Stone Age Adventures

An outstanding new range of first chapter books that helps children build their reading stamina and progress towards longer books

Beware of Bears!

Vivian French introduces us to a world of stone age chaos as we follow the adventures of Pod, Pim and Little Nut. Join this quirky Stone Age family on a night fishing adventure. Tall Cousin and Pod have gone off to fish. Little Nut follows, so Pod joins in too. There's trouble when a hungry bear appears!

Stone Age, Bone Age

STONE AGE, BONE AGE takes a young child on an imaginative adventure back in time - back to the stone age when people dressed in skins and hunted for woolly mammoths. Carried along by an engaging, lyrical text, we discover all about how stone age people lived, the tools they used and the food they ate, how they dressed and where they slept. Finally, we visit a magic place, deep in a cave, where beautiful paintings flicker in the torchlight and wild dancing takes place... 'Stamp like stag Dance like a bear' and celebrate 'Stone Age, Bone Age, What a clever age'. This book is truly unique, and an exceptional addition to the Wonderwise series from an award-winning author-illustrator team.

Stone Age Tales: The Great Cave

From the best-selling author of Horrible Histories... 17,300 years ago; Lascaux, France Willow isn't the strongest or fastest in his tribe, he is careful and clever. But that's not what matters to the other boys. All they care about who is the best hunter, and who can provide meat for the tribe. So when the brawny and brash Bull takes over as the tribe's chief, it's going to take all of Willow's wits to survive. A brand new and exciting tale, based on real historical and archaeological evidence, this story is full of Terry Deary's imaginative style and dry wit. Book band: Brown

Beware the Bear

A good time and a romping rhyme for ages six to ninety-nine. Nick was in the mood to take a different path home To see new things and be free to roam. He didn't fully grasp what his Gran was trying to say. Beware the bear, she warned. But he was on his way. He bounded through the trees and he paddled by the lake. It wasn't till the tunnel that he made his big mistake. He stomped and sang and echoed. It was tons of fun. But now the bear's awake. Well, there's nowhere to run. With a little more care he would have tiptoed past the bear. But now the bear's awake he has to trick his way out of there. How's he going to do it? The answer's really cool. I don't want to ruin it, but this I can tell you: It's more than a story, it's a rhyme with a flow. So read it out loud. Go on, give it a go.

Bronze Age Adventures

Follow Dug and family as he races against a raging river to save his pet wolf, Woof and his family's tent! You can top up your Bronze Age facts at the back of the book too!

Ab, the Cave Man

Vivian French introduces us to a world of stone age chaos as we follow the adventures of Pod, Pim and Little Nut. Join this quirky Stone Age family on a big journey. Winter is coming and Pod, Pim and Little Nut need to move home. They must find a cave quickly, the journey is dangerous!

Stone Age Adventures

A cave. A painting. A girl. A dream. Osha is an adventurous and determined little girl who dreams of seeing mammoths. Unfortunately, it has been many, many years since the last mammoth was sighted. Nevertheless, the fireside stories of her Grandpa and the beautiful paintings within the cave near her family's camp, fuel her hopes to one day see one. Through Osha's eyes, experience the Stone Age like never before. Join her and her friends on their adventures, in a world very different from your own. It all begins with a wall...

From the Cave Wall

This is a first in a new Larry Gets Lost series that features adventures back through time. In Larry the lovable pup's latest adventure, he falls asleep at home next to Pete (who is reading a book about dinosaurs) and travels back in time, waking up in the pre-historic era! Starting with dinosaurs, where he encounters some big (the Tyrannosaurus Rex and Triceratops), and others small (the Iberomesornis), he tumbles forward to the Ice Ages where he meets a Woolly Mammoth, and on to the cavemen of the Stone Age. But will he ever find his way back to his best friend Pete and the family again?

Larry Gets Lost in Prehistoric Times: From Dinosaurs to the Stone Age

"Learn how to survive an Ice Age winter"--Provided by publisher.

Hunt!

When the children wake up one morning the air is silent and the room is full of soft blue light. "It's snowed!" says Alice. "It's like the North Pole!" But their father warns them to beware of stumbling upon the Ice Bear's cave, and thus begins an icy adventure.

