounded in the theoretical framework of postcolonial theory and informed by gender studies and alternative media research, the analysis is supplemented with semi-structured interviews with the artists. This book is suitable for scholars and students in Gender Studies, Media Studies, Cultural Studies, Sociology, and Politics.

North American Muslim Women Artists Talk Back

MAJOR PROBLEMS IN AMERICAN POPULAR CULTURE follows the highly successful Major Problems format. Each chapter comprises essays and documents that focus on a particular aspect of American popular culture. These essays and documents will prompt students to think about the centrality of popular culture in American life and its powerful role in forging identity, historical memory, and relationships among consumers, producers, citizens, and the state. They reinforce the idea that popular culture is the ground on which cultural and social transformations are worked. Race and class are at the center of the analysis, and these categories, along with gender and nationalism, thread through the chapters. They all argue for seeing popular audiences as active creators rather than passive receivers of popular culture. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Major Problems in American Popular Culture

The 1960s continue to be the subject of passionate debate and political controversy, a touchstone in struggles over the meaning of the American past and the direction of the American future. Amid the polemics and the myths, making sense of the Sixties and its legacies presents a challenge. This book is for all those who want to take it on. Because there are so many facets to this unique and transformative era, this volume offers multiple approaches and perspectives. The first section gives a lively narrative overview of the decade's major policies, events, and cultural changes. The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution, followed by a concise encyclopedia articles organized alphabetically. This section could stand as a reference work in itself and serves to supplement the narrative. Subsequent sections include short topical essays, special subjects, a brief chronology, and finally an extensive annotated bibliography with ample information on books, films, and electronic resources for further exploration. With interesting facts, statistics, and comparisons presented in almanac style as well as the expertise of prominent scholars, The Columbia Guide to America in the 1960s is the most complete guide to an enduringly fascinating era.

Popular Culture in American History

We can do little to escape the experience of the United States of America through many media: TV, pop music, youth culture, Hollywood, fast food. How do these traces and images affect us? Do we internalize them, want to be American? Do we (can we?) resist them? Is our desire for them a symptom of European pop culture's crisis? From black face minstrelsy, rap music and fiction to McDonald's, rock festivals and Star Trek, the cultural conception of America is critically unpacked by contributors from Europe, Israel and the USA. McKay rounds off the picture by offering a comprehensive introduction that explains theoretical approaches to Americanization from the thesis of Yankee cultural imperialism to America as site of liberation or fantasy.

The Columbia Guide to America in the 1960s

Americans are still fascinated by the romantic notion of the "noble savage," yet know little about the real Native peoples of North America. This two-volume work seeks to remedy that by examining stereotypes and celebrating the true cultures of American Indians today. The two-volume *American Indians and Popular Culture* seeks to help readers understand American Indians by analyzing their relationships with the popular culture of the United States and Canada. Volume 1 covers media, sports, and politics, while Volume 2 covers literature, arts, and resistance. Both volumes focus on stereotypes, detailing how they were created and why they are still allowed to exist. In defining popular culture broadly to include subjects such as print advertising, politics, and science as well as literature, film, and the arts, this work offers a comprehensive guide to the important issues facing Native peoples today. Analyses draw from many disciplines and include many voices, ranging from surveys of movies and discussions of Native authors to first-person accounts from Native perspectives. Among the more intriguing subjects are the casinos that have changed the economic landscape for the tribes involved, the controversy surrounding museum treatments of American Indians, and the methods by which American Indians have fought back against pervasive ethnic stereotyping.

