Is a text the same as a hug? Can trolling be a full-time career? Is FOMO turning out to be a real psychological threat? Indian millennials have not only embraced the virtual space and all its extensions but are also living the fake reality. We now have the ability to reinvent ourselves online and keep our digital ego on fleek—flirting, preening, posting and filtering our way to a perfect profile. Social media has led to trading our offline family for virtual ones, relationships for app-based affairs and birthday greetings for emojis. This constant interaction with the screen is taking a massive toll on our daily lives. Young adults are risking their lives for the perfect selfie; troll wars and cyber stalkers are driving people to depression; cyber porn, for small-town religious teens, is dangerously becoming an addiction. So where do we draw the line? How much is too much? Are parental controls and restrictions effective? In this book, the author, through a series of real conversations, breaks down the digital revolution of India and seeks to understand why we've turned into a society of hashtags, tweets, shares and likes.

Wild And Wilful

A profound truth of the wild, and the world at large, is that we are a part of it, not owners of it. Is there any animal we love and hate as much as the Royal Bengal Tiger? Tigers are feared and poached, but they also endure, becoming pin-ups for candlelight marches. Indian elephants are trapped by railway lines and fences, but are reclaiming their bodies and colonizing new areas in central India. And in our dirty cities, the sparkling Plain Tiger Butterfly flourishes as one of our last links to wildlife. Wild animals exist beyond our control. They are harmless, only occasionally dangerous. They live with us, or in spite of us. Those who know them understand that wild animals require acceptance for what they are, not enslavement for what we want them to be. In this book, we meet fifteen iconic Indian species in need of conservation and heart. The author explores what these creatures need, and how they exert agency and decision-making. With an equal emphasis on human and animal, science and skilled prose, Wild and Wilful reveals the magic of the wild in our daily lives. It will take you from fear to wonder.

Mrs Funnybones

Full of wit and delicious observations, Mrs Funnybones captures the life of the modern Indian woman a woman who organizes dinner each evening after having been at work all day, who runs her own life but has to listen to her mummyji, who worries about her weight and the state of the country. Based on Twinkle Khanna's super-hit column, Mrs Funnybones marks the debut of one of our funniest, most original voices.

American Geography

Award-winning photographer Matt Black traveled over 100,000 miles to chronicle the reality of today's unseen and forgotten America. When Magnum photographer Matt Black began exploring his hometown in California's rural Central Valley—dubbed “the other California,” where one-third of the population lives in poverty—he knew what his next project had to be. Black was inspired to create a vivid portrait of an unknown America, to photograph some of the poorest communities across the US. Traveling across forty-six states and Puerto Rico, Black visited designated “poverty areas,” places with a poverty rate above 20 percent, and found that poverty areas are so numerous that they're never more than a two-hour's drive apart, woven through the fabric of the country but cut off from “the land of opportunity.” American Geography is a visual record of this five-year, 100,000-mile road trip, which chronicles the vulnerable conditions faced by America's poor. This compelling compilation of black-and-white photographs is accompanied by Black's own travelogue—a collection of observations, overheard conversations in cafe's and public transportation, diner menus, bus timetables, historical facts, and snippets from daily news reports. A future classic of photography, this monograph is supported by an international touring exhibition and is a must-have for anyone with an interest in witnessing the reality of an America that's been excluded from the American Dream.

How to Prevent the Next Pandemic

The COVID-19 pandemic isn't over. But even as governments around the world try to get it under control, they're also starting to talk about what happens next. How can we prevent another pandemic from killing millions of people and devastating the global economy? Can we even hope to accomplish this? Bill Gates believes the answer is yes, and he has written a largely upbeat book that lays out clearly and convincingly what the world should learn from COVID-19, explains the science of fighting pandemics, and suggests what all of us can do to help prevent another one.

A revolutionary way to raise and train your dog, with “a wealth of practical tips, tricks, and fun games that will enrich the lives of many dogs and their human companions” (Dr. Ian Dunbar, veterinarian and animal behaviorist). Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you tailor dog training to your pet's unique traits and energy level—leading to quicker results and a much happier pup. For the first time, Zak has distilled the information from his hundreds of videos and experience with thousands of dogs into this comprehensive dog and puppy training guide that includes: • Choosing the right pup for you • Housetraining and basic training • Handling biting, leash pulling, jumping up, barking, aggression, chewing, and other behavioral issues • Health care essentials like finding a vet and selecting the right food • Cool tricks, traveling tips, and activities to enjoy with your dog • Topics with corresponding videos on Zak's YouTube channel so you can see his advice in action Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and—most of all—fun!

