How to Get from Where You Are to Where You Want to Be

Within minutes of reading this book you will want - and be able to - apply its clear, direct and highly effective principles to your own life. Jack Canfield built an \$80 million business from nothing. Now he shares his key techniques and unique insights so that you too can achieve success in everything you do.

Getting There

"The highest achievers share some of their lowest moments, and there is much wisdom to be gained from those struggles. Captivating, thought-provoking." —David Faber, CNBC The path to success is rarely easy or direct, and good mentors are hard to find. In *Getting There*, thirty leaders in diverse fields share their secrets to navigating the rocky road to the top. In an honest, direct, and engaging way, these role models describe the obstacles they faced, the setbacks they endured, and the vital lessons they learned. They dispense not only essential and practical career advice, but also priceless wisdom applicable to life in general. *Getting There* is for everyone—from students contemplating their futures to the vast majority of us facing challenges or seeking to reach our potential. "Kudos to Gillian Zoe Segal for assembling this remarkable group of visionaries and helping them all tell their stories without filters or false bravado. *Getting There* is both empowering and illuminating." —Piper Kerman, New York Times bestselling author of *Orange Is the New Black* "Life-changing, real-world advice." —Vanity Fair "Reading *Getting There* is like having an intimate, one-on-one talk with some of the world's most fascinating and accomplished people. You will be taken aback by their honesty, entertained by their anecdotes, and, most of all, learn invaluable lessons about both business and life. This book is fantastic—you will not be able to put it down!" —JJ Ramberg, bestselling author of *It's Your Business* "Somehow, Gillian Zoe Segal has gotten these leaders to share their stories in a unique, authentic, and revealing way." —Robert Steven Kaplan, former president and CEO of the Federal Reserve Bank of Dallas

How to Get from Where You Are to Where You Want to Be

This book tells you precisely how to examine an issue that is causing you difficulty, how to discover the source of the problem, and how to free yourself from the suffering that was created.

The DNA of Success: Know What You Want to Get What You Want

Do you set goals for yourself only to find they go unmet? Do you recite daily affirmations that never become realized? Do you ever listen to motivational speakers but find you quickly lose your enthusiasm? How many times have you set out to achieve your goals only to find yourself falling short of the mark? Over the years, we've been inundated by methods of achieving success -- goal setting, daily affirmations, self-help gurus, and subliminal messaging. But these standard techniques have failed us time and time again. So what does work and how do we go about living the life we've always dreamed of having? Is it even possible? Not only is it possible, with *The DNA of Success*, it's inevitable. Success is not something "out there" -- it's an inside job. We all possess what it takes to achieve our greatest desires. But first, to find the motivation and direction our lives lack, we need to pinpoint our Core Desires -- those things in life for which we have an intense, unwavering, and deeply felt need. Whether you want to earn more money, establish deeper relationships, boost your self-confidence, or deepen your spirituality, you must first identify your Core Desire -- that intense want that drives you from within. Do you know what you desire most in your heart? Do you have a sense of what it will take to realize those desires? Are you willing to do whatever it takes? Jack Zufelt, a top professional speaker and highly acclaimed trainer, knows that all success is a result of the power within us. As *The DNA of Success* explains, Core Desires are the trigger mechanisms that unleash the Conquering Force. Your Conquering Force is your innate ability to act effectively in a pursuit of your Core Desires. Once you tap into your Conquering Force, you will overcome all obstacles and resistance in your way to achieve amazing results -- every time. Don't waste your valuable time and energy writing goals, visualizing your

success, or repeating mantras -- The DNA of Success smashes the myths of achievement and teaches you to find the cause of success within yourself. Through case histories, business examples, real-life stories, testimonials, success tips, and proven advice, Zufelt reveals the new, in-depth psychology and personal habits that have won him the respect of his colleagues and the praise of the many thousands he has inspired.

Goals!

Tracy's ideas may save readers years of hard work in achieving the goals that are most important to them.