Yankee Go Home (& Take Me With U)

"The selection of essays here is outstanding. The Reader is particularly strong in bridging between founding figures and cutting edge work by newer writers." - Henry Jenkins, MIT "An extraordinarily well considered selection of articles and essays, arranged with skill and style." - Charlie Blake, University College Northampton *Popular Culture: A Reader* helps students understand the pervasive role of popular culture and the processes that constitute it as a product of industry, an intellectual object of inquiry and an integral component of all our lives. The volume is divided into 7 thematic sections, and each section is preceded by an introduction which engages with, and critiques, the chapters that follow. The book contains: Classic writings from all the 2big names2 including Raymond Williams, Stuart Hall, Walter Benjamin, Theodor Adorno, Frederic Jameson, Dick Hebdige, Angela McRobbie, Paul Gilroy and many more. Contemporary cultural references throughout - this is not simply an historical account. Pieces drawing on diverse national, disciplinary and subdisciplinary contexts. Sensitivity to issues of gender, race and sexuality. This reader is a key resource for students of media and communication studies, cultural studies, and the sociology of the media.

American Indians and Popular Culture [2 volumes]

Founded in 2004, the Games for Health Project supports community, knowledge and business development efforts to use cutting-edge games and game technologies to improve health and health care. The Games for Health Conference brings together researchers, medical professionals and game developers to share information about the impact of games, playful interaction and game technologies on health, health care and policy. Over two days, more than 400 attendees participate in over 60 sessions provided by an international array of 80+ speakers, cutting across a wide range of activities in health and health care. Topics include exergaming, physical therapy, disease management, health behavior change, biofeedback, rehab, epidemiology, training, cognitive health, nutrition and health education.

Popular Culture

This three-volume reference set explores the history, relevance, and significance of pop culture locations in the United States—places that have captured the imagination of the American people and reflect the diversity of the nation. *Pop Culture Places: An Encyclopedia of Places in American*

Popular Culture serves as a resource for high school and college students as well as adult readers that contains more than 350 entries on a broad assortment of popular places in America. Covering places from Ellis Island to Fisherman's Wharf, the entries reflect the tremendous variety of sites, historical and modern, emphasizing the immense diversity and historical development of our nation. Readers will gain an appreciation of the historical, social, and cultural impact of each location and better understand how America has come to be a nation and evolved culturally through the lens of popular places. Approximately 200 sidebars serve to highlight interesting facts while images throughout the book depict the places described in the text. Each entry supplies a brief bibliography that directs students to print and electronic sources of additional information.

Games for Health 2014

This second edition of American Culture includes contemporary events and provides an introduction to American civilization. Extracts are taken from diverse sources such as political addresses, articles, interviews, oral histories and advertisements. Edited by academics who are highly experienced in the study and teaching of American Studies across a wide range of institutions, this book provides: texts that introduce aspects of American society in a historical perspective primary sources and images that can be used as the basis for illustration, analysis and discussion linking text which stresses themes rather than offering a simple chronological survey. American Culture brings together primary texts from 1600 to the present day to present a comprehensive overview of, and introduction to, American culture.

Pop Culture Places [3 volumes]

This book examines the life and career of Michael Jordan, one of the greatest athletes in the history of sports, asking how he transcended his sport to become a canonical myth in popular culture. Drawing on work in sport studies, cultural studies, sociology, history, business, and media, this book helps us to understand how myths are made in modern society and highlights the importance of myths in a 'post truth' world. It unpacks the underlying 'monomythical' structure of the Jordan myth, including the universality of the 'hero's journey', and explores those features that are inherently American but that also carried Jordan to the status of a global superstar. This book traces the contours of his career and looks at how the intersection of commercial interests, media narratives, and supreme athletic talent, in a particular social, political, and historical context, generated a myth that continues to resonate today, long after the end of Jordan's playing career. Drawing on original research and adding new theoretical depth to our understanding of Michael Jordan's place in popular culture, this book is essential reading for anybody with an interest in the relationship between sport and wider society.

American Culture

A clear, comprehensive overview that examines how popular culture affects the construction of gendered identities. Up-to-date examples make key concepts and theories interesting and relevant for students. A mix of primary and secondary research creates a balanced yet original overview.

The Myth of Michael Jordan in Popular Culture

Approaches to American Cultural Studies provides an accessible yet comprehensive overview of the diverse range of subjects encompassed within American Studies, familiarising students with the history and shape of American Studies as an academic subject as well as its key theories, methods, and concepts. This book is supplemented by a companion website offering further material for study (www.routledge.com/cw/dallmann). Specifically designed for use on courses across Europe, it is a clear and engaging introductory text for students of American culture.

