Realms of Time

"Definitely the best of the series!" "Felt like I was part of the team--so much flippen fun." "Devoured it. Ready for the next book, like right NOW."-----Welcome to the fourth installment of the Scrapyard Ship series, Realms of Time. Captain Jason Reynolds and his team are up against a new, and unexpected foe--an adversarial force that has every intention of aligning with the powerful and dreaded Craing Empire. The enemy strikes from Earth's high orbit, deploying five time-shifting spheres. The spheres are strategically positioned to link-up and set Earth's clock back 100 years, erasing present time. But when that course of action is interrupted by The Lilly's crew, the results become far worse. Fluctuating time realms rapidly spread across the globe and threaten to rip the planet apart. Join Jason, Billy, Traveler, Ricket and Dira on their mission as they literally travel to the ends of time to bring Earth back to the twenty-first century.

Hab 12

"Buckle up--this is another crazy ride!" The Scrapyard Ship sci-fi "cliff-hanger" adventures continue with HAB 12, the second book in the series: Captain Jason Reynolds faces new challenges, not only on Earth but from the far side of the universe as well. The only way to stop the Craing this time will be to square off with them on their home turf. Jason's been informed that three powerful Craing warships, having similar technology as The Lilly, will soon be en route to Earth. The Alliance must destroy the Craing's wormhole means of distant space travel to avert Earth's total annihilation. Unfortunately, there's no way to reach the Craing worlds in time, at least not through conventional means. It's up to Jason and his hand-picked assault team to traverse, by advanced phase-shifting means, through the hazardous environment of HAB 12. This is an adventure fraught with carnivores of a Jurassic Age magnitude, and a terrain so deadly that turning back may be their only hope of survival. Note from the

author: Don't be surprised by cliff-hanger endings. I'll do my best to keep Scrapyard Ship as well as the Tapped In series books coming so you won't have long to wait for the next book. Enjoy!

Scrapyard Legacy

Better buckle up ... the Scrapyard Ship gang is back for a new interstellar romp!... Over the past year, things have been relatively peaceful within the Planetary Alliance. Captain Jason Reynolds is looking forward to a fishing trip in the deep wilderness on Alantia Dastile with Michael, his six-year-old son. His wife, Dira, and his father, the Fleet Omni, are away on a diplomatic mission to the Sommis of Adriark. It's the perfect time for an interstellar getaway. Or is it? Jason just needs to check on one thing first--a flurry of mechanical issues recently plaguing the Parcical, the Omni's Rogue Class spacecraft--something about a Zoo habitat using increasing amounts of the vessel's memory, that and a flurry of malfunctions with onboard Caldurian technologies. Caught off guard, it's soon discovered; a different kind of war is coming. The Alliance is not prepared. The U.S. Fleet is not prepared. A new enemy rears its ugly head and quickly becomes the dominant force within the sector. For those who survive the coming rampage -- the coming war -- everything will change. The Scrapyard Ship gang unites one more time for this action-packed adventure. Together, they will endeavor to give the Planetary Alliance a fighting chance against almost certain devastation that's heading toward the Sol system.

Space Vengeance

"I LOVED this book!" "Great Book!" "Get Another Fix!" "Fun and Great Series!" "The crazy ride continues... and never lets up!" Captain Jason Reynolds is back! In the third installment of the Scrapyard Ship sci-fi adventure series, Space Vengeance, Jason, his family, and The Lilly's crew face the impending destruction of their internal nano-devices. What's worse, what remains of the Craing fleet, some 1500 warships, is back and headed straight toward the already decimated planets within Allied space. In what looks to be a one-way suicide mission, Jason must leave Nan and Mollie behind on Earth and out of harm's way. While war rages on sixty light years from Earth, maniacal space raider Captain Stalls and hundreds of his pirated warships close in on Earth. Stalls knows exactly what he wants: to find and kill Captain Reynolds and take the beautiful Nan Reynolds for his own. Note from the author: If you've made it to this third installment, you already realize this is an ongoing series. With that said, more often than not these books have cliff-hanger endings!

Plague Ship

Chairman Juan Cabrillo and the rest of the Corporation's mercenaries fight to stop a corrupt activist group from unleashing a viral attack in this #1 New York Times bestselling adventure from the Oregon Files. Captained by the rakish, one-legged Juan Cabrillo and manned by a crew of former military and spy personnel, the Oregon is a private enterprise, available for any government agency that can afford it. They've just completed a top secret mission against Iran in the Persian Gulf when they come across a cruise ship adrift at sea. Hundreds of bodies litter its deck, and, as Cabrillo tries to determine what happened, explosions rack the length of the ship. Barely able to escape with his own life and that of the liner's sole survivor, Cabrillo finds himself plunged into a mystery as intricate -- and as perilous -- as any he has ever known and pitted against a cult with monstrously lethal plans for the human race. . . plans he may already be too late to stop

Strengthening Forensic Science in the United States

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While

this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Starship Alexander

A washed-up captain. A worn-out ship. A crew of green cadets. And they're Earth's only hope. The Alexander is the last true warship, a relic from the days of interstellar war. She's destined for the scrapyards, and her captain, Richard Hammett, is about to retire. Their last mission is a training run with a ship full of cadets. It's supposed to be a routine hop through a wormhole Gate. But Gates have been going offline, one after another, and Hammett knows in his bones it means trouble. The kind of trouble only a real warship can handle. Defying orders, he takes the Alexander through another Gate, and puts the ship smack dab in the path of an alien invasion. Now a captain at the end of his career will have to take dozens of terrified cadets and forge them into a crew of warriors, because the Alexander is all that stands between the Earth and the swarming ships of the Hive.

Gun Ship

Fifty years have passed since the first Earth Day, on 22 April 1970. This accessible, incisive and timely collection of essays brings together a diverse set of expert voices to examine how the Earth's environment has changed over this past half century, and what lies in store for our planet over the coming fifty years. *Earth 2020: An Insider's Guide to a Rapidly Changing Planet* responds to a public increasingly concerned about the deterioration of Earth's natural systems, offering readers a wealth of perspectives on our shared ecological past, and on the future trajectory of planet Earth. Written by world-leading thinkers on the front-lines of global change research and policy, this multi-disciplinary collection maintains a dual focus: some essays investigate specific facets of the physical Earth system, while others explore the social, legal and political dimensions shaping the human environmental footprint. In doing so, the essays collectively highlight the urgent need for collaboration across diverse domains of expertise in addressing one of the most significant challenges facing us today. *Earth 2020* is essential reading for everyone seeking a deeper understanding of the past, present and future of our planet, and the role of humanity in shaping this trajectory.

Earth 2020: An Insider's Guide to a Rapidly Changing Planet

Examines differences in taste between modern French classes, discusses the relationship between culture and politics, and outlines the strategies of pretension.

Distinction

An ancient starship discovered...An eternal enemy revealed...An impossible mission to save humankind...The Goliath has been discovered, the first of its secrets revealed. Now the race is on for Captain Mitchell Williams and his crew to return to Liberty and recover Origin's lost memories before the enemy can complete its violent conquest. It's a mission with a near-zero chance of success. A mission that only the Riggers would be crazy enough to accept, and skilled enough to survive. A mission that will test the limits of Mitchell's mind, body, and soul, and force him to make an impossible choice that could cost the lives of millions. This is war, and if he can't win a battle for a single planet, how can he possibly change the outcome of a conflict that has raged beyond eternity?

The End of Liberty (War Eternal, Book Two)

The Weightless World

A funny, colorful, fascinating tour through the work and life of one of today's most influential graphic designers. Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and

presents the process behind his design with projects like Field Notes and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, Pretty Much Everything is the complete package

Draplin Design Co.

Move Over, Buffy! Tinker Not Only Kicks Supernatural Butt Shes a Techie Genius, Too! Inventor, girl genius Tinker lives in a near-future Pittsburgh which now exists mostly in the land of the elves. She runs her salvage business, pays her taxes, and tries to keep the local ambient level of magic down with gadgets of her own design. When a pack of wargs chase an Elven noble into her scrap yard, life as she knows it takes a serious detour. Tinker finds herself taking on the Elven court, the NSA, the Elven Interdimensional Agency, technology smugglers and a college-minded Xenobiologist as she tries to stay focused on what’s really important her first date. Armed with an intelligence the size of a planet, steel toed boots, and a junk yard dog attitude, Tinker is ready to kick butt to get her first kiss. At the publisher’s request, this title is sold without DRM (Digital Rights Management). “Each and every character is fascinating, extraordinarily well-developed, and gets right under your skin. . . . A terrific, memorable story.” ³/₄Julie E. Czerneda, author of *In the Company of Others* “Spencer takes her readers on a fast-paced journey into disbelief. [Her] timing is impeccable and the denouement stunning.” ³/₄Romantic Times (four-star review) “This novel [Alien Taste] is keeper-shelf material.” ³/₄BookBrowser “Wonderfully inventive . . . a fun protagonist.” ³/₄Locus

Tinker

The Great Space They knew the day would come--the day when Earth itself would come under direct attack by the Craing. After destroying much of Jhardon and the Mau planet of Carz-Mau, an elite Vanguard fleet of seven Craing dreadnaughts, planet killers, enters Earth's orbit. Captain Jason Reynolds and the crew aboard his Caldurian ship, The Lilly, are once again pulled into action to fend off what just might be their most ruthless and powerful adversary yet. In an unanticipated turn of events, thousands of molt weevils are unleashed on Earth, swarming insectoid aliens with one intent ... kill every man, woman, and child on the surface of the planet. Nan and Mollie must utilize their own cunning and resourcefulness to stay alive long enough to be rescued.

