A Wall of Two

Buchenwald survivors Ilona and Henia Karmel were seventeen and twenty years old when they entered
the Nazi labor camps from the Kraków ghetto. These remarkable poems were written during that time.
The sisters wrote the poems on worksheets stolen from the factories where they worked by day and
hid them in their clothing. During what she thought were the last days of her life, Henia entrusted
the poems to a cousin who happened to pass her in the forced march at the end of the war. The
cousin gave them to Henia's husband in Kraków, who would not locate and reunite with his wife for
another six months. This is the first English publication of these extraordinary poems. Fanny Howe's
deft adaptations preserve their freshness and innocence while making them entirely compelling. They
are presented with a biographical introduction that conveys the powerful story of the sisters' survival
from capture to freedom in 1946.

Resistance

Resistance is a book of poems with photographs or a book of photographs with poems depending on
your perspective. The book is comprised of three sections titled respectively: On Survival, On Hope, and
On Love. The poems range from the expression of impassioned pleas for deliverance from constraint
and evil to the simple affirmation of romantic love. With poetry by William Morris and photography by
Jackie Malden, this book is dedicated to Veronica, Jackie's cousin and William's wife. Bios William
Morris William Morris heads the Next Century Foundation, an international charity devoted to fostering
peace and reconciliation in war zones. He is a former broadcaster, editor and publisher. He lives and
works in Ludgvan, Cornwall. He is eclectic in his writing, composing everything from nonsense verse
to novels, one of which, titled Springfield the Novel, was also published by Westphalia Press. Awarded
an honorary doctorate by Bolton University for his work promoting peace in the Middle East, William is
a frequent traveler to pivotal Mid East countries such as Iraq, Egypt, Gaza, and Libya. William is often
accompanied in his travels by Ambassador Mark Hambley, who has acted as an informal ear and critic
for this work. Jackie Malden Jackie Malden is an artist and photographer based in Oxford, England.
She walks every day with her little dog Teddy, and photographs nature ... anything that catches her eye,
from the emergence of the smallest wild flower to the vastness and beauty of a sunset. Natural light
is the inspiration for many of the images in this book with spring and autumn being favourite seasons.
In keeping with her love of nature, she is also a paper collage artist specialising in British birds and
wildlife. She exhibits in the annual Oxfordshire Artweeks, and cards of her work sell in shops around
the UK as well as online, under her married name Jackie Richards: www.lovefromtheartist.com.

Landscape Biographies

"Hazel Frankel's multi-layered new book takes you into the search for meaning that lies at the heart of an apparently comfortable life in suburban Johannesburg. It's simultaneously an evocation of the Highveld, of hadedahs and sprinklers and night-time meals under the Milky Way, of traditional Jewish food like teygl and cheese cake ... and an exploration of the heritage of violence."--Back cover.

Illuminating Love

Samuel Beckett (1906-1989). Irish dramatist and poet. His use of the stage and dramatic narrative and symbolism has revolutionized drama in England.

Alternative Memory - Alternative History

A collection of life stories so funny, moving that "you don't have to be a Jewish feminist mama to love this book . . . but it wouldn't hurt" (Tablet Magazine). Here are the collected autobiographical writings of memoirist, poet, and professor Faye Moskowitz. Known for both her sense of humor—even in the bleakest of circumstances—and her insight into the relationships that define who we are, where we come from, and where we hope to be going, Moskowitz shares her own life stories in "a book that will make you stand up and cheer" (The Detroit News). From her childhood in Detroit during the Great Depression to the time when her mother abandoning the family to pursue her own dreams; from helping a dying friend simply get through another day to a hilarious account of binge eating at a wedding; from finding love and leaving home to building her own family and legacy, these recounted experiences give us "her piercingly tender observations about unlikely friendships, transgressive love, disappointing plants, and sacred Jewish rituals of the kitchen" (Lilith Magazine).

Samuel Beckett

The presentation of Europe's historical past has changed - it was possible to conceal the fact that the majority of people actively co-operated or accommodated Nazi rule. This collection unravels the moral and political choices facing European governments in the aftermath of World War II.