The Ice Bear's Cave

The Polar Bear Explorers' Club

Ayla, the heroine first introduced in The Clan of the Cave Bear, is known and loved by millions of readers. Now, in The Plains of Passage, Ayla's story continues. Ayla and Jondalar set out on horseback across the windswept grasslands of Ice Age Europe. To the hunter-gatherers of their world--who have never seen tame animals--Ayla and Jondalar appear enigmatic and frightening. The mystery surrounding the woman, who speaks with a strange accent and talks to animals with their own sounds, is heightened by her uncanny control of a large, powerful wolf. The tall, yellow-haired man who rides by her side is also held in awe, not only for the magnificent stallion he commands, but also for his skill as a crafter of stone tools, and for the new weapon he devises, the spear-thrower. In the course of their cross-continental odyssey, Ayla and Jondalar encounter both savage enemies and brave friends. Together they learn that the vast and unknown world can be difficult and treacherous, but breathtakingly beautiful and enlightening as well. A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' *Daily Telegraph* **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

"Nothing is unconquerable; even our gods can die." All his life, Brennus has been destined for warriorhood. However, a farmer's life doesn't provide many opportunities for swordplay and glory, despite the Goddess of Winter's gift of the Sight--the ability to see the sidhe of the Otherworld. But when the Hillmen kill his family and annihilate his clan, he knows the truth--no one can avenge his homeland but himself. As he prepares to set out against the Hillmen and their Queen, the clan's chief druid entrusts his daughter, Myrnna, to his protection, to which Brennus swears a solemn oath. As they fight toward the sanctuary of Dun Torrin, he must survive the endless hordes of Hillman and the monstrous sidhe while shielding Myrnna from harm, aided only by the Sight, a band of shifty mercenaries, and an ancient bronze sword. As Brennus struggles through this new world of blood and magic, the tension between protecting Myrnna and avenging his homeland threatens to tear him apart. Failure means the curse of dishonour. Victory would bring glory to himself and his ancestors. But what if keeping both of his promises proves impossible? In the words of his father... "Nothing is unconquerable; even our gods can die." *Hag of the Hills* is the first book in *The Bronze Sword Cycles* duology, a heroic fantasy set in 200 B.C. on the Isle of Skye, steeped in Celtic mythology and culture.

The Stones of Summer

A portrait of two men and the powerful, unforgettable woman they both love - and for whom they are both ready, in their very different ways, to stake everything.

The Pillars of the Earth

A provocative look at the vital connection between human beings, the natural world and meaningful knowledge. While tracking a lion with a Samburu headman and then, later, eluding human assailants who may be tracking him, Jon Turk experiences people at their best and worst. As the tracker and the tracked, Jon reveals how the stories we tell each other, and the stories spinning in our heads, can be moulded into innovation, love and co-operation -- or harnessed to launch armies. Seeking escape from the confusion we create for ourselves and our neighbours with our think-too-much-know-it-all brains, Jon finds liberation within a natural world that spins no fiction. Set in a high-adventure narrative on the unforgiving savannah, *Tracking Lions, Myth, and Wilderness in Samburu* explores the aboriginal wisdoms that endowed our Stone Age ancestors with the power to survive - and how, since then, myth, art, music, dance, and ceremony have often been hijacked and distorted within our urban, scientific, oil-soaked world.

Christmas Eve at Swamp's End

To make a living here, one had to be capable, confident, clever and inventive, know a lot about survival, be able to fashion and repair tools, navigate a boat, fell a tree, treat a snakebite, make a meal from whatever was handy without asking too many questions about it, and get along with folks. This fascinating and instructive book is the careful and unpretentious account of a man who was artful in all the skills needed to survive and raise a family in an area where most people would be lost or helpless. Smith's story is an important record of a way of life beginning to disappear, a loss not fully yet realized.

We are lucky to have a work that is both instructive and warm-hearted and that preserves so much hard-won knowledge.

