Rigoberta Menchu

A new multicultural biography series for young readers that focuses on major achievements by women from around the world.

Rigoberta Menchu

The book tells the stories of such women as Myrna Mack Chang, murdered by Guatemalan security forces, and Rigoberta Menchu, winner of the Nobel Peace Prize.

Voices of the Voiceless

A biographical account of the Quiche Indian woman from Guatemala who won the Nobel Peace Prize in 1992 in recognition of her work for social justice."

Rigoberta Menchú Túm

"Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman."--Publisher description.

I, Rigoberta Menchú

Groundbreaking volume provides positive strategies for eliminating gender bias in middle school and high school classrooms.

Women's Studies Quarterly (28: 3-4)

A Nobel Peace Prize winner reflects on poverty, injustice, and the struggles of Mayan communities in Guatemala, offering "a fascinating and moving description of the culture of an entire people" (The Times) Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional beliefs of her community and her personal response to feminist and socialist ideas. I, Rigoberta Menchu

A compelling look at a national leader in the struggle to restore Native American lands.

Winona Laduke

A timely and vital issue of this leading journal examines the impact of new technologies on the lives of women.

Women's Studies Quarterly

Women at War portrays books and other resources that feature girls, young women, and adult women actively involved in various ways in battles, wars, and war-time activities, including their roles as nurses, doctors, spies, soldiers, correspondents, photographers, as well as their roles on the home front. Fiction, picture books, nonfiction, biographies, autobiographies, collective biographies, oral narratives, reference books, journal and periodical articles, and non-print and electronic resources are included. Teachers and librarians will find this to be an excellent curriculum-planning resource.

Women Engaged in War in Literature for Youth

Provides bibliographic information about noteworthy books which provide information on the people, history, art, and culture, as well as the political, social, and economic problems of Latin America, Spain, and the United States.

The Best of Latino Heritage 1996-2002

With contributions from more than two hundred women, this candid, funny, and ultimately soft-hearted take on the feminine covers politics, pop culture, body image, sports, family life, the environment, and much, much more. Original.

El-Hi Textbooks & Serials in Print, 2005

Oral history of an elderly black woman recounting the story of her nine decades in Cuba.

If Women Ruled the World

This collection of pieces by Australian and International feminists brings together the voices of women and discusses the connections between war, terrorism, fundamentalism, racism, global capitalism and male violence. They have deconstructed this story in a powerful indictment of current global politics.

Rigoberta Menchú is a living legend, a young woman who said that her odyssey from a Mayan Indian village to revolutionary exile was "the story of all poor Guatemalans." By turning herself into an everywoman, she became a powerful symbol for 500 years of indigenous resistance to colonialism. Her testimony, *I, Rigoberta Menchú*, denounced atrocities by the Guatemalan army and propelled her to the 1992 Nobel Peace Prize. But her story was not the eyewitness account that she claimed. In this hotly debated book, key points of which have been corroborated by the New York Times, David Stoll

compares a cult text with local testimony from Rigoberta Menchú's hometown. His reconstruction of her story goes to the heart of debates over political correctness and identity politics and provides a dramatic illustration of the rebirth of the sacred in the postmodern academy. This expanded edition includes a new foreword from Elizabeth Burgos, the editor of *I, Rigoberta Menchú*, as well as a new afterword from Stoll, who discusses Rigoberta Menchú's recent bid for the Guatemalan presidency and addresses the many controversies and debates that have arisen since the book was first published.

September 11, 2001

In 1984, indigenous rights activist Rigoberta Menchú published a harrowing account of life under a military dictatorship in Guatemala. That autobiography—*I, Rigoberta Menchú*—transformed the study and understanding of modern Guatemalan history and brought its author international renown. She won a Nobel Peace Prize in 1992. At that point, she became the target of historians seeking to discredit her testimony and deny US complicity in the genocidal policies of the Guatemalan regime. Told here is the story of an unlettered woman who became the spokesperson for her people and clashed with the intellectual apologists of the world's most powerful nation. What happened to her autobiography speaks volumes about power, perception and race on the world stage. This critical companion to Menchú's work will disabuse many readers of the lies that have been told about this courageous individual.

