My Grandfather's Hat

A boy recalls his special relationship with his grandfather by playing with his grandfather's old hat.

Grandfather's Hat

Reviewing her novel, *The Line of the Sun*, the New York Times Book Review hailed Judith Ortiz Cofer as "a writer of authentic gifts, with a genuine and important story to tell." Those gifts are on abundant display in *The Latin Deli*, an evocative collection of poetry, personal essays, and short fiction in which the dominant subject—the lives of Puerto Ricans in a New Jersey barrio—is drawn from the author's own childhood. Following the directive of Emily Dickinson to "tell all the Truth but tell it slant," Cofer approaches her material from a variety of angles. An acute yearning for a distant homeland is the poignant theme of the title poem, which opens the collection. Cofer's lines introduce us "to a woman of no-age" presiding over a small store whose wares—Bustelo coffee, jamon y queso, "green plantains hanging in stalks like votive offerings"—must satisfy, however imperfectly, the needs and hungers of those who have left the islands for the urban Northeast. Similarly affecting is the short story "Nada," in which a mother's grief over a son killed in Vietnam gradually consumes her. Refusing the medals and flag proffered by the government ("Tell the Mr. President of the United States what I say: No, gracias."), as well as the consolations of her neighbors in El Building, the woman begins to give away all her possessions. The narrator, upon hearing the woman say "nada," reflects, "I tell you, that word is like a drain that sucks everything down." As rooted as they are in a particular immigrant experience, Cofer's writings are also rich in universal themes, especially those involving the pains, confusions, and wonders of growing up. While set in the barrio, the essays "American History," "Not for Sale," and "The Paterson Public Library" deal with concerns that could be those of any sensitive young woman coming of age in America: romantic attachments, relations with parents and peers, the search for knowledge. And in poems such as "The Life of an Echo" and "The Purpose of Nuns," Cofer offers eloquent ruminations on the mystery of desire and the conflict between the flesh and the spirit. Cofer's ambitions as a writer are perhaps stated most explicitly in the essay "The Myth of the Latin Woman: I Just Met a Girl Named Maria." Recalling one of her early poems, she notes how its message is still her mission: to transcend the limitations of language, to connect "through the human-to-human channel of art."

Shadow House

A harrowing account of the Armenian Genocide documented through the stories of those who managed to survive and descendants who refuse to forget The grandchild of Armenians who escaped widespread massacres during the Ottoman Empire a century ago, Varujan Vosganian grew up in Romania hearing firsthand accounts of those who had witnessed horrific killings, burned villages, and massive deportations. In this moving chronicle of the Armenian people's almost unimaginable tragedy, the author transforms true events into a work of fiction firmly grounded in survivor testimonies and historical documentation. Across Syrian desert refugee camps, Russian tundra, and Romanian villages, the book chronicles individual lives destroyed by ideological and authoritarian oppression. But this novel tells an even wider human story. Evocative of all the great sufferings that afflicted the twentieth century—world wars, concentration camps, common graves, statelessness, and others—this book belongs to all peoples whose voices have been lost. Hailed for its documentary value and sensitive authenticity, Vosganian's work has become an international phenomenon.

The Comstocks of Cornell is the autobiography written by naturalist educator Anna Botsford Comstock about her life and her husband's, entomologist John Henry Comstock—both prominent figures in the scientific community and in Cornell University history. A first edition was published in 1953, but it omitted key Cornellians, historical anecdotes, and personal insights. Karen Penders St. Clair's twenty-first

century edition returns Mrs. Comstock's voice to her book by rekeying her entire manuscript as she wrote it, and preserving the memories of the personal and professional lives of the Comstocks that she had originally intended to share. The book includes a complete epilogue of the Comstocks' last years and fills in gaps from the 1953 edition. Described as serious legacy work, the book is an essential part of Cornell University history and an important piece of Cornell University Press history.

Meet me in St. Louis, then further south I ask you to travel with me past the Mississippi River town of Kimmswick to a valley along Glaize creek to my secret meadow. As you Meet Me in the Meadow, I will tell my tales to you, Take a peek through time and history, some are fantasy, some true. A memory of my Great Grandmother before the the 1904 St. Louis World's Fair and her encounter with a Gypsy woman traveling through the area. Stories of hardships of my fathers pioneer grandparents as they settled their Homestead in Northern Missouri in the 1830's and kept a diary of the daily challenges. An August picnic a hundred years ago and the pictures I found. On to my own experiences as I lost a classmate in third grade. Some unique ways I look at things, and what types of foods entice me to the County Fair. As a dancer, my escape from a very rude gentleman visiting from Greece. My curiosities and certain circumstances in life. In My Meadow, I describe the area where I found peace to write and where I made some eerie discoveries. Years of interest in archaeology are the subject of several narrative poems as I ventured through the virgin woodlands along the creek. I am inviting you to Meet Me in the Meadow. Picture a warm Spring day as we sit together and I share my world of Adventure, Humor and Mystery.

