attach metal buttons with the tape or a cord

whipping the end of the tape to the eye

secure your tape by whipping down the edges

begin by pulling your thread up through the back of the fabric

aligning the center of the button to the center of the mark

take another stitch near the opposite edge of the button

adjust the tension of the thread

take two to three more stitches in this manner

maintaining proper tension on the thread

These looms are ...

make a long continuous piece of lace
wrap around any of your excess thread
need to have each additional row as a new piece of thread
wind that thread again around your bobbin
working the tenerife knots
secure the lace
secure your first few pieces of lace
hold those initial loops again just at the end of the piece
work up and down through your holding stitches in exactly the same way
secure your length of finished lace wrap
started working the holding thread
making the lace to turn it round
worked straight around straight through at the right angle
work down the holes at the corner
stretch the web at the corner
fasten that start a thread in the slit
getting to the corner section
start in the opposite direction
remove it from the loom
come under this loop of the actual lace thread
put knots at this center
work it along the corners
create your corners
