Many Paths, One Destination

"Many Paths, One Destination" takes an in-depth look at the religions of the world. From Christianity to Sufism, from Buddhism to Sikhism, Ram Ramakrishnan examines the ideas that shape our views on life, in the hopes that by understanding one another we can find common ground, and eventually, peace.

Many Paths to One Fellowship

This book tells the story of America's relationship with alcohol as it relates to the history of Alcoholics Anonymous. Find out who and what influenced the co-founders of AA and the origin of the 12 step process. The story that describes the "history" of AA is one that is filled with a long series of synchronistic events. The progression of these "coincidences" slowly builds as time passes and concludes at a "peak moment" when we arrive at a point in time that is now described as the "founding moment". The format is a narrative timeline of a series of historical events that took place between the years 1618 and 1935. The sequence of events that unfolded during this time period made it possible for the meeting in Akron, Ohio between AA Co-founders, Dr. Robert Holcomb Smith and William Griffith Wilson. The timing and placement of these two individuals at the precise time and location resulted in the subsequent birth of Alcoholics Anonymous. The meeting was held at the home of Henrietta Seiberling in May 1935 and as fate would have it was the climax of the final and monumental "founding moment" of a spiritual movement that would transform the lives of countless suffering alcoholics and would make Bill W. a household name.

Many Paths: One Goal

Most of us are not found to be wanting in loyalty to our faiths; the problem is to cultivate a healthy respect for what others believe! This is a worthy aim which Dada J.P. Vaswani can surely help you achieve with this balanced, thoughtful work, written in the true Indian spirit of reverence and appreciation for all approaches to Truth and Divinity. The author presents each religion as a precious jewel embellished in the crown of world civilization. Whether it is Christianity, Islam, Hinduism, Jainism, Judaism, Buddhism, Sikhism, Baha'ism, Sufism or Zoroastrianism, the individual artefact is distinct, precious and unique. But the sub-stratum of belief that is at the core of their structure is eternal and unchanging: faith in the One God and the unity and fellowship of all Creation. And running as a golden thread through them all is the ultimate law which every faith never ever fails to emphasise: Do nothing that may cause pain to others. Here is a book which will reinforce your faith in humanity and help you become aware of what Vedanta emphasises: the One behind the Many, the Single Divinity behind the multiplicity of thought and creation.

Literacy Leader Fellowship Program Reports: no.1. Learning to think, learning to learn: what the science of thinking and learning has to offer adult education

Henry wrote this book to help others with their walk with Christ. The path we choose to follow as Christians may be hard and even seem difficult at times but it leads to a closer fellowship with God. Henry explains that there will always be false teachers who will try to steer you away from your path. They will tell you there are many paths that we can travel as we live our lives and that they all lead to God. We, on the other hand, as children of the light know that only one path, the road less traveled leads to the promise of eternal life—the path of righteousness. Other paths lead away from the kingdom of heaven. The path we choose to follow may be hard and even difficult at times, but it brings us closer to God. God doesn't abandon us. The time is now. Listen to God and walk with Christ and take the road less traveled.

Literacy Leader Fellowship Program Reports

I wrote this book in the hopes of helping others find their walk with Christ a little easier. The path we choose to follow as Christians may be hard and even seem difficult at times, but it brings us closer to God. This is a description of the path described by Jesus Christ, backed by specific reference to scripture and providing clear answers to questions that many of us have. It is easy to understand and proceeds in a logical manner to provide insight on how to walk the narrow path. The book gives comfort to those who are in need of God's presence by giving clear descriptions of how the doors to the Kingdom of Heaven are always open. It describes the presence of the Holy Spirit and aids in understanding our relationship with God and Jesus Christ. This is for those that are interested in Christian faith. The book is easy to read, gives sound advice on understanding our relationship with Jesus Christ, and is based on specific quotations from scripture.

Fellowship With God

In this collection of fifteen papers, leading researchers analyze the middle years of the lifespan, paying close attention to the many different facets of adult development. They study the various changes involving the self and others that middle-aged adults experience in the realms of work, family, and health. This book explains how the different experiences interrelate and how a better understanding of them can foster successful midlife development.

