[The Arden edition of the works] ; The Arden edition of the works of William Shakespeare. Julius Caesar

John Wilders - literary advisor to the BBC TV Shakespeare series - brings thorough scholarship and a practical understanding of performance needs to this new edition. Clarity, accessibility and rigour are the hallmarks of an edition which will provide invaluable guidance for all its readers. "This edition has a very helpful introduction and good clear text, as well as the exceptionally excellent and detailed notes." Dr Michael Herbert, St Andrews University "a useful treatment of a complex play" Barry Gaines, University of New Mexico, Shakespeare Quarterly

The Tragedy of Julius Caesar

Program continued. "The Tragedy of Julius Caesar" by William Shakespeare. Franklyn Johnston, business manager, Edward Lewers, stage manager.

The Works of Shakespeare

A gem of a reference book covering everything you could possibly want to know about Shakespeare between two handsome covers. Entries are quite short and range from "What did Shakespeare look like?"

The Works of Shakespeare: Julius Caesar

Details the passionate love affair of Mark Antony and Cleopatra of Egypt against a background of political intrigue, and land and sea battles.

Julius Caesar

This volume explores the influences of Catholicism and Protestantism in a trio of Shakespeare's tragedies: Julius Caesar, Macbeth, and Hamlet. Bypassing the discussion of Shakespeare's personal religious beliefs, Batson instead focuses on distinct footprints left by Catholic and Protestant traditions that underlie and inform Shakespeare's artistic genius.

the tragedy of julius caesar

Who said "Neither a lender nor a borrower be"? Who are the star-crossed lovers? Which Shakespearean lady protests "too much"? If you have ever been stuck trying to identify a Shakespearean quote then this is the book for you! With over 3,000 quotes from single lines to quite long extracts, organized by topic and by play, this is an essential book for anyone with an interest in Shakespeare. The key word index makes it easy to use and it also includes a glossary of unfamiliar terms and a brief biography of Shakespeare. The Dictionary is easy to dip into by word or theme (love, greed, disease, war etc) or by play, and the indexes allow readers to track down a half-remembered quote easily. An ideal companion for all students, teachers or performers of Shakespeare, this Dictionary is a useful and entertaining reference work.

The Works of William Shakespeare

Critical investigation into the rubric of 'Shakespeare and the visual arts' has generally focused on the influence exerted by the works of Shakespeare on a number of artists, painters, and sculptors in the course of the centuries. Drawing on the poetics of intertextuality and profiting from the more recent concepts of cultural mobility and permeability between cultures in the early modern period, this volume's tripartite structure considers instead the relationship between Renaissance material arts, theatre, and emblems as an integrated and intermedial genre, explores the use and function of Italian visual culture in Shakespeare's oeuvre, and questions the appropriation of the arts in the production of the drama of Shakespeare and his contemporaries. By studying the intermediality between theatre and the visual arts, the volume extols drama as a hybrid genre, combining the figurative power of imagery with the plasticity of the acting process, and explains the tri-dimensional quality of the dramatic discourse in the verbal-visual interaction, the stagecraft of the performance, and the natural legacy of the iconographical topoi of painting's cognitive structures. This methodological approach opens up a new perspective in the intermedial construction of Shakespearean and early modern drama, extending the concept of theatrical intertextuality to the field of pictorial arts and their social-cultural resonance. An afterword written by an expert in the field, a rich bibliography of primary and secondary literature, and a detailed Index round off the volume.

Antony and Cleopatra

List of Illustrations -- Preface -- Acknowledgments -- Prologue. Waiting for the Shakespeare -- Chapter One. Men of the Mountains -- Interlude One. Cowboys -- Chapter Two. The Golden Age -- Interlude Two. Ciphers -- Chapter Three. Women's Roles -- Interlude Three. Anniversary Celebrations -- Chapter Four. Travelers and Settlers of the Theatre -- Interlude Four. The Margins -- Chapter Five. In the Schoolhouses -- Interlude Five. Artists -- Chapter Six. Freeing Shakespeare -- Epilogue. Saved by Shakespeare -- Notes -- Bibliography -- Index.

Julius Caesar

The author offers a reappraisal of Shakespeare's bloodiest tragedy, "Titus Andronicus". The text puts forward arguments regarding the date of the play, its sources and its early stage history.

... The Tragedy of Julius Caesar

This volume addresses the economy of the spectacular in and around Shakespeare's plays, both in early modern England and in late-twentieth/twenty-first-century adaptations and appropriations. Apart from addressing issues such as (im)plausibility, tours de force arousing amazement, and excess for the sake of entertainment, it raises the question of intentionality—what is behind the spectacular? Is there always a manipulative purpose? How far-reaching are the political and ideological stakes? The contributors to this volume investigate a broad spectrum of particular phenomena: the spectacular sound effects and pyrotechnics displayed for the opening of the Globe theatre with Julius Caesar on performance; George Gascoigne's lavish 1575 pageant commissioned by the Earl of Leicester for the

queen at Kenilworth (The Princely Pleasures); the relationship between the spectacular and scientific discoveries, as well as their dialectics of appropriation; the impact of Mannerist art on *The Winter's Tale*; Coriolanus' resistance to ostentation and political shows; the anti-spectacular counter-current running through *Timon of Athens*; Julia Pascal's innovative 2007 stage production of *The Merchant of Venice*; apocalyptic screen adaptations of turn-of-the-century Jacobean tragedies, and *Richard III*'s potential to be graphically interpreted in 2008 as political satire and as a *danse macabre*.

