The Exodus was Moses' time.

The Nile River was teeming with crocodiles

Moses' encounter with the Lord through the burning bush

to the death and burial of Moses

life and death of the Great Prophet.

Deuteronomy Chapter 34, Verse Seven.

Moses climbed Mount Nebo from the Plains of Moab

Moses and Aaron went to the tent of meeting

Then Moses and Aaron went from the presence of the assembly

Take the staff and assemble the congregation.

You and Aaron, your brother

Hebrews Chapter Seven, Verse 27.

Moses speaking to the rock in Numbers Chapter 20
that is the promised land, through the works of the law
Moses' punishment for disobedience, pride
Numbers Chapter 20, Verse 12.

Another mystery involves Jude Chapter One, Verse Nine
Genesis Chapter One Verse 31

Satan chose to rebel against the Lord.
and Isaiah Chapter 14, Verses 12 to 17.

Satan tempted Eve to sin in the Garden of Eden
Genesis Chapter Three, Verses 16 to 19
and Romans Chapter Five, Verse 12.

Genesis Chapter Three, Verse One
and revelation Chapter 12, Verse Nine
Satan is a murderer and the father of lies.

First Timothy Chapter Four, Verse One.

Ezekiel Chapter 28, Verse 15.

Matthew Chapter 25, Verse 41.

Joel Chapter One, Verse 12.

The second character's archangel Michael.
is probably the most well known angelic being in the Bible.
Michael is the name of the archangel.

"The Lord rebuke you," and the angel buried Moses.

Before crossing the Jordan

Despite the mysteries surrounding Moses' death and burial
Psalm Chapter 116, Verse 15.

reject authority, and heap abuse on celestial beings.
over Moses' body between the archangel and the Devil.
didn't understand how spiritual warfare works.

For rebelling against spiritual authority

Volviendo a mi primer amor

Perdóname Señor

Una gota de Tu sangre

Quiero llorar en tus brazos

Espíritu Santo

Nunca me dejaste

Toma mi mano

Quiero contarte

Quiero ser un adorador

Toma el control de mi vida

He pecado contra Ti

Estar en Tu presencia

Sin Ti no sería nada

Dance of the Golden Calf

Lucas van Leyden (1494-1533) was as important for his age as Rembrandt was for the 17th century. He introduced the Renaissance to the Netherlands and was influenced by both Dürer and Raphael. His paintings are lively, colorful, and full of narrative; his prints are refined and playful. The triptych *The Dance around the Golden Calf* (c. 1530) is one of his best-known works, and in this detailed study, Jan Piet Filedt Kok, the leading expert on Lucas van Leyden, explores the sources, iconography, narrative, and technique of this remarkable work. Distributed for the Rijksmuseum

The Dance Around the Golden Calf by Lucas Van Leyden

As early 21st century American culture is stripped of its core Western Civilization values and roots, a young woman struggles to find peace and fulfillment while surrounded by a toxic culture. Popular in the University of Chicago's computer science department, Professor Cate Numero has a seemingly wonderful existence replete with a brilliant mind and mesmerizing beauty. Behind her black-and-white world is a secret life haunted by manic phobias, guilt, and shame. When a colleague is murdered before her very eyes, Cate meets fate when the cold barrel of the assailant's gun is turned on her. The near-death experience is her breaking point. Psychotherapy and antidepressants offer no reprieve. After hallucinations force Cate to take a sabbatical, music is the only thing that brings her comfort. But

it's not enough. Numbed by the trauma, all Cate wants is to feel. The promise of relief from charismatic neurophysicist Preston Archer is too enticing for Cate to ignore. He needs a computer expert for his research. She needs hope. Instead, the past she fought so hard to suppress rises to the surface. When Cate's rediscovered optimism and longing are stolen from her, she finds that a world where science and materialism reign won't deliver the peace she seeks. A modern tale of finding hope in a culture of relativism and lack of absolute truths.

