A Doll's House

It's Christmastime in Norway, and Norma Helmer is preparing her lovely home for the holidays. A dainty, jovial woman, Norma is adored by her husband, Torvald, and their three children. But when an old friend comes to visit, Norma reveals that her life is not as carefree as it seems. Norma is keeping a secret from Torvald, a secret that would shatter his illusion of her as the perfect wife. But is she prepared to maintain that illusion for the rest of her life? This unabridged edition of Henrik Ibsen's provocative three-act play, originally published in 1879, explores the life of a 19th-century wife, ready to disregard social customs and financial security for a shot at independence.

Life in Miniature

A "comprehensive and enjoyable" guide to the centuries-long history of dolls' houses and how they illuminate our past (Books Monthly). Dolls' houses are tiny slices of social history that give us a fascinating glimpse into domestic life over the last three hundred years. Through text and photos, Nicola Lisle explores the origins and history of dolls' houses and their furnishings, from the earliest known dolls' house in sixteenth-century Bavaria to the present, and looks at how they reflect the architecture, fashions, social attitudes, innovations, and craftsmanship of their day. She discusses the changing role of dolls' houses and highlights significant events and people to give historical context, as well as taking a look at some of the leading dolls' house manufacturers such as Silber & Fleming and Lines Brothers Ltd (later Triang). Included are numerous examples of interesting dolls' houses, the stories behind them, and where to see them—including famous models such as Queen Mary's spectacular 1920s dolls' house at Windsor Castle. There is also a chapter on model towns and villages, which became popular in the twentieth century and also give us a window on the past by replicating real places or

capturing scenes typical of a bygone era, plus advice for dolls' house collectors, a detailed directory of places to visit, a timeline of dolls' house history, and recommended further reading.

A Doll's House

A revised Methuen Student Edition of the classic set text *A Doll's House* (1879), this is a masterpiece of theatrical craft that for the first time portrayed the tragic hypocrisy of Victorian middle-class marriage on stage. The play ushered in a new social era and exploded like a bomb into contemporary life.

The Dolls' House

Tottie is a loving little wooden doll who lives with her family in a shoebox. The doll family is owned by two sisters, Emily and Charlotte, and they are very happy, except for one thing: they long for a proper home. To their delight, their wish comes true when Emily and Charlotte fix up a Victorian dolls' house - just for them. It's perfect. But then a new arrival starts to wreak havoc in the dolls' house. For Marchpane might be a wonderfully beautiful doll, but she is also terribly cruel. And she always gets her own way . . . First published in 1947, Rumer Godden's classic *The Dolls' House* has been delighting children for years, and this beautiful edition, illustrated by Jane Ray, will delight future generations for years to come.

The Doll's House

Ibsen's best-known play displays his genius for realistic prose drama. An expression of women's rights, the play climaxes when the central character, Nora, rejects a smothering marriage and life in "a doll's house."

A Doll's House

The fascination with miniature objects continues to grow. One of the most popular forms of "life in miniature" throughout the ages has been the doll's house, which appeals to a great variety of people, including architects, collectors, children, historians, and antiquarians. A doll's house is a miniature representation of its place and time, and this fascinating account of dolls' houses and miniature furnishings covers four centuries and many countries: Holland, Germany, France, England, the United States. Additional information on examples of Scandinavian, Italian, Swiss, and Japanese houses is provided. World famous dolls' houses described at length include Queen Mary's doll house, complete in every detail down to miniature bottles of real champagne in the wine cellar; Colleen Moore's spectacular castle with its diamond chandelier and gold (monogrammed!) forks and knives; Titania's Palace which has been called "a museum-in-little of Italian art"; the Stettheimer doll house with its unique art gallery of miniature originals by famous modern artists. - Back cover.

A History of Dolls' Houses

In fact the current worldwide interest in dolls' houses by enthusiasts and museum departments alike can be traced directly to Vivien Greene's research in the post-war period. Since the 1940s, Vivien Greene has made hundreds of visits in pursuit of houses, recording their architecture and furnishings.

