The Devil's Teeth

A journalist's obsession brings her to a remote island off the California coast, home to the world's most mysterious and fearsome predators--and the strange band of surfer-scientists who follow them Susan Casey was in her living room when she first saw the great white sharks of the Farallon Islands, their dark fins swirling around a small motorboat in a documentary. These sharks were the alphas among alphas, some longer than twenty feet, and there were too many to count; even more incredible, this congregation was taking place just twenty-seven miles off the coast of San Francisco. In a matter of months, Casey was being hoisted out of the early-winter swells on a crane, up a cliff face to the barren surface of Southeast Farallon Island--dubbed by sailors in the 1850s the "devil's teeth." There she joined Scot Anderson and Peter Pyle, the two biologists who bunk down during shark season each fall in the island's one habitable building, a haunted, 135-year-old house spackled with lichen and gull guano. Two days later, she got her first glimpse of the famous, terrifying jaws up close and she was instantly hooked; her fascination soon yielded to obsession--and an invitation to return for a full season. But as Casey readied herself for the eight-week stint, she had no way of preparing for what she would find among the dangerous, forgotten islands that have banished every campaign for civilization in the past two hundred years. The Devil's Teeth is a vivid dispatch from an otherworldly outpost, a story of crossing the boundary between society and an untamed place where humans are neither wanted nor needed.

Death on the Devil's Teeth

Four decades after Jeannette DePalma's tragic death, authors Jesse P. Pollack and Mark Moran present the definitive account of the shocking Springfield township cold case. As Springfield residents decorated for Halloween in September 1972, the crime rate in the quiet, affluent township was at its lowest in years. That mood was shattered when the body of sixteen-year-old Jeannette DePalma was discovered in the local woods, allegedly surrounded by strange objects. Some feared witchcraft was to

blame, while others believed a serial killer was on the loose. Rumors of a police cover up ran rampant, and the case went unsolved - along with the murders of several other young women.

The Devil's Teeth

Isobel Amsel is wasting away in an asylum. Mad with boredom, she recklessly risks her future wandering the countryside. When an excursion nearly turns deadly, Isobel fears one of her enemies is targeting her, but she quickly discovers something far more insidious. The lives of two boys are at stake, and she desperately wishes her partner were by her side. But Atticus Riot has problems of his own. With Bel sidelined, he's left juggling an exhausting caseload. His finances are in ruins, his agency is bankrupt, and his daughters are fighting. Then a strange young man shows up at Ravenwood manor, and Riot is thrown in the path of a dangerous rival. A suspenseful Victorian mystery with a strong female lead and a romantic detective duo in San Francisco's lawless Barbary Coast. Fans of Laurie R. King, Deanna Raybourn, and C.S. Harris will love this thrilling historical mystery series.

Beyond the Devil's Teeth Paperback

Forty-five million years ago, the supercontinent of Gondwanaland split apart. This created what are now known as India, Africa and South America. The huge landmass was named after the Gond people of India. Meeting a Gond storyteller on a visit to Bombay, Tahir Shah heard their ancient saga. He vowed to visit all three parts of Gondwanaland. As he travelled he met an extraordinary range of wanderers and expatriates, attended magical ceremonies and sought mythical treasures. Roughing it most of the way, Shah's expeditions move through sweltering India and Pakistan, Uganda and Rwanda, Kenya and Liberia, Brazil and finally Argentina's Patagonian glaciers. Roughing it for most of the journey, Shah shared his travels and his tales with a diverting mix of eccentric and entertaining characters, from Osman and Prideep, Bombay's answer to Laurel and Hardy, to Oswaldo Rodrigues Oswaldo, a well turned out Patagonian version of Danny De Vito.

The Devil's Teeth

Great white sharks are enigmas. They ruled the oceans long before dinosaurs inhabited the earth. Yet we know nothing about them. Scientists speculate they can live for 60 years and grow to a massive 20 feet long. They heal miraculously from severe injuries and can sense a heartbeat from miles. There is one place on earth where it is possible to study great whites in the wild: a spooky outcrop of jagged rocks off the coast of San Francisco. This wretched place plays home to a handful of shark-obsessed scientists. One man dives with the sharks, another plans to surf there. This is the riveting adventure about great white sharks, and men so obsessed that they will endanger their lives to get close.

The Devil's Teeth (Ravenwood Mysteries #5)

"A gripping and unsettling new novel by the award-winning author of The Loney that asks how much we owe to tradition, and how far we will go to preserve it"--

Beyond the Devil's Teeth

Explores haunted places, local legends, crazy characters, and unusual roadside attractions found in New Jersey.

Devil's Day

In this spellbinding sequel to the New York Times bestselling *The Last Magician*, Esta and Harte set off on a cross-country chase through time to steal back the elemental stones they need to save the future of magic. Hunt the Stones. Beware the Thief. Avenge the Past. Esta's parents were murdered. Her life was stolen. And everything she knew about magic was a lie. She thought the Book of Mysteries held the key to freeing the Mageus from the Order's grasp, but the danger within its pages was greater than she ever imagined. Now the Book's furious power lives inside Harte. If he can't control it, it will rip the world apart to get its revenge, and it will use Esta to do it. To bind the power, Esta and Harte must track down four elemental stones scattered across the continent. But the world outside the city is nothing like they expected. There are Mageus beyond the Brink not willing to live in the shadows—and the Order isn't alone in its mission to crush them. In St. Louis, the extravagant World's Fair hides the first stone, but an old enemy is out for revenge and a new enemy is emerging. And back in New York, Viola and Jianyu must defeat a traitor in a city on the verge of chaos. As past and future collide, time is running out to rewrite history—even for a time-traveling thief.

Weird N. J.