Dance the Golden Calf

Publication coincides with the 400th anniversary of the artist's birth and a forthcoming exhibition

Nicolas Poussin

'Where is Miss Palliser?' inquired Miss Pew, in that awful voice of hers, at which the class-room trembled, as at unexpected thunder. A murmur ran along the desks, from girl to girl, and then some one, near that end of the long room which was sacred to Miss Pew and her lieutenants, said that Miss Palliser was not in the class-room. 'I think she is taking her music lesson, ma'am,' faltered the girl who had ventured diffidently to impart this information to the schoolmistress. 'Think?' exclaimed Miss Pew, in her stentorian voice. 'How can you think about an absolute fact? Either she is taking her lesson, or she is not taking her lesson. There is no room for thought. Let Miss Palliser be sent for this moment.' At this command, as at the behest of the Homeric Jove himself, half a dozen Irises started up to carry the ruler's message; but again Miss Pew's mighty tones resounded in the echoing class-room. 'I don't want twenty girls to carry one message. Let Miss Rylance go.' There was a grim smile on the principal's coarsely-featured countenance as she gave this order. Miss Rylance was not one of the six who had started up to do the schoolmistress's bidding. She was a young lady who considered her mission in life anything rather than to carry a message—Na young lady who thought herself quite the most refined and elegant thing at Mauleverer Manor, and so entirely superior to her surroundings as to be absolved from the necessity of being obliging. But Miss Pew's voice, when fortified by anger, was too much even for Miss Rylance's calm sense of her own merits, and she rose at the lady's bidding, laid down her ivory penholder on the neatly written exercise, and walked out of the room quietly, with the slow and stately deportment imparted by a long course of instruction from Madame Rigolette, the fashionable dancing-mistress. 'Rylance won't much like being sent on a message,' whispered Miss Cobb, the Kentish brewer's daughter, to Miss Mullins, the Northampton carriage-builder's heiress. 'And old Pew delights in taking her down a peg,' said Miss Cobb, who was short, plump, and ruddy, a picture of rude health and unrefined good looks—Na girl who bore 'beer' written in unmistakable characters across her forehead, Miss Rylance had observed to her own particular circle. 'I will say that for the old lady,' added Miss Cobb, 'she never cottons to stuckupishness.' Vulgarity of speech is the peculiar delight of a schoolgirl off duty. She spends so much of her life under the all-pervading eye of authority, she is so drilled, and lectured, and ruled and regulated, that, when the eye of authority is off her, she seems naturally to degenerate into licence. No speech so interwoven with slang as the speech of a schoolgirl—Nexcept that of a schoolboy.

Shepherd of Times Square

"First published in 1985, this pioneering work on religious dance was written in response to the paradoxical attitude of many Christians who express an interest and enthusiasm for the arts as part of Christian worship, yet retain a suspicion, even a dislike, of dance. *Dance and the Christian Faith* examines what the bible says about both dance and worship, and relates it to an understanding of what dance is and how it can be used in the church and in education today. Martin Blogg relates his faith to his profession of teaching dance drama and his non-verbal approach to Christian dance opens up new avenues for the expression of the faith, complementing the more traditional forms of speech, music and sacrament. The book is a critical discussion, both theoretical and practical, of the nature and conditions of religious dance, as explored through the disciplines of scripture, education and dance as art. At the same time, *Dance and the Christian Faith* is a call for Christians to embrace dance as a means to prayer and worship, outreach and renewal. Although centred on dance within a religious context, much of the discussion is directly relevant to dance education and the performing arts in general. With a Foreword by the Rt Revd Maurice Wood, former Bishop of Norwich."