The Great Space

“TRANSMISSION is riveting, unexpected, and firmly rooted in strong psychological profiles backed with thriller and sci-fi elements: what more could readers wish for? (Just the quick publication of Book Two, Arrival.)” --Midwest Book Review From #1 worldwide bestselling fantasy author Morgan Rice comes book #3 in a long-anticipated science fiction series. With planet Earth destroyed, what will become of 13 year old Kevin and Chloe in the mother ship? Will the aliens enslave them? What do they want? Is there any hope of escape? And will Kevin and Chloe ever return to Earth again? “Action-packed Rice’s writing is solid and the premise intriguing.” –Publishers Weekly, re *A Quest of Heroes* “A superior fantasy... A recommended winner for any who enjoy epic fantasy writing fueled by powerful, believable young adult protagonists.” –Midwest Book Review, re *Rise of the Dragons* “An action packed fantasy sure to please fans of Morgan Rice’s previous novels, along with fans of works such as *THE INHERITANCE CYCLE* by Christopher Paolini.... Fans of Young Adult Fiction will devour this latest work by Rice and beg for more.” –The Wanderer, *A Literary Journal* (regarding *Rise of the Dragons*) Book #4 in the series is also now available! Also available are Morgan Rice’s many series in the fantasy genre, including *A QUEST OF HEROES (BOOK #1 IN THE SORCERER’S RING)*, a free download with over 1,300 five star reviews!

Ascent (The Invasion Chronicles—Book Three): A Science Fiction Thriller

The Hidden Ship - Blurb I am Brian Polk, a captain in the U.S. Air Force. Was already back stateside for close to a year when all hell broke loose--otherwise I'd be dead right now--like the tens of millions of other poor souls lost. Military installations worldwide were the first targets hit. It was a reign of terror--an interstellar invasion--the beginning of the end of civilization as we knew it. The largest cities were turned to rubble. Government centers were laid to waste, then law enforcement resources were targeted. Finally, the aliens eliminated humanity's means to electronically communicate. The Earupitan's technology, their weaponry, was so remarkable and advanced that we never had a chance. But now, two years later, we're long past self-incrimination--playing the blame game. Today they walk

brazenly among us-their reptilian eyes always watchful, always scrutinizing. At their discretion they drag any of us into their headquarters. Most seized never see the light of day after that. Many of us live in fear, wondering what's next for humanity. Then again, there are some amongst us who have befriended the enemy. But not me. I'm far more interested in killing them, maybe all of them. Luckily, I possess something of theirs. Something dangerous. So in my own small way I just might make a difference-that, or die trying.

The Hidden Ship

For the first time ever, Bill Willingham's acclaimed, Eisner Award-winning series FABLES is presented in a deluxe hardcover edition collecting issues #1-10. When a savage creature known only as the Adversary conquered the fabled lands of legends and fairy tales, all of the infamous inhabitants of folklore were forced into exile. Disguised among the normal citizens of modern-day New York, these magical characters have created their own peaceful and secret society within an exclusive luxury apartment building called Fabletown. When Snow White's party-girl sister, Rose Red, is apparently murdered, it's up to Fabletown's sheriff, the reformed and pardoned Big Bad Wolf, to find the killer. Meanwhile, trouble of a different sort brews at the Fables' upstate farm where non-human inhabitants are preaching revolution – and threatening Fabletown's carefully nurtured secrecy.

Fables: The Deluxe Edition Book One

First Contact: Assess human with the flawed, rudimentary, mind ... It's a moonless summer night when a severely damaged intergalactic spacecraft enters Earth's upper orbit. The alien pilot is desperate. Needs to hold up long enough to make repairs--do so before his pursuers find him. Cuddy Perkins lives a simple life with his mother, his dog Rufus, and a scattering of farm animals that still inhabit their old, dilapidated, Woodbury Tennessee ranch. He was used to the insults; retard ... simpleton ... village idiot. Momma says to just ignore them ... people can be heartless. But Cuddy already knew he was different. Ever since the accident back when he was seven. He didn't know how long ago that was, exactly, but he did know he was pretty big now--he was taller than his older brother, Kyle ... who was in prison, as well as the Woodbury Sheriff--the man who put him there. Unbeknownst to Cuddy Perkin's, his simple, uneventful, life was about to be turned completely upside down.

The Simpleton

This is a study of the material life of information and its devices; of electronic waste in its physical and electronic incarnations; a cultural and material mapping of the spaces where electronics in the form of both hardware and information accumulate, break down, or are stowed away. Where other studies have addressed "digital" technology through a focus on its immateriality or virtual qualities, Gabrys traces the material, spatial, cultural and political infrastructures that enable the emergence and dissolution of these technologies. In the course of her book, she explores five interrelated "spaces" where electronics fall apart: from Silicon Valley to Nasdaq, from containers bound for China to museums and archives that preserve obsolete electronics as cultural artifacts, to the landfill as material repository. Digital Rubbish: A Natural History of Electronics describes the materiality of electronics from a unique perspective, examining the multiple forms of waste that electronics create as evidence of the resources, labor, and imaginaries that are bundled into these machines. Ranging across studies of media and technology, as well as environments, geography, and design, Jennifer Gabrys draws together the far-reaching material and cultural processes that enable the making and breaking of these technologies.

Digital Rubbish

Focusing on the arcades of 19th-century Paris--glass-roofed rows of shops that were early centers of consumerism--Benjamin presents a montage of quotations from, and reflections on, hundreds of published sources. 46 illustrations.

USS Hamilton

****Winner of the Financial Times and Goldman Sachs Business Book of the Year Award**** 'Brad Stone's definitive book on Amazon and Bezos' The Guardian 'A masterclass in deeply researched investigative financial journalism . . . riveting' The Times The definitive story of the largest and most influential company in the world and the man whose drive and determination changed business forever. Though Amazon.com started off delivering books through the mail, its visionary founder, Jeff Bezos, was

never content with being just a bookseller. He wanted Amazon to become 'the everything store', offering limitless selection and seductive convenience at disruptively low prices. To achieve that end, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now... Jeff Bezos stands out for his relentless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way that Henry Ford revolutionised manufacturing. Amazon placed one of the first and largest bets on the Internet. Nothing would ever be the same again.

The Arcades Project

Craing Dominion, Book 5 of the best-selling Scrapyard Ship series. Truly dark times have come to the Allied forces, the crew of The Lilly, and Earth -- we knew they were coming but nothing will have prepared you for this ...With the introduction of Craing commander Ot-Mul, there's a new standard for evil that will not only shape the rest of this series, but Science Fiction literature as a whole. Join Captain Jason Reynolds as he ventures into the proverbial lion's den in a last ditch effort to even the playing field with the Craing -- an empire that has embarked on a pursuit that will guarantee their de facto dominance for millennia to come.

The Everything Store: Jeff Bezos and the Age of Amazon

Winner of the Wellcome Book Prize 2017. Longlisted for the Man Booker International Prize 2016. Now a major French film, REPARER LES VIVANTS/HEAL THE LIVING, directed by Katell Quillevere and starring Emmanuelle Seigner. A twenty-four-hour whirlwind of death and life. In the depths of a winter's night, the heart of Simon Limbeau is resting, readying itself for the day to come. In a few hours' time, just before six, his alarm will go off and he will venture into the freezing dawn, drive down to the beach, and go surfing with his friends. A trip he has made a hundred times and yet, today, the heart of Simon Limbeau will encounter a very different course. But for now, the black-box of his body is free to leap, swell, melt and sink, just as it has throughout the years of Simon's young life. 5.50 a.m. This is his heart. And here is its story. Translated from the French by Jessica Moore

Craing Dominion

Based on first-hand experience with companies such as Volvo, BP, Proctor and Gamble, ICI and Fuji Xerox, Elkington defines the triple bottom line of 21st century business as profit, environmental sustainability and social responsibility.

Mend the Living

Bristol's Green Roots has drawn on the thoughts and memories of more than a hundred people who have worked in Bristol's environmental movement over the last 40 years to make our city, and the world, more sustainable, people-friendly and equal. Tracing the beginnings of organisations like Sustrans, Centre for Sustainable Energy and Bristol Friends of the Earth as well as the work of some of the extraordinarily dedicated sustainable businesses, community groups, initiatives and individuals, this publication celebrates the achievements of those who strive to make Bristol a better place to live. Bristol's Green Roots is a Schumacher Institute project supported by the Heritage Lottery Fund. It documents the history of Bristol's modern environmental movement to ensure that the achievements, successes and lessons learned over the past four decades are recorded for future generations.

Cannibals with Forks

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Beyond Observation is structured by the argument that the 'ethnographicness' of a film should not be determined by the fact that it is about an exotic culture – the popular view – nor because it has apparently not been authored – a long-standing academic view – but rather because it adheres to the norms of ethnographic practice more generally. On these grounds, the book covers a large number of films made in a broad range of styles across a 120-year period, from the Arctic to Africa, from the cities of China to rural Vermont. Paul Henley discusses films made within reportage, exotic melodrama and travelogue genres in the period before the Second World War, as well as more conventionally ethnographic films made for academic or state-funded educational purposes. The book explores the work of film-makers such as John Marshall, Asen Balikci, Ian Dunlop and Timothy Asch in the post-war period, considering ideas about authorship developed by Jean Rouch, Robert Gardner

and Colin Young. It also discusses films authored by indigenous subjects themselves using the new video technology of the 1970s and the ethnographic films that flourished on British television until the 1990s. In the final part of the book, Henley examines the recent work of David and Judith MacDougall and the Harvard Sensory Ethnography Lab, before concluding with an assessment of a range of films authored in a participatory manner as possible future models.

USS Hamilton

Carmer and Grit investigate a mysteriously magical flying circus in the follow-up to "a fun and frolicking middle grade adventure full of enough fantasy, humor and heart to make giddy even the most finicky reader." (BookPage) Shortly after saving the faeries of Skemantis, magician's apprentice Felix Carmer III and his faerie companion, Grit, head out to see the world. They soon come across a mysteriously magical flying circus. As they get to know the outlandish world of Rinka Tinka's Roving Wonder Show, it becomes clear there's something not quite normal about this circus or its inventor—and that recent airship disasters plaguing nearby Driftside City may have a sinister explanation. Fans of the Wildwood trilogy and Lockwood & Co. series will love the thrills and chills of Carmer and Grit, Book 2: The Crooked Castle as it takes readers up in the air with a flying circus, under the sea to the evil Unseelie kingdom, through a terrifying magical snowstorm, and on a chase with the menacing Wild Hunt.

