Letters Written During the Civil War, 1861-1865 - War College Series

This is a curated and comprehensive collection of the most important works covering matters related to national security, diplomacy, defense, war, strategy, and tactics. The collection spans centuries of thought and experience, and includes the latest analysis of international threats, both conventional and asymmetric. It also includes riveting first person accounts of historic battles and wars. Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world. As with any reproduction of a historical artifact, some of these books contain missing or blurred pages, poor pictures, errant marks, etc. We believe these books are essential to this collection and the study of war, and have therefore brought them back into print, despite these imperfections. We hope you enjoy the unmatched breadth and depth of this collection, from the historical to the just-published works.

Letters Written During the Civil War, 1861-1865

Excerpt from Letters Written During the Civil War, 1861-1865 The Second Massachusetts Infantry Regiment was organized in April, 1861, immediately after the firing on Fort Sumter. Colonel George H. Gordon, Lieutenant-Colonel George L. Andrews and Major Wilder Dwight were the active spirits in creating the organization and in securing the acceptance of the regiment by the Secretary of War prior to the first call for troops by President Lincoln, May 4, 1861. The regiment was mustered into the military service of the United States in the month of May, 1861, at Camp Andrew, West Roxbury. It remained at this camp for drill and instruction about two months, and left Boston for the seat of War in Virginia, July 8, 1861. These letters, written to members of my family, record my experiences as an officer of this regiment during its term of service, from May, 1861, to July, 1865. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Civil War Letters, 1861 to 1865

Excerpt from Letters of a Family During the War for the Union 1861-1865, Vol. 2 We have just been transferred to this big boat, while the Wilson Small goes for repairs. This boat will accommodate four or five hundred men in bunks, now being put up by the carpenter and filled with mattresses stuffed by the "Lost Children" who are garrisoning York-town... May 18. My entry was broken short by the arrival of 160 men for the Knickerbocker, and we were once more very busy. They were all fed, - numbered, and recorded by name, (Charley's work), and put to bed. Next morning arrived 115 more, for whom the Elizabeth with Miss Wormeley, Miss Gilson, and two men of the staff had been sent up Queen's Creek - tired, miserable fellows, who had been lying in the wet and jolted over horrible roads. There was another tugboat full, too, and Mrs. Griffin and I took charge of both till the men were moved into the Knickerbocker. Letters of a Family During the War for the Union 1861-1865, Vol. 2 (Classic Reprint)

Excerpt from Army Letters, 1861-1865: Being Extracts From Private Letters to Relatives and Friends From a Soldier in the Field During the Late Civil War, With an Appendix Containing Copies of Some Official Documents, Papers and Addresses of Later Date During this period of four and one-half years he wrote, at short intervals, letters to relatives and friends, describing his experiences as a private soldier and officer. Some of these letters have been collected and printed in this volume with a view to preserving for his children and friends a record of a soldier's life in the time of the Civil War They are printed exactly as written, without alteration or addition. Some paragraphs of purely personal nature, or which have no reference to army life, have been omitted. It may be thought that many others might have been left out with advantage, but the purpose of presenting as accurately as possible the life of a soldier, and the ideas and motives which actuated him as revealed in his letters, would not be so well served by such omission. This volume is printed for private circulation only. The letters have no literary merit. Little will be expected in this respect from a young man whose education was limited to such instruction as he could obtain in district schools and village academies before completing his sixteenth year. No apology is made for crude or even coarse expressions, because to change the letters in any respect would be to destroy any value they may have. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. CIVIL WAR LETTERS 1861 TO 1865

90 uncensored letters humanize the war from the ground up, dramatize its personal impact and reveal the moral certitude of each side. Rare archival photos.

Letters of a Family During the War for the Union. 1861-1865...

Excerpt from Union College Alumni in the Civil War, 1861-1865 The preparation of this Record has been a great pleasure because of the feeling that simple justice was being done those who served in the Civil War. It was intended to be a compilation of Official Records and is to a great degree, but some information, which seemed fairly reliable, could not be confirmed from official sources. Such records will be easily recognized by the absence of official dates. The Collegiate and honor degrees are given as of last known records. When officers stayed in the service after the war that fact is indicated. Brevet appointments were made "for gallant and meritorious services," which is implied where not stated. It is hoped that the publication of this highly creditable Civil War record of Union's Alumni will lead to the erection of a Permanent Memorial at the College. "Yea, let all good things await Him who cares not to be great But as he saves or serves the state. Not once or twice in our rough island-story The path of duty was the way to glory." About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Letters of a Family During the War for the Union, 1861-1865 .. - Scholar's Choice Edition

The Civil War stands vivid in the collective memory of the American public. There has always been a profound interest in the subject, and specifically of Blacks' participation in and reactions to the war and the war's outcome. Almost 200,000 African-American soldiers fought for the Union in the Civil War. Although most were illiterate ex-slaves, several thousand were well educated, free black men from the northern states. The 129 letters in this collection were written by black soldiers in the Union army during the Civil War to black and abolitionist newspapers. They provide a unique expression of the black voice that was meant for a public forum. The letters tell of the men's experiences, their fears, and their hopes. They describe in detail their army days--the excitement of combat and the drudgery of digging trenches. Some letters give vivid descriptions of battle; others protest racism; still others call eloquently for civil rights. Many describe their conviction that they are fighting not only to free the slaves but to earn equal rights as citizens. These letters give an extraordinary picture of the war and also reveal the bright expectations, hopes, and ultimately the demands that black soldiers had for the future--for themselves and for their race. As first-person documents of the Civil War, the letters are strong statements of the American dream of justice and equality, and of the human spirit.

Army Letters, 1861-1865. Being Extracts from Private Letters to Relatives and Friends from a Soldier in the Field During the Late Civil War, with an Appendix Containing Copies of Some Official Documents, Papers and Addresses of Later Date

The Sound of the Mountain

"The apparently fixed constellations of family relationships, the recurrent beauties of nature, the flaming or flickering patterns of love and lust—all the elements of Kawabata's fictional world are combined in an engrossing novel that rises to the incantatory fascination of a N-M drama." —Saturday Review Few novels have rendered the predicament of old age more beautifully than *The Sound of the Mountain*. For in his portrait of an elderly Tokyo businessman, Yasunari Kawabata charts the gradual, reluctant narrowing of a human life, along with the sudden upsurges of passion that illuminate its closing. By day Ogata Shingo is troubled by small failures of memory. At night he hears a distant rumble from the nearby mountain, a sound he associates with death. In between are the relationships that were once the foundation of Shingo's life: with his disappointing wife, his philandering son, and his daughter-in-law Kikuko, who instills in him both pity and uneasy stirrings of sexual desire. Out of this translucent web of attachments—and the tiny shifts of loyalty and affection that threaten to sever it irreparably—Kawabata creates a novel that is at once serenely observed and enormously affecting. Translated from the Japanese by Edward G. Seidensticke

The Sound of the Mountain

Nobel Prize winner Yasunari Kawabata's *The Sound of the Mountain* is a beautiful rendering of the predicament of old age — the gradual, reluctant narrowing of a human life, along with the sudden upsurges of passion that illuminate its closing. By day Ogata Shingo, an elderly Tokyo businessman, is troubled by small failures of memory. At night he associates the distant rumble he hears from the nearby mountain with the sounds of death. In between are the complex relationships that were once the foundations of Shingo's life: his trying wife; his philandering son; and his beautiful daughter-in-law, who inspires in him both pity and the stirrings of desire. Out of this translucent web of attachments, Kawabata has crafted a novel that is a powerful, serenely observed meditation on the relentless march of time.

First Snow on Fuji

The stories of Yasunari Kawabata evoke an unmistakably Japanese atmosphere in their delicacy, understatement, and lyrical description. Like his later works, *First Snow on Fuji* is concerned with forms of presence and absence, with being, with memory and loss of memory, with not-knowing. Kawabata lets us slide into the lives of people who have been shattered by war, loss, and longing. These stories are beautiful and melancholy, filled with Kawabata's unerring vision of human psychology. *First Snow on Fuji* was originally published in Japan in 1958, ten years before Kawabata received the Nobel Prize. Kawabata selected the stories for this collection himself, and the result is a stunning assembly of disparate moods and genres. This new edition is the first to be published in English.

Palm-of-the-Hand Stories

Collection of short stories written over the entire span of Kawabata's career. These stories, he felt, represented the essence of his art and reflect his abiding interest in the miniature, the wisp of plot reduced to the essential. --Adapted from publisher description.

Blue Eyed Salaryman

Why on earth would anyone give up a life on the open road for the regimen of a vast Japanese conglomerate? And is it really so different in Japan from everywhere else? Niall Murtagh spent years as a world traveller - hitchhiking to Istanbul, bussing to Kathmandu and crossing the Atlantic in a home-built yacht. In 1986 he closed the door on his adventurous life and settled down in Japan, eventually joining Mitsubishi as a Salaryman - a man in a shiny suit with a shiny attache case in a conglomerate with 100,000 employees. And what happens when you give up the Salaryman life? The book follows life after the corporation, giving fresh perspectives on the nature of Japanese business culture and the problems faced by outsiders in Japan.

The Sound of the Mountain

The exquisite last novel from Nobel Prize-winning author Yasunari Kawabata Ineko has lost the ability to see things. At first it was a ping-pong ball, then it was her fiancé. The doctors call it 'body blindness', and she is placed in a psychiatric clinic to recover. As Ineko's mother and fiancé walk along the riverbank after visiting time, they wonder: is her condition a form of madness - or an expression of love? Exploring the distance between us, and what we say without words, Kawabata's transcendent final novel is the last word from a master of Japanese literature. 'Lusciously peculiar' Paris Review

Dandelions

Kikuji has been invited to a tea ceremony by a mistress of his dead father. He is shocked to find there the mistress's rival and successor, Mrs. Ota, and that the ceremony has been awkwardly arranged for him to meet his potential future bride. But he is most shocked to be drawn into a relationship with Mrs. Ota - a relationship that will bring only suffering and destruction to all of them. Thousand Cranes reflects the tea ceremony's poetic precision with understated, lyrical style and beautiful prose.