The Go-Getter Girl's Guide

Every office has one - a Go-Getter Girl - someone who seems to just know certain stuff about how to get the plum jobs/lifestyle she wants and damn, always looks great while she's at it. Magic? No, it's about strategizing--and The Go-Getter Girl's Guide shows you how. Born out of interviews with hundreds of successful, stylish young women--including award-winning journalist Soledad O'Brien, Spanx founder Sara Blakely, and bestselling novelist Emily Giffin--The Go-Getter Girl's Guide provides a no-excuses, big-picture way of thinking about your life and career, as well as day-to-day strategies for how to: - Navigate the tricky terrain of office politics - Find and use a mentor - Figure out when it's time to get a new job (or career)--and have the courage to act - Dress (and groom!) for success - And take care of yourself physically and emotionally Combining the practical career wisdom of What Color Is Your Parachute? with the savvy fashion guidance of The Little Black Book of Style, this dynamite guide is sure to bring out the Go-Getter in generations of women to come.

How to Ask for and Get What You Want

We've all experienced frustration asking for and getting what we want. It plays out regularly with our partners, children, employers, and businesses we patronize. Sometimes we don't bother to ask for what we want, even when it's perfectly reasonable, thinking it will create hard feelings or spark an argument. Often, it's because we don't think we can succeed in getting what we want. But nothing could be further from the truth. How to Ask for What You Want and Get It: Common Sense Tips That Work will help readers learn how to ask for what they want and get good results. It teaches them how to stay in the game by using the right words. It also shows how to build rapport by using positive body language. The more you know what makes people operate as they do, the better chance you'll have of helping them see things your way. The most important aspect to negotiating anything is getting the other person on your side. That means the person you're asking has to like and respect you enough to do what you want. Most of the advice in this book employs mindfulness techniques. The mindfulness movement helps people live in the moment, speak more effectively to one another, and settle problems peacefully.

You Can't Always Get What You Want

Thirteen year old Jamal Jackson from Dallas enters a summer program to experience country living in very rural Clayton Springs. He enjoys ranch life and likes his summer host, Jake, more than he had expected. He meets a group of teenagers who quickly become his friends. However, when the unexpected happens, he needs his new friends to help him out of a dangerous situation.

How to Get What You Want Without Having To Ask

In this clever book, bestselling author Richard Templar delivers a collection of principles, tactics and techniques that will make sure things always go your way, without you even having to ask. You'll discover the secrets of being the kind of person who gets what they want, and the secrets of making it easy for people to say yes to you (sometimes without even realising they are doing it). And for those rare occasions where you really do have to ask, you'll find priceless advice on exactly what to say and how to say it, so that you'll definitely never have to ask twice.

How to Get Whatever You Want

See the uniform title.

What Got You Here Won't Get You There

Your hard work is paying off. You are doing well in your field. But there is something standing between you and the next level of achievement. That something may just be one of your own annoying habits. Perhaps one small flaw - a behaviour you barely even recognise - is the only thing that's keeping you from where you want to be. It may be that the very characteristic that you believe got you where you are - like the drive to win at all costs - is what's holding you back. As this book explains, people often do well in spite of certain habits rather than because of them - and need a "to stop" list rather than one listing what "to do". Marshall Goldsmith's expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline, Johnson and Johnson and GE.

Get What You Want

Tony Burroughs was a young man living in Hawaii, when an older philosopher sage took him under his wing and became his mentor at an exotic fruit farm on the big island. Over a period of ten years, Tony learned how to farm as well as "The Information," a series of oral lessons, comprising a body of deep teachings about the very meaning of life, the history of mankind, and how to not just exist but to evolve and live a meaningful life filled with love, peace and abundance. A core teaching was in regard to intention-setting and Tony and two friends started a weekly circle to try it out. This first humble circle of three people had dramatic and life-changing effects that have resulted in Tony Burrough's life-long mission to guide others in the art of manifesting the best in themselves, their lives, and for the highest good of all. The tenet of Get What You Want is simple, powerful and profound: "that which you are reaching toward is also reaching out toward you." And, for the first time, Tony has gathered many of the key teachings of "The Information" into one book. Get What You Want shows how to set your intention to have that which you desire come to you as easily and effortlessly as possible.