The Golden Calf

In popular thought, Christianity is often figured as being opposed to dance. Conventional scholarship traces this controversy back to the Middle Ages. Throughout the medieval era, the Latin Church denounced and prohibited dancing in religious and secular realms, often aligning it with demonic intervention, lust, pride, and sacrilege. Historical sources, however, suggest that medieval dance was a complex and ambivalent phenomenon. During the High and Late Middle Ages, Western theologians, liturgists, and mystics not only tolerated dance; they transformed it into a dynamic component of religious thought and practice. This book investigates how dance became a legitimate form of devotion in Christian culture. Sacred dance functioned to gloss scripture, frame spiritual experience, and imagine the afterlife. Invoking numerous manuscript and visual sources (biblical commentaries, sermons, saints' lives, ecclesiastical statutes, mystical treatises, vernacular literature, and iconography), this book highlights how medieval dance helped shape religious identity and social stratification. Moreover, this book shows the political dimension of dance, which worked in the service of Christendom, conversion, and social cohesion. In *Ringleaders of Redemption*, Kathryn Dickason reveals a long tradition of sacred dance in Christianity, one that the professionalization and secularization of Renaissance dance obscured, and one that the Reformation silenced and suppressed.

Dance and the Christian Faith

'Where is Miss Palliser?' inquired Miss Pew, in that awful voice of hers, at which the class-room trembled, as at unexpected thunder. A murmur ran along the desks, from girl to girl, and then some one, near that end of the long room which was sacred to Miss Pew and her lieutenants, said that Miss Palliser was not in the class-room. 'I think she is taking her music lesson, ma'am,' faltered the girl who had ventured diffidently to impart this information to the schoolmistress. 'Think?' exclaimed Miss Pew, in her stentorian voice. 'How can you think about an absolute fact? Either she is taking her lesson, or she is not taking her lesson. There is no room for thought. Let Miss Palliser be sent for this moment.' At this command, as at the behest of the Homeric Jove himself, half a dozen Irises started up to carry the ruler's message; but again Miss Pew's mighty tones resounded in the echoing class-room. 'I don't want twenty girls to carry one message. Let Miss Rylance go.' There was a grim smile on the principal's coarsely-featured countenance as she gave this order. Miss Rylance was not one of the six who had started up to do the schoolmistress's bidding. She was a young lady who considered her mission in life anything rather than to carry a message—a young lady who thought herself quite the most refined and elegant thing at Mauleverer Manor, and so entirely superior to her surroundings as to be absolved from the necessity of being obliging. But Miss Pew's voice, when fortified by anger, was too much even for Miss Rylance's calm sense of her own merits, and she rose at the lady's bidding, laid down her ivory penholder on the neatly written exercise, and walked out of the room quietly, with the slow and stately deportment imparted by a long course of instruction from Madame Rigolette, the fashionable dancing-mistress

Ringleaders of Redemption

In this fifth installment in the critically acclaimed Irene Huss series, three men are found brutally executed in one of Goteborg's most fashionable neighborhoods. All three men were involved in an online poker company, but that's all they appear to have in common. The complex investigation immerses Detective Inspector Irene Huss and her colleagues into a world of expensive cars, fancy homes and impressive castles in the air. Meanwhile, the normally peaceful atmosphere of the Huss family is disturbed by marital tension as Irene suspects her husband Krister of a having an affair with a younger woman.

The Golden Calf

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Golden Calf

Examining the emergence of modernism from the fin-de-siecle primitivist project this volume shows how ethnographic materials shaped a variety of high and low discourses (ethnology, social theory,

gender construction, classical scholarship, as well as travel photography) at the turn of the century. Illustrated with 98 photographs and drawings."

New York Magazine

A radical re-examination of 2,500 years of European art, deconstructing and demystifying its long history from ancient to present. How has art evolved from the pursuit of the 'ideal' human form to a black square on a white canvas? Why is a banana duct-taped to a wall worth more on the art market than a beautiful seventeenth-century landscape? By taking art for what it actually is -- a piece of stone or wood, a sheet of paper with some lines drawn on it, a painted canvas -- this lively and accessible account shows how seemingly meaningless objects can be transformed into celebrated works of art. Breaking with conventional notions of artistic genius, Koenraad Jonckheere explores how stories and emotions give meaning to objects, and why changing historical circumstances result in such shifting opinions over time. Tracing its story from ancient times to present, *A New History of Western Art* reframes the evolution of European art and radically reshapes our understanding of art history. Published in association with Hannibal Books

