[#broken beyond repair](#) [#irreparable damage](#) [#emotional healing](#) [#finding strength](#) [#coping with loss](#)

When something feels broken beyond repair, it can be incredibly challenging to find hope and move forward. This often refers to situations involving deep emotional wounds, significant losses, or seemingly insurmountable obstacles. However, even when complete repair isn't possible, focusing on healing, finding inner strength, and adapting to the new reality can pave the way for a brighter future, even if it looks different than originally imagined.

Somebody save me, me from myself
I've spent so long living in hell
They say my lifestyle is bad for my health
It's the only thing that seems to help
All of this drinkin' and smokin' is hopeless
but feel like it's all that I need
Somethin' inside of me's broken
I hold on to anything that sets me free
I'm a lost cause
baby don't waste your time on me
I'm so damaged beyond repair
Life has shattered
my hopes and my dreams
I'm a lost cause
baby don't waste your time on me
I'm so damaged beyond repair
Life has shattered
my hopes and my dreams
What if the night sky was missin' the moon?
There were no shootin' stars
to use wishin' on you
And all of my sorrows
I'd just wash them down
It's the only peace, I've ever found
All of this drinkin' and smokin' is hopeless
but feel like it's all that I need
Somethin' inside of me's broken
I hang on to anything that sets me free
I'm a lost cause
baby don't waste your time on me
I'm so damaged beyond repair
Life has shattered
my hopes and my dreams
I'm a lost cause
baby don't waste your time on me
I'm so damaged beyond repair
my hopes and my dreams

An Accidental Cuban

Harry Cisneros faces frustration in a conflicted and moribund Cuban society. He is part of a generation of lost youth in Cuba and desperately wants to get off the island. He is trapped by a lack of money and family responsibilities. While in Havana, he gets involved in the underground economy and Russian subterfuge while planning his escape.

Hot Nights with the Boss

Dating the Boss What happens when your boss - the man voted the most eligible bachelor in Spring City - finds out you're attending a speed dating event on Valentine's Day? My boss is smart, ambitious, and sexy. He's also Spring City's most eligible bachelor, which means Coulter Manning has an endless supply of women begging for his attention. It also means he's out of my league. You'd think that would be reason enough for me to stop fantasizing about him, but... After acting as the third wheel on a slew of after hour events where he represents Manning Industries with a different woman on his arm, I put my foot down and tell him no. I mean, come on, being the third wheel on Valentine's Day is one indignity too many. Instead, I begrudgingly attend a speed dating event with my co-worker. So you can imagine my surprise when my boss pulls me out of the event with some fantasies of his own. This boss says he wants forever, but can I hope this will last longer than a few dates? + - + - + Flirting with the Boss What happens when the pin-up flirts her way into the company president's heart? Camden Manning is hot, rich, and arrogant - exactly the kind of man my mother said would want to fuck me, but never love me. He's also the CEO's brother, second in charge, and therefore my boss. I flirt with everyone. It's part of what makes me - me. But after one stolen kiss last Christmas, with him, I no longer merely flirt, I tease. I want him and he knows it, but I can't give in to a man who will grow tired of me after a couple of weeks, even if I get great sex out of it. So instead, I avoid him. But when his brother leaves for his honeymoon, he's in charge and assigns me as his executive admin. Now there is no avoiding him. The more time we spend together, the more I see he's not the playboy I thought he was—he's so much more. Can I give in to my desires and trust this boss with my heart? !! Formerly titled Flirt Like A Pin-Up !! + - + - + Tempting the Boss What happens when you tempt your over-the-top sexy, silver-fox CEO while on a company retreat in Maui? Braedon Taylor my father's frat brother, the company CEO, and twenty-three years my senior, which according to him means I'm off-limits. I disagree. Now we're on a company retreat where I flaunt my bikini clad curves and tempt him into doing what we both really want - each other. I think he's finally going to admit his feelings when he backs off, leaving me naked, alone, and completely devastated. But then he catches me flirting with other guys, and I meet a new side of him—a possessive side that lets me know exactly how he feels. Is this a tropical tryst or more? And if it's more, what's everyone else going to think when we get back at the office—to include my father? !! Formerly titled Hot CEO Summer !! + - + - + Teasing the Boss What happens when you give into your desires and submit to a weekend fling with a man who has no intentions of letting you go Monday morning? Three months ago I had the best sex of my life while on a business trip... with my boss... a man who is twenty years older and the president of the firm. Since then I've avoided Tate Morvick even though he's made it clear he wants more. But now we're on a tropical island where coconut rum and sheer sarongs are business attire. I know he's watching me, and I can't help tease him every chance I get. My body burns with the memory of his touch and I'm wondering if we can have a little secret fun while on vacation? While I don't want to sleep my way into my next promotion, I can't deny he's the best lover I've ever had. Just this weekend, and then it's back to business as usual. Think he'll agree? !! Formerly titled Hot Maui Nights !! * forbidden office romance, forced proximity, opposites attract, age-gap *