Boy Gone

The author explores dozens of scriptural passages from the psalms, offering personal ideas and insights and sharing his testimony that "no matter what the trouble and trial of the day may be, we start and finish with the eternal truth that God is for us."--

Bristol's Green Roots

When a cluster of blazingly fast meteorites strikes Earth's upper stratosphere in the year 2129, they release three destabilizing elements into the atmosphere—Strongzine, Stradamine, and Starlox—which encircle the Earth's surface in a thick, partially solidified layer of cloud and begin to spew a constant stream of acid rain onto the surface below. Organic life forms are all but obliterated, and the human race is reduced to a tiny fraction of its population. This event is known as the Ruin. But five centuries later, humanity still survives. Cloudwalkers tells the story of Conn Brataich, a young man who lives a privileged life above the cloudbank, relying on his noble heritage—and the abilities it provides—to guide him through his beautiful but treacherous realm in the New York skylands, and Misty Casper, a Grounder who lives an arduous and somber life hundreds of feet below in the former subway tunnels of crumbling midtown Manhattan. Their two cultures live in uneasy, segregated codependence, rarely interacting until late one fall evening when, mysteriously, an experienced Cloudwalker of noble blood falls five hundred feet to his death. Conn is sent to recover the body in secret, but he doesn't expect to encounter Misty on the dangerous streets of the dying city. Their chance encounter triggers a domino effect that throws them both headlong into a struggle for their very survival. Conn and Misty soon discover that only by working together can they succeed, but first they'll have to put aside their preconceived notions about one another. Dark forces, long thought to have been expunged, have returned and are threatening to destroy both their ways of life. Through love, loss, and the looming threat of war, Misty and Conn will be forced to face their greatest fears for the sake of their very world and each other.

Beyond observation

300+ pages of diagrams, descriptions of techniques and a comprehensive overview of the role direct action plays in resistance—from planning an action, doing a soft blockade, putting up a treesit or executing a lockdown; to legal and prisoner support, direct action trainings, fun political pranks, and more. The DAM has been compiled and updated by frontline activists from around the US to help spread the knowledge and get these skills farther out in the world.

Carmer and Grit, Book Two: The Crooked Castle

Shipping and Logistics Management serves to consolidate the knowledge its authors have acquired from being educators and observers of the shipping industry. Against the background of a global business environment, it explains how the shipping market functions, examining the strategic and operational issues that affect entrepreneurs in this industry. The authors discuss global trends and strategies in the shipping business, looking at the role of logistics service providers and at how the

use of information technology can help shipping operations. Shipping and Logistics Management also aims to answer several important questions in the shipping industry, including: what are the shipping cost structures?, what are the patterns of sea transport? and how do companies in the shipping industry operate? An invaluable source of information for researchers and advanced, or graduate, students, Shipping and Logistics Management is also a useful reference for shipping practitioners and consultants.

For Times of Trouble

Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

Cloudwalkers

This updated edition of *The Secret State* revises Hennessy's picture of the Soviet threat that was presented to ministers from the last days of the Second World War to the 1960s. He maps the size and shape of the Cold War state built in response to that perceived threat, and traces the arguments successive generations of ministers, the military and civil servants have used to justify the British nuclear capability. He also adds new material exploring the threats presented by the IRA and radical Islamic terrorists post 9/11. In what circumstances would the Prime Minister authorize the use of nuclear force and how would his orders be carried out? What would the Queen be told and when? In this captivating new account, Peter Hennessy provides the best answers we have yet had to these questions.

Earth First! Direct Action Manual

Now available for the first time—more than 50 years after it was written—is the memoir of Michael Dillon/Lobzang Jivaka (1915–62), the British doctor and Buddhist monastic novice chiefly known to scholars of sex, gender, and sexuality for his pioneering transition from female to male between 1939 and 1949, and for his groundbreaking 1946 book *Self: A Study in Ethics and Endocrinology*. Here at last is Dillon/Jivaka's extraordinary life story told in his own words. *Out of the Ordinary* captures Dillon/Jivaka's various journeys—to Oxford, into medicine, across the world by ship—within the major narratives of his gender and religious journeys. Moving chronologically, Dillon/Jivaka begins with his childhood in Folkestone, England, where he was raised by his spinster aunts, and tells of his days at Oxford immersed in theology, classics, and rowing. He recounts his hormonal transition while working as an auto mechanic and fire watcher during World War II and his surgical transition under Sir Harold Gillies while Dillon himself attended medical school. He details his worldwide travel as a ship's surgeon in the British Merchant Navy with extensive commentary on his interactions with colonial and postcolonial subjects, followed by his "outing" by the British press while he was serving aboard *The City of Bath*. *Out of the Ordinary* is not only a salient record of an early sex transition but also a unique account of religious conversion in the mid-twentieth century. Dillon/Jivaka chronicles his gradual shift from Anglican Christianity to the esoteric spiritual systems of George Gurdjieff and Peter Ouspensky to Theravada and finally Mahayana Buddhism. He concludes his memoir with the contested circumstances of his Buddhist monastic ordination in India and Tibet. Ultimately, while Dillon/Jivaka died before becoming a monk, his novice ordination was significant: It made him the first white European man to be ordained in the Tibetan Buddhist tradition. *Out of the Ordinary* is a landmark publication that sets free a distinct voice from the history of the transgender movement.

Tom Clancy's The Division: New York Collapse

New York Collapse is an in-world fictionalized companion to one of the biggest video game releases of 2016: Tom Clancy's The Division from Ubisoft. Within this discarded survivalist field guide, written before the collapse, lies a mystery—a handwritten account of a woman struggling to discover why New York City fell. The keys to unlocking the survivor's full story are hidden within seven removable artifacts, ranging from a full-city map to a used transit card. Retrace her steps through a destroyed urban landscape and decipher her clues to reveal the key secrets at the heart of this highly anticipated game.

Tom Clancy's The Division:

The prequel novel to the highly anticipated latest entry in the blockbuster Tom Clancy franchise, THE DIVISION 2. When Society Falls, We Rise Months after the outbreak of a devastating global pandemic that started in New York City on Black Friday, traces of rebirth are spreading across the United States. Spring has come to the nation, and with it a glimmer of hope as civilians band together in settlements, trying to carve out a better life. Amidst a ruined government, a shattered infrastructure, and an eroding civilization, The Division – an autonomous unit of sleeper agents activated when all else fails – is all that protects the people from predators who would harm them, scavengers who would take from them, and oppressors who would exploit them. Aurelio Diaz is one of those agents. A man of great honor, he is on the hunt for one of his colleagues who inexplicably abandoned his duty and caused the death of multiple civilians. This trail leads him to April Kelleher, a resourceful civilian who traveled out of New York into a troubled American Midwest. There, she hopes to understand why her husband was murdered and if an antiviral to the deadly disease exists. Together, Agent Diaz and April soon uncover an imminent threat to the future of the country. They must act to preserve civilization's last hope to stop a new virus and save itself from a final collapse.

The World of Tom Clancy's The Division

Incisive lore and detailed art in a cunningly designed hardcover that will bring readers into the ravaged streets of New York City and Washington DC as seen in Ubisoft's record-breaking videogame series! On Black Friday, a deadly biological attack was thrust upon the populace of New York. Within weeks, millions lay dead, and the city was placed under quarantine. The only force with any hope of restoring order are the embedded agents of the SHD--more commonly known as the Division. Despite the quarantine, the infection continues to spread across the country. Amidst a ruined government, a shattered infrastructure, and an eroding civilization, the Division is now called to action in Washington DC--but if the agents fail, the capital will fall, and the nation with it. The World of Tom Clancy's The Division is the meticulously crafted result of a partnership between Dark Horse books and Ubisoft Entertainment, offering readers a unique insight into the chaotic and dangerous world of the hit games. Don't miss this opportunity to learn all there is to know about the tactical methods, the high-tech tools, and the all-important mission of the Division!

Tom Clancy's The Division: Extremis Malis

The perfect introduction to the post-pandemic world of Ubisoft's record-breaking video game series, this graphic novel follows Division agent Caleb Dunne from New York City to Washington, D.C. in pursuit of the mysterious woman who murdered his partner. This prequel to Tom Clancy's The Division 2 is a must-have for fans of intrigue and tales of survival. Months after a bioweapon attack devastated New York City, the Division agents are the last hope of a United States struggling to hold itself together. During a mission gone horribly wrong, Division agent Caleb Dunne's partner is gruesomely killed and Dunne vows to track down the mysterious woman responsible. Known only as Mantis, Dunne pursues her to Philadelphia, Fort Meade, and eventually Washington, D.C., enlisting the help of fellow agents Heather Ward and Brian Johnson along the way. Together, this newly-formed group of agents uncover a much larger scheme that poses a grave threat to a nation already on the brink of total collapse.

Tom Clancy's The Division: Remission

After a deadly biological attack in New York city triggered a global pandemic, society is on the brink of collapse. The Division—an autonomous unit of civilian sleeper agents—was activated as the last

line of defense. In this prequel to the Tom Clancy's The Division® 2, four survivors fight to protect Washington, DC, from violent factions. Months after a bioweapon attack devastated New York City and provoked a global pandemic, the Division agents are still fighting to bring order, stability, and justice to communities shattered by this catastrophic event. When various factions, vying for power in the wake of the crisis, seek to claim the future of Washington, DC, for themselves, the Division is called to take on these new threats and protect the capital of the United States. The paths of four survivors, once childhood friends, deviate as they find themselves entangled in the vicious civil unrest. One of them, Bruce, is an experienced combatant and a member of the Division. When the Hyenas—a lawless and particularly violent group—orchestrate a hostage attack, a massive manhunt is launched against them; but Bruce is far from imagining that amid the chaos, anarchy, and guerilla warfare, the truth behind a long unsolved disappearance and a uniting link will be revealed. Discover the thrilling events leading up to The Division 2 in this explosive story written by JD Morvan (Merlin, Wake) with art by the studio The Tribe. Localized from an original French publication.

Broken Dawn

"Months after the outbreak of a devastating global pandemic that started in New York City on Black Friday, traces of rebirth are spreading across the United States. Spring has come to the nation, and with it a glimmer of hope as civilians band together in settlements, trying to carve out a better life. Amidst a ruined government, a shattered infrastructure, and an eroding civilization, The Division - an autonomous unit of sleeper agents activated when all else fails - is all that protects the people from predators who would harm them, scavengers who would take from them, and oppressors who would exploit them. Aurelio Diaz is one of those agents. A man of great honor, he is on the hunt for one of his colleagues who inexplicably abandoned his duty and caused the death of multiple civilians. This trail leads him to April Kelleher, a resourceful civilian who traveled out of New York into a troubled American Midwest. There, she hopes to understand why her husband was murdered and if an antiviral to the deadly disease exists. Together, Agent Diaz and April soon uncover an imminent threat to the future of the country. They must act to preserve civilization's last hope to stop a new virus and save itself from a final collapse." -- Amazon.

