Kingdom of Rebels

When all hope is gone, only death lies in wait... England in 1468 is a nervous kingdom. King Edward IV has fallen out with his chief ally, the powerful Earl of Warwick. Ned Elder, a young lord whose sword helped to put Edward on the throne, has been forced out of England by Warwick. Far away on the Scottish border, a beleaguered fort desperately awaits Ned's return. Led by his fiery sister, Eleanor, the dwindling garrison is all that remains of his brave army of retainers. Unknown to all except the loyal knight, Ragwulf, Eleanor has Ned's young son in her charge - a son who has never seen his father. But, as border clansmen batter the gates with fire, the castle seems certain to fall. One by one Ned's family and friends are caught up in Warwick's web of treason. The fate of the Elders and those who serve them lies once more in the balance as all are drawn back to Yorkshire where they face old enemies once more. Eleanor can only hope that Ned will soon return. She must fight to keep that hope alive... and when Lady Eleanor fights, she takes no prisoners...

The Travels of the Jesuits in Ethiopia

Long live the rebellion. Tasked with infiltrating the palace was supposed to be an easy job. When Sage's plans go south and one of her own betrays her, she finds herself captured by the crown. The cruel prince of Aermia thinks he has won, but the devastatingly handsome rogue has no idea who he is dealing with. By the time Sage is finished with him, the arrogant prince will be on his knees begging for mercy. Tehl Ramses does not have time to play games with pretty liars. Immortal monsters lurk at the borders of their land waiting for a chance to invade. His only key to figuring out how to stop the incoming war is the most infuriating, and alluring prisoner he has ever set eyes upon. Therein lies the trap. She's no saint, and he's no prince charming. If you can't get enough of books from Leigh Bardugo, Jennifer L. Armentrout, Laura Thalassa, Sarah J. Maas, Elise Kova, Holly Black, Tamara Pierce, then dive into a Kingdom of Rebels and Thorns The Aermian Feuds series: - YA Epic Fantasy - Enemies to Lovers - Rags to Riches - Slow Burn Romance - Morally Grey Characters - Dragons - Royalty - Dark Fantasy

Kingdom of Rebels and Thorns

A rising king. A falling queen. An unimaginable love. Queen Cora is married to a monster. Three years she has played wife, and all she has to show for it is a marked face, an empty womb, and a bitter

taste in her mouth best washed away with wine. It is a good thing she is made of something solid, because marriage is a life sentence. Or is it? The rebel prince is coming for the crown. Powers will shift, and loyalties will be tested. As Cora's future unravels, she must fight to keep hold of her position, her sanity—and most definitely her heart. Brom is leader of the Nydoen people, a mountain rebel—and next in line to rule. His brother is self-destructing, and the time has come to replace him. He has the love of a kingdom and a clear path to the throne, but not everyone wants him to succeed. War is coming. He is going to need allies if he stands any chance against his enemy. The one they call Ice Queen might be the key. Experienced, intelligent, well-connected. Intoxicating. If he can just find a way to thaw her solid heart, she may prove to be his greatest ally yet. This is the sixth and final book in The Companion series. If you enjoy a medieval tale with a strong heroine and plenty of action, then you will love The Rebel's Queen. Trigger warning: This book contains violence and dark themes.

The Rebel's Queen

Widowed queen Aliyah has resigned herself to a life of loneliness until a rough-mannered stranger intrudes on her solitude. A professional warrior and protector, Gibran has kept his distance from the palace he once called home--until his royal half brothers invite him into their midst. By profession and inclination, he keeps his emotions on lockdown, but finds himself falling under Aliyah's quiet spell. Will these two lonely people dare to seize the love they crave? EXCERPT: His dark eyes seemed to stare right past her quiet and unassuming façade and see into the darkest reaches of her soul. Into the cold, lonely places where she hid when her late husband took his pleasure with her. Into the cobwebbed corners where she'd stashed the inconvenient needs and desires that had no place in her life. Then he kissed her again. This time she kissed him back harder. Her arms wrapped around his neck and she heard Megu's chain drop to the ground, but she didn't care. Gibran's lips welcomed hers and heat flared between them, lighting a fire that spread to her belly and limbs. Knees shaking, she clung to him, feeling the thick, hard, masculine shape of his arms and back, letting her fingers grope into his thick hair, drawing in the masculine scent of his skin. She kissed him with every ounce of hope and desire that she'd shoved deep down inside her, letting them bubble up in a mad and crazy explosion of passion. Veronica: Stranded with the Sheikh (FREE!) Desert Kings Book 3: Gibran

This is the first fully annotated, academic edition of the Book of Mormon in its 200-year history. Modelled after the Oxford line of annotated Bibles, it provides readers with the information they need to understand this classic text of American religious history. This edition reformats the complete scriptural text in the manner of modern Bible translations with paragraphs, quotation marks, poetic stanzas, and section headings, all of which clarify the book's complicated narrative structure. As a result, readers experience a more accessible and readable presentation than the standard version. Annotations explain the meaning and context of specific passages, delineate extended arguments, identify rhetorical patterns, explore theological implications, highlight ancient and modern parallels, and point out intertextual connections, particularly with the Bible. The Book of Mormon is subdivided into internal books; in this edition, each book is preceded by an introduction that discusses its key themes and literary features, at the same time offering a quick overview of major figures, events, and sermons. The three primary narrators--Nephi, Mormon, and Moroni--receive special attention. In addition to the annotations, which focus on the text itself, there are twelve general essays that introduce readers to various ongoing conversations about the text. There are also several maps and charts, as well as a comprehensive list of biblical quotations and allusions. The editorial material is informed by contemporary biblical and historical scholarship; while it deals forthrightly with both the strengths and weaknesses of the narrative, it nevertheless treats the Book of Mormon as a sacred text, worthy of careful study and respect.