The Politics of Retribution in Europe

Eva was arrested by the Nazis on her fifteenth birthday and sent to Auschwitz. Her survival depended on endless strokes of luck, her own determination and the love and protection of her mother Fritzi, who was deported with her. When Auschwitz was liberated, Eva and Fritzi began the long journey home. They searched desperately for Eva's father and brother, from whom they had been separated. The news came some months later. Tragically, both men had been killed. Before the war, in Amsterdam,

Eva had become friendly with a young girl called Anne Frank. Though their fates were very different, Eva's life was set to be entwined with her friend's for ever more, after her mother Fritzi married Anne's father Otto Frank in 1953. This is a searingly honest account of how an ordinary person survived the Holocaust. Eva's memories and descriptions are heartbreakingly clear, her account brings the horror as close as it can possibly be. But this is also an exploration of what happened next, of Eva's struggle to live with herself after the war and to continue the work of her step-father Otto, ensuring that the legacy of Anne Frank is never forgotten.

Politics and Cultures of Liberation

Explores the course and the nature of the conflict between the Druze and the Maronites - arguably the two founding communities of modern Lebanon.

After Auschwitz

The twenty-fifth anniversary edition of a modern classic: 'ingenious, daring and brilliant' - Guardian
COMPLICITY n. 1. the fact of being an accomplice, esp. in a criminal act A few spliffs, a spot of mild S&M, phone through the copy for tomorrow's front page, catch up with the latest from your mystery source - could be big, could be very big - in fact, just a regular day at the office for free-wheeling, substance-abusing Cameron Colley, a fully paid-up Gonzo hack on an Edinburgh newspaper. The source is pretty thin, but Cameron senses a scoop and checks out a series of bizarre deaths from a few years ago - only to find that the police are checking out a series of bizarre deaths that are happening right now. And Cameron just might know more about it than he'd care to admit ... Involvement; connection; liability - Complicity is a stunting exploration of the morality of greed, corruption and violence, venturing fearlessly into the darker recesses of human purpose.

In the Shadow of Salem

Things are about to get really weird for Colin and Elise when a lightning storm hits and the lights go black. They hear buzzing sounds and explosions from outside their home and then remember their mysterious candle from Poland called a gromnica. It came with specific instructions: only light it during a lightning storm or if someone is about to die. Upon lighting the gromnica, Colin, Elise, and their two dogs are transported back in time to real events during WWII in Poland. Travel back with them to Camp Heidelager, a Nazi SS training camp, and discover how these time-traveling siblings get to meet some of their ancestors and are woven into the dramatic events of the Second World War. Can these kids help make a difference during this treacherous time in the face of adversity?

Complicity

Hitler, wrote Theodor Adorno, imposed "a new categorical imperative on humankind...to arrange thoughts and actions so that Auschwitz will not repeat itself." Interrupting Auschwitz argues that what gives this imperative its philosophical force and ethical urgency is the very impossibility of fulfilling it. But rather than being cause for despair, this failure offers a renewed conception of the tasks of thought and action. Precisely because the imperative cannot be fulfilled, it places thought in a state of perpetual incompleteness, whereby our responsibility is never at an end and redemption is always interrupted. Josh Cohen argues that both Adorno's own writings on art after Auschwitz and Emmanuel Levinas' interpretations of Judaism reveal both thinkers as impelled by this logic of interruption, by a passionate refusal to bring thought to a point of completion. The analysis of their motifs of art and religion are brought together in a final chapter on the poet-philosopher Edmond Jabès. PHILOSOPHY