Tom Clancy's The Division: Recruited

A newly recruited agent is the Strategic Homeland Division's best hope to prevent a nefarious plot from ripping the agency apart, in this brand new post-apocalyptic thriller from Tom Clancy's The Division® Maira Kanhai has had enough: since the Green Poison epidemic hit DC, her Cybersecurity degree is worthless, she can't rejoin the US Navy, and her early efforts to secure Maryland led to a costly mistake: the death of her brother. Every day new factions emerge, trying to burn her city to the ground – until the Division emerges, inspiring hope. When a grenade kills one of their agents, Maira suddenly has a chance to make a real difference as a raw new Division recruit ... if she can pass the tests, and overcome the enemies plotting to permanently eliminate the Division once and for all.

Tom Clancy's The Division: Extremis Malis #1

Months after a bioweapon attack devastated New York City, the Division agents are the last hope of a United States struggling to hold itself together. During a mission gone horribly wrong, Division Agent Caleb Dunne's partner is gruesomely killed and Dunne vows to track down the mysterious woman responsible. As he gathers clues to her whereabouts, he uncovers a grave threat to a nation already on the brink of total collapse. A must-have for fans of intrigue and tales of survival, this comics series is the perfect introduction to the post-pandemic world of Tom Clancy's The Division 2, the sequel to Ubisoft's record-breaking videogame Tom Clancy's The Division.

Red Storm Rising

ADVENTURE / THRILLER. The Muslim terrorists who destroyed the Soviet Union's largest petro-chemical plant thought they were striking a blow for freedom. What they had done, unknowingly, was fire the first shots in World War III. Desperately short of oil, the Kremlin hawks see only one way of solving their problem: seize supplies in the Persian Gulf. To do that, they must first neutralize NATO's forces and eliminate their response?nd so they develop Red Storm, a dazzling master plan of diplomatic subterfuge and intense re-armament. The battle lines are drawn and Armageddon beckons.

Tom Clancy's Ghost Recon Wildlands - Dark Waters

Action-packed and intense from beginning to end, this prequel novel sets the stage for the hit video game Tom Clancy's Ghost Recon Wildlands. At the tip of the spear of the US Army's unconventional warfare response forces stands a group of highly specialized and incredibly skilled Special Forces soldiers: the Ghosts. INDIVIDUALLY, THEY ARE GREAT. TOGETHER, THEY ARE UNBEATABLE. When a group of renegade Venezuelan soldiers seize control of the no-man's land in the middle of the Amazonian Jungle, the Ghosts are tapped to get the US citizens being held hostage there out safely. Newly promoted to team lead, Nomad finds himself going in-country with two new squadmates, little preparation, dubious intel and no backup. Still, they have no choice but to go in half blind as time is running short for the captives. And when faced with a difficult choice deep in enemy territory, the Ghosts must learn to stand together as a team, or fail. Action-packed and intense from beginning to end, this novel sets the stage for the hit video game Tom Clancy's Ghost Recon Wildlands.

Artificial Intelligence and Games

This is the first textbook dedicated to explaining how artificial intelligence (AI) techniques can be used in and for games. After introductory chapters that explain the background and key techniques in AI and games, the authors explain how to use AI to play games, to generate content for games and to model players. The book will be suitable for undergraduate and graduate courses in games, artificial intelligence, design, human-computer interaction, and computational intelligence, and also for self-study by industrial game developers and practitioners. The authors have developed a website (<http://www.gameaibook.org>) that complements the material covered in the book with up-to-date exercises, lecture slides and reading.

The Cardinal of the Kremlin

In this electrifying #1 New York Times bestselling thriller from Tom Clancy, a silent war between the USA and Russia will decide the fate of the world—and Jack Ryan is behind enemy lines. Two men possess vital data on Russia's Star Wars missile defense system. One of them is CARDINAL—America's highest agent in the Kremlin—and he's about to be terminated by the KGB. The other is the one American who can save CARDINAL and lead the world to the brink of peace...or war.

Paratextualizing Games

Gaming no longer only takes place as a ›closed interactive experience‹ in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

Tom Clancy's The Division: Compromised

Thanks to the Division, hope is finally within reach – until a war between Gulf Coast factions exposes an old, brutal foe in this heart-stopping adventure from Tom Clancy's The Division®. Ever since the Green Poison epidemic transformed the United States, the Division has worked tirelessly to push the nation back from the brink of collapse. The new food infrastructure brings hope... until Division agent Maira Kanhai finds an alarming disruption in the critical Texan oil refineries: a group of environmental extremists set on keeping the transformed world free from fossil fuels. When Maira's Division cell is dispatched to secure the area, they discover a private military outfit acting as warlords of the hurricane-ravaged communities. As tensions between the factions come to a head, an old enemy emerges intending to destroy the Division, forcing Maira into a choice that will make her a hero or villain, and question what the Division stands for.

First Platoon

A powerful story of war in our time, of love of country, the experience of tragedy, and a platoon at the center of it all. This is a story that starts off close and goes very big. The initial part of the story might sound familiar at first: it is about a platoon of mostly nineteen-year-old boys sent to Afghanistan, and

an experience that ends abruptly in catastrophe. Their part of the story folds into the next: inexorably linked to those soldiers and never comprehensively reported before is the U.S. Department of Defense's quest to build the world's most powerful biometrics database, with the ability to identify, monitor, catalog, and police people all over the world. First Platoon is an American saga that illuminates a transformation of society made possible by this new technology. Part war story, part legal drama, it is about identity in the age of identification. About humanity—physical bravery, trauma, PTSD, a yearning to do right and good—in the age of biometrics, which reduce people to iris scans, fingerprint scans, voice patterning, detection by odor, gait, and more. And about the power of point of view in a burgeoning surveillance state. Based on hundreds of formerly classified documents, FOIA requests, and exclusive interviews, First Platoon is an investigative exposé by a master chronicler of government secrets. First Platoon reveals a post-9/11 Pentagon whose identification machines have grown more capable than the humans who must make sense of them. A Pentagon so powerful it can cover up its own internal mistakes in pursuit of endless wars. And a people at its mercy, in its last moments before a fundamental change so complete it might be impossible to take back.

The Sum of All Fears

'A whiz-bang page-turner!' New York Times Book Review Peace may finally be at hand in the Middle East, as Jack Ryan, Deputy Director of Intelligence for the CIA, lays the groundwork for a plan that could end centuries of conflict. But ruthless terrorists have a final, desperate card to play: a nuclear weapon hidden somewhere in the United States. With one terrible act, distrust mounts, forces collide, and the floundering U.S. president seems unable to cope with the crisis. With the world on the verge of nuclear disaster, Ryan must frantically seek a solution - before the chiefs of state lose control of themselves and the world.

Tom Clancy's HAWX

The skies will never be the same after this pulse-pounding thriller based on Ubisoft's bestselling game, Tom Clancy's H•A•W•X®. Just as former football player Troy Loensch comes into his own as a United States Air Force pilot, the world of warfare changes. A private military contractor called Firehawk takes over more and more operational Air Force programs. It turns out that Troy's uneasiness flying for the contractor isn't unfounded. And when the CIA asks Troy for help investigating Firehawk, he accepts—with explosive consequences...

Red Army

From the cockpit of a MIG to the foot soldiers and tankers on the scarred, bloody battlefields to the four-star general commanding the attack, Red Army is a riveting portrayal of modern war--and of human strengths and weaknesses. Seen entirely through Russian eyes, this extraordinary novel is destined to become a classic.

The World of Tom Clancy's The Division

Incisive lore and detailed art in a cunningly designed hardcover that will bring readers into the ravaged streets of New York City and Washington DC as seen in Ubisoft's record-breaking videogame series! On Black Friday, a deadly biological attack was thrust upon the populace of New York. Within weeks, millions lay dead, and the city was placed under quarantine. The only force with any hope of restoring order are the embedded agents of the SHD--more commonly known as the Division. Despite the quarantine, the infection continues to spread across the country. Amidst a ruined government, a shattered infrastructure, and an eroding civilization, the Division is now called to action in Washington DC--but if the agents fail, the capital will fall, and the nation with it. Don't miss this opportunity to learn all there is to know about the tactical methods, the high-tech tools, and the all-important mission of the Division!

The Main Enemy

A landmark collaboration between a thirty-year veteran of the CIA and a Pulitzer Prize-winning journalist, The Main Enemy is the dramatic inside story of the CIA-KGB spy wars, told through the actions of the men who fought them. Based on hundreds of interviews with operatives from both sides,

The Main Enemy puts us inside the heads of CIA officers as they dodge surveillance and walk into violent ambushes in Moscow. This is the story of the generation of spies who came of age in the shadow of the Cuban missile crisis and rose through the ranks to run the CIA and KGB in the last days of the Cold War. The clandestine operations they masterminded took them from the sewers of Moscow to the back streets of Baghdad, from Cairo and Havana to Prague and Berlin, but the action centers on Washington, starting in the infamous "Year of the Spy"—when, one by one, the CIA's agents in Moscow began to be killed, up through to the very last man. Behind the scenes with the CIA's covert operations in Afghanistan, Milt Bearden led America to victory in the secret war against the Soviets, and for the first time he reveals here what he did and whom America backed, and why. Bearden was called back to Washington after the Soviets withdrew from Afghanistan and was made chief of the Soviet/East Euro-pean Division—just in time to witness the fall of the Berlin Wall, the revolutions that swept across Eastern Europe, and the implosion of the Soviet Union. Laced with startling revelations—about fail-safe top-secret back channels between the CIA and KGB, double and triple agents, covert operations in Berlin and Prague, and the fateful autumn of 1989—The Main Enemy is history at its action-packed best.