The Farallon Islands lie almost 30 miles outside the entrance to San Francisco Bay and are comprised of over 20 islands, islets, sea stacks, and rocks, which span a seven-mile stretch of the Pacific Ocean. Nineteenth-century sailors called them "the Devil's Teeth," in reference to their extreme hazard to navigation, and hundreds of shipwrecks, disasters, drownings, and deaths have occurred here. The sixth lighthouse on the West Coast was lit on Southeast Farallon Island in 1855. Only Southeast Farallon supports historic structures, several of which are maintained for management purposes. Southeast Farallon once served as home to keepers from the Bureau of Lighthouses (1853-1939), the US Coast Guard (1939-1972), and at various times the US Navy. Today, the islands are home to millions of seabirds and five species of pinnipeds. Because of their biological importance, the islands are not open to the public. They are managed by the US Fish and Wildlife Service in collaboration with Point Blue Conservation Science. Visitors can explore the islands by boat, at speeds of five miles per hour and from a distance the length of a football field for excellent viewing of globally significant wildlife populations.

The Devil's Teeth

Rumors, witchcraft, and murder in this true crime account of one of New Jersey's most notorious cold cases—from two *Weird N.J.* magazine contributors. As Springfield residents decorated for Halloween in September 1972, the crime rate in the affluent New Jersey township was at its lowest in years. That mood was shattered when the body of sixteen-year-old Jeannette DePalma was discovered in the woods, allegedly surrounded by strange objects. Some feared witchcraft was to blame, while others believed a serial killer was on the loose. Rumors of a police coverup ran rampant, and the case went unsolved—along with the murders of several other young women. Including extensive interviews with DePalma's friends and family, new evidence, and theories about who could have committed this horrible crime, *Death on the Devil's Teeth* provides the definitive account of this shocking cold case more that remains a mystery more than four decades later.

The Devil's Thief

He doesn't need Alex Rider's girly gadgets. He's much more fanciable than Andy McNab's *Boy Soldier*. His adventures will take you to places even Wilbur Smith hadn't thought of. Soon after escaping an assassin that bursts from the shadows to try and kill him in the dark windswept grounds of his school in Dartmoor, Max Gordon discovers that his explorer father has also gone missing. Max is determined to find him whatever dangers may lay in his path. A secret clue, that his father has left, leads Max to the inhospitable wilderness of Namibia and the discovery of a potential massive ecological disaster masterminded by the very powerful and completely ruthless businessman, Shaka Chang. Whoever is behind Max's father's disappearance is determined to get rid of Max too. For good. *The Devil's Breath* is the first incredible book, in a blockbuster new adventure series for boys and girls of 9+ , with more plot twists and death defying action scenes than a Bond film. A world of stampeding buffalo, lethal scorpions, ancient tribes and prophecies awaits you...

Farallon Islands

Black-toothed Ruth Black is a girl who doesn't like brushing her teeth - and has a brush with disaster after being kidnapped by the evil tooth devils.

Death on the Devil's Teeth

Keep together. Keep your eyes open. Keep your wits about you. The desert is unkind in the best of times. And the decade since the Civil War has been anything but the best of times for Daisy Wilcox—call her Willie—and her family. This tense, heart-pounding alternate history about a young woman fighting to survive the unthinkable will keep fans of *Westworld* and *The Walking Dead* reading late into the night. A horrifying sickness has spread across the West Texas desert. Infected people—shakes—attack the living, and the surviving towns are only as safe as their perimeter walls are strong. The state is all but quarantined from the rest of the country. Glory, Texas, is a near ghost town. Still, seventeen-year-old Willie has managed to keep her siblings safe, even after the sickness took their mother. But then her good-for-nothing father steals a fortune from one of the most merciless shake hunters in town, and Willie is left on the hook for his debt. With two young hunters as guides, Willie sets out across the desert to find her father. And the desert holds more dangers than just shakes. This riveting debut novel blends *True Grit* with *28 Days Later* for an unforgettable journey.

The Devil's Breath

Shortlisted for the CWA Debut Dagger Award The Times Crime Book of the Month, April 2018 'A fascinating debut' The Sunday Times 'A touch of Agatha Christie, a dash of Ann Cleeves's Vera and a suitably moody setting in the Peaks...bring a formidable newcomer to British crime writing.' Daily Mail

Black-Toothed Ruth Black

A riveting and rollicking tour-de-force about the terrifying power of nature's most deadly phenomena — colossal waves — and the scientists and super surfers who are obsessed with them. The New York Times bestselling author of *The Devil's Teeth* probes the dramatic convergence of baffling gargantuan waves that pummel oil rigs and sink massive ships, the extreme surfers willing to stare down death in order to ride them, and the marine scientists trying to unlock the physics of these waves, the climate changes that are provoking them, and what chaos they might wreak. Susan Casey explores the phenomenon of monster waves and how they have become an obsession for extreme surfers like Laird Hamilton — who serves as the author's guide as she takes the reader into the intense, white-knuckle world of 100-foot waves.

Devils Unto Dust

In *Surviving the Shark*, Jonathan Kathrein describes his incredible shark attack experience. The book covers all aspects of Kathrein's survival, beginning with the eerie moments just before the attack, when something smashes into Kathrein's hand as he paddles on his board, waiting for a wave off Stinson Beach in northern California. Realizing it is probably shark, and possibly a great white, Kathrein tries to paddle away, furiously trying to make it toward shore, where he sees some of his friends on the beach. But it is too late, as the great white returns, slams into him, then grabs his leg and pulls him underwater, thrashing him back and forth, trying to rip his leg off. How Kathrein is able to escape and make his way to shore, despite his horrific wounds, is nothing short of amazing. But that's just the beginning, as he now faces months of physical and mental rehabilitation, all the while dealing with the constant media attention that the attack has generated. Gradually, with the help of his family and friends, Kathrein makes a recovery. Today, Kathrein gives lectures on shark conservation, as well as on such topics as avoiding shark attacks when you're in the water. In this book, he not only writes of his ordeal, but also delves into shark behavior, and explains his desire to spread shark awareness. There is also an underlying theme of tremendous familial love and Kathrein's extreme fervor for life.

