Tyrant or Superstar? | The Life & Times of Nero - Tyrant or Superstar? | The Life & Times of Nero by Jack Rackam 458,524 views 5 years ago 6 minutes, 2 seconds - Watch your backs and the water in your wine, our road has led us back to Rome! **Nero**, Claudius **Caesar**, often gets a bad rap as ... She was actually his first cousin once removed, but who's counting?

Specifically Claudius' wife Messalina accused him of having an affair with Julia Livilla, Claudius' other sister, but my Roman history professor phrased it as "Caligula's sisters" so I went with it. In any case, the accusations are somewhat dubious.

According to Tacitus she made it back to her own country home, though he also describes a bunch of onlookers at the beach. It probably makes more sense than I suggest it does and I just didn't follow along properly.

Basically there were a bunch of people temporarily adopting children to win political offices and then immediately un-adopting them. This was actually later in Nero's reign, but serves the point that he wasn't all bad.

Some of his other benevolent acts include de-escalating police presence in the city of Rome, fighting gubernatorial abuse, and a decreased focus on conquest.

Actually, this was done mostly by preventing people from tapping out too much water from aqueducts before it reached the city, but that's harder to convey in a single image over two seconds.

In fact, he wasn't even in Rome when the fire happened, but in Antium (today Anzio).

In addition to the other things mentioned, he was a fanatic musician and charioteer. In the Olympics, he won a chariot race despite being thrown out of the chariot and never finishing. The judge's reasoning? If he had finished, he would have placed first.

Caligula might not have done this, or if he did, it could have been satirical. However, it is safe to say that Nero didn't appoint any equine senators.

I think I'm remembering Piso's ancestry from my Roman history class, but haven't been able to find sources to back this up. If you've got any, I'd love to see them.

You might notice some faces in here whose deaths weren't mentioned. Poppaea Sabina, Nero's second wife, was stomped in the uterus while carrying Nero's child. Corbulo became too popular for his own good and his son-in-law had already tried to overthrow the emperor.

Before Nero decided he needed someone else to kill him, he tried to bolster his confidence by making another freedman kill himself as an example.

Some people thought he'd faked his death, but after that there was a rumor he'd be reborn. On a few occasions, people actually claimed to be his reincarnation in order to lead rebellions.

Roman Emperors

The Julio-Claudian Dynasty

The third wife of the Roman emperor Claudius notorious for licentious behaviour and instigating murderous court intrigues.

They had two children Octavia (later Nero's wife) and Britannicus.

Most members of the Julio-claudian family are described as having light brown or blond hair and fair complexion.

Claudius (10 BC - 54 AD)

When Caligula was assassinated, on 24 January 41 by the Praetorian Guard and several senators

Agrippina the Younger (6 November 15 - 23 March 59 AD)

Later known as Emperor Nero

Upon hearing the news of Messalina's execution Emperor Claudius did not react and simply asked for another chalice of wine.

Landownership in Roman Thracia and Moesia, 1st-3rd Century

A Companion to Ancient Thrace presents a series of essays that reveal the newly recognized complexity of the social and cultural phenomena of the peoples inhabiting the Balkan periphery of the Classical world. • Features a rich and detailed overview of Thracian history from the Early Iron Age to Late Antiquity • Includes contributions from leading scholars in the archaeology, art history, and general history of Thrace • Balances consideration of material evidence relating to Ancient Thrace with more traditional literary sources • Integrates a study of Thrace within a broad context that includes the cultures of the eastern Mediterranean, southwest Asia, and southeast Europe/Eurasia • Reflects the impact of new theoretical approaches to economy, ethnicity, and cross-cultural interaction and hybridity in Ancient Thrace

A Companion to Ancient Thrace

A collection of 21 papers written by Keppie during the last 30 years which reflect his interests in the settlement of Veterans in Italy during the Augustan period and in the legions of Roman Britain. The essays, based on a detailed scrutiny of the abundant epigraphic evidence, examine the changing role of the legions during the transformation from Republic to Empire, imperial legions in Britain and the East and the evidence for veteran colonies. Each paper, all but three previously published, retains its original format.