Larry Bond's Red Dragon Rising: Shadows of War

More than twenty-five years ago, Larry Bond helped Tom Clancy write *Red Storm Rising*, the iconic techno thriller of the Cold War era. Now he returns (with Jim DeFelice) to start a classic series for our era, Larry Bond's *Red Dragon Rising*, which imagines the globe torn apart by climate change and its economic and geopolitical fallout. In book one of this four-book series, rapid climate change leads to mass riots in China, and a new communist premier seeks to relieve pressure by marching on traditional Chinese enemies in Southeast Asia. Desperately coping with its own problems, the United States wants to avoid nuclear war at all costs—but ultimately must fight to preserve world peace. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Red vs. Blue

Discover everything you've always wanted to know about Simmons, Grif, Sarge, Donut, Tex, Sheila the tank, Caboose, Church, and the rest of the Red and Blue team members stationed in the box canyon known as Blood Gulch, with this full-color companion guide to the multiple-award-winning, long-running, comic science-fiction web series *Red vs. Blue*. In *Red vs. Blue: The Ultimate Fan Guide*, the series creators at Rooster Teeth bring together more than a decade's worth of ephemera and behind-the-scenes information. Inside you'll find: • Character dossiers • Character-driven lists, including "The Wisdom of Caboose" • Charts and statistics mapping out character, world, and episode trivia, such as how many times Simmons has sucked up to Sarge over the course of the series • The best *Red vs. Blue* quotes ever of all time • Alternate stories and unexplored character arcs • Spotlights on the *Red vs. Blue* cast and crew, who share unique anecdotes, behind-the-scenes stories, and insights into the award-winning series • Shooting scripts, including cut lines, deleted scenes, and trivia • More than 200 full-color images • And more!

Tom Clancy's Rainbow Six

Covers all new "Eagle Watch" missions In-depth strategies for planning every mission and for executing your strike with utmost precision Detailed intelligence maps for all "Rainbow Six" and "Eagle Watch" missions Dossiers on all 24 playable characters, including the new "Eagle Watch" operatives Covers all new "Eagle Watch" multiplayer modes Basic anti-terrorist tactics every aspiring Special Forces commando should know

Divided We Fall

David French warns of the potential dangers to the country—and the world—if we don't summon the courage to reconcile our political differences. Two decades into the 21st Century, the U.S. is less united than at any time in our history since the Civil War. We are more diverse in our beliefs and culture than ever before. But red and blue states, secular and religious groups, liberal and conservative idealists, and Republican and Democratic representatives all have one thing in common: each believes their distinct cultures and liberties are being threatened by an escalating violent opposition. This polarized tribalism, espoused by the loudest, angriest fringe extremists on both the left and the right, dismisses dialogue as appeasement; if left unchecked, it could very well lead to secession. An engaging mix of cutting edge research and fair-minded analysis, *Divided We Fall* is an unblinking look at the true

dimensions and dangers of this widening ideological gap, and what could happen if we don't take steps toward bridging it. French reveals chilling, plausible scenarios of how the United States could fracture into regions that will not only weaken the country but destabilize the world. But our future is not written in stone. By implementing James Madison's vision of pluralism—that all people have the right to form communities representing their personal values—we can prevent oppressive factions from seizing absolute power and instead maintain everyone's beliefs and identities across all fifty states. Reestablishing national unity will require the bravery to commit ourselves to embracing qualities of kindness, decency, and grace towards those we disagree with ideologically. French calls on all of us to demonstrate true tolerance so we can heal the American divide. If we want to remain united, we must learn to stand together again.

Aircraft Structures for Engineering Students

This book provides a self-contained course in aircraft structures which contains not only the fundamentals of elasticity and aircraft structural analysis but also the associated topics of airworthiness and aeroelasticity.

Area 51

From the deserts of Egypt, the Airlia brought forth human civilization to fight its battles about what did they leave behind? From the Age of the Gods to the Age of Man, one creature has watched from the shadows, waiting for his moment. Forged from the blood of the Airlia, with unspeakable strength and a terrifying thirst, he has shadowed human history from the beginning. His name is Nosferatu. And this is his story.

Tom Clancy's The Division

Someone is assassinating CIA field officers and Jake Keller's name is next on the list in the latest thrilling novel from the author Publishers Weekly calls "a fresh voice in the crowded spy thriller field." Jake doesn't know who is trying to kill him and he doesn't know why. Still, it's a threat he can't ignore. When his small plane crashes in the Alps, Jake is the only survivor. A rescue helicopter soon arrives, but the men inside are not there to save anyone. They are determined to complete the murderous job they started. Jake escapes from the mountainside deathtrap, but it won't be the only attempt on his life. If he's to have any chance at surviving, he'll have to find out who's behind the killings. But the circle of people Jake can trust is distressingly small as he suspects that someone inside the Agency is feeding his every move to the very people who are trying to end his life. Jake's quest takes him to the candle-lit cathedrals of Paris and the rain-slicked streets of London. He makes contact with old friends and new enemies along the way—but his true nemesis may be closer than he imagines.

Shadow Target

Dick Wolf, the celebrated creator of the Law & Order television franchise, makes his literary debut with *The Intercept*, a taut, driving thriller reminiscent of the classic *The Day of the Jackal*. Days before the July Fourth holiday and the dedication of One World Trade Center at Ground Zero, an incident aboard a commercial jet reminds everyone involved that vigilance saves lives. But New York Police detective Jeremy Fisk—from the department's Intelligence Division, a well-funded anti-terror unit modeled upon the CIA—suspects that the event is a warning sign that another, potentially more extraordinary scheme has been set in motion. So when a passenger from the same plane disappears into the crowds of Manhattan, it's up to Fisk and his partner Krina Gersten to find him before the celebrations begin... And time is running out.

The Intercept

Sam Fisher, once a Splinter Cell -- a clandestine operative operating in the shadows of the N.S.A. -- is now retired. His enemies, however, are not. Haunted by dreams and memories of his past, he struggles to put his life back together. But when a mysterious terrorist organization called KROWE begins pursuing targets around the globe, Sam's expertise is needed to uncover their endgame and stop them before the deadly plot unfolds. *Echoes* takes place between the events of *Splinter Cell Conviction* and *Splinter Cell Blacklist*. The series bridges the gap between the two games with a realistic, original story that sets the tone for the opening events in *Splinter Cell Blacklist*! From Nathan Edmondson, the acclaimed writer of *ULTIMATE IRON MAN*, *WHO IS JAKE ELLIS* and *THE ACTIVITY*

and Marc Laming, artist behind EXILE ON THE PLANET OF THE APES, THE RINSE, THE ACTIVITY and Dynamite's own KINGS WATCH comes a story of the Sam Fisher you only thought you knew.

Tom Clancy's Splinter Cell

Weeks into his pursuit of Mantis - the woman who murdered his partner - Division agent Caleb Dunne arrives in Philadelphia. Teaming up with fellow agent Heather Ward, he gathers clues to Mantis's whereabouts, running afoul of an aggressive militia called the Founders. *A must-have for fans of intrigue and tales of survival, this comics series is the perfect introduction to the post-pandemic world of Tom Clancy's The Division 2, the sequel to Ubisoft's record-breaking videogame Tom Clancy's The Division.

Tom Clancy's The Division: Extremis Malis #2

The author's "forgotten novel" about submarine warfare finds the United States at war and its underwater fleet carrying the burden of the conflict. Reprint.

SSN

The year is 2001, and American businessman Roger Gordian has extended his reach into space. His company has become the principal contractor in the design and manufacture of Orion, a multinational space station. But the launch of a shuttle carrying parts for the station is sabotaged. Mysterious guerrilla attacks occur at the manufacturing facilities in Brazil and Kazakhstan. And Gordian's deepest fears are confirmed... The Orion project has been targeted by an international terrorist whose criminal enterprises thrive on violence and political instability. Harlan De Vane's goal is to cripple Gordian's intelligence and security team, while stowing a high-powered electromagnetic pulse generator aboard Orion--a state-of-the-art weapon with the capacity to throw every major American city into chaos...

Shadow Watch

The standard-setting reference in medical toxicology—trusted as the leading evidencebased resource for poison emergencies A Doody's Core Title for 2017! For decades, one name has been synonymous with the most respected, rigorous perspectives on medical toxicology and the treatment of poisoned and overdosed patients: Goldfrank's Toxicologic Emergencies. Presented in full color, Goldfrank's delivers essential, patientcenteredcoverage of every aspect of poison management. The editors and authors are recognized as preeminent scholars in their specialties and provide unmatched coverage of all aspects of toxicologic emergencies, from pharmacology and clinical presentation to cutting-edge treatment strategies. Goldfrank's Toxicologic Emergencies, Tenth Edition begins with an examination of medical toxicology principles and techniques. It then reviews the biochemical, molecular, and pathophysiologic basis of toxicology, followed by an intense focus on toxicologic principles related to special patient populations. Features Case studies enhance your understanding of the clinical application of the text material Practical focus on the pathophysiologic basis of medical toxicology The Antidotes in Depth sections delivers the expertise of toxicologists across the world as they present treatments for critically ill poisoned and overdosed patients and allow you to easily identify key issues relating to the use of complex and often unfamiliar therapies The principles of risk management, medicolegal decision making, patient safety, post mortem toxicology and the assessment of ethanol induced impairment described in chapters and Special Considerations emphasize the interface between medical toxicology, the law, and quality care

Goldfrank's Toxicologic Emergencies, Tenth Edition (ebook)

THE ONLY HOPE AGAINST THE ULTIMATE DECEPTION In the clear blue skies above Long Island, two airplanes collide. Tony Stark watches the scene in horror and wishes he had the technology that is almost within his reach—a new hyperintelligent instant control system that could have given the aircraft advance warning. But Stark, an obsessive, increasingly troubled recluse, doesn't know that his invention has been compromised. In fact, the collision was a carefully crafted hit on Madame Hydra, the final stage in Arnim Zola's plan to seize control of HYDRA and get rid of Iron Man once and for all. The cunning adversary has already infiltrated Stark Industries security to develop a version of the instant control mechanism that will take over the armored suit and turn it against Stark and S.H.I.E.L.D. While Tony races to track down the source of the intrusion, Zola unleashes direly ingenious computer viruses and the ultimate secret weapon: a murderous clone army based on Stark's most trusted friend.

A puppet master of self-replicating terror, Zola is plunging a city into a war that threatens to consume all in its wake.