Prehistories of the Future

A fascinating aspect of the study of music in medieval Islamic and Judaic writings is the broad and interdisciplinary nature of the works and treatises in which it is covered. In addition, such works verbalize an art that was transmitted orally and took shape spontaneously, typically with improvisation during performance. As a result of this outlook the musical concept (or science) is often intertwined with practice (or history). This second collection by Amnon Shiloah brings together twenty-two studies exemplifying such multi-faceted viewpoints on the world of sounds and its virtue. The first studies concern the origin and originators of music and to how its essential constituents came into being; included here is the art of dance along with the controversial attitudes towards it. Next comes the symbolic, philosophical and metaphorical interpretation of music; one of the major ideas epitomizing this approach claimed that the pursuit of knowledge is the path to human perfection and happiness. There follow studies on the transmission of knowledge, along with some annotated key works dealing with therapeutic effects. The last articles focus on cultural traditions elaborated on European soil developing a particular style and musical practice, centred on the Iberian Peninsula, which was the scene of one of the most fascinating examples of cultural interchange.

DANCING

A cultural history of the first truly modern art market, *Marketing Art in the British Isles, 1700 to the Present* furthers the burgeoning exploration of Britain's struggle to carve a niche for itself on the international art scene. Bringing together scholars from the UK, US, Europe, and Asia, this collection sheds new light on such crucial notions as the internationalization of the art market; the emergence of an increasingly complex exhibition culture; issues of national rivalry and emulation; artists' individual and collective strategies for their own promotion and survival; the persistent anti-commercialism of an elite group of art lovers and critics and accusations of philistinism levelled at the middle classes; as well as an unquestionable native British genius at reconciling jarring discourses. Essays explore the unresolved tension between artistic aspirations and commercial interest - a tension that has come to shape Britain's national artistic tradition - from the perspectives of artists, dealers and (super-) collectors, and the upwardly mobile middle classes whose consumerism gave rise to the British art market as it is known today. Specific case studies include Whistler, Roger Fry, Damien Hirst, and Charles Saatchi; essays consider art markets from London and Manchester to Paris and Flanders.

Dancing

"A study of Netherlandish triptychs from the early fifteenth century through the early seventeenth century, covering works by Jan van Eyck, Rogier van der Weyden, Hugo van der Goes, Hieronymus Bosch, and Peter Paul Rubens. Explores how the triptych format structures and generates meaning"--Provided by publisher.

A New History of Western Art

This book is an analysis of the textual representation of dance in the Australian novel since the late 1890s. It examines how the act of dance is variously portrayed, how the word 'dance' is used

metaphorically to convey actual or imagined movement, and how dance is written in a novelistic form. The author employs a wide range of theoretical approaches including postcolonial studies, theories concerned with class, gender, metaphor and dance and, in particular, Jung's concept of the shadow and theories concerned with vision. Through these variegated approaches, the study critiques the common view that dance is an expression of *joie de vivre*, liberation, transcendence, order and beauty. This text also probes issues concerned with the enactment of dance in Australia and abroad, and contributes to an understanding of how dance is 'translated' into literature. It makes an important contribution because the study of dance in Australian literature has been minimal, and this despite the reality that dance is prolific in Australian novels.