Souls Grown Deep

The African American culture of the South has produced many of the twentieth century's most innovative art forms. Widely appreciated for its music--from the blues and jazz, to gospel, soul, rock 'n' roll--the region has also played host to a less visible but equally important visual art tradition. Working without significant formal training, often employing the most unpretentious and unlikely materials, these grassroots artists have created powerful statements that, like the music, are strongly influenced by the legacies of African belief systems, rooted in community, and committed to cultural continuity. At the sametime, however, this quintessentially American art testifies to the originality and

transformative force of individual imaginations. Since the 1980s, popular and critical interest in this genre has grown dramatically and has given it many names: "self-taught," "folk," "outsider," "visionary." *Souls Grown Deep: African American Vernacular Art* is the opening work in a multi-volume study that offers the first comprehensive exploration of this art form's development during the late twentieth century, an era shaped by the civil rights movement. *Souls Grown Deep* illuminates a remarkable spectrum of creativity: the media of painting, sculpture, and works on paper; the region's outdoor art environments and art installations; historical examples from earlier eras; and relevant decorative arts and crafts. With unprecedented thoroughness and scope, *Souls Grown Deep* takes readers inside these creators' worlds. The book includes lavishly illustrated, full-color chapters on forty vernacular artists. Writing from diverse perspectives, thirty-seven contributing writers--including civil rights leaders, art historians, museum curators, and folklorists--present thematic, and historical overviews crucial to and understanding of the art's origins

I sell lingerie on line, just tiny little scraps of lace. And now, my boss wants more than just my panties. I like to call myself an entrepreneur. Most of the kids I went to high school with went off to college, but I stayed behind and started my own business selling lingerie. But not just any lingerie. I sell scraps of lace so naughty that they would make your cheeks blush. See-through, filmy, and so tiny that they're not much more than a piece of floss sometimes. Not just that, but the lingerie isn't exactly new. Because I've worn them, and the buyers are looking for that "special something" as part of the sale. It's not wrong. It's not against the law. It's just smart and entrepreneurial, is what I like to say. But then he shows up on the scene. Bruce Lockhart says he wants to buy my business. What? Why would a man want to get into this line of work? But the boss wants what he wants, and now that he literally OWNS my panties, how can I say no? In this book you'll find: A drop-dead gorgeous CEO A sassy curvy girl Over-the-top filth Insta-love that moves faster than lightning Lingerie, lingerie, and more lingerie 50k words

Delayed Love

This is the complete series. The Boss's Son - Part 1 The Boss's Son - Part 2 The Boss's Son - Part 3 Descriptoin: Britt woke up in Jack's glorious arms. Jack...whatever his last name was. She hadn't a clue who he was. Kicking her way out of the sheet, Britt got to her feet and clutched her head instantly. It pounded like an unsuccessful road construction project and her teeth hurt, actually ached from the hangover. Stumbling to the bathroom with annoyance, she drank water and took a shower and drank more water, chastising herself for letting it get this bad. She knew to drink water and take aspirin before bed to help curb this hideous feeling. She needed a full breakfast, something big. But she was stuck with this guy who thought it was socially acceptable to hang out after a one-night stand. Britt didn't have any experience with a one-nighter except that time in college with the one guy in her women's studies class, the one with the tattoo of a hard drive motherboard on his chest. That hadn't ended well but for

sure he had at least had the courtesy to leave her dorm immediately afterward. Were they supposed to have breakfast together? Bond in some way? She had work. He had...probably the unemployment line or guitar practice or something. Mainly, she needed head-space to get ready for her day and try to forget what she'd done the night before, namely some guitarist whose last name was a mystery better left unsolved. The guy was HOT! But she knew she would never see him again. Or would she?

