

How Could She Do It

[#betrayal](#) [#unbelievable action](#) [#shocking truth](#) [#relationship crisis](#) [#trust issues](#)

Explore the compelling narrative behind 'How Could She Do It,' a story grappling with the profound impact of betrayal and an unbelievable action that shatters expectations. This gripping account uncovers the shocking truth at the heart of a deep relationship crisis, forcing characters and readers to confront profound trust issues and the complex motivations that lead to unforeseen consequences, leaving a lingering question about the path forward.

How Could She Do It?...?

We've all heard horror stories of sexual abuse, incest, and rape ... and we've heard stories even more horrific, wherein children are conceived in this violence and violation. But what happens when these children are born of children? Children who find themselves alone, afraid, and completely unprepared for a situation they never asked to be in? Even in a world where the most graphic images and ideas are instantly available at the touch of a button, infanticide remains a reality too harsh to discuss ... let alone try to comprehend. We see the headlines and ask ourselves what could possibly drive someone to commit such an act. But do we really want to know? In this astonishing true-life narrative, the first of its kind ever written, How Could She Do It takes us on a heart-breaking journey behind the headlines, written by a woman who has had to live with this guilt and regret for a lifetime.

How Could She?

At just five years old, Dana learned that there was no one she could trust. Most devastating of all, even her own mother betrayed her and in the most unimaginable way. For years, Dana and her younger sister suffered at the hands of one of Britain's largest ever-known paedophile rings. And their mother did nothing to protect them. Only now is Dana's nightmare coming to an end as she crusades to put her abusers behind bars. In June 2007 the truth was finally exposed. Dana bravely testified against her own mother. The woman who had subjected Dana and her sister to a lifetime of horror was sentenced to twelve years in prison. It was one of the most traumatic ordeals Dana has ever experienced. But a shocked world was finally forced to open its eyes to what happened to Dana. This is her story of survival.

How Could She Do It

Do you know how it feels to be double-crossed? Do you have secrets on top of secrets? Do you crave revenge? Then welcome to Kayla's world, where the lies and treachery never end....Order through CreateSpace and receive 10% off using this code: SKFUPJAK

How Could She

Named a Best Book of 2019 by Esquire and a Best Book of 2019 (So Far) by Real Simple and Glamour "Bitingly funny and often painfully realistic." --Entertainment Weekly "Brilliant. . . . Devastating, reliably hilarious." --Nylon "[A] compulsively readable page-turner." --Cosmopolitan An assured and savagely funny novel about three old friends as they navigate careers, husbands, an ex-fiancé, new suitors, and, most importantly, their relationships with one another After a devastating break-up with her fiancé, Geraldine is struggling to get her life back on track in Toronto. Her two old friends, Sunny and Rachel, left ages ago for New York, where they've landed good jobs, handsome husbands, and unfairly glamorous lives (or at least so it appears to Geraldine). Sick of watching from the sidelines, Geraldine decides to force the universe to give her the big break she knows she deserves, and moves to New York City. As she zigzags her way through the downtown art scene and rooftop party circuit, she discovers how hard it is to find her footing in a world of influencers and media darlings. Meanwhile, Sunny's life as an It Girl watercolorist is not nearly as charmed as it seemed to Geraldine from Toronto. And Rachel is trying to keep it together as a new mom, writer, and wife--how is it that she was more confident and successful at twenty-five than in her mid-thirties? Perhaps worst of all, why are Sunny and Rachel--who've always been suspicious of each other--suddenly hanging out without Geraldine? Hilarious and fiercely observed, *How Could She* is an essential novel of female friendship, an insider's look into the cutthroat world of New York media--from print to podcasting--and a witty exploration of the ways we can and cannot escape our pasts.
