OTTER TAIL COUNTY MINNESOTA IN

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Otter Tail County, Minnesota, in the World War; - Primary Source Edition

This is a curated and comprehensive collection of the most important works covering matters related to national security, diplomacy, defense, war, strategy, and tactics. The collection spans centuries of thought and experience, and includes the latest analysis of international threats, both conventional and asymmetric. It also includes riveting first person accounts of historic battles and wars. Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world. As with any reproduction of a historical artifact, some of these books contain missing or blurred pages, poor pictures, errant marks, etc. We believe these books are essential to this collection and the study of war, and have therefore brought them back into print, despite these imperfections. We hope you enjoy the unmatched breadth and depth of this collection, from the historical to the just-published works.

Otter Tail County, Minnesota, in the World War; - War College Series

With the centennial of the First World War rapidly approaching, historian and bibliographer James T. Controvich offers in *The United States in World War I: A Bibliographic Guide* the most comprehensive, up-to-date reference bibliography yet published. Organized by subject, this bibliography includes the full range of sources: vintage publications of the time, books, pamphlets, periodical titles, theses, dissertations, and archival sources held by federal and state organizations, as well as those in public and private hands, including historical societies and museums.

The United States in World War I

Consists primarily of photographs with brief biographies of Norman County residents active in foreign and domestic U.S. World War I efforts, including soldiers, Home Service workers, Red Cross members, Home Guard members, and others.

History of Otter Tail County, Minnesota

In the first case study of its kind, Tweton explores the New Deal in one Minnesota county: how programs operated, what impact they had on communities and people, and how people responded. The story he tells is based on oral history interviews, township and village records, files of government papers, and county newspapers.

History of Otter Tail County, Minnesota : its people, industries, and institutions : with biographical sketches of representative citizens and genealogical records of many of the old families

"Almost all [entries] are to be found in the library of the Minnesota Historical Society." -- P. 2.

Norman County, Minnesota, in the World War

George Washington Bice was born in 1820 in Pennsylvania. In 1842 he married Leah Isabelle Cornman. They had nine children and later moved to Ohio and then about 1869 settled in Iowa. Many of their descendants are included in this material.

The New Deal at the Grass Roots

Vol. 6 includes the 23d Biennial report of the Society, 1923/24, as an extra number.

Victory, Waseca County, Minnesota in the World War

Vols. 2-6 include the 19th-23d Biennial reports of the Society, 1915/16-1923/24 (in v. 2-3 as supplements, in v. 4-6 as extra numbers).

Reference Guide to Minnesota History

No area of the United States was untouched by the Great Depression, but the severity in which people experienced those significant years depended in large part on where in the nation they lived. While dust choked the life out of Americans in the plains, apples grew in abundance in the Northwest. Unemployment-driven poverty robbed urban dwellers of hearth and home, while Upper-plains farm women traded eggs and chickens like money. This bibliography describes the youth literature and relevant resources written about the Great Depression, all categorized by geographical location. Students, educators, historians, and writers can use this book to find literature specific to their state or region, gaining a greater understanding of what the Great Depression was like in their locale. The Great Depression was a pivotal period in our nation's history. This annotated bibliography guides readers to biographies; oral histories, memoirs, and recollections; photograph collections; fiction and nonfiction books; picture books; international resources; and other reference sources. The Works Progress Administration (WPA) state guides are included, as well as literature about the federal theater, arts, and music projects. A comprehensive listing of museums and state historical societies complement this reference. For readers interested in learning about the Great Depression, this is a must-have resource.

Catalog of Copyright Entries

The Dust Bowl of the 1930s was the worst ecological disaster in American history. When the rains stopped and the land dried up, farmers and agricultural laborers on the southeastern Colorado plains were forced to adapt to new realities. The severity of the drought coupled with the economic devastation of the Great Depression compelled farmers and government officials to combine their efforts to achieve one primary goal: keep farmers farming on the Colorado plains. In *Legacies of Dust* Douglas Sheflin offers an innovative and provocative look at how a natural disaster can dramatically influence every facet of human life. Focusing on the period from 1929 to 1962, Sheflin presents the disaster in a new light by evaluating its impact on both agricultural production and the people who fueled it, demonstrating how the Dust Bowl fractured Colorado's established system of agricultural labor. Federal support, combined with local initiative, instituted a broad conservation regime that facilitated production and helped thousands of farmers sustain themselves during the difficult 1930s and again during the drought of the 1950s. Drawing from western, environmental, transnational, and labor history, Sheflin investigates how the catastrophe of the Dust Bowl and its complex consequences transformed the southeastern Colorado agricultural economy.