Tlingit Myths and Texts

Broadside ballads-folio-sized publications containing verse, a tune indication, and woodcut imagery-related cautionary tales, current events, and simplified myth and history to a wide range of social classes across seventeenth century England. Ballads straddled, and destabilized, the categories of public and private performance spaces, the material and the ephemeral, music and text, and oral and written traditions. Sung by balladmongers in the streets and referenced in theatrical works, they were also pasted to the walls of local taverns and domestic spaces. They titillated and entertained, but also educated audiences on morality and gender hierarchies. Although contemporaneous writers published volumes on the early modern controversy over women and the English witch craze, broadside ballads were perhaps more instrumental in disseminating information about dangerous women and their acoustic qualities. Recent scholarship has explored the representations of witchcraft and malfeasance in English street literature; until now, however, the role of music and embodied performance in communicating female transgression has yet to be investigated. Sarah Williams carefully considers the broadside ballad as a dynamic performative work situated in a unique cultural context. Employing techniques drawn from musical analysis, gender studies, performance studies, and the histories of print and theater, she contends that broadside ballads and their music made connections between various degrees of female crime, the supernatural, and cautionary tales for and about women.

, The Hat. A wonderful tale about a grandfather and his grandson, this book goes back to the American Civil War and the Indian Wars, blending fiction with history to create an entertaining story that will appeal to readers both young and old. Tommy is having a vacation in his grandfather's ranch. It is a tradition they do every summer. This time, his father is needed at work so it's only him and his mother. He is glad to get away from school where the other children bully him and the unpleasant teachers giving him a hard time. He is having the time of his life, and not only because he gets to help around the farm. His grandfather is telling him stories. He found how interesting those stories are. Tommy can't wait to hear all of them, as he is clearly fascinated by the characters and the events that unfold as his grandfather tell it to him. He learned about his family's past, getting to know his ancestors from his great-great grandfather and onwards. Those stories talks about the war between the Yankees and the Southerners, the era of bounty hunting, the fight between the Whites and the Indians and the time when people settle down on farms and ranches where rustling is a common occurrence. Tommy wishes those stories need not end. His grandfather introduced him to the important people who made up their family tree, and he has this unquenchable thirst to know them all. Compelling and often humorous, The Hat sweeps the readers into an extraordinary story within a story, treating them with a taste of history and fiction that will surely capture their hearts and keep them asking for more.

The Panama Hat Trail

In this engrossing memoir, poet and literacy scholar Eli Goldblatt shares the intimate ways reading and writing influenced the first thirty years of his life—in the classroom but mostly outside it. Writing Home: A Literacy Autobiography traces Goldblatt's search for home and his growing recognition that only through his writing life can he fully contextualize the world he inhabits. Goldblatt connects his educational journey as a poet and a teacher to his conception of literacy, and assesses his intellectual, emotional, and political development through undergraduate and postgraduate experiences alongside the social imperatives of the era. He explores his decision to leave medical school after he realized that he could not compartmentalize work and creative life or follow in his surgeon father's footsteps. A brief first marriage rearranged his understanding of gender and sexuality, and a job teaching in an innercity school initiated him into racial politics. Literacy became a dramatic social reality when he witnessed the start of the national literacy campaign in postrevolutionary Nicaragua and spent two months finding his bearings while writing poetry in Mexico City. Goldblatt presents a thoughtful and exquisitely crafted narrative of his life to illustrate that literacy exists at the intersection of individual and social life and is practiced in relationship to others. While the concept of literacy autobiography is a common assignment in undergraduate and graduate writing courses, few books model the exercise. Writing Home helps fill that void and, with Goldblatt's emphasis on "out of school" literacy, fosters an understanding of literacy as a social practice.