All I Need

Recently divorced, forty-something Vicky Andrews desperately needs a life. Finding her boss naked and dead at an open house she's hosting was not what she had in mind. Wishing she'd spent more time reading Nancy Drew in her formative years, Vicky calls upon her own intuition and various investigative skills to try to find a piece of incriminating evidence the murderer thinks she has--before the murderer finds her. She might decide that the world has it in for her if not for Detective Nick Carson, who shares frustration, information, and more than a few fantastic kisses as he tries to solve the case. Throw in a rescued miniature dachshund, a skeleton named Max, and a coven of well-intentioned neighbors, and maybe, just maybe, Vicky has found exactly what she needs.

Back on the Market

Joseph has been my best friends' boss for years. So when she comes to me, with this half baked idea of me posing as his girlfriend to help him out, I'm tempted to tell her to take a hike. But then she begs. And pleads. And says that he'll pay off my med school bills and... you guessed it, I cave. Even though I hate him. Even though we apparently hate each other (i'm not the one who didn't anything wrong, mind you). But things aren't always how they seem and the guy I thought I couldn't stand, I suddenly find myself falling for. It was supposed to be fake. An arrangement with no strings attached. So why can't I stop wanting more?

Living with Reality

Evil in its purest form. A man who cuts a trail of death, but leaves no footprints, no clues. Investigator Ben Masterson knows no man is perfect and that somewhere, some day the killer will make a mistake. When he does, Ben will trail him to the ends of the earth, if necessary, and bring him down. Or die trying. When two FBI agents are brutally executed in an apartment leased by a convent, Ben can't say "No," when a nun and childhood friend asks him to take the case, never imagining it will send him hurtling to a face-off with a serial killer and child rapist and come to a dramatic end in a battle that will leave only one of them standing. Along the way to the face-off with this monster, Ben learns love is not always what it seems, that good is not always completely pure, and evil sometimes contains a kernel of white light. Most importantly, he learns just how far he'll go to bring down a killer. As far as it takes - even if that means making a bargain with the devil himself.

The Devil's Dollar

In his classic book, *The Five Dysfunctions of a Team*, Patrick Lencioni laid out a groundbreaking approach for tackling the perilous group behaviors that destroy teamwork. Here he turns his focus to the individual, revealing the three indispensable virtues of an ideal team player. In *The Ideal Team Player*, Lencioni tells the story of Jeff Shanley, a leader desperate to save his uncle's company by restoring its cultural commitment to teamwork. Jeff must crack the code on the virtues that real team players possess, and then build a culture of hiring and development around those virtues. Beyond the fable, Lencioni presents a practical framework and actionable tools for identifying, hiring, and developing ideal team players. Whether you're a leader trying to create a culture around teamwork, a staffing professional looking to hire real team players, or a team player wanting to improve yourself, this book will prove to be as useful as it is compelling.

The Ideal Team Player

Call me cocky, but it's a fact women fall at my feet. So why does this one want to kick me in the junk? Might be my work for her uncle's legal defense. Or the dubious ways I earned my millions. Or the scandal that cost my career. Or hell. Maybe it's just that I'm not a nice guy. A fact I'm regretting once Lucy storms in and gets me rethinking my rule on dating single moms. She's funny and smart and so sexy it shouldn't be legal. Take it from a disbarred lawyer. One desperate to dodge this desire sparking like frayed wires in a champagne flute of kerosene. A few stolen kisses and I'm suddenly starved for a simple life on this sweet lake, but that's absurd. Guys like me don't belong in small towns. Towns this charming, this good, this...pure. It should be easy staying chaste with Lucy, since our encounters include a precocious pre-teen, one misguided bat, and a goat who won't take no for an answer. But nothing's easy with a woman born to boss five grumpy brothers. Big as they are, those guys don't scare me. Not like my feelings for Luce and her daughter. Those have me quaking in my Gucci loafers. So does this big-ass secret bearing down like a toxic tsunami. One-click this laugh-out-loud, enemies-to-lovers

rom-com about a single mom and the bad boy millionaire she swears she'll never fall for (spoiler alert: she does).