The Devil's Dice (A DI Meg Dalton thriller, Book 1)

From Susan Casey, the New York Times bestselling author of *The Devil's Teeth* and *The Wave*, a breathtaking look into the mysterious world of dolphins and their conflicted history with man. Since the dawn of recorded history, humans have felt a kinship with the sleek and beautiful dolphin, an animal whose playfulness, sociability and intelligence seems like an aquatic mirror of mankind. In recent decades, scientists have discovered dolphins recognize themselves in reflections, count, feel despondent, adorn themselves, rescue each other (and humans), deduce, infer, form cliques, throw

tantrums, gossip and scheme. Several native peoples trace their lineage to dolphins. They are the stars of multi-million dollar aquatic theme parks, money which has fueled a sinister illicit trade as shown in the documentary *Blackfish*. The U.S. Navy has a secret program using dolphins as undersea soldiers. The theory that they are a superior, extraterrestrial species is popular among the new age fringe. They are the victims of brutal slaughters as depicted in the documentary *The Cove*. To swim with a dolphin is a transporting experience, an encounter with a being seemingly so like us, yet so alien. No writer is better positioned to portray these magical creatures than Susan Casey, whose combination of personal reporting, intense scientific research, and evocative prose made *The Wave* and *The Devil's Teeth* contemporary classics of writing on the oceans. For two years Casey traveled the world, and has written a thrilling book about the other intelligent life on the planet.

The Wave

Another fabulous Boston-based thriller by Chuck Hogan, this one involving an Iraq war veteran who gets involved with dangerous big-time drug dealers.

Surviving the Shark

The Farallon Islands lie almost 30 miles outside the entrance to San Francisco Bay and are comprised of over 20 islands, islets, sea stacks, and rocks, which span a seven-mile stretch of the Pacific Ocean. Nineteenth-century sailors called them "the Devil's Teeth," in reference to their extreme hazard to navigation, and hundreds of shipwrecks, disasters, drownings, and deaths have occurred here. The sixth lighthouse on the West Coast was lit on Southeast Farallon Island in 1855. Only Southeast Farallon supports historic structures, several of which are maintained for management purposes. Voices in the Ocean

This carefully crafted ebook: "The Devil's Dictionary (or The Cynic's Wordbook: Unabridged with all the Definitions)" is formatted for your eReader with a functional and detailed table of contents. The book is a classic satire in the form of a dictionary on which Bierce worked for decades. It was originally published in 1906 as *The Cynic's Word Book* before being retitled in 1911. A number of the definitions are accompanied by satiric verses, many of which are signed with comic pseudonyms. It offers reinterpretations of terms in the English language which lampoon cant and political double-talk as well as other aspects of human foolishness and frailty. The definitions provide satirical, witty and often politically pointed representations of the words that it seeks to "define". The Devil's Dictionary has inspired many imitations both in its day and more recently. Ambrose Gwinnett Bierce (1842 – 1914?) was an American satirist, critic, poet, editor and journalist. Bierce became a prolific author of short stories often humorous and sometimes bitter or macabre. His dark, sardonic views and vehemence as a critic earned him the nickname, "Bitter Bierce".

Devils in Exile

Professional whistleblower Allie Whitman and gifted litigator Conner Norman find themselves fighting potentially fatal battles in and out of the courtroom, going to great lengths to protect secrets that could ruin them both. Original.

Farallon Islands: The Devil's Teeth

Three generations of women uncover an ancient evil in this epic genre-bending horror-fantasy -- a "fearless" Faustian tale perfect for fans of Kendare Blake and Ransom Riggs (*Cat Winters*). Before the birth of time, a monk uncovers the Devil's Tongue and dares to speak it. The repercussions will be felt for generations . . . Sixteen-year-old photography enthusiast Zoey has been fascinated by the haunted, burnt-out ruins of Medwyn Mill House for as long as she can remember -- so she and her best friend, Poulton, run away from home to explore them. But are they really alone in the house? And who will know

if something goes wrong? In 1851, seventeen-year-old Roan arrives at the Mill House as a ward -- one of three, all with something to hide from their new guardian. When Roan learns that she is connected to an ancient secret, she must escape the house before she is trapped forever. 1583. Hermione, a new young bride, accompanies her husband to the wilds of North Wales where he plans to build the largest water mill and mansion in the area. But rumors of unholy rituals lead to a tragic occurrence and she will need all her strength to defeat it. Three women, centuries apart, drawn together by one Unholy Pact. A pact made by a man who, more than a thousand years later, may still be watching . . . This haunting, captivating, and "delightfully disturbing" mystery redefines horror and fantasy (Kirkus).