The Tragedy of Julius Cæsar

Newly available in paperback, this collection of essays, written by distinguished international scholars, focuses on the structural influence of Italian literature, culture and society at large on Shakespeare's dramatic canon. Exploring recent methodological trends coming from Anglo-American new historicism and cultural materialism and innovative analyses of intertextuality, the volume's four thematic sections deal with 'Theory and practice', 'Culture and tradition', 'Text and ideology' and 'Stage and spectacle'. In their own views and critical perspectives, the individual chapters throw fresh light on the dramatist's pliable technique of dramatic construction and break new ground in the field of influence studies and intertextuality as a whole. A rich bibliography of secondary literature and a detailed index round off the volume.

The Works of Shakespeare

Contains essays and studies by critics and cultural historians from both hemispheres. This title features essays on Shakespeare's tragedies in the context of early modern cultural history. It also includes reviews that consider studies of such historical issues as gender and literacy, sexual practices, and England's cultural encounters with Italy.

Julius Caesar

Contains a new, modern-spelling edition of the play, commentary and notes, and production photographs and related art.

The Tempest

Shakespearean Genealogies of Power proposes a new view on Shakespeare's involvement with the legal sphere: as a visible space between the spheres of politics and law and well able to negotiate legal and political, even constitutional concerns, Shakespeare's theatre opened up a new perspective on normativity. His plays reflect, even create, "history" in a new sense on the premises of the older conceptions of historical and legal exemplarity: examples, cases, and instances are to be reflected rather than treated as straightforwardly didactic or salvific. Thus, what comes to be recognized, reflected and acknowledged has a disowning, alienating effect, whose enduring aftermath rather than its theatrical immediacy counts and remains effective. In Shakespeare, the law gets hold of its normativity as the problematic efficacy of unsolved – or rarely ever completely solved – problems: on the stage of the theatre, the law has to cope with a mortgage of history rather than with its own success story. The exemplary interplay of critical cultural and legal theory in the twentieth-century – between Carl Schmitt and Hans Kelsen, Walter Benjamin and Ernst Kantorowicz, Hans Blumenberg and Giorgio Agamben, Robert Cover and Niklas Luhmann – found in Shakespeare's plays its speculative instruments.

The Arden Shakespeare Miscellany

This book explores traditional approaches to the play, which includes an examination of the play in light of current history, in the context of Renaissance England, and in relation to Shakespeare's other Roman plays as well as structural examination of plot, language, character, and source material. *Julius Caesar: Critical Essays* also examines the current debates concerning the play in Marxist, psychoanalytic, deconstructive, queer, and gender contexts.

Macbeth

The text of *Macbeth* is reproduced and, in addition, five sections of primary documents and illustrations are included to give students first hand knowledge of the historical and cultural context to the work. The primary documents are arranged thematically and include illustrations and facsimiles of period documents; excerpts from King James's writings on politics, witchcraft, and religion; contemporary writings on the nature of kingship and tyrannicide; Puritan and Catholic tracts; conduct book literature; and contemporary witchcraft pamphlets.

The Merchant of Venice

This edition of Shakespeare's *The Merchant of Venice* reprints the Bevington edition of the play accompanied by four sets of thematically arranged primary documents and illustrations designed to facilitate many different approaches to Shakespeare's play and the early modern culture out of which the play emerges. The texts include maps, woodcuts, sermons, statutes, early modern documents reflecting Christian attitudes toward Jews and Jewish reactions to these attitudes, excerpts from the bible on money lending as well as contemporary discourses on usury and commerce, excerpts from the first account of Jewish life written in the vernacular by a Jew for a Christian audience, anti-Catholic tracts, travel accounts, diplomatic reports, scenes from a morality play about the corrupting effects of money, royal proclamations concerning the treatment of aliens, conduct literature, and contemporary treatises on the role of women.

Manhood and Masculine Identity in William Shakespeare's *The Tragedy of Macbeth*

Maria Howell's, *Manhood and Masculine Identity in William Shakespeare's The Tragedy of Macbeth*, is an important and compelling scholarly work which seeks to examine the sixteenth century's greatest concern, echoed by Hamlet himself, "What is a man?" In an attempt to analyze the concept of manhood in *Macbeth*, Howell explores the contradictions and ambiguities that underlie heroic notions of masculinity dramatized throughout the play. From Lady Macbeth's capacity to control and destroy Macbeth's masculine identity, to Macbeth himself, who corrupts his military prowess to become a ruthless and murderous tyrant, Howell demonstrates that heroic notions of masculinity not only reinforce masculine power and authority, paradoxically, these ideals are also the source of man's disempowerment and destruction. Howell argues that in an attempt to attain a higher principle, the means (violence and destruction) and the ends (justice and peace) become fused and indistinguishable, so that those values that inform man's actions for good no longer provide moral clarity. Howell's poignant and timely analysis of manhood and masculine identity in Shakespeare's *Macbeth* will no doubt resonate with readers today.

Plato's Republic and Shakespeare's Rome

This study contends that Plato's theory of constitutional decline provides the philosophical core of Shakespeare's Roman works; that Lucrece, Coriolanus, Julius Caesar, and Antony and Cleopatra form a "Platonic" tetralogy collectively spanning the stages of timocracy, oligarchy, democracy, and tyranny; that this decline is prefigured and encapsulated in *Titus Andronicus*; and that all five works are oblique commentaries on England's political milieu. --book jacket.

The Two Gentlemen of Verona

William Carroll's engaging introduction focuses on the traditions and sources that stand behind the play and explores Shakespeare's unique and bold treatment of them.

Twelfth Night: A Critical Reader

Twelfth Night is the most mature and fully developed of Shakespeare's comedies and, as well as being one of his most popular plays, represents a crucial moment in the development of his art. Assembled

by leading scholars, this guide provides a comprehensive survey of major issues in the contemporary study of the play. Throughout the book chapters explore such issues as the play's critical reception from John Manningham's account of one of its first performances to major current commentators like Stephen Greenblatt; the performance history of the play, from Shakespeare's day to the present and key themes in current scholarship, from issues of gender and sexuality to the study of comedy and song. *Twelfth Night: A Critical Guide* also includes a complete guide to resources available on the play - including critical editions, online resources and an annotated bibliography - and how they might be used to aid both the teaching and study of Shakespeare's enduring comedy.

