La guerra interminable

La guerra interminable fue una de las primeras novelas de Joe Haldeman. Un fascinante clásico de ciencia ficción. Iniciada en 1997, la guerra con los taurinos dura desde hace siglos. Como pasan de un mundo a otro a velocidades superiores a la luz, las tropas de la guerra interminable envejecen solo unos pocos días, mientras que en la Tierra pasan los años y el planeta se vuelve cada vez más irreconocible. De ese modo, la lucha más cruel que tendrán que mantener estos soldados será su batalla personal contra el tiempo.

La Guerra Interminable

One of the very best science fiction novels of all time. An intelligent and thought provoking allegory for the Vietnam War. Private William Mandella is a reluctant hero in an interstellar war against an unknowable and unconquerable alien enemy. But his greatest test will be when he returns home. Relativity means that for every few months' tour of duty centuries have passed on Earth, isolating the combatants ever more from the world for whose future they are fighting. Readers can't stop thinking about The Forever War: 'More than just a book about a futuristic war, Haldeman describes a society built around the codependency of the industrial military complex and with a fluid dynamic socio-economic culture that is fascinating to watch unfold' Goodreads reviewer, **★★★★** hugely important story from a very human angle . . . It will come as no surprise that this was written as a reaction to America's war in Vietnam' Goodreads reviewer, **★★★★** Catch-22 is often cited as one of the great books about the futility and inherent paradoxes of war. I think this is easily its equal' Goodreads reviewer, **★★★★** This book is a masterpiece, both as a straight-up science fiction story, but also as an allegory for the horrors and hopelessness of war' Goodreads reviewer, **★★★★** This is military-flavoured bootcamp-to-war Science Fiction in its finest form, as refreshing and thought provoking as it no doubt was when it was released in 1974 . . . a landmark classic of Science Fiction' Goodreads reviewer, **★★★★** Haldeman's story touched on a number of different themes (the horrors of war and those of personal traumatic injury, loneliness, alienation, loss, cultural indoctrination, and societal change over time) . . . a really good sci-fi classic' Goodreads reviewer, **★★★★**

Primeras historias de la guerra interminable

La guerra interminable, considerada por la prestigiosa Kirkus Review la mejor obra de Joe Haldeman y galardonada con los premios Nebula, Hugo y Lcus de 1974, a menudo se ha interpretado como un réplica a la ideología subyacente en Tropas de espacio, de Robert Heinlen. En ella aborda Haldean dos de los grandes temas de la literatura de todos los tiempos, la guerra y el amor, enmarcándolos en un conflicto bélico interplanetario de larga duración. Pero es sobre todo por la perfecta reacción de personajes y por el t

The Forever War

As they touch down on the planet Aleph, Platoon 1 are about to put everything they've learned in training into practice. They are under orders to engage the enemy – the Taurans – whom none of them have ever seen before. Ready for battle, they set out across the alien world. The war is real now. They're in it. But, like everything, the expectation and the reality are markedly different. The ideology that led them to this situation also led to decisions that none of them could have prepared themselves for – and the lucky ones who survive will never be the same again... p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px}

La guerra interminable

Private William Mandella is a hero in spite of himself--a reluctant conscript drafted into an elite military unit. He never wanted to go to war, but the leaders on Earth have drawn a line in the interstellar sand--despite the fact that their fierce alien enemy is unknowable, unconquerable, and very far away.

GUERRA INTERMINABLE (RA STICA) (9788435021234)

The end, es una historia que comienza durante la guerra en Bosnia-Herzegovina y concluye en París 21 años después. Es la historia de un río metido en la piel de un hombre que se sueña dentro de una guerra interminable perpetrada por psiquiatras locos y secundada por una red infinita de cómplices, todos ellos hermanados y manipulados a su vez por una fuerza invisible en un complot de dominio sobre los restos de una humanidad decadente e inservible a la que succionan desde hace milenios. Es la historia de un escritor de los Balcanes al que jamás se le ha publicado porque sus legajos aunque perfectamente engargolados, sucios y desgastados están escritos en claves y códigos indescifrables. Arturo Meza nos muestra la gran pesadilla de estar vivos dentro de la piel de la muerte. El desolado feudo interior de la locura sin posibles intersticios de salida.

