AMA: Enterprise App Management, Advanced Analytics in Intune Suite - AMA: Enterprise App Management, Advanced Analytics in Intune Suite by Windows IT Pro 608 views Streamed 1 day ago 57 minutes - Have you explored the new solutions in the Microsoft Intune Suite? Introductions

Demo - Enterprise App Management

I would like to easily be able to find user friendly ways to deploy non-Store/legacy apps to devices via Intune.

Demo: Advanced Analytics - device query

Please tell me there are more reports coming to the baseline Intune license level of analytics.

How can we monitor Win32 application updates to know when there should be a new package version prepared?

Once we deploy an App via the Enterprise App catalogue method and we want to downgrade a version of a particular app, is there an option available in Intune now?

How about update management? Will the updates be adjustable?

Will it be possible to use device query to add/remove devices from dynamic security groups for remediation or other tasks?

Are you looking to create an interface where we can create a custom report for gathering a specific piece of data like a specific file or registry key?

Does supersedence in Intune make the app mandatory, as it does in ConfigMgr?

If we change the Uninstall command (Win32 app) after deployment, which Uninstall command is being used within the later Supersedence?

One of the most common reasons app deployments fail in my organization is due to applications running when an install runs. We have a workaround to create a script that runs as a requirement that checks to see if the process is running. It would be nice if this was available automatically - in Advanced Analytics?

Would be pretty useful to be able to report if a group has a policy/configuration assigned. Sometimes it's pretty hard to know if changing a groups membership will effect another config. Do you have any plans to add such feature?

Is there a more efficient way to expose anomalies such as Windows Feature Updates?

As Intune administrator, I have an Intune Enterprise Application Management licence. Will I need a licence for all my users with Intune enrolled devices?

ConfigMan vs Intune app deployment - Are there any plans to have deploy at Logon available in the future?

Is there any chance to have a similar report as GPResult so we can identify which Intune profile is applying X setting at device level?

Any plans to make remediation built into the Company Portal app deployment?

Will the Enterprise App Management update the apps on all devices, or will you need to create a requirement rule to look for old versions and apply to all devices?

Do you plan to add more reporting features on disk encryption? Which method of encryption is used, etc.?

Do you have intention to publish some 'most used' or most recommended or best practice KQL queries from Advanced Analytics to help people starting with it easily?

We're seeing now that Copilot in Intune preview has been announced -- When we will see a natural

language interface for Intune reporting? Something like "show me all devices that are not compliant", or "show me all devices that do not have Secure Boot and BitLocker enabled"

Puppy Kisses

Is it too much to want the dog and the guy? I've never been one to take life too seriously. I've always been kind of a whirlwind free spirit—Dawn Vasquez, the girl with the sunny disposition and the flighty personality. But then an adorable golden retriever puppy in need of rescue crossed my path and everything changed. Now, I'm wondering just what life would be like if I put some roots down and offer Gigi, my rescue pup, the promise of a real home. Unfortunately, as I'm about to hunker down for some full-time puppy love, Adam Dearborn, a hopelessly buttoned-up cowboy rancher, enters the picture and insists he needs a guide dog and it must be Gigi. I've got no choice but to fight for my puppy and

convince Adam that there are plenty of other dogs who would suit him. But somehow, our little tussle turns into a serious attraction, and now I'm wondering if for the price of a kiss, I can convince this handsome, slightly stuffy cowboy to take on both the puppy and me, so we can all have the chance of a forever home.

Sunshine at Cherry Tree Farm

My dog doesn't like men. Actually, that's a lie – she doesn't like the men I choose. Jennie Meadows has convinced herself she has everything she could ever need: a dog grooming business - 'Telling Tails' - going from strength to strength at Cherry Tree Farm and her trusty four-legged soulmate Millie. After a series of bad break-ups Jennie has learned that Millie's judgement (when it comes to men, at least) is sounder than her own. So when the pup takes a sudden liking to the local vet Jennie's interest is piqued. Though she's sworn off dating, they do say cupid works in mysterious ways so perhaps it's time for Jennie and Millie to take a leap of faith. Because happy ever after may be just a tail wag away... Sunshine at Cherry Tree Farm is a tale of love, grief and trusting in those you hold most dear... A Dog Called Valentine

No good deed goes unpunished. When an unwanted Valentine's Day present is dumped at the shelter, volunteer Lily decides to foster the poor dog herself. A little attention is all he needs to blossom into a loving pet, ready for his forever home. Plus, helping a poor, rejected animal will distract her from her own problems. Win, win. Right? Wrong. Valentine needs more than a makeover if he's going to be adopted. He destroys her home, hates to be groomed and when he behaves better for a perfect stranger than he does her, Lily swallows her pride and begs the good looking but quiet stranger for help. After losing his canine partner in a horrific moment that upended his future, sexy and stoic Shane turns to books, walks in the park and remodeling his grandmother's home. No more intense K9 officer career, no more dogs, no more risks. But it's hard to ignore the misunderstood mutt at the park and his well-intentioned, but clueless, handler. Shane reluctantly agrees to give her a few tips and tricks, but that's all. He won't care. He won't get invested. And once Valentine finds his new home, his life can go back to normal. Puppy Love

