Vorschläge zur Verbesserung der Arbeitsverhältnisse, namentlich auf dem Lande

From our previous considerations on this topic, I mean by that: The material universe in the cosmic cycle, and from our jointly developed level of knowledge and the factual understanding, one may be able to understand the enthusiasm. However, with the cosmic evolution before this dubious Big Bang, all of this has next to nothing to offer. Specifically, after I was able to read a little in the archives of mankind from the modern planet earth, I mean that they define cosmic evolution from the beginning of this dubious Big Bang. They connect this, from their point of view, central, cosmic event without restriction with the beginning of the cosmic world, without defining this world in concrete terms, energetically and materially. And by that I mean not only material evolution, but also the biological development of living beings of the most varied kinds.

Deutsches Wörterbuch

What happened before the big bang? How did the smallest building blocks of life and matter develop? Do thinking corporeal beings of the higher spiritual order, for example humans, have an ego-consciousness on the basis of the law of conservation of energy? Where does the cycle of cosmic life close? Is there a purpose why the universal world exists in its entirety? And for the fact that it is set up as it is? Is there such a thing as god or gods? As they are called on some habitable planets? And if so, what should we know about him or her? Are they possibly a product of spiritual fantasy of thinking, physical beings of the higher spiritual order as a means of developing and maintaining power? What distinguishes the species of thinking corporeal beings of the higher spiritual order? Is there such a thing as the spiritual, especially a fundamental difference between spirit and matter?

Der Hausfreund auf dem Lande, oder Sammlung erprobter Rathschläge, Recepte und Mittel, zur eigenen Berathung und Selbsthülfe, vorzüglich beym einsamen Landleben für Hausväter und Hausmütter

Im ersten Teil des Buches werden die sozialen und wirtschaftlichen Hintergründe des bäuerlichen Lebens vom ausgehenden Mittelalter bis zum Beginn der Industriellen Revolution in Westfalen dargestellt. Zahlreiche Dokumente illustrieren die vielfältigen Beziehungen der Kötterfamilie zu dem Grund- und Lehnsherrn, dem Kloster Quernheim bei Kirchlegern. Im zweiten Teil wird die Geschichte der Familie im 19. Jahrhundert erzählt, als ein Fünftel der Bevölkerung Westfalen verlässt und vor allem nach Amerika auswandert. Es wird von der oft beschwerlichen Reise von Bremerhaven nach New Orleans und weiter den Mississippi hinauf berichtet. Die deutschen Einwanderer gehören zu den ersten Siedlern nördlich von St. Louis, Missouri. Der Autor zeichnet ein facettenreiches Bild der Jahre von 1840 an: die Siedlungsgeschichte, das kirchliche und schulische Leben, die Arbeit und das Freizeitverhalten werden ausführlich geschildert. Weitere Siedlungsschwerpunkte sind Quincy, Illinois, Manhattan in Kansas und Grand Island in Nebraska.

Intro

How would you describe your Mindset in three words?

Who is your real life hero?

Describe your perfect day.

What are the things that make you anxious or worried if you don't have them?

Who would you like to be if you could be a historically well-known person for a day?

What are you most afraid of?

What's your recent purchase you feel most satisfied with?

If your life story was a movie, what would be the title?

What is something that you can't get used to over time?

What is your guilty food pleasure?

What superstition or jinx do you believe in?

Where do you find inner peace?

What was the most beautiful scene you've ever seen in your life?

What is the most precious thing you want to keep in the safe?

What is something you used to like but don't like anymore?

Practicing without sleeping vs practicing without eating.

What is something you are currently worried about?

Let's practice self-love! Give yourself a pep talk for today.