The Devil's Dictionary (or The Cynic's Wordbook: Unabridged with all the Definitions)

Fluoride and fluoridation will go down as one of the greatest controversies of the 20th century. Up until the early 1940's, fluorine's effect on life was always deemed poisonous. It was proven to be altering enzymes used by living organisms to carry out a multitude of essential processes. Fluorine, the most reactive element on the planet, is also the strongest free radical. Scientists in the 1930's and 1940's experimented with this element to create the most deadly nerve gasses, rocket fuel, and radioactive U235 for the bomb. As a wood preservative, rodenticide and insecticide, fluorine compounds are second to none. As an Orthodontist, I began investigating the increasingly prevalent lines and spots that I saw on the enamel of children. Like rings on a tree, they indicate excessive fluorine exposure. I started to ask the question, "How does fluorine cause these marks?" Chronic doses of fluoride, like arsenic and lead, accumulate in our bodies causing a blockage in the way cells breathe and leads to the malformation of collagen. Cancer, diabetes, thyroid and neurological disorders, hormonal imbalances, heart disease, arthritis and osteoporosis have all been linked to chronic fluoride ingestion. We are now exposed to increasing doses of fluoride from toothpaste, rinses, water, food, medicines, showering, bathing, and even the air that we breathe. Our environment has become a literal fluoride dumping ground. This book explores many chronic diseases that plague man today and looks at the scientists that connected these diseases to chronic exposures of fluoride.

When the Devil Whistles

THE STORY: Jabez Stone, young farmer, has just been married, and the guests are dancing at his wedding. But Jabez carries a burden, for he knows that, having sold his soul to the Devil, he must, on the stroke of midnight, deliver it up to him. Shortly before twelve Mr. Scratch, lawyer, enters and the company is thunderstruck. Jabez bids his guests begone; he has made his bargain and will pay the price. His bride, however, stands by him, and so will Daniel Webster, who has come for the festivities. Webster takes the case. But Scratch is a lawyer himself and out-argues the statesman. Webster demands a jury of real Americans, living or dead. Very well, agrees the Devil, he shall have them, and ghosts appear. Webster thunders, but to no avail, and at last realizing Scratch can better him on technical grounds, he changes his tactics and appeals to the ghostly jury, men who have retained some love of country. Rising to the height of his powers, Webster performs the miracle of winning a verdict of Not Guilty.

Teeth in the Mist

"I'm owl's breakfast!" thought Daniel. "I'm lost." A Tasmanian Devil rescue story. Exciting text, informative content. Solve riddles. Find 25 Tasmanian animals. 3-8yrs AVAILABLE NOW

In fact, it seems to her that's what they do every Jewish holiday. But this year's Passover Seder will be different Hannah will be mysteriously transported into the past . . . and only she knows the unspeakable horrors that await. Winner of the National Jewish Book Award "A triumphantly moving book." --Kirkus Reviews, starred review

The Devil and Daniel Webster

Winner of the 2016 B&N Discover Great New Writers Award for Fiction In *The Lightkeepers*, we follow Miranda, a nature photographer who travels to the Farallon Islands, an exotic and dangerous archipelago off the coast of California, for a one-year residency capturing the landscape. Her only companions are the scientists studying there, odd and quirky refugees from the mainland living in

rustic conditions; they document the fish populations around the island, the bold trio of sharks called the Sisters that hunt the surrounding waters, and the overwhelming bird population who, at times, create the need to wear hard hats as protection from their attacks. Shortly after her arrival, Miranda is assaulted by one of the inhabitants of the islands. A few days later, her assailant is found dead, perhaps the result of an accident. As the novel unfolds, Miranda gives witness to the natural wonders of this special place as she grapples with what has happened to her and deepens her connection (and her suspicions) to her companions, while falling under the thrall of the legends of the place nicknamed ""the Islands of the Dead."" And when more violence occurs, each member of this strange community falls under suspicion.

Daniel the Devil

Lust, sex, lies. I fell in love. I bled and broke for him. I foolishly played his game and woke to find he's not done with me yet. He's dead set on stripping everything I am bare. I'm nothing but his plaything and he's pulling my strings. But things are going to be different. I'm more than an assassin, a monster with a pretty face. I'm his undoing. I will rise. Seek my revenge. Outwit his deviant schemes. This time...I plan to win.

The Devil's Arithmetic (Puffin Modern Classics)

THE INSTANT SUNDAY TIMES TOP FIVE BESTSELLER 'Moves at a cracking pace and, with neat plot twists and cliffhangers, is page-turning fun' Guardian Seven resistance fighters will free the galaxy from the ruthless Empire - or die trying. After Eris faked her death, she thought she had left her old life as Princess Discordia - heir to the galaxy's most ruthless empire - behind. But joining the Novantaen Resistance, an organisation opposed to the Empire's voracious expansion, throws her right back into the fray. Resistance fighter pilot Clo has been given a mission: infiltrate an Empire spaceship ferrying deadly cargo to gain vital intelligence. A task made all the more difficult when she's forced to partner with an old enemy - Princess Discordia herself, Eris. They discover more than they bargained for on the ship: fugitives with first-hand knowledge of the Empire's inner workings. With this information, these women might just bring the Empire to its knees. But the clock is ticking: Eris's brother Damocles, new heir to the throne, plans to disrupt a peace summit with the only remaining free alien people, ensuring the Empire's total domination. Unless this band of unlikely rebels stops him, millions will die . . .

The Lightkeepers

Enhanced by hundreds of original color photographs and beautifully detailed line drawings, Shark Biology and Conservation will appeal to anyone who is spellbound by this wondrous, ecologically important, and threatened group, including marine biologists, wildlife educators, students, and shark enthusiasts.

The Devil's Plaything

A military thriller based around the adventures of two young Fallschirmjäger paratroopers during the early part of World War II. It is a fictionalised adventure based on the famous assault on the impregnable Belgian Fortress, Eben Emael. Tall, gangly Paul Brand is supported by his junior sergeant, Unterfeldwebel Max Grun, as he experiences his first action as a platoon commander in Poland, September 1939. The mutual respect between the two comrades grows as they experience the sights and smells of battle at close quarters. Following their success in Poland, Paul, Max and the platoon are sent to a clandestine camp in the foothills of the Harz Mountains to train for a secret mission. Confined to camp for six months they undergo intensive training for their next mission – the subjugation of the Eben Emael Fortress. Two German secret weapons will assist them to complete their task; the first is the glider, used for the first time to deposit troops directly onto a target, and the second secret weapon is a new Hollow Charge Weapon, capable of blasting through steel or concrete. On completion of their training, nine gliders containing seventy two Fallschirmjäger land on top of the fortress, before the troops move in to the depths of the tunnels to finish the job. Over one thousand Belgian troops fail to stop them. This exciting fictionalised retelling of the assault on Eben Emael is written by an author with experience in army intelligence.