Thousand Cranes

"Daniel Randolph Deal is a Southern aristocrat, having the required bloodline, but little of the nobility. A man resistant to the folly of ethics, he prefers a selective, self-indulgent morality. He is a confessed hedonist, albeit responsibly so."--Back cover

The New Southern Gentleman

A twisty psychological thriller with "the ingenious structure and leaps in time and memory of a Christopher Nolan movie" from an award-winning director (Camden New Journal). Ross Blackleigh is on trial for four crimes which he insists he didn't commit. A detective inspector and a thoughtful self-reflective man, he goes against his counsel's advice and takes the stand in court. This is his story. Ross found himself wandering the streets one night, bleeding from the head and unable to remember the past year and a half. But before he could make sense of it, he was summoned to a crime scene where a nurse had been brutally murdered. His amnesia unnerved him and, fearing the worst, Ross allowed himself to be taken to hospital, only to be viciously attacked by a stranger with a knife. Suspecting that the attack was connected with the nurse's murder and that his own police colleagues were behind it, Ross set out on two parallel investigations: one into the killing and the other into his own mind. But when he digs into his own psyche, he is scared by what he finds . . . Is Ross being set up or is something far more disturbing behind the killings? "Profoundly creepy in the best way, and the desperation of the haunted protagonist makes it a compellingly nightmarish journey." —Life in Sci-Fi "These changes of gear, the mix of brutal realism and a sense of darker, inexplicable forces are what give Room 15—I won't reveal the significance of the title—its power, as the novel hurtles back to the courtroom and the jury's verdict." —Camden New Journal

Room 15

'A work of art...altogether a joyous and lovely thing' New York Times Set in a remote fishing village in Japan, The Sound of Waves is a timeless story of first love. It tells of Shinji, a young fisherman and Hatsue, the beautiful daughter of the wealthiest man in the village. Shinji is entranced at the sight of Hatsue in the twilight on the beach and they fall in love. When the villagers' gossip threatens to divide them, Shinki must risk his life to prove his worth. 'A sunny masterpiece' Los Angeles Times

The Sound of Waves

This first full length, and long overdue, study of Kawabata, Japans first Nobel laureate for literature and the most widely known for his novels Snow Country (1960) and Sound of the Mountain (1970).

Soundings in Time

Twenty-three stories by a Japanese writer. The subjects include beggars, Buddhist priests and love dramas. The story, Diary of My Sixteenth Year, is on the friendship of a boy and his grandfather.

The Dancing Girl of Izu and Other Stories

Three surreal, erotically charged stories from Nobel Prize winner Yasunari Kawabata. In the three long tales in this collection, Yasunari Kawabata examines the boundaries between fantasy and reality

in the minds of three lonely men. Piercing examinations of sexuality and human psychology—and works of remarkable subtlety and beauty—these stories showcase one of the twentieth century's great writers—in any language—at his very best.

House of the Sleeping Beauties and Other Stories

During the period between the World Wars, the narrator describes his marriage to Naomi, a young cafe hostess who is infatuated with Western fashion

Naomi

'A compelling and very entertaining look at the complexities of our hyperreal age, an insightful and witty exploration of the disconnect between image and reality, truth and appearance and whether love and sincere sentiment can overcome the short term thrills of social media.' James Miller For Jeff Brennan, juggling multiple identities is a way of life. Online he has dozens of different personalities and switches easily between them. Offline, he shows different faces to different people: the caring grandson, the angry eco-protester, the bored IT consultant. So when the beautiful Marie mistakes him for a famous blogger, he thinks nothing of adding this new identity to his repertoire. But as they fall in love and start building a life together, Jeff is gradually forced into more and more desperate measures to maintain his new identity, and the boundaries between his carefully segregated personas begin to fray. In a world where truth is a matter of perspective and identities are interchangeable, Jeff finds himself trapped in his own web of lies. How far will he go to maintain his secrets? And even if he wanted to turn back, would he be able to?

A Virtual Love

In August 1988, Zia gets into the presidential plane, Pak One, which explodes midway. Who killed him? The army generals growing old waiting for their promotions, the CIA, the ISI, RAW, or Ali Shigri, a junior officer at the military academy whose father, a whisky-swilling jihadi colonel, was murdered by the army? A Case of Exploding Mangoes is sharp, black, inventive, and utterly gripping. It marks the debut of a brilliant new writer.

A case of Exploding Mangoes

This Japanese literature collection contains four translated stories from two of Japan's most beloved and acclaimed fiction writers. The Izu Dancer, Yasunari Kawabata's first work to bring him recognition as a writer, is a novella about six Izu Peninsula travelers. As the six travelers journey together, intimacy develops and friendship overcomes class differences. Capturing the shy eroticism of adolescence, The Izu Dancer is a charming picture of the times. Yasushi Inoue's The Counterfeiter, although set in modern times, poses universal questions that transcend culture and era. Abasute and The Full Moon both explore themes of separation, loneliness, and isolation. Through the gloomy tales, Inoue's compassion shines, revealing yet another aspect of an author known for his vivid precision and economy of words. Inoue's stories are at least partially autobiographical, and Inoue's attitudes toward human destiny and fatalism are strongly influenced by his separation from his parents at an early age—yet all of his stories reveal his great compassion for his fellow human being.

Izu Dancer and Other Stories

A 20th-century dystopian society seen through the eyes of a mutant-cum-romantic poet; a post-impressionist landscape of orbs and cubes experienced by a wandering underdog; an imaginary sick room generated entirely from sounds reaching the ears of an invalid: These and other haunting re-presentations of time and space constitute the Japanese modernist landscape depicted in this volume of stories from the 1910s to the 1930s. The fourteen stories selected for this anthology—by both relatively unknown and “must-read” authors—experiment with a protean modernist style in the vivacious period between the nation-building Meiji and the early years of Showa. The writers capture imaginary temporal and spatial dimensions that embody forms of futuristic urban space, colonial space, utopia, dystopia, and heterotopia. Their work invites readers to abandon the conventional naturalistic approach to spatial and temporal representations and explore how the physical and empirical experience of time and space is distorted and reconfigured through the prism of modernist Japanese prose. An introduction and prefatory materials provide historical and critical context for Japanese modernism, making Three-Dimensional Reading a valuable teaching text not only for the study of modern Japanese

literature, but for world literature, global modernism, and utopian studies as well. The volume also includes drawings by contemporary artist Sakaguchi KyMhei, whose ability to create a stunning visual reality beyond the borders of time and place is a testament to the power and reverberations of the modernist imagination.

Three-Dimensional Reading

Sita is one of the defining figures of Indian womanhood, yet there is no single version of her story. Different accounts coexist in myth, literature and folktale. Canonical texts deify Sita while regional variations humanize her. Folk songs and ballads connect her timeless predicament to the daily lives of rural women. Modern-day women continue to see themselves reflected in films, serials and soap operas based on Sita's narrative. Sacrifice, self denial and unquestioning loyalty are some of the ideals associated with popular perceptions of Sita. But the Janaki who symbolized strength, who could lift Shiva's mighty bow, who courageously chose to accompany Rama into exile and who refused to follow him back after a second trial, is often forgotten. However she is remembered, revered or written about, Sita continues to exert a powerful influence on the collective Indian psyche. *In Search of Sita* presents essays, conversations and commentaries that explore different aspects of her life. It revisits mythology, reopening the debate on her birth, her days in exile, her abduction, the test by fire, the birth of her sons and, finally, her return to the earth—offering fresh interpretations of this enigmatic figure and her indelible impact on our everyday lives.

In Search Of Sita

All eyes are upon Rikio. And he likes it, mostly. His fans cheer from a roped-off section, screaming and yelling to attract his attention. They would kill for a moment alone with him. Finally the director sets up the shot, the camera begins to roll, someone yells "action"; Rikio, for a moment, transforms into another being, a hardened young yakuza, but as soon as the shot is finished, he slumps back into his own anxieties and obsessions. Written shortly after Yukio Mishima himself had acted in the film *Afraid to Die*, this novella is a rich and unflinching psychological portrait of a celebrity coming apart at the seams as the absurdity of his existence comes sharply into focus. With exquisite, vivid prose, Star begs the question: is there ever any escape from how we are seen by others?

Star

Nineteen interviews conducted over the past two decades on both sides of the Atlantic and beyond with the author of the Booker Prize-winning *The Remains of the Day*

Conversations with Kazuo Ishiguro

A new translation of the only work not currently available in English by a Nobel-Prize winning author and the best known Japanese writer outside of Japan.

The Scarlet Gang of Asakusa

The war on drugs has been lost but for want of the courage to face the fact that the whole world is rapidly becoming one vast criminal network. From pop stars and princes to crack whores and street kids. From the Groucho Club toilets to the poppy fields of Afghanistan, we are all partners in crime. *HIGH SOCIETY* is a story or rather a collection of interconnected stories that takes the reader on a hilarious, heart breaking and terrifying journey through the kaleidoscope world that the law has created and from which the law offers no protection.

High Society

The Old Capital is one of the three novels cited specifically by the Nobel Committee when they awarded Kawabata the Nobel Prize for Literature in 1968. With the ethereal tone and aesthetic styling characteristic of Kawabata's prose, *The Old Capital*...