Shakespeare's Dialectic of Hope

Shakespeare was fascinated by power throughout his career but also understood its dangers and limits. Utopian visions were his solution.

Manhood and Masculine Identity in William Shakespeare's *The Tragedy of Macbeth*

What does it mean to say that poetry is dark? How does the presence of darkness give meaning to literary works? Such questions sit at the centre of this study of Lord Byron, a man who has been characterised as intrinsically dark by generations of scholars. This is the first book to offer a comprehensive survey of Byron's darkness, producing new and innovative readings of his poetry by exploring how darkness (both literal and figurative) helps to structure his work's ideological topography and facilitates the exchange of ideas between its different ideological systems. Canvassing a variety of issues relevant to a number of different manifestations of darkness, the study explores such diverse topics as the relationship between sublime aesthetics and the gendering of desire, the connection between darkness and Byron's Scottish nationalism and the influence of blackness on his engagement with the Orient. With such a broad focus in mind, it also engages with texts that represent Byron's oeuvre in its broadest sense, engaging not only with canonical texts such as *Manfred* and *Don Juan*, but also selections from Byron's juvenilia, the *Oriental Tales* and his letters and journals, as well as surveying the critical reviews that helped to influence the colour of his work and its later reception.

Dark Imaginings

This book is the first comprehensive analysis of the fascinating and strikingly diverse history of imagination in the context of theatre and drama. Key questions that the book explores are: How do spectators engage with the drama in performance, and how does the historical context influence the dramaturgy of imagination? In addition to offering a study of the cultural history and theory of imagination in a European context including its philosophical, physiological, cultural and political implications, the book examines the cultural enactment of imagination in the drama text and offers practical strategies for analyzing the aesthetic practice of imagination in drama texts. It covers the early modern to the late modernist period and includes three in-depth case studies: William Shakespeare's *Macbeth* (c.1606); Henrik Ibsen's *A Doll's House* (1879); and Eugène Ionesco's *The Killer* (1957).

The Theatre of Imagining

A tragedy that evokes both pity and terror—now in a thoroughly revised and updated Norton Critical Edition. The Norton Critical Edition is again based on the First Folio (1623), the only authoritative text of the play. The volume includes a revised introduction and new annotations and textual notes. The Second Edition also includes the innovative feature “The Actors’ Gallery,” which presents famous actors and actresses—among them David Garrick, Sarah Siddons, Ian McKellen, Hira Mikijirô, Patrick Stewart, and Kate Fleetwood—reflecting on their roles in major productions of *Macbeth* for stage and screen. “Sources and Contexts” provides readers with an understanding of *Macbeth*’s origins in earlier texts, specifically the works of the Roman playwright Seneca, the Tudor historian Raphael Holinshed, and the medieval drama *The Slaughter of the Innocents* and *The Death of Herod*. Contexts for the play include contemporary debates on predestination versus free will (Martin Luther versus Erasmus), witchcraft as fiction or fact (Reginald Scott versus King James I), the ethics of regicide (an Elizabethan homily versus Jan de Mariana, S.J.), and the ethics of equivocation (Henry Garnet, S.J., versus—new to the Second Edition—Sir Edward Coke). Eight carefully chosen essays represent four hundred years of critical and theatrical interpretation. Contributors include Simon Forman, Samuel Johnson, Samuel Taylor Coleridge, Thomas De Quincey, Harry Levin, Stephen Orgel, Peter Holland, and, presenting the latest arguments on the authorship controversy, Gary Taylor. Finally, an engaging new selection of *Macbeth*’s “Afterlives” includes excerpts from Giuseppe Verdi’s *Macbeth* and related letters, Eugene

Ionesco's *Macbett* (1972), Bill Cain's *Equivocation* (2009), and more. This edition also provides a list of online and print resources.

Macbeth (Second International Student Edition) (Norton Critical Editions)

"The tragedy of Macbeth is filled with blood and darkness, and is a morally and politically complex study of ambition, power and guilt. This guide offers practical aids to study and fresh new ways of responding to the play's ever-expanding critical possibilities" -- Back cover.

Macbeth

This volume offers a wealth of critical analysis, supported with ample historical and bibliographical information about one of Shakespeare's most enduringly popular and globally influential plays. Its eighteen new chapters represent a broad spectrum of current scholarly and interpretive approaches, from historicist criticism to performance theory to cultural studies. A substantial section addresses early modern themes, with attention to the protagonists and the discourses of politics, class, gender, the emotions, and the economy, along with discussions of significant 'minor' characters and less commonly examined textual passages. Further chapters scrutinize Macbeth's performance, adaptation and transformation across several media—stage, film, text, and hypertext—in cultural settings ranging from early nineteenth-century England to late twentieth-century China. The editor's extensive introduction surveys critical, theatrical, and cinematic interpretations from the late seventeenth century to the beginning of the twenty-first, while advancing a synthetic argument to explain the shifting relationship between two conflicting strains in the tragedy's reception. Written to a level that will be both accessible to advanced undergraduates and, at the same time, useful to post-graduates and specialists in the field, this book will greatly enhance any study of Macbeth. Contributors: Rebecca Lemon, Jonathan Baldo, Rebecca Ann Bach, Julie Barmazel, Abraham Stoll, Lois Feuer, Stephen Deng, Lisa Tomaszewski, Lynne Bruckner, Michael David Fox, James Wells, Laura Engel, Stephen Buhler, Bi-qi Beatrice Lei, Kim Fedderson and J. Michael Richardson, Bruno Lessard, Pamela Mason.

