Why Men Fall Out of Love

Addressing both men and women, novelist and nonfiction author French (Abingdon's) provides an insider's view of what drives men away from their partners and what both parties can do about it. Basing his insights on in-depth interviews with men from all socioeconomic groups who were asked why a previously wonderful relationship turned sour, he discovered that some "relationship busters" can be traced back to childhood issues of anger and loss, issues of masculine identity, popular culture's emphasis on happiness, and communication differences between men and women. Interestingly, women generally act to change their unhappiness, while men tend to live with it. Most articles on relationships are written from a woman's perspective, but French offers a look from the male perspective. Well done and helpful; recommended for all libraries.

Out of Love

'I enjoyed Out of Love hugely! It's vivid, very compelling storytelling' Marian Keyes 'I fell in love with this book. The writing was good enough to make me forget I had a phone, put it that way' Aisling Bea 'Out of Love will fill the gap that Normal People left in our heart . . . Trust us, this is the book of the summer' Evoke 'Wise, compelling and beautifully written' Daily Mail 'What a book . . . Hayes references Nora Ephron throughout and she's a pretty good successor judging from this debut' Stylist A novel for anyone who has loved and lost, and lived to tell the tale. As a young woman packs up her ex-boyfriend's belongings and prepares to see him one last time, she wonders where it all went wrong, and whether it was ever right to begin with. Burdened with a broken heart, she asks herself the age-old question . . . is love really worth it? Out of Love is a bittersweet romance told in reverse. Beginning at the end of a relationship, each chapter takes us further back in time, weaving together an already unravelled tapestry, from tragic break-up to magical first kiss. In this dazzling debut Hazel Hayes performs a post-mortem on love, tenderly but unapologetically exploring every angle, from the heights of joy to the depths of grief, and all the madness and mundanity in between. This is a modern story with the heart of a classic: truthful, tragic and ultimately full of hope.

Finally Free

Have you ever felt trapped inside of your own head and there seems to be with no way out? Sometimes we try to find peace in other people. We look for acceptance and love from others. But what happens when we can't find it? Some people find hobbies to engage in alone or some party with people or drink alcohol to escape. What happens when all hope lost and the only refuge is found with the love from other people. This is a true-life journey of a young black woman full of flaws and struggles that leave her looking to escape her own mind while creating a pattern of trying to fix herself through being in relationships. The blame is not on the men but on her for trying to change them rather than figuring out who she was. She trapped herself in a prison with thoughts of not being enough in her world. She needed to feel loved and for her, being in a relationship was the way. She did not love herself enough but God loved her enough to save her from her own dark thoughts. This book is intended to inspire others to seek God first to understand how He intervenes to reveal true joy in a life that was once perceived as worthless. It shows how in order for one to find real peace, is to love yourself before you try to love anyone else and that aloneness does not always mean loneliness.

Breaking Out

Have you ever found yourself looking in the mirror unable to recognize the person looking back at you? Have you ever woken up one morning to find that everything that you had worked so hard to build had fallen apart and you found yourself having to start over? Have you ever felt like everything that you thought that you knew about life no longer fit with the person you had become? Have you ever questioned how you got to be where you are now? Have you ever found yourself asking the question who am I and where am I going to go from here? Have you ever wondered is this all there is to life? For me, it was at age 45 that I found myself asking these questions. My marriage had fallen apart, my kids were growing up and didn't need me in the same ways that they once had, and I felt lost and alone. It was as though I was losing my grip on who I was outside of my marriage and being a mother. I was on autopilot, just going through the motions that were required of me, not really present in my life. I felt stuck in a pattern of isolation and fear and I needed to make some changes so that I could move forward and figure out who I was and more importantly, who I wanted to be. We only have this one short and precious life and I wanted to start living it. This book is my way of working through the questions that I had about what it means to be human and how to live a full and satisfying life. These are my thoughts as I try to figure out how to reinvent myself.

"You've lost your soul. What are you going to do about it?" This roleplaying game takes characters -- and players -- on a rollercoaster ride of loss and redemption.