The Old Capital

How can such a bright future be so full of darkness? Beautiful young Charity Freestone has it all: the love of a good man, the revelation of her remarkable identity, and her family reunited after their spectacular battle with the Sons of the Crystal Mind. However, at her moment of triumph Charity is tricked into

joining the mysterious New Form Enterprise, whose harsh regime seems designed to break her. Before she can learn their strange purpose, a shocking betrayal brings unique and terrifying freedom. Cut off from its advanced technology, Charity is hunted through war-torn, subterranean Diamond City by an enemy who is always closer than she thinks. As she struggles to make sense of her inhumanly ruthless pursuers, Charity must confront her own complicity in the nightmare that engulfs her. And when she does, she discovers there are far worse places than the dreaded Outer Spheres. Book Two of Andrew Wallace's viscerally thrilling Diamond Roads science fiction series, *The Outer Spheres* takes extraordinary heroine Charity Freestone into even stranger and more disturbing territory. The novel threads bleeding-edge science through a fearsomely-wrought war story to explore the unimaginable outcomes of our most terrifying decisions. Blending the vast and eerie scale of Peter F Hamilton's *The Reality Dysfunction* with the originality and political insight of Anne Leckie's *Ancillary Justice*, *The Outer Spheres* forges a unique vision of fear and wonder. *Diamond Roads* is fast becoming a whole new mythology, exploring the way things are against a wildly-imagined backdrop of how they might turn out. To see if Charity survives, and whether she can be truly free of her pursuers and her own demons, buy the book now. Praise for *Diamond Roads*: Andrew Wallace shows a real talent for world building in this well-written, fast-paced debut novel. From the first page, *Diamond Roads* is packed with sci-fi smarts. I'm looking forward to reading more from this author – Anne Charnock, winner of the Clarke Award for *Dreams Before the Start of Time* & the BSFA Award for *The Enclave*. Fast-paced, clever and beautifully written, *Diamond Roads* is a richly imagined dystopian thriller that introduces the latest in a long line of cool, kick-ass SF heroines. Charity Freestone combines the strength of Ripley with the wiles of Katniss and the vulnerability of Halo Jones. If you liked *Wool*, you'll love this – Mark Edwards, bestselling author of *The Magpies* & *Follow You Home*. I loved this smart, continually surprising thriller set in a richly drawn world – Simon Guerrier, author of *Doctor Who: The Pirate Loop*; *Primeval: Fire & Water* & *Being Human: The Road*.

The Outer Spheres

The successful writer Oki has reached middle age and is filled with regrets. He returns to Kyoto to find Otoko, a young woman with whom he had a terrible affair many years before, and discovers that she is now a painter, living with a younger woman as her lover. Otoko has continued to love Oki and has never forgotten him, but his return unsettles not only her but also her young lover. This is a work of strange beauty, with a tender touch of nostalgia and a heartbreaking sensitivity to those things lost forever.

Beauty and Sadness

Unmotivated and dormant, Jack is drawn into the rampant whirlwind of Neil Blake, who he meets one windy night on the Holloway Road. Inspired by Jack Kerouac's famous road novel, the two young men climb aboard Jack's Figaro and embark on a similar search for freedom and meaning in modern-day Britain. Pulled along in Neil's careering path, taking them from the pubs of London's Holloway Road to the fringes of the Outer Hebrides, Jack begins to ask questions of himself, his friend and what there is in life to grasp. Spiting speed cameras and CCTV, motorway riots and island detours, will their path lead to new meaning or ultimate destruction?

On The Holloway Road

In a crumbling, seaside hotel on the coast of Japan, quiet, seventeen-year-old Mari works the front desk as her mother fusses over the off-season customers. When, one night, they are forced to eject a prostitute and a middle-aged man from his room, Mari finds herself drawn to the man's voice, in what will become the first gesture of a long seduction. Mari begins to visit the mysterious man at his island home, and he initiates her into a dark realm of both pain and pleasure. As Mari's mother and the police begin to close in on the illicit affair, events move to a dramatic climax. By the author of *The Housekeeper* and *The Professor*.

Hotel Iris

'The Maybot is rebooted as strong and humble. Stumble for short.' 'Kim Jong-May awkward and incredulous as journalist asks question.' 'Supreme leader produces pure TV Valium on The One Show.' Throughout 2017 John Crace, the Guardian's parliamentary sketch writer, has watched Prime Minister Theresa May's efforts to remain strong and stable - and, indeed, Prime Minister. He coined the term 'Maybot' for her malfunctioning public appearances. And now, in this edited collection of his unrelentingly witty sketches, he tells the full story of Theresa May's turbulent first year in Westminster.

As waspishly hilarious as Craig Brown's diaries in *Private Eye*, *I, Maybot* is essential and hysterically funny reading for anyone trying to make sense of our crazy political year.

I, Maybot

This story of a stalker is a unique work by the first Japanese Nobel Prize winner for Literature.

The Demoness

Man Booker Prize Finalist: This "marvelous novel" about an abandoned husband, set in Moscow a century ago, is "bristling with wry comedy" (*Newsday*). March 1913. Moscow is stirring herself to meet the beginning of spring. English painter Frank Reid returns from work one night to find that his wife has gone away; no one knows where or why, or whether she'll ever come back. All Frank knows for sure is that he is now alone and must find someone to care for his three young children. Into Frank's life comes Lisa Ivanovna, a quiet, calming beauty from the country, untroubled to the point of seeming simple. But is she? And why has Frank's bookkeeper, Selwyn Crane, gone to such lengths to bring these two together? From a winner of the National Book Critics Circle Award, this novel, with a new introduction by Andrew Miller, author of *Pure*, is filled with "writing so precise and lilting it can make you shiver" (*Los Angeles Times*). "Fitzgerald was the author of several slim, perfect novels. *The Blue Flower* and *The Beginning of Spring* both had me abuzz for days the first time I read them. She was curiously perfect." —Teju Cole, author of *Open City*

The Lake

Often referred to as the "Father of the Japanese short story," Ryunosuke Akutagawa lived only to be thirty-five, his life prematurely ended by his suicide. He wrote over 150 short stories in his short life of which "Rashomon" is one of his most famous. This story recounts the encounter between a servant and an old woman, both who are struggling to survive in the sparse times that they find themselves. The servant contemplates whether to starve to death or to become a thief to survive. The old woman who is stealing the hair from unclaimed corpses to make wigs argues that one must do what one can to survive. Also included in this collection are the following stories: "Tobacco and The Devil," "The Nose," "The Handkerchief," "Lice," "The Spider's Thread," "The Wine Worm," "The Badger," "The Ball," "The Pipe," and "Mori Sensei."

The Beginning of Spring

'ONE OF THE MOST BRILLIANTLY INVENTIVE WRITERS OF THIS, OR ANY, COUNTRY' INDEPENDENT Shortlisted for the James Tait Black Memorial and Commonwealth Writers' Prizes 'Thrillingly suspenseful' SUNDAY TIMES 'Stunning' INDEPENDENT ON SUNDAY 'Brilliant' THE TIMES 'Entirely original' OBSERVER 'A classic' WASHINGTON POST The Sunday Times Number One bestseller from the author of *Cloud Atlas* and *Utopia Avenue* In your hands is a place like no other: a tiny, man-made island in the bay of Nagasaki, for two hundred years the sole gateway between Japan and the West. Here, in the dying days of the eighteenth century, a young Dutch clerk arrives to make his fortune. Instead he loses his heart. Step onto the streets of Dejima and mingle with scheming traders, spies, interpreters, servants and concubines as two cultures converge. In a tale of integrity and corruption, passion and power, the key is control - of riches and minds, and over death itself. PRAISE FOR DAVID MITCHELL 'A thrilling and gifted writer' FINANCIAL TIMES 'Dizzily, dazzlingly good' DAILY MAIL 'Mitchell is, clearly, a genius' NEW YORK TIMES BOOK REVIEW 'An author of extraordinary ambition and skill' INDEPENDENT ON SUNDAY 'A superb storyteller' THE NEW YORKER

Rashomon and Other Stories

From an emerging talent comes an exquisite collection of stories exploring the complexity of love between women, each a delicate piece in a mosaic transcending the boundaries of literary romance. Amora dares explore the way women love each other--the atrophy and healing of the female spirit in response to sexual desire and identity. These thirty-three short stories and poems, crafted with a deliberate delicacy, each capture the candid, private moments of women in love. Together, these stories and the women who inhabit them reveal an illuminating portrait of the sacred female romance, with all its nuances, complexities, burdens, and triumphs revealed. Violence, sickness, chaos, tenderness, beauty, and freedom adorn these pages in a mosaic of unforgettable moments, including a lesbian granddaughter discovering unexpected commonalities with her grandmother, a teenager's tryst with her

friend after disenchanting sex with a boy, and an old couple's dreamy Sunday-morning ritual. Sweeping nearly every major Brazilian literary prize in 2016—including the Prêmio Jabuti and Prêmio Açorianos de Literatura—Amora has propelled Natalia Borges Polesso to the forefront of the international literary world.

The Thousand Autumns of Jacob de Zoet

In Kanazawa, Japan, Emmitt's future plans collapse when his wife, Mirai, backs out of negotiations for a house in which they can live independently from her parents and start a family. After quitting an unsatisfying job at a local university, Emmitt's search for a more meaningful existence steers him to help his mother-in-law translate Kanazawa's most famous author, Izumi Kyoka, into English. While resisting Mirai's efforts to move to Tokyo, he becomes drawn into the mysterious death thirty years ago of a mutual friend of his parents-in-law. It is only when he and his father-in-law climb the mountain where the man died that he learns the truth about the relationship the three of them had as sculptor, model, and painter, and finds a way to bring Mirai back into the fold of their dreamed-of life. Kanazawa, the first literary novel in English to be set in Kanazawa, is told in the tradition of both the best expatriate fiction and Japanese fiction in translation.