The Annotated Book of Mormon

Player. Casanova. Heartbreaker. I've heard it all. But the truth is, I'm the king of wanting what I can't have. Jane is a beacon of light I didn't expect to find. Her innocence and joy call to my dark soul. But she's off-limits, my best friend's kid sister. And I'm a damaged jerk with enough baggage to fill a jet plane. All it took was one taste for my resolve to stay away to crumble. Now I can't get her out of my head, out of my mangled heart. If her brother finds out about us, he might kill me. If Jane finds out about

my past, she'll never speak to me again. This love is a disaster waiting to happen, and yet, I can't help going back for more.

Heart Breaker

Long live the rebellion. Tasked with infiltrating the palace was supposed to be an easy job. When Sage's plans go south and one of her own betrays her, she finds herself captured by the crown. The cruel prince of Aermia thinks he has won, but the devastatingly handsome rogue has no idea who he is dealing with. By the time Sage is finished with him, the arrogant prince will be on his knees begging for mercy. Tehl Ramses does not have time to play games with pretty liars. Immortal monsters lurk at the borders of their land waiting for a chance to invade. His only key to figuring out how to stop the incoming war is the most infuriating, and alluring prisoner he has ever set eyes upon. Therein lies the trap. She's no saint, and he's no prince charming. Ensnared into an intricate web of betrayal and trickery, Sage and Tehl are forced to take desperate measures to avoid the pending war and protect their loved ones, even if it means becoming reluctant allies. Servants of the Empire

After the devastating destruction of the convent, Lady Flora's virginal young men find themselves thrust into a whole new world, where they must forge their own paths in life. Their watchful guardian, The Grand Mother, senses her grip slipping away. What will become of her, and what will she do to maintain control? Meanwhile, Kath and Cinna have bid farewell to their beloved airship, and seek a suitable replacement. As Kath embarks on a new romance with Rhys, Hiro desperately pleads his innocence and fights to prove that her heart truly belongs to him. Will she succumb to her Hiro, or is Rhys the man for her? And what of Wendall, who claims to be a villain? Does he speak the truth, or is there a twist that will leave everyone stunned, including Wendall himself? Hold on tight as secrets unravel, alliances shift, and truth comes to light in Gasbags & Brides' wild finale.

The book of texts of ancient and modern history, &c

Secrets. Rebellion. War. Sage never meant to get caught. Everything that made sense went up in flames around her. Nothing was blank and white.

Kingdom of Rebels and Thorns

The volume presents a new understanding of medieval historiography by examining the representation of society, politics and human behaviour in six historical writings from imperial Germany, one of the leading political and intellectual centres during the period c. 950-1150.

Brothers, Rebels, Treasure Seekers

After a tragic event, a new king takes over the Lion's Kingdom and is seeking revenge against the group of rebels; Chase, Ethan, Noah, and Kira as the leader. The rebels have been on their own, when they meet a pair of mysterious Bloods. When one of the rebels gets kidnapped, it's up to the rest of the Bloods to save them. Will these new Bloods be friends or enemies?

Rebel's Blade

• From bestselling author Gilbert Morris and writing partner Aaron McCarver, a colorful historical fiction series that features renowned characters such as Andrew Jackson, Daniel Boone, and Davy Crockett. • Chronicles the story of the settlers of America's first frontier--the lands over the Appalachian Mountains--and of the faith that carried them through the harshest of times. In *Among the King's Soldiers*, Sarah MacNeal is struggling with the death of Philip Baxter. Her stepbrother, Jacob Spencer, escorts her and her friend Amanda Taylor back across the mountains to Williamsburg to visit Jacob's grandparents. Here Jacob becomes embroiled in a struggle that finally forces him to decide his loyalty between the British and the patriots, and between the two women who have touched his heart. Meanwhile, Sarah has met a Scottish highlander, Seth Donovan, who is fighting for the British. She has closed her heart to love but finds it very difficult to not become drawn to him. And Seth is struggling with his loyalty to the British crown and a deep longing for the freedom he sees in her life. When they return to the frontier, they find that the war has reached there. In the Battle of King's Mountain, loyalties and love will finally be proven.

Kings, Politics, and the Right Order of the World in German Historiography

A British bad boy and a runaway princess bride collide for a tempting time... Jackson Being a rock god isn't all it's cracked up to be. It's become a soulless grind. Which is why I'm now on my mate's houseboat, far away from the spotlight, hoping to find my way back to the music. Yeah. Not gonna happen. I've just discovered a stowaway on board, and I can't believe who she is. A bloody princess? And the prim little woman won't leave the boat, so I make an offer to scare her off—a no-strings fling. Only she says yes. I say no, and she promptly locks herself in my bedroom. I swear I'm dropping her off at the next port. She's trouble wrapped in a pretty virginal package, and I know I shouldn't touch. Emma I'm a runaway bride trying to make a clean escape. But when Jackson Walker discovers me hiding on his boat—after I get over the shock of stumbling upon a rock star's hideaway—I immediately know he's exactly what I need. He's wild, rough around the edges, perfect. My family would never approve. The press would skewer us. I still want him. He's the antidote to my tightly prescribed life. But can he ever see past my title to the woman I long to be? Annals of the Kingdom of Ireland

Richard My father needs a pawn as he plays King with the Irish Mafia. Releasing me from the asylum walls that kept me from my revenge, I'm free to play a few games of my own. Games I plan on winning. The taste of revenge sits sweetly on my tongue as I watch her, Claire, my new obsession. I keep her safe in a cage made of glass. Safe from the cravings she stirs in me. I watch her, my hunger growing with every move she makes. Claire He keeps me safe in a cage made of glass. Yet, I never feel safe. The heat in his gaze burns my flesh. His hunger stirs a craving deep inside of me. But craving a man like him is dangerous. He's everything dark and wrong in my world. He's everything I shouldn't want.

The only thing keeping his touch from my skin is this glass cage he holds the key to. Until his control snaps and one touch threatens to shatter us both.