Notes on Falling Out of Love

I wish there could be no problem in love. I wish there would be no broken hearts. I wish all the love stories would have happy ending. I wish no one would die or kill on the name of love. I wish there would be a Doctor Love to help people if at all there are problems due to broken love affairs or sad end of love stories. I had imagined this situation and then I had tried to understand the possible problems arising out of love affairs. Further, I tried to analyze the cause of break ups and arrive on some conclusions based on the experiences and experiments. Thus, I have created the character of Doctor Love who is trying to help people to handle the break ups and patch up with their beloved ones if at all that is destined to happen in this universe. This book is dedicated to all those who broke their hearts in love and looked for a shoulder to cry upon in any stage of life. It is also dedicated to those who offered their shoulder to support them. This book is not a love story but it's a story of love; i.e. about break-ups and attempted patch-ups of love relationship. It's a story of broken hearts who had to live a lonely life after breaking up in their love relationship due to individual reasons. As per Doctor Love, there is a theory of initial resistance and followed by law of acceptance. Our human psychology is such that we resist to new things initially but when we observe it for over a period then it becomes part of our routine and we accept it usually. Aryan, running in his 25th years of life, an average looking middle class guy, claimed to fall in love with his office colleague and had broken up girl's heart due to his self-centered egoistic nature. Mayank is a bit handsome and rich guy in his 21st year of life, a final year college student. He had lost connection with his girlfriend when she had moved to another city. Then there is a girl, Guddi who happened to assist Doctor Love in his case studies. She is a beautiful girl of dominating nature, running in her 26th year, but still single as she couldn't accept a guy's proposal due to her own insecurities and living a lonely life now. Doctor Love, a bit of handsome looking man in his early 40s who gained experiences in life but never got married which instigated him to conduct deep research on love and relationships. At one stage in life he had thought to help people to handle breakups and attempt to reconnect them with their loved ones and initiated his innovative project of Love Clinic. These two boys, Aryan and Mayank happened to visit Doctor Love's clinic and consult him to rebuild their love relationship. They had got their respective advice to handle and patch up their relationship. In the process of discussion with Doctor Love, Guddi happened to disclose her insecurities to him if she can also find a way out to restart her love life. What happened when Doctor Love visited Guddi's hostel to help her and there he happened to meet the beautiful lady warden of the girl's hostel? What happened to Aryan? Was he able to patch-up? What happened to Mayank, did he get back his love? Well, let's peep into Doctor Love's clinic and discover further.

Doctor Love

If you had to risk everything to fix a single mistake, would you? What if it were for the sake of true love? Sometimes life and love demand an all-out power play, and you've got to put everything on the line to make things right. Such is the challenge facing Arturo Santos, Jr. in his literary debut, *All Out for Love*, based on the true events of his own life story. When he breaks up with his long-time girlfriend, he soon realizes that he's made the worst mistake of his life. Despite plenty of soul-searching and attempts to move on, Santos knows in his heart that only one path will lead him out of his guilt and despair: he has to win her back. With unflinching honesty, genuine emotion, and a warm, conversational tone, Santos weaves an engaging story with his unique experiences and perspective, demonstrating down-to-earth wisdom and an uncanny eye for detail. He leads the reader on a rollercoaster ride through his quest for love, sharing the ups and downs of a real-life grand romantic gesture-and the many surprises that follow along the way.

All Out for Love

Second in the darkly compelling, sexually-charged contemporary romance trilogy, in which two men vie for the mind, body, and heart of a woman who may never give in to their wishes—or her own... Evelyn “Scout” Keats has left behind her painful past of surviving on the streets, and is now living in the luxurious penthouse master suite of Hotel Patras with her lover, billionaire Lucian Patras. But what she doesn’t know is the price Lucien paid for her freedom. To protect Scout’s life, Lucian cut a deal with a dangerous man from her past, Parker Hughes. He swore to stay away from her for thirty days, even though he knows Parker will be fighting to keep them apart for good and take Scout as his own. Breaking Out

Most of us have all gone through a break-up at least once in our lives. For those who haven't, you aren't missing much. The hurt, the regret, the sadness and the feeling of failure are just some things that go along with breaking up a relationship. Sometimes we see it coming and other times, it is dropped on us like a nuclear bomb. Well, not that drastic, but if you're the one it's dropped on, it certainly feels like that world is coming to an end! Well, don't fret! The good news is, your world is not coming to an end, in fact there have been millions of people over the centuries who have survived break-ups and moved on to new and better relationships! And guess what? You can too! Maybe you got that call from your significant other that you “need to talk”, or your partner has cheated on you and fell in love with someone else or things just didn't work out well with you both and it was a mutual break-up. Even if it's a mutual break-up on both your ends, the hurt and sad feelings are still there. Because, no matter what, you shared a part of your life with this person and feelings were there, even if they are not there now. You did care for each other at one time or another and maybe you still do. Every situation is different. No matter what the reason for breaking up was and how your relationship ended, well or bad, the feelings after a break-up are pretty much the one and the same. There is always that feeling of sadness, loss, failure, regret, blame, etc... So many emotions to deal with! And then there's the feeling of if you are ever going to meet a new person and if you are ever going to fall in love again. Well, as the saying goes, “When you meet that one person that you spend the rest of your life with, you understand why all the other relationships didn't work out.” It is so true too! I was in a relationship for a long time with someone. We had future plans together, talked about all the things we were going to do, and we thought we were soul mates and made for each other. Then one day, I got the message in an e-mail. It was a Dear Jane e-mail letter stating that he had fell out of love with me.