Macbeth

This teaching edition of Shakespeare's *Macbeth* reprints the Bevington edition of the play accompanied by six sets of primary documents and illustrations thematically arranged to offer a richly textured understanding of early modern culture and Shakespeare's work within that culture. The texts include facsimiles of period documents, excerpts from King James's writings on politics, contemporary writings on the nature of kingship and tyrannicide, Puritan and Catholic tracts, conduct book literature, and contemporary witchcraft pamphlets.

Macbeth

The central chapters of the book form a comprehensive cross-curricular unit of work on four specific plays -The Tempest, Macbeth, A Midsummer Night's Dream and Romeo and Juliet - providing background notes and historical facts linked to the plays, along with comprehensive schemes of work for immediate implementation and ideas for generating performance."--pub. desc.

A Practical Guide to Shakespeare for the Primary School

This addition to the Shakespeare on Screen series reveals the remarkable presence of Macbeth in the global Shakespearean screenscape. What is it about Macbeth that is capable of extending beyond Scottish contexts and speaking globally, locally and "glocally"? Does the extensive adaptive reframing of Macbeth suggest the paradoxical irrelevance of the original play? After examining the evident topic of the supernatural elements—the witches and the ghost—in the films, the essays move from a revisitation of the well-known American screen versions, to an analysis of more recent Anglophone productions and to world cinema (Asia, France, South Africa, India, Japan, etc.). Questions of lineage and progeny are broached, then extended into the wider issues of gender. Finally, ballet remediations, filmic appropriations, citations and mises-en-abyme of Macbeth are examined, and the book ends with an analysis of a Macbeth script that never reached the screen. Ce nouvel ouvrage de la série « Shakespeare à l'écran » révèle la présence remarquable de Macbeth dans le paysage filmique shakespearien à l'échelle mondiale. Comment expliquer qu'une pièce dont l'intrigue est ancrée dans une nation, l'Écosse, ait pu être absorbée par des cultures aussi diverses ? Les multiples adaptations de Macbeth suggèrent-elles, de manière paradoxale, une moindre pertinence de la pièce originelle ?

Après avoir exploré la représentation des éléments surnaturels (les sorcières et le fantôme), le volume revisite les films américains « canoniques », les productions anglophones plus récentes et les versions d'autres aires culturelles (Asie, France, Afrique du Sud, Inde, Japon, etc.) Les questions de lignée et de descendance sont abordées, puis prolongées dans des articles sur la représentation du genre. Les versions dansées, les appropriations, les citations et les mises en abyme de Macbeth sont ensuite analysées, et ce parcours mène à un étrange objet – un scénario non filmé.

Shakespeare on screen : Macbeth

Renaissance Poetry and Drama in Context is a stimulating refereed collection of new work dedicated to Emeritus Professor Christopher Wortham of The University of Western Australia. The essays provide a rich context for the interdisciplinary study of the English Renaissance, from its medieval antecedents to its modern afterlife on stage and screen. Their up-to-date engagement with many scholarly fields - art and iconography, cartography, cultural and social history, literature, politics, theatre, and film - will ensure that this book makes a valuable contribution to contemporary Renaissance studies, with a special interest for those researching and teaching English literature and drama. The nineteen contributors include distinguished Renaissance scholars such as Ann Blake, Graham Bradshaw, Alan Brissenden, Conal Condren, Joost Daalder, Heather Dubrow, Philippa Kelly, Anthony Miller, Kay Gililand Stevenson, Robert White, and Lawrence Wright. Work on Shakespeare forms the core of this coherent collection. There are also significant essays on Magnificence, Donne, Marlowe, A Yorkshire Tragedy, Jonson, Marvell, the Ferrars of Little Gidding, and female conduct literature. hardbound with dust jacket; xii+353 pp; 18 b/w illustrations.

Renaissance Poetry and Drama in Context

A collection of literary criticism focusing on Shakespeare's play Macbeth.

William Shakespeare's Macbeth

These essays in honour of Arun Kumar Das Gupta present a view of English literature and drama in a context of humane literary studies with a critical ambience harking back to the Renaissance. Ranging from an investigation into the modes and registers in Renaissance philosophic discourse, to comparative analyses of Shakespeare and Milton, this is a diverse and stimulating collection.

Renaissance Themes

This volume considers the linguistic complexities associated with Shakespeare's presence in South Africa from 1801 to early twentieth-first century televisual updatings of the texts as a means of exploring individual and collective forms of identity. A case study approach demonstrates how Shakespeare's texts are available for ideologically driven linguistic programs. Seeff introduces the African Theatre, Cape Town, in 1801, multilingual site of the first recorded performance of a Shakespeare play in Southern Africa where rival, amateur theatrical groups performed in turn, in English, Dutch, German, and French. Chapter 3 offers three vectors of a broadening Shakespeare diaspora in English, Afrikaans, and Setswana in the second half of the nineteenth century. Chapter 4 analyses André Brink's *Kinkels innie Kabel*, a transposition of Shakespeare's *The Comedy of Errors* into Kaaps, as a radical critique of apartheid's obsession with linguistic and ethnic purity. Chapter 5 investigates John Kani's performance of *Othello* as a Xhosa warrior chief with access to the ancient tradition of Xhosa storytellers. *Shakespeare in Mzansi*, a televisual miniseries uses black actors, vernacular languages, and local settings to Africanize Macbeth and reclaim a cross-cultural, multilingualism. An Afterword assesses the future of Shakespeare in a post-rainbow, decolonizing South Africa. Global Sha Any reader interested in Shakespeare Studies, global Shakespeare, Shakespeare in performance, Shakespeare and appropriation, Shakespeare and language, Literacy Studies, race, and South African cultural history will be drawn to this book.