Annals of the Kingdom of Ireland by the Four Masters, from the Earliest Times to the Year 1616

When defeat is inevitable there are only two options: go out on their terms, or yours. At last, the Roman Empire is winning one of its most savage wars. King Pinnes is dead. The Pannonian tribes have surrendered. Only the Dalmatians under Bato remain in the fight, and this brutal leader holds the life of a former Roman standard bearer in his hands. Corvus is spared only on condition that he continues to fight against Rome as a rebel, but his enemies are everywhere. Not only do the Romans want his head, but the treacherous Ziva – his supposed ally – is a constant threat. With the Pannonians knocked out of the war, the entire might of Rome is directed against Bato's army. Legion after legion covers the landscape. Sieges are laid. Towns burn. Thousands die. There is no mercy. And there, in the fire of the rebellion's last stand, Corvus must face his greatest betrayer – Marcus. The epic conclusion to the Raven and the Eagle series, perfect for fans of Ben Kane and Simon Scarrow. Praise for Geraint Jones 'Blood and guts, but also a clever exploration of the moral ambiguity of war and loyalty to a flag' Mail on Sunday 'Brutal, audacious, and fast paced' Anthony Riches, author of the Empire series. 'Historical fiction written by a real war veteran who knows all there is to know about blood and bonding in battle' Weekend Sport

Rise of the Rebels

An original junior novel from the world of Star Wars Rebels. Second book in a four-part series.

Annala Rioghachta Eireann ; Annals of the Kingdom of Ireland by the Four Masters from the Earliest Period to the Year 1616

The Middle Kingdom The year is 2196. The Minister of the Edict - an official responsible for licensing all technology that could lead to Change - has been assassinated, and the great Empire of Ice, Chung Kuo, has finally been shaken after more than a century of brutally-enforced peace. Amid the chaos, the rebels seize the opportunity to affect Change. But the assassination was orchestrated far closer to home, leading them all into dangerous chain of betrayal and deceit that will plunge them all into the world-shattering War of Two Directions. Ice and Fire Spring 2201 - Spring 2203. The T'ang who make up the ruling Seven are struggling to maintain stasis and prevent Change as the war is fought within the levels of their great world-spanning city - a war fought with bombs and betrayals, brutal assassinations and sly poisonings. As the pressure mounts, a document is discovered by the Dispersionists that charts the true history of the world, and apparently its not exactly what the Ministry have told them...

Annala Rioghachta Eireann. Annals of the Kingdom of Ireland, by the Four Masters, from the Earliest Period to the Year 1616 (etc.)

They are the boys your mother always warned you about. They're every parent's worst nightmare. Arrogant, cocky and self-assured. They used the town of Sandland like it was their own personal playground. They didn't follow the rules. They made their own. Most girls were drawn to them like a moth to a flame, but Emily Winters wasn't like most girls. A politician's daughter. A good girl with morals and principles. She represented everything they despised. The only problem was she lived her life in a perfectly orchestrated smokescreen; and where there's smoke, there's usually fire. They wanted to expose her for what she was; a pretty little liar hiding the ugliest truths. But when the truth comes out and lies are exposed, who will be the one to eventually crash and burn? Renegade Hearts is a New Adult Romance from Nikki J Summers. It does contain situations of a violent and sexual nature. Therefore, it is only suitable for readers 18 years+. Please read the trigger warnings.

Among the King's Soldiers (Spirit of Appalachia Book #3)

The electrifying conclusion to the New York Times bestselling series Children of Eden that follows Rowan as she leaves behind the paradise she's always dreamed of to save Eden – and the world – from a terrible fate. Rowan is finally in Harmonia, an Earth-friendly, sustainable commune in the wilderness she always thought was dead. Even in this idyllic world, she finds no peace. Harmonia has strict rules – and dire consequences. Thinking about Eden is forbidden, but she's determined to rescue the loved ones she left behind. Though they are in terrible danger, her pleas for help are ignored. After months of living as one with nature, a shocking reminder of her past pushes Rowan to act. With the help of

new friends, she infiltrates Eden. What she discovers is even worse than the situation she left behind. In the chaos of civil war, Rowan and her friends join forces with the second children and other rebels trapped inside. They fight for their lives, and for the future of humanity in this broken Earth.

Royal Darling: A Runaway Bride Romantic Comedy (The Rourkes Series, Book 3)

The breathtaking finale to the "New York Times"-bestselling series. Armed with only her revolver, her wits, and her untamable Demdji powers, Amani Al'Hiza must rally her skeleton crew of rebels for a rescue mission through the unforgiving desert to a place that, according to maps, doesn't exist.

Mafia Games

Paco-rugged VP of the Night Rebels MC-stops at the diner to get out of the rain. He's headed back to Alina and doesn't intend on staying until he sees her sitting alone in a booth. She has on too much makeup and too little clothing for the wintry night. Then she looks at him: her eyes are dark like an endless stretch of midnight sky. In their depths, he sees pain and threads of fierceness. They draw him in. He, the man who never looks past one night with a woman, wants to know about this small woman sitting across from him. He knows he should pay his bill, hop on his Harley, and head home, but he can't. Misty Sullivan hates the cold nights when she has to haul her butt from truck to truck to make enough to satisfy her boyfriend. She used to have another name, but that was a long time ago when she was normal and life was good. She tries not to remember what was-it just makes her new life worse. The stranger staring at her doesn't look like a trucker. He's decked out in leather and denim and looks at her like she's a person, not an object. But... men can't be trusted. They only want to use and abuse women. Yet, she senses the sexy stranger is different. Events keep throwing them together, and Misty's past crashes with her present. Can she trust the biker who's playing havoc with her heart to save her from destruction? This is Book 5 in the Night Rebels MC and is a standalone. 18+

