Alphabet of Waves

There's nothing quite like those magical waves that roll in from the horizon, filled with energy from far, far away. Like snowflakes, no two are the same, leading surfers and sea-lovers to create a special language to describe them, depending on shape, size, power and location. That's what this surf-themed ABC book is about. From "A-Frames" that look like the first letter alphabet, to famed breaks like J-Bay and Trestles, 26 waves are playfully depicted and described with a wink that will make surfy parents smile.

Surfing the Alphabet

A 216mm x 216mm, 56 page, full colour paperback book for younger children that teaches the alphabet using basic surfing terminology, ie: B is for bottom turn, etc. Written and illustrated by Australian cartoonist Buddy Ross.

Surf Lesson Tips

Surfing is a surface water sport in which an individual, a surfer, uses a board to ride on the forward section, or face, of a moving wave of water, which usually carries the surfer towards the shore. Do you remember your thundering heartbeat on that first BIG day? Or the pure joy of those early morning paddle-outs with your original set of surf buddies? Or the uncertainty of splashing into a 45-degree winter ocean while encased in more rubber than the Creature from the Black Lagoon? Then spin your board around and drop into this captivating set of surf stories. But don't worry if you've never climbed into a Michelin Man-like layer of neoprene for a wintertime wave fix. All you need to enjoy Surf Lessons is your sense of adventure and a sense of humor. And be ready to shake the sand from your trunks and the water from your ears as you turn the final page.

The text is clear and understandable, broken down into logical step by step progressions, shedding light on the techniques used by the pros. And what better pro to demonstrate the required skills in beautifully photographed sequences than Kelly Slater, 11 times World Champ, who plays a starring role in this incredible book that has something for every surfer on the planet.

Afin que nos loisirs n'entravent pas la vie des océans et son rôle sur la Terre, une prise de conscience de la manière dont nous en profitons se révèle élémentaire. Life Comes in Waves #4

Mal du pays, regrets du passé. Ou regrets dans le passé. Sur l'axe temporel, Elle ne se définit qu'une fois. Un indice ? Nous parlons et enterrons le présent dans l'instant qui lui appartient. Sarcophage que nous laissons divaguer dans l'espoir de retrouver sa trace sur les bords d'un cours d'eau. La nostalgie ! Vous avez deviné ! Tout ne serait que pure coïncidence sans elle. Même les gestes les plus rudimentaires. L'homme divaguera au gré de ses humeurs. Sans constance, sans joie, sans projection vers l'avenir. Cette variable nécessaire priverait pêle-mêle, les enfants de l'amour des parents. Le monde professionnel de ses règles et de ses impondérables. Les banquiers et leurs clients d'une camaraderie au-dessus du « zéro euro ». Les politiciens de leurs appartenances idéologiques etc.... On se rappelle, et c'est tant mieux. Non sans y mettre à chaque fois une masse d'affect bien pesée. Mais c'est à l'école que nous devenons citoyen... Alors ! Que dire après cela ? Peut-être ai-je tort de choisir entre le roman et l'autobiographie ? Mais peut-être pas, en fin de compte. Car, ne parle-t-on pas de dimension romanesque, lorsque nous évoquons nos souvenirs d'antan ? Il n'y a qu'à écouter cette splendide chanson de Gilbert Bécaud, « La vente aux enchères » : « Moi qui ai des souvenirs à ne plus savoir qu'en faire. Venez assister messieurs, mesdames, à ma vente aux enchères ».