The Forever War #2

Tras la victoria de Franco, el doctor Guillermo García Medina sigue viviendo en Madrid bajo una identidad falsa. La documentación que lo libró del paredón fue un regalo de su mejor amigo, Manuel Arroyo Benítez, un diplomático republicano al que salvó la vida en 1937. Cree que nunca volverá a verlo, pero en septiembre de 1946, Manuel vuelve del exilio con una misión secreta y peligrosa. Pretende infiltrarse en una organización clandestina, la red de evasión de criminales de guerra y prófugos del Tercer Reich que dirige desde el barrio de Argüelles una mujer alemana y española, nazi y falangista, llamada Clara Stauffer. Mientras el doctor García se deja reclutar por él, el nombre de otro español se cruza en el destino de los dos amigos. Adrián Gallardo Ortega, que tuvo su momento de gloria como boxeador profesional antes de alistarse en la División Azul, para seguir luchando como voluntario de las SS y participar en la última defensa de Berlín, malvive en Alemania, ignorando que alguien pretende suplantar su identidad para huir a la Argentina de Perón. Thriller y novela de espías, Los pacientes del doctor García es tal vez la historia más internacional y trepidante de Almudena Grandes, su narración más ambiciosa, en la que conecta acontecimientos reales y desconocidos de la segunda guerra mundial y el franquismo, para construir las vidas de unos personajes que no sólo comparten la suerte de España, sino también la de Argentina.

The Forever War

Cuando en 2010 Almudena Grandes publicó Inés y la alegría, en la que novelizó de manera inolvidable el episodio desconocido de la toma del valle de Arán en 1944 por un ejército de republicanos españoles, anunció que con ella iniciaba una serie de novelas independientes con las que querían trazar la historia olvidada de los que resistieron y lucharon en la clandestinidad durante la posguerra y el franquismo. Así aparecieron El lector de Julio Verne, sobre el maquis en la sierra de Jaén, Las tres bodas de Manolita, sobre la organización de la resistencia en Madrid, entre cárceles, tablaos y Cuelgamuros, Los pacientes del doctor García, sobre la red de evasión de nazis en la España franquista, y La madre de Frankenstein, en el que un manicomio se convierte en microcosmos de un régimen represor. Esas cinco novelas forman el último gran friso de la literatura española, una obra titánica que ha logrado una repercusión irrepetible, y que ahora ofrecemos en un pack de lujo.

The End

Los humanos nacemos con el cerebro cableado para el amor y la compasión y la neurociencia nos enseña que el cerebro está constantemente cambiando. Estos dotes innatos están en nuestros genes,

nuestra fisiología y nuestra bioquímica y pueden ser nutridos y desarrollados en función de construir un mundo más solidario

Parias y resistentes

El contenido de este texto dice relación directa con las investigaciones que presentaron diferentes académicos nacionales y extranjeros en el V Congreso Chile España, que se desarrolló en la Universidad Católica de la Santísima Concepción durante el año 2018. Las temáticas que se consideraron en dicha actividad, tuvieron directa relación con la Historia de las Relaciones Internacionales y se iniciaron con el origen y rol de la Sociedad de Naciones el año 1919, culminando con la iniciativa americana en este campo, representada por UNASUR y su actual condición.

Los pacientes del doctor García

The Spanish Civil War (1936-1939) pitted conservative forces including the army, the Church, the Falange (fascist party), landowners, and industrial capitalists against the Republic, installed in 1931 and supported by intellectuals, the petite bourgeoisie, many campesinos (farm laborers), and the urban proletariat. Provoking heated passions on both sides, the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers. While the literature of the period has been the subject of scholarship, women's literary production has not been studied as a body of work in the same way that literature by men has been, and its unique features have not been examined. Addressing this lacuna in literary studies, this volume provides fresh perspectives on well-known women writers, as well as less studied ones, whose works take the Spanish Civil War as a theme. The authors represented in this collection reflect a wide range of political positions. Writers such as Maria Zambrano, Mercè Rodoreda, and Josefina Aldecoa were clearly aligned with the Republic, whereas others, including Mercedes Salisachs and Liberata Masoliver, sympathized with the Nationalists. Most, however, are situated in a more ambiguous political space, although the ethics and character portraits that emerge in their works might suggest Republican sympathies. Taken together, the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history.

