Business English at Work

Enriching ESOL Pedagogy: Readings and Activities for Engagement, Reflection, and Inquiry is a collection of thought-provoking articles and activities designed to engage practicing and prospective ESOL teachers in an ongoing process of reflecting on, critically examining, and investigating theory and practice. Its twofold purpose is to provide a theoretical perspective and to offer ways for making the teaching of English to speakers of other languages (ESOL) meaningful for both teachers and learners. Underlying the activities and the readings themselves is the assumption that teachers need to play a role in exploring, shaping, and theorizing the work they do. The readings included represent a range of genres. They are informed by a common philosophical perspective about language acquisition and treat language teaching and learning holistically. The book is organized into five integrated units that: * raise questions about conventional notions of methods; * take into account the complicated nature of real classrooms; * provide theoretical principles for teaching that promotes language acquisition; * include rich descriptions of actual classroom experiences; and * question assumptions about language and literacy. Each set of readings begin with a "Before Reading" section and is followed by "Reflecting on the Readings," "Reading for Further Reflection," and "Suggested Projects for Inquiry" sections. This volume is a valuable resource for practicing and prospective teachers in the field of TESOL who work with diverse student populations--at all levels--in both mainstream and ESL/bilingual settings.

Instead of hibernating as he should, a little bear cub goes out in search of spring—and he thinks he's found it! Gloriously illustrated with dioramas and cut-paper collages by the award-winning designer and illustrator Carin Berger, this stunning picture book celebrates the changing of the seasons. A baby bear cub named Maurice is curious about spring—and he's upset when Mama tells him that before he can experience his first spring, he has to hibernate through his first winter! Mischievous Maurice decides to leave their warm den and go find spring for himself. He asks all his friends for help . . . and finally finds

something beautiful and full of magic and light. Spring! He wraps it up and takes it home, determined to show Mama and everyone else. The only problem? When Maurice wakes up, his little piece of spring (a snowball) has melted. This gloriously illustrated book celebrates friendship, curiosity, discovery, and the meaning and beauty of two seasons—winter and spring. Ideal for the classroom, seasonal story times, and bedtime reading.

The papers from the first two International Study Association on Teachers and Teaching conferences are presented in this title as book chapters. Each paper has historical value, marking as they do, both a change in topic focus and a revolution in research practice. They also have a practical value in that they provide a large reference source for, and a wide range of examples of, both topics and methods of research. Value for the future can be found in the texts that note lacunae in research and unresolved issues. Further, since the chapters derive from research conducted in a variety of national contexts, revealing some evidence of common constraints and opportunities impinging on education at the time, questions are stimulated about what has changed and what has stayed the same in the interim.

Spilling Ink: A Young Writer's Handbook

A resilient and quirky colony of church mice fears another Great X more than they fear cats. Under Mouse Mistress Hildegard's leadership, they save themselves from one danger after another—sometimes just by the skin of their tails! Can one ultimate act of bravery during the feast day of St. Francis get Father Murphy to bless these mice and keep them safe forever? Rife with humor and personality, this young middle-grade novel has an old-fashioned feel with the makings of a modern classic.

Bless This Mouse

For Greek myth fans, those who can't get enough of the D'Aulaires' Book of Greek Myths, and readers who have aged out of Rick Riordan, this classroom staple and mythology classic is perfect for learning about the ancient myths! As the gods and goddesses of Olympus scheme, the ancient world is thrown into turmoil when Helen, the most beautiful woman in all of Greece, is stolen away by her Trojan love. Inflamed by jealousy, the Greek king seeks lethal vengeance and sends his black war ships to

descend on the city of Troy. In the siege that follows, history's greatest heroes, from Ajax to Achilles to Odysseus, are forged in combat, and the brutal costs of passion, pride, and revenge must be paid. In the end, the whims of the gods, the cunning of the warriors, and a great wooden horse will decide who emerges victorious. Homer's epic poem, *The Iliad*, is one of the greatest adventure stories of all time and Rosemary Sutcliff's retelling of the classic saga embodies all of the astonishing drama, romance, and intrigue of ancient Greece. Don't miss *The Wanderings of Odysseus*, the companion to *Black Ships Before Troy*, and follow Odysseus on his adventure home. This book has been selected as a Common Core State Standards Text Exemplar (Grades 6-8, Stories) in Appendix B.