The Cambridge Ancient History

Figuring in myth, religion, law, the military, commerce, and transportation, rivers were at the heart of Rome's increasing exploitation of the environment of the Mediterranean world. In *Rivers and the Power of Ancient Rome*, Brian Campbell explores the role and influence of rivers and their surrounding landscape on the society and culture of the Roman Empire. Examining artistic representations of rivers, related architecture, and the work of ancient geographers and topographers, as well as writers who describe rivers, Campbell reveals how Romans defined the geographical areas they conquered and how geography and natural surroundings related to their society and activities. In addition, he illuminates the prominence and value of rivers in the control and expansion of the Roman Empire--through the legal regulation of riverine activities, the exploitation of rivers in military tactics, and the use of rivers as routes of communication and movement. Campbell shows how a technological understanding of--and even mastery over--the forces of the river helped Rome rise to its central place in the ancient world.

Legions and Veterans

L'Annuario della Scuola Archeologica di Atene e delle Missioni Italiane in Oriente è pubblicato dal 1914. Presenta articoli originali e di sintesi sull'arte, l'archeologia, l'architettura, la topografia, la storia, le religioni, l'antropologia del mondo antico, l'epigrafia e il diritto. L'interesse è rivolto alla Grecia e alle aree della grecità attraverso il tempo, dalla preistoria all'età bizantina e oltre, nonché alle interazioni con l'Oriente, l'Africa e l'Europa continentale. L'Annuario è composto da tre sezioni: Saggi, Scavi e Ricerche e Atti della Scuola 2021, a cura di Emanuele Papi. Gli articoli vengono approvati dal Comitato Editoriale e da due valutatori anonimi. I contributi sono pubblicati in una delle seguenti lingue: italiano, greco, inglese, francese, con riassunti in italiano, greco e inglese.

Rivers and the Power of Ancient Rome

Excavations at the Roman legionary base at Novae in Lower Moesia reveal one of the most important sites in the Lower Danubian provinces. Towards late Antiquity, the military camp was transformed into a civil town with Episcopal residence and survived until the beginning of the 7th century.

Annuario della Scuola Archeologica di Atene e delle Missioni Italiane in Oriente, Volume 99, 2021 – Tomo I

A conference held under the auspices of the Department of Antiquities of the Hashemite Kingdom of Jordan, The Council for British Research in the Levant and the Department of Archaeology at the University of Liverpool Edited by Philip Freeman, Julian Bennett, Zbigniew T. Fiema and Birgitta Hoffmann The much-anticipated, two-volume proceedings of the 18th International Congress of Roman Frontier Studies held in Amman, Jordan (September 2000). The 100 papers published here represent approximately two-thirds of the presentations made at this important event. The 'limits' of the discussions encompass (Volume I): 'General Themes', 'The Eastern Frontier', 'Rome and Parthia', 'The Anatolian Provinces and the Black Sea Region', 'North Africa', 'The Germanies', 'Early Roman Germany', (Volume II) 'The Danubian and Balkan Provinces', 'Dacia', 'The Spains', 'Britain', 'The Roman Army', 'Roman Fortifications', 'Fleets and Frontiers', and 'Documents and Archives'.

Zhiva antika

This collection of 37 international papers results from a conference held in Svistov, Bulgaria, in 1998. All of the papers present the archaeology and history of the Limes, or the military border of the Roman Empire, in Bulgaria, Romania, Serbia, Poland, Germany and the Ukraine, as it existed during the later years of the empire. Subjects include, amongst many others: the Tetrarchic building activity at the Lower Danube; bridges in Late Antiquity; trade and payment; temple complexes, palaces and artefacts from Lower Moesia, the Iatrs fort and its amphorae and inscriptions; Late Antique tombs at Silistria; cults, paganism and Christianity along the Danube. Papers are in German, English or French.

Inter Moesos et Thraces

A series of seven lectures, presented at the Wincklemann-Institut der Humboldt-Universität in Berlin in 1998 and 1999, which explore the nature and extent of the Romanisation of Britain, France and Germany. Subjects include monumental and urban architecture, funerary stelae from Moesia Inferior, chariot statues in Dacia and a summary report of the 1998 and 1999 seasons of the Apulum Project. Four English, two German and one French paper.