Zak George's Dog Training Revolution

She thought, brightly, This is the worst life decision I have ever made! And she marvelled at herself for a while, at the mystery of this person who'd just done this bizarre, inexplicable thing. Margot meets Robert. They exchange numbers. They text, flirt and eventually have sex – the type of sex you attempt to forget. How could one date go so wrong? Everything that takes place in Cat Person happens to countless people every day. But Cat Person is not an everyday story. In less than a week, Kristen Roupenian's New Yorker debut became the most read and shared short story in their website's history. This is the bad date that went viral. This is the conversation we're all having. This gift edition contains photographs by celebrated photographer Elinor Carucci, who was commissioned by the New Yorker to capture the image that accompanied Kristen Roupenian's Cat Person when it appeared in the magazine. You Know You Want This, Kristen Roupenian's debut collection, will be published in February 2019.

The beloved classic daily devotional of Stoic meditations—the only authorized print edition in the US and complete with a ribbon marker—with more than two million copies sold! Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless

and that philosophy is for living a better life, not a classroom exercise. The Daily Stoic offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.

"Nisha Sharma's Dating Dr. Dil is what would happen if you put all my favorite romantic comedy tropes into a blender: a frothy, snarky, hilarious treat with a gooey, heartwarming center. The perfect addition to any rom-com lover's shelf." —Emily Henry, #1 New York Times bestselling author of People We Meet on Vacation Nisha Sharma's new romantic comedy features enemies to lovers, a cast of best friends, and a gaggle of aunties determined to make a match. Hi! I'm Kareena Mann. As cheesy as it sounds, I'm looking for my soulmate. In four months. And he must gain the approval of my meddling aunties. Kareena dreams of having a perfect love story like her parents did. That's why on the morning of her thirtieth birthday, she's decided to suit up and enter the dating arena. When her widowed father announces he's retiring and selling their home after her sister's engagement party, Kareena makes a deal with him. If she can find her soulmate by the date of the party, he'll gift her the house, and she'll be able to keep her mother's legacy alive. Hi, I'm Dr. Prem Verma, host of the Dr. Dil Show. Prem means love, Dil means heart, and I'm a cardiologist. Don't let my name fool you. I only fix broken hearts in the literal sense. Prem doesn't have time for romance, which is why it's no surprise when his first meeting with Kareena goes awry. Their second encounter is worse when their on-air debate about love goes viral. Now Prem's largest community center donor is backing out because Prem's reputation as a heart-health expert is at risk. To get back in his donor's good graces, he needs to fix his image fast, and dating Kareena is his only option. Even though they have warring interests, the more time Prem spends with Kareena, the more he thinks she's might actually be the woman he wants to spend the rest of his life with. In this Taming of the Shrew re-imagination, for Prem and Kareena to find their happily ever after, they must admit that hate has turned into fate. "Bursting with character, spicy tension and laughs, Dating Dr. Dil is the enemies to lovers dream book!" —Tessa Bailey, New York Times bestselling author of It Happened One Summer

Where do those relegated to the margins find belonging? In her luminous debut *Unbelonging*, Gayatri Sethi deftly interweaves verse, memoir, and a bold call to action as she recounts her experience searching for home in the diaspora. Drawing upon her life story as a Tanzanian-born-Punjabi turned American educator and mother of multiracial children, Sethi tells an intimate tale of stepping into her power while confronting misogyny, racism, and empire. Spanning decades and continents- from Partition to the Black Lives Matter movement, Southern Africa to Muscogee Lands- *Unbelonging* tells urgent truths, inspires critical self-reflection, and emboldens its readers to pursue radical forms of justice, compassion, and solidarity.

The Sun and Her Flowers

The 1962 blockbuster that took on “one of the most absurd (if universal) myths of our time: that every girl must be married” (The New York Times). Helen Gurley Brown, the iconic editor in chief of Cosmopolitan for thirty-two years, is considered one of the most influential figures of Second Wave feminism. Her first book sold millions of copies, became a cultural phenomenon, and ushered in a whole new way of thinking about work, men, and life. Feisty, fun, and totally frank, *Sex and the Single Girl* offers advice to unmarried women that is as relevant today as it was when it burst onto the scene in the 1960s. This spirited manifesto puts women—and what they want—first. It captures the exuberance, optimism, and independence that have influenced the lives of so many contemporary American women.

From New York Times Best-Selling Author K. Bromberg comes an unforgettable series about lust, love, redemption, and healing... Our paths should never have crossed. Colton Donovan was arrogant, exuded that bad boy vibe, and embodied everything I never wanted. And yet all it took was one night, one hallway, and one stolen kiss for me to know I hated him and desired him instantly. My heart was healing. His soul was damaged. But with one bid, one little boy, and one carnival date, I couldn't walk away and he wouldn't let me in. This is our story. Our fight. Our perfectly imperfect love.

NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. “A loving invitation to live our best lives and a profound reassurance of why and how we can.”—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH** The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. *Inner Engineering* presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

"There is a substantive body of research that indicates formative assessment can significantly improve student learning. Yet, this same research shows that the features of formative assessment that impact student achievement are sadly missing from many classrooms (Black, et al., 2003). This book provides teachers with guidance and suggestions for using formative assessment to improve teaching and learning in the mathematics classroom, and identifies and describes practical techniques teachers can use to build a rich repertoire of formative assessment strategies. The acronym, FACT, is used to label the techniques included in this book. FACT stands for Formative Assessment Classroom Technique. Through the varied use of FACTs, explicitly tied to a purpose for gathering information about or promoting students--thinking and learning, teachers can focus on what works best for learning and design or modify lessons to fit the needs of the students"--

Winner of the 2014 Nobel Peace Prize In 2009 Malala Yousafzai began writing a blog on BBC Urdu about life in the Swat Valley as the Taliban gained control, at times banning girls from attending school. When her identity was discovered, Malala began to appear in both Pakistani and international media, advocating the freedom to pursue education for all. In October 2012, gunmen boarded Malala's school bus and shot her in the face, a bullet passing through her head and into her shoulder. Remarkably, Malala survived the shooting. At a very young age, Malala Yousafzai has become a worldwide symbol of courage and hope. Her shooting has sparked a wave of solidarity across Pakistan, not to mention globally, for the right to education, freedom from terror and female emancipation.

About the Book Every success story has its price to pay. So did Shatrughan Sinha (SS) who achieved the impossible twice over. The youngest and the most pampered in a family of academics and doctors where four sons were named after the four brothers of the Ramayan, SS stood out defiantly different. He was born for applause and the limelight; he was besotted with Raj Kapoor and cinema. In the face of stiff opposition from disciplinarian father Bhuvaneshwar Prasad Sinha, mother Shyama Devi's *chhutka bauwa* (little darling) set out for the Film Institute of India (now FTII) in Poona. Bombay was the next logical destination. Without Kapoorian good looks or any connection with the Hindi film industry, the unknown scarface from Patna went on to create history on celluloid. In politics too, with no known surname or family to power his entry, he set a record as the first film star from India to be sworn-in as a Cabinet Minister. Quotes Anything But Khamosh: The Shatrughan Sinha Biography, is a rivetingly honest read that retraces the hurrahs and heartaches of India's most popular Bihari Babu. "Do not attempt to change him. Of the 1.25 crore people of India, he stands out as unique" – Amitabh Bachchan, superstar, Hindi cinema "They used to call me the Shatrughan Sinha of the South" – Rajinikanth, superstar, Tamil Nadu "I became an actor because of Shatrughan Sinha" – Chiranjeevi, superstar & Congress-I leader, Andhra Pradesh "Ours is an Eklavya-Dronacharya story. He is my guru" – Ambareesh, superstar & Minister for Housing, Karnataka "A person who joined the Jan Sangh or the BJP when it was in the Opposition, had to be gutsy. Shatrughan is" – LK Advani, Senior Leader, BJP "I would give him *sanyam ki salaah* (advice on patience)" – Sushma Swaraj, Minister for External Affairs "I find there's no *chhaploosi* (sycophancy) in him. Our doors are open 24/7 to him" – Lalu Prasad Yadav, Leader, RJD "If the Bihari Babu is hurt, the whole of Bihar is hurt" – Nitish Kumar, Chief Minister, Bihar "If we had Shatrusaab on our side, we wouldn't need anybody else on our team" – Nawaz Sharif, Prime Minister, Pakistan About the Author Renowned columnist, critic and author Bharathi S Pradhan has written both fiction and non-fiction. *Mr Bidi* – the life story of an industrialist; *Heartfelt: The inspirational story of Medha Jalota*; *Colas, Cars & Communal Harmony on secularism and Valentine Lover*, an adult novel, are some of her well-received books. She scripted a documentary on *Mughal-e-Azam* and ideated for Balaji Telefilms. She has been Chairperson, National Awards (for best writing on cinema), and has been on the jury of diverse awards committees. She was also on the jury of the Indian Panorama of IFFI 2015. Bharathi has edited a variety of magazines and contributed to several publications that include *Reader's Digest*, *Mid-day*, *Savvy*, *Femina* and *Movie*. She continues to be a Sunday columnist with *The Telegraph*. She lives in Mumbai with Sanjaya, her Chartered Accountant husband and Siddhesh, her son who is currently studying Law.