Fellowship with God

Yeshua is the real name of Jesus... so what does Yeshua mean? We call Yeshua Jesus due to Greek translations and an replacement of Y with J. Yeshua is the original Hebrew name of Jesus Christ who originally taught that mystic christianity is the way to Christ Consciousness Yeshua is the more common spelling of Yehoshuah which means God is Salvation. Aramaic was the language spoken by the original Jews and Jesus the Christ was a title meaning the anointed. More importantly, Jesus taught that Christ Consciousness was a mystic path to Truth attainable by all when he stated "The Kingdom Of God Is Within You " This book, inspired by William Walker Atkinson, begs the question: "Will the REAL Jesus Please Stand Up?" Most know Jesus Christ's true name is Yeshua and no historical figure has been more studied, scrutinized and examined. Yet most of what we have learned has been told strictly through the written works of the Bible. Many Christians today take this book to be the written word of God. However, anyone who has truly studied history and the Bible know that much has been altered and misinterpreted over time through language translations and the intentional "revisions" of church priests, Caesars and councilmen with less than best intentions. This book about Jesus is an effort to tell the most accurate depiction possible from an eastern mystic point of view. Unfortunately, the Orthodox church has attempted to make sense of and elaborate on metaphysical matters they hardly understood. Some call this occultism, gnosticism or secret esoteric doctrine but the yogis state this is ancient wisdom that has always been available to the sincere Truth Seeker This work was written in an honest effort to expound on the mystical interpretation of Jesus' teachings. To remain as authentic as possible we've made an effort to present Jesus in a way that is most likely accurate to the culture and climate of his times. Firstly, we've decided to address Jesus by his Aramaic birth name of Yesoshuah in which the more common alternative spelling is Yeshua. Yeshua of course means "God is Salvation." Yeshua known as the Son of God proclaimed ""not to throw pearls before swine"" because those that don't understand and appreciate the True meaning will merely "trample" on the message. He often spoke in parable and this presentation will seek to shine the Light on the Eternal Truth of man's spiritual Being ""Many rivers... One Ocean; many branches... One Tree; many paths... One Destination; many stories... One Truth "" 1 S.O.U.L. Publishing"

Literacy Leader Fellowship Program Reports: no. 1. Adult education and welfare to work initiatives: a review of research, practice and policy

This book is not just about discussing or describing what forgiveness and reconciliation are all about but it is mainly to lay emphasis on how forgiveness and reconciliation can bring peace into human fellowships and relationships-- a path to reduce if not to eliminate wars all over the world. The path to these peaceful fellowships is stressed out in the book in the relationships between individual persons as well as among groups of people. To achieve the derivation of the peaceful fellowships at interpersonal, intergroup and political levels, various topics such as apology, anger, resentment, punishment, retribution, reparation, apathy and amnesty are treated to some extent. The book is non-religious but rather meant to express what all human beings world-wide could achieve if they embrace forgiveness and reconciliation. For this reason, one of the chapters deals with the perspectives of some main world religions on the topic of the book and another chapter states the concepts and convictions of people of various ethnicity and spirituality. It is hoped that people of all levels and in all nations of the world will benefit from the contents of the book which are neither meant to criticize nor be judgemental about the individuals mentioned.

The Fellowship Files

Having spent almost fifty years in ministry both in America and abroad, I have experienced many un-Christian acts committed by those who should be Christian examples. Here, I catalogue some of those acts and describe the crooked path on the straight and narrow.

Christianity Rediscovered, in Pursuit of God and the Path to Eternal Life

Every brother and sister should have a clear understanding that at the time they prayed and called on the Lord, the Lord's life entered into them. This is not a doctrine but a reality. When a person calls on the Lord, the Lord's life will enter into him. If someone desires to look into the Christian life, he must realize that the Christian life is basically a matter of life. Life is the origin and foundation of everything. It is our way, our power, and our light. Life is everything to us. Since life is such a crucial matter, our most urgent need is to learn how to touch the way of life so that we may grow in life.

What sort of virtues should surround your prayer (in the words of the holy hierarch Dimitri of Rostov) :
/// 1. When you wake up, let your first thought be about God, your first word be a prayer to God your creator and keeper of your life, Who is always able to give life or destroy it, who can strike with illness and heal, and who can save or destroy.
/// 2. Bow and give thanks to God Who raised you from sleep, and Who did not allow you to perish in your sins, but with long-suffering awaited your repentance.
/// 3. Make a start for better things, saying with the Psalmist: «And I said, This is my infirmity» (Ps. 77:10) For no one completes the path to heaven except he who makes a good beginning everyday.
/// 4. From the morning pray like the Seraphim, act like the Cherubim, and be surrounded with angels.
/// 5. Do not waste time any longer. Do only those things which are necessary.
/// 6. In all deeds and words, keep your mind in God; do not write anything in your mind except Christ, and let no image touch your pure heart except the pure image of Christ our God and Savior.
/// 7. Awaken yourself to the love of God in all things, whenever you are able, especially say to yourself with the Psalmist: «while I was musing the fire burned» (Ps. 39:3).
/// 8. You desire to love God, Whose visitation you always see and gaze upon with your interior eyes, therefore turn away from all evil deeds, words, and thoughts. Do, say, and think all things honorably, humbly, and with the fear of a son.
/// 9. Let meekness with praise and humility with honor be together.
/// 10. Let your words be quiet, humble, honorable, and useful. Let silence decide the words that you say. From henceforth, let no empty or rotten word escape your lips.
/// 11. If something funny happens, allow yourself only a smile, and this not often.
/// 12. You will fall into prodigality through anger, wrath, and