Getting the Love You Want

I know of no better guide for couples who genuinely desire a maturing relationship. M. Scott Peck, author of *The Road Less Traveled* A remarkable book the most incisive and persuasive I have ever read on the knotty problems of marriage relationships. Ann Roberts, former president, Rockefeller Family Fund

You Can't Always Get What You Want

A "straight-dope, tell-all account" of touring with two of the world's greatest bands of the 60s and 70s—A "fast-moving narrative of rock-n-roll excess" (Publishers Weekly). In this all-access memoir of the psychedelic era, Sam Cutler recounts his life as tour manager for the Rolling Stones and the Grateful Dead—whom he calls the yin and yang of bands. After working with the Rolling Stones at their historic Hyde Park concert in 1969, Sam managed their American tour later that year, when he famously dubbed them "The Greatest Rock Band in the World." And he was caught in the middle as their triumph took a tragic turn during a free concert at the Altamont Speedway in California, where a man in the crowd was killed by the Hell's Angels. After that, Sam took up with the fun-loving Grateful Dead, managing their tours and finances, and taking part in their endless hijinks on the road. With intimate portraits of other stars of the time—including Janis Joplin, Jimi Hendrix, the Band, the Allman Brothers, Pink Floyd, and Eric Clapton—this memoir is a treasure trove of insights and anecdotes that bring some of rock's greatest legends to life.

How to Use Politicians to Get What You Want

Ever since the 2009 expenses scandal erupted, public opinion towards politicians has hit rock bottom. Even with a new intake into Parliament, people are still asking what is the point of having an MP? However, people do not realise that politicians can be used to help them get what they want in a range of situations in everyday life. Scott Colvin has spent the past ten years working in national and local politics. During that time he has worked out how to use politicians to win a range of personal battles, both as a consumer and in his community. All the battles he has won - including getting the chief executive of a FTSE-25 company to personally intervene to send an engineer to his home, saving the last post office in his town, campaigning for his child's nursery to remain open and getting a wheel clamp to remove a clamp free of charge - he has done by using MPs and councillors either passively

or actively to support his campaigns. He believes that everyone could do the same if only they knew how. This book is an informal 'how to' guide for consumers, pressure groups, residents groups, etc to demonstrate how and when to use your national and local politicians to assert your rights as both a consumer and a citizen. Politicians are often seen to have played the system for their own financial and personal gain - it is time for the people they represent to get the same chance.

Get the Life You Want

So often we find ourselves blocked in our lives, unhappy but at the same time anxious and fearful about making real and lasting change and uncertain what direction to take. In this book psychologist Dr Freddy Jackson Brown reveals that many of our difficulties are self-imposed. By following the principles of a breakthrough approach, Acceptance and Commitment Therapy, he shows that we can all live a happier, less fearful and more purposeful life. The book explains the key principles of ACT - accepting rather than avoiding difficult experiences, discovering how to defuse harmful thoughts (often through changes in the way we use language), focusing on the values that give your life meaning and committing to changes in behaviour. The ground-breaking aspect of this therapy is its recognition that lasting happiness can only be found when we identify the core values that are most profoundly important to us. The book begins by explaining that values give meaning and dignity to the difficult times we may face and provide a guiding star by which we can steer a path through life, ensuring that our choices are consistent with who we truly are. The book goes on to explain how we can determine our values and understand them, and then put our values into action in practical ways throughout every aspect of our life. Dr Jackson Brown shows us how to set long-term goals based on our values and shows how exploring the issues that seem to most distress us can provide clues as to what truly matters in our lives. Rich with case studies and practical exercises, this inspiring book will lead you to the life you truly wish to lead.

You Need This Book ...

Imagine how much easier your life could be if you could get people on your side instantly. If you had the skills of effortless persuasion that produced the results you wanted and needed, when you needed them. Like a How to Win Friends and Influence People for the 21st century, You Need This Book is a powerful recipe for getting what you want in life, from a better job to how to get served quickly at a busy restaurant. Trained by Paul McKenna, Mark Palmer and Scott Solder are experts in interpersonal dynamics. Until now, their elite techniques have been available only to high-paying clients, who have seen fantastic results in performance after attending their 'You Need This' seminars. Bringing their infectious personalities and clear, accessible style to a wider audience, Palmer and Solder impart their in-depth knowledge of how to influence people - in business and in personal life - with humour and a very British voice. From getting rid of 'toxic autopilots', to learning how to read people's moods, the book is an invaluable tool for anyone who wants to get on in life and get the job, relationship and happiness they deserve.