Rebel

* The Rebel of Raleigh High is the first book in the Raleigh Rebels Series. Please be advised, this book comes with a trigger warning. Intended for readers 17+ * SilverHit me. Kick me. Hurt me. Hate me. There's nothing that the students of Raleigh High can do to Silver Parisi anymore. Over the past year, she's had to endure more pain and suffering than most people are asked to bear in their lifetimes. She's a pariah, an outcast, a ghost. She's also never been one to take shit lying down, though...despite what half the football team might say. With only one hundred and sixty-eight days left of the school year, it won't be long until graduation, and Silver's planning on skipping town and leaving Raleigh firmly in her rearview mirror... Until he comes along...AlexOrphan. Degenerate.Reprobate.Deviant. Alex Moretti's earned most of his labels, and he's not ashamed of a single one of them. He'll earn far worse before he's finished with his new found 'friends' at Raleigh High. Having spent years being ground down under the boot heel of society, it's time for a little payback. And if exacting revenge upon the heads of the Raleigh elite means he can also help the beautiful girl who hovers in the shadows, then that's all for the better. Oil and water. Fire and ice. The differences between Silver and Alex are broader than any chasm. To reach one another, they must take a leap of faith and fall into the divide. And falling?Nothing good ever came from falling.

Cosmography In Four Books

War brought them together. Love will tear them apart. Auranos has been conquered and the three kingdoms—Auranos, Limeros, and Paelsia—are now unwillingly united as one country called Mytica. But alluring, dangerous magic still beckons, and with it the chance to rule not just Mytica, but the world. . . . • CLEO is now a prisoner in her own palace, forced to be an ambassador for Mytica as the evil King Gaius lies to her people • MAGNUS stands to eventually inherit the new kingdom but is still obsessed with his feelings for his adopted sister, Lucia • LUCIA is haunted by the deadly outcome of her breathtaking display of magic that allowed her father to capture the kingdoms • JONAS watches at the palace gates, a troop of rebels behind him, waiting for him to tell them how he plans to overtake King Gaius When Gaius announces that a road is to be built into the Forbidden Mountains, formally linking all of Mytica together, he sets off a chain of cataclysmic events that will forever change the face of this land. Praise for Falling Kingdoms "From an opening dripping with blood, magic, and betrayal through complex interweaving plots detailing treachery, deceit, and forbidden love, this novel . . . will immediately engage readers and keep them intrigued."—Booklist "[It] will gut you emotionally . . . make you ache, cry, and beg for the sequel as you turn the last page. I absolutely loved it."—Julie Kagawa,

New York Times bestselling author of *The Iron Queen* “This triple-layered tale of bloodshed, heartbreak, and tangled court intrigue kept me turning pages very late into the night.”—Lesley Livingston, author of *Wondrous Strange* and *Starling*

Servants of the Empire: Rebel in the Ranks

Queen Victoria's personal journals inform this “intimate and authentic portrait” (Booklist) of one of history's most prominent female leaders. Queen Victoria most certainly left a legacy—under her rule as the longest reigning female monarch in history. But what was she really like? To be a young woman in a time when few other females held positions of power was to lead in a remarkable age—and because Queen Victoria kept personal journals, this historical novel from award-winning author Carolyn Meyer shares authentic emotional insight along with accurate information, weaving a fascinating story of intrigue and romance.

Star Wars Rebels Servants of the Empire 2

The sixteenth-century Spanish Jesuit Pedro de Ribadeneyra's *Ecclesiastical History of the Schism of the Kingdom of England* is a lively, polemical Catholic account of the English Reformation, translated into English for the first time by Spencer J. Weinreich.

Chung Kuo: The Epic Begins

Rhosmari trembled as the Empress walked over to her. 'Oh, do not struggle. There is nowhere for you to escape,' the Empress said, her voice silken and sweet. Then she unsheathed a small dagger from her waist. 'This will only hurt a little...' Rhosmari has lived her whole life on a sheltered chain of faery islands. But with the Empress's power growing, and her desire to enslave the entire faery race becoming a reality, Rhosmari knows she must fight back...

Renegade Hearts

Ren Kolins, a magic wielder in hiding, strikes a deal with a broody rebel plotting to overthrow the tyrant king, while king's guard member Adley Farre is hunting down the rebels one by one. But time is running out for all of them.

An Institution of General History, from the beginning of the world to the monarchy of Constantine the Great, etc

Calendar of the State Papers Relating to Ireland, of the Reigns of Henry VIII., Edward VI., Mary, and Elizabeth: The reign of Elizabeth, 1574-1601

Fenian Fire

A historical investigation into one of the most serpentine attempts on Queen Victoria's life that reveals for the first time the true instigator at the heart of government. There were eight attempts to assassinate Queen Victoria during her long reign; four of them were of Irish origin. The most serious of all was the 'Jubilee Plot', a conspiracy apparently hatched in New York by the Fenian Brotherhood to blow up the Queen, her family and most of the British Cabinet with dynamite at the great service of thanksgiving to commemorate the 50th anniversary of her accession, held at Westminster Abbey in June 1887. The plot was 'uncovered' by Scotland Yard with just a few days to go. Several of the bombers were caught, tried and sentenced to penal servitude for life. But - warned off in time - the master bomber escaped to America... Now, using recently declassified Foreign Office Secret files (marked 'Fenian Brotherhood'), the author discloses for the first time the huge secret at the heart of the British counter-intelligence operation against militant Irish nationalists: the entire conspiracy was masterminded for its own reasons by a clandestine British agency reporting directly to the Prime Minister, Lord Salisbury.

Kill the Queen!

An account of the eight assassination attempts on the life of Queen Victoria.