Gender and Popular Culture

US history gets the star treatment with this essential guide to the Smithsonian's first permanent exhibition on pop culture, featuring objects like Muhammad Ali's training robe, and Leonard Nimoy's Spock ears, and Dorothy's ruby slippers, oh my! Entertainment Nation is a star-studded and richly illustrated book celebrating the best of 150 years of US pop culture. The book presents nearly 300 breathtaking Smithsonian objects from the first long-term exhibition on popular culture, and features contributors like Billie Jean King, Ali Wong, and Jill Lepore. Entertainment Nation offers the glitz and glamour of Hollywood, the passion and grit of star athletes, the limelight of the music industry and theater, and the amazing entertainers we love to watch, with dazzling cultural touchstones like: Music

and Theater Lin-Manuel Miranda's Hamilton costume John Coltrane's saxophone Selena's leather outfit Film and Television Captain America's shield Mr. Roger's sweater Seinfeld's puffy shirt Sports Mia Hamm's Olympic jersey Kristi Yamaguchi's ice skates Babe Ruth autographed baseball The book includes essays that contextualize the objects' place in time and history, exploring how entertainment sparks conversation and debate, reveals social tensions and political power, and dictates who gets to be the hero or the villain. Taking a nostalgic look at old favorites and an exhilarating glimpse of contemporary attractions, Entertainment Nation is a love letter to pop culture.

Approaches to American Cultural Studies

Garbage in Popular Culture is the first book to explicitly link media discourse, consumer culture and the cultural politics of garbage in contemporary global society. It makes an original contribution to the areas of consumer culture studies, visual culture, media and communications, and cultural theory through a critical analysis of the ways in which waste and garbage are visually communicated in the public realm. Mehita Iqani examines three key themes evident in the global representation of garbage: questions of agency and activism, cultures of hedonism and luxury, and anxieties about devastation and its affect. Each theme is explored through a number of case studies, including zero-waste recycling campaigns communicated on Instagram, to fine art made with waste, popular entertainment festivals, tropical beach tourism, and films about oil spills and plastic waste in oceans. Iqani argues that we need a new vocabulary to think about what it means to be human in this new age of consumption-produced waste, and reflects on what rubbish allows us to learn about our relationship with the natural world.

Entertainment Nation

We take our news for granted: that it will inform us about the significant people and cite the authoritative ones, reflect the world the way it is, and tell us why something happens as it does. Now, six working journalists, press critics, and scholars at the leading edge of media criticism have been specially commissioned to make the familiar act of reading the news into a fresh and revealing event. Taking the famous "five W's and an H" (Who, What, When, Where, Why, and How), the authors turn these questions back on journalism for the first time to show us exactly what to make of the press. Leon V. Sigal Who? Sources Make the News Carlin Romano What? Grisly Truth about Bare Facts Michael Schudson When? Deadlines, Datelines, and History Where? Cartography, Community, and the Cold War James W. Carey Why And How? The Dark Continent of American Journalism Robert Karl Manoff Writing the News (By Telling the "Story") For everyone who reads the newspaper, for the journalist, and for the media critic alike, these essays offer fresh, provocative insights into a centerpiece of American culture, the news.

Garbage in Popular Culture

First ed. published under title: The image; or, What happened to the American dream. Includes index. Bibliography: p. 263-294.

Reading the News

This volume provides an innovative and timely approach to a fast growing, yet still under-studied field in Latin American cultural production: digital online culture. It focuses on the transformations or continuations that cultural products and practices such as hypermedia fictions, net.art and online performance art, as well as blogs, films, databases and other genre-defying web-based projects, perform with respect to Latin American(ist) discourses, as well as their often contestatory positioning with respect to Western hegemonic discourses as they circulate online. The intellectual rationale for the volume is located at the crossroads of two, equally important, theoretical strands: theories of digital culture, in their majority the product of the anglophone academy; and contemporary debates on Latin American identity and culture.