The first story about me, Summer Holly Love, and how I went loop-the-loop crazy for Honey the dog. In my life I have wished a million thousand times for a puppy, so was officially over the moon when I finally obtained Parental Consent to get Honey - the most absolutely softest and velvetest Golden Labrador you have ever imagined. Since she moved in we have had some extremely funny adventures while dealing with my weird sister April's frankly unfortunate love crush on Honey's vet. It has all been rather manic but luckily I am an expert in De-Fusing the Tension and Staying Ahead of the Game when it comes to this sort of situation, as you will see. This is the first book in a precisely charming new series about me and Honey.

Ready or Not in Dog Town

What if a dog you never met, a dog you never knew was the only dog for you? Isla McInnis flies across the country to Dorset Hills on a hunch that a sweet little rescue dog named Rio will change her life forever. But when she reaches the scenic town, the dog has already found a home. Bruce Duncan doesn't believe in whims or fate. The expert trainer is looking for reliable, local homes for his rescue dogs. Isla, an investigative reporter from L.A., may be pretty, persuasive and annoyingly persistent, but she doesn't tick any of the right boxes for a good owner in his eyes. When a quirky band of rescue rebels takes Isla under its wing and into the hills with Bruce to meet some available dogs, she has one day, one chance to prove she's worthy of a special Dorset Hills dog--even if Rio is no longer an option. By the time the sun sets, Isla questions whether adorable Rio was the true reason she was called to this quaint town in the first place. Is it possible that destiny comes wrapped in fur? If you love dogs, humor, romance and a little mystery, you'll adore this short prequel to the Dog Town series! d Get it Now! More about Dog Town... Dorset Hills is famous for being the most dog-friendly place in all of North America. People come from near and far to enjoy its beautiful landscape and unique charms. Naturally, when so many dogs and dog-lovers unite in one town, mischief and mayhem follow. Every visit to Dog Town is a heartwarming, hilarious romp with a glorious happily-ever-after. These standalone titles can be read in any order. Guys & Dogs

A GUY VS. A DOG One of them is affectionate, loving, and eternally loyal — a companion for life who lives only to make you happy... Small-town veterinarian Megan Rose doesn't usually wake up next to strangers. But this morning she finds one sleeping in her bed. Unfortunately, "Baywatch" a stray puppy, doesn't belong at the address on her tags, either: the mansion of Sutter Foley, millionaire software mogul and six fabulous feet of gorgeous, eligible male. Sutter doesn't even like dogs. He does, however, like the sexy, spunky vet who's trying to saddle him with a pooch. The animal magnetism they share is intense, but so is the spotlight in which Sutter lives. Can Megan stand the heat? Though her outspoken ways make a lot of waves in Sutter's goldfish-bowl world, he's never enjoyed life so much. Could she be the trustworthy companion he's been looking for . . . or should he stick with the dog? It's the old story: girl meets dog . . . girl and dog meet guy . . . guy loses girl, gets dog . . . Or will there be a frisky new twist to this puppy's tale?

A Dog Named Nate

There were two souls in the universe waiting to be united. One individual was in Rhode Island, and the other was in Massachusetts. One was a tiny toy poodle, and the other was a compassionate human being. Both were struggling with challenges in their lives before the union. Neither one knew they were going to meet someday. The human being had a vision to the universe to find a toy poodle. Perhaps the tiny poodle also had a vision to the universe to find a loving home. The tiny poodle was a scrubby stray

found on a hot day under a car, with hair so long and badly matted, he could not even move. He weighed three pounds. The human read about the tiny poodle and went to the shelter, where they cleaned him up so well that he looked so beautiful. Five people were interviewed, but the compassionate human was the lucky one chosen, or they were lucky to find each other. They brought each other peace, comfort, and love in a true, loving bond. It was meant to be. They awakened each other's souls and had such an amazing journey together that will touch your heart.