The Cultural Imaginary of Terrorism in Public Discourse, Literature, and Film

This study investigates the overlaps between political discourse and literary and cinematic fiction, arguing that both are informed by, and contribute to, the cultural imaginary of terrorism. Whenever mass-mediated acts of terrorism occur, they tend to trigger a proliferation of threat scenarios not only in the realm of literature and film but also in the statements of policymakers, security experts, and journalists. In the process, the discursive boundary between the factual and the speculative can become difficult to discern. To elucidate this phenomenon, this book proposes that terror is a halfway house between the real and the imaginary. For what characterizes terrorism is less the single act of violence than it is the fact that this act is perceived to be the beginning, or part, of a potential series, and that further acts are expected to occur. As turn-of-the-century writers such as Stevenson and Conrad were the first to point out, this gives terror a fantastical dimension, a fact reinforced by the clandestine nature of both terrorist and counter-terrorist operations. Supported by contextual readings of selected texts and films from *The Dynamiter* and *The Secret Agent* through late-Victorian science fiction to post-9/11 novels and cinema, this study explores the complex interplay between actual incidents of political violence, the surrounding discourse, and fictional engagement with the issue to show how terrorism becomes an object of fantasy. Drawing on research from a variety of disciplines, *The Cultural Imaginary of Terrorism* will be a valuable resource for those with interests in the areas of Literature and Film, Terrorism Studies, Peace and Conflict Studies, Trauma Studies, and Cultural Studies.

Secret Service

Drawing on previously classified government records, the authors reveal that for over 150 years, Canada has run spy operations largely hidden from public or parliamentary scrutiny - complete with undercover agents, secret sources, agent provocateurs, coded communications, elaborate files, and all the usual apparatus of deception and betrayal so familiar to fans of spy fiction. As they argue, what makes Canada unique among Western countries is its insistent focus of its surveillance inwards, and usually against Canadian citizens.

The Dynamiters

A transnational history of the first urban bombing campaign, when Irish nationalists targeted symbolic British public buildings in the 1880s.

Blood Runs Green

On May 26, 1889, four thousand mourners proceeded down Chicago's Michigan Avenue, followed by a crowd forty thousand strong, in a howl of protest at what commentators called one of the ghastliest and most curious crimes in civilized history. The dead man, Dr. P. H. Cronin, was a respected Irish physician, but his brutal murder uncovered a web of intrigue, secrecy, and corruption that stretched across the United States and far beyond. O'Brien tells the story of Cronin's murder from the police investigation to the trial-- and the story of a booming immigrant population clamoring for power at a time of unprecedented change.

Balfour's World

An exploration of political culture in Britain in the last decades of the nineteenth century, revealing how Arthur Balfour and his circle served as a clear bridge between the Victorians and the moderns in Britain's twentieth-century political culture.

A New England?

G.R. Searle's narrative history breaks conventional chronological barriers to carry the reader from England in 1886, the apogee of the Victorian era with the nation poised to celebrate the empress queen's golden jubilee, to 1918, as the 'war to end all wars' drew to a close.

The Manchester Martyrs

A thrilling account of the events surrounding the execution of three Fenians known as the Manchester Martyrs. Their execution during a turbulent period of Irish history in 1867 united the Irish people in a patriotic fervour and outrage not matched until 1916. The events surrounding the dramatic rescue of Fenian leaders (resulting in the Martyrs' execution) attracted worldwide attention and sparked anti-British protests across the globe. Their trial is one of the most infamous British court cases of the nineteenth century and their hanging was Britain's last public multiple execution. In 2006 Bertie Ahern

announced that the Irish government would grant the Martyrs a full state funeral and re-inter them in a grave at Glasnevin Cemetery. The plan foundered because their remains could not be located at that time. This book reveals the location of the remains and explains why they will never be returned to Ireland.

State Surveillance, Political Policing and Counter-Terrorism in Britain

This book deals with the formation of state surveillance and the emergence of institutionalized political policing in late Victorian and Edwardian Britain. Little has been written on this early formative period for the British security state, which began in earnest as a response to the Fenian dynamite campaign of the 1880s. Based on newly declassified documents, Solomon weaves together separate narrative threads which converge to paint a complex picture of the institutional innovations and personal rivalries that produced Britain's first national political police. The interactions between high-ranking bureaucrats, policemen and politicians reveal how often conflicting ideas on controlling organized radicalism coalesced into a unified counter-subversive strategy. Stressing the distinctness of the early British model of political policing, the narrative goes past the confines of a scholarly account by using source material to flesh out multidimensional characters, ranging from choleric Home Secretaries to remorseful anarchist double agents embroiled in a high-stakes and often unscrupulous combination of espionage, collusion and betrayal.

London's Burning

Provides a reading of the popular fiction of London historicized in its political and cultural contexts.

Blasted Literature

Dynamite novels meet highbrow modernism via the impact of terrorism. Between 1880 and 1915, a range of writers exploited terrorism's political shocks for their own artistic ends. Drawing on late-Victorian 'dynamite novels' by authors including Robert Louis Stevenson, Tom Greer and Robert Thynne, radical journals and papers, such as *The Irish People*, *The Torch*, *Anarchy* and *Freiheit*, and modernist writing from H.G. Wells and Joseph Conrad to the compulsively militant modernism of Wyndham Lewis and the Vorticists, O Donghaile maps the political and aesthetic connections that bind the shilling shocker closely to modernism.

Crown, Cloak, and Dagger

Surprising revelations about the active role of the monarch in British intelligence The British Royal Family and the intelligence community are two of the most mysterious and mythologized actors of the British State. *Crown, Cloak, and Dagger* offers a new history of how the two have been inextricably linked from the reign of Queen Victoria to the present. Richard J. Aldrich and Rory Cormac unveil a wealth of archival detail that changes our understanding of the role of the monarch in politics, intelligence, and international relations. Successive queens and kings have all played an active role in steering British intelligence, sometimes against the wishes of prime ministers. Even today, the monarch receives "copy No. 1" of every intelligence report. Attempted assassinations and kidnappings, the abdication crisis, world wars and the Cold War, and the death of Princess Diana are just some of the topics covered in the book. Fascinating and fast-paced, *Crown, Cloak, and Dagger* demonstrates that the British monarch continues to be far more than a figurehead. This book will inform as well as entertain anyone with an interest in history, espionage, and the royals.