Amora

A Companion to World Literature is a far-reaching and sustained study of key authors, texts, and topics from around the world and throughout history. Six comprehensive volumes present essays from over 300 prominent international scholars focusing on many aspects of this vast and burgeoning field of literature, from its ancient origins to the most modern narratives. Almost by definition, the texts of world literature are unfamiliar; they stretch our hermeneutic circles, thrust us before unfamiliar genres, modes, forms, and themes. They require a greater degree of attention and focus, and in turn engage our imagination in new ways. This Companion explores texts within their particular cultural context, as well as their ability to speak to readers in other contexts, demonstrating the ways in which world literature can challenge parochial world views by identifying cultural commonalities. Each unique volume includes introductory chapters on a variety of theoretical viewpoints that inform the field, followed by essays considering the ways in which authors and their books contribute to and engage with the many visions and variations of world literature as a genre. Explores how texts, tropes, narratives, and genres reflect nations, languages, cultures, and periods Links world literary theory and texts in a clear, synoptic style Identifies how individual texts are influenced and affected by issues such as intertextuality, translation, and sociohistorical conditions Presents a variety of methodologies to demonstrate how modern scholars approach the study of world literature A significant addition to the field, A Companion to World Literature provides advanced students, teachers, and researchers with cutting-edge scholarship in world literature and literary theory.

Kanazawa

"Mesmerizing and magical. . . . A stunning book." —NPR.org "Short stories so imaginative — and yet so perplexingly familiar — they could have formed in a dream. . . . Taut, meticulously balanced and written in Loory's direct, witty prose, his own stories take a page from Aesop: high-flying tales nonetheless boiled down to the essentials." —The Los Angeles Times "Ben Loory's stories are little gifts, strange and moving and wonderfully human. I devoured this book in one sitting." —Ransom Riggs, author of *Miss Peregrine's Home for Peculiar Children* A dazzling new collection of stories from the critically acclaimed author of *Stories for Nighttime* and *Some for The Day* Ben Loory returns with a second collection of timeless tales, inviting us to enter his worlds of whimsical fantasy, deep empathy, and playful humor, in the signature voice that drew readers to his highly praised first collection. In stories that eschew literary realism, Loory's characters demonstrate richly imagined and surprising perspectives, whether they be dragons or swordsmen, star-crossed lovers or long-lost twins, restaurateurs dreaming of Paris or cephalopods fixated on space travel. In propulsive language that brilliantly showcases Loory's vast imagination, *Tales of Falling and Flying* expands our understanding of how fiction can work and is sure to cement his reputation as one of the most innovative short-story writers working today.

A Companion to World Literature

Set in rural Japan at the time of the bubble economy, the book tells of a farming village affected by corruption, greed and urbanization.

Lincolmites and Rebels

This text presents the story of the Civil War in Knoxville, Tennessee - a perpetually occupied, bitterly divided southern town. It documents the loyalties of more than half of the townspeople, identifies complex patterns of individual decisions, and explores the agonizing personal decisions that the war made inescapable.

To the Battles of Franklin and Nashville and Beyond

By 1864 neither the Union's survival nor the South's independence was any more apparent than at the beginning of the war. The grand strategies of both sides were still evolving, and Tennessee and Kentucky were often at the cusp of that work. The author examines the heartland conflict in all its aspects: the Confederate cavalry raids and Union counter-offensives; the harsh and punitive Reconstruction policies that were met with banditry and brutal guerrilla actions; the disparate political, economic, and socio-cultural upheavals; the ever-growing war weariness of the divided populations; and the climactic battles of Franklin and Nashville that ended the Confederacy's hopes in the Western Theater.

Sons of East Tennessee

Two aging Civil War veterans mourned the death of their sons at a joint funeral in Knoxville National Cemetery. One, a cavalry general, had fought for the Union. The other had served as surgeon/major of a Confederate cavalry regiment. They met for the first time at the graves of their sons--two army lieutenants and University of Tennessee graduates killed together in Cuba during the Spanish-American War. Newspaper accounts presented the encounter as an example of reconciliation between North and South. This book recounts the meeting of two families from opposing sides of the war--both rooted in East Tennessee, a region harshly divided by the conflict--placing their story in the context of America's reconciliation narrative at the end of the 19th century.

Yankee Commandos

"In June of 1863, Col. William P. Sanders led a cavalry raid of 1,300 men from the Union Army of the Ohio through Confederate-held East Tennessee. The raid's purpose was to sever the Confederate rail supply line from Virginia to the Western Theater, and Sanders and his raiders were largely successful. Brandes presents readers with the most complete account of the Sanders raid to date using Sanders's official reports, East Tennessee diaries and memoirs of the Civil War, and pertinent secondary sources. In doing so, Brandes fills an important gap in Civil War scholarship and showcases Unionism in a mostly Confederate-sympathizing state"--

Two Men and A People

Two opposing generals and the people of East Tennessee met in the fall of 1863. For James Longstreet, the commander of the Confederate forces, the campaign for Knoxville and East Tennessee marked the nadir of his military career, which climaxed in December 1863, with him submitting a letter of resignation as commander of the First Corps of the Army of Northern Virginia. For Ambrose Burnside, commander of the Federal forces, the campaign demonstrated his leadership and tactical ability following his December 1862 debacle as commander of the Army of the Potomac at the Battle of Fredericksburg, Virginia. For the region of East Tennessee and Knoxville, the campaign enabled the people to reach the pinnacle they had aspired to since their settlement of the region. They had escaped economic and religious oppression in Europe, negotiated and fought with the Cherokee Indian Nation, created the State of Franklin (which was denied statehood), saw its political power vanish to Middle Tennessee, and was limited in its economic development by the region's landscape.

The Civil War in Southern Appalachian Methodism

The Civil War in Southern Appalachian Methodism addresses a much-neglected topic in both Appalachian and Civil War history—the role of organized religion in the sectional strife and the war itself. Meticulously researched, well written, and full of fresh facts, this new book brings an original perspective to the study of the conflict and the region. In many important respects, the actual Civil War that began in 1861 unveiled an internal civil war within the Holston Conference of the Methodist Episcopal Church, South—comprising churches in southwestern Virginia, eastern Tennessee, western North Carolina, and a small portion of northern Georgia—that had been waged surreptitiously for the previous five decades. This work examines the split within the Methodist Church that occurred with mounting tensions over the slavery question and the rise of the Confederacy. Specifically, it looks at how the church was changing from its early roots as a reform movement grounded in a strong local pastoral ministry to a church with a more intellectual, professionalized clergy that often identified with Southern secessionists. The author has mined an exhaustive trove of primary sources, especially the extensive, yet often-overlooked minutes from frequent local and regional Methodist gatherings. He has also explored East Tennessee newspapers and other published works on the topic. The author's deep research into obscure church records and other resources results not only in a surprising interpretation of the division within the Methodist Church but also new insights into the roles of African Americans, women, and especially lay people and local clergy in the decades prior to the war and through its aftermath. In addition, Dunn presents important information about what the inner Civil War was like in East Tennessee, an area deeply divided between Union and Confederate sympathizers. Students and scholars of religious history, southern history, and Appalachian studies will be enlightened by this volume and its bold new way of looking at the history of the Methodist Church and this part of the nation.

Reconstructing Appalachia

Families, communities, and the nation itself were irretrievably altered by the Civil War and the subsequent societal transformations of the nineteenth century. The repercussions of the war incited a broad range of unique problems in Appalachia, including political dynamics, racial prejudices, and the regional economy. Andrew L. Slap's anthology *Reconstructing Appalachia* reveals life in Appalachia after the ravages of the Civil War, an unexplored area that has left a void in historical literature. Addressing a gap in the chronicles of our nation, this vital collection explores little-known aspects of history with a particular focus on the Reconstruction and post-Reconstruction periods. Acclaimed scholars John C. Inscoe, Gordon B. McKinney, and Ken Fones-Wolf are joined by up-and-comers like Mary Ella Engel, Anne E. Marshall, and Kyle Osborn in a unique volume of essays investigating postwar Appalachia with clarity and precision. Featuring a broad geographic focus, these compelling essays cover postwar events in Georgia, Kentucky, North Carolina, Tennessee, West Virginia, and Pennsylvania. This approach provides an intimate portrait of Appalachia as a diverse collection of communities where the values of place and family are of crucial importance. Highlighting a wide array of topics including racial reconciliation, tension between former Unionists and Confederates, the evolution of post-Civil War memory, and altered perceptions of race, gender, and economic status, *Reconstructing Appalachia* is a timely and essential study of a region rich in heritage and tradition.

The Fifty-Eighth North Carolina Troops

North Carolina contributed more than 70 regiments to Confederate service during the Civil War, but only four of those regiments were permanently assigned to service in the Army of Tennessee. The

Fifty-Eighth North Carolina Troops, hailing primarily from western North Carolina, fought in battles such as Chickamauga, Resaca and Bentonville. This account follows the soldiers from antebellum life, to conscription, to battlefield, to post-war life.

Race and the Wild West

Winner of the Western Writers of America "SPUR Award" and the Western Association of Women Historians "Gita Chaudhuri Prize"! Born a slave in eastern Tennessee, Sarah Blair Bickford (1852–1931) made her way while still a teenager to Montana Territory, where she settled in the mining boomtown of Virginia City. *Race and the Wild West* is the first full-length biography of this remarkable woman, whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century. For many years, Sarah Bickford's known biography fit into a single paragraph. By examining her life in all its complexity, Arata fills in what were long believed to be unrecoverable "silent spaces" in her story. Before establishing herself as a successful business owner, we learn, she was twice married, both times to white men. Her first husband, an Irish immigrant, physically abused her until she divorced him in 1881. Their three children all died before the age of ten. In 1883, she married Stephen Bickford and gave birth to four more children. Upon his death, she inherited his shares of the Virginia City Water Company, acquiring sole ownership in 1917. For the final decade of her life, Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men. Her conspicuous role in developing an early form of heritage tourism challenges long-standing narratives that place white men at the center of the "Wild West" myth and its promotion. Bickford's story offers a window into the dynamics of race in the rural West. Although her experiences defy easy categorization, what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism. Instead, she built a life that deserves to be understood on its own terms. Through exhaustive research and nuanced analysis, Laura J. Arata advances our understanding of a woman whose life embodied the contradictory intersections of hope and disappointment that characterized life in the early-twentieth-century American West for brave pioneers of many races.