Glitter Girl: A Swamp Yankee Mystery

Evil In The Swamp Evil in the Swamp takes place during the 1950s in Santurce, Puerto Rico. During this period, "El Fangito," as it was called, was home to some of the poorest people on the island. It was rife with poverty, disease, crime and despair. Most of the people were indigent and had nowhere else to live. Some were so poor they could not afford even the lowest rents, some even built their own "homes" from scavenged items. To add to the misery of the people, the area was like a swamp. Water flooded the entire area, making getting around difficult. Nonetheless people lived there under these conditions. This story centers on a young couple, an uneducated teenage girl who has just borne a baby girl, and the father of her baby, an abusive drunk. During this time "machismo" defined the lives of these people. The men controlled the women and, the purse strings and did basically as they pleased. The women were at the mercy of these men. Such is the life of Awilda, who has no one to help her escape the brutality of her existence. Santeria and voodoo were practiced during this time, and because of lack of medical services people relied on healers and witches to cure them of illnesses and to avenge any perceived injustices. There were said to be many witches in the swamp community. One witch in particular was said to be the most powerful of all and was the most feared. Jose, the protagonist in the story, is a drunk and a bully. One night Jose incurs the wrath of the evil witch and the entire community is terrorized as they witness her power and rage. Terror in Brooklyn This takes place in the mid- sixties and involves a young, single woman with a small daughter who has the ability to see the dead. She has had this ability since she was her daughter's' age, and though it has caused scary moments, she is totally unprepared for what happens when she moves into a new apartment with a dark history. People say sometimes places harbor evil if something evil has happened there. They say evil lurks where it is allowed to fester. The young mother realizes from the start that there is something there in the apartment, something "not quite right," but because of her situation, her desperation to have her own place, she ignores the feelings that have warned her in the past to be on guard, to be aware of something. She has vivid dreams of being stalked and suffers attacks at the hands of something evil, something she cannot see. She is horrified when she finally sees what is after her, when she sees the entity that "resides" in her new home. The attacks on her become more violent as the evil entity seeks to destroy her until finally her life hangs in the balance. Will she survive?

It was not a comfortable seat, and he could only keep his place by twisting his legs round and holding on; but as there was a spice of difficulty in the task, Dick chose it, and sat there opposite Tom Tallington-christened Thomas at the wish of his mother, Farmer Tallington's wife, of Grimsey, the fen island under the old dyke.

legend of sammy's swamp

Ten-year-old Mary Reed is known by those closest to her to be a reflective, intelligent, sensitive, unassuming young girl who abounds in the joys of growing up in the sparsely populated rural village of Bloomville. However, those family members and friends living in the harshly challenging woodlands of the sweeping pine forests of northern Wisconsin in the mid-1940's are fully unaware of the earth-shaking secret she conceals from them. Living within a matriarchal family, Mary, youngest of three children, inherits strength, wisdom and spirit of optimism and caring from her mother and grandmother. Above all else, she gains from them an understanding of the vibrant forces held in the wilds of nature. As much at ease in exploring the bordering swampland behind her home as she is in sharing dreams and laughter with friends and her classmates in the village's one-room schoolhouse, Mary develops a familial kinship with the creatures of the woods. Something separates Mary from other

children, a strange power within her that frightens and saddens her and will forever remain hidden. She first notices this phenomenon that makes her different in the early years. Unlike other children, she is never ill, injured, or fearful of anything. Above all, there is the matter of "the light," a weird aberration that gives her unimaginable abilities to alter physical actions of people and objects. Unable to comprehend this oddity, she conceals it out of embarrassment, wishing for it to remain her secret. In the opening chapter of the book, Mary has rescued her brother Tom and sister Sandy from an attack by a mean bully of a man, notorious throughout their rural township for cruel senseless behavior. As the story unfolds, it becomes apparent that this bully, a man named Curt Olmeyer, is following orders from the local deputy-sheriff as part of a plot to drive away the sheriff's family and take his job. Their plot begins with harassment of people and evolves into the kidnapping of a young girl. Mary's intervention locates and saves the victim, but Mary is hesitant to tell adults what she suspects. However, her opinionated and emotional older sister Sandy shares her belief in Olmeyer's role in the crime with girlfriends of the two sisters. The girls, Peggy, Bonnie, and Sandy agree to emulate the antics of comic strip heroes and go to the Olmeyer's farm to acquire evidence to implicate him. Mary disagrees with their idea, but goes along with it to protect them if need be. Peggy arranges for the girls to be driven out to a pond for skating. The pond is located near the Olmeyer farm. Neither the parents nor Tom or "boyfriend" Herbert knows of the girls' plans. While at the farm, the girls find an abused dangerous creature waiting for them and soon learn the absent Olmeyers, Curt and his innocent and abused special needs younger brother, Izzy, are away from their house, kidnapping a second child. Mary's village is shaken by the news of the separate kidnappings of two children. For one of the few times in her young life, her latent magical powers are unleashed to thwart the criminals' plans to harm the children, but the confrontation with the mastermind, the sinister deputy sheriff, and his deranged, but goofy henchman brings the struggle to her front door. Intense, powerful, exciting and humorous face-offs between Mary and the culprits continue to escalate until a climatic confrontation forces the adults in the community to discover the plot of the evil doers to burn down the school building on the evening of the annual Christmas program's final rehearsal. It is at the schoolhouse where the subplots are resolved within the flurry of Mary neutralizing the criminal boss while his accomplice flees to face a fatal confrontation with his own conscience. In the ensuing days, calm settles across the village and as Christmas day draws to a close and darkness descends upon the frozen swampland bordering the Reed hom