How To Get What You Want (English)

A self-help book by Orison Swett Marden, first published in 1917. Chapters include: Something Touched Him; How To Get What You Want; Playing The Glad Game; Discouragement A Disease—How To Cure It; The Force That Moves Mountains; Faith And Drugs; How To Find Oneself; How To Attract Prosperity; Thinking All Over; Heart-To-Heart Talks With Yourself; and, Our Partnership With God.

How to Get Anything You Want

This book is a Win for you because you will get the insight and motivation to live the life you want by meeting your goals. Everything Donna speak or write, are from things that she did to get where she is now. Not only do you get a book from her, a coach who is living her dreams but she's giving you one of her core exercises as an assignment for FREE and this will be your turning point to a better and fulfilled you. This is for anyone looking to reach any goal or just need motivation to get where they want to be. No matter what area of your life you want to improve, this book is guaranteed to help you achieve that. She may have success as a life coach now, but she is financially improving day by day. As she states, "If I'm not consistently goal setting and attacking them, then where am I headed?" And her actions always prove that she lives by this.

Get Whatever You Want

REDISCOVER THE FORGOTTEN ART OF ASKING IN THIS NEW YORK TIMES BESTSELLING BOOK 'Amanda Palmer joyfully shows a generation how to change their lives' Caitlin Moran 'To read Amanda Palmer's remarkable memoir about asking and giving is to tumble headlong into her world' Elizabeth Gilbert 'The Art of Asking is a book about cultivating trust and getting as close as possible to love, vulnerability, and connection. Uncomfortably close. Dangerously close. Beautifully close' Brene Brown Imagine standing on a box in the middle of a busy city, dressed as a white-faced bride, and silently using your eyes to ask people for money. Or touring Europe in a punk cabaret band, and finding a place to sleep each night by reaching out to strangers on Twitter. For Amanda Palmer, actions like these have gone beyond satisfying her basic needs for food and shelter - they've taught her how to turn strangers into friends, build communities, and discover her own giving impulses. And because she had learned how to ask, she was able to go to the world to ask for the money to make a new album and tour with it, and to raise over a million dollars in a month. In the New York Times bestseller The Art of Asking, Palmer expands upon her popular TED talk to reveal how ordinary people, those of us without thousands of Twitter followers and adoring fans, can use these same principles in our own lives.

The Art of Asking

Western therapies combine with Eastern meditation to give a proven method for becoming happy, confident and content by taking five basic steps: identify blocks to your personal success; understand your soul's desire; release negative emotions; identify needs and take action; make decisions daily.

How to Get what You Want and Want what You Have

Now in its fifth edition with new and revised content, So you want to go to Oxbridge is the compendium of applying to Oxford and Cambridge, packed full of over eleven years' research on how to excel in the increasingly competitive Oxbridge application process.

So You Want to Go to Oxbridge?

The timeless classic from the iconic Dr. Seuss – now available in ebook, with read-along narration performed by Miranda Richardson. Enjoy this classic favourite anytime, anywhere!

Oh, The Places You'll Go!

How To Get What You Want by Orison Swett Marden: "How To Get What You Want" is a self-help book by Orison Swett Marden, offering practical advice and insights on achieving personal and professional goals, success, and fulfillment. Key Aspects of the Book "How To Get What You Want": Personal Development: The book may provide guidance on personal growth, self-improvement, and the development of a positive mindset. Goal Achievement: Orison Swett Marden might offer strategies and principles for setting and attaining goals, both in one's personal life and career. Success Principles: "How To Get What You Want" could delve into the principles and habits that lead to success, including perseverance, determination, and motivation. Orison Swett Marden (1850-1924) was an American author and motivational speaker who played a significant role in the self-help and personal development movement. His works, including "How To Get What You Want," continue to inspire individuals seeking to improve their lives and achieve their aspirations.