Rebels in Repose: Confederate Commanders After the War

The irascible Jubal A. Early, Robert E. Lee's "bad old man," went to Canada after the war and remained an unreconstructed Rebel until his death. Lee became president of Washington College and urged reconciliation with the North. Braxton Bragg never found solid economic footing and remained mournful of slavery's demise until his own, when a heart attack took him in Galveston. The South's high command traveled dramatically divergent paths after the dissolution of the Confederacy. Their professional reputations were often rewritten accordingly, as the rise of the Lost Cause ideology codified the deification of Lee and the vilification of James Longstreet. Allie Povall shares the stories of nineteen of these former generals, touching briefly on their antebellum and wartime experiences before richly detailing their attempts to salvage livelihoods from the wreckage of America's defining cataclysm.

A Savage Conflict

While the Civil War is famous for epic battles involving massive armies engaged in conventional warfare, *A Savage Conflict* is the first work to treat guerrilla warfare as critical to understanding the course and outcome of the Civil War. Daniel Sutherland argues that irregular warfare took a large toll on the Confederate war effort by weakening support for state and national governments and diminishing the trust citizens had in their officials to protect them.

By the Noble Daring of Her Sons

A tale of ordinary Florida citizens who, during extraordinary times, were called to battle against their fellow countrymen. Over the past twenty years, historians have worked diligently to explore Florida's role in the Civil War. Works describing the state's women and its wartime economy have contributed to this effort, yet until recently the story of Florida's soldiers in the Confederate armies has been little studied. This volume explores the story of schoolmates going to war and of families left behind, of a people fighting to maintain a society built on slavery and of a state torn by political and regional strife. Florida in 1860 was very much divided between radical democrats and conservatives. Before the war the state's inhabitants engaged in bitter political rivalries, and Sheppard argues that prior to secession Florida citizens maintained regional loyalties rather than considering themselves "Floridians." He shows that service in Confederate armies helped to ease tensions between various political factions and worked

to reduce the state's regional divisions. Sheppard also addresses the practices of prisoner parole and exchange, unit consolidation and its effects on morale and unit identity, politics within the Army of Tennessee, and conscription and desertion in the Southern armies. These issues come together to demonstrate the connection between the front lines and the home front.

We the Fallen People

Christianity Today Book Award The Gospel Coalition Book Awards Honorable Mention Foreword INDIES Book of the Year Award Finalist The success and survival of American democracy have never been guaranteed. Political polarization, presidential eccentricities, the trustworthiness of government, and the prejudices of the voting majority have waxed and waned ever since the time of the Founders, and there are no fail-safe solutions to secure the benefits of a democratic future. What we must do, argues the historian Robert Tracy McKenzie, is take an unflinching look at the very nature of democracy—its strengths and weaknesses, what it can promise, and where it overreaches. And this means we must take an unflinching look at ourselves. *We the Fallen People* presents a close look at the ideas of human nature to be found in the history of American democratic thought, from the nation's Founders through the Jacksonian Era and Alexis de Tocqueville. McKenzie, following C. S. Lewis, claims there are only two reasons to believe in majority rule: because we have confidence in human nature—or because we don't. The Founders subscribed to the biblical principle that humans are fallen and their virtue is always doubtful, and they wrote the US Constitution to frame a republic intended to handle our weaknesses. But by the presidency of Andrew Jackson, contrary ideas about humanity's inherent goodness were already taking deep root among Americans, bearing fruit in such perils as we now face for the future of democracy. Focusing on the careful reasoning of the Founders, the seismic shifts of the Jacksonian Era, and the often misunderstood but still piercing analysis of Tocqueville's *Democracy in America*, McKenzie guides us in a conversation with the past that can help us see the present—and ourselves—with new insight.

Armies of Deliverance

Loyal Americans marched off to war in 1861 not to conquer the South but to liberate it. So argues Elizabeth R. Varon in *Armies of Deliverance*, a sweeping narrative of the Civil War and a bold new interpretation of Union and Confederate war aims. Northerners imagined the war as a crusade to deliver the Southern masses from slaveholder domination and to bring democracy, prosperity, and education to the region. As the war escalated, Lincoln and his allies built the case that emancipation would secure military victory and benefit the North and South alike. The theme of deliverance was essential in mobilizing a Unionist coalition of Northerners and anti-Confederate Southerners. Confederates, fighting to establish an independent slaveholding republic, were determined to preempt, discredit, and silence Yankee appeals to the Southern masses. In their quest for political unity Confederates relentlessly played up two themes: Northern barbarity and Southern victimization. Casting the Union army as ruthless conquerors, Confederates argued that the emancipation of blacks was synonymous with the subjugation of the white South. Interweaving military and social history, Varon shows that everyday acts on the ground—from the flight of slaves, to protests against the draft, the plundering of civilian homes, and civilian defiance of military occupation—reverberated at the highest levels of government. Varon also offers new perspectives on major battles, illuminating how soldiers and civilians alike coped with the physical and emotional toll of the war as it grew into a massive humanitarian crisis. The Union's politics of deliverance helped it to win the war. But such appeals failed to convince Confederates to accept peace on the victor's terms, ultimately sowing the seeds of postwar discord. *Armies of Deliverance* offers innovative insights on the conflict for those steeped in Civil War history and novices alike.

A Unionist in East Tennessee

The Civil War that tore America in two also pit one Tennessean against another—with deadly consequences . . . During the Civil War, Tennessee was perhaps the most conflicted state in the Confederacy. Allegiance to either side could mean life or death, as Union militia captain and longtime Tennessee resident William K. Byrd discovered in the fall of 1861 when he and his men were attacked by a band of Confederate sympathizers and infantrymen. This unauthorized raid led to the arrest of thirty-five men and the death of several others. Details of this mysterious skirmish have remained buried in archives and personal accounts for years. Now, for the first time, *A Unionist in East Tennessee* uncovers a dramatic yet forgotten chapter of Civil War history. Includes photos! “The author does a fine job of

communicating the charged political atmosphere in 1861, in isolated Hawkins and Hancock counties and in East Tennessee at large . . . [He] constructs a strong case that the planning and conduct of the raid was a local affair not ordered by Confederate military authorities.” —Civil War Books and Authors

A Little Book for New Historians

Many people think of history as merely "the past"—or at most, information about the past. But the real work of a historian is to listen to the voices of those who have gone before and humbly remember the flesh and blood on the other side of the evidence. What is their story? How does it become part of our own? In *A Little Book for New Historians* veteran historian Robert Tracy McKenzie offers a concise, clear, and beautifully written introduction to the study of history. In addition to making a case for the discipline in our pragmatic, "present-tense" culture, McKenzie lays out necessary skills, methods, and attitudes for historians in training. Loaded with concrete examples and insightful principles, this primer shows how the study of history, faithfully pursued, can shape your heart as well as your mind.

The First Thanksgiving

Veteran historian Robert Tracy McKenzie sets aside centuries of legend and political stylization to present the mixed blessing that was the first Thanksgiving. Like good narrative history, McKenzie's critical account of our Pilgrim ancestors confronts us with our own unresolved issues of national and spiritual identity.

Lincoln Herald

This Civil War story follows the real-life exploits of a married couple who fought side-by-side as soldiers for the North, the South, and finally for a band of marauding, pro-Union partisans.

Rebels in Blue

Following the suggestion of the historian Peter Parish, these essays probe "the edges" of slavery and the sectional conflict. The authors seek to recover forgotten stories, exceptional cases and contested identities to reveal the forces that shaped America, in the era of "the Long Civil War," c.1830-1877. Offering an unparalleled scope, from the internal politics of southern households to trans-Atlantic propaganda battles, these essays address the fluidity and negotiability of racial and gendered identities, of criminal and transgressive behaviors, of contingent, shifting loyalties and of the hopes of freedom that found expression in refugee camps, court rooms and literary works.

The Civil War and Slavery Reconsidered

In 1862, Nashville became the first Southern state capital to be captured by the Union Army; that occupation would not end until after the Civil War's conclusion in 1865. In two incisive books, first published more than twenty years ago and available once more for a new generation of readers, Walter T. Durham traces occupied Nashville's reluctant transition from Rebel stronghold to partner of the Union. Together, *Nashville* and *Reluctant Partners* highlight the importance of local history within Civil War scholarship and assess the impact of the war on people other than combat soldiers and places other than battlefields. *Nashville* examines the first seventeen months of the Union occupation, showing how the local population coped with the sudden presence of an enemy force. It also explores the role of military governor Andrew Johnson and how he asserted his authority over the city. *Reluctant Partners* depicts a city coming to grips with the rapidly fading prospect of a Confederate victory and how, faced with this reality, its citizens began to cooperate with Johnson and the Union. Their reward was a booming economy and scant battle damage. With new prefaces discussing the two decades of scholarship that have emerged since these books' original appearance, these volumes offer an absorbing view of Union occupation at the most local of levels. Durham's volumes remain at the forefront of reconsidering the Civil War in the Upper South. Students and scholars of the Civil War—particularly in its social dimensions—as well as devotees of Tennessee history will find these new editions invaluable. Walter T. Durham is the author of seventeen books, including *Balie Peyton of Tennessee: Nineteenth-Century Politics and Thoroughbreds* and *Volunteer Forty-niners: Tennesseans and the California Gold Rush*. He has been the Tennessee state historian since 2002.