Breaking Him

I wish there would be no problem in love. I wish there would be no broken hearts. I wish all the love stories would have happy ending. I wish no one would die or kill on the name of love. I wish there would be a Doctor Love to help people if at all there are problems due to broken love affairs or sad end of love stories. I had imagined this situation and then I had tried to understand the possible problems arising out of love affairs. Further, I tried to analyze the cause of break ups and arrive on some conclusions based on the experiences and experiments. Thus, I have created the character of Doctor Love who is trying to help people to handle the break ups and patch up with their beloved ones if at all that is destined to happen in this universe. As per Doctor Love, there is a theory of initial resistance, which is followed by law of acceptance. Our human psychology is such that we resist to new things initially but when we observe it for over a period then it becomes part of our routine and we accept it usually. This book is a story of love; it's about break-ups and attempted patch-ups of love relationship. It's a story of broken hearts who had to live a lonely life after breaking up in their love relationship due to individual reasons. Aryan, running in his 25th years of life, an average looking middle class guy, claimed to fall in love with his office colleague and had broken up girl's heart due to his self-centered egoistic nature. Mayank is a bit handsome and rich guy in his 21st year of life, a final year college student. He had lost connection with his girlfriend when she had moved to another city. Then there is a girl, Guddi who happened to assist Doctor Love in his case studies. She is a beautiful girl of dominating nature, running in her 26th year, but still single as she couldn't accept a guy's proposal due to her own insecurities and living a lonely life now. Doctor Love, a bit of handsome looking man in his early 40s who gained experiences in life but never got married which instigated him to conduct deep research on love and relationships. At one stage in life, he thought to help people to handle breakups and attempt to reconnect them with their loved ones and initiated his Love Clinic. These two boys, Aryan and Mayank happened to visit Doctor Love's clinic and consult him to rebuild their love relationship. They had got their respective advice to handle and patch up their relationship. In the process of discussion with Doctor Love, Guddi happened to disclose her insecurities to him if she can also find a way out to restart her love life. What happened when Doctor Love visited Guddi's hostel to help her and there he happened to meet the beautiful lady warden of the girl's hostel? What happened to Aryan? Was he able to patch-up? What happened to Mayank, did he get back his love? Well, let's peep into Doctor Love's clinic and discover further.

Breaking Out Gently

"At 27 years old, Laura's life is going exactly as planned. She has a great job, a loving family, and is engaged to her true love....until everything changes. Suddenly Laura is forced to recreate her reality and embark on unknown adventures in love and friendships. Rather than a romantic honeymoon, Laura heads off to Europe with her sister Sophia. They enjoy cheese and baguettes by the Eiffel Tower, tapas in Barcelona, and Aperol Spritz in Italy. They practice their Italian, meet New Yorkers that seem like distant cousins, Australians that remind them not to take life too seriously, and most importantly, they discover themselves. Laura begins to see that even though she is missing the love she once had, the love of friends and family is invaluable. Being open to new situations, Laura accepts a job on a cruise ship where she becomes part of an entirely different world. She meets new friends from England, Croatia, Australia, South Africa, and all around the world. She gets to explore countries she never thought to visit. She begins to find happiness as a single woman. She eventually moves into her own condo and celebrates her independence. She becomes open to the online dating world, only to realize that she's rarely interested in going on a second date with the guys she meets. When she does enter a relationship, she often discovers that unlike her, most men have not moved away from their past or forgiven their exes. Some men, regardless of their age, can tell a lie so well that they've fully embraced it as reality. Eventually, lies are revealed, and Laura moves on to find herself once again. She's adamant to not settle for the sake of being in a relationship. So she returns to her love - travel. Although romances are sometimes short-lived, it brings Laura happiness and reminds her that she doesn't need anyone. She is enough. Until she meets Connor. From their love of music, concerts, and art, the two are inseparable. She felt chemistry from the moment they met, and their passionate nature made even the mundane of days exciting. But just as she finally lets go of the pain of her past, things drastically take another turn and Laura is no longer safe in her own home. Realizing her independence and happiness are in jeopardy, Laura must find a way to escape and start over once again. She must learn to accept that no matter how much she plans, nothing is ever truly in her control. "