South Africa's Shakespeare and the Drama of Language and Identity

Located at the intersection of new historicism and the 'new formalism', historical formalism is one of the most rapidly growing and important movements in early modern studies: taking seriously the theoretical issues raised by both history and form, it challenges the anti-formalist orthodoxies of new historicism and expands the scope of historicist criticism. *Shakespeare and Historical Formalism* is the first volume devoted exclusively to collecting and assessing work of this kind. With essays

on a broad range of Shakespeare's works and engaging topics from performance theory to the emergence of 'the literary' and from historiography to pedagogy, the volume demonstrates the value of historical formalism for Shakespeare studies and for literary criticism as a whole. *Shakespeare and Historical Formalism* begins with an introduction that describes the nature and potential of historical formalism and traces its roots in early modern literary theory and its troubled relationship with new historicism. The volume is then divided into two sections corresponding to the two chief objectives of historical formalism: a historically informed and politically astute formalism, and a historicist criticism revitalized by attention to issues of form. The first section, 'Historicizing Form', explores from a variety of perspectives the historical and political sources, meanings and functions of Shakespeare's dramatic forms. The second section, 'Re-Forming History', uses questions of form to rethink our understanding of historicism and of history itself, and in doing so challenges some of our fundamental literary-critical, pedagogical and epistemological assumptions. Concluding with suggestions for further reading on historical formalism and related work, *Shakespeare and Historical Formalism* invites scholars to rethink the familiar categories and principles of formal and historical criticism.

Shakespeare and Historical Formalism

Shakespeare's Nature offers a radically new interpretation of Shakespeare's depiction of nature, revealing the extent to which Shakespeare drew on the language of his wider environment for the exploration of his social worlds.

Shakespeare's Nature

Although scholars have long considered the material conditions surrounding the production of early modern drama, until now, no book-length examination has sought to explain what was worn on the period's stages and, more importantly, how articles of apparel were understood when seen by contemporary audiences. Robert Lublin's new study considers royal proclamations, religious writings, paintings, woodcuts, plays, historical accounts, sermons, and legal documents to investigate what Shakespearean actors actually wore in production and what cultural information those costumes conveyed. Four of the chapters of *Costuming the Shakespearean Stage* address 'categories of seeing': visually based semiotic systems according to which costumes constructed and conveyed information on the early modern stage. The four categories include gender, social station, nationality, and religion. The fifth chapter examines one play, Thomas Middleton's *A Game at Chess*, to show how costumes signified across the categories of seeing to establish a play's distinctive semiotics and visual aesthetic.

Costuming the Shakespearean Stage

Staging Power in Tudor and Stuart English History Plays examines the changing ideological conceptions of sovereignty and their on-stage representations in the public theaters during the Elizabethan and early Stuart periods (1580-1642). The study examines the way in which the early modern stage presented a critical dialogue concerning the nature of sovereignty through the lens of specifically English history, focusing in particular on the presentation and representation of monarchy. It presents the subgenre of the English history play as a specific reaction to the surrounding political context capable of engaging with and influencing popular and elite conceptions of monarchy and government. This project is the first of its kind to specifically situate the early modern debate on sovereignty within a 'popular culture' dramatic context; its purpose is not only to provide an historical timeline of English political theory pertaining to monarchy, but to situate the drama as a significant influence on the production and dissemination thereof during the Tudor and Stuart periods. Some of the plays considered here, notably those by Shakespeare and Marlowe, have been extensively and thoroughly studied. But others-such as *Edmund Ironside*, *Sir Thomas Wyatt*, and *King John* and *Matilda*-have not previously been the focus of much critical attention.

Shakespeare Quarterly

The essays in *Word and Self Estranged in English Texts, 1550-1660*, consider diverse historical contexts for writing about 'strangeness'. They draw on current practices of reading to present contrasts and analogies within and between various social understandings. In so doing they reveal an interplay of thematic and stylistic modes that tells us a great deal about how, and why, certain aspects of life and thinking were 'estranged' in sixteenth and seventeenth century thinking. The collection's unique strength is that it makes specific bridges between contemporary perspectives and early modern connotations of strangeness and inhibition. The subjects of these essays are 'strange' to our ways of

thinking because of their obvious distance from us in time and culture. And yet, curiously, far from being entirely alien to these texts, some of the most modern thinking-about paradigms, texts, concepts-connects with the early modern in unexpected ways. Milton meets the contemporary 'competent reader', Wittgenstein meets Robert Cawdrey, Shakespeare embraces the teenager, and Marvell matches wits with French mathematician René Thom. Additionally, the early modern texts posit their own 'others', or sites of estrangement-Moorishness, Persian art, even the human body-with which they perform their own astonishing maneuvers of estrangement and alignment. In reading Renaissance works from our own time and inviting them to reflect upon our own time, *Word and Self Estranged in English Texts, 1550-1660* offers a vital reinterpretation of early modern texts.

Staging Power in Tudor and Stuart English History Plays

Who during the Renaissance could have dissented from the values of reason and restraint, patience and humility, rejection of the worldly and the physical? These widely articulated values were part of the inherited Christian tradition and were reinforced by key elements in the Renaissance, especially the revival of Stoicism and Platonism. This book is devoted to those who did dissent from them. Richard Strier reveals that many long-recognized major texts did question the most traditional values and uncovers a Renaissance far more bumptious and affirmative than much recent scholarship has allowed. *The Unrepentant Renaissance* counters the prevalent view of the period as dominated by the regulation of bodies and passions, aiming to reclaim the Renaissance as an era happily churning with surprising, worldly, and self-assertive energies. Reviving the perspective of Jacob Burckhardt and Nietzsche, Strier provides fresh and uninhibited readings of texts by Petrarch, More, Shakespeare, Ignatius Loyola, Montaigne, Descartes, and Milton. Strier's lively argument will stir debate throughout the field of Renaissance studies.

Word and Self Estranged in English Texts, 1550–1660

Providing a fresh examination of the relationship between literary and legal communities, *Communal Justice in Shakespeare's England* examines the literature of the communal justice in early modern England.