The Young Partisans

SIX DAYS IN JUNE How Israel Won the 1967 Arab-Israeli War Eric Hammel Distinguished military historian Eric Hammel becomes the first chronicler of the 1967 Six Day War to unite the story of development of Israel's bold brand of military training and planning with a detailed narrative account of her breathtaking victories in Sinai, Jerusalem, The West Bank, and the Golan Heights. Unlike all earlier accounts of the 1967 war, Hammel's sweeping narrative describes how, from the early 1950s,

the Israel Defense Force—Zahal—undertook a relentless and often visionary campaign to prepare for the inevitable war of national survival that, when it came, radically altered the Middle East and has profoundly influenced international politics ever since. Israel's brilliant, innovative military thinkers developed extremely flexible strategies, operational plans, and battlefield tactics aimed at overcoming several large Arab forces with Zahal's much smaller army and air force. Zahal's innovations proved to be so effective and fundamentally sound that they established the norms of modern military planning and performance that saw the United States and her coalition allies through the lightning Desert Storm campaign of 1991. Hammel decisively disproves the enduring myth that Israel's stunning 1967 victory was a "miracle" or a "fluke." He explains how, by necessity and in secret, a tiny Third-World nation developed a First World military force that has become the envy of all the nations of the world. Hammel is at his proven best when describing the actions of men at war. *Six Days in June* seamlessly meshes classic military history with the human drama of Israel's finest hour. Eric Hammel is the author of more than thirty-five highly acclaimed books on military affairs, including *Chosin: Heroic Ordeal of the Korean War*; *Ace: A Marine Night Fighter Pilot in World War II*; *The Root: The Marines in Beirut*; and *Duel for the Golan: The 100-Hour Battle that Saved Israel*.

Interrupting Auschwitz

Alice Herz-Sommer, 1903-2014 The pianist Alice Herz-Sommer survived the Theresienstadt concentration camp, attended Eichmann's trial in Jerusalem, and along the way befriended some of the most fascinating historical figures of our time, from Franz Kafka to Gustav Mahler, Leonard Bernstein and Golda Meir. *A Century of Wisdom* is her story: a testament to the bonds of friendship, the power of music and the importance of leading a life of maternal simplicity, intellectual curiosity, and never-ending optimism.

Six Days In June

Colombia's status as the fourth largest nation in Latin America and third most populous—as well as its largest exporter of such disparate commodities as emeralds, books, processed cocaine, and cut flowers—makes this, the first history of Colombia written in English, a much-needed book. It tells the remarkable story of a country that has consistently defied modern Latin American stereotypes—a country where military dictators are virtually unknown, where the political left is congenitally weak, and where urbanization and industrialization have spawned no lasting populist movement. There is more to Colombia than the drug trafficking and violence that have recently gripped the world's attention. In the face of both cocaine wars and guerrilla conflict, the country has maintained steady economic growth as well as a relatively open and democratic government based on a two-party system. It has also produced an impressive body of art and literature. David Bushnell traces the process of state-building in Colombia from the struggle for independence, territorial consolidation, and reform in the nineteenth century to economic development and social and political democratization in the twentieth. He also sheds light on the modern history of Latin America as a whole.

A Century of Wisdom

Esteemed critic Blanche Gelfant's brilliant companion gathers together lucid essays on major writers and themes by some of the best literary critics in the United States. Part 1 is comprised of articles on stories that share a particular theme, such as "Working Class Stories" or "Gay and Lesbian Stories." The heart of the book, however, lies in Part 2, which contains more than one hundred pieces on individual writers and their work, including Fitzgerald, Hemingway, Richard Ford, Raymond Carver, Eudora Welty, Andre Debus, Zora Neal Hurston, Anne Beattie, Bharati Mukherjee, J. D. Salinger, and Jamaica Kincaid, as well as engaging pieces on the promising new writers to come on the scene.