Part of the results of her analysis were published in her two early books *English Dolls' Houses of the Eighteenth and Nineteenth Centuries* and *Family Dolls' Houses*. Her.

The Complete Dolls' House Book

Romantic Writings is an ideal introduction to the cultural phenomenon of Romanticism - one of the most important European literary movements and the cradle of 'Modern' culture. Here you will find an accessible introduction to the well-known male Romantic writers - Blake, Wordsworth, Coleridge, Byron, Shelley and Keats. Alongside are chapters dealing with poems by Charlotte Smith, Mary Robinson, Ann Barbauld, Elizabeth Barrett Browning which challenge the idea that these men are the only Romantic writers. As a further counterpoint the book also includes discussion of two German Romantic short stories by Kleist and Hoffman. Throughout, close-reading of texts is matched by an insistence on reading them in their historical context. *Romantic Writings* offers invaluable discussions of issues such as the notion of the Romantic artist; colonialism and the exotic; and the particular situation of women writers and readers.

English Romantic Poetry

This Appreciation Of Orwell S Novels Has Basically Been Intended To Place The Novelist In The Humanistic Perspective. The Humanistic Urges Make Inroads Into The Human Psyche Which Show Up His Assertion Of Faith In The Human Endeavour. The Humanistic Urges Which Emanate From His Literary And Fictional Art, Enable Man To Make A Better Living On The Planet Earth Is The Basic Thrust Which The Book Projects Him As A Novelist Of Humanitarian Concern. Orwell S Portrayal Of Life, In All Its Varied Piquant Colours And Perspectives, Helps To Unroll His Perspicacity Of Incessant Love For The Downtrodden, The Plebeian And Above All For The Suffering Humanity. The Book Systematically Studies The Growth And Evolution Of Humanistic Movements Which Enabled Orwell To Envisage

That Revolutions Brought About In Terms Of The Socialistic And The Capitalistic Machinations Merely Annihilate Human Aspirations. It Is An Attempt To Emphasize Orwell S Anguish And Disillusionment Which He Faced During The Thirties. It Reveals His Aversion To The Sinister Pacific Designs Of Society. It Is A Depiction Of Orwell S Incessant Search For Man S Retrieval From The Pacifistic Cloister Of Totalitarian And Dictatorial Domains. The Book Lucidly Elevates Orwell As A Committed Writer, Committed To His Love For The Mankind And His Humanitarian Concern For A Meaningful Existence On The Planet Earth. George Orwell Is Ranked Along With The British Writers Like D.H. Lawrence, E.M. Forster And Graham Greene. What Is Striking Is That It Is A Systematic And Analytical Study Of Orwell S Novels, Essays, Letters, Travelogues And His Other Writings From The Humanistic Perspective. The Book Projects George Orwell Not Only As A Political Satirist Or A Polemicist But Also As A Complete Novelist And Connoisseur Of Varied Nuances Of Literature With His Firm Assertion In Man S Dignity And Human Potentialities (Nineteen Eighty Four; Animal Farm). His Other Novels Like Burmese Days, A Clergyman S Daughter, Coming Up For Air Are An Extended Metaphor Of His Deep And Profound Humanitarian Vision. Orwell S Novels Make For Rays Into The Humanistic Urges And Make Assertion Of Faith In The Inherent Potentialities Of Human Life For A Better Living On The Planet. Infact, The Book Intends To Expose Modern Pretence And Hypocrisy And Thus Brings Into Focus Orwell S Relentless Literary And Fictional Efforts Inculcated Against All Forms Of Evil Showing His Aversion To Both The Socialistic And Capitalistic Patterns Of Society. It Deals With The Realistic Exposition Of The Totalitarian And Dictatorial Powers Which Remain Hidden Inside The Whale. As George Orwell Felt The Smoldering Anguish Of The Thirties, His Concern For A Way Out To The Crisis Social, Moral, Political Even Existential Has Been Shared By Other Novelists Like Graham Greene, Evelyn Waugh, Aldous Huxley, C.P. Snow, Meyers, Rexwarner, John Wain, William Golding And Kingsley Amis. Relevance Of Orwell S Exploration Of The Exquisite Humanistic Urges And His Incessant Humanitarian Concern Is A Transcendental Reality Which Goes On To Remain Undiminished Even With The Turn Of The New Century And The Golden Millennium.