The Unrepentant Renaissance

Lucretius and Shakespeare on the Nature of Things maps large, new vistas for understanding the relationship between *De rerum natura* and Shakespeare's works. In chapters on six important plays across the canon (*King Lear*, *Macbeth*, *Hamlet*, *The Merchant of Venice*, *The Tempest*, and *A Midsummer Night's Dream*), it demonstrates that Shakespeare articulates his erotics of being, his "great creating nature" (*The Winter's Tale*), by drawing on imagery he learned from Ovid and other classical poets, but especially from Lucretius, in his powerful epic that celebrates Venus and her endless creativity. Responding to Lucretius's widely admired Latinity in his exposition of the life of man in nature, Shakespeare emerges as an early modern materialist who writes poetry that is effectively "atomic," marked (as we might say today) by fission (hendiadys, for example) and fusion (synoeciosis, for example), joining and splitting, splitting and joining language and character as no other poet has ever done – To give away yourself keeps yourself still; My grave is like to be my wedding bed; I begin/To doubt the equivocation of the fiend/That lies like truth. Readers of Shoaf's book will encounter anew, through both fresh evidence and close reading, Shakespeare's universally acknowledged commitment to the art of nature and the nature of art. With Lucretius's poetry as inspiration, Shakespeare becomes the poet of the material, both in art and in nature, immensely creative with his *dædala lingua* like *dædala natura* – his wonder-crafting tongue like wonder-working nature.

Communal Justice in Shakespeare's England

The debate over the true author of the Shakespeare canon has raged for centuries. Astonishingly little evidence supports the traditional belief that Will Shakespeare, the actor and businessman from Stratford-upon-Avon, was the author. Legendary figures such as Mark Twain, Walt Whitman and Sigmund Freud have all expressed grave doubts that an uneducated man who apparently owned no books and never left England wrote plays and poems that consistently reflect a learned and well-traveled insider's perspective on royal courts and the ancient feudal nobility. Recent scholarship has turned to Edward de Vere, 17th Earl of Oxford-an Elizabethan court playwright known to have written in secret and who had ample means, motive and opportunity to in fact have assumed the "Shakespeare" disguise. *"Shakespeare" by Another Name* is the literary biography of Edward de Vere as "Shakespeare." This

groundbreaking book tells the story of de Vere's action-packed life-as Renaissance man, spendthrift, courtier, wit, student, scoundrel, patron, military adventurer, and, above all, prolific ghostwriter-finding in it the background material for all of The Bard's works. Biographer Mark Anderson incorporates a wealth of new evidence, including de Vere's personal copy of the Bible (in which de Vere underlines scores of passages that are also prominent Shakespearean biblical references).

Lucretius and Shakespeare on the Nature of Things

Leading scholars in the field analyze Shakespeare's plays to show how their dramatic content shapes issues debated in conflicts arising from the creation and application of law. Individual essays focus on such topics such as slander, revenge, and royal prerogative; these studies reveal the problems confronting early modern English men and women.

Shakespeare by Another Name

The essays in this book examine the ideology of motherhood in British and American literature from the 16th to the 21st centuries. This book looks at the institution of motherhood, that is, at various cultural interpretations and manipulations of maternity. Presenting mothers whose roles are often empowering yet confining, these essays scrutinize three distinct aspects of motherhood: its social and cultural construction; the significance of maternal absence; and, finally, its representation as an agent of social change. Literary works examined include William Shakespeare's *Venus and Adonis*; Daniel Defoe's *Roxana*; John Steinbeck's *The Grapes of Wrath*; Faulkner's *The Sound and the Fury*; Charles Dickens' *Dombey and Son*; Harriet Jacobs' *Incidents in the Life of a Slave Girl*; Dorothy Leigh's *The Mother's Blessing*; and W.S. Penn's *Killing Time with Strangers*, among others.

The Law in Shakespeare

This book is a cultural exploration of health and wellness, with a focus on impacts of Covid-19 on the population of India. The chapters in this book present original research, systematic reviews, theoretical and conceptual frameworks, encompassing multidisciplinary, inter- and intra-disciplinary fields of study, in the context of how culture and disease sufficiently unpack and inform each other. The book includes contributions from the social sciences and the humanities and analyses issues that range from smallpox to the history of vaccine, indigenous healing practices, the Macbeth paradigm, Zizekian encounters, mental asylum, and marginalised genders. Using the theme of intellectual interconnectedness in the times of self-isolation and social distancing, the book is a collaboration of critical thinkers who identify and visibilize the hidden global issues related to 'disease' and 'health' that have divided the world into narrow binaries – individual/society, poor/rich, proletariat/bourgeoisie, margin/centre, colonised/coloniser, servitude/liberty, powerless/powerful. By doing so, the book emphasises the potential of holistic wellness to improve human life and humanity across the globe. A novel contribution on the cultural factors that played an important role in contemporary times of Covid-19, this book will be of interest to researchers in the fields of Cultural Studies, Health and Society and South Asian Studies.

The Literary Mother

This collection models an approach to Shakespeare and cinema that is concerned with the other side of Shakespeare's Hollywood celebrity, taking the reader on a practical and theoretical tour through important, non-mainstream films and the oppositional messages they convey. The collection includes essays on early silent adaptations of 'Hamlet', Greenway's 'Prospero's Books', Godard's 'King Lear', Hall's 'A Midsummer Night's Dream', Taymor's 'Titus', Polanski's 'Macbeth', Welles 'Chimes at Midnight', and Van Sant's 'My Own Private Idaho'.