Elements of Chemistry

The story of Anne Frank, her family and the famous diaries, told with the help of thousands of letters, documents and photographs recently discovered in an attic. Anne Frank wrote a diary from the age of 13 as she hid for over two years in the back of an Amsterdam warehouse escaping the horrors of Nazi occupation. An intimate record of tension and struggle, adolescence and confinement, anger and heartbreak, it is among the most enduring documents of the twentieth century, famed throughout the world. Since first publication in 1947, the diary has been read by tens of millions of people in many different translations. A bestseller in its 1952 and 1997 (definitive) editions, it remains a beloved and deeply admired testament to the indestructible nature of the human spirit. Recently discovered letters,

documents and photographs of Anne and her family including letters from her, her father's letters from Auschwitz and his poignant descriptions of searching for his family after the war and his discovery of the diaries, have been made into a family saga by Mirjam Pressler, the editor of the definitive edition of the Diary. The book, which reads like a novel, an epic, fateful, family saga, recounts the story of Anne's family both before, during and after the war. It contrasts the normality of family life with the horrors of persecution, deportation and the concentration camps and through it we gain new insight into Anne and her iconic diary.

The Making of Modern Colombia

This remarkable volume introduces what is probably the most coherent segment of twentieth-century American literature not written in English. Includes a bilingual facing-page format, notes and biographies of poets, and selections from Yiddish theory and criticism.

The Columbia Companion to the Twentieth-Century American Short Story

A controversial bestseller likened to Primo Levi and Elie Wiesel, *Still Alive* is a harrowing and fiercely bittersweet Holocaust memoir of survival: "a book of breathtaking honesty and extraordinary insight" (Los Angeles Times). Swept up as a child in the events of Nazi-era Europe, Ruth Kluger saw her family's comfortable Vienna existence systematically undermined and destroyed. By age eleven, she had been deported, along with her mother, to Theresienstadt, the first in a series of concentration camps which would become the setting for her precarious childhood. Interwoven with blunt, unsparing observations of childhood and nuanced reflections of an adult who has spent a lifetime thinking about the Holocaust, *Still Alive* rejects all easy assumptions about history, both political and personal. Whether describing the abuse she met at her own mother's hand, the life-saving generosity of a woman SS aide in Auschwitz, the foibles and prejudices of Allied liberators, or the cold shoulder offered by her relatives when she and her mother arrived as refugees in New York, Kluger sees and names an unexpected reality which has little to do with conventional wisdom or morality tales. "Among the reasons that *Still Alive* is such an important book is its insistence that the full texture of women's existence in the Holocaust be acknowledged, not merely as victims. . . . [Kluger] insists that we look at the Holocaust as honestly as we can, which to her means being unsentimental about the oppressed as well as about their oppressors." —Washington Post Book World

The side-splittingly funny Newbery Honor Book about a rebellious boy who is sent to a home-schooling program run by one family—the creative, kooky, loud, and loving Applewhites! Jake Semple is notorious. Rumor has it he managed to get kicked out of every school in Rhode Island, and actually burned the last one down to the ground. Only one place will take him now, and that's a home school run by the Applewhites, a chaotic and hilarious family of artists: poet Lucille, theater director Randolph, dancer Cordelia, and dreamy Destiny. The only one who doesn't fit the Applewhite mold is E.D.—a smart, sensible girl who immediately clashes with the defiant Jake. Jake thinks surviving this new school will be a breeze . . . but is he really as tough or as bad as he seems?

American Yiddish Poetry

Experiences of migration and dwelling-in-displacement impinge upon the lives of an ever increasing number of people worldwide, with business class comfort but more often with unrelenting violence. Since the early 1990s, the political and cultural realities of global migration have led to a growing interest in the different forms of "diasporic" existence and identities. The articles in this book do not focus on the external boundaries of diaspora – what is diasporic and what is not? – but on one of its most important internal boundaries, which is indicated by the second term in the title of this book: memory. It is not by chance that the right to remember, the responsibility to recall, are central issues of the debates in diasporic communities and their relation to their cultural and political surroundings. The relation of diaspora and memory contains important critical and maybe even subversive potentials. Memory can transcend the territorial logic of dispersal and return, and emerge as a competing source of diasporic identity. The articles in this volume explore how, shaped by the responsibilities of testimony as well as by the normalizing forces of amnesia and forgetting and political interests, memory is a performative, figurative process rather than a secure space of identity.

