Preacher

In the wake of the apocalyptic events in War In The Sun, the Reverend Jesse Custer's quest to find an absentee God takes an unexpected detour, one which leads down a backwater road to the godforsaken town of Salvation.

Salvation

Disillusioned with his own beliefs, Jesse Custer, along with his girlfriend Tulip and their Irish vampire friend Cassidy, begins a violent and riotous journey across the country in search of God, who has abandoned heaven.

Preacher

Reverend Jesse Custer, an old Texas minister who is joined with a spiritual entity called Genesis and wields the Word of God, revisits terrors of his childhood on his way to find God.

Preacher Book Five

Writer Garth Ennis's violent, scabrous journey across America's religious landscape continues in this fifth volume. Preacher Jesse Custer's dark journey to find God, accompanied by his gun-toting girlfriend and Irish vampire buddy, continues as Jesse becomes the sheriff of a troubled Texas town. Then, he decides it's high time to renew his quest to find God and hold him accountable for all of his actions. But before he can continue down that path, he must reunite with his girlfriend, Tulip.

All Hell's A'coming

After a shell-shocked detour into the town of Salvation and reeling from the betrayal of his vampire friend Cassidy, the Reverend Jesse Custer embarks on the final stretch of his journey to find God.

Preacher

Written by Garth Ennis; Art by Steve Dillon and Glenn Fabry A new edition of the collection including PREACHER #51-58 and the one-shot PREACHER: TALL IN THE SADDLE. Following the events of the PREACHER: SALVATION collection, Jesse Custer wants to renew his quest to find God and hold him accountable for all of his actions. But before he can continue down that path, he must reunite with his girlfriend Tulip. In this edition, we look back and see how Jesse and Tulip first met as well as how she became so deadly proficient with a gun. Also, after making amends with his love, Jesse seeks revenge against his former friend and compatriot Cassidy for the things that the Irish vampire did to Tulip during the time that they both believed the Preacher to be dead.

Preacher

Jesse Custer was just a small-town preacher in Texas...until his congregation was flattened by powers beyond his control and the preacher became imbued with abilities beyond anyone's understanding. Continuing where Absolute Preacher Vol. 1 left off, Jesse now possessed by Genesis--the unholy offspring of an angel and demon--holds Word of God, an ability to command anyone or anything with a mere utterance. And he'll use this power to hold the Lord accountable for the people He has forsaken. From the ashes of a small-town church to the bright lights of New York City to the backwoods of Louisiana, Jesse Custer cuts a righteous path across the soul of America in his quest for the divine--an effort that will be met by every evil that Heaven and Earth can assemble. Joined by his gun-toting girlfriend, Tulip, and the hard-drinking Irish vampire Cassidy, Jesse will stop at nothing to fulfill his quest to find God.

Absolute Preacher Vol. 2 (2023 Edition)

Dynamite's new compilation of Garth Ennis and Darick Robertson's hit series The Boys continues with Volume 3, which includes both of the original volumes 5 & 6. An evil so profound it threatens all mankind! The mightiest heroes on the planet uniting to defend us all! A secret crisis of such utter finality that a countdown to civil or infinite war seems unavoidable! But have you ever wondered what really happens during Crossovers? The Seven, Payback, Teenage Kix, Fantastico, and every other superhero on Earth team up for an annual event like no other - and where the superheroes go, can a certain "five complications and a dog" be far behind? But as the fun and games begin, it seems our heroes have set their sights on bigger game than usual. You can only maim and murder so many superheroes before someone decides to do something about it, and in The Boys' case that means Payback - a superteam of unimaginable power, second only to the mighty Seven. Pulping teenage supes is one thing, but how will our heroes fare against Soldier Boy, Mind-Droid, Swatto, the Crimson Countess, and the Nazi juggernaut known as Stormfront? Blood flies and bones shatter, as Butcher and company meet fire with fire.

The Boys Omnibus Vol 3

In this final Preacher volume, Jesse Custer makes amends with his girlfriend, Tulip, then seeks revenge against his former friend and compatriot Cassidy for the things the Irish vampire did to her when they both believed the Preacher to be dead. The final chapter in the Preacher storyline and the conclusion of Jesse Custer's quest to literally find God and take Him to task for the world's injustices. As the Preacher's crusade draws to an end, all of the players converge at the Alamo for a final show-down. With the love of his life, Tulip, by his side, Jesse makes his last stand against all of his enemies, including the Irish vampire known as Cassidy, whom he used to call friend. But as the dust settles in the Texas desert, you won't believe how this epic battle of good versus evil will end.

Preacher Book Six

"Follows the Reverend Jesse Custer on his epic quest to track down an absent God and force him to answer for the sufferings of his creation"--from the publisher.