Hooked Barrett Beckmeyer lived his whole life knowing what he wanted. He wanted to be outside, on the lake at his family's resort. Fishing was his life. In the summer, in the winter, it didn't matter. He loved it. He didn't know anything was missing. Until Eden. One night with her and nothing was the same. Eden Craig wasn't looking for more than a night of fun. That was all Barrett was supposed to be. One night and then forget him. Only forgetting him was impossible. And when she's asked to be the lead architect on an addition at Maple Ridge Resort, she knows avoiding him will be inevitable. She was hooked from the second he sat down next to her, but did he feel the same? Sparked Nina Beckmeyer had been in love since she'd been sixteen. There was just one problem. The guy had no idea. After spending two summers and countless weekends with her family, Donovan Stewart was gone in the blink of an eye. All these years later, she's doing just fine, even if all her dreams are of a man she knows she can never have. Until he shows back up. Donovan has loved Nina since the moment he saw her thirteen years ago. It happened in a flash and has never gone away. But she's his friend's sister, and there is no way Emmett would be okay with them together. Or would he? When he arrives in town as a favor to Nina's family, the same spark of awareness that had been there so many years ago is even stronger. Donovan knows it's now or never, and he's not willing to settle for never. Is the love they each secretly felt all those years ago a love that is real? Shocked Emmett Beckmeyer had always been what most people would call stable. He came to work every day at his family's resort, did his job, had just the right amount of fun, and gave good advice. That all changed after a small fire in the newly added spa where his sister and the electrician were trapped. Since that moment, nothing has been the same. Maybe it was the fire telling him life was short or maybe it was the gorgeous, sexy electrician, Morgan, who he couldn't stop thinking of. He wanted her badly but knew from past experience that women weren't looking for long-term when it came to him. Something that had held him back long enough. Morgan's life was a mess. She'd moved to the small Wisconsin town of Lyden to meet her real dad, and from there, her life had been twisted every which way but up. After the fire, she was having a hard time sleeping and dealing with all that was on her plate. The very last thing she needed was to be having dreams about Emmett Beckmeyer, the man who saved her from the fire. He despised her, or at least that's what she thought. Until a party at his parent's house, where that all changed. Kneaded Decker Beckmeyer has a great life. He loves his family and his job. But every day, he remembers the past and how he almost gave it up for the wrong woman. He's vowed to never let another woman into his heart again, even though he yearns for love and a family of his own. When he does his sister an innocent favor, that all changes. Natasha can't believe her life has come to this. An ex-boyfriend is harassing her, and her once-perfect life is now in shambles. Enter Decker Beckmeyer. He's gorgeous, sexy, and has hair that any woman would be envious of. And he wants her to come work for Maple Ridge Resort and Spa. The timing couldn't be more perfect. There's just one problem. He spends his days ignoring her, while she spends all of hers obsessing over what it would be like to be with him. That is until she's had enough and confronts him, only to find out that maybe he's not as immune to her as she thought. Take one last ride with the Beckmeyer Family as Decker finally gets his happy ending.

It looked as if Joe Dickenson might actually make it in the film/land jungle. But first there were some very nasty roadblocks to demolish. Mainly, he had to bring the famous and powerful Carole Clement into line for the studio. Or his job would quickly be yanked out from under him. Then there was the personal issue of tearing lovely, sweet Ann -- with whom he had fallen in love -- from the the clutches of the lustful Mari! Play Like a Man, Win Like a Woman

An honest and practical handbook that reveals important insights into relationships between men and women and work, Play Like a Man, Win Like a Woman, is a must-read for every woman who wants to leverage her power in the workplace. Women make up almost half of today's labor force, but in corporate America they don't share half of the power. Only four of the Fortune 500 company CEOs are women, and it's only been in the last few years that even half of the Fortune 500 companies have more than one female officer. A major reason for this? Most women were never taught how to play the game of business. Throughout her career in the super-competitive, male-dominated media industry, Gail Evans, one of the country's most powerful executives, has met innumerable women who tell her that they feel lost in the workplace, almost as if they were playing a game without knowing the directions. In this book, she reveals the secrets to the playbook of success and teaches women at all levels of the organization--from assistant to vice president--how to play the game of business to their advantage. Men know the rules because they wrote them, but women often feel shut out of the process because they don't know when to speak up, when to ask for responsibility, what to say at an interview, and a

lot of other key moves that can make or break a career. Sharing with humor and candor her years of lessons from corporate life, Gail Evans gives readers practical tools for making the right decisions at work. Among the rules you will learn are: • How to Keep Score at Work • When to Take a Risk • How to Deal with the Imposter Syndrome • Ten Vocabulary Words That Mean Different Things to Men and Women • Why Men Can be Ugly, and You Can't • When to Quit Your Job "I want to let you women in on a secret I've learned through my years in the corporate world: There is a set of unwritten rules in business and, while you may not choose to follow all of them, if you don't know what they are, you might as well be playing the game with both hands tied behind your back." --Gail Evans