The Prayer of Love is about a little-known prayer that has the power to bring forth life transformation. Written in the pages of this book is an astounding little prayer that can dramatically change your life. Its words do not merely offer knowledge but, more important, are expressions of truths that have the ability to bring complete and lasting spiritual transformation. Many people today will never reach their full potential or become the person they sense is hidden inside, good people who desire to grow in love beyond their frustrations and weaknesses. They long for purpose, meaning, and fulfillment—to live a life of love—but have difficulty in finding it. I know how they feel. Through much adversity and with the help of God, this is what I've found. For all my struggle and disappointment, the answers to life's most difficult situations are usually simple. In fact, God is a God of simplicity. We are often the ones who make life difficult for ourselves. In fact, the answers to life's most difficult problems are usually simple. Jesus summed up the secret to life in a very uncomplicated, profound statement: Love God and love your neighbor as yourself. Jesus said that doing this fulfills all of God's requirements of us. That's where "The Prayer of Love" comes in. Whether you know how to love or you feel that love has eluded you, this prayer will change your life. This is because love is not meant to be an occasional feeling but a daily experience that continually brings peace and joy. "The Prayer of Love" is a little-known yet powerful prayer that the Apostle Paul prayed over the church he founded in Philippi in what is now Greece. The Prayer of Love follows the outline of this fifty-nine-word prayer and is broken down into seven parts that form benchmarks for understanding and maturing in love. The Prayer of Love is a small book with a simple prayer and a memorable, easy-to-follow method for developing the capacity to allow peace and love to rule in our lives every day.

The Prayer of Love

We all tell ourselves stories about who we are. Many of these stories are self-critical and disempowering. Through the practice of self-compassion, we can rewrite these stories and become more authentic and powerful versions of ourselves—transforming not only our own lives but also the lives of those around us. In short and personal pieces, Marianne Ingheim tells the story of how the practice of self-compassion has changed her life in ways big and small, helping her unlearn harsh self-criticism, survive multiple tragedies, and live more authentically. In the wake of a breast cancer diagnosis and her husband's suicide, she discovers the power of self-compassionate storytelling and finds belonging within herself—and in doing so, she learns how to manage anxiety and stress, how to be authentic in relationships, and how to let go of comparison and be truly creative. Through stories and journaling prompts, Out of Love: Finding Your Way Back to Self-Compassion aims to inspire readers to unlearn the self-critical patterns holding them hostage—and begin to live a happier, more courageous life.

Breaking Up and Bouncing Back

What usually starts is pain, often our spirits cannot contain it, and we become angry all the time. Our anger bores our prejudices which give birth to even more pain. This becomes a toxic cycle which can only be broken through a shift of mindset. Accepting our pains or sources of pain, opens doors to healing, faith, hope and joy. These come in ways we never expect them to; a bird singing could be the sign you needed to see in order to have hope. Breaking out a cry for more is a poetry collection about the many aspects of humanity, or the lack of thereof. It is divided into five sections: pain, prejudice, acceptance, hope and joy. In the first section, pain, which explores different kinds of pains humanity is living with, ranging from physical abuse, racism, love, rejection and death. In the first poem, "Fire," it shows how we often feel the need to fill the emptiness of others materialistically even though what they need is not tangible. Some things we lose but we can never get them back and we have to live with the loss forever. It is not just our personal losses which hurt us, but also of those we love. It is so easy to be angry after experiencing so much pain, that we begin to look at others, no longer with love but with preconceived judgements. In the second sections, various prejudices are revealed which have become our norms. We live in a misogynistic, racist, body shaming, religious, and selfish world. In the poems, "When men used to be gods" and "Bag of dicks," it talks about the injustice women have had to endure at the hands of the men they trust and love. Being treated as part of the furniture and never having to be respected and appreciated, or at the least being left alone. The blind faith of religious people is constantly exploited by greedy and selfish people, who have made other human beings their gods. The last poem in this section, talks about the recourse of women to the oldest profession in the history to better themselves. Despite the pain and the prejudice we live in, acceptance is necessary in order to move forward. Acceptance of your true self; your pain, rejection and love leads to the realisation of completeness, despite not having all we think we deserve. In this third section, one the poems, "The blackness of my blackness," which exudes a paradigm shift in the perception of blackness. The pain of being a black person is superseded with the celebration of all that is good and true. The pain in love is accepted in the poems, "Broken" and "We are written in the stars." Both self-love and an embrace of

existing together, without the need for perfection can bring "Hope." It is this hope that makes us to love again, want to grow and shine, and become all that we can be. In this fourth and fifth sections, a new hope is seen, dreams begin to show up again. Nothing becomes impossible and there even a glimmer of "Joy" in places no one ever pictured. Despite the existence of our pain and prejudices, when we accept everything and have a change of mindset, we can eventually see the light, the way out of our demise.