SEG

Die Geschichte des Alpen-Donau-Adria-Raumes vom Beginn der römischen Herrschaft bis zum Ende der Karolingerzeit steht im Mittelpunkt des interdisziplinären Forschungsschwerpunkts "Region im Umbruch" der Universitäten Graz, Passau und Regensburg. Im Fokus dieses Bandes steht die Erforschung der Geschichte des oberen Donauraumes in römischer Zeit, wobei die Analyse der Region bewusst in einen größeren geographischen und historischen Kontext eingebettet wird. So sind Erkenntnisse zur Entwicklung der Städte und Reichsgrenzen an der unteren Donau ebenso relevant wie eine Analyse der Siedlungsstrukturen Römischer Veteranen in anderen Regionen des Reiches. Der Bericht über ein experimental-archäologisches Projekt zur Ausrüstung des exercitus Romanus rundet den Band ab.

Archaeologia Bulgarica

Mit diesem Buch liegt zum ersten Mal eine neu verfaßte strukturelle Darstellung der Geschichte des römischen Reiches in deutscher Sprache vor. Nicht nur für den Althistoriker ist dieses Buch unentbehrlich: Auch der Philologe, den der mentalitätsgeschichtliche Hintergrund der augusteischen Dichtung interessiert, wird es nicht missen wollen. Befaßt sich der Band I mit den Strukturen im Sinne von Staatsreich, Religion, Heerwesen, Verwaltung der Provinzen, Gesellschaft und Wirtschaft in Rom und den Provinzen, so widmet sich der Band II den Regionen des Reiches.

Thrace and the Aegean

Das vorliegende Handbuch vermittelt ein facettenreiches Bild Bulgariens und gewährt sowohl historische als auch aktuelle Einblicke in diese Region Südosteuropas. In rund 20 Beiträgen beleuchten renommierte Bulgarienkenner die Kulturgeschichte des Landes in einer großen Bandbreite. Die

landeskundlichen Betrachtungen werden vertieft durch Beiträge zur Herausbildung und Entwicklung der bulgarischen Sprache, der Vielfalt der Religionen, der typischen Architektur, der traditionsreichen Folklore, der Literatur und der Theaterkunst. Aber auch die Entwicklung des bulgarischen Rechts und der bulgarischen Verfassung werden betrachtet.

Römische Städte und Festungen an der Donau

Die römische Sozialgeschichte gehört zu den Gebieten, die in den letzten Jahren unter den Wissenschaften vom klassischen Altertum am meisten expandiert sind; ihr wurde eine Fülle neuer Themenbereiche erschlossen. Die Bibliographie dokumentiert den Forschungsstand zur römischen Sozialgeschichte in all ihren Bereichen, von der frühen Republik bis hin zur Spätantike, wobei in großem Umfang auch die Literatur zu den Rand- und Grenzbereichen (u.a. Wirtschafts-, Verwaltungs-, Rechts- und Religionsgeschichte) berücksichtigt wird. Die Bibliographie (mit insgesamt rund 16000 Titeln) ist damit ein unentbehrliches Hilfsmittel für jeden, der sich mit der römischen Geschichte beschäftigt. "I imagine that most classical scholars already know that this Heidelberg bibliography is an indispensable tool for a vast range of ancient studies; a most welcome publication." Arctos. (Franz Steiner 1998)

Limes XVIII: Neue Forschungsergebnisse zu Truppenlagern und ländlichen Siedlungen an der Donau und im rätischen Liesgebiet

Presenting a new and revealing overview of the ruling classes of the Roman Empire, this volume explores aspects of the relations between the official state structures of Rome and local provincial elites. The central objective of the volume is to present as complex a picture as possible of the provincial leaderships and their many and varied responses to the official state structures. The perspectives from which issues are approached by the contributors are as multiple as the realities of the Roman world: from historical and epigraphic studies to research of philological and linguistic interpretations, and from architectural analyses to direct interpretations of the material culture. While some local potentates took pride in their relationship with Rome and their use of Latin, exhibiting their allegiances publicly as well as privately, others preferred to keep this display solely for public manifestation. These complex and complementary pieces of research provide an in-depth image of the power mechanisms within the Roman state. The chronological span of the volume is from Rome's Republican conquest of Greece to the changing world of the fourth and fifth centuries AD, when a new ecclesiastical elite began to emerge.

Der Limes an der unteren Donau von Diokletian bis Heraklios

Over the past few decades, there has been a significant amount of research on the Roman Lower Danube frontier by international teams focusing on individual forts or broader landscape survey work; collectively, this volume represents the best of this collaboration with the aim of elevating the Lower Danube within broader Roman frontier scholarship.