Act Like a Lady, Think Like a Man

"Harvey offers surprising insights into the male mentality and gives women strategies for taming that unruly beast." —Philadelphia Inquirer "Women should listen to Steve Harvey when it comes to what a good man is about. Steve Harvey dispenses a lot of fabulous information about men." —Aretha Franklin The #1 New York Times bestseller from the new guru of relationship advice, Steve Harvey's Act Like a Lady, Think Like a Man is an invaluable self-help book that can empower women everywhere to take control of their relationships. The host of a top-rated radio show listened to by millions daily—and of cable TV's The Steve Harvey Project—Harvey knows what men really think about love, intimacy, and commitment. In Act Like a Lady, Think Like a Man, the author, media personality, and stand-up comedian gets serious, sharing his wealth of knowledge, insight, and no-nonsense advice for every good woman who wants to find a good man or make her current love last.

Cry Like a Man

As a leader in teaching, training, and transforming boys in Detroit, Jason Wilson shares his own story of discovering what it means to "be a man" in this life-changing memoir. His grandfather's lynching in the deep South, the murders of his two older brothers, and his verbally harsh and absent father all worked together to form Jason Wilson's childhood. But it was his decision to acknowledge his emotions and yield to God's call on his life that made Wilson the man and leader he is today. As the founder of one of the country's most esteemed youth organizations, Wilson has decades of experience in strengthening the physical, mental, and emotional spirit of boys and men. In Cry Like a Man, Wilson explains the dangers men face in our culture's definition of "masculinity" and gives readers hope that healing is possible. As Wilson writes, "My passion is to help boys and men find strength to become courageously transparent about their own brokenness as I shed light on the symptoms and causes of childhood trauma and 'father wounds.' I long to see men free themselves from emotional incarceration—to see their minds renewed, souls weaned, and relationships restored."

Walk Like a Man

Amraj "AJ" Rai was born into two worlds: one as a first-generation UK Punjabi Sikh, the other as a disabled child. From the onset, his parents were told that their eldest child would not amount to much in life due to his limited physical ability. Based on the real-life events of Amo Raju, Walk Like a Man follows the trials and tribulations of navigating a world not designed for disabled people. In Amo's case, it led to a hidden life of depression. Amo has battled societal norms as a disabled man to make his place in the world. He has overcome many obstacles and assumptions thrown at him, and he has made a real difference to the community around him. Walk Like a Man is co-authored by Mani Hayre, a writer who helped bring Amo's story to life through the eyes of our main protagonist AJ. AJ has his own yet very similar path, and in this semi-autobiographical book, you will walk right beside him facing no end of challenges in a life filled with meaning and purpose.

Take It Like a Man

With a flick of his locks and a lash of his tongue, Boy George waltzed into musical stardom in 1982 with his smash hit "Do You Really Want to Hurt Me?" As the quintessential pop star of the 1980s, Boy George was constantly in the public eye, with a string of platinum Culture Club hits, sensational personal appearances, camp behavior, and gender-bending dress fueling the media's infatuation. A Grammy Award for "Karma Chameleon" sealed Boy George's pop-icon status as the avant-garde star whose beguiling melodies and impertinent one-liners seduced an unsuspecting public. But after he reached the pinnacle of success, his life took a devastating turn. Culture Club went into eclipse, his hushed-up relationship with drummer Jon Moss fell apart, and Boy George found a new and dangerous obsession: drugs. In this electrifying memoir, Boy George tells the story of the crazy highs and desperate lows; the family struggles; the friends and lovers—gay, straight, and transvestite; the obsessive media infatuation; and the agony, shame, and despair of withdrawal. Filled with confession, revelation, and inspiration, *Take It Like a Man* is the mesmerizing account of how George achieved the nearly impossible—coming back from addiction and achieving health, sobriety, and a new horizon of musical success.