Seven Devils

Previously entitled 'The Cursed'. One-Eyed Jack has returned... FBI crime analyst Kili Brennan has come to Boone Creek, in the Appalachian foothills of Kentucky, looking for her missing brother...looking for answers. Instead, she finds a world of suspicion and superstition. Locals say her brother, and a string of others, may have been killed by One-Eyed Jack-the fabled giant guardian that protects the fantastic archaeological monument he was researching. As Kili's search intensifies, the danger escalates, and the only person that can help her is a man whose mysterious past might be just as frightening, and infinitely more dangerous, than the dark secrets she is determined to uncover. A man named Ezekiel Crane.

Shark Biology and Conservation

--- You don't fuck with the club president's son. ---Tooth. Vice President of the Coffin Nails Motorcycle Club. On a neverending quest for vengeance. The last thing he needs is becoming a permanent babysitter for a male hooker. Lucifer. Fallen. Lost. Alone. After a childhood filled with neglect and abuse, followed by his mother's suicide, Lucifer set out into the world alone. There was nothing for him out there other than taking it one day at a time. As the bastard son of the Coffin Nails club president, Lucifer never got much fatherly love. So when the Nails show up at the strip joint Lucifer works in, the last thing he expects is to be put in the custody of Tooth, the Nails Vice President famous for his gruesome interrogation techniques. The man proves to be the sexiest beast Lucifer has ever met. He's also older, straight, and an itch Luci can't ever scratch. Tooth's life came to a halt twelve years ago. His lover got brutally murdered, police never found the perpetrators, and all leads were dead ends. To find peace and his own justice, Tooth joined the Coffin Nails, but years on, he's gotten nowhere with the case, yet still lives on with the burning fire for revenge. Babysitting a deeply scarred teenager with a talent for disappearing is the last thing on his bucket list. He promised himself to never get attached to someone like him again. To make sure the openly gay boy is safe in the clubhouse, Tooth is stuck keeping an eye on him. The big, blue, attention seeking gaze is drawing Tooth in, but fucking the president's son is a complete no-go, even when both their feelings go beyond lust. What Tooth doesn't know is that Lucifer might hold the key to the closure Tooth so desperately needs. **WARNING** Contains adult content: a gritty storyline, sex, explicit language, violence and abuse. Inappropriate use of dental tools and milk. **POSSIBLE SPOILERS:** Themes: Prostitution, Outlaw Motorcycle Club, organized crime, homophobia, family issues, coming out, discipline/punishment, organ snatching, hurt-comfort, age gap Genre: contemporary gay erotic dark romance Length: ~ 125,000 words (Standalone novel, no cliffhanger.)

Devils with Wings

No one ever wants to serve in Hell . . . The Seven Deadlies, a demon club in Philadelphia, has always catered to the most attractive and desirable hosts. Recently, though, more and more of the lower dregs of society have been showing up with demons of their own - in alarming numbers. Morgan is sure that Dougal is behind this, but isn't sure why. Is Dougal building an army to snatch the throne of the demons from Lugh? If there's one person who can get to the bottom of this, it's Morgan Kingsley, but caught between her mortal lover Brian and the demon she lusts for, Lugh, it's going to take everything she has to keep her head - and heart - in the game.

Curse of the Devil's Teeth

What happens when the stories we've been told fail us? In ten provocative and unsettling tales, Pedro Ponce grapples with the human instinct to create a narrative out of disparate experiences. The Devil and the Dairy Princess interrogates the power of stories to impact us for good or ill. We are all taught that love is destined to happen with our soul mate and that hard work eventually leads to success. But when faced with circumstances that no longer fit the chosen narrative, some protagonists cling to their outmoded stories with greater fervor, while others realize the old stories no longer suffice, so they choose to inhabit a new reality in stories yet to be told. Perfect for any reader who enjoys literary realism or speculative fiction, The Devil and the Dairy Princess reveals the episodic history of humanity's romance with narrative, from first love to breakup to hopeful reconciliation.

The Devil's Ride (gay Biker MC Erotic Romance Novel) (Sex and Mayhem Book 2)

'I loved Orange World... a collection of short stories in which demons live in drains, bog women come back from the dead and trees can grow inside the human body' Daisy Johnson, New Statesman **BOOK OF THE YEAR** 'A rare combination of literary brilliance and unbridled entertainment' Mark Haddon

These exuberant, unforgettable stories showcase Karen Russell's comedic and imaginative talent for creating outlandish predicaments that uncannily mirror our inner lives. In 'The Bad Graft', a couple on a road trip stop in Joshua Tree National Park, where the spirit of a giant tree accidentally infects the young woman, their fates becoming permanently entangled. In 'The Prospectors' two opportunistic young women fleeing the Depression strike out for new territory, but find themselves fighting for their lives. In the brilliant and hilarious title story a new mother desperate to ensure her baby's safety strikes a deal with the devil to protect her baby. Stories of survival, love and of surreal and magnificent transformation show Russell writing at exhilarating new heights. Praise for Orange World: 'The worlds of the stories are entirely convincing, small pockets in which it is possible to become lost' Guardian 'One of our most original short story writers... Russell has impeccable command of her form' New York Times Book Review