Breaking Out a Cry for More

God has blessed us all with extraordinary potential; however, only a few of us will realize this great blessing. Why? We settle for just survival, just enough, or living mediocre lives. Many times we allow the detours, trials, obstacles, and struggles encountered to sway us away from God's promises and our predestined greatness. Hard times and discouragement can cause us to take a back seat posture and watch life go by. However, we were not created to take a rest on the path of mediocrity. We were created to experience BOOM! We are all made in God's image to do great works and the life He gave us to the fullest. Yet, when the gale strength winds begin to blow, we run for cover instead of standing on God's Word. The BOOM will not happen for us if we are unwilling to take risks regardless to how bleak our individual situations seem. Ever wondered what it would take to get you out of the monotonous lane of life? Do you have unfulfilled dreams and visions that live in the graveyard of procrastination? When you take a moment to view life in hindsight, are you dissatisfied with where you are? Do you want to know what it would take to move you from failure to success? Do you wish to step away from the ordinary and embrace the "gusto" of life? Do you want to move away from the crowd and began to live life as it was meant to be? Have you allowed yourself to get stuck in complacency, stagnation, vision myopia, despair or fear? If your response to any of the questions is a resounding "yes," then BOOM is the book for you. This book is God-inspired to help you move from the isolated, mundane, pits of despair to a place where dreams, visions and goals come to pass. Don't let the BOOM past you by, for "BOOM is not a moment, it's a movement."

Boom!

She knew that she can never let go of that beautiful relationship, which she had built with so much of love, trust, passion and sacrifice. From navigating Friday-night dinner parties and Saturday nights alone on the couch, to counselling and having more gurus than is sensible, *How to Fall Apart* is a story of one woman who discovered the value of different kinds of love and, in doing so, found herself: single, stronger and surrounded by love.

How to Fall Apart

"Clinton Callahan is an original thinker." – Marilyn Ferguson, author, *The Aquarian Conspiracy* and *Aquarius Now*, and former editor *Brain-Mind Bulletin*. "For modern seekers, responding to the call for initiation into relationship, here is an open invitation." MALIDOMA SOME, AUTHOR "OF WATER AND THE SPIRIT" It's one of those rare books that will definitely wake you up. I consider it must reading for anyone seriously interested in the path of conscious relationship." -- John Welwood, author of *Journey of the Heart* and *Perfect Love, Imperfect Relationships* This hard-hitting and innovative book about partnered relationship immediately challenges the deceptions about love and intimacy rampant in today's patriarchal culture. At the same time, *Building Love That Lasts* reveals a step-by-step process for discovering and living out alternative possibilities. The author claims that even the best of our relationships are still generally basic level; what he calls "Ordinary Human Relationship." He asserts that two more domains remain to be explored: namely, Extraordinary Human Relationship and Archetypal Love. The book describes exactly how to enter these new domains, and how to stay there long enough to cultivate genuine intimacy, nurturance, excitement and satisfaction together. The material for this book is startlingly original and fresh, directly distilled from over thirty years of trial, error and reevaluation within seminars and trainings conducted by the author in the U.S. and Europe. The essential teaching tools are "Thought-Maps" that illustrate and guide the dynamics of evolving relationship, coupled with a series of experiments/"explorations" to be undertaken alone or with one's partner. Topics include: Making the leap from Defensive Learning to Expansive Learning. Breaking out of the relationship "Box." The lie of being unlovable. Navigating in the realm of feelings. Communication skills for "explorers."

Building Love That Lasts

Jessie Cave is a successful actress, comedian, writer and artist. But just like all other young women in the twenty-first-century, she suffers from self-doubt, jealousy, a fear of failure and constant worry. In 2010 Jessie decided to take up a self-tasked mission - to draw a doodle a day for Twitter. No matter what the subject, and no matter how personal, she would post a new drawing each day without fail, with it soon becoming a cathartic compulsion. The doodles in this book cover all the aspects of liking someone, dating, falling in love, friendship and breaking-up - essentially becoming entirely Love Sick. They are all born from the confusing and often embarrassing moments, feelings and situations that every woman faces in her day to day dating life, the stories that instantly become hilarious anecdotes to share with friends. All the doodles will make you laugh with recognition and you will want to give the book to everyone. This intelligent and witty book is the perfect collection of uplifting doodles that every young woman can relate to, laugh with and enjoy.