Iron Man: Virus

Shouldn't finding a life partner be more challenging than ordering a pizza? Welcome to Virtually Yours, a virtual dating app that provides all the proof of being in a relationship without actually being in one. With her career front of mind, Eva Estrella joins Virtually Yours, after a nudge from her sister, to alleviate some family pressure as she continues to look for her dream job in journalism. While Max Kittridge, a former child star in the middle of a divorce, takes a gig at Virtually Yours servicing multiple clients as a fake boyfriend. As they navigate their current circumstances, both Eva and Max find that sometimes what you're looking for is right in front of you. Virtually Yours is a rom-com for the digital age from writer Jeremy Holt and artist Elizabeth Beals. This exciting new collaboration includes letterer Adam Wollet, book designer Tim Daniel, and editor Kat Vendetti. Together, they present a refreshing take on a beloved genre that will appeal to anyone familiar with love in the time of the internet.

Virtually Yours

Two recent events have transformed the world: the collapse of the Soviet Union and the rise of militant Islam. This is the first book to explain the link between these two occurrences. George Crile spent nearly a decade researching and writing this original account of the biggest, most expensive secret war in history: the arming of the Afghan resistance to Soviet occupation. Moving from the secret chambers in CIA headquarters to stand-offs in the Khyber Pass, Charlie Wilson's War is one of the most thorough and vivid descriptions of CIA operations ever written. It is the missing chapter in the geopolitics of our time.

Charlie Wilson's War

Leading up to the events of the highly anticipated new Mirror's Edge™ game comes an exhilarating comic prequel that delves into the story of Faith, one of the most celebrated heroines in video games! Collects issues #1–#6 of the miniseries—the complete story in one volume! * Leads directly into the events of the new Mirror's Edge™ game!

Mirror's Edge: Exordium

A beautifully realized tome inspired by traditional Japanese aesthetics and featuring art from the delicately crafted video game from Sucker Punch Productions. Dark Horse Books and Sucker Punch Productions are honored to present The Art of Ghost of Tsushima. Explore a unique and intimate look at the Tsushima Islands--all collected into a gorgeous, ornately designed art book. Step into the role of Tsushima Island's last samurai, instilling fear and fighting back against the Mongolian invasion of Japan in the open-world adventure, Ghost of Tsushima. This volume vividly showcases every detail of the vast and exotic locale, featuring elegant illustrations of dynamic characters, spirited landscapes, and diagrams of Samurai sword-fighting techniques, along with a look at storyboards and renders from the most intense, eloquent, and expressive cinematic moments of the game.

The Third World War

The Art of Ghost of Tsushima

The Chrysalids

DigiCat Publishing presents to you this special edition of "The Chrysalids" by John Wyndham. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

A Canticle for Leibowitz

The contributors to Monster Theory consider beasts, demons, freaks and fiends as symbolic expressions of cultural unease that pervade a society and shape its collective behavior. Through a historical

sampling of monsters, these essays argue that our fascination for the monstrous testifies to our continued desire to explore difference and prohibition.

Monster Theory

The classic postapocalyptic thriller with “all the reality of a vividly realized nightmare” (The Times, London). Triffids are odd, interesting little plants that grow in everyone’s garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the country, attacking humans and inflicting pain and agony. William Masen somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction . . . With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and “an outstanding and entertaining novel” (Library Journal). “A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much.” —Ramsey Campbell, author of *The Overnight* “One of my all-time favorite novels. It’s absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery.” —Joe R. Lansdale, author of *Edge of Dark Water*

The Day of the Triffids

From fantasies to nightmares, what your dreams mean, how to remember them and how they affect your everyday life - it's all in here. You can use dreams as tools for better understanding of yourself, solving problems, or increasing creativity and productivity. Includes everything from how to remember your dreams to interpreting and acting upon them, plus a complete glossary of common dream topics and themes.

Everything You Need to Know about Dreams

A Mississippi town in 1964 gets riled when tempers flare at the segregated public pool. As much as Gloriana June Hemphill, or Glory as everyone knows her, wants to turn twelve, there are times when Glory wishes she could turn back the clock a year. Jesslyn, her sister and former confidante, no longer has the time of day for her now that she’ll be entering high school. Then there’s her best friend, Frankie. Things have always been so easy with Frankie, and now suddenly they aren’t. Maybe it’s the new girl from the North that’s got everyone out of sorts. Or maybe it’s the debate about whether or not the town should keep the segregated public pool open. Augusta Scattergood has drawn on real-life events to create a memorable novel about family, friendship, and choices that aren’t always easy.

Glory Be

When twelve-year-old Izzy discovers a beat-up baseball marked with the words "Because magic" while unpacking in yet another new apartment, she is determined to figure out what it means. What secrets does this old ball have to tell? Her mom certainly isn't sharing anyespecially when it comes to Izzy's father, who died before Izzy was born. But when she spends the summer in her Nana's remote New Mexico village, Izzy discovers long-buried secrets that come alive in an enchanted landscape of watermelon mountains, whispering winds, and tortilla suns. Infused with the flavor of the southwest and sprinkled with just a pinch of magic, this heartfelt middle grade debut is as rich and satisfying as Nana's homemade enchiladas.

Tortilla Sun

When young Devon is forbidden from marrying his beloved by the Elders of the agrarian Cypress Corners community, he begins to question not only their authority, but why the sky is metal and the ground is not, and other troubling questions.

Phoenix Without Ashes

After the death of her mother, Texas sixth-grader Lina's grades and mood drop as she watches her father lose himself more and more in books, while her best friend uses Lina as an excuse to secretly meet her boyfriend.

Confetti Girl

Experience the beginning of the Tripods' reign in this prequel to the classic alien trilogy ideal for fans of Rick Yancey's *The 5th Wave* and Margaret Peterson Haddix's *Shadow Children* series. When it comes to alien invasions, bad things come in threes. Three landings: one in England, one in Russia, and one in the United States. Three long legs, crushing everything in their paths, with three metallic arms, snacking out to embrace—and then discard—their helpless victims. Three evil beings, called Tripods, which will change life on Earth forever.

When the Tripods Came

Will and his friends return to the City of the Tripods—and risk their lives—in this second book of a classic alien trilogy ideal for fans of Rick Yancey's *The 5th Wave* and Margaret Peterson Haddix's *Shadow Children* series. When Will and his friends arrived at the White Mountains, they thought everything would be okay. They'd found a safe haven where the mechanical monsters called Tripods could not find them. But once there, they wonder about the world around them and how they are faring against the machines. In order to save everyone else, Will and his friends want to take down the Tripods once and for all. That means journeying to the Tripod capital: the City of Gold and Lead. Although the journey will be difficult, the real danger comes once Will is inside the city, where Tripods roam freely and humans are even more enslaved than they are on the outside. Without anyone to help him, Will must learn the secrets of the Tripods—and how to take them down—before they figure out that he's a spy...and he can only pretend to be brainwashed for so long.

The City of Gold and Lead

"Impressively Imagined" -Kirkus Reviews **** Earth is ruled by three mighty empires: The Saracen-Jewish Empire led by the Caliph of Rome, the Mughal-Arab Empire, ferocious in its determination to destroy its neighbor, and the great Sino-Aztec's Crystal Empire, led by a living God. **** Little is known about the Crystal Empire, which spans most of western America. But it is the most powerful force surviving on Earth and its might is unchallenged. **** One man, however, will change that. Sedrich Sedrichsohn, a legendary fallen fighter, has a chance at redemption and nothing will stand in his way to reclaim his life and his purpose, even if he must fight the Sun-God himself. **** "A vibrant, science-fiction epic filled with verve, dash and inventive characters. It's creative, and it's fun, a fine bit of escapist fare for winter reading" -The Chatanooga Times

The Crystal Empire

This is one of the first bestseller self-help books. Its intention is to enable you to make friends quickly and easily, help you to win people to your way of thinking, increase your influence, your prestige, your ability to get things done, as well as enable you to win new clients, new customers. Twelve Things This Book Will Do For You: Get you out of a mental rut, give you new thoughts, new visions, new ambitions. Enable you to make friends quickly and easily. Increase your popularity. Help you to win people to your way of thinking. Increase your influence, your prestige, your ability to get things done. Enable you to win new clients, new customers. Increase your earning power. Make you a better salesman, a better executive. Help you to handle complaints, avoid arguments, keep your human contacts smooth and pleasant. Make you a better speaker, a more entertaining conversationalist. Make the principles of psychology easy for you to apply in your daily contacts. Help you to arouse enthusiasm among your associates. Dale Carnegie (1888–1955) was an American writer and lecturer and the developer of famous courses in self-improvement, salesmanship, corporate training, public speaking, and interpersonal skills. Born into poverty on a farm in Missouri, he was the author of *How to Win Friends and Influence People* (1936), a massive bestseller that remains popular today.

HOW TO WIN FRIENDS & INFLUENCE PEOPLE

Three stories recount a gripping science fiction saga of alien invaders on Earth, describing the earthlings' battle to save their own precious freedom.

The Tripods Trilogy

Forty years after the classic *A Canticle for Leibowitz*, Walter Miller returns to a world struggling to transcend a terrifying legacy of darkness, as one man undertakes an odyssey of adventure and discovery that promises to alter the destiny of humankind . . . Isolated in Leibowitz Abbey, Brother Blacktooth St. George suffers a crisis of faith, torn between his vows and his Nomad upbringing, between the Holy Virgin and visions of the Wild Horse Woman of his people. At the brink of disgrace and expulsion from his order, the young monk is championed by a powerful cardinal who has plans for him. Blacktooth sets out on a journey across a landscape still scarred by the long-ago Flame Deluge, a land divided by nature, politics, and war. He will find horrors and wonders, sins of the flesh . . . and love. As he encounters and reencounters a beautiful but forbidden mutant named Ædrea, he begins to wonder: is a she-devil, the Holy Mother, or the Wild Horse Woman herself?

Saint Leibowitz and the Wild Horse Woman

What woeful maternal fancy produced such a monster? This was once the question asked when a deformed infant was born. From classical antiquity through to the Enlightenment, the monstrous child bore witness to the fearsome power of the mother's imagination. What such a notion meant and how it reappeared, transformed, in the Romantic period are the questions explored in this book, a study of theories linking imagination, art and monstrous progeny.