American Legends

*Includes pictures *Includes Long's own quotes about his career *Includes online resources and a bibliography for further reading *Includes a table of contents "For the present you can just call me the Kingfish." - Huey Long, 1933 The late 19th and early 20th centuries in America had no shortage of political graft and powerful politicians, but few were as influential or conspicuous as the Kingfish, Huey P. Long. A populist Democrat who hoped to elevate the lower classes in Louisiana, Long accrued massive amounts of power during his governorship, in the process revolutionizing political campaigning. As political scientist V.O. Key noted, Long relied on "patronage in all its forms, deprivation of perquisites, economic pressure, political coercion in one form or another, and now and then outright thuggery....Long commanded the intense loyalties of a substantial proportion of the population... [Supporters] came to believe that here was a man with a genuine concern for their welfare, not one of the gentlemanly do-nothing governors who had ruled the state for many decades." Long survived an impeachment attempt in the Louisiana legislature on charges of abuse of office and bribery, but that didn't tarnish his popularity. Instead, he moved on to a spot in the U.S. Senate after being elected in 1932, where he made waves with his outspokenness in support of progressive policies. After he broke with the Roosevelt administration at the height of the Great Depression, the president called him "one of the two most dangerous men in America," Roosevelt even pushed for a Senate investigation of Long and his political machine back in Louisiana. A fellow Senator quipped that Long was so unpopular among his peers that he could not "get the Lord's Prayer endorsed in this body." Naturally, Long's style generated plenty of enemies, and it resulted in his infamous assassination in 1935. Shortly after announcing he would run for president against Roosevelt in 1936, Long was back in Louisiana working

to remove a state judge, and while he was at the state capitol, that judge's son-in-law, Dr. Carl Weiss, walked up to Long and shot him in the abdomen point blank. Though Long's bodyguards killed Weiss on the spot by shooting him over 60 times, Long was mortally wounded and died a few days later. His last words were reportedly, "God, don't let me die. I have so much to do." As the large gathering of mourners at the funeral made clear, a countless number of Louisianans loved the Kingfish to the end, and Key later attempted to identify the reasons, writing that Long "[k]ept faith with his people and they with him. He gave them something and the corporations paid for it. . . . He is not to be dismissed as a mere rabble-rouser or as the leader of a gang of boodlers....He brought it to his career a streak of genius, yet in his programs and tactics he was as indigenous to the Louisiana as pine trees and petroleum." The Kingfish's controversial legacy continued to resonate in the wake of his death, not only due to the strength of his surviving political machine but because of his brash personality and style. He was depicted countless times in books, movies, and even The Beatles' famous cover for Sgt. Pepper's Lonely Hearts Club Band in ensuing generations, and even 80 years after his death, he is still vividly remembered. *American Legends: The Life of the Kingfish*, Huey Long examines the life and legacy of one of America's most notorious 20th century politicians. Along with pictures of important people, places, and events, you will learn about Huey Long like never before, in no time at all.

The Kingfish in Fiction

The controversial, almost mythic Louisiana politician Huey P. Long inspired not just one but six American novels, published between 1934 and 1946. And he continues to resonate in American cultural memory, appearing in a 1995 work of historical fiction. *The Kingfish in Fiction* offers the first study of all six "Hueys-who-aren't-Hueys" as they strut and bluster their way across the literary page, each character with his own particular story, each towing a different authorial agenda. Keith Perry carefully dissects the intertwining of documented history and artistic invention in Sinclair Lewis's *It Can't Happen Here*, Hamilton Basso's *Cinnamon Seed* and *Sun in Capricorn*, John Dos Passos's *Number One*, Adria Locke Langley's *A Lion Is in the Streets*, and Robert Penn Warren's *All the King's Men*. Perry explains that Lewis cast his version of the Kingfish as a totalitarian menace, a sort of homegrown Hitler, in what Lewis later admitted was an unapologetic attempt to sabotage Long's designs on the White House. Basso, one of Long's most vocal detractors, created two Long-based characters, each a rabble-rousing affront to what remained of the Old South order. To warn readers of the dangers hidden in the politician-constituent contract, Dos Passos transformed Long into a shameless manipulator of the gullible American masses. Langley's rendition suffers complete condemnation by its creator for personal as well as public transgressions. Warren's spellbinding Willie Stark, almost as much philosopher as politician, ironically bears the least resemblance to Long though for almost six decades Stark has been Long's best-known fictional embodiment. Exploring how and why these five authors—among them, a Nobel laureate, one of America's most celebrated political novelists, and a two-time Pulitzer Prize winner—turned one politician into six fictional characters leads Perry to conclude that Huey P. Long's lasting impression may well be a composite of both historical and imaginative interpretation.

Robert Penn Warren

Long recognized as one of America's foremost men of letters, Robert Penn Warren continues to dazzle us with his many-sided genius. In the haunting images of his poetry, the narrative power of his fiction, the revealing insights of his essays, we find literary achievement of the highest order. Warren's writing has merited the close attention of literary critics. In this book Neil Nakadate brings together the most important critical essays, including a new essay written for this volume, to give a comprehensive view of the range of Warren's work. A list of Warren's published works, 1929-1980, and a useful checklist of critical works on Warren's writing supplement this rich and balanced collection of essays. Contributors: A.L. Clements, Chester E. Eisinger, Norton R. Girault, Robert B. Heilman, H.P. Heseltine, James H. Justus, Richard Law, Frederick P.W. McDowell, Neil Nakadate, Ladell Payne, M. Bernetta Quinn, John Crowe Ransom, Victor Strandberg, Walter Sullivan, William Tjenos, Simone Vauthier, and Robert Penn Warren

