### Demon Angel

All hell breaks loose in Meljean Brook's erotic, supernatural debut novel. Lilith, a demon, has spent 2,000 years tempting men and guaranteeing their eventual damnation. That is, until she meets her greatest temptation: the man whose life mission has been to kill her.

### The Guardian

A stone that grants eternal life. It's her job to keep it safe. It's his job to protect her at all costs. Jack Justice didn't believe in love or the power of the human spirit and was fresh out of faith. But that all changed when he saved Lady Eleanor from highway bandits and discovered she was the Guardian of a Philosopher's Stone. Now, the quest is on to keep the stone from sinister hands. In the first installment of a four-book series, Jack learns the power of teamwork, the importance of family and friendship, and how far he will go to protect the woman that has come to mean everything to him. With the gift of eternal life, Nora has been searching for a hundred years for the Scholar, the Healer, and the Fox, so that together, they may use the stone for good and keep it away from evil intent. Nora is convinced that Jack is her Warrior and will protect her in her journey at all costs. All she has to do is teach him it's all right to love, to trust someone else, and depend on them to help you achieve your goal. She's determined not to fail, but she's hiding a secret that threatens to tear their newfound love apart.

### The Guardian Series Box Set

The Guardian Series Awakening, Book 1: When Sophie moves to Boston to get away from the people who ridiculed her for her psychic talents, she wants to start fresh. But when a demon attacks her study group at the library, she has no choice but to reveal her abilities to warn the others. She learns the attacks won't stop until she's dead. To stay alive she joins forces with the other students and a secret

society that has battled the demons for centuries. The last thing she wants to do is be a pawn in the war of good and evil. When her visions start showing events from a past life, she can't ignore the connections it shows. She has no choice but to acknowledge the bonds that tie her to the other students, even if some of them refuse, to have the strength to defeat the demon that hunts them down. Will she survive long enough to stop the demons from destroying everything and everyone she loves? Sacred, Book 2: Sophie has been attacked by demons, destroyed a nest of vampires, and lived through the death of someone close to her. Now she and her friends have been rescued by the Society and taken to a secret island base to train. While they desperately search for leads on where Akeldama may be holding Lilli prisoner, Sophie tries to keep Tristan at arms length. She doesn't need anything to distract her from finding her best friend, or so she tells herself. Then the unthinkable happens. One of the Society's own has betrayed the Guardians, selling their secrets to the demons and attacking them where they should feel safest. In the end, Sophie's greatest enemy could be her own fears, and she faces a decision that could push Tristan and her friends away forever. Hallowed, Book 3: After the decisions Sophie's had to make, she's ready to end Akeldama once and for all. That demon Queen had made everything go wrong in her life. Her boyfriend, Tristan, hates her because she's harboring a demon in her body and the people of the Society all avoid her, expecting her to spit fire and devour them all. With their new mission, they have to go into the demon realm, not knowing what they'll face or if they'll even live through it. The last person they expect to see saves Sophie and Kendra from being kidnapped and allies come from the most unlikely of places. A new enemy emerges, one more powerful and dangerous than Akeldama could ever be. To save the world, the universe, and everyone she loves, Sophie may have to give up her own life. Can she make that decision and leave everything and everyone she loves behind?

### Omen Lake

Suspense, drama, romance, and death are all on the menu as immortal guardians and dark beings again fight each other for human souls. Omen Lake Cemetery was overgrown and in need of a little TLC when the job offer of being caretaker landed in the lap of gifted Dee Priest. Little did she know that her need for isolation would lead her to a mystifying place, an ominous setting that signified death whenever a gray lake dared to appear. Roman, the leader of the Dark, threw minions at Dee one after another, using her as a pawn to exact revenge against her guardian hunter father, Jaxon Riley. Immortal guardians, Saul and Jaxon, would have to think fast to come up with a plan to protect Dee and make sure she had a chance at a normal life. Despite sending the guardian called Hunter back to protect Dee, death still nipped at her heels and lurked at her door. Could the guardians again beat back the dark, or would the dark be able to unleash death to again feed on innocent souls? Licking its lips and flexing its claws, the darks belly rumbled with hunger as it anticipated its next bloody meal . . . Dee!

### House of Guardians

What if you were destined to be with the son of Hades, but you were crazy in love with the son of Apollon? "Is this really a demigod? I don't exactly know what my expectations were - it's not like I have anything to compare it to. But I certainly did not expect a demigod to be walking around in ripped jeans with a beat up face and complaining about a headache. I didn't expect someone with such sad, tired eyes. But I also know that under normal circumstances, that same face is flawless." "This story is dark, intelligent, and entirely gripping." ~ Horrorgirlonna "Has everything a girl could ever ask for in a book." ~ Amazon Review "An emotional ride." ~ Goodreads Review HOUSE OF GUARDIANS When 17-year-old Laurel Harper decides to go live with her estranged father and stepfamily, she's unaware of the fact that her fate was already sealed the day she was born. She is now exactly where some higher power wants her to be. But it's not until she meets the proud and mysterious Sam Laurens that she feels something strange is going on. Why does he keep interfering in her life? Then Laurel finds out about Sam's ominous ancestry and a whole different fear arises. Fear of who Sam really is. Fear of her own feelings. And when she learns the dark truth about her own future, a sinister secret that will change everything as soon as she turns nineteen, she wants to run and hide, but soon realizes that there is no hiding from fate. Sam may be the only one who can help her escape her destiny, but then she has to start trusting him again, and time is of the essence because he has his own fate to deal with. Still, Sam is determined to stop Laurel from meeting her doom, even if that means he has to make a drastic move that will separate them for good. \*Author's note: Although some reviews speak of book 1 as a young adult novel, the trilogy is not intended as YA. Readers should know it contains violence, strong language, and graphic sexual content. Book 1 and 2 end on a cliffhanger.