A Union Forever

In the mid-nineteenth century the Irish question—the governance of the island of Ireland—demanded attention on both sides of the Atlantic. In *A Union Forever*, David Sim examines how Irish nationalists and their American sympathizers attempted to convince legislators and statesmen to use the burgeoning global influence of the United States to achieve Irish independence. Simultaneously, he tracks how American politicians used the Irish question as means of furthering their own diplomatic and political ends. Combining an innovative transnational methodology with attention to the complexities of American statecraft, Sim rewrites the diplomatic history of this neglected topic. He considers the impact that nonstate actors had on formal affairs between the United States and Britain, finding that not only did Irish nationalists fail to involve the United States in their cause but actually fostered an Anglo-American rapprochement in the final third of the nineteenth century. Their failures led them to seek out new means

of promoting Irish self-determination, including an altogether more radical, revolutionary strategy that would alter the course of Irish and British history over the next century.

The Oxford Handbook of the History of Terrorism

"The Oxford Handbook of the History of Terrorism presents a re-evaluation of the major narratives in the history of terrorism, exploring the emergence and the use of terrorism in world history from antiquity up to the twenty-first century. The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe, where it interacted with and was transformed in accordance with local conditions. It offers cogent arguments and well-documented case studies that support a reading of terrorism as a modern phenomenon, as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non-Western parts of the world, both for historical actors and academic commentators. The volume presents an overview of terrorism's antecedents in the pre-modern world, analyzes the emergence of terrorism in the West, and presents a series of case studies from non-Western parts of the world that together constitute terrorism's global reception history. Essays cover a broad range of topics from tyrannicide in ancient Greek political culture, the radical resistance movement against Roman rule in Judea, the invention of terrorism in Europe, Russia, and the United States, anarchist networks in France, Argentina, and China, imperial terror in Colonial Kenya, anti-colonial violence in India, Egypt's Muslim Brotherhood, and the German Autumn, to right-wing, religious and eco-terrorism, as well as terrorism's entanglements with science, technology, media, literature and art. Keywords: terrorism studies, terrorism, history of terrorism, history of violence, radicalism, global history, transnational history, international history, modernity, modernization, modernism"--

The Cambridge History of Terrorism

An accessible, authoritative history of terrorism, offering systematic analyses of key themes, problems and case studies from terrorism's long past.

John C. O'Neill

¶In June 1866, an 800-man contingent of the Irish Fenian Brotherhood invaded Canada from Buffalo, New York, in an effort to free Ireland from British rule. The force was led by Irish-born John Charles O'Neill, a veteran of the Union Army's 5th Indiana Cavalry. The three-day invasion was a military success but a political failure, yet O'Neill was celebrated for his leadership and humanity. Elevated to the presidency of the Fenian Brotherhood, "General" O'Neill would again lead Irish nationalists against Canada in 1870. Jailed and later pardoned by President U.S. Grant, O'Neill left the Fenians and attempted a third, futile attack into Canada. O'Neill then became a colonizer, urging Irish Americans to abandon cities in the East to settle on the fertile plains of the West. O'Neill City, Nebraska, is named in his honor. This first full-length biography covers the rise, fall and resurgence of a remarkable figure in American and Irish history.

Spies in the Empire

There have been a great many books written on military intelligence and the secret services rooted in the twentieth century; however there is very little covering the activities of the men involved in the establishment of this fascinating institution. Its origins lie in the British Army: from the beginnings in the Topographical Department to the Boer War, when various factors made the foundation work of the eventual MI5 (founded in 1909) possible. Incredibly, there were two vast armies in the 1840s, both serving the state and Queen, yet no formally organized military intelligence bureau. Such ignorance of the enemy brought about many botched and bloody encounters, such as the notorious 'Charge of the Light Brigade'. The thrilling story of the various intelligence sources for the armed forces throughout the Victorian period is one of individuals, adventurers and small, ad hoc bodies set up by commanders when the need arose. Stephen Wade's enthralling book reveals the unsteady foundations of one of the country's most prominent and renowned organizations, tracing the various elements that gradually composed the intelligence and political branches of Britain's Secret Service.

Jack the Ripper

'The clearest, most accurate, and most up-to-date account of the Ripper murders, by one of Britain's greatest and most respected experts on the "autumn of terror" in Victorian London.' William D.

Rubenstein, Professor of Modern History, University of Wales, Aberystwyth England in the 1880s was a society in transition, shedding the skin of Victorianism and moving towards a more modern age. Promiscuity, moral decline, prostitution, unemployment, poverty, police inefficiency... all these things combined to create a feeling of uncertainty and fear. The East End of London became the focus of that fear. Here lived the uneducated, poverty-ridden and morally destitute masses. When Jack the Ripper walked onto the streets of the East End he came to represent everything that was wrong with the area and with society as a whole. He was fear in a human form, an unknown lurker in the shadows who could cross boundaries and kill. Jack the Ripper: The Definitive History is not yet another attempt to identify the culprit. Instead, the book sets the murders in their historical context, examining in depth what East London was like in 1888, how it came to be that way, and how events led to one of the most infamous and grisly episodes of the Victorian era.

The US Culture Wars and the Anglo-American Special Relationship

This book discusses “culture” and the origins of the Anglo-American special relationship (the AASR). The bitter dispute between ethnic groups in the US from 1914–17—a period of time characterized as the “culture wars”—laid the groundwork both for US intervention in the European balance of power in 1917 and for the creation of what would eventually become a lasting Anglo-American alliance. Specifically, the vigorous assault on English “civilization” launched by two large ethnic groups in America (the Irish-Americans and the German-Americans) had the unintended effect of causing America’s demographic majority at the time (the English-descended Americans) to regard the prospect of an Anglo-American alliance in an entirely new manner. The author contemplates why the Anglo-American “great rapprochement” of 1898 failed to generate the desired “Anglo-Saxon” alliance in Britain, and in so doing features theoretically informed inquiries into debates surrounding both the origins of the war in 1914 and the origins of the American intervention decision nearly three years later.