Taking It Like a Man

From the Beat poets' incarnation of the "white Negro" through Iron John and the Men's Movement to the paranoid masculinity of Timothy McVeigh, white men in this country have increasingly imagined themselves as victims. In *Taking It Like a Man*, David Savran explores the social and sexual tensions that have helped to produce this phenomenon. Beginning with the 1940s, when many white, middle-class men moved into a rule-bound, corporate culture, Savran sifts through literary, cinematic, and journalistic examples that construct the white man as victimized, feminized, internally divided, and self-destructive. Savran considers how this widely perceived loss of male power has played itself out on both psychoanalytical and political levels as he draws upon various concepts of masochism--the most counterintuitive of the so-called perversions and the one most insistently associated with femininity. Savran begins with the writings and self-mythologization of Beat writers William Burroughs, Allen Ginsberg, and Jack Kerouac. Although their independent, law-defying lifestyles seemed distinctively and ruggedly masculine, their literary art and personal relations with other men in fact allowed them to take up social and psychic positions associated with women and racial minorities. Arguing that this dissident masculinity has become increasingly central to U.S. culture, Savran analyzes the success of Sam Shepard as both writer and star, as well as the emergence of a new kind of action hero in movies like *Rambo* and *Twister*. He contends that with the limited success of the civil rights and women's movements, white masculinity has been reconfigured to reflect the fantasy that the white male has

become the victim of the scant progress made by African Americans and women. *Taking It Like a Man* provocatively applies psychoanalysis to history. The willingness to inflict pain upon the self, for example, serves as a measure of men's attempts to take control of their situations and their ambiguous relationship to women. Discussing S/M and sexual liberation in their historical contexts enables Savran to consider not only the psychological function of masochism but also the broader issues of political and social power as experienced by both men and women.

Self-Made Man

A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of *Self-Made Man*, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (*Black Like Me*), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, *Self-Made Man* is a sympathetic and thrilling tour de force of immersion journalism.

Live and Die Like a Man

An anthropologist deconstructs the notion of masculinity using twenty years of field research in the Cairo neighborhood of al-Zawiya. Watching the revolution of January 2011, the world saw Egyptians, men and women, come together to fight for freedom and social justice. These events gave renewed urgency to the fraught topic of gender in the Middle East. The role of women in public life, the meaning of manhood, and the future of gender inequalities are hotly debated by religious figures, government officials, activists, scholars, and ordinary citizens throughout Egypt. *Live and Die Like a Man* presents a unique twist on traditional understandings of gender and gender roles, shifting the attention to men and exploring how they are collectively "produced" as gendered subjects. It traces how masculinity is continuously maintained and reaffirmed by both men and women under changing socio-economic and political conditions. Over a period of nearly twenty years, Farha Ghannam lived and conducted research in al-Zawiya, a low-income neighborhood not far from Tahrir Square in northern Cairo. Detailing her daily encounters and ongoing interviews, she develops life stories that reveal the everyday practices and struggles of the neighborhood over the years. We meet Hiba and her husband as they celebrate the birth of their first son and begin to teach him how to become a man; Samer, a forty-year-old man trying to find a suitable wife; Abu Hosni, who struggled with different illnesses; and other local men and women who share their reactions to the uprising and the changing situation in Egypt. Against this backdrop of individual experiences, Ghannam develops the concept of masculine trajectories to account for the various paths men can take to embody social norms. In showing how men work to realize a "male ideal," she counters the prevalent dehumanizing stereotypes of Middle Eastern men all too frequently reproduced in media reports, and opens new spaces for rethinking patriarchal structures and their constraining effects on both men and women. Praise for *Live and Die Like a Man* "In a book that lives up to its name, anthropologist Ghannam explores what it means to be a man . . . Her thick descriptions, amassed over 20 years of research, will make readers laugh, cry, and gasp at the lives of these individuals . . . By examining the construct of manhood, Ghannam is charting new territory in Middle Eastern studies. Summing Up: Highly recommended." —CHOICE "With its focus on masculinity, Farha Ghannam's thoughtful ethnography, *Live and Die Like a Man*, makes important interventions into the anthropological scholarship on gender, childhood, and family in the Middle East . . . Her ethnographic sensibility perfectly grasps the dynamic and complex intertwining of male and female ways of being and self-presentation and how that interrelationship forms men's lives." —International Journal of Middle East Studies

In *Why Do I Have to Think Like a Man?*, which is co-written with her mother Rhonda Frost, the two women hilariously chronicle their experiences of marriage, divorce, and

the dating pool, which has included bad boys, professional athletes, 'the nice guy,' the married guy, and powerful businessmen.