Preaching in the Purple Zone

A small town contemporary romance with heart. . . She's Main Street. He's Wall Street. Desperate father Ian McKinley moves his delinquent teenage son to the small Virginia town of Keeling Creek, a place very unlike the New York City life he has been leading. Love takes him by surprise when he falls for Colby Williams, a woman unlike anyone he has ever been drawn to, a small town vet with a heart for animals and a fierce love for a teenage daughter she is also struggling to raise. But Colby has a secret in her past, a secret she's not sure her daughter will ever forgive her for. And as for Ian McKinley, he seems too good to be true. If she had learned anything from the one time she had thrown her heart fully into love, it was that it didn't last. What else could Ian and Colby possibly have in common? Dogs? Yes. Love? Maybe. *** Wow! Powerful story about the healing power of love. And not just the love between a man and woman, but the love of parents for their children, the children for their parents and the love between people and their pets. This story covers it all! I loved it. Excellent and sweet. A very well done story about two single-parents of teenagers, trying to do their best. Each have suffered losses that make loving and trusting again a challenge to overcome. Lovely, rich characters set in a small-town, with excellent veterinarian Colby - a strong and successful woman, and gorgeous work-obsessed Ian, who comes to the small town to get his son in a slower environment due to some acting out that life in NYC made too easy. Rich storytelling, a very engrossing read! I loved every bit of this book. "And Then You Loved Me" is the first book I read by Inglath Cooper. I queued a few more of her books to read and picked this first because I love dogs (and cats) and we have a veterinarian in our family. Whatever the reasons I loved every chapter of this book. I hated to reach the end but there could be an obvious follow-up to this. I hope so. For now I need to read every book by Inglath Cooper that I can find. Fun, Fresh, Fast and Relaxing Read. Good Guys Love Dogs was my first read by Inglath Cooper. Great style and enjoyable. Fast moving and interesting with characters I could relate to. I will be reading more Inglath Cooper books.

I Love My Dog and My Dog Loves Me

A Bemis Double-Header What is better than a Helen A. Bemis novel about mystery and romance in Riverview, home of the Riverview Animal Shelter? Two Bemis novels. For those who like their fiction in larger than 100-page doses, we have put together two of Helen's novels, each dealing with a big dog, Curly and Godzilla. One of Helen's sweet Great Danes, Angel, died recently, and the author liked creating this double-the-fun edition in Angel's honor. Yes, there is mystery. Yes, there is romance. Yes, there are interesting facts about "man's best friend," often "woman's best friend," too. Recall that a noted fictional frog maintained, "It isn't easy being green," to which we add, "It isn't easy being a big dog...but it's fun!" Take Curly, the hero of book 1. In his genes, he has a lot of Newfoundland, looks scary, and he sorely misses his "old lady," who has fallen and has been shipped off to a nursing home, leaving him alone in their house for days, until he escaped. Con-man Junior tries to have Curly killed and collect an insurance settlement by falsely claiming "ferocious" Curly attacked him. In fact, Curly had kept Junior from molesting Sharon. Curly may remain homeless, unless.... When you have a name like "Godzilla," people expect Big Things. This Mastiff-Great-Dane-mix star of book 2 seemed impossible to get adopted from the Riverview Animal Shelter. That is, until well-to-do, matronly single lady Helene

decided it was either get a gun or a big dog to make her feel safer in her ritzy home. Godzilla versus a 9-mm revolver was an easy choice for her, and she and the big dog made quite a pair. Even her parrot agreed. Helene distrusted banks. She kept her cash stash in her refrigerator and made no secret of that. She also kept her back door unlocked, afraid she would lock herself out otherwise. Better than a lock was a Godzilla. One day, a robber thought going in the back door to Helene's home while she was out would net him some of the ready cash he knew she had on hand. Godzilla objected fiercely. This escapade led to a series of robbery attempts that came up against Godzilla's strict sense of right and wrong. The game of "dog and robber" got played seriously. Who won? Don't bet against a big dog. About the Author Helen Bemis has enjoyed working with dogs all her life. She obtained a college degree at SUNY Adirondack, earned the Certified Professional Dog Trainer international certification, and has a successful business, K-9 Karing. She is grateful for the opportunity to help others understand these loving companions. She loves to hear people say, "Helen has gone to the dogs."

Understanding Two Big Dogs

"At times I felt like I was going to my own execution." This personal story entails my birth and my growing up with estranged, unknown parents who forced me to become an adult while still being a very young child. The disappointments and sufferings that I confronted as a child were horrible and overwhelming along with the agony and the intense physical anguish of the forced departure from my grandmother who, like a mother, raised me from birth. As I was yanked from my grandmother's arms, I was forced to leave my childhood and heaven behind to enter into a different world while enduring and tolerating the abuse of my unwanted parents. I was always treated like a maid or a stepchild. Finally, I was brave enough to escape from them to begin my life as an adult to face new challenges. I could see my memories, my past, and all the events being projected in front of my eyes as I escaped from the parents as well as the struggles I endured as I entered my adult world, encountering different abuses with toxic relationships that forced me to face situations of life and death. This is the chronicle of my journey to the horizon of my life.