Jack the Ripper and Black Magic

Jack the Ripper is a gothic tale of Victorian conspiracies, the supernatural, secret societies and the police. Scotland Yard hunted a serial killer shrouded in politics as the mutilator of East End prostitutes infused pop culture with demonic horror. This book uses historic sources and rare official reports to reveal dark and supernatural aspects of the Ripper case.

Shooting Victoria

During her long reign, Queen Victoria was the target of no fewer than eight assassination attempts. In seven of these cases her life was saved by poor marksmanship or misfiring weaponry, but one assailant managed to strike her with a finely wrought cane. Remarkably, all eight of her attackers lived to tell their tales, and were variously incarcerated in asylums, deported to Australia, or in a few cases eventually released into society again. Paul Thomas Murphy shows how these obscure would-be assassins effected a change in history. Their attacks on Victoria galvanised her to face them down by presenting a more public face than her forebears, thereby laying the groundwork for the monarchy as we know it today. SHOOTING VICTORIA opens up a new window onto Victorian England. In exploring contemporary attitudes to madness, crime and criminality, it reveals a wealth of little-known and often surprising aspects of 19th-century British society and monarchy.

The Routledge Handbook of Terrorism Research

This volume is a monumental collection of definitions, conceptual frameworks, paradigmatic formulations, and bibliographic sources, which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism.

William Wickham, Master Spy

A biography of William Wickham (1761-1840), Britain's master spy on the Continent for more than five years during the French Revolutionary wars. It follows Wickham's career to narrate the rise and fall of his secret service community.

Thomas D'Arcy McGee

A compelling and comprehensive biography of Thomas D'Arcy McGee's political career in Canada.

Charles Warren

The life of Charles Warren Royal Engineer is a compelling story, full of action, conflict, triumph and disaster, with reputations gained and lost. All set against the background of an expanding British Empire. It is a tale of secrecy, Freemasonry and pioneering archaeology as the young Lt Warren, still only in his twenties, tunneled under the Holy City of Jerusalem in search of evidence of the Temple of Solomon and Herod the Great. A man of high principle and dogged determination Warren thrived on a challenge: searching for lost British spies in the desert of the Exodus, or publically calling out the rapacious colonialism of Cecil Rhodes. Later, in different circumstances, he ordered the arrest of Winston Churchill. Although thrice knighted for his many achievements, Warren is most widely remembered as the controversial Metropolitan Police Commissioner who failed to catch Jack the Ripper. In the end he faced the supreme challenge in the Anglo-Boer War, becoming the scapegoat for one of Britain's greatest military disasters, the Battle of Spion Kop. In this new biography, the first for 80 years, historian and biographer Kevin Shillington delves into the records and presents a reassessment of Warren's reputation.

The Hidden History of 9/11

How much insider trading occurred in the days leading up to 9-11? How compromised is the evidence against alleged hijackers? Why were there no military interceptions? To what extent does the testimony of more than five hundred firefighters differ from official reports of what happened at the World Trade Center buildings that day? How inseparably connected are Western covert operations to al-Qaeda? How is Islamophobia used to sustain US imperialism? What was the 9-11 Commission? With contributions from Nafeez Mosaddeq Ahmed, Four Arrows, David Ray Griffin, Jay Kolar, David MacGregor, Diana Ralph, Kevin Ryan, and Bryan Sacks, this path-breaking work examines 9-11 and its background, showing how much remains unknown and where further investigation and debate is needed.

Emma Darwin

In 1808, Josiah Wedgwood II, owner and general manager of the famous pottery and china manufactory that bore his name, welcomed an eighth child into his large, vibrant family. This daughter, Emma, had a relatively happy childhood and grew up intelligent, educated, and religious. A talented sportswoman and an accomplished pianist, she married her cousin Charles Darwin at the age of thirty, bore ten children in their forty-three years together, and patiently nursed her famous husband through mysterious and chronic illnesses. Informed by her strong Christian faith as well as her quick, inquiring mind, Emma learned to coexist with her husband's radical scientific theories, though she worried about the fate of Charles's soul. Although the high spirits of her youth were somewhat dampened by the cares of life, she managed family and household affairs—including the difficult circumstances surrounding the death of three children—with courage, gravity, and a sense of humor. In this charming volume, the wife, companion, and confidante of the father of evolution comes into full focus. Drawing upon Emma's personal correspondence as well as the abundant literature about her husband, authors James Loy and Kent Loy reveal the fascinating story of an exceptional woman who remained true to herself despite hardship and who, in the process, humanized her work-obsessed husband and held her family together.

Cuba's Wild East

Cuba's Wild East: A Literary Geography of Oriente recounts a literary history of modern Cuba that has four distinctive and interrelated characteristics. Oriented to the east of the island, it looks askant at a Cuban national literature that has sometimes been indistinguishable from a history of Havana. Given the insurgent and revolutionary history of that eastern region, it recounts stories of rebellion, heroism, and sacrifice. Intimately related to places and sites which now belong to a national pantheon, its corpus—while including fiction and poetry—is frequently written as memoir and testimony. As a region of encounter, that corpus is itself resolutely mixed, featuring a significant proportion of writings by US journalists and novelists as well as by Cuban writers.