BAR International Series

This is the first fully comprehensive study of the auxilia, a non-citizen force which constituted more than half of Rome's celebrated armies. Diverse in origins, character, and culture, they played an essential role in building the empire, sustaining the unequal peace celebrated as the pax Romana, and enacting the emperor's writ.

Appian and Illyricum

Acta 46 comprises 64 articles. Out of the 120 scheduled lectures and posters presented at the 31st Congress of the Rei Cretariæ Romanæ Favtores, 61 are included in the present volume, to which three further were added. Given the location of the conference in Romania it seems natural that there is a particular focus on the Balkans and Danube.

The Impact of Rome on Settlement in the Northwestern and Danube Provinces

Cette approche régionale est, d'une certaine manière, une histoire éclatée : par exemple, la Grèce, l'Égypte et la Gaule, même réunies au sein de l'Empire, restèrent des mondes profondément distincts. Pourtant on percevra, tout au long de ces chapitres, une unité de destin liée à l'adoption d'une culture dominante hellénistico-romaine et à la référence à la communis patria romaine, transcendant les particularismes. Rassemblés au départ par une conquête brutale, ces peuples, ces régions disparates

sont lentement devenus solidaires de l'Empire et solidaires les uns des autres. Plus que la conquête, ce fut le grand succès de Rome.

Acta Musei Napocensis

Based on evidence from extensive fieldwork as well as literary sources, this thesis provides a detailed investigation into the architectural plan of late Roman villas in the provinces of Pannonia, Moesia, Dalmatia, Dacia and Thracia.

Zwischen Region und Reich

L'étude de l'Empire est souvent présentée dans la seule perspective romaine par les Anciens, qui jugeaient plus intéressante l'histoire de l'Empire que celle des provinces, sauf quand elle intéressait l'Empire dans son ensemble. Cette approche tend parfois à exagérer l'unité et l'uniformité de l'Empire, puisque la méthode chronologique prime sur l'approche thématique. La romanisation elle-même fait penser que l'Empire tendait à devenir un tout uniforme où disparaîtraient les particularismes régionaux. Mais, même pour un Romain du Haut-Empire, la diversité régionale n'était-elle pas saisissante ? Le procurateur envoyé aux quatre points de l'Empire pouvait-il confondre l'Égypte fertile et sa civilisation millénaire avec la Bretagne septentrionale et la Pannonie ? L'Empire gomme d'autant moins les spécificités locales que la romanisation toucha d'abord les élites plutôt que les peuples, que les langues vernaculaires ne disparurent que lentement et qu'il ne conçut jamais un projet d'unification culturelle. Si l'Occident européen connut une romanisation relativement rapide, l'Orient hellénophone méprisait trop les Romains pour accepter la latinisation. Il suffit de rappeler l'emploi du droit grec du commerce en Orient, la persistance des cultes égyptiens et l'inégal degré d'urbanisation pour concevoir la nécessité d'une approche régionale de l'Empire. Administration romaine à part, les peuples de l'Empire ne partageaient ni langue (l'Orient restant hellénophone), ni religion (outre la religion impériale), ni droit, ni mœurs ou mode de vie communs. L'histoire des provinces est une histoire éclatée, mais seule la conscience des particularismes et des oppositions permet de comprendre la grandeur et la vivacité de l'Empire, qui réussit à créer une communauté de destin, une patria communis entre anciens vainqueurs et vaincus sans bénéficier d'une communauté culturelle. La grandeur de l'Empire tient d'abord au succès de cette unification sans complète assimilation qui porta ses fruits à partir des crises du III^e siècle lorsque des hommes issus de peuples non italiques embrassèrent la cause romaine tant les différentes provinces étaient devenues solidaires les unes des autres sans pour autant se fondre en une culture commune. (P. Prigent) Pages de début Avant-propos Bibliographie L'Italie, la Sicile et la Sardaigne L'Afrique Les provinces hispaniques Les Gaules et les Germanies La Bretagne Les provinces danubiennes Le monde grec européen et la Cyrénaïque Les provinces anatoliennes L'Orient sémitique L'Égypte Conclusion Index général Pages de fin.