Every Man A King

Huey Long (1893-1935) was one of the most extraordinary American politicians, simultaneously cursed as a dictator and applauded as a benefactor of the masses. A product of the poor north Louisiana hills, he was elected governor of Louisiana in 1928, and proceeded to subjugate the powerful state political hierarchy after narrowly defeating an impeachment attempt. The only Southern popular leader

who truly delivered on his promises, he increased the miles of paved roads and number of bridges in Louisiana tenfold and established free night schools and state hospitals, meeting the huge costs by taxing corporations and issuing bonds. Soon Long had become the absolute ruler of the state, in the process lifting Louisiana from near feudalism into the modern world almost overnight, and inspiring poor whites of the South to a vision of a better life. As Louisiana Senator and one of Roosevelt's most vociferous critics, "The Kingfish," as he called himself, gained a nationwide following, forcing Roosevelt to turn his New Deal significantly to the left. But before he could progress farther, he was assassinated in Baton Rouge in 1935. Long's ultimate ambition, of course, was the presidency, and it was doubtless with this goal in mind that he wrote this spirited and fascinating account of his life, an autobiography every bit as daring and controversial as was The Kingfish himself.

Kingfish

From the moment he took office as governor in 1928 to the day an assassin's bullet cut him down in 1935, Huey Long wielded all but dictatorial control over the state of Louisiana. A man of shameless ambition and ruthless vindictiveness, Long orchestrated elections, hired and fired thousands at will, and deployed the state militia as his personal police force. And yet, paradoxically, as governor and later as senator, Long did more good for the state's poor and uneducated than any politician before or since. Outrageous demagogue or charismatic visionary? In this powerful new biography, Richard D. White, Jr., brings Huey Long to life in all his blazing, controversial glory. White taps invaluable new source material to present a fresh, vivid portrait of both the man and the Depression era that catapulted him to fame. From his boyhood in dirt-poor Winn Parish, Long knew he was destined for power—the problem was how to get it fast enough to satisfy his insatiable appetite. With cunning and crudity unheard of in Louisiana politics, Long crushed his opponents in the 1928 gubernatorial race, then immediately set about tightening his iron grip. The press attacked him viciously, the oil companies howled for his blood after he pushed through a controversial oil processing tax, but Long had the adulation of the people. In 1930, the Kingfish got himself elected senator, and then there was no stopping him. White's account of Long's heyday unfolds with the mesmerizing intensity of a movie. Pegged by President Roosevelt as "one of the two most dangerous men in the country," Long organized a radical movement to redistribute money through his Share Our Wealth Society—and his gospel of pensions for all, a shorter workweek, and free college spread like wildfire. The Louisiana poor already worshiped him for building thousands of miles of roads and funding schools, hospitals, and universities; his outrageous antics on the Senate floor gained him a growing national base. By 1935, despite a barrage of corruption investigations, Huey Long announced that he was running for president. In the end, Long was a tragic hero—a power addict who squandered his genius and came close to destroying the very foundation of democratic rule. Kingfish is a balanced, lucid, and absolutely spellbinding portrait of the life and times of the most incendiary figure in the history of American politics.

LIFE

LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

Anxious Decades: America in Prosperity and Depression, 1920-1941

"Impressively detailed. . . . An authoritative and epic overview."—Publishers Weekly In the convulsive years between 1920 and 1941, Americans were first dazzled by unprecedented economic prosperity and then beset by the worst depression in their history. It was the era of Model T's, rising incomes, scientific management, electricity, talking movies, and advertising techniques that sold a seemingly endless stream of goods. But it was also a time of grave social conflict and human suffering. The Crash forced Hoover, and then Roosevelt and the nation, to reexamine old solutions and address pressing questions of recovery and reform, economic growth and social justice. The world beyond America changed also in these years, making the country rethink its relation to events in Europe, Latin America, and Asia. The illusion of superiority slowly died in the 1930s, sustaining a fatal blow in December 1941 at Pearl Harbor.

Dark Bayou

This collection chronicles the most mysterious, bizarre and often overlooked homicides in Louisiana history. Drawing on contemporary records and, where available, the recollections of those who provide a coherent version of the facts, these mesmerizing tales detail some of the more gruesome episodes: the rise of the first Mafia godfather in the United States; the murder of two New Orleans police chiefs; the brutal murder of a famous New Orleans madam; the story of a respectable young woman who “accidentally” poisoned her younger sister and is a suspect in other family deaths; the ritual killing of blacks in southwestern Louisiana and eastern Texas; the mysterious death of a young housewife which still generates debate; and the demise of a local celebrity who believed in his own invincibility.

The Curious Death of the Novel

One of the country’s more perceptive younger critics, Louis Rubin is well known for his commentaries on the literature of the South. These essays—selected from his critical works over a period of more than a dozen years—reflect his wider concern with the whole spectrum of American literature. In the title essay Rubin treats “tired literary critics” and the often-heard pronouncement that the novel is dead. He argues that the response of novelists to our difficult and demanding times “will doubtless be what the response of writers to difficult and demanding times always has been: namely, difficult and demanding works of literature.” Another essay, “The Experience Difference: Southerners and Jews,” is a perceptive examination of the parallels in different factors and cultural experiences which brought Southern and Jewish writers to prominence. Rubin explores the potential pitfalls for Southern writers today in an essay called “Getting Out From Under William Faulkner.” Edgar Allan Poe’s position in American literary history and H.L. Mencken’s role as a literary critic and an “artist of destruction” who cleared the way and created an audience for the major American writers of the twenties are dealt with in other essays. The collection includes imaginative studies of Henry James, Mark Twain, Edmund Wilson, and Karl Shapiro. Several Southern writers, including Faulkner, Ellen Glasgow, Robert Penn Warren, Flannery O’Connor, and James Branch Cabell, also come under Rubin’s scrutiny.