How To Get What You Want

Get the Job You Want, Even When No One's Hiring You CAN find a good job in a bad economy – but NOT with conventional search strategies. New Rules for a New Reality Today's job market is the toughest in recent history, and the challenges are here to stay. Even so, you CAN get the job you want – IF you discard conventional approaches to the search. Get the Job You Want, Even When No One's Hiring is the ONLY career book that: Explains the special strategies necessary to land a job during an economic crisis Integrates comprehensive, practical guidance on both job search and career management Provides an extensive online "Job Search Survival Toolkit" to augment the book Addresses the realities of this job market with real-world, actionable steps Positions this downturn in the economy as a positive opportunity to develop a much better career In Get the Job You Want, Even When No One's Hiring, career expert Ford R. Myers maps the new world of job search and reveals essential strategies for your success. You'll learn how to seize opportunities that aren't posted yet ... how to make yourself an instant asset to potential employers ... how to clearly stand-out as the best candidate ... and how to leverage social media, blogs, and other Web tools. Best of all, you'll learn how

to “recession-proof” your career for the long term. Can YOU Get the Job You Want, Even When No One's Hiring? With this powerful new book – YES, you can!

Get The Job You Want, Even When No One's Hiring

What is ‘solution-focused’ parenting, and how can it help you get your kids to do what you want? In other words, why should you read this book? The purpose of this book is simply to help you become more powerful and influential in the life of your child. Sound appealing? The approach is designed to help you focus your time and energy on teaching your kids what you want them to learn. In addition to helping you conserve and best utilize your time and energy, the solution-focused approach is also designed to minimize your child’s resistance to hearing and learning from what you have to say. This book isn’t about a miracle cure or magic potion that will turn your kids into little beings that hang on your every word, and live to do your bidding. It is simply a model for interacting with them in a way that:

- Keeps you from getting caught in a power struggle that puts you at odds with children
- Shows you how to tap into your children’s internal motivation to hear what you have to say as valuable
- Reinforces the values and qualities that you want them to have as adults

This book goes a long way to establishing the sort of relationship where children actually hear what their parents are saying, and even look to them for help and guidance!

How to Get Kids to do What You Want

Simon Sinek’s recent video on ‘The Millennial Question’ went viral with over 180 million views. Find Your Why is the follow up to Start with Why, the global bestseller and the subject of the third most watched TED Talk of all time. With Start With Why, Simon Sinek inspired a movement to build a world in which the vast majority of us can feel safe while we are at work and fulfilled when we go home at night. Now, along with two of his colleagues, Peter Docker and David Mead, Sinek has created a guide to the most important step any business can take: finding your why. This easy-to-follow guide starts with the search for your personal why, and then expands to helping your colleagues find your organization’s why. With detailed instructions on every stage in the process, the book also answer common concerns, such as: What if my why sounds like my competitor’s? Can you have more than one why? And, if my work doesn’t match my why, what do I do? Whether you’re entry level or a CEO, whether your team is run by the founder or a recent hire, these simple steps will lead you on a path to a more fulfilling life and long-term success for you and your colleagues.

Find Your Why

A jack of all trades is a master of none, they say. But do you know, often it is better than a master of one! If you have been feeling stuck in your life, realizing that things are not moving at the pace you want them to – you need to know that AVERAGE SUCKS. There’s a higher level of success you can reach, and there’s a way to achieve it! To change the so-called impossible to something “achievable”. The tried and tested tips will train you to rise above the average slowly and gradually, bringing you to the pinnacle of success. But most importantly, it will beat the one force that’s pulling you away from all your achievement – the negative thoughts that cloud your mind. This bestselling book is the perfect guide to shape up your personality, and achieve all your dreams. You’ve pushed, you’ve hustled, and yet you are unsatisfied with where you are. It’s time to go beyond average!