Myth, Drama, and the Politics of David's Dance

Social dance was ubiquitous in interwar Britain. The social mingling and expression made possible through non-theatrical participatory dancing in couples and groups inspired heated commentary, both vociferous and subtle. By drawing attention to the ways social dance accrued meaning in interwar Britain, Rishona Zimring redefines and brings needed attention to a phenomenon that has been overshadowed by other developments in the history of dance. Social dance, Zimring argues, haunted the interwar imagination, as illustrated in trends such as folk revivalism and the rise of therapeutic dance education. She brings to light the powerful figurative importance of popular music and dance both in the aftermath of war, and during Britain's entrance into cosmopolitan modernity and the modernization of gender relations. Analyzing paintings, films, memoirs, a ballet production, and archival documents, in addition to writings by Virginia Woolf, D.H. Lawrence, Katherine Mansfield, Vivienne Eliot, and T.S. Eliot, to name just a few, Zimring provides crucial insights into the experience, observation, and representation of social dance during a time of cultural transition and recuperation. Social dance was pivotal in the construction of modern British society as well as the aesthetics of some of the period's most prominent intellectuals.

Music and its Virtues in Islamic and Judaic Writings

Between the advent of motion pictures in the 1890s and the close of the 'silent' era at the end of the 1920s, many of the longest, most expensive and most watched films on both sides of the Atlantic drew upon biblical traditions. David J. Shepherd traces the evolution of the biblical film through the silent era, asking why the Bible attracted early film makers, how biblical films were indebted to other interpretive traditions, and how these films were received. Drawing upon rarely seen archival footage and early landmark films of directors such as Louis Feuillade, D. W. Griffith, Michael Curtis and Cecil B. DeMille, this history treats well-known biblical subjects including Joseph, Moses, David and Jesus, along with lesser-known biblical stars such as Jael, Judith and Jephthah's daughter. This book will be of great interest to students of Biblical studies, Jewish studies and film studies.

Marketing Art in the British Isles, 1700 to the Present

First published in 1923, this book presents a discussion of 'the part played by the Sacred Dance among the peoples of antiquity'. Chapters include 'The origin and purposes of the sacred dance', 'Dances in celebration of victory' and 'The sacred dance as a marriage rite'. The text was written by the well-known theologian and biblical scholar W. O. E. Oesterley (1866-1950). This book will be of value to anyone with an interest in perspectives on anthropology and religion.

Sermons on the call and deliverance of the children of Israel out of Egypt ... to which are added ... twenty-two discourses on important subjects ... Third edition

What are the key moments in the genealogy of the Western image which might illuminate the present status of the image? And what exactly is the situation to which we have arrived as far as the image is concerned? These are the questions guiding the reflections in this book. The book examines images from the Greek to the Byzantine, from the Renaissance and the Enlightenment to Industrial Revolution. Part II 2 examines key aspects of the image today, such as the digital and the cinema image, as well as the work of philosophers of the image, including: Roland Barthes, Walter Benjamin, Gilles Deleuze, Jean-Paul Sartre and Bernard Stiegler.

Frank Leslie's Sunday Magazine

Did Christianity once teach secret knowledge? Dominic White argues that the early Church in fact taught a wonderful wisdom about the cosmos. Christian cosmology offers resources for us to speak to many of the problems, questions, and issues we face both in the church and in society. It does not provide instant answers; rather, it is in some ways more like the parables of Jesus, stories that challenge our view of the world and invite us to reflection and contemplation. This "lost knowledge" sheds new light on many biblical teachings and areas of controversy within Christianity: the meaning of repentance; the mystery of the cross; Jesus' ascent through the heavens; angels and stars; the body and the feminine; justice and ecology; and liturgy, art, music, and dance. The Lost Knowledge of Christ shares the cosmic, psychological, and artistic focus of today's nonreligious spiritualities and offers some surprising responses. Images, music, and videos that correspond with the chapters can be found at lostknowledgeofchrist.wordpress.com.

Opening Doors

"Widely practiced in ancient times during such major events of life as initiations, puberty, marriage, and burial, sacred dances frequently served as emotional outlets for the performers. They were also a means of communicating with deities or the dead, securing a good harvest, and an integral part of many other rites and ceremonies important to man in ages past." --BOOK JACKET.