United States Local Histories in the Library of Congress: The West

The Genealogy Annual is a comprehensive bibliography of the year's genealogies, handbooks, and source materials. It is divided into three main sections.

liFAMILY HISTORIES-/licites American and international single and multifamily genealogies, listed alphabetically by major surnames included in each book.

liGUIDES AND HANDBOOKS-/liincludes reference and how-to books for doing research on specific record groups or areas of the U.S. or the world.

liGENEALOGICAL SOURCES BY STATE-/liconsists of entries for genealogical data, organized alphabetically by state and then by city or county.

The Genealogy Annual, the core reference book of published local histories and genealogies, makes finding the latest information easy. Because the information is compiled annually, it is always up to date. No other book offers as many citations as The Genealogy Annual; all works are included. You can be assured that fees were not required to be listed.

Bice Family History, 1800-1987

Minnesota Biographical Dictionary contains biographies on hundreds of persons from diverse vocations that were either born, achieved notoriety and/or died in the state of Minnesota. Prominent persons, in addition to the less eminent, that have played noteworthy roles are included in this resource. When people are recognized from your state or locale it brings a sense of pride to the residents of the entire state.

Report of the Annual Convention of the Massachusetts Branch

A geographical encyclopedia of world place names contains alphabetized entries with detailed statistics on location, name pronunciation, topography, history, and economic and cultural points of interest.

Minnesota History Bulletin

2019 Choice Outstanding Academic Title The Dust Bowl of the 1930s was the worst ecological disaster in American history. When the rains stopped and the land dried up, farmers and agricultural laborers on the southeastern Colorado plains were forced to adapt to new realities. The severity of the drought coupled with the economic devastation of the Great Depression compelled farmers and government officials to combine their efforts to achieve one primary goal: keep farmers farming on the Colorado plains. In *Legacies of Dust* Douglas Sheflin offers an innovative and provocative look at how a natural disaster can dramatically influence every facet of human life. Focusing on the period from 1929 to 1962, Sheflin presents the disaster in a new light by evaluating its impact on both agricultural production and the people who fueled it, demonstrating how the Dust Bowl fractured Colorado's established system of agricultural labor. Federal support, combined with local initiative, instituted a broad conservation regime that facilitated production and helped thousands of farmers sustain themselves during the difficult 1930s and again during the drought of the 1950s. Drawing from western, environmental, transnational, and labor history, Sheflin investigates how the catastrophe of the Dust Bowl and its complex consequences transformed the southeastern Colorado agricultural economy.

The Great Depression in Literature for Youth

Honors Minnesotans who faced war with equal amounts of determination and dread, courage and fear, in places as far away as the Pacific and Europe and as close as our hometown.

Hard Work and a Good Deal

"This pathbreaking study sets forth the history of attempts to implement pay equity and evaluates the hidden costs of achieving equity. With candor and intelligence, the authors clearly detail the political, organizational, and personal consequences of comparable worth reform strategies. Using extensive data from Minnesota, where pay equity has proceeded further than in any other state in the nation, as well as comparative information from other states and localities, the authors expose the crucial initial steps which define public policy. "A perceptive and judicious analysis of comparable worth."—Wendy Kaminer, *New York Times Book Review* "Very well-crafted. . . . Wage Justice has admirably launched the scholarly evaluation of pay equity, revealing the unforeseen complexities of this key feminist public policy innovation."—Maurine Weiner Greenwald, *Journal of American History* "An insightful glimpse of the policy process."—Marian Lief Palley, *American Political Science Review*

Polk County, Minnesota, in the World War

Examines the social impact of drought and depression in Kansas, illustrating how both farm and town families dealt with the deprivation by finding odd jobs, working in government programmes, or depending on federal and private assistance.