Parias y resistentes

This book is the latest and most comprehensive reference to the regional geography of Spain, taking into account emergent issues such as biodiversity, climate change and nationalism. It appeals to scientists as well as to students and instructors and all fields of geography, regional, environmental and cultural studies, and business related disciplines. It covers the whole range of topics from the physical to the human geography of Spain and provides detailed insights into all 17 autonomous communities. Dozens of GIS maps and hundreds of photographs and images including remote sensing imagery make this volume a must have for every geography department.

War edition

Young Carmen Dula and her family are embarking on the adventure of a lifetime - they are going to Mars. But Carmen isn't so sure she wants to. After training for a year and preparing to leave on the six-month journey, she finds that the initial excitement has given way to both trepidation and frustration. Once there, however, Carmen realizes that things are not so different from Earth. There are chores, lessons, and oppressive authority figures. All of that leads her to venture out into the bleak Mars landscape alone, where an accident takes her to the edge of death - and she is saved by an angel. An angel with too many arms and legs, a head that looks like a potato gone bad - and a message for the newly arrived inhabitants of Mars: We were here first...

Estuche Episodios de una Guerra Interminable

In a long history of ruination and destruction, neoliberalism is the most recent and virulent form of capitalism. This book is a call to action against the most persistent and pestilent disease of our time. Translated into over twenty different languages, the book offers a call to action that transcends local contexts and speaks to the violent global conditions of our neoliberal age. Fuck Neoliberalism: Translating Resistance is a worldwide middle finger to the all-encompassing ideology of our era. The original essay sparked controversy in the academy when it was first released and has since spread around the world as enthusiastic rebels translated it into their own languages. This book brings those

translations together, accompanied by short essays from each translator explaining why they translated the text and describing struggles against neoliberalism in their regions. With translations into languages from across the globe, including Mandarin, German, Indonesian, Spanish, Hindi, Italian, Korean, and many more, this book highlights the international nature of resistance to the totalitarian ideology of neoliberalism. Featuring a cover produced by renowned artist Ed Repka (a.k.a. the King of Thrash Metal Art), this internationalized, heavy-metal rant against the all-powerful ideology highlights a chink in its armor. When people across the world find a way to communicate a shared message and stand together, resistance can be both beautiful and inspiring.

La guerra interminable

Spanish Republicans and the Second World War tells the stories of the 500,000 Spanish Republicans that fled across the Pyrenees in 1939 as Catalonia fell to Franco's victorious army in the final weeks of the Civil War. Many of the exiles played an active part in the Second World War. Some joined the French and British armed forces and saw action in various theatres including Africa and Europe (both in 1940 and after D-Day). In August 1944, Spanish Republicans in the La Nueve Company of General Leclerc's Deuxième Blindée were the first Allied troops into Paris during the liberation of the French capital. Those that had remained in Vichy France were active in the early days of the French Resistance, and Republican Maquis also played a significant part in the liberation of the south-west of France in 1944. Those who fought the Axis troops in Spain during the Civil War and then again in France assumed that once the Allies had defeated the Nazis, they would launch a military campaign to overthrow Franco's government in Spain. In October 1944, a force of thousands of Spanish Maquis took part in Operación Reconquista, the invasion of the Valley of Aran on the Spanish side of the Pyrenees. Their declared aim was to trigger a popular uprising and force the Allies to intervene against Franco's dictatorship. Whitehead also examines the role of the Spanish volunteers of the División Azul who swore an oath of allegiance to Hitler and fought with the Wehrmacht on the Eastern Front; the role of the master double-agent Garbo, who played a crucial part in the success of D-Day; the strategic importance of Gibraltar; and the activities of the British diplomatic corps and secret services in resisting Hitler's plans to invade the Iberian Peninsula.

Pack Episodios de una guerra interminable

This book examines the cultural articulation of Spanish History (and histories (remembered, meaningful experiences)). It analyzes how real people and fictional characters experience the rupture of post-war repression, as their vindicating collective memory counters the authoritarian narrative and laws that demonized and criminalized them. The book, that breaks the persistent cycle of denial of Francoist malfeasance, is a resource for scholars and students who research the representation of Spain's dictatorship, its aftermath and the recovery of postdictatorial memory.