Providing easy-to-use alternatives to the “stand and deliver” approach to teaching that causes so many students to tune out--or even drop out--Total Participation Techniques presents dozens of ways to engage K–12 students in active learning and allow them to demonstrate the depth of their knowledge and understanding. The authors, Pésida Himmele and William Himmele, explain both the why and the how of Total Participation Techniques (TPTs) as they explore the high cost of student disengagement, place TPTs in the context of higher-order thinking and formative assessments, and demonstrate how to create a “TPT-conducive classroom.” Readers will learn how to implement field-tested techniques they can use on the spot (e.g., Quick-Draws, Quick-Writes, Chalkboard Splash); with Hold-Up cards (e.g., True/Not True, Selected Response); with movement (e.g., Bounce Cards, Line-Ups, Simulations); and to guide note-taking and concept analysis (e.g., Picture Notes, 3-Sentence Wrap-Up, Debate Team Carousel). Each TPT is presented in four parts: * A descriptive overview * How It Works--step-by-step instructions for implementation * How to Ensure Higher-Order Thinking--ideas for advancing students beyond surface-level thinking * Pause to Apply--suggestions for how to adapt and personalize the technique for specific contexts and content areas Filled with examples from real classrooms, Total Participation Techniques is an essential toolkit for teachers at all levels and for administrators who want a model for analyzing lessons to ensure that they are relevant, engaging, and cognitively challenging.

History of Photography in China

Once upon a time, there was a Bihari boy called Madhav. He fell in love with a rich girl from Delhi called Riya. Madhav didn't speak English well. Riya did. Madhav wanted a relationship. Riya didn't. Riya just wanted friendship. Madhav didn't. Riya suggested a compromise. She agreed to be his half-girlfriend. From the author of the blockbuster novels Five Point Someone, One Night @ the Call Center, The 3 Mistakes of My Life, 2 States and Revolution 2020 comes a simple and beautiful love story that will touch your heart and inspire you to chase your dreams.

Anything But Khamosh: The Shatrughan Sinha Biography

A woman on her own in Texas struggles to overcome hardships. A man alone on the rugged frontier works to overcome prejudices. Through frontier hospitality, faith in God, and shared trouble, they forge an untraditional and potentially dangerous friendship - a friendship they strive to keep from becoming a relationship, each locking deeper feelings inside for the sake of the other. But it seems as if God has other plans, and it isn't long before they realize they have a decision to make: they can choose to labor together and face their problems as partners, or they can insist on remaining apart and fight their battles alone. Their story is a heartwarming tale about how God's laws and love supersede man's, how man's obstacles are God's opportunities, and how doubts in oneself become faith in Him.

"I am all about those Singh brothers!"— Katee Robert, New York Times bestselling author Rajneet Hothi built her empire with sweat, blood, and information. She knows everything there is to know about Ajay Singh, the future CEO of Bharat, Inc., as well as how crucial he is in securing her future. But she didn't expect the passion that burst between them the first time they went head-to-head. She'd never felt anything like it before, especially during her marriage to her soon-to-be-ex-husband. When her company is blamed for her ex's dirty dealings with Bharat, she's forced to prove that Ajay is no match for her in the art of business or seduction. Ajay shouldn't trust Raj or her company. He's on the verge of losing everything his family has worked to achieve, but he can't stop thinking about the breathtaking way Raj opens her mind, body and heart to him. Throwing his infamous caution to the wind, he tempts the gorgeous CEO into his bedroom and boardroom. He soon realizes he wants Raj by his side and he's willing to fight the people he's always protected to be with her. When Raj and Ajay discover the source behind Bharat's leak, they must trust each other and work together to defy the odds and save the Singh legacy.

The nationwide lockdown in 2020 to curb the spread of Covid-19 left millions of migrant labourers without jobs, food and shelter. Desperate and helpless, most took to the road, embarking on the long, often fatal, journey home. Ritesh, Ashish, Ram Babu, Sonu, Krishna, Sandeep and Mukesh-migrants from Bihar-undertook a similar journey on their bicycles that lasted for seven days and seven nights. Their harrowing trip from Ghaziabad, Uttar Pradesh, to their hometown of Saharsa as they braved police lathis and insults, and battled hunger, exhaustion and fear, was documented by National Award-winning filmmaker Vinod Kapri. 1232 km is a story of the extraordinary courage of seven men in the face of tremendous odds.

Lonesome Wolf

What is it like to be known as Mansoor Ali Khan Pataudi's daughter? Or to have a mother as famous as Sharmila Tagore? Or to be recognized as Saif Ali Khan's sister? Or as Kareena Kapoor's sister-in-law? And where do I stand among them? Actor Soha Ali Khan's debut book is at heart a brilliant collection of personal essays where she recounts with self-deprecating humour what it was like growing up in one of the most illustrious families of the country. With never before published photos from her family's archives, *The Perils of Being Moderately Famous* takes us through some of the most poignant moments of Soha's life-from growing up as a modern-day princess and her days at Balliol College to life as a celebrity in the times of social media culture and finding love in the most unlikely of places-all with refreshing candour and wit.