Harper's Young People

Stella's Secret is the inspirational memoir of how a young girl and her mother survive the most hellish conditions of the ghetto and the deathcamps at Auschwitz, Birkenau and Bergen Belsen. But it is Stella's voice, the amazing way that she tells her story, that makes this Holocaust story so unique, powerful and endearing. The reader listens to Stella's stunning simplicity of expression, her use of Polish and Yiddish phrases, her humor, her all-so-frequent grammatical errors and is charmed. It is a story that only Stella Yollin can tell, and it can only be told in Stella's sweet and incomparable way.

"For the rare Jews of Poland who managed to survive the Holocaust, the very idea of a return to what had been one's homeland might seem both physically and psychologically impossible, perhaps even absurd. Yet it is precisely this paradoxical journey that Mira Kimmelman undertakes with great dignity and generosity. In words that are both direct and intimate, she exposes the ambivalence of what it means to learn to live again after Auschwitz—to experience love, raise a family, and assume a steadfast place in the Jewish community of a new land. At the same time, she acknowledges the abyss of losses that can never be retrieved. Perhaps even more importantly, Mira reveals how the pain of a return is transformed into a new adventure of discovery and reconciliation to be shared with her sons, their families, and her readers for generations to come."—Karen D. Levy Professor of French Studies University of Tennessee "This book is written with intelligence, sensitivity, and eloquence. As a post-Holocaust memoir, it is an excellent volume, inasmuch as it brings out the scope of the Holocaust, its impact on future generations, and how it affects our understanding of past generations. The author explores and elucidates the problems of liberation from death and the return to life that forever confront Holocaust survivors." —David Patterson Bornblum Chair in Judaic Studies University of Memphis "Life beyond the Holocaust brings to mind in its power to document painful memories Primo Levi's *The Reawakening*. Ms. Kimmelman's memoir is, above all, a beautiful love story of herself and her husband, Max. She writes in a vernacular style that evokes her experiences with specific details. Her book is alive ... and celebrates in good prose human values triumphing over radical evil." —Hugh Nissenson

From the poignant "The Queen's Prayer," written by Hawaii's last reigning monarch, to Ryan Monico's "The Million-Dollar Mango Tree," a tribute to his grandfather's pickled mango, the editors present finely textured narratives of life in Hawaii by some of the state's most respected writers and observers.

Newspaper Hats

Life in idyllic 1960s McAlisterville, Pennsylvania seems so promising to young Nelson Lauver. But undiagnosed dyslexia soon turns hope and optimism into struggle and shame as he falls far behind in school and is branded lazy. Confused, angry, and determined not to be the dumb kid, he chooses

instead to become the bad kid- ending up a loner at odds with the world and with himself. Nelson resigns himself to being hopelessly different and joins the ranks of millions of Americans who try to hide their inability to read and write. At age 29, a chance encounter leads to a diagnosis of dyslexia and a profound rebirth. Ironically, the boy who was afraid to have anyone hear him try to read launches a new career as a writer, broadcaster and speaker. An estimated 10 to 20 percent of Americans suffer from a learning disability. 14 percent of American adults are considered functionally illiterate. More than personalizing these sobering statistics, this uplifting memoir goes beyond one man's account of rising above a learning disability. Most Unlikely to Succeed is an inspirational story that will speak eloquently and profoundly to anyone who has ever struggled to be heard, to be understood, or to make his or her way in the world.

"I tip my hat," an often repeated phrase of Cathy Brooks' grandfather, James Brooks, was the inspiration for this military pictorial featuring the descendants of Cathy's grandfather and other family members. The book merges her love for her family with photographs that showcase a family heavily invested in the military. Some of the most spectacular documents include the military and early voting records of Cathy's great-great-grandfather Private David Singleton who served during the American Civil War from 1863-1865 in Company D of the 51st U.S. Colored Infantry from Mississippi. I Tip My Hat: A Granddaughter Reminisces with its six generations of photos and documents cements the family's legacy for generations to come, hopefully opening the door to more portals of history.

The Notebook of a Native Washingtonian

He did look so funny when they first put him into "pocket-clothes!" His green "breeches" were so tight that they made you think of two pods of marrow-fat peas, only they were topped off with a pair of "rocco" shoes, as red as bell-peppers. He had silver buckles on his shoes, and brass buttons on his green jacket, which was fastened at the back. He had a white collar about his neck as large as a small cape, and finished off around the edge with a ruffle. His mother had snipped his dark locks so they needn't look so much like a girl's; and then with his brown fur hat on, which his grandfather Cheever had sent from Boston, he looked in the glass and smiled at himself. Do you wonder he smiled?