Here Come the Rebels!

The 10th Regiment Kentucky Volunteer Infantry waged battle for the Union for three years during the Civil War, ranging from its home state to Atlanta. This thorough history is filled with personal accounts, including 25 wartime letters written by the men of the regiment and official records of the regiment's activities, which included action at Chickamauga and Missionary Ridge. The regiment began the war with 867 men, suffered a 40 percent casualty rate at Chickamauga, and helped break Confederate lines at Jonesboro. At the end of the war only 140 men staggered home in victory. Features more than 60 photos, 14 maps, rosters and descriptions of the unit's soldiers.

Reluctant Partners

The great union guide of east tennessee for a period of nearly four years during the great southern rebellion. Written by himself.

Tennessee Historical Quarterly

Article abstracts and citations of reviews and dissertations covering the United States and Canada.

The 10th Kentucky Volunteer Infantry in the Civil War

By placing the conflict between Unionists and secessionists in East Tennessee within the context of the whole war, Fisher explores the significance of the struggle for both sides.

Reminiscences of a Rebel

"This bibliography of books, articles, monographs, and dissertations features more than 4,700 entries, divided into twenty-four subject areas such as activism and protest; Appalachian studies; arts and crafts; community culture and folklife; education; environment; ethnicity, race and identity; health and medicine; media and stereotypes; recreation and tourism; religion; and women and gender. Two indexes conclude the bibliography"--Provided by publisher.

The East Tennessee Historical Society's Publications

Regardless of whether they owned slaves, Southern whites lived in a world defined by slavery. As shown by their blaming British and Northern slave traders for saddling them with slavery, most were uncomfortable with the institution. While many wanted it ended, most were content to leave that up to God. All that changed with the election of Abraham Lincoln. *Rebels in the Making* is a narrative-driven history of how and why secession occurred. In this work, senior Civil War historian William L. Barney narrates the explosion of the sectional conflict into secession and civil war. Carefully examining the events in all fifteen slave states and distinguishing the political circumstances in each, he argues that this was not a mass democratic movement but one led from above. The work begins with the deepening strains within Southern society as the slave economy matured in the mid-nineteenth century and Southern ideologues struggled to convert whites to the orthodoxy of slavery as a positive good. It then focuses on the years of 1860-1861 when the sectional conflict led to the break-up of the Union. As foreshadowed by the fracturing of the Democratic Party over the issue of federal protection for slavery in the territories, the election of 1860 set the stage for secession. Exploiting fears of slave insurrections, anxieties over crops ravaged by a long drought, and the perceived moral degradation of submitting to the rule of an antislavery Republican, secessionists launched a movement in South Carolina that spread across the South in a frenzied atmosphere described as the great excitement. After examining why Congress was unable to reach a compromise on the core issue of slavery's expansion, the study shows why secession swept over the Lower South in January of 1861 but stalled in the Upper South. The driving impetus for secession is shown to have come from the middling ranks of the slaveholders who saw their aspirations of planter status blocked and denigrated by the Republicans. A separate chapter on the formation of the Confederate government in February of 1861 reveals how moderates and former conservatives pushed aside the original secessionists to assume positions of leadership. The final chapter centers on the crisis over Fort Sumter, the resolution of which by Lincoln precipitated a second wave of secession in the Upper South. *Rebels in the Making* shows that secession was not a unified movement, but has its own proponents and patterns in each of the slave states. It draws together the voices of planters, non-slaveholders, women, the enslaved, journalists, and politicians. This is the definitive study of the seminal moment in Southern history that culminated in the Civil War.

The North Carolina Historical Review

From the acclaimed, New York Times bestselling award-winning author of *Serena* and *The Cove*, thirty of his finest short stories, collected in one volume. No one captures the complexities of Appalachia—a rugged, brutal landscape of exquisite beauty—as evocatively and indelibly as author and poet Ron Rash. Winner of the Frank O'Connor International Short Story Award, two O Henry prizes, and a finalist for the PEN/Faulkner Award, Rash brilliantly illuminates the tensions between the traditional and the modern, the old and new south, tenderness and violence, man and nature. Though the focus is regional, the themes of Rash's work are universal, striking an emotional chord that resonates deep within each of our lives. *Something Rich and Strange* showcases this revered master's artistry and craftsmanship in thirty stories culled from his previously published collections *Nothing Gold Can Stay*, *Burning Bright*, *Chemistry*, and *The Night New Jesus Fell to Earth*. Each work of short fiction demonstrates Rash's dazzling ability to evoke the heart and soul of this land and its people—men and women inexorably tethered to the geography that defines and shapes them. Filled with suspense and myth, hope and heartbreak, told in language that flows like “shimmering, liquid poetry” (*Atlanta Journal Constitution*), *Something Rich and Strange* is an iconic work from an American literary virtuoso.

Perspectives

Journal of the Illinois State Historical Society

The Lincoln Assassination

Diverse perspectives on Lincoln's assassination, its aftermath, and its place in national memory from some of today's leading Lincoln scholars. The assassination of President Abraham Lincoln remains one of the most significant events in US history. It continues to attract the interest of scholars, writers, and armchair historians, ranging from painstaking new research to wild-eyed speculation. Now leading scholars of Lincoln and his murder offer in one volume their most salient studies and arguments about the assassination, its aftermath, the extraordinary—and complicated—public reaction, and the iconography that Lincoln's murder and deification inspired. Contributors also offer the latest accounts of the pursuit, prosecution, and punishment of the conspirators. Everything from graphic tributes to religious sermons, to spontaneous outbursts on the nation's city streets, to emotional mass-mourning at carefully organized funerals, as well as the imposition of military jurisprudence to try the conspirators, is examined in the light of fresh evidence and insightful analysis. Contributing to this volume are some of the finest scholars specializing in Lincoln's assassination. All have earned well-deserved reputations for the quality of their research, their originality, and their writing. In addition to the editors, contributors include Thomas R. Turner, Edward Steers Jr., Michael W. Kauffman, Thomas P. Lowry, Richard E. Sloan, Elizabeth D. Leonard, and Richard Nelson Current.

The Lincoln Murder Conspiracies

Examines the many theories that have led to speculation that Lincoln's assassination was a conspiracy.

The Assassination of President Lincoln and the Trial of the Conspirators ...

After the trial of the conspirators was over, the Govt. called for claims to the rewards. Many of the Detectives, Soldiers and citizens involved wrote detailed descriptions and sometimes submitted original reports to support their claims.

The Lincoln Assassination - The Rewards Files

On April 14, 1965, President Abraham Lincoln was assassinated while attending a play at Ford's Theatre. Historical accounts tell us the murder was committed by a crazed actor named John Wilkes Booth, and no one else. Now, after more than a century, startling new answers are uncovered.

The Lincoln Conspiracy

The traditional story of Abraham Lincoln's assassination is littered with errors, some of which are accidental while others are willful. Too often, authors describe Lincoln's assassination rather than explain it. The current work is an attempt to explain the underlying causes of Lincoln's assassination and expose those who aided and abetted John Wilkes Booth in his plan to remove Lincoln from office and why.

Lincoln's Assassination

"In this encyclopedia of Lincoln's assassination, Edward Steers, Jr., the foremost scholar of the assassination, has assembled knowledge of the subject scattered in documents and writings over a period of nearly a century and a half, organized it authoritatively and comprehensively, and written about it clearly." —William Hanchett, author of *Out of the Wilderness: The Life of Abraham Lincoln* The definitive A-to-Z reference to the Abraham Lincoln assassination by Edward Steers, author of *Blood on the Moon: The Assassination of Abraham Lincoln*. With a foreword by Manhunt author James L. Swanson.

The Lincoln Assassination Encyclopedia

The eight people charged with conspiring to assassinate President Abraham Lincoln were tried by a military commission under military law. The author contends that this was illegal, since the civilian legal system was fully functioning. The many ways in which the defendants' rights were violated are described, as are the ways in which the trial testimony was either not accurate or not legally obtained. The trial is also compared with other incidents in which the U.S. military was used in police and judicial functions, with questionable results. The book is a warning against unchecked power by the executive branch of the government.

The Lincoln Assassination Conspiracy Trial and Its Legacy

This is a transcript of NARA M599 Reels 8-15. It contains the arguments and summaries as well as the full testimony of each witness. It also contains the testimony of the perjured witnesses. This along with "The Lincoln Assassination: The Evidence" and The Lincoln Assassination: The Reward Files" constitute a large majority of the primary evidence of the assassination.

The Lincoln Assassination Trial - The Court Transcripts

Assassination of Lincoln is a historical text by Thomas Mealey Harris. It relates to and analyzes the conspiracy issues bordering the assassination of the 16th US president Abraham Lincoln.