An engrossing record of Mao's impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord's concubine; her mother's struggles as a young idealistic Communist; and her parents' experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a "barefoot doctor," a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

Simple English Practice

The present book is intended to represent the first volume of a long series, which will be devoted to collect studies, proceedings, and papers in the field of Humanities. The title "Mantua Humanistic Studies" reminds us to a historical town in northern Italy, Mantua, that had been for a long time the capital of one of the most powerful and culturally influencing dynasties of the Renaissance: the Gonzaga family. Mantua has an extraordinary richness in terms of history, arts, and tradition of studies, and is now one of the main Unesco Heritage sites. Among the artists who have left their masterworks in the city, we can find Pisanello, Andrea Mantegna, Leon Battista Alberti, Giulio Romano, Rubens, Titian, and many others. Even if in the time of the Gonzagas the city had a strong history of humanistic studies, mainly established by the great teacher Vittorino Da Feltre, during the following centuries Mantua gradually lost great part of its cultural influence, especially after the end of the leading dynasty at the beginning of the 18th Century. Maybe the only real exception was the renowned "Accademia Nazionale Virgiliana". Nevertheless, in very recent years some Italian Academic Institutions and Universities have rediscovered the cultural importance of the town, and they moved here with some of their Bachelor and Master degrees: the Politecnico of Milano, the University of Verona and, in 2018, the University of Modena and Reggio Emilia. More and more students are moving into our old city every year, and the future could really be bright in the terms of culture, teaching, and research. "Mantua Humanistic Studies" would like to be a small – but maybe not useless – contribution to what could be a "second Renaissance" for the capital of the Gonzagas, offered by a small but active Scientific Publishing House which was born and still operates in this small but incredible town.

Vi sono anche illustrazioni da colorare e semplici giochi per alunni con qualunque livello di competenza linguistica. La lingua straniera è portatrice di cultura altra e quindi concorre a formare giovani capaci di vivere in una società che diventa ogni giorno più multietnica. TEACHER'S KIT Il Teacher's KIT contiene il teacher's book con i lesson plan, e tutti i materiali in dotazione agli studenti: i tre lapbook, corredati del disfalibro con gli elementi da ritagliare ed eventualmente completare per costruirli, e il workbook operativo con i compiti da svolgere a casa. **TEACHER'S BOOK** Nel teacher's book sono forniti i lesson plan per ognuno dei tre macro-argomenti, sviluppati alla luce delle Indicazioni nazionali per il curricolo e dell'esigenza di poter affrontare i contenuti a spirale, con diversi livelli di approfondimento, e modularmente in base alle necessità. I lesson plan seguono sempre una struttura in tre fasi: ricognizione delle conoscenze e abilità pregresse, che ha la funzione di anticipare l'argomento; descrizione dell'attività didattica vera e propria, che dà ampio spazio alle esperienze quotidiane degli alunni e all'apprendimento laboratoriale e cooperativo; condivisione del lavoro in coppia e/o in gruppo. Il teacher's book contiene inoltre indicazioni rispetto agli obiettivi connessi alle «4 C» (Content, Communication, Cognition, Culture), infografiche per la costruzione dei lapbook e materiali per la valutazione e la verifica finali. **WORKBOOK** Il workbook è un quaderno operativo pensato per il consolidamento degli apprendimenti e lo studio individuale. Propone una serie di esercizi, che il docente assegnerà come compiti a casa, che riprendono contenuti e strutture linguistiche affrontati e utilizzati in classe. Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. This volume of bilingual essays from renowned European scholars outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization, or the end of the explicit endeavor to "Europeanize" the world. From the decline of the Roman Empire to the polycentrism of today's world, the essays span such aspects as the confrontation of Christian Europe with Islam and the changing role of the Mediterranean from "mare nostrum" to a frontier between nations. Scandinavia, eastern Europe and the Atlantic are also analyzed as boundaries in the context of exploration, migratory movements, cultural exchanges, and war. The Boundaries of Europe, edited by Pietro Rossi, is the first installment in the ALLEA book series Discourses on Intellectual Europe, which seeks to explore the question of an intrinsic or quintessential European identity in light of the rising skepticism towards Europe as an integrated cultural and intellectual region.