The Image

The highly acclaimed first edition of The Art of Democracy won the 1996 Ray and Pat Brown Award for "Best Book," presented by the Popular Culture Association.

Latin American Identity in Online Cultural Production

Rock Music in American Popular Culture III: More Rock 'n'Roll Resources explores the fascinating world of rock music and examines how this medium functions as an expression of cultural and social identity. This nostalgic guide explores the meanings and messages behind some of the most popular rock 'n'roll songs that captured the American spirit, mirrored society, and reflected events in our history. Arranged by themes, Rock Music in American Popular Culture III examines a variety of social and cultural topics with related songs, such as: sex and censorship--"Only the Good Die Young" by Billy Joel and "Night Moves" by Bob Seger and The Silver Bullet Band holiday songs--"Rockin'Around the Christmas Tree" by Brenda Lee and "The Christmas Song" by Nat King Cole death--"Leader of the Pack" by The Shangri-Las and "The Unknown Soldier" by The Doors foolish behavior--"When a Man Loves a Woman" by Percy Sledge and "What Kind of Fool" by Barbra Streisand and Barry Gibb jobs and the workplace--"Don't Stand So Close to Me" by The Police and "Dirty Laundry" by Don Henley military involvements--"Boogie Woogie Bugle Boy" by the Andrews Sisters and "War" by Edwin Starr novelty recordings--"The Purple People Eater" by Sheb Wooley and "Eat It" by Weird Al Yankovic letters and postal images--"P. S. I Love You" by The Beatles and "Return to Sender" by Elvis Presely In addition, a discography and a bibliography after each section give further examples of the themes and resources being discussed, as do extensive lists of print references at the end of the text.

The Art of Democracy

Western culture has long been fascinated by black women, but a history of enslavement and colonial conquest has variously labeled black women's bodies as "exotic" and "grotesque." In this remarkable cultural history of black female beauty, Janell Hobson explores the enduring figure of the "Hottentot Venus." In 1810, Saartjie Baartman was taken from South Africa to Europe, where she was put on display at circuses, salons, and museums and universities as the "Hottentot Venus." The subsequent legacy of representations of black women's sexuality-from Josephine Baker to Serena Williams to hip-hop and dancehall videos-continues to refer back to this persistent icon. This book analyzes the history of critical and artistic responses to this iconography by black women in contemporary photography, film, literature, music, and dance.

Rock Music in American Popular Culture III

Putting forward an alternative to the endless complaints about reality TV, throwaway movies and violent video games, this book shows that mass culture is actually more sophisticated and challenging than ever before.

The Anatomy of American Popular Culture, 1840-1861

This volume explores culture-bound syndromes, defined as a pattern of symptoms (mental, physical, and/or relational) experienced only by members of a specific cultural group and recognized as a disorder by members of those groups, and their coverage in popular culture. Encompassing a wide range of popular culture genres and mediums – from film and TV to literature, graphic novels, and anime – the chapters offer a dynamic mix of approaches to analyze how popular culture has engaged with specific culture-bound syndromes such as hwabyung, hikikomori, taijin kyofusho, zou huo ru mo, sati, amok, Cuban hysteria, voodoo death, and others. Spanning a global and interdisciplinary remit, this first-of-its-kind anthology will allow scholars and students of popular culture, media and film studies, comparative literature, medical humanities, cultural psychiatry, and philosophy to explore simultaneously a diversity of popular cultures and culturally rooted mental health disorders.

Research in Education

Covering places from Ellis Island to Fisherman's Wharf, the entries reflect the tremendous variety of sites, historical and modern, emphasizing the immense diversity and historical development of our nation. Readers will gain an appreciation of the historical, social, and cultural impact of each location and better understand how America has come to be a nation and evolved culturally through the lens of popular places.

This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The Pamphleteer

Les Relations entre l'Europe occidentale et les États-Unis d'Amérique

Il n'y a plus d'Amérique

The geological and osteological papers, published in 1812, of the influential early palaeontologist Georges Cuvier (1769-1832), discoverer of extinction.