Assassination of Lincoln

On April 22, 1865, Brevet Colonel H. L. Burnett was assigned to head the investigation into the murder of President Abraham Lincoln and the attempted murder of Secretary of State William H. Seward. Burnett orchestrated the collection of thousands of documents for the Military Commission's trial of the conspirators. This deep archive of documentary evidence--consisting of letters, depositions, eyewitness accounts, investigative reports, and other documents--provides invaluable insight into the historical, cultural, and judicial context of the investigation. Only a fraction of the information presented in these documents ever made its way into the trial, and most of it has never been readily accessible. By presenting an annotated and indexed transcription of these documents, this volume offers significant new access to information on the events surrounding the assassination and a vast new store of social and political history of the Civil War era. "With tears in my eyes I think it your duty to hang every rebel caught. I feel as bad as if was my own mother or father & will be one to volunteer to try & shoot every Southern man. May God have mercy on the man's soul that done such a deed. With much Respect for our Country, I remain Weeping" --Anonymous letter, New York, April 15, 1865 "I know Booth. He was in the habit of coming to my place to shoot. . . . He shot well, and practiced to shoot with accuracy in every possible position. . . . He was a quick shot; always silent, reticent." --Deposition of Benjamin Barker, Pistol Gallery proprietor

The Lincoln Assassination

On the night of April 14, 1865, John Wilkes Booth assassinated President Abraham Lincoln in what he envisioned part of a scheme to plunge the federal government into chaos and gain a reprieve for the struggling Confederacy. The plan failed. By April 26, Booth was killed resisting capture and eight of the nine conspirators eventually charged in Lincoln's murder were in custody. Their trial would become one of the most famous and most controversial in U.S. history. New president Andrew Johnson's executive order on May 1 directed that persons charged with Lincoln's murder stand trial before a military tribunal. The trial lasted more than fifty days, and 366 witnesses gave testimony. Benn Pitman, a recognized expert in phonography, an early form of shorthand, was awarded the government contract to produce a transcription of each day's testimony. Pitman made these transcripts available to the prosecution and

the defense, as well as to select members of the press. Although three versions of the trial testimony were published, Pitman's edited collection was the most accessible. He skillfully winnowed the 4,300 pages of transcription into one volume, collated the testimony by defendant, indexed the testimony by name and date, and added summaries of the testimony. In *The Trial*, assassination scholars guide readers through all 421 pages of testimony, illuminating Pitman's record. By drawing together the evidence that resulted in the conspirators' convictions, *The Trial* leaves no doubt as to the events surrounding the assassination of Abraham Lincoln, making this book a fascinating account of the trial as well as an essential resource.

Assassination of Lincoln: A History of the Great Conspiracy Trial of the Conspirators by a Military Commission and a Review of the Trial of John H. Surratt

Louis J. Weichmann, one of the principal witnesses at the trial of the conspirators in the assassination of President Lincoln, tells the story of the plotting that took place in the boarding house where Weichmann lived.

The Trial

In this volume Oldroyd recounts the events leading up to and following the assassination, including several chapters on the trials of the conspirators. Oldroyd recounts in great detail the trip he took in May, 1901, in which he traced the route that John Wilkes Booth took during his escape and capture and interviewed several who aided the assassin in high flight. Oldroyd's account is enhanced by his references to the many sources in his collection and augmented further in the accompanying 82 illustrations.

A True History of the Assassination of Abraham Lincoln and of the Conspiracy of 1865

Traces the 1865 military trial of eight people accused of conspiring with John Wilkes Booth to assassinate President Lincoln and other high officials.

The Assassination of Abraham Lincoln

Text, including quotations from contemporary sources such as the diary of John Wilkes Booth, the testimony of witnesses, letters, and accounts by others involved, examines the assassination of President Abraham Lincoln.

Lincoln's Assassins

The most enigmatic of the associates of Lincoln assassin John Wilkes Booth, Confederate soldier Lewis Thornton Powell, using the alias Lewis Paine, was a key player in the postwar attempt to undermine the Federal government. On the night Lincoln was shot, 20-year-old Powell burst into the house of William Seward and attempted to assassinate the secretary of state. Captured shortly after the assassination, Powell stood trial for his crime and was hanged three months later. Powell and his role in the conspiracy has been the subject of debate for many years. Who was this man? This biography attempts to unveil his true character.

The Lincoln Murder Plot

On May 1, 1865, two weeks after Abraham Lincoln's assassination, recently inaugurated president Andrew Johnson appointed John Frederick Hartranft to command the military prison at the Washington Arsenal, where the U.S. government had just incarcerated the seven men and one woman accused of complicity in the shooting. From that day through the execution of four of the accomplices, the Pennsylvania-born general held responsibility for the most notorious prisoners in American history. A strict adherent to protocol, Hartranft kept a meticulously detailed account of his experiences in the form of a letterbook. In *The Lincoln Assassination Conspirators*, noted Lincoln scholars Edward Steers, Jr., and Harold Holzer, in partnership with the National Archives, present this fascinating historical record for the first time with contextual materials and expert annotations, providing a remarkable glimpse behind the scenes of the assassination's aftermath. Hartranft oversaw every aspect of the prisoners' daily lives, from making sure they were fed and kept clean to ensuring that no one communicated with them except on the written orders of Secretary of War Edwin M. Stanton. In his *Letterbook*, Hartranft scrupulously recounts the arrival of each prisoner and describes the prison routine -- which included three simple meals a day, a twice-daily cell inspection by Hartranft himself, and frequent physical examinations by

an army physician. The prisoners wore wrist and leg shackles and, controversially, most of them wore special hoods designed to isolate them from their surroundings. When the conspirators' trial began, the nation waited eagerly for news, and many sought retribution against those they held responsible for the nation's grief. Hartranft resisted calls for both vengeance and mercy and continued to treat his notorious charges as humanely as possible, facilitating meetings with clergy and sending letters to and from family members. Yet, as his detached, detailed description of the execution of four of the conspirators shows, he did not allow emotion to impede the performance of his duty. The legal and moral issues surrounding the conspirators' trial -- the extraordinary use of military rather than civil justice, the treatment of the accused while incarcerated, the fine line between swift and precipitous justice -- remain volatile, unsettled issues today. Hartranft's keen observations, ably analyzed by historians Steers and Holzer, will add a riveting new chapter to the story of Lincoln's assassination.

Alias Paine

A nation shattered by its president's murder Two diaries that reveal the true scope of an American conspiracy A detective determined to bring the truth to light, no matter what it costs him From award-winning journalist Timothy L. O'Brien comes a gripping historical thriller that poses a provocative question: What if the plot to assassinate President Lincoln was wider and more sinister than we ever imagined? In late spring of 1865, as America mourns the death of its leader, Washington, D.C., police detective Temple McFadden makes a startling discovery. Strapped to the body of a dead man at the B&O Railroad station are two diaries, two documents that together reveal the true depth of the Lincoln conspiracy. Securing the diaries will put Temple's life in jeopardy—and will endanger the fragile peace of a nation still torn by war. Temple's quest to bring the conspirators to justice takes him on a perilous journey through the gaslit streets of the Civil War-era capital, into bawdy houses and back alleys where ruthless enemies await him in every shadowed corner. Aided by an underground network of friends—and by his wife, Fiona, a nurse who possesses a formidable arsenal of medicinal potions—Temple must stay one step ahead of Lafayette Baker, head of the Union Army's spy service. Along the way, he'll run from or rely on Edwin Stanton, Lincoln's fearsome secretary of war; the legendary Scottish spymaster Allan Pinkerton; abolitionist Sojourner Truth; the photographer Alexander Gardner; and many others. Bristling with twists and building to a climax that will leave readers gasping, *The Lincoln Conspiracy* offers a riveting new account of what truly motivated the assassination of one of America's most beloved presidents—and who participated in the plot to derail the train of liberty that Lincoln set in motion. Praise for *The Lincoln Conspiracy* "History as a dangerous, inventive game . . . fascinating."—Martin Cruz Smith "A notable fiction debut with an appealing detective hero and plenty of action. It gets off to a fast start and never stops."—Library Journal "A historical puzzle as labyrinthine and grandiose as Scheherazade's tales . . . As clever as Sherlock Holmes, as wily as Pendergast in Preston and Child's series, and wickedly funny on top of it all, the irresistible McFadden is due to return in a sequel—thank goodness!"—Booklist (starred review) "[A] fast-paced, well-conceived adventure . . . There is nothing more fun than losing oneself in O'Brien's rich and riotous mixture of reimagination and fact."—Historical Novels Review "Gripping . . . The history and overall arc of the novel are superb . . . and Temple McFadden proves to be a worthwhile hero."—Associated Press

The Lincoln Assassination Conspirators

John Harrison Surratt, Jr., was a courier for the Confederate Secret Service and the only one of John Wilkes Booth's co-conspirators in the Lincoln assassination plot to escape hanging by the U.S. government. Fleeing vengeful authorities in the wake of the assassination, Surratt traveled through three continents and served in the Papal Zouaves before being arrested in Egypt. His 1867 trial was a sensation, ending in a hung jury. Upon his release, he sought a quiet life away from the spotlight but privately suffered the consequences of his acts. The most complete study of Surratt's life to date, this book addresses many unanswered questions and considers theories that have received little attention.

The Lincoln Conspiracy

Excerpt from *Assassination of Lincoln: A History of the Great Conspiracy; Trial of the Conspirators by a Military Commission, and a Review of the Trial of John H. Surratt* It is now more than twenty-seven years since the assassination of Abraham Lincoln, President of the United States, - an event of the greatest importance at the time, not only to the people of the United States, but to the civilized world. The trial of the conspirators by a military commission created the greatest possible interest; and the proceedings and testimony were published from day to day by all of the great newspapers of the country,

and read with avidity. The judgment of those who carefully studied the testimony at the time was formed upon a competent knowledge of the facts. And yet, even then, the fate of the prisoners on trial before the Commission, to be found innocent or guilty according to the evidence, constituted the great point of interest, and thus tended to divert attention from the evidence against the other parties charged not only with being co-conspirators, but as being the instigators of the plot. Since that time a new generation has come on to the stage of action, and as the official report of the trial by Ben Pittman, published at the time, is in the hands of but comparatively few people, a concise history of this great event, in popular form, but founded on the evidence, seemed to the writer to be due and called for at the present time. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Assassination of President Lincoln and the Trial of the Conspirators

The assassination of Abraham Lincoln represents a defining moment in the history of the United States. Coming during the closing days of the Civil War, the former country lawyer from Illinois had just guided the nation through some of its darkest hours only to fall victim to an assassin's bullet. Carried out by one of the most popular stage actors of the day, the death of Lincoln sparked the largest manhunt the nation had ever seen. The first assassination of a sitting U.S. president was, however, the primary component of a much larger plot designed to plunge the Federal Government into chaos by eliminating its most powerful officials. Among other avenues relating to this crucial event, this book relates the various Confederate plots to abduct President Lincoln, the initial kidnapping plot hatched by John Wilkes Booth and its evolution into a scheme of assassination, the intense manhunt for those involved in the assassination conspiracy, the elaborate funeral services held over a thirteen-day period as the body of Abraham Lincoln made its way from Washington D. C. to Springfield, Illinois, the prosecution of the conspirators by a military tribunal, and the execution of six conspirators.