MultiCultural Review

One of Argentina's 30,000 "disappeared," Alicia Partnoy was abducted from her home by secret police and taken to a concentration camp where she was tortured, and where most of the other prisoners were killed. Her writings were smuggled out of prison and published anonymously in human rights journals. *The Little School* is Alicia Partnoy's memoir of her disappearance and imprisonment in Argentina in the 1970s. Told in a series of tales that resound in memory like parables, *The Little School* is proof of the resilience of the human spirit and the healing powers of art. This second edition features a revised introduction by the author and a preface by Julia Alvarez.

Rigoberta Menchu And The Story Of All Poor Guatemalans

This indispensable text reader provides a broad-ranging and thoughtfully organized feminist introduction to the ongoing controversies of development in Latin America and the Caribbean. Designed for use in a variety of college courses, the volume collects an influential group of essays first published in *Latin American Perspectives*. Each part is organized into thematic sections that focus on work, politics, and culture, and each includes substantive introductions that identify key issues in the scholarly literature on women and gender in the region. Demonstrating the rich, multidisciplinary nature of Latin American studies, these essays promote critical thinking about women's place and power, about theory and research strategies, and about contemporary economic, political, and social conditions. They convincingly show why women have become an increasingly important subject of research, acknowledge their gains and struggles over time, and explore the contributions that feminist theory has made toward the recognition of gender as a relevant—indeed essential—category for analyzing the political economy of development.

Theology Brewed in an African Pot

The state has recently been rediscovered as an object of inquiry by a broad range of scholars. Reflecting the new vitality of the field of political anthropology, *States of Imagination* draws together the best of this recent critical thinking to explore the postcolonial state. Contributors focus on a variety of locations from Guatemala, Pakistan, and Peru to India and Ecuador; they study what the state looks like to those seeing it from the vantage points of rural schools, police departments, small villages, and the inside of the Truth and Reconciliation Commission. Focusing on the micropolitics of everyday state-making, the contributors examine the mythologies, paradoxes, and inconsistencies of the state through ethnographies of diverse postcolonial practices. They show how the authority of the state is constantly challenged from the local as well as the global and how growing demands to confer rights and recognition to ever more citizens, organizations, and institutions reveal a persistent myth of the state as a source of social order and an embodiment of popular sovereignty. Demonstrating the indispensable value of ethnographic work on the practices and the symbols of the state, *States of Imagination* showcases a range of studies and methods to provide insight into the diverse forms of the postcolonial state as an arena of both political and cultural struggle. This collection will interest students and scholars of anthropology, cultural studies, sociology, political science, and history. Contributors.

Who Is Rigoberta Menchu?

"Elvia Alvarado tells the story of her life and the life of the people of Honduras. Read it and understand the struggle against tyranny of the poor. Read it and act."--Alice Walker

The Little School

Guatemalan indigenous rights activist Rigoberta Menchu first came to international prominence following the 1983 publication of her memoir, *I, Rigoberta Menchu*, which chronicled in compelling detail the violence and misery that she and her people suffered during her country's brutal civil war. The book focused world attention on Guatemala and led to her being awarded the Nobel Peace Prize in 1992. In 1999, a book by David Stoll challenged the veracity of key details in Menchu's account, generating a storm of controversy. Journalists and scholars squared off regarding whether Menchu had lied about her past and, if so, what that would mean about the larger truths revealed in her book. In *The Rigoberta Menchu Controversy*, Arturo Arias has assembled a casebook that offers a balanced perspective on the debate. The first section of this volume collects the primary documents -- newspaper articles, interviews, and official statements -- in which the debate raged, many translated into English for the first time. In the second section, a distinguished group of international scholars assesses the political, historical, and cultural contexts of the debate, and considers its implications for such issues as the "culture wars"

Rereading Women in Latin America and the Caribbean

This edited, one-volume version presents the first ever English translation of the report of The Guatemalan Commission for Historical Clarification (CEH), a truth commission that exposed the details of 'la violencia,' during which hundreds of massacres were committed in a scorched-earth campaign that displaced approximately one million people.