The illegitimate son of a fortune teller, Ezio Comparoni (1920-52) never knew his father, rarely left his home town, and admitted no one to his home. His deliberate obscurity was compounded by his use of many pseudonyms, including Silvio d'Arzo, under which he wrote the remarkable novella and three stories collected in *The House of Others*. The novella *The House of Others* is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on "special cases"--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

Billy Elliot

An extraordinary literary event, a major new novel by the PEN/Faulkner winner and acclaimed master: a sweeping, seductive, deeply moving story set in the years after World War II. From his experiences as a young naval officer in battles off Okinawa, Philip Bowman returns to America and finds a position as a book editor. It is a time when publishing is still largely a private affair—a scattered family of small houses here and in Europe—a time of gatherings in fabled apartments and conversations that continue long into the night. In this world of dinners, deals, and literary careers, Bowman finds that he fits in perfectly. But despite his success, what eludes him is love. His first marriage goes bad, another fails to happen, and finally he meets a woman who enthralls him—before setting him on a course he could never have imagined for himself. Romantic and haunting, *All That Is* explores a life unfolding in a world on the brink of change. It is a dazzling, sometimes devastating labyrinth of love and ambition, a fiercely intimate account of the great shocks and grand pleasures of being alive.

CLIL with LAPBOOK - SCIENCE Classe terza

If an entire nation could seek its freedom, why not a girl? As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom. From acclaimed author Laurie Halse Anderson comes this compelling, impeccably researched novel that shows the lengths we can go to cast off our chains, both physical and spiritual.

"In a real dark night of the soul it is always three o'clock in the morning." - F. Scott Fitzgerald A coming-of-age novel—a heady union of *Before Sunrise* and *Beautiful Ruins*—about a father and his teenage son who are forced to spend two sleepless nights exploring the city of Marseilles, a journey of unexpected adventure and profound discovery that helps them come to truly know each other. Antonio is eighteen years old and on the cusp of adulthood. His father, a brilliant mathematician, hasn't played a large part in his life since divorcing Antonio's mother but when Antonio is diagnosed with epilepsy, they travel to Marseille to visit a doctor who may hold the hope for an effective treatment. It is there, in a foreign city, under strained circumstances, that they will get to know each other and connect for the first time. A beautiful, gritty, and charming port city where French old-world charm meets modern bohemia, father and son stroll the streets sharing strained small talk. But as the hours pass and day gives way to night, the two find themselves caught in a series of caffeine-imbued adventures involving unexpected people (and unforeseen trysts) that connect father and son for the first time. As the two discuss poetry, family, sex, math, death, and dreams, their experience becomes a mesmerizing 48-hour microcosm of a lifetime relationship. Both learn much about illusions and regret, about talent and redemption, and, most of all, about love. Elegant, warm, and tender, set against the vivid backdrop of 1980s Marseille and its beautiful *calanques*—a series of cliffs and bays on the city's outskirts—*Three O'Clock in the Morning* is a bewitching coming-of-age story imbued with nostalgia and a revelatory exploration of time and fate, youth and adulthood. Despite the fact that it seems to represent an issue directly connected with the question of where legal history is heading today, it still has not been the object of a focused inquiry. Against this background, the book's proposal consists in rethinking key confluences related to this problem in order to provide coordinates for a collective understanding and dialogue. The aim of this volume, however, is not to offer abstract methodological considerations, but rather to rely both on concrete studies, out of which a reflection on this conjunction emerges, as well as on the reconstruction of certain research lines featuring a spatiotemporal component. This analytical approach makes a contribution by providing some suggestions for the employment of space and time as coordinates for legal history. Indeed, contrary to those historiographical attitudes reflecting a monistic conception of space and time (as