Black Ships Before Troy

Rory and her friends are determined to stop the Snow Queen once and for all in this thrilling conclusion to the *Ever Afters* series, which Kirkus Reviews calls a "fast-paced combination of middle school realism and fairy-tale fantasy." How will this tale end? The whole fairy-tale world is on high alert. The Snow Queen and her minions are targeting Characters, and Ever After School is the only safe refuge left. Rory Landon knows a final confrontation is inevitable, and she worries about the safety of her family and friends—particularly Chase, who has been acting very strange lately. Will Rory be able to count on Chase when she needs him most? Is she strong enough to put an end to the Snow Queen's terrible reign once and for all? Only one thing is certain: it's time for Rory to find out if her tale ends in happily-ever-after.

Of Enemies and Endings

Once upon a time... A kind sister and a cruel one. A charming prince. A spiteful fairy. A hundred-year snooze. A pea under a pile of mattresses. A kiss. All the familiar ingredients, but why is the punished sister happy? Where did that extra prince come from, and what does a flock of balding sheep or a fleck of tuna in a chocolate cake have to do with anything? Gail Carson Levine has waved her magic wand over three well-known fairy tales, and presto! They are transformed -- and sparkingly funny-in these delightful retellings: *The Fairy's Mistake* *The Princess Test* *Princess Sonora* and *the Long Sleep* Happily ever after has never been so hilarious!

The Mimic Men

Do you spend hours creating word lists and weekly vocabulary tests only to find that your students have forgotten the words by the following week? Janet Allen and her students were frustrated with the same problem. *Words, Words, Words: Teaching Vocabulary in Grades 4-12* describes the research that changed the way she and many other teachers teach vocabulary. It offers educators practical, research-based solutions for helping students fall into new language, learn new words, and begin to use those words in their speaking and writing lives. This book offers teachers detailed strategy lessons in the following areas: Activating and building background word knowledge Making word learning meaningful and lasting Building concept knowledge Using word and structural analysis to create meaning Using context as a text support Making reading the heart of vocabulary instruction *Words, Words, Words* provides educators with a strong research base, detailed classroom-based lessons, and graphic organizers to support the strategy lessons. At a time when teachers are struggling to meet content standards in reading across the curriculum, this book offers some practical solutions for meeting those standards in ways that are meaningful and lasting.

The Princess Tales

Frank Bascombe, in the aftermath of his divorce and the ruin of his career, has entered an 'Existence Period' - selling real estate in New Jersey and mastering the high-wire act of normalcy. But over one Fourth of July weekend, Frank is called into sudden, bewildering engagement with life. *Independence Day* is a moving, peerlessly funny odyssey through America and through the layered consciousness of one of its most compelling literary incarnations, conducted by a novelist of extraordinary empathy and perception.

Words, Words, Words

Clearly organized and beautifully written, *Interpreting Literature With Children* is a remarkable book that stands on the edge of two textbook genres: the survey of literature text and the literary criticism text. Neither approach, however, says enough about how children respond to literature in everyday

classroom situations. That is the mission of this book. It begins by providing a solid foundation in both approaches and then examines multiple ways of developing children's literary interpretation through talk, through culture, class, and gender, as well as through creative modes of expression, including writing, the visual arts, and drama. The result is a balanced resource for teachers who want to deepen their understanding of literature and literary engagement. Because of its modest length and price and its ongoing focus on how to increase student engagement with literature, either pre-service or practicing teachers can use this text in children's literature, language arts, or literacy and language courses.

Independence Day

Falling in love is never easy, but falling in love with an immortal god while your days on earth are numbered is almost more than a young girl can bear. Newbery Honor author Gail Carson Levine has created a stunning new world of flawed gods, unbreakable vows, and ancient omens in *Ever*. Kezi knows her days are numbered. But accepting death is hard, especially when her romance with Olus is so new—Olus, the god of wind and loneliness. Love brings Kezi the will to fight her fate. Love gives Olus the strength to confront his fears. Together—and apart—they encounter spiders with webs of iron, the cruel lord of the land of the dead, and the tests of the Akkan gods. If they succeed, they will be together. If they fail, Olus will have to endure the ultimate loss—and Kezi will have to make the supreme sacrifice.

Richard Ford returns with four deftly linked Christmas stories narrated by the iconic Frank Bascombe. Now sixty-eight, Frank resides again in the New Jersey suburb of Haddam, and has thrived – seemingly but not utterly – amidst the devastations of Hurricane Sandy. The desolations of Sandy, which left countless lives unmoored, are the perfect backdrop for Ford – and Bascombe. With a flawless comedic sensibility and unblinking intelligence, these stories range over the full complement of universal subjects: ageing, race, loss, faith, marriage, the real estate debacle – the tumult of the world we live in.