Winds of Change

The most controversial activist organization of the 21st century, WikiLeaks has attracted strong, divergent opinions from across the political spectrum. Lauded by its supporters for its indispensable role in holding governments, corporations, and human rights abusers to account, its advocates and journalists have been excoriated by opponents as traitors, threats to legitimate governments, and misogynists. Yet so much media attention is focused upon founder Julian Assange, and his ongoing confinement in the Ecuadorian embassy in London, that the broader dimensions of WikiLeaks are rarely aired. Especially critical in these omissions is the role of women, both in the organization and the more general struggle for information freedom. *Women, Whistleblowing, WikiLeaks* presents a conversation between three extraordinary advocates who have been at the forefront of such activity: acclaimed journalist and human rights advocate Sarah Harrison, Croatian-German theater director, activist and author Angela Richter, and Renata Avila, a celebrated Guatemalan human rights lawyer and digital rights expert. Ranging widely, from the dishonesty of the mainstream media and its contrasting treatment of Edward Snowden and Chelsea Manning to the terrifying monopolization of personal data under tech behemoths such as Facebook and Google, this book is a crucial intervention in the ongoing debate around digital activism.

States of Imagination

Latin America's diverse political and economic struggles and triumphs have captured the global imagination. The region has been a site of brutal dictators, revolutionary heroes, the Cold War struggle and as a place in which the global debt crisis has had some of its most lasting and devastating impacts. Latin America continues to undergo rapid transformation, demonstrating both inspirational change and frustrating continuities. This text provides a comprehensive introduction to Latin American development in the twenty-first century, emphasizing political, economic, social, cultural and environmental dimensions of development. It considers key challenges facing the region and the diverse ways in which its people are responding, as well as providing analysis of the ways in which such challenges and responses can be theorized. This book also explores the region's historical trajectory, the implementation and rejection of the neoliberal model and the role played by diverse social movements. Relations of gender, class

and race are considered, as well as the ways in which media and popular culture are forging new global imaginaries of the continent. The text also considers the increasing difficulties that Latin America faces in confronting climate change and environmental degradation. This accessible text gives an overarching historical and geographical analysis of the region and critical analysis of recent developments. It is accompanied by a diverse range of critical historical and contemporary case studies from all parts of the continent, providing readers with the conceptual tools required to analyse theories on Latin American development. Each chapter ends with a summary section, discussion topics, suggestions for further reading, websites and media resources. This is an indispensable resource for scholars, students and practitioners.

Don't Be Afraid, Gringo: A Honduran Woman Speaks From The Heart

US Department of State Dispatch

Following in the footsteps of Rigoberta Menchu, Maria Teresa Tula describes her childhood, marriage, and growing family, as well as her awakening political consciousness, activism, imprisonment, and torture. She gains international recognition as a human rights activist through her work in CO-MADRES, the Committee of Mothers and Relatives of Political Prisoners, Disappeared and Assassinated of El Salvador.

El-Hi Textbooks & Serials in Print, 2000

Contains 32 contributions. Includes the text of the Universal Declaration of Human Rights (1948).

The Rigoberta Menchú Controversy

This vast three-volume Encyclopedia offers more than 4000 entries on all aspects of the dynamic and exciting contemporary cultures of Latin America and the Caribbean. Its coverage is unparalleled with more than 40 regions discussed and a time-span of 1920 to the present day. "Culture" is broadly defined to include food, sport, religion, television, transport, alongside architecture, dance, film, literature, music and sculpture. The international team of contributors include many who are based in Latin America and the Caribbean making this the most essential, authoritative and authentic Encyclopedia for anyone studying Latin American and Caribbean studies. Key features include: * over 4000 entries ranging from extensive overview entries which provide context for general issues to shorter, factual or biographical pieces * articles followed by bibliographic references which offer a starting point for further research * extensive cross-referencing and thematic and regional contents lists direct users to relevant articles and help map a route through the entries * a comprehensive index provides further guidance.

Human Rights in Guatemala During President de León Carpio's First Year

"The United Nations Declaration on the Rights of Indigenous Peoples is a culmination of a centuries-long struggle by indigenous peoples for justice. It is an important new addition to UN human rights instruments in that it promotes equality for the world's indigenous peoples and recognizes their collective rights."--Back cover.

Memory of Silence

In this 13th edition of "Adventuring with Books," teachers and librarians will find descriptions of more than 850 texts (published between 1999 and 2001) suitable for student use in background research, unit study, or pleasure reading, and children will find books that delight, amuse, and entertain. The texts described in the book are divided into 24 general topics, including Science Nonfiction; Struggle and Survival; Fantasy Literature; Sports; Games and Hobbies; and Mathematics in Our World. To highlight literature that reflects the schools' multiple ethnicities, the booklist also introduces readers to recent literature that celebrates African American, Asian and Pacific Island, Hispanic American, and indigenous cultures. Each chapter begins with a brief list of selection criteria, a streamlined list of all annotated titles in that chapter, and an introduction in which chapter editors discuss their criteria and the status of available books in that subject area. While the reviews were written by adults, the voices and opinions of children are often included as well, lending credence to adult choices of the quality children's books. (NKA).