Average Sucks: Why You don’t get what you want (And what to do about it) À Small Motivational Tools for Big Improvements in Life

Before you can use what you’ve got to get what you want, you have to know what you’ve got! The business world is full of people who are searching for something--the next great idea, the sure-fire marketing plan, the toy every kid has to have, the gadget without which no adult can live. They’re looking so hard for the gold at the end of the rainbow that they often don’t see the diamonds glittering in their hands. Whatever qualities you have, no matter how limited or broad they may be in your own mind, veteran corporate executive Marilyn Tam has set out to show everyday people how to use what they’ve got for both personal and professional success. Tam has always been passionate about what she wants in life. Passion, along with her four basic principles and “using what she’s got,” enables her to “get what she wants” out of life. Let her show you! Check out How to Use What You’ve Got to Get What You Want, now!

I Love You, However!

Before rising to fame on the BBC's Dragons' Den, James Caan spent thirty years setting up and running recruitment companies, placing hundreds of thousands of candidates in the jobs they really wanted. Now in *Get The Job You Really Want* James brings his experience to bear to help everyone from recent graduates to CEOs in their hunt for their dream job, from identifying the opportunity to making yourself stand out at interview and finally closing the deal on the job offer. Since publishing the first edition James has been inundated with testimonials from real readers who have used the tricks and tools in this definitive guide to jobhunting to finally land the job that they really wanted.

How to Use What You've Got to Get What You Want

The author of the phenomenal bestselling *Chicken Soup* series turns to the secrets of success as the cornerstone of his next franchise. From graduates and teachers to parents and self-starting business aspirants, Canfield offers readers practical help and inspiration.

Get the Job You Really Want

Introduces a series of effective breakthrough techniques for lifelong change from one of the greatest minds in the field of personal growth.

The Success Principles

Based on the author's blog, Ayzah atjawaz.

Get the Life You Want

Whip your self-control into shape *Willpower* is the handbook you need for success in all areas of your life. Regardless of what you want to achieve, you need the strength to persevere, forge ahead and keep going no matter how tough it gets. If you find that you allow weakness to take control of getting what you want in life, then you need this book. Written by an expert psychologist and executive coach, these proven techniques are the missing ingredient for your new life of success. Learn the skills that lead to stronger willpower Develop new positive habits in just three weeks Overcome obstacles and break through barriers Find the success you want, and hold on to it long-term Researchers have found that willpower is a better predictor of life and work success than IQ. It's the skill that keeps you moving ahead, blowing past barriers and smashing through any obstacle that dares threaten your progress. It may be the most important skill you ever learn, and your most valuable tool for personal and professional success.

I Want to Get Married!

"I want to diminish that little feeling you have in your gut about how tough it is to translate what you knew and experienced in the military, law enforcement, emergency services, and federal jobs into the corporate world." Although the global demand for physical security is growing, nuances of corporate security have become harder to navigate. From corporate standards and policies to emergency management, even those with extensive skills in the military or law enforcement may struggle to transition into the field. After years helping folks from the military, law enforcement, emergency services, and federal jobs move into corporate physical security, Carlos Francisco understands how to get you noticed, hired, and set up for success in your new career. So, *You Want to Get into Corporate Security?* guides you through everything you need to prepare, including: - Insights into corporate culture - Resume and interview prep - Follow ups and offers - Your first 30 days on the job Don't just get the job – let Carlos be your Corporate Security Translator, and start your first day genuinely ready for service in your new career.

Willpower

More than 6 million readers around the world have improved their lives by reading *The Magic of Thinking Big*. First published in 1959, David J Schwartz's classic teachings are as powerful today as they were then. Practical, empowering and hugely engaging, this book will not only inspire you, it will give you the tools to change your life for the better - starting from now. His step-by-step approach will show you how to: - Defeat disbelief and the negative power it creates - Make your mind produce positive thoughts - Plan a concrete success-building programme - Do more and do it better by turning on your creative

power - Capitalise on the power of NOW Updated for the 21st century, this is your go-to guide to a better life, starting with the way you think.

Release Your Brakes!

Collects more than 1,400 English-language proverbs that arose in the 20th and 21st centuries, organized alphabetically by key words and including information on date of origin, history and meaning.

So, You Want to Get into Corporate Security?