Homo Amandi: Evolución Consciente del Miedo a la Solidaridad

This book deals with two areas: Global Commons and Security: inextricably melted together and more relevant than ever in a world which is ever globalized and... with an incognita looming on the horizon: the effects of the Coronavirus pandemic upon the International Relations and globalization. Global Commons have always been relevant. It was Mahan who argued that the first and most obvious light in which the sea presents itself from the political and social point of view, is that of a great highway; or better, perhaps, of a wide common... Nowadays, this view has been further developed and, in addition to the unique legal implications that the Global Commons introduce, they are viewed, more and more intently, as a common pool of resources. Or perhaps, not that common... Resources, the key word! Which has to be always supplemented by two key words: access and security. And still, another one: data, the cyberspace contribution to the equation.

De la sociedad de las naciones a la globalización: Visiones desde América y Europa

biográfico ficticio irónico cómico trágico

Salvaje de corazón

The Op-Ed Novel follows a clutch of globally renowned Spanish novelists who swept into the political sphere via the pages of El País. Their literary sensibility transformed opinion journalism, and their

weekly columns changed their novels, which became venues for speculative historical claims, partisan political projects, and intellectual argument.

Spanish Women Writers and Spain's Civil War

EL REGRESO A COATLICUE

The Geography of Spain

LITERATURE A WORLD HISTORY An exploration of the history of the world's literatures and the many varieties of literary expression Literature: A World History encompasses all the world's major literary traditions, emphasizing the interrelationship of local and national cultures over time. Spanning global literature from the beginnings of recorded history to the present day, this expansive four-volume set examines the many varieties of the world's literatures in their social and intellectual contexts. Its four volumes are devoted to literature before 200 CE, from 200 to 1500, from 1500 to 1800, and from 1800 to 2000, with four dozen contributors providing new insights into the art of literature, and addressing the situation of literature in the world today. Organized throughout in six broad regions—Africa, the Americas, East Asia, Europe, South Asia, Southeast Asia, and Oceania, and West and Central Asia—Literature: A World History offers readers a clear and consistent treatment of diverse forms of literary expression across time and place. Throughout the text, particular emphasis is placed on literary institutions within different regional and linguistic cultures and on the relations between literature and a spectrum of social, political, and religious contexts. Features work by an international panel of leading scholars from around the globe, in Africa, the Middle East, South and East Asia, Australia and New Zealand, Europe, and the United States Provides a balanced overview of national and global literature from all major regions of the world from antiquity to the present Highlights the specificity of regional and local cultures throughout much of literary history, together with cross-cutting essays on topics such as different writing systems, court cultures, and utopias Literature: A World History is an invaluable reference work for undergraduate and graduate students as well as scholars looking for a wide-ranging overview of global literary history.

Marsbound

Juan Goytisolo is arguably Spain's foremost contemporary novelist. This book is one of the few major studies in English to examine all of his mature works, from *Señas de identidad* in 1966 to *Las semanas del jardín*, published in 1997. It focuses on the interface between the thematic content of the novels and its formal expression, viewing this as the crucial nexus of their meaning. Goytisolo's writing is, in his own words, a "commitment of myself ... for a transformation of the world". The *Poetics of Contagion* dissects the nature of the relationship between writer and reader to show how Goytisolo's political commitment is reflected in his work.

Fuck Neoliberalism

Juan Goytisolo is arguably Spain's foremost contemporary novelist. This book is one of the few major studies in English to examine all of his mature works, from *Señas de identidad* in 1966 to *Las semanas del jardín*, published in 1997. It focuses on the interface between the thematic content of the novels and its formal expression, viewing this as the crucial nexus of their meaning. Goytisolo's writing is, in his own words, a 'commitment of myself ... for a transformation of the world'. The *Poetics of Contagion* dissects the nature of the relationship between writer and reader to show how Goytisolo's political commitment is reflected in his work.