arguing: keep yourself moderate in anger. /// 13. Always observe moderation in eating and drinking. /// 14. Be condescending in all things, and God will bless you, and people will praise you. /// 15. You must pray about your death, which is the end of all things. /// See what sort of wonderful life is taught to the praying Christian. ... Let everyone strive in knowledge: standing in prayer and exercising is according to your instruction. How can you stand to pray if you are weighed down with intemperance, or carried away with anger, or if you do not stand in peace, or you are distracted by work and lack of attention and so on? /// Prayer, St. John Climacus says, is the mother and the daughter of virtues.

Literacy Leader Fellowship Program Reports: no. 2. Teaching and learning with Internet-based resources

This book emphasizes the necessity of taking the middle path in one's quest of spiritual enlightenment, indicates the dangers incident to a one-sided development, and that the mutual ground must be established between head and heart. Some of the topics d.

The Path of Brotherhood

Globalization is the lead story of the new century, but its roots reach back nearly one hundred years, to major corporations' quest for stable, inexpensive, and pliant sources of labor. Before the largest companies moved beyond national boundaries, they crossed state lines, abandoning the industrial centers of the Eastern Seaboard for impoverished rural communities in the Midwest and South. In their wake they left the decaying urban landscapes and unemployment rates that became hallmarks of late twentieth-century America. This is the story that Jefferson Cowie, in "a stunningly important work of historical imagination and rediscovery" (Nelson Lichtenstein), tells through the lens of a single American corporation, RCA. *Capital Moves* takes us through the interconnected histories of Camden, New Jersey; Bloomington, Indiana; Memphis, Tennessee; and Juárez, Mexico--four cities radically transformed by America's leading manufacturer of records and radio sets. In a sweeping narrative of economic upheaval and class conflict, Cowie weaves together the rich detail of local history with the national--and ultimately international--story of economic and social change.

The Fellowship of the Knits

How many priests grew up in a fashion industry? In this regard, Father Ramadhani can boast to be a rare breed. Cherishing his childhood memories with his mother whose passion was (and still is) in sewing, applying the Ignatian practice of contemplative in action, and listening to the voices from the Bible, he leads us through the inner paths in the fashion world. From buying the right fabric to dressing up and beyond, all the thirty chapters offer new metaphors for life and faith journey. Together they echo an unlikely invitation to encounter the divine in what seems to be the glamorously superficial world. This book has been designed as a month-long immersion in the fashion world. It also wants to bring together to one table fellowship the underpaid workers in many garment factories on the globe, the designers, and the supermodels. Everyone who is called to participate in the fashion world is invited to tap on the sacred, right before their very eyes every single day. Hence, "finding God in the fashion world" is not only possible, but it is more than obvious.

Curriculum Development in Nongraded Schools

This study provides a comprehensive and balanced view of the New Age through formal studies and original research. Equal attention is accorded to practices and institutions illustrating the New Age as a concrete, living enterprise, not merely a philosophy. The book offers a thorough study of major writings by British, American and other commentators, detailed ethnographic testimony, and a broad survey of the New Age phenomenon in all its aspects.

The Swiss-Made Egyptian

Every human being is unique, and we all have different paths and destiny. Though one may practice natural and supernatural principles of prosperity, which are universal and will thus deliver results to anyone who applies them correctly, every individual still needs specific direction from God that would lead him or her into his or her own destiny in Christ. It is true that the failure of many can be traced to lack of direction because though they apply the principles of prosperity, they apply it outside God's ordained location or place for them, hence they do not succeed. No matter how much you labour or how many principles you practice, if you are outside God's present will for your life, you may not succeed. You therefore need divine direction to access the prosperity specific to your destiny. This is the focus of this book.