Monstrous Imagination

A wonderfully readable anthology of our greatest poetry, chosen by the author of *A Little History of Poetry* A poem seems a fragile thing. Change a word and it is broken. But poems outlive empires and survive the devastation of conquests. Celebrated author John Carey here presents a uniquely valuable anthology of verse based on a simple principle: select the one-hundred greatest poets from across the centuries, and then choose their finest poems. Ranging from Homer and Sappho to Donne and Milton, Plath and Angelou, this is a delightful and accessible introduction to the very best that poetry can offer. Familiar favorites are nestled alongside marvelous new discoveries—all woven together with Carey's expert commentary. Particular attention is given to the works of female poets, like Christina Rossetti and Charlotte Mew. This is a personal guide to the poetry that shines brightest through the ages. Within its pages, readers will find treasured poems that remain with you for life.

100 Poets

This autobiographical novel of the eminent English poet, Siegfried Sassoon was first published in 1936. Following on from *Memoirs of a Fox-Hunting Man* (1928) and *Memoirs of an Infantry Officer* (1930), Sassoon's third and final instalment, *Sherston's Progress*, is set in an asylum for shell-shocked officers, and deals with the author's final acceptance of these realities, and ultimately to resolve his emotional turmoil. Sassoon's fluid, sensitive prose, the fine perceptions of the poet, is spoken here in the voice of the average man. With charm and humor and quiet understatement, he has managed to articulate the hidden feelings of any sensitive man who in the normal course of his life is suddenly exposed to the nightmare of war. A gripping finale to the trilogy.

Sherston's Progress

A collection of essays addresses the ways in which sexual roles are depicted in science fiction films and includes the complete text of Peter Wollen's film script for "Friendship's Death"

Close Encounters

First published in 1987. The essays in *Shakespeare Reproduced* offer a political critique of Shakespeare's writings and the uses to which those writings are put Some of the essays focus on Shakespeare in his own time and consider how his plays can be seen to reproduce or subvert the cultural orthodoxies and the power relations of the late Renaissance. Others examine the forces which have produced an overtly political criticism of Shakespeare and of his use in culture. Contributors include: Jean E Howard and Marion O'Connor, Walter Cohen, Don E Wayne, Thomas Cartelli, Peter Erickson,

Karen Newman, Thomas Moisan, Michael D Bristol, Thomas Sorge, Jonathan Goldberg, Robert Weimann, Margaret Ferguson.

Shakespeare Reproduced

During the Middle Ages, travellers in Africa and Asia reported that monstrous races thrived beyond the boundaries of the known world. This work offers an introspective look at these races and their interaction with Western art, literature and philosophy.

The Monstrous Races in Medieval Art and Thought

Dark, disturbing and deliciously twisty, *Reptile Memoirs* is a biting and brilliant exploration of the cold-bloodedness of humanity - perfect for fans of Gillian Flynn, Jo Nesbø and Tana French. What readers are saying about *Reptile Memoirs* 'Truly unusual and terrifying' 'Dark, heart-wrenching and creepy' 'Graphic' 'Dark, challenging and unforgettable' 'Chilling' 'Not for the faint hearted' 'Unique, dark and disturbing, gripping and very, very clever' Liv has a lot of secrets. Late one night, in the aftermath of a party in the apartment she shares with two friends in Ålesund, she sees a python on a TV nature show and becomes obsessed with the idea of buying a snake as a pet. Soon Nero, a baby Burmese python, becomes the apartment's fourth roommate. As Liv bonds with Nero, she is struck by a desire that surprises her with its intensity. Finally she is safe. Thirteen years later, in the nearby town of Kristiansund, Mariam Lind goes on a shopping trip with her eleven-year-old daughter, Iben. Following an argument Mariam storms off, expecting her young daughter to make her own way home . . . but she never does. Detective Roe Olsvik, new to the Kristiansund police department, is assigned to the case of Iben's disappearance. As he interrogates Mariam, he instantly suspects her - but there is much more to this case and these characters than their outer appearances would suggest. A biting and constantly shifting tale of family secrets, rebirth and the legacy of trauma, *Reptile Memoirs* is a brilliant exploration of the cold-bloodedness of humanity.

Historica Philosophicae

The amphibious cult classic: a magical tale of a suburban housewife's affair with a frogman ... 'Disturbing but seductive ... Wonderful.' Margaret Atwood 'Perfect.' Max Porter 'Still outpaces, out-weirds, and out-romances anything today.' Marlon James 'A feminist masterpiece: tender, erotic, singular.' Carmen Maria Machado 'Kind of weird and cool. ' Irvine Welsh 'Genius ... A broadcast from a stranger and more dazzling dimension.' Patricia Lockwood 'Genius ... Like *Revolutionary Road* written by Franz Kafka ... Exquisite.' The Times 'Incredibly liberates readers from the awfulness of convention to a state where weirdness and otherness are beautiful.' Sarah Hall 'A devastating fable of mythic proportions ... Wondrously peculiar.' Irenosen Okojie (foreword) Dorothy is a grieving housewife in the Californian suburbs; her husband is unfaithful, but they are too unhappy to get a divorce. One day, she is doing chores when she hears strange voices on the radio announcing that a green-skinned sea monster has escaped from the Institute for Oceanographic Research - but little does she expect him to arrive in her kitchen. Muscular, vegetarian, sexually magnetic, Larry the frogman is a revelation - and their passionate affair takes them on a journey beyond their wildest dreams ... Rachel Ingalls's *Mrs Caliban* is a bittersweet fable, a subversive fairy tale, as magical today as it was four decades ago 'A miracle . A perfect novel.' New Yorker 'Every one of its 125 pages is perfect ... Clear a Saturday, please, and read it in a single sitting.' Harper's 'What Readers Are Saying: 'Maybe the most gorgeous, lyrical book ever written' '*****' 'A fantastic wee novel, strange and brilliant, and absolutely the inspiration for *The Shape of Water*. '*****' 'Wonderful, sharp minimal prose offers big truths. Superb - brilliant, in fact. '*****' 'Absolutely incredible. It's weird, funny, and heartbreaking, like a Richard Yates novel except with lizardman sex. '*****' 'One of the best tongue-in-cheek social satires that I've ever read. It delves into gender politics. It takes a long, hard look at mental health. It addresses female sexual freedom and agency. It asks the reader to examine what it means to be human ... Genius. '*****' 'Really brilliant: a deconstruction of suburbia by way of monster movies that examines sad realities with hilarious verve ... Sometimes you need a sexy frog person to break you out of the ties that bind. '*****' 'Hooked me so deeply I picked it up and finished it the same night ... Beautiful ... Will stay with me. '*****' 'What the hell just happened?'*****

Reptile Memoirs

Cadenza is the City of Words, a city run by poets, its skyline dominated by the steepled towers of its libraries, its heart beating to the stamp and thrum of the printing presses in the Printing Quarter. Carlo Mazzoni, a young wordsmith arrives at the city gates intent on making his name as the bells ring out

with the news of the death of the city's poet-leader. Instead, he finds himself embroiled with the intrigues of a city in turmoil, the looming prospect of war with their rival Venice ever-present. A war that threatens not only to destroy Cadenza but remove it from history altogether...

Mrs Caliban (Faber Editions)

An analysis of the ways in which everyday objects are narrated to animate or realize certain versions of the world.

The Carnival of Ash

A revolutionary and wide-ranging examination of transvestism ranging from Shakespeare and Mark Twain to Oscar Wilde and Peter Pan, from transsexual surgery and transvestite sororities to Madonna and Flip Wilson. The author examines the nature and importance of cross-dressing and society's recurring fascination with it. 40 pages of inserts, 8 in color.

On Longing

"Short stories translated from the Persian"--

Vested Interests

Dynasties battle for the crown in Tessa Gratton's debut adult epic fantasy, *The Queens of Innis Lear*. Three Queens. One crown. All out war. Gaela. Ruthless Commander. I am the rightful heir of Innis Lear. No more will I wait in the shadows and watch my mother's murderer bleed my island dry. The King's hold on the crown must end—willingly or at the edge of my sword. Regan. Master Manipulator. To secure my place on the throne, I must produce an heir. Countless times I have fed the island's forests my blood. Yet, my ambition is cursed. No matter what or whom I must destroy, I will wield the magic of Innis Lear. Elia. Star-blessed Priest. My sisters hide in the shadows like serpents, waiting to strike our ailing king. I must protect my father, even if it means marrying a stranger. We all have to make sacrifices. Love and freedom will be mine. "Amazing. Just Amazing."--Robin McKinley At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Seasons of Purgatory

Another deluxe edition of new writing and neglected perspectives. Asian ghosts, from India to China, Japan to Thailand, Korea to the Philippines, can be both terrifying and comforting. Underpinned by strong cultural beliefs in the cycles of life and ancestor worship, the nature of Asian spirits differs from that of their counterparts in other areas of the world. The possibility is more instinctually accepted that ghosts remain with us, as part of the world, whether we can see them or not. In Saigon *The Daughter of Hui Bi Hua* roams the corridors of the Ho Chi Minh City Museum of Art, in Japan the Kappa displays an insatiable appetite for cucumbers, in Indonesia the Kuntilanak is a wicked spirit, feared by all, and in Thailand the Preta is a disgusting, hungry ghost. *The Flame Tree Gothic Fantasy*, *Classic Stories* and *Epic Tales* collections bring together the entire range of myth, folklore and modern short fiction. Highlighting the roots of suspense, supernatural, science fiction and mystery stories, the books in *Flame Tree Collections* series are beautifully presented, perfect as a gift and offer a lifetime of reading pleasure.

The Queens of Innis Lear

Jun'ichirō Tanizaki is one of the most eminent Japanese writers of the twentieth century, renowned for his investigations of family dynamics, eroticism, and cultural identity. Most acclaimed for his postwar novels such as *The Makioka Sisters* and *The Key*, Tanizaki made his literary debut in 1910. This book presents three powerful stories of family life from the first decade of Tanizaki's career that foreshadow the themes the great writer would go on to explore. "Longing" recounts the fantastic journey of a precocious young boy through an eerie nighttime landscape. Replete with striking natural images and uncanny human encounters, it ends with a striking revelation. "Sorrows of a Heretic" follows a university student and aspiring novelist who lives in degrading poverty in a Tokyo tenement. Ambitious and tormented, the young man rebels against his family against a backdrop of sickness and death. "The Story of an Unhappy Mother" describes a vivacious but self-centered woman's drastic transformation after a freak accident involving her son and daughter-in-law. Written in different genres, the three stories are united by a focus on mothers and sons and a concern for Japan's traditional culture in the face of

Westernization. The longtime Tanizaki translators Anthony H. Chambers and Paul McCarthy masterfully bring these important works to an Anglophone audience.