John Surratt

"A Hidden Indictment: What the Slaves and Freedmen Knew About the Lincoln Assassination," provides the reader with a brief history of the development of the country, including major civil war battles, and a new perspective about the facts and events leading up to and surrounding the assassination of President Abraham Lincoln as seen through the eyes and ears of Slaves and Freedmen. The book tells the story of an African-American enslaved woman (Mary Simms), who testified as one of the chief government prosecution witnesses against the Lincoln assassination conspirators. The author is believed to be a distant relative of Mary Simms. "Frazer Walton revisits the Lincoln assassination conspiracy with a fresh look at the testimony of a slave whose ignored comments could have widened the investigation had she been listened to by authorities. Walton's book delves into the shadowy world of spies, double-dealers, and politicians during the American Civil War. Proving the theories he brings up may be impossible 150 years later, but his research into old records makes for interesting speculation." Clint Johnson, noted American Civil War author of eight books on the civil war, including his well-known book the "Pursuit." "Frazer Walton has fashioned an inspirational book, a page turner that will leave the reader gasping and asking for more. He has resurrected hidden American history for our consideration. And he has done it in the form of a gripping and thrilling mystery that will hold you spell bound until the last page. It is a remarkable and complex story, as it tells the truth about the assassination and the facts surrounding it, a truth that for all these years has remained hidden." Mark Lane, was a famous trial attorney, New York state legislator, civil rights activist and author. He has written several New York Times Best sellers (Rush to Judgment and Plausible Denial) about the assassination of American President John F. Kennedy.

Assassination of Lincoln

Was the Assassination of Abraham Lincoln a Confederate Operation? Conspiracy, terrorism, and obstruction of justice are not unique to recent events, and maneuvering and scheming behind the scenes has a long history. On an April evening, John Wilkes Booth crept into the presidential box at Ford's Theater in Washington, D.C., and shot President Abraham Lincoln. Many have wondered

ever since if there was not a wider conspiracy associated with the assassination. Lincoln and Booth: More Light on the Conspiracy takes up these questions, examining the people, issues, and strange happenings related to the assassination and its aftermath. Using the tools of investigative journalism and the latest in scholarly research, H. Donald Winkler describes the events that led to the shooting of the president, including Booth's activities from July 1864 through April 1865, raising questions never before raised and suggesting answers never before considered. Winkler has pulled together relevant, reliable information about the terrorism, intrigue, mysteries, covert actions, betrayals, deceptions, jury tampering, obstruction of justice, subterfuge, execution by trickery, dirty politics, and other shameful acts associated with the assassination. All the controversial issues are considered, including the likely guilt of Samuel Mudd and Mary Surratt, official Confederate involvement, John Surratt's gratuitous reprieve, the veracity of Louis Weichmann, and John S. Mosby's possible involvement. Also discussed are Edwin M. Stanton's motives and decisions related to denying protection to Lincoln on April 14; hurriedly naming and pursuing conspirators; concealing Booth's diary; hanging Mary Surratt while failing to pursue John Surratt; hiring Sanford Conover to find witnesses; and collaborating with the Radical Republicans in their efforts to impeach Andrew Johnson. Lincoln and Booth: More Light on the Conspiracy discusses the various possibilities and options on controversial issues and challenges readers to draw their own conclusions.

Into the Abyss

Every schoolchild knows about the assassination of Abraham Lincoln - how the actor John Wilkes Booth shot the president while he was watching a play, leaped to the stage from the presidential box, and made his escape. But there is far more to the story, including the bizarre scheme that Booth first concocted to kidnap Lincoln and trade him for Confederate soldiers held in Northern prisons. Here is the full story of the plot, the bumbling plotters that Booth recruited, Lincoln's lingering death, the manhunt for the assassin, and the trial of the conspirators. It is essential knowledge of a tragedy that shaped America for a century to come.

A Hidden Indictment: What the Slaves and Freedmen Knew About the Lincoln Assassination

Trial of the Conspirators for the Assassination of President Lincoln

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Lincoln Assassination

Sample Text

A Hidden Indictment: What the Slaves and Freedmen Knew About the Lincoln Assassination

The information in this book is based entirely on the eyewitness accounts in the National Archives and not on the newspaper accounts of 1865. The eyewitness accounts are far different than the newspaper accounts and for this reason were kept from the public by the U.S. Army until 1965 when they became available in the National Archives. The newspaper accounts of 1865 were based entirely on what Joseph Holt told them and could best be labeled "fake news." If you are interested in a factual account of Lincoln's assassination, this is the only book available. As an added bonus the contribution of the African-American community of 1865 to apprehend the conspirators is well documented. John Morris was a colored worker in Ford's Theater and their efforts are best described by his sworn statement "The colored people believe Mr. Lincoln to be the best friend that we had. I would go to the point of my life to find out the murderers." Again, this is the only publication with these facts. I have included the photocopies of the statements which also indicate that the Ford's were involved in the conspiracy to such an extent that Col. Burnett had Harry Ford put in solitary confinement. Read and judge for yourself whether the Union Army got away with the most infamous murder in the history of the United States. The only book ever published that records the effort of the African American community of 1865 to bring the conspirators to justice. Their affection for Abraham Lincoln was so great that they ignored the retribution that was certain for defying the government conspirators and seven African Americans were arrested and put in prison. This is the story of the assassination whose perpetrators were hidden for 150 years. The meticulous preparations of the conspirators are brought to light by the documents and evidence that was collected at the time, but obscured from public view in the national archives.

The Assassination of President Lincoln

Taking place during the most critical period of our nation's birth, *The First Conspiracy* tells a remarkable and previously untold piece of American history that not only reveals George Washington's character, but also illuminates the origins of America's counterintelligence movement that led to the modern day CIA. In 1776, an elite group of soldiers were handpicked to serve as George Washington's bodyguards. Washington trusted them; relied on them. But unbeknownst to Washington, some of them were part of a treasonous plan. In the months leading up to the Revolutionary War, these traitorous soldiers, along with the Governor of New York, William Tryon, and Mayor David Mathews, launched a deadly plot against the most important member of the military: George Washington himself. This is the story of the secret plot and how it was revealed. It is a story of leaders, liars, counterfeits, and jailhouse confessions. It also shows just how hard the battle was for George Washington and how close America was to losing the Revolutionary War. In this historical page-turner, New York Times bestselling author Brad Meltzer teams up with American history writer and documentary television producer, Josh Mensch to unravel the shocking true story behind what has previously been a footnote in the pages of history. Drawing on extensive research, Meltzer and Mensch capture in riveting detail how George Washington not only defeated the most powerful military force in the world, but also uncovered the secret plot against him in the tumultuous days leading up to July 4, 1776. Praise for *The First Conspiracy*: "This is American history at its finest, a gripping story of spies, killers, counterfeits, traitors?and a mysterious prostitute who may or may not have even existed. Anyone with an interest in American history will love this book." - Douglas Preston, #1 bestselling author of *The Lost City of the Monkey God* "A wonderful book about leadership?and it shows why George Washington and his moral lessons are just as vital today. What a book. You'll love it." - President George H.W. Bush "This is an important book: a fascinating largely unknown chapter of our hazardous beginning, a reminder of why counterintelligence matters, and a great read." - President Bill Clinton

The Assassination of Abraham Lincoln Flight, Pursuit, Capture, and Punishment of the Conspirators

With all that has already been written about President Abraham Lincoln's assassination, one of the little known stories is the case of the only successful conspirator, John Harrison Surratt, the son of Mary Surratt, who was hanged for her part in the crime. The Last Lincoln Conspirator is the true story of John Surratt, who became the most wanted man in America after the death of John Wilkes Booth's and was the only conspirator to escape conviction. The capture and killing of Booth twelve days after he shot Lincoln and the fate of Booth's other accomplices are familiar history. Four accomplices, including Surratt's mother, were convicted and hanged, and four were jailed. John Surratt alone managed to evade capture for twenty months and, once put on trial, to evade prison. The first full-length treatment of Surratt's escape, capture, and trial, this book provides fascinating details about his flight through Canada, England, France, the Papal States, and eventual capture in Egypt. Surratt's desperate journey and the bitter legal proceedings against him that bizarrely led to his freedom hold the reader's attention from first to last page.

The Conspiracy Between John Wilkes Booth and the Union Army to Assassinate Abraham Lincoln

The booklet appears to be a facsimile reproduction.

The First Conspiracy

Discusses the day Lincoln was shot and the weeks following his assassination, including the manhunt for John Wilkes Booth and his co-conspirators.

The Last Lincoln Conspirator

This is the story of John Wilkes Booth's closest associate prior to the assassination of Abraham Lincoln. It traces Surratt's worldwide flight from Ford's Theatre to Italy and shows that he was a conspirator who may be the missing link between Jefferson Davis and Lincoln's death. The book culminates in the trial of Surratt after he was brought back to America from Italy and was set free due to the trial ending in a hung jury.--Publisher.