### The Guardian of the Palace

In Book 1 of The Guardian League, Red Hernandez is struggling to restart her life after ending her military career. She finds herself caught up in stopping an otherworldly force from taking over the building she is tasked with protecting.

#### A Guardian's Touch

For 2 000 years Tahlia had lived on the fringes of humanity as one of the most powerful and feared Royal Vampires in existence. The only ray of light in her endless brutal existence is the reincarnation of her human lover, Aurora. For the past 20 centuries, the blue-eyed beauty's love added a gentle touch to the otherwise deadly veneer of the Vampire Queen. As protector and lover, she passionately loved her mortal partner and jealously guarded her existence. But that all changes when her lover's birth coincides with the resurfacing of a cunning and elusive enemy set out to upset the Vampire hierarchy. This time the target is not Tahlia-directly. It does however; threaten the Vampire Queen's existence.

#### The Guardian Herd: Starfire

Riders of the Realm author Jennifer Lynn Alvarez "will lift the reader on the wings of danger and destiny, magic and hope"\* in this first book in an action-packed fantasy adventure series. Perfect for fans of the Warriors and Guardians of Ga'Hoole series. Once every hundred years, a black foal is born, prophesied to either unite or destroy the five herds of winged horses that live in Anok—fated to become the most powerful Pegasus in all the land. Star is this black foal. Even though Star seems harmless because he's unable to fly, the leaders of each herd aren't willing take any risks. So, they plan to execute Star before his first birthday. With the threats against him mounting, Star must rely on his friends and the untapped power within to win an epic battle between good and evil. \* (New York Times bestselling author Peter Lerangis)

#### Jack Frost

Although frozen in time, Jack Frost brings warmth to children everywhere.

#### Jack Frost

The Guardians' powers are put to the ultimate test in their final battle in this thrilling conclusion to the epic chapter book series from William Joyce. When we last saw the Guardians, they were celebrating their victory during Bright Night, the final great Battle of the Moon, where they defeated Pitch once and for all. Or so they thought. Now, many years later, the Guardians have settled into their final selves, embracing their public images and the Earth Holidays. But the world has not been without evil since Pitch's imprisonment. All the Guardians feel the weight of lurking menace, but Jack Frost—now half human, half of his former self Nightlight—feels it the most. Jack's transition from Nightlight to Guardian was not an easy one. Always inclined to keep to himself, Jack has become especially isolated from the other Guardians since his transformation. Yet it is Jack who Ombric Shalazar (once a great wizard, now known as Father Time) trusts with a tremendous secret. But for Jack to fully understand this secret, he must revisit his past—and finally tell his story. Jack's story, however, isn't the only one to be reopened; an old enemy whose chapter we thought closed will reappear and with him bring a darkness and destruction that will test the Guardians like never before. #1 NEW YORK TIMES BEST SELLER • A classic legal thriller—with a twist. • "A suspenseful thriller mixed with powerful themes such as false incarceration, the death penalty and how the legal system shows prejudice." —Associated Press In the small Florida town of Seabrook, a young lawyer named Keith Russo was shot dead at his desk as he worked late one night. The killer left no clues. There were no witnesses, no one with a motive. But the police soon came to suspect Quincy Miller, a young Black man who was once a client of Russo's. Quincy was tried, convicted, and sent to prison for life. For twenty-two years he languished in prison, maintaining his innocence. But no one was listening. He had no lawyer, no advocate on the outside. In desperation, he writes a letter to Guardian Ministries, a small nonprofit run by Cullen Post, a lawyer who is also an Episcopal minister. Guardian accepts only a few innocence cases at a time. Cullen Post travels the country fighting wrongful convictions and taking on clients forgotten by the system. With Quincy Miller, though, he gets far more than he bargained for. Powerful, ruthless people murdered Keith Russo, and they do not want Quincy Miller exonerated. They killed one lawyer twenty-two years ago, and they will kill another without a second thought.

### Dangerous things (blood bound book 3)

Mary Jo Putney's passionate, vivid characters and captivating stories have earned enthusiastic acclaim from reviewers and readers everywhere. Now the New York Times bestselling author weaves a new tale in the Guardian series—a dazzling romantic fantasy that takes readers not only from the elegant streets of London to a dangerously tempting Mediterranean island but across time. Jean Macrae's family is one of the most prominent clans of Guardians, humans whose magical powers come from nature, but Jean considers her skills modest at best. She has never been able to summon the intense, earth-altering ability that has marked the most talented Guardians, and she is content without the adventure that such skill brings . . . until the day she is confronted by a handsome stranger whose magic imprisons her on his pirate ship. Captain Nikolai Gregorio is convinced that Jean's father abandoned him, as a child, to slavers. Now he seeks vengeance against the Macraes, no matter the cost. But Jean soon finds his untrained magical gifts far more dangerous than his thirst for revenge, especially when they intensify her own powers to an unthinkable—and enticing—degree. And when Jean and Nikolai's irresistible connection summons a woman from the future, they are charged with a formidable task: protect those who will oppose slavery's evil and forever change the future of two nations. This quest will sweep Jean and Nikolai into the most fantastic of realms and try their powers beyond even what the Guardians themselves would dare. And when ultimate disaster threatens, they will stake everything on a shattering test of love that could secure the fate of generations . . . or destroy them and all they cherish.