Afganistán, un conflicto permanente : factores y dinámicas para entender una guerra interminable

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px} From Nebula and Hugo Award-winning author, Joe Haldeman. The sequel to *The Forever War* – Joe Haldeman's legendary intergalactic Vietnam War parable. Stunningly realized by Marvano. The Forever War raged for centuries... but Marygay was there to see it all. During the interstellar travel that took her years, whole generations came and went on Earth. Thanks to special relativity, Marygay was able to wait for many lifetimes to be reunited with her lost love, William Mandella. But they, and the other survivors of the war, are struggling to find their place in the universe after the galaxy shattering conflict. Collects *The Forever War: Forever Free #1-3*. "A classic reinterpretation of a brilliant sci-fi novel that still feels fresher than most comics on the market today." – Multiversity Comics

"It's an amazing military story of survival and exploration – highly recommended." – Chuck's Comic of the Day

Spanish Republicans and the Second World War

"A história de guerra mais precisa e dolorosamente genuína que eu já li." William Gibson, autor de Neuromancer. Quando a humanidade faz o primeiro contato com uma raça extraterrestre, um movimento hostil causa o início de uma guerra espacial que durará séculos. William Mandella, um jovem norte-americano, está entre os primeiros soldados convocados no alistamento obrigatório. Na guerra, ele aprenderá a manusear as máquinas mortíferas mais modernas e a sobreviver ao ambiente inóspito de mundos alienígenas. Além da resistência física, Mandella precisa lutar para sobreviver aos horrores da guerra, em um constante exercício de questionamento sobre seus reais inimigos. A possibilidade de voltar para casa não é uma esperança nem um alento: devido à dilatação temporal envolvida nas viagens espaciais, soldados que passaram poucos meses no espaço descobrem, ao retornar à Terra, que lá a passagem de tempo foi de décadas ou até de séculos. Inspirado na experiência de Joe Haldeman na Guerra do Vietnã, Guerra sem fim se tornou um clássico da ficção científica militar e recebeu os prêmios Hugo, Nebula e Locus. Além de registrar, em uma metáfora cruel, a realidade de uma geração que vivenciou a guerra nos anos 60, Haldeman também abordou temas universais e atemporais, como ufanismo, solidão e as contradições da guerra.

Francoist Repression and Incarceration in Contemporary Spanish Culture

Each contribution to this book discusses key issues arising from the portrayal of men and the formation of masculine identities in a range of representative and landmark texts, fictional and non-fictional, drawn from different historical periods and from various countries in the Hispanophone Americas. There is an emphasis on the ways in which writers from Argentina (Manuel Puig), Chile (the Spaniard Alonso de Ercilla y Zúñiga and the Chilean Nicolás Palacios), Mexico (Gustavo Sainz and Ángeles Mastretta) and the Hispanic USA (Jennifer Harbury and Francisco Goldman) have explored the themes of love, friendship and trust and their transformative power for gender relations in situations and contexts where deception, exploitation and oppression are often disturbingly present. There is also a discussion of the applications, insights and limitations of different theoretical frameworks and concepts relevant to the task of producing gendered readings, including Connell's 'world gender order' and 'hegemonic masculinity', as well as 'the cult of virility' as characterised by Still and Worton, Chela Sandoval's 'decolonial love' and 'methodology of the oppressed' and Beasley-Murray's 'posthegemony'. This book was originally published as a special issue of Iberian and Latin American Studies.

Security in the Global Commons and Beyond

Endloser Kampf Krieg. In gigantischen Raumschiffen werden die Soldaten mit Lichtgeschwindigkeit von einem Gefecht zu anderen befördert. Doch während es für sie immer nur einige Monate dauert, vergehen auf der Erde Jahrhunderte. Einer der bedeutendsten Antikriegsromane, die je geschrieben wurden - neu übersetzt nach der vom Autor überarbeiteten und erweiterten Fassung. Mit einem Vorwort von Ben Bova.

Mártirso

This collection explores the role of memoria histórica in its broadest sense, bringing together studies of narrative, theatre, visual expressions, film, television, and radio that provide a comprehensive overview of contemporary cultural production in Spain in this regard. Employing a wide range of critical approaches to works that examine, comment on, and recreate events and epochs from the civil war to the present, the essays gathered here bring together research and intercultural memory to investigate half a century of cultural production, ranging from "high culture" to more popular productions, such as television series and graphic novels. A testament to the conflation of multiple silencings – be they of the defeated, victims of trauma or women – this project is about hearing the voices of the unheard and recovering their muted past.