ADE Bulletin

Literature provides us with otherwise unavailable insights into the ways emotions are produced, experienced and enacted in human social life. It is particularly valuable because it deepens our comprehension of the mutual relations between emotional response and ethical judgment. These are the central claims of Hogan's study, which carefully examines a range of highly esteemed literary works in the context of current neurobiological, psychological, sociological and other empirical research. In this work, he explains the value of literary study for a cognitive science of emotion and outlines the emotional organization of the human mind. He explores the emotions of romantic love, grief, mirth, guilt, shame, jealousy, attachment, compassion and pity - in each case drawing on one work by Shakespeare

and one or more works by writers from different historical periods or different cultural backgrounds, such as the eleventh-century Chinese poet Li Ch'ing-Chao and the contemporary Nigerian playwright Wole Soyinka.

Covid-19 in India, Disease, Health and Culture

This edited collection of twelve essays from an international range of contemporary Shakespeare scholars explores the supernatural in Shakespeare from a variety of perspectives and approaches.

The Reel Shakespeare

This study explores the structure & theatricality of Macbeth; addresses the way that it was constructed as a work by its publication in the 1623 'Folio of Shakespeare's Works'; examines the relationship between that work & the history of its creation & reception; & analyses the role of the work in the imagined life of Shakespeare.

What Literature Teaches Us about Emotion

Catastrophes and crises are exceptions. They are disruptions of order. In various ways and to different degrees, they change and subvert what we regard as normal. They may occur on a personal level in the form of traumatic or stressful situations, on a social level in the form of unstable political, financial or religious situations, or on a global level in the form of environmental states of emergency. The main assumption in this book is that, in contrast to the directness of any given catastrophe and its obvious physical, economical and psychological consequences our understanding of catastrophes and crises is shaped by our cultural imagination. No matter in which eruptive and traumatizing form we encounter them, our collective repertoire of symbolic forms, historical sensibilities, modes of representation, and patterns of imagination determine how we identify, analyze and deal with catastrophes and crises. This book presents a series of articles investigating how we address and interpret catastrophes and crises in film, literature, art and theory, ranging from Voltaire's eighteenth-century Europe, haunted by revolutions and earthquakes, to the 1994 genocide in Rwanda to the bleak, prophetic landscapes of Cormac McCarthy.

Shakespeare and the supernatural

Part of The New Penguin Shakespeare series, this text looks at Macbeth with an introduction, a list of further reading, commentary and a short account of the textual problems of the play. The series is used and recommended by the Royal Shakespeare Company.

Amleto. Testo inglese a fronte. Ediz. integrale

Cura e traduzione di Guido BullaEdizione integrale con testo inglese a fronteOpera di alta poesia e immensa forza teatrale, il Re Lear nasce nella massima fase creativa di Shakespeare, situandosi quasi certamente fra Otello e Macbeth. Partendo dalla dimensione favolistica e folclorica della spartizione del regno a opera del vecchio sovrano, il dramma ci trascina per gradi nel cuore di una spietata riflessione sui rapporti familiari, sulla crudeltà della lotta per il potere, sugli istinti predatori mai sopiti nell'uomo, fino a raggiungere, dopo un'immersione nel baratro della follia, una sanguinosa e ambigua rigenerazione. È significativo che questa tragedia, manifestando un'allarmante "modernità", abbia trovato interpreti sensibili ed efficaci nei maggiori registi teatrali e cinematografici del Novecento.«Noi ci faremo carico dei misteri del mondoCome fossimo spie per conto degli dèi.E sopravviveremo, pur tra i muriDi una prigione, ai branchi e alle fazioni dei potenti,Guardandoli fluire e rifluireCome onde di marea sotto la luna.»William Shakespearenacque a Stratford on Avon nel 1564. Nel 1592 era già conosciuto come autore di teatro e fra il 1594 e il 1595 vennero rappresentati almeno quattro suoi drammi. Fece parte dell'importante compagnia del Lord Ciambellano, che godette di ininterrotto favore a Corte prendendo sotto Giacomo I il nome di King's Men. Morì a Stratford nel 1616. La Newton Compton ha pubblicato in questa collana le opere di Shakespeare in volumi singoli, e nella collana "I Mammut" il volume unico Tutto il teatro e le raccolte Le commedie e Le grandi tragedie.

Re Lear

Traduzione di Luigi Squarzina Edizione integrale con testo inglese a fronte Amleto, universalmente noto come uno degli esiti più felici dello straordinario talento di Shakespeare, è sicuramente il dramma che vanta il maggior numero di rappresentazioni teatrali e di trasposizioni cinematografiche. Amleto, il principe danese tormentato dai più contrastanti sentimenti e paralizzato dalle mille esitazioni che gli impediscono di agire risolutamente per vendicare il padre ucciso, da una parte condensa, nella sua enigmatica ma assai eloquente inazione, tutta la crisi spirituale di un'epoca che volge al termine; dall'altra è simbolo, con le sue intime, personalissime ragioni, dell'uomo eternamente in lotta con le

antinomie della morale e con la necessità di scegliere ogni giorno il proprio agire. «Se questa troppo, troppo solida carne potesse fondere, evaporare, ricadere in rugiada! Se l'Eterno contro il suicidio non avesse eretto la sua legge! Dio! Mio Dio! Come tedioso, vuoto, stantio, sterile, mi è il mondo con tutti i suoi usi.» William Shakespeare nacque a Stratford on Avon nel 1564. Nel 1592 era già conosciuto come autore di teatro e fra il 1594 e il 1595 vennero rappresentati almeno quattro suoi drammi. Fece parte dell'importante compagnia del Lord Ciambellano, che godette di ininterrotto favore a Corte prendendo sotto Giacomo I il nome di King's Men. Morì a Stratford nel 1616. La Newton Compton ha pubblicato le opere di Shakespeare in volumi singoli e nel volume unico Tutto il teatro.