Huit Mois En Amerique

The five elements - governmental authorities, public discourse, corporate and market interests, citizens' associations and international agencies - may help in figuring out the complex and challenging purpose of the research work presented in this volume which is nothing less than the history of the governance of cultural and natural heritage in eleven countries, from its outset to the present. Speaking about governance is challenging. The term has been vastly used and misused. But today, when the feverish popularity of the concept is probably in decline, we rest with one solid conviction at least: that social, economic, cultural and institutional processes are governed not only through government (be it national or local) with its legislative, administrative and jurisdictional mechanisms, but through a larger array of different actors and factors. These include schools and universities, citizens' associations, public opinion, economic corporations, non-governmental organizations, learned societies, unions, media, international agencies, clubs, consultants etc. In fact, the reader is going to meet quite a few of these actors in this publication; they are the unavoidable characters involved in the story the authors have set out to tell.

Les Relations entre l'Europe occidentale et les États-Unis d'Amérique

For nearly every important decision, we often receive the same advice: think for yourself. Such a statement assumes that rational thought is a type of "do-it-yourself project," that what a person thinks is derived from one's independent human existence. But there are some critical thinkers who challenge this assumption, showing the ways in which rational thought is molded and determined in forceful ways by various elements that lie outside the free choices of an individual. According to both Alexis de Tocqueville and Romano Guardini, structural elements within various cultures exhibit a distinct power over rational thought and dispose human persons to specific patterns of logic, and according to their evidence, what a person thinks is inextricably bound to their relationships. In this book, the social dimensions of rational thought can be more clearly seen, even by those conditioned to think that they can think for themselves.

United States Vs. Mexico in the Matter of the Case of the Pious Fund of the Californias

These interviews engage issues central to a real dialogue between French and American cultures. Each interview is annotated and followed by additional texts (literary, philosophical, sociological) aimed at broadening students' cultural background. A culture index and numerous graphs with sociological data also complete the interviews.

Papers Relating to the Foreign Relations of the United States

The texts collected in this volume unveil the practice and the methods of the translators and scholars who contributed to the reemergence of Yiddish in contemporary Canada. Each of the personalities discussed enlarged the historical position and interpreted various aspects of the Yiddish language in

Montreal that until recently remained obscure or inaccessible. -- Les textes rassemblés dans ce volume tentent de lever le voile sur la démarche et les méthodes des traducteurs et chercheurs qui ont contribué à la réémergence du yiddish dans le Canada contemporain. Ces traducteurs et chercheurs ont élargi l'assise historique et interprété de nombreux aspects de la langue yiddish à Montréal, aspects qui jusque-là demeuraient obscurs et inaccessibles.

L'HISTOIRE DE L'AMERIQUE

Chaque jour, ce sont près de sept enfants ou adolescents qui meurent par balle aux États-Unis. Cette statistique glaçante ne peut rendre compte à elle seule des vies détruites par les armes à feu, Gary Younge a donc décidé de raconter le destin des jeunes gens tués au cours d'une journée choisie au hasard. Ils sont dix à être abattus le 23 novembre 2013, dix enfants et adolescents âgés de 9 à 19 ans : sept noirs, deux hispaniques, un blanc. Gary Younge consacre un chapitre à chacune de ces victimes tuées par balle, parfois par accident, parfois lors d'un règlement de comptes : Jaiden, Kenneth, Stanley, Pedro, Tyler, Edwin, Samuel, Tyshon, Gary et Gustin. En recoupant les entretiens qu'il a menés avec leurs proches, les rapports de la police, du « 911 » et des journalistes locaux, il reconstitue la vie et les dernières minutes de ces jeunes, victimes de leur condition sociale, de la négligence des adultes, des lobbys. Vibrante immersion dans ces dix courtes vies, Une journée dans la mort de l'Amérique est un ouvrage aussi précis qu'intense. Gary Younge déploie tout son savoir-faire narratif pour nous immerger dans les États-Unis d'aujourd'hui et nous inviter à réfléchir, sans tabou, à cette tragédie américaine.