Absolute Preacher Vol. 3

Preacher Jesse Custer continues his dark journey to find God, accompanied by his gun-toting girlfriend and Irish vampire buddy. In the continuing saga of the bizarre adventures of faithless Texas preacher Jesse Custer, Jesse, along with his girlfriend Tulip and their friend Cassidy, the Irish vampire, head down South in hopes of recovering from their encounter with the forces of the Grail. But during their planned down time Jesse must face off against an enraged Arseface, who seeks to avenge his fathers death, while Tulip deals with Cassidys startling declaration of love for her. Also includes a special story spotlighting the Saint of Killers and the story of Cassidys first and only encounter with his fellow vampires. Collects PREACHER #27-33, SAINT OF KILLERS #1-4 and PREACHER SPECIAL: CASSIDY - BLOOD AND WHISKEY.

Preacher Book Three

The tale of Jesse's past continues in part 3 of "All in the Family" as we learn how he met and left Tulip--and how the horrors of his family led him to become a Preacher in the first place.

Preacher #10

Jesse and his crew hit New Orleans on a hot Saturday night. Pale bloodsuckers creep from the shadows and a butt-ugly old favorite lines up his gunsights on Reverend Custer's head. And just what is that business with the photo of Cassidy all about?

Preacher #30

Disillusioned with his own beliefs, Jesse Custer, along with his girlfriend Tulip and their Irish vampire friend Cassidy, begins a violent and riotous journey across the country in search of God, who has abandoned heaven.

Preacher: All hell's a-coming

Odin Quincannon takes drastic steps to eliminate Jesse. Needless to say, Jesse Custer doesn't take attempts on his life lightly and storms the Meatman's castle for revenge! But even the sheriff isn't above the law in Salvation.

Preacher #44

From occult underground to superhero! Was Superman's arch nemesis Lex Luthor based on Aleister Crowley? Can Captain Marvel be linked to the Sun gods on antiquity? In *Our Gods Wear Spandex*, Christopher Knowles answers these questions and brings to light many other intriguing links between superheroes and the enchanted world of esoterica. Occult students and comic-book fans alike will discover countless fascinating connections, from little known facts such as that DC Comics editor Julius Schwartz started his career as H.P. Lovecraft's agent, to the tantalizingly extensive influence of Madame Blavatsky's Theosophy on the birth of comics, to the mystic roots of Superman. The book also traces the rise of the comic superheroes and how they relate to several cultural trends in the late 19th century, specifically the occult explosion in Western Europe and America. Knowles reveals the four basic superhero archetypes--the Messiah, the Golem, the Amazon, and the Brotherhood--and shows how the occult Bohemian underground of the early 20th century provided the inspiration for the modern comic book hero. With the popularity of occult comics writers like Invisibles creator Grant Morrison and V for Vendetta creator Alan Moore, the vast ComiCon audience is poised for someone to seriously introduce them to the esoteric mysteries. Chris Knowles is doing just that in this epic book. Chapters include: Ancient of Days, Ascended Masters, God and Gangsters, Mad Scientists and Modern Sorcerers, and many more. From the ghettos of Prague to the halls of Valhalla to the Fortress of Solitude and the aisles of BEA and ComiCon, this is the first book to show the inextricable link between superheroes and the enchanted world of esoterica.

Hitman

If you do the incredible often enough, they'll want you to do the impossible. Nazi Germany, Imperial Japan, and Fascist Italy began World War II with aircraft that could devastate enemy warships and merchantmen at will. Britain's Royal Navy squadrons went to war equipped with the Fairey Swordfish. A biplane torpedo bomber in an age of monoplanes, the Swordfish was underpowered and undergunned; an obsolete museum piece, an embarrassment. Its crews fully expected to be shot from the skies. Instead, they flew the ancient "Stringbag" into legend. Writer Garth Ennis (Preacher, The Boys, War Stories) and artist PJ Holden (Battlefields, World of Tanks: Citadel) present the story of the men who crewed the Swordfish: from their triumphs against the Italian Fleet at Taranto and the mighty German battleship Bismarck in the Atlantic, to the deadly challenge of the Channel Dash in the bleak winter waters of their homeland. They lived as they flew, without a second to lose--and the greatest tributes to their courage would come from the enemy who strove to kill them. Based on the true story of the Royal Navy's Swordfish crews, The Stringbags is an epic tale of young men facing death in an aircraft almost out of time.

All His Engines

Into the valley of death rode the Reverend Jesse Custer, as his cross-country quest to confront God takes a stop in the untamed American west. Along for the ride are Tulip, his straight-shooting girlfriend, and Cassidy, the hard drinking Irish vampire.