Amleto

The Tragedy of Hamlet, Prince of Denmark, often shortened to Hamlet, is a tragedy written by William Shakespeare sometime between 1599 and 1601. It is Shakespeare's longest play, with 29,551 words. Set in Denmark, the play depicts Prince Hamlet and his revenge against his uncle, Claudius, who has murdered Hamlet's father in order to seize his throne and marry Hamlet's mother. Hamlet is considered among the most powerful and influential works of world literature, with a story capable of "seemingly endless retelling and adaptation by others". It was one of Shakespeare's most popular works during his lifetime and still ranks among his most performed, topping the performance list of the Royal Shakespeare Company and its predecessors in Stratford-upon-Avon since 1879. It has inspired many other writers—from Johann Wolfgang von Goethe and Charles Dickens to James Joyce and Iris Murdoch—and has been described as "the world's most filmed story after Cinderella". The story of Shakespeare's Hamlet was derived from the legend of Amleth, preserved by 13th-century chronicler Saxo Grammaticus in his *Gesta Danorum*, as subsequently retold by the 16th-century scholar François de Belleforest. Shakespeare may also have drawn on an earlier Elizabethan play known today as the *Ur-Hamlet*, though some scholars believe Shakespeare wrote the *Ur-Hamlet*, later revising it to create the version of Hamlet that exists today. He almost certainly wrote his version of the title role for his fellow actor, Richard Burbage, the leading tragedian of Shakespeare's time. In the 400 years since its inception, the role has been performed by numerous highly acclaimed actors in each successive century.

Amleto. Testo inglese a fronte

"Something is rotten in the state of Denmark." Brooding Hamlet, the son of the recently deceased king, is about to discover the royal family's corruption firsthand. Taken by the castle watchman to meet the apparition they see at night, Hamlet is surprised to find it is his father's ghost. Hamlet seeks to avenge his father's dishonorable death, but the casualties along the way may prove to be just as tragic. Enter William Shakespeare's famous world of betrayal, madness, and "murder most foul" through this unabridged version of Hamlet, Prince of Denmark, first published in England in 1603.

Shakespeare's Tragedy of Hamlet

THE TRAGEDY OF HAMLET, PRINCE OF DENMARK, OFTEN SHORTENED TO HAMLET, IS A TRAGEDY WRITTEN BY WILLIAM SHAKESPEARE. Set in Denmark, the play dramatises the revenge Prince Hamlet is called to wreak upon his uncle, Claudius, by the ghost of Hamlet's father, King Hamlet. Claudius had murdered his own brother and seized the throne, also marrying his deceased brother's widow. It has inspired many other writers - from Johann Wolfgang von Goethe and Charles Dickens to James Joyce and Iris Murdoch - and has been described as "the world's most filmed story after Cinderella". The story of Shakespeare's Hamlet was derived from the legend of Amleth, preserved by 13th-century chronicler Saxo Grammaticus in his *Gesta Danorum*, as subsequently retold by the 16th-century scholar François de Belleforest.

Shakespeare's Tragedy of Hamlet edited by Karl Elze

The Tragedy of Hamlet, Prince of Denmark, often shortened to Hamlet is a tragedy written by William Shakespeare at an uncertain date between 1599 and 1602. Set in the Kingdom of Denmark, the play dramatises the revenge Prince Hamlet is called to wreak upon his uncle, Claudius, by the ghost of Hamlet's father, King Hamlet. Claudius had murdered his own brother and seized the throne, also marrying his deceased brother's widow. Hamlet is Shakespeare's longest play, and is ranked among the most powerful and influential tragedies in English literature, with a story capable of "seemingly endless retelling and adaptation by others." The play likely was one of Shakespeare's most popular works during his lifetime, and still ranks among his most performed, topping the performance list of the Royal Shakespeare Company and its predecessors in Stratford-upon-Avon since 1879. It has inspired many other writers - from Johann Wolfgang von Goethe and Charles Dickens to James Joyce and Iris Murdoch - and has been described as "the world's most filmed story after Cinderella."

The Tragedy of Hamlet, Prince of Denmark

The Tragedy of Hamlet, Prince of Denmark, often shortened to Hamlet is a tragedy written by William Shakespeare at an uncertain date between 1599 and 1602. Set in the Kingdom of Denmark, the play dramatises the revenge Prince Hamlet is called to wreak upon his uncle, Claudius, by the ghost of Hamlet's father, King Hamlet. Claudius had murdered his own brother and seized the throne, also marrying his deceased brother's widow. Hamlet is Shakespeare's longest play, and is ranked among the most powerful and influential tragedies in English literature, with a story capable of "seemingly endless retelling and adaptation by others." The play likely was one of Shakespeare's most popular works during his lifetime, and still ranks among his most performed, topping the performance list of the Royal Shakespeare Company and its predecessors in Stratford-upon-Avon since 1879. It has inspired many other writers - from Johann Wolfgang von Goethe and Charles Dickens to James Joyce and Iris Murdoch - and has been described as "the world's most filmed story after Cinderella."

It has inspired many other writers - from Johann Wolfgang von Goethe and Charles Dickens to James

The Tragedy of Hamlet

"The First Folio of 1623 is the definitive edition of Shakespeare's plays. It is more often than not the closest we can now get to what Shakespeare actually wrote. But the Folio's antiquated typography and cramped layout make it remote and inaccessible to modern eyes. The Shakespeare Folios on the other hand offer easy access directly to the First Folio by presenting the text in modern type but otherwise unchanged. All the First Folio's idiosyncrasies of layout and spelling, even its obvious errors, have been scrupulously left intact, but the text suddenly becomes as easily legible as the script of any modern play." "As an additional aid to understanding, readers will find, printed opposite each page of the Folio, the very same passage in a modern edition. So, whenever the Folio presents a problem, the reader can refer to this parallel text for a solution, either in the text itself or in the set of notes at the end of the book. These notes draw on the long tradition of Shakespearean scholarship and include full reference to surviving Quarto texts."--BOOK JACKET.