Women, Whistleblowing, WikiLeaks

Focusing on the theme of visions seen by those who dreamed of what might be, Lauren explores the dramatic transformation of a world patterned by centuries of human rights abuses into a global community that now boldly proclaims that the way governments treat their own people is a matter of international concern.

Latin American Development

Latin America has produced an impressive body of sociopolitical work, yet these important texts have never been readily available to a wider audience. This anthology offers the first serious, broad-ranging collection of English translations of significant Latin American contributions to social and political thought spanning the last forty years. Iván Márquez has judiciously selected narratives of resistance and liberation; ground-breaking texts in Latin American fields of inquiry such as liberation theology, philosophy, pedagogy, and dependency theory; and important readings in guerrilla revolution, socialist utopia, and post-Cold War thought, especially in the realms of democracy and civil society, alternatives to neoliberalism, and nationalism in the context of globalization. By drawing from an array of diverse sources, the book demonstrates the linkages among important tendencies in contemporary Latin America, allowing the reader to discover common threads among the selections. Highlighting the vitality, diversity, and originality of Latin American thought, this anthology will be invaluable for students and scholars across the social sciences and humanities. Contributions by: Domitila Barrios de Chungara, Leonardo Boff, Ernesto Cardenal, Fernando Henrique Cardoso, Jorge G. Castañeda, Evelina Dagnino, Hernando de Soto, Theotonio Dos Santos, Enrique D. Dussel, Enzo Faletto, Paulo Freire, Eduardo H. Galeano, Ernesto Che Guevara, Gustavo Gutiérrez, José Ignacio López Vigil, Carlos Marighella, Iván Márquez, Rigoberta Menchú, Plinio Apuleyo Mendoza, Carlos Alberto Montaner, Elena Poniatowska, Raúl Prebisch, Carlos Salinas de Gotari, Roberto Mangabeira Unger, Alvaro Vargas Llosa, and Zapatista Army of National Liberation.

Universal Declaration of Human Rights, signed in 1948.

Universal Declaration of Human Rights

All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood.

Everyone is entitled to all the rights and freedoms set forth in this Declaration, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion national or social origin, property, birth or other status. Furthermore, no distinction shall be made on the basis of the political, jurisdictional or international status of the country

All are entitled to equal protection against any discrimination in violation of this Declaration and against any incitement to such discrimination.

Everyone charged with a penal offence has the right to be presumed innocent until proved guilty according to law in a public trial at which he has had all the guarantees necessary for his defence
No one shall be held guilty of any penal offence on account of any act or omission which did not constitute a penal offence, under national or international law

Everyone has the right to freedom of movement and residence within the borders of each state. (2)

Everyone has the right to leave any country, including his own, and to return to his country.

Everyone has the right to seek and to enjoy in other countries asylum from persecution.

This right may not be invoked in the case of prosecutions genuinely arising from non-political crimes or from acts contrary to the purposes and principles of the United Nations.

Everyone has the right to a nationality. (2) No one shall be arbitrarily deprived of his nationality nor denied the right to change his nationality

Men and women of full age, without any limitation due to race, nationality or religion, have the right to marry and to found a family. They are entitled to equal rights as to marriage, during marriage and at its dissolution.

Marriage shall be entered into only with the free and full consent of the intending spouses.

The family is the natural and fundamental group unit of society and is entitled to protection by society and the State.

and freedom, either alone or in community with others and in public or private, to manifest his religion or belief in teaching, practice, worship and observance.

The will of the people shall be the basis of the authority of government

Everyone, without any discrimination, has the right to equal pay for equal work.

Everyone who works has the right to just and favourable remuneration ensuring for himself and his family an existence worthy of human dignity, and supplemented, if necessary, by other means of social protection.

Everyone has the right to form and to join trade unions for the protection of his interests.

(1) Everyone has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing

and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control.

Motherhood and childhood are entitled to special care and assistance. All children, whether born in or out of wedlock, shall enjoy the same social protection.

(2) Education shall be directed to the full development of the human personality and to the strengthening of respect for human rights and fundamental freedoms.

Parents have a prior right to choose the kind of education that shall be given to their children.

These rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations.