The Stringbags

This companion to Undead in the West (Scarecrow 2012) explores the blending of the Western genre with zombies, vampires, mummies, ghosts, and spirits in comics, graphic novels, literature, games, new media, fandom and material culture.

War in the Sun

Disillusioned with his own beliefs, Jesse Custer, along with his girlfriend Tulip and their Irish vampire friend Cassidy, begins a violent and riotous journey across the country in search of God, who has abandoned heaven.

Undead in the West II

Top horror authors Garth Ennis and Jamie Delano tell tales of desperate survivors in a world overrun by psychopaths (think *The Walking Dead* meets *Texas Chainsaw Massacre*)! Two tales of terror from the most vicious landscape in modern horror, written by groundbreaking graphic novelists Garth Ennis and Jamie Delano! When the worldwide outbreak transforms most of humanity into murderous psychopaths, the uninfected survivors are driven by desperation to the very brink of sanity and morality. In the United Kingdom, a young man devastated by the traumatic death of his wife struggles to survive the roving bands of *Crossed* at his heels. Meanwhile, three small groups of survivors in the marshy Florida Everglades – haunted by personal demons, driven by primal fears and all-too-human desires – find themselves on a collision course guaranteed to leave bloody, fiery destruction in their wake...

Preacher: Until the end of the world

A highly original collection of essays, demonstrating how comic books can be used as primary sources in the teaching and understanding of American history.

Crossed Volume 4

Enter once more the world of Roland Deschain—and the world of the Dark Tower...now presented in a stunning graphic novel form that will unlock the doorways to terrifying secrets and bold storytelling as part of the dark fantasy masterwork and magnum opus from #1 New York Times bestselling author Stephen King. "The man in black fled across the desert, and the gunslinger followed." With these unforgettable words, millions of readers were introduced to Stephen King's iconic character Roland Deschain of Gilead. Roland is the last of his kind, a "gunslinger" charged with protecting whatever goodness and light remains in his world—a world that "moved on," as they say. In this desolate reality—a dangerous land filled with ancient technology and deadly magic, and yet one that mirrors our own in frightening ways—Roland is on a spellbinding and soul-shattering quest to locate and somehow save the mystical nexus of all worlds, all universes: the Dark Tower. Now, in the graphic novel series Stephen King's *The Dark Tower: Beginnings*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland's troubled past and coming-of-age is revealed. Sumptuously drawn by Jae Lee and Richard Isanove, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *Beginnings* is an extraordinary and terrifying journey into Roland's origins—ultimately serving as the perfect introduction for new readers to Stephen King's modern literary classic *The Dark Tower*, while giving longtime fans thrilling adventures merely hinted at in his blockbuster novels. Bringing the dramatic history of Roland into chronological order—as originally published in the novels *The Gunslinger* and *Wizard and Glass*—*The Gunslinger Born* begins with a reckless act of courage that gains Roland his first set of guns and earns him and his friends, Cuthbert Allgood and Alain Johns, a special mission to the town of Hambry...not only for their personal safety but on behalf of the Affiliation—an alliance resisting the ruinous advance of "the Good Man," a monster named John Farson. But the expedition will quickly become Roland's first experience of the evil forces that he will encounter again and again throughout his life, and in a myriad of guises. And he will also discover the overwhelming power and pain of true love, through which, more than anything, he will learn beyond a shadow of a doubt what things are worth killing for....

Contributions by Phil Bevin, Blair Davis, Marc DiPaolo, Michele Fazio, James Gifford, Kelly Kanayama, Orion Ussner Kidder, Christina M. Knopf, Kevin Michael Scott, Andrew Alan Smith, and Terrence R. Wandtke In comic books, superhero stories often depict working-class characters who struggle to make ends meet, lead fulfilling lives, and remain faithful to themselves and their own personal code of ethics. Working-Class Comic Book Heroes: Class Conflict and Populist Politics in Comics examines working-class superheroes and other protagonists who populate heroic narratives in serialized comic books. Essayists analyze and deconstruct these figures, viewing their roles as fictional stand-ins for real-world blue-collar characters. Informed by new working-class studies, the book also discusses how often working-class writers and artists created these characters. Notably Jack Kirby, a working-class Jewish artist, created several of the most recognizable working-class superheroes, including Captain America and the Thing. Contributors weigh industry histories and marketing concerns as well as the fan community's changing attitudes towards class signifiers in superhero adventures. The often financially strapped Spider-Man proves to be a touchstone figure in many of these essays. Grant Morrison's Superman, Marvel's Shamrock, Alan Moore and David Lloyd's V for Vendetta, and The Walking Dead receive thoughtful treatment. While there have been many scholarly works concerned with issues of race and gender in comics, this book stands as the first to deal explicitly with issues of class, cultural capital, and economics as its main themes.