well as a Eurocentric approach), the book emphasises the need for a delocalized global perspective. In general terms, the essays collected in this book intend to take into account the multiplicity of the spatiotemporal confines, the flexibility of those instruments that serve to create chronologies and scenarios, as well as certain processes of adaptation of law to different times and into different spaces. The spatiotemporal dynamism enables historians not only to detect new perspectives and dimensions in foregone themes, but also to achieve new and compelling interpretations of legal history. As far as the relationship between space and law is concerned, the book analyses experiences in which space operates as a determining factor of law, e.g. in terms of a field of action for law. Moreover, it outlines the attempted scales of spatiality in order to develop legal historical research. With reference to the connection between time and law, the volume sketches the possibility of considering the factor of time, not just as a descriptive tool, but as an ascriptive moment (quasi an inner feature) of a legal problem, thus making it possible to appreciate the synchronic aspects of the 'juridical experience'. As a whole, the volume aims to present spatiotemporality as a challenge for legal history. Indeed, reassessing the value of the spatiotemporal coordinates for legal history implies thinking through both the thematic and methodological boundaries of the discipline."

The Boundaries of Europe

Part one of an unusual and astonishing new fantasy trilogy that blends fine literary fare with a terrific romp through the reimagined outskirts of Victorian-era London In the imaginary borough of Filching, the extensive Iremonger family ("kings of mildew, moguls of mould") have made a fortune from junk, building a dark and sprawling mansion from salvage scrap. Heap House is surrounded by the dangerous, noxious, shifting Heaps that stretch beyond its bounds. And within its walls, certain objects begin to display strange signs of life. Young Clod Iremonger is about to be "trouserred" and betrothed (unwillingly) to his cousin Pinalippy when he meets the plucky orphan servant Lucy Pennant, with whose help he begins to uncover the dark secrets of his family's empire. Mystery, romance and the perils of the Heaps await! Gorgeously (and ghoulishly) illustrated by the author, Heap House is peopled with unforgettable characters with delightfully skewed names--anxious, animal-loving Tummis with his pet seagull; menacing cousin Moorcus; dreadful Aunt Rosamud and more. As Carey writes, "Every life is thick with rubbish, but the Iremongers did it with a difference."

Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research. Interest in translation and music, however, has so far been relatively limited, mainly because translation of musical material has been considered somewhat outside the limits of translation studies, as traditionally conceived. Difficulties associated with issues such as the 'musicality' of lyrics, the fuzzy boundaries between translation, adaptation and rewriting, and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this area to overt and canonized translations such as those done for the opera. Yet the intersection of translation and music can be a fascinating field to explore, and one which can enrich our understanding of what translation is and how it relates to other forms of expression. This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies, and to an extent, within musicology and cultural studies. The volume includes contributions from a wide range of musical genres and languages: from those that investigate translation and code-switching in North African rap and rai, and the intertextual and intersemiotic translations revolving around Mahler's lieder in Chinese, to the appropriation and after-life of Kurdish folk songs in Turkish, and the emergence of rock'n roll in Russian. Other papers examine the reception of Anglo-American stage musicals and musical films in Italy and Spain, the concept of 'singability' with examples from Scandinavian languages, and the French dubbing of musical episodes of TV series. The volume also offers an annotated bibliography on opera translation and a general bibliography on translation and music.

The House of Others

This ethnographic study explores aspects of bilingual education in two early childhood German–English education centres in Australia. Using various sources of data and multiple methods of analysis, it investigates the processes at work when establishing and implementing a bilingual programme and examines the language attitudes, ideologies and practices of the parents, educators and administrators involved. It addresses the complex relationship between the childcare provider and its clientele in

its socio-political context in an attempt to arrive at a broader understanding of institutional bilingual education in early childhood. The book will be of interest to graduate students and researchers in bilingual education, language ideology and early childhood education studies, as well as to teachers, trainee teachers and childcare providers.