IRA, The Bombs and the Bullets

In this groundbreaking title, A. R. Oppenheimer tells how the Irish Republican Army became the most adept and experienced insurgency group the world has ever seen through their bombing expertise – and how, after generations of conflict, it all came to an end. The book is a comprehensive account of more than 150 years of Irish republican strategic, tactical, and operational details, and an analysis

of the IRA's mission, doctrine, targeting, and acquisition of weapons and explosives. As a leading expert on non-conventional weapons and explosives, Oppenheimer vividly presents the story behind the bombs – those who built and deployed them; those who had to deal with and dismantle them; and those who suffered or died from them. He analyses where, how, and why the IRA's 19,000 bombs were built, targeted and deployed, and explores what the IRA was hoping to accomplish in its unrivaled campaign of violence and insurgency through covert acquisition, training, intelligence and counter-intelligence. Beginning with the Fenian 'Dynamiters' in the second half of the nineteenth century, Oppenheimer fully describes and assesses the impact of the pre-1970s bombing campaigns in Northern Ireland and England and the evolution of strategies and tactics during the Troubles. He concludes with the decommissioning of an arsenal big enough to arm several battalions – which included an entire home-crafted missile system, an unsurpassed range of improvised explosive devices (IEDs), and enough explosives to blow up several urban centres. The author scrutinises the level of deadly improvisation that became the hallmark of the Provisional IRA's expertise and the ingenuity in its pioneering IED timing, delay and disguise technologies, and follows the arms race it carried on with the British Army and security services in a long war of mutual assured disruption. He also provides an insight into the bombing equipment and guns in the vast IRA inventory held at Irish Police HQ in Dublin.

Arthur Griffith

As a working-class Dubliner who played a crucial role in inspiring and leading Dáil Éireann in its formative stages, Arthur Griffith's life and world is one of the greatest windows into understanding the dynamics of the Irish revolution. Owen McGee's authoritative biography is based on fascinating original research and presents a fresh analysis and interpretation of Griffith's life and the economic basis of the political history of the era. Griffith has been typified as 'the last Young Irelander' and Owen McGee's masterly account reflects on this by examining the very different conceptions of Irish nationalism that existed before and after the formation of the Irish state. It also suggests that Griffith's belief in the importance of economic freedoms and the ability of an independent Ireland to provide for its own people, was an ideal that inspired the subsequent evolution of the Irish state.

The Oxford Handbook of Modern Irish History

Draws from a wide range of disciplines to bring together 36 leading scholars writing about 400 years of modern Irish history

Dublin Castle and the First Home Rule Crisis: Volume 33

Collected primary sources providing a first-hand account of the British attempt to negotiate a settlement of the Irish question.

Orwellian Ireland

Inspired by the book *Stasiland*, this work is an attempt to see if some of the state practices that flourished in Communist Eastern Europe might be replicated in modern Ireland. It goes into the question of intelligence agencies, what agencies are active in Ireland, how they harass dissidents, their use of modern technology and their role in secretly supporting paramilitary groups in Ireland and around the world. It includes a lot of first hand testimony of state harassment, and even torture, which is on a par with what happened in countries like East Germany. Finally it concludes with some searching questions about the real government policies being pursued in Ireland.

Books Ireland

Introduction by Garret Fitzgerald. This book seeks to interpret the events of Easter Week 1916 as the central defining event of a 'long revolution' in Irish history. The origins of the long revolution lie in the second half of the nineteenth century, and its legacy is still being played out in the first years of the twenty-first century. Acknowledged experts on specific topics seek to explore the layered domestic and international, political, legal and moral aspects of this uniquely influential and controversial event. Contributors are: Rory O' Dwyer, Michael Wheatley, Brendan O'Shea and Gerry White, D.G. Boyce, Francis M. Carroll, Rosemary Cullen Owens, Jérôme aan de Wiel, Adrian Hardiman, Keith Jeffery, Mary McAleese, Owen McGee, Seamus Murphy and Brian P. Murphy.

1916 - The Long Revolution

This is the first global history of the secret diplomatic and police campaign that was waged against anarchist terrorism from 1878 to the 1920s. Anarchist terrorism was at that time the dominant form of terrorism and for many continued to be synonymous with terrorism as late as the 1930s. Ranging from Europe and the Americas to the Middle East and Asia, Richard Bach Jensen explores how anarchist terrorism emerged as a global phenomenon during the first great era of economic and social globalization at the end of the nineteenth and beginning of the twentieth centuries and reveals why some nations were so much more successful in combating this new threat than others. He shows how the challenge of dealing with this new form of terrorism led to the fundamental modernization of policing in many countries and also discusses its impact on criminology and international law.

The Spectator

Representing a unique reference tool for readers interested in history, criminology, or terrorism, this book provides the most complete and up-to-date coverage of assassinations of key figures throughout history and around the world. Effecting the death of a political figure, a leader of a nation, or a public figure usually captures people's attention. But how often is assassination effective to achieve the larger objective beyond the death of the targeted individual? Famous Assassinations in World History: An Encyclopedia offers more than 200 entries on assassinations of all kinds that will allow readers to grasp the often-complex motivating factors behind each event and better understand historical and contemporary social unrest. Each entry identifies the assassination target and summarizes that person's significance; discusses the person's assassination, including the factors that led up to it and its political and cultural contexts; and explains the powerful effects of the assassination in world history. The encyclopedia also includes various sidebars that spotlight relevant individuals, groups, and movements and present intriguing factoids such as the final disposition of notorious assassins' weapons and various films and novels that were inspired by famous assassinations. In addition, 23 primary source documents provide accounts of assassinations throughout world history.

The Battle against Anarchist Terrorism

This resource covers the life, times, and relationships of Queen Victoria, providing information about her children, her personal interests, the historic times in which she ruled, and the leaders she influenced. In this fascinating guide to every aspect of Queen Victoria's life, author Helen Rappaport analyzes the queen's personality, celebrates her achievements, and details the shortcomings of her empire, both in Britain, with its continuing divide between rich and poor, and overseas, where Britain's great empire was won by repression and exploitation. A–Z entries—including topics barely touched in standard biographies—cover things like the various assassination attempts on her life, her interest in dancing and Jack the Ripper's murders, and how her husband Prince Albert introduced the celebration of Christmas to England. Queen Victoria also describes individuals such as her companion Lady Jane Churchill, her physician Sir James Clark, and politicians such as William Gladstone and Benjamin Disraeli; events like the Irish potato famine; inventions like steam power; and issues such as missionary activity and prostitution. It also includes bibliographies both for each entry and overall, and a chronology.