Television Series and Specials Scripts, 1946Ð1992

In the early days of television, many of its actors, writers, producers and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming, including comedies, soap operas, dramas, westerns, and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles and production companies, as well as a glossary of industry terms.

Essays in American Literature

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Congressional Record

This fifth and final volume of *The Papers of Will Rogers* traces the career of Oklahoma's beloved entertainer during his most popular years and extends beyond his death in 1935. By 1928, the Oklahoma humorist and commentator had reached national prominence through his newspaper columns, silent films, sound recordings, books, philanthropic endeavors, and lecture tours. His fame, fortune, and influence, however, had yet to crest. This volume showcases a wide variety of documents, including correspondence with some of the most significant figures of the day, revealing Rogers's rise to fame as the nation's leading social and political commentator and as a hugely popular star of radio, stage, and film. Rogers's multifaceted career ended abruptly when he and the famous aviator Wiley Post died in an airplane crash in northernmost Alaska. This documentary history of his final years includes transcripts of radio broadcasts, contracts, and business documents, as well as nearly two hundred telegrams and letters to family, friends, and notable public figures—the majority of which have never before been published. It also covers the aftermath of his fatal airplane accident: the certificate of death, a first-person account of his funeral, settlement of his estate, efforts to pay tribute to his memory, and unauthorized attempts to capitalize on his fame.

The Papers of Will Rogers: The final years, August 1928-August 1935

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkely describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. *Winner of the American Book Award for History*

Kingfish to America, Share Our Wealth

This is the acclaimed biography of a giant of American journalism. As editor-publisher of the Chicago Tribune, Robert R. McCormick came to personify his city. Drawing on McCormick's personal papers and years of research, Richard Norton Smith has written the definitive life of the towering figure known as The Colonel.

Voices of Protest

Willie Stark's obsession with political power leads to the ultimate corruption of his gubernatorial administration.

The Colonel

The definitive biography of the most dangerous demagogue in American history, based on first-ever review of his personal and professional papers, medical and military records, and recently unsealed transcripts of his closed-door Congressional hearings. In the long history of American demagogues, from Huey Long to Donald Trump, never has one man caused so much damage in such a short time as Senator Joseph McCarthy. We still use "McCarthyism" to stand for outrageous charges of guilt by association, a weapon of polarizing slander. From 1950 to 1954, McCarthy destroyed many careers and even entire lives, whipping the nation into a frenzy of paranoia, accusation, loyalty oaths, and terror. When the public finally turned on him, he came crashing down, dying of alcoholism in 1957. Only now, through bestselling author Larry Tye's exclusive look at the senator's records, can the full story be told. *Demagogue* is a masterful portrait of a human being capable of immense evil, yet beguiling charm. McCarthy was a tireless worker and a genuine war hero. His ambitions knew few limits. Neither did his socializing, his drinking, nor his gambling. When he finally made it to the Senate, he flailed around in search of an agenda and angered many with his sharp elbows and lack of integrity. Finally, after three years, he hit upon anti-communism. By recklessly charging treason against everyone from George Marshall to much of the State Department, he became the most influential and controversial man in America. His chaotic, meteoric rise is a gripping and terrifying object lesson for us all. Yet his equally sudden fall from fame offers reason for hope that, given the rope, most American demagogues eventually hang themselves.

All the King's Men

Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide.

Demagogue

This collection examines the effects of slavery and emancipation on race, class and gender in societies of the American South, the Caribbean, Latin America and West Africa. The contributors discuss what slavery has to teach us about patterns of adjustment and change, black identity and the extent to which enslaved peoples succeeded in creating a dynamic world of interaction between the Americas. They examine how emancipation was defined, how it affected attitudes towards slavery, patterns of labour usage and relationships between workers as well as between workers and their former owners.

America, History and Life

Barry Jones? Dictionary of World Biography weaves historical facts with perspective on the subjects and the influence they had on theirs and on modern times. Gain a unique insight into the life and times of important identities, cultural icons and controversial characters.

Hattie and Huey

Describes and rates more than twenty thousand videos, and provides indexes by theme, awards, actors, actresses, and directors.

From Slavery to Emancipation in the Atlantic World

Winner of the Pulitzer Prize and the National Book Award, this work describes the life of one of the most extraordinary figures in American political history. Copyright © Libri GmbH. All rights reserved.

Dictionary of World Biography

USA Today gave it a 4-star rating, the Houston Chronicle called it "by far the best" and the New York Times says the "Hound takes the lead in a blaze of supplemental lists". The new 1996 edition of America's favorite guide to movies on video offers over 22,000 video reviews, including 1,000 new reviews.

The Odyssey Handbook and Guide to Writing

A cumulative index to biographical material in books and magazines.

Huey Long

"Every man a king, so there would be no such thing as a man or woman who did not have the necessities of life, who would not be dependent upon the whims of the financial barons for a living." -Share Our Wealth, Huey Long (1934) Every Man a King and Share Our Wealth-Two Huey Long Speeches by extraordinary Louisiana left-wing populist Huey Long includes: - his 1934 radio address announcing the start of his "Share Our Wealth" Movement, promoting greater equality among Americans. By 1935 this movement had 27,000 chapters with 7.5 million members. - Long's Statement on the Share Our Wealth Society in Congress (1935) with proposals, such as that "every family was to be furnished with a homestead allowance of not less than one-third the average family wealth of the country" and "yearly income cannot exceed more than 300 times the size of the average family income." Long's radical agenda as expressed in Every Man a King and Share Our Wealth still offers food for thought for the social-economic debates of the 21st century.

The Day Huey Long was Shot, September 8, 1935