Like Man, Like Woman

Modern scholarship often discusses Roman women in terms of their difference from their male counterparts, frequently defining them as 'other'. This book shows how Roman male writers at the turn of the first century actually described women as not so different from men: the same qualities and abilities pertaining to the domains of parenthood, intellect and morals are ascribed by writers to women as well as to men. There are two voices, however: a traditional, ideal voice and an individual, realistic voice. This creates a duality of representations of women, which recurs across literary genres and reflects a duality of mentality. How can we interpret the paradoxical information about Roman women given by the male-authored texts? How does this duality of mentality inform us about gender roles and gender hierarchy? This work analyses well-known, as well as overlooked, passages from the writings of Pliny the Younger, Tacitus, Suetonius, Quintilian, Statius, Martial and Juvenal and sheds new light on Roman views of women and their abilities, on the notions of private and public and on conjugal relationships. In the process, the famous sixth satire of Juvenal is revisited and its topic reassessed, providing further insights into the complex issues of gender roles, marriage and emotions. By contrasting representations of women across a broad spectrum of literary genres, this book provides consistent findings that have wide significance for the study of Latin literature and the social history of the late first and early second centuries.

Taking it Like a Man

Most men have a problem with cleaning house: They don't know how to do it, and they don't particularly want to learn. The results are usually a messy house or a bitter spouse—or both. *Clean Like a Man* is the solution. Written specifically for the attention-challenged and motivation-impaired male, it's the first and only housekeeping primer that tells men how to clean the house their way: getting everything done

quickly and easily, without getting to Felix Unger about it. It's such a great approach to housekeeping that women will love it too.

Making It Like a Man: Canadian Masculinities in Practice is a collection of essays on the practice of masculinities in Canadian arts and cultures, where to "make it like a man" is to participate in the cultural, sociological, and historical fluidity of ways of being a man in Canada, from the country's origins in nineteenth-century Victorian values to its immersion in the contemporary post-modern landscape. The book focuses on the ways Canadian masculinities have been performed and represented through five broad themes: colonialism, nationalism, and transnationalism; emotion and affect; ethnic and minority identities; capitalist and domestic politics; and the question of men's relationships with themselves and others. Chapters include studies of well-known and more obscure figures in the Canadian arts and culture scenes, such as visual artist Attila Richard Lukacs; writers Douglas Coupland, Barbara Gowdy, Simon Chaput, Thomas King, and James De Mille; filmmakers Clement Virgo, Norma Bailey, John N. Smith, and Frank Cole; as well as familiar and not-so-familiar tokens of Canadian masculinity such as the hockey hero, the gangsta rapper, the immigrant farmer, and the drag king. **Making It Like a Man** is the first book of its kind to explore and critique historical and contemporary masculinities in Canada with a special focus on artistic and cultural production and representation. It is concerned with mapping some of the uniquely Canadian places and spaces in the international field of masculinity studies, and will be of interest to academic and culturally informed audiences.

Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In **Act Like a Lady, Think Like a Man**, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . .

. Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

Act Like a Lady, Think Like a Man LP

Daniel Duane was a good guy, but he wasn't what you might call domestic. Yet when he became a father, this avid outdoorsman was increasingly stuck at home, trying to do his part in the growing household. Inept at so many tasks associated with an infant daughter, he decided to take on dinner duty. He had a few tricks: pasta, soy-sauce-heavy stir-fry... actually, those were his only two tricks. So he cracked open one of Alice Waters's cookbooks, and started diligently cooking his way through it. When he was done with that, there were seven more Waters cookbooks, plus those by Tom Colicchio, Richard Olney, Thomas Keller... and then he was butchering whole animals in his cluttered kitchen. *How to Cook Like a Man* might be understood as the male version of *Julia and Julia*. But more than chronicling a commitment to a gimmick, it charts an organic journey and full-on obsession, exploring just what it means to be a provider and a father. Duane doesn't just learn how to cook like a man; he learns how to be one.