Asian Ghost Short Stories

This enchanting tale of a cursed mythical creature and the lonely fisherman who falls in love with her is "a daring, mesmerizing novel...single-handedly bringing magic realism up-to-date" (Maggie O'Farrell, best-selling author of *Hamnet*). "Sentence by sensuous sentence, Roffey builds a verdant, complicated world that is a pleasure to live inside.... You might start to believe in the existence of mermaids." —The New York Times In 1976, David is fishing off the island of Black Conch when he comes upon a creature he doesn't expect: a mermaid by the name of Aycayia. Once a beautiful young woman, she was cursed by jealous wives to live in this form for the rest of her days. But after the mermaid is caught by American tourists, David rescues and hides her away in his home, finding that, once out of the water, she begins to transform back into a woman. Now David must work to win Aycayia's trust while she relearns what it is to be human, navigating not only her new body but also her relationship with others on the island—a difficult task after centuries of loneliness. As David and Aycayia grow to love each other, they juggle both the joys and the dangers of life on shore. But a lingering question remains: Will the former mermaid be able to escape her curse? Taking on many points of view, this mythical adventure tells the story of one woman's return to land, her healing, and her survival.

Longing and Other Stories

An Instant USA Today & Indie Bestseller An Oprah Daily Top 25 Fantasy Book of 2022 A Vulture Best Fantasy Novel of 2022 An NPR Best Sci Fi, Fantasy, & Speculative Fiction Book of 2022 A Goodreads Best Fantasy Choice Award Nominee From Hugo, Nebula, and Locus award-winning author T. Kingfisher comes an original and subversive fantasy adventure. *A very special hardcover edition, featuring gold foil stamp on the casing and custom endpapers illustrated by the author.* This isn't the kind of fairytale where the princess marries a prince. It's the one where she kills him. Marra never wanted to be a hero. As the shy, convent-raised, third-born daughter, she escaped the traditional fate of princesses, to be married away for the sake of an uncaring throne. But her sister wasn't so fortunate—and after years of silence, Marra is done watching her suffer at the hands of a powerful and abusive prince. Seeking help for her rescue mission, Marra is offered the tools she needs, but only if she can complete three seemingly impossible tasks: —build a dog of bones —sew a cloak of nettles —capture moonlight in a jar But, as is the way in tales of princes and witches, doing the impossible is only the beginning. Hero or not—now joined by a disgraced ex-knight, a reluctant fairy godmother, an enigmatic gravewitch and her fowl familiar—Marra might finally have the courage to save her sister, and topple a throne. "Nettle & Bone is the kind of book that immediately feels like an old friend. Fairytale mythic resonance meets homey pragmatism in this utterly delightful story. It's creepy, funny, heartfelt, and full of fantastic characters I absolutely loved!" —Melissa Caruso, author of *The Tethered Mage* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Mermaid of Black Conch

Soon to be a major motion picture. This ENHANCED DIGITAL EDITION features TONS of TOTALLY AWESOME '80s bonus materials—including Satanic Panic educational pamphlets, a do-it-yourself exorcism cheat sheet, a Spotify playlist of awesome '80s tunes, animated cover artwork, and much more! From the New York Times best-selling author of *The Southern Book Club's Guide to Slaying Vampires*, this unholy hybrid of *Beaches* and *The Exorcist* blends teen angst and unspeakable horrors into a pulse-pounding supernatural thriller. The year is 1988. High school sophomores Abby and Gretchen have been best friends since fourth grade. But after an evening of skinny-dipping goes disastrously wrong, Gretchen begins to act...different. She's moody. She's irritable. And bizarre incidents keep happening whenever she's nearby. Abby's investigation leads her to some startling discoveries—and by the time their story reaches its terrifying conclusion, the fate of Abby and Gretchen will be determined by a single question: Is their friendship powerful enough to beat the devil?

Nettle & Bone

From the acclaimed author of *We Ride Upon Sticks* comes a luminous novel that moves across a windswept Mongolia, as estranged twin brothers make a journey of duty, conflict, and renewed understanding. "A dazzling achievement...The rhythms are more like prayer than prose, and the puzzlelike

plot yields revelations." —The New York Times Tasked with finding the reincarnation of a great lama—a spiritual teacher who may have been born anywhere in the vast Mongolian landscape—the young monk Chuluun sets out with his identical twin, Mun, who has rejected the monastic life they once shared. Their relationship will be tested on this journey through their homeland as each possesses the ability to hear the other's thoughts. Proving once again that she is a writer of immense range and imagination, Quan Barry carries us across a terrain as unforgiving as it is beautiful and culturally varied, from the western Altai mountains to the eerie starkness of the Gobi Desert to the ancient capital of Chinggis Khaan. As their country stretches before them, questions of faith—along with more earthly matters of love and brotherhood—haunt the twins. Are our lives our own, or do we belong to something larger? When I'm Gone, Look for Me in the East is a stunningly far-flung examination of our individual struggle to retain our convictions and discover meaning in a fast-changing world, as well as a meditation on accepting what simply is.

My Best Friend's Exorcism

Tessa Gratton's latest epic adult fantasy, *Lady Hotspur*, is a sweeping, heart-stopping Shakespearean novel of betrayal and battlefields and destiny.

When I'm Gone, Look for Me in the East

THE NEW YORK TIMES BESTSELLER 'Glorious . . . a tale that will sweep you away' Yangsze Choo, New York Times bestselling author of *The Night Tiger* 'A gorgeous and thrilling paean to the ferocious power of women' Laini Taylor, New York Times bestselling author of *Strange the Dreamer* In 1893, there's no such thing as witches. There used to be, in the wild, dark days before the burnings began, but now witching is nothing but tidy charms and nursery rhymes. If the modern woman wants any measure of power, she must find it at the ballot box. But when the three Eastwood sisters join the suffragists of New Salem, they begin to pursue the forgotten ways that might turn the women's movement into the witch's movement. Stalked by shadows and sickness, hunted by forces who will not suffer a witch to vote - and perhaps not even to live - the sisters must delve into the oldest magics, draw new alliances, and heal the bond between them if they want to survive. There's no such thing as witches. But there will be. Praise for *The Once and Future Witches*: 'A brilliant dazzle of a book . . . I devoured it in enormous gulps, and utterly loved it' Kat Howard, author of *The Unkindness of Ghosts* 'Compelling, exhilarating and magical - a must-read' Booklist (starred review) 'Delightful . . . a tale of women's battle for equality, of fairy tales twisted into wonderfully witchy spells, of magics both large and small, and history re-imagined' Louisa Morgan, author of *A Secret History of Witches* 'A love letter to folklore and the rebellious women of history' Publishers Weekly 'A breathtaking book - brilliant and raw and dark and complicated' Sarah Gailey, author of *Magic for Liars*

Lady Hotspur

In the world-sized city of Jadzia, magic and ancient science merge into something dark and wondrous. Koré's life is consumed by power, politics, sex and vengeance, and as courtesan to the wealthy and powerful, he is privy to all manner of secrets. He knows meddling in politics is dangerous still, he is willing to risk everything to stop his father from seizing the Imperial Throne of the War District. But Koré soon finds the corruption runs far deeper than just one man. During a tryst in an ancient tomb in the pursuit of political influence Koré encounters a dying god, who imbues him with the powers of one of the city's sacred dragons. Suddenly Koré finds himself a hunted man, threatened with becoming a pawn by whoever finds him first. If the wrong person discovers his secret and lays claim to his powers they would plunge their world into war, unleash untold horrors and destroy the city and the two people he has come to love.

The Once and Future Witches

The bestselling Richard and Judy Book Club pick The Sunday Times Bestseller and BBC Radio 2 Book Club Pick 'Dark, dramatic and full of danger' - Daily Mail For readers of *Circe* and *The Handmaid's Tale*, Kiran Millwood Hargrave's *The Mercies* is inspired by real historical events. The storm comes in like a finger snap . . . 1617. The sea around the remote Norwegian island of Vardø is thrown into a vicious storm. A young woman, Maren, watches as the men of the island, out fishing, perish in an instant. Vardø is now a place of women . . . Eighteen months later, a sinister figure arrives. Absalom Cornet has been summoned to bring the women of the island to heel. With him travels his young wife, Ursa. In her new home, and in Maren, Ursa encounters something she has never seen before: independent women. But

where Ursa finds happiness, even love, Absalom sees only a place flooded with a terrible evil, one he must root out at all costs . . . A story about how suspicion can twist its way through a community, about a love that could prove as dangerous as it is powerful. 'Gripping' - Madeline Miller, author of Circe 'Took my breath away' - Tracy Chevalier, author of Girl With a Pearl Earring 'A beautifully intimate story of friendship, love and hope' - Douglas Stuart, author of Shuggie Bain 'Something rare and beautiful' - Marian Keyes, author of Again, Rachel 'Chilling and page-turning' - The Times

Silk Fire

"Kirby has mastered the art of short fiction...A stunning collection from a writer whose talent and creativity seem boundless." —NPR "Kirby takes joy in subverting the reader's expectations at every turn. Her characters might be naïve, even reckless, but they aren't about to be victims: They're strong, and brave, and nearly always capable of rescuing themselves." —New York Times Book Review Margaret Atwood meets Buffy in these funny, warm, and furious stories of women at their breaking points, from Hellenic times to today. Cassandra may have seen the future, but it doesn't mean she's resigned to telling the Trojans everything she knows. In this ebullient collection, virgins escape from being sacrificed, witches refuse to be burned, whores aren't ashamed, and every woman gets a chance to be a radioactive cockroach warrior who snaps back at catcallers. Gwen E. Kirby experiments with found structures--a Yelp review, a WikiHow article--which her fierce, irreverent narrators push against, showing how creativity within an enclosed space undermines and deconstructs the constraints themselves. When these women tell the stories of their triumphs as well as their pain, they emerge as funny, angry, loud, horny, lonely, strong protagonists who refuse to be secondary characters a moment longer. From "The Best and Only Whore of Cym Hyfryd, 1886" to the "Midwestern Girl Is Tired of Appearing in Your Short Stories," Kirby is playing and laughing with the women who have come before her and they are telling her, we have always been this way. You just had to know where to look.