Still Alive

Ardor, inspiration, the soul, the sublime: Such terms have long since fallen from favor among critics and artists alike. In his new collection of essays, Adam Zagajewski continues his efforts to reclaim for art not just the terms but the scanted spiritual dimension of modern human existence that they stake out. Bringing gravity and grace to his meditations on art, society, and history, Zagajewski wears his erudition lightly, with a disarming blend of modesty and humor. His topics range from autobiography (his first visit to a post-Soviet Lvov after childhood exile; his illicit readings of Nietzsche in Communist Poland); to considerations of artist friends past and present (Zbigniew Herbert, Czeslaw Milosz); to intellectual and psychological portraits of cities he has known, east and west; to a dazzling thumbnail sketch of postwar Polish poetry. Zagajewski gives an account of the place of art in the modern age that distinguishes his self-proclaimed liberal vision from the "right-wing radicalism" of such modernist precursors as Eliot or Yeats. The same mixture of ardor and compassion that marks Zagajewski's distinctive contribution to modern poetry runs throughout this eloquent, engaging collection.

Memlinc

A classic account of life under Nazism and Stalinism that will appeal to fans of *Alone in Berlin* and *Stasiland*.

Surviving the Applewhites

This brilliant memoir is Adam Zagajewski's recollection of 1960s and 1970s communist Poland, where he was a fledgling writer, student of philosophy, and vocal dissident at the university in Krakow, Poland's most beautiful and ancient city.

Diaspora and Memory

Ally knows her super-efficient big sis Linn finds their chaotic family a bit ... exasperating. But when Linn falls for Q, the tearaway lead singer in a local band, all her sensible ways go out of the window. Under a Cruel Star

A compilation of 119 poems by fifty-nine writers, including such notables as Primo Levi, Elie Wiesel, Stephen Spender, and Anne Sexton, captures the suffering, courage, and rage of the victims of the Holocaust.

From a Land Far Off

'The most moving Holocaust diary published since Anne Frank' Daily Telegraph First they led us to the baths, where they took from us everything we still had. Quite literally there wasn't even a hair left. I didn't even recognize my own mother till I heard her voice . . . In 1941, aged 12, Helga Weiss, her mother and father were forced to say goodbye to their home, their relatives and all that they knew, and were interned in the Nazi concentration camp of Terezín. For the next three years, Helga documented her experiences there, and those of her friends and family, in a diary. Then they were sent to Auschwitz, and the diary was left behind, hidden in a wall. Helga was one of a tiny number of Jewish children from Prague to survive the holocaust. After she returned home, she eventually managed to retrieve her diary and completed the journal of her experiences. The result is one of the most vivid first-hand accounts of the Holocaust ever to have been recovered. 'Anne Frank's diary finished when her family was rounded up for the camps: in Helga's Diary, we have a child's record of life inside the extermination factories. Shines a light into the long black night that was the Holocaust' Daily Express 'Resounds with a ferocious will to endure conditions of astonishing cruelty. Displays a rare capacity to remain keenly observant and to find the right words for transmitting . . . memory into history' New Statesman 'A moving testimony to courage and endurance. Remarkable . . . what is so compelling is the immediacy and unknowingness' Financial Times Helga Weiss was born in Prague in 1929. Her father Otto was employed in the state bank and her mother Irena was a dressmaker. Of the 15,000 children brought to Terezín and later deported to Auschwitz, only 100 survived the Holocaust. Helga was one of them. On her return to Prague she studied art and is well known for her paintings. She has two children, three grandchildren and lives in the flat where she was born.

Aggravating Ladies

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Aggravating Ladies

Excerpt from My Native Village: And Other Poems I have not published any new volume since the appearance of "Dartmoor," so many years ago. A severe and protracted illness has prevented me from writing a poem of any length, and if the reader should occasionally perceive traces of languor in the present publication, I trust that he will impute it to the proper cause. I am not, however, without hope, that, though this volume was composed in some of the most distressing circumstances that ever fell to the lot of man, the ingenuous critic will find, in some pages, reason for commendation. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books

uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
