With this fourth edition, accountants will acquire a practical set of tools and the confidence they need to use them effectively in making business decisions. It better reflects a more conceptual and decision-making approach to the material. The authors follow a "macro- to micro-" strategy by starting with a discussion of real financial statements first, rather than starting with the Accounting Cycle. The objective is to establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. This motivates accountants by grounding the discussion in the real world, showing them the relevance of the topics covered to their careers.

The 18th European Symposium on Computer Aided Process Engineering contains papers presented at the 18th European Symposium of Computer Aided Process Engineering (ESCAPE 18) held in Lyon, France, from 1-4 June 2008. The ESCAPE series brings the latest innovations and achievements by leading professionals from the industrial and academic communities. The series serves as a forum for engineers, scientists, researchers, managers and students from academia and industry to: - present new computer aided methods, algorithms, techniques related to process and product engineering, - discuss innovative concepts, new challenges, needs and trends in the area of CAPE. This research area bridges fundamental sciences (physics, chemistry, thermodynamics, applied mathematics and computer sciences) with the various aspects of process and product engineering. The special theme for ESCAPE-18 is CAPE for the Users! CAPE systems are to be put in the hands of end users who need functionality and assistance beyond the scientific and technological capacities which are at the core of the systems. The four main topics are: - off-line systems for synthesis and design, - on-line systems for control and operation, - computational and numerical solutions strategies, - integrated and multi-scale modelling and simulation, Two general topics address the impact of CAPE tools and methods on Society and Education. * CD-ROM that accompanies the book contains all research papers and contributions * International in scope with guest speeches and keynote talks from leaders in science and industry * Presents papers covering the latest research, key top areas and developments in Computer Aided Process Engineering

INFLUENCE CULTURE How leaders can influence an organization's culture.

CLARITY Develop a clear sense of mission and values about what the company should be, and communicate it to employees through what you pay attention to, measure, and control.

SELECT Select employees who can share, express, and reinforce the desired values in order to help build the desired culture.

ACTIONS Use daily routines and concrete actions and behaviors to demonstrate and exemplify appropriate values and beliefs.

ROLE-MODEL Consistently role-model behaviors that reinforce the culture.

PROCEDURES Make your human resource management procedures and criteria consistent.

TRADITIONS Nurture traditions and rituals that express, define, and reinforce the culture.

Changes in strategy, technology, and organizational structure all trigger a need for changes in employees' attitudes, behaviors, values, and skills.

LAYERS Outer layers of the culture, such as marketing strategies and customer service perceptions, can change fairly quickly · Inner layers, including fundamental values and ideologies, are much slower to change

I Just Don't Like the Sound of No! Activity Guide for Teachers

With 100 stickers and pop-out props, I Want to Be a Teacher Activity Book provides preschoolers with everything they need to put themselves at the front of the (pretend!) classroom and teach like a real teacher would. As kids use the colorfully illustrated report cards and attendance sheets, library cards, reward stickers, and bulletin board signs to outfit their play classroom and conduct classes for each other and their stuffed animals, they'll get more than just hours of creative fun. They'll be laying the foundation for success in math and reading through play, and be better prepared for learning within the structure and routines of the classroom environment.

English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication.

English Unlimited Pre-intermediate a and B Teacher's Pack

Interchange Fourth Edition is a fully revised edition of Interchange, the world's most successful series for adult and young-adult learners of North American English. The course has been revised to reflect the most recent approaches to language teaching and learning. It remains the innovative series teachers and students have grown to love, while incorporating suggestions from teachers and students all over the world. This edition offers updated content in every unit, grammar practice, and opportunities to develop speaking and listening skills. Interchange Fourth Edition features contemporary topics and a strong focus on both accuracy and fluency. Its successful multi-skills syllabus integrates themes, grammar, functions, vocabulary, and pronunciation. The underlying philosophy of the course remains that language is best learned when it's used for meaningful communication.