Christian Herald and Signs of Our Times

In this sixth installment in the critically acclaimed Swedish crime series, the murder of a young ballerina named Sophie, apparently an arson victim, sets off shrill alarm bells for Detective Inspector Irene Huss, who remembers the matching details of an unsolved case from fifteen years earlier, when Irene had only just started in the police force. The stepfather of the then eight-year-old Sophie has been murdered in a very similar way, and at the time the girl herself had been under suspicions. The circumstances force Irene and her colleagues to confront an uncomfortable question: can a child be responsible for the cold-blooded murder of an adult? The case awakens vivid memories that take the reader back to Irene's days as a young police officer.

The Representation of Dance in Australian Novels

"The Dance" by Various. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Social Dance and the Modernist Imagination in Interwar Britain

An exploration of fantastic soundworlds in nineteenth-century France, providing a fresh aesthetic and compositional context for Berlioz and others.

The Bible on Silent Film

Wayuunaiki

The Sacred Dance

Shows how dance, the highest expression of spirituality in cultures and traditions all over the world, is being integrated into the lives of women today • The first book to explore women's spiritual expression--women's ways--through a study of dance • Investigates how dance came to be excluded from worship, and reveals how dance is once again being brought into spiritual practices • Includes resources for further instruction in sacred dance Today we primarily think of dance as a form of entertainment or as a way to exercise or socialize. There was a time, however, when dance was considered the way to commune with the divine, a part of life's journey, celebrating the seasons and rhythms of the year and the rhythms of our lives. Dance is a language that reunites the body, mind, and soul. While the role of women's sacred dance was most valued in goddess-worshipping cultures where women served as priestesses and healers, dance was once an integral part of religious ritual and ceremonial expression in cultures all over the world, including Judaism and Christianity. In this book the author investigates how dance came to be excluded from worship and reveals how dance is once again being integrated

into spiritual practices. *Sacred Woman, Sacred Dance* is the first book to explore women's spiritual expression--women's ways--through a study of dance. It describes sacred circles, birth rituals, ecstatic dances, and dances of loss and grief (in groups and individually) that allow women to integrate the movements of faith, healing, and power into their daily life.

Genealogy and Ontology of the Western Image and Its Digital Future

A treatise on Dutch art on par with Vasari's critical history of Italian art, Karel van Mander's *Schilder-Boeck* (or *Book on Picturing*) has long been recognized for its critical and historical influence--and yet, until now, no comprehensive account of the book's conception, aims, and impact has been available. In this in-depth analysis of the content and context of Van Mander's work, Walter S. Melion reveals the *Schilder-Boeck*'s central importance to an understanding of northern Renaissance and Baroque art. By interpreting the terminology employed in the *Schilder-Boeck*, Melion establishes the text's relationship to past and contemporary art theory. Van Mander is seen here developing his critical categories and then applying them to Ancient, Italian, and Netherlandish artists in order to mark changes within a culture and to characterize excellence for each region. Thus Melion demonstrates how Van Mander revised both the structure and critical language of Vasari's *Lives* to refute the Italian's claims for the superiority of the Tuscan style, and to clarify northern artistic traditions and the concerns of Netherlandish artists. A much needed corrective to the view that Dutch art of the period was lacking in theory, Melion's work offers a compelling account of a sixteenth- and seventeenth-century theoretical and critical perspective and shows how this perspective suggests a rereading of northern art.

The Lost Knowledge of Christ

This collection of essays explores the representation of heterosexual masculinity embodied in modernist art. It examines such major modernists as Cezanne, Caillebotte, Matisse, Wyndham Lewis and Boccioni, to offer a history of how artists sought to shape their sexuality in their work.

Sacred Dance in the Ancient World

Show Tunes, the most comprehensive musical theatre reference book ever, chronicles the work of Broadway's greatest composers, from 1904 through 2009. Almost 1,000 shows and 10,000 show tunes are included, with additional musicals and composers added to the fourth edition. This fact-packed volume is informative, insightful, provocative, and entertaining: the definitive survey of a fascinating field. It is a must for musical theatre enthusiasts, performers, students, collectors, and anyone who enjoys *Show Tunes*.
