Torn Apart

When her family is threatened, Jackie makes a dangerous move, risking her relationship with her family and her allies. Jackie: My five year old son is the joy of my life and I'll do whatever I must to protect him. If that means spending weeks away from home in a realm none of my friends or family can travel to, I'll make the sacrifice to ensure his safety. Because of his bloodline, Charlie is coveted by fae and demons alike. He's guarded by my fae allies, and soon will be training with members of our team. But no one can teach him how to use his demon magic. No one except my mentor and the heir to the archdemon's throne, Isaiah. I had to break a promise I made to Garrett to summon the demon. I broke a promise to Isaiah as well. But no matter my punishment, I've struck a good deal. Charlie will be as safe as I can make him, and that's all that matters." This series keeps you on edge and takes you on a roller coaster ride of the best kind." Series Reviewer Books By Gayle Parness: Rogues Shifter Series: Rebirth, Stalked, Twisted, Blown Away, Caught Between, Torn Apart, Cut Off, Blood Spelled, At Risk, In Demand (releasing 2021) Triad Series: Breaking Out, Falling Out, Spinning Out Rogues Inc. Series: A Stubborn Heart, A Healing Heart

Caught Between

Jackie, a seventeen year old cheetah shapeshifter and Garrett, her vampire lifemate travel to his maker's old villa where he tries to face down the demons of his past. With the help of an unexpected and unwelcome guest and also a lovely surprise, Jackie is able to help Garrett find the peace he longs for. But as soon as they're back at home, the usual craziness kicks in. The Rogues, Inc. team is called into action to help solve two local murders, plus Jackie is forced to confront her most hated enemy

as he's judged before the Elders of Faerie. Finally, a wantonly violent act threatens to tear apart her family, leaving her once again determined to protect the people that she loves with her magic and her strength.

Stalked

A month ago, seventeen-year-old Jackie was certain she was human and that supernatural creatures didn't exist. So when she discovered she was a shapeshifter and that her narrow world view needed to broaden to include vampires, werewolves, the fae and many other magical creatures, she was faced with two choices: have a full-out meltdown, or embrace her abilities and run with them. Teaming up with three other young shifters, Jackie found a peace within herself she'd thought would never be possible. Now Garrett, her vampire trainer, was her lifemate and her team was ready to defend the magical community from those who chose to ignore the laws set in place to protect the weaker members of their world. Unfortunately, because of her unusually strong magical abilities, Jackie caught the interest of a fae lord, a creature so powerful he can manipulate magic with just a thought. Now Jackie and Garrett are on their way into the realm of Faerie to celebrate the Midsummer Solstice with their allies—in more danger than they can possibly imagine.

Rebirth

"You are my mate; how can you allow this?" I was crying and feeling helpless as I was tied to the bed. "An ugly princess like you is only a good sight when she gets tortured," his response shook me into silence. "She is yours for the night," my mate Karson told the old man and then gestured towards the sex toys on the table, "Use all of them," my heart sank in my chest when he picked up a camera to record the torture. "You are my mate, but that's the only pleasure I will getting from you every night," he chuckled after revealing what he had decided for me. Nora Greer was an unloved Alpha Female. Despite, being born to the Alpha of The Fire Vixen pack, she was hated by everyone. Her only saving grace was her mate The Alpha King Karson. All it took was a night and an angry wolf for her to lose the last thread of hope. Her once beautiful face now had Wolf's paw marks. She was rejected and punished by Karson in the worst ways possible. Will she ever find the love, respect, and comfort she deserves?

Wolf Ranch Boxed Set - Books 4 - 6

This bundle includes books 4 - 6 of the Shifter Squad series. **Rogue Wolf:** On the heels of completing their latest mission, Lexi and Reece sense another werewolf hunting in the same area. One glance into his mind tells them that there is something very wrong with him. When a body is found in the woods nearby, their intuition is proven to be correct. The shifter has turned rogue and it is their job to hunt him down. Mark relocates the Squad to their base in West Virginia. He begins digging into a series of deaths that have taken place during the past few years. It quickly becomes apparent that it wasn't an accident that they crossed paths with the unstable shifter. When a camper mysteriously goes missing just a few hours away from their compound, Lexi and Reece are sent to investigate. Lexi has a feeling that Mark knows more about the rogue wolf than he is willing to admit. When their two missions unexpectedly collide, they are caught in a trap that could end up changing everything forever. **Corpse Thieves:** With the vampire virus slowly but surely working its way through Lexi and Reece, they must soon face down the being that has infected them or risk losing their souls to darkness. While on their way to confront Lexi's mother, the squad is called away to investigate a slew of missing corpses. Reece has his own problems to face. He is torn between his duty to his team and the lifelong dream that is now being offered to him. While he can postpone the inevitable, he will eventually have to make a decision. Not even he knows what his final choice will be. It doesn't take long before their newest mission takes a turn for the worse. Lexi is confronted with an awful truth about herself that she has been trying her hardest to deny. Her survival depends on tapping a talent that could cause her own team to turn against her if they learn of its existence. **Snake Charmer:** Defying the cycle of the moon that binds all shape shifters, Lexi transforms into her alter ego in an attempt to flee from her sorrow and anguish. Little does she know that no matter how far or fast she runs, she can't escape from her grief at being abandoned by her mate. Locked in her werewolf form, it takes a catastrophe to force her to become human again. Stepping back into her normal life isn't easy, but Lexi must set aside her personal problems when one of her friends goes missing during their next mission. The team needs her to step up and become an alpha in deed rather than just in name. Even during her prolonged time spent as a werewolf, the vampirism has been insidiously spreading through her. The time is coming when Lexi will reach the point of no return. Soon, she will become the very thing that the Shifter Squad hunts down and destroys.

Shifter Squad: Bundle 2

Young Adult paranormal fantasy. An empty bed, a threatening note, and a solemn delegation from Faerie can only mean one thing: Garrett's been kidnapped and Charlie's in danger. In order to keep her son safe and rescue her mate, Jackie is forced to make some unpopular decisions, confronting long time allies who want to cut her out of the negotiations. Meanwhile, the people she cares about are fighting their own battles. Garrett is getting a close-up view of just how Queen Fionna is running things at the Faerie Court, and it's not a pretty sight. Sixteen-year-old Charlie is steamed at his mother for sending him away and not including him in the effort to rescue his dad. However, his demon trainer, Isaiah, is determined to keep him busy and working hard. Of course, Charlie has some plans of his own. And at the Fae court, Lord Kennet is working on a scheme that just might bring his family back together, whether they want it or not.

Blood Spelled: Rogues Shifter Series Book 8

The final book in the new Arctic Brotherhood series--heart-pounding werewolf romances by Jane Godman that will keep you on the edge of your seat. They are the Arctic Brotherhood. They are deadly fighters, fierce protectors and loyal mates. Their sworn enemy is dead, but the Arctic Brotherhood can't relax. Fenrir, the Norse god of destruction is still determined to destroy the world. Vigo Durand agrees to lead the team against the most feared werewolf the world has ever known, but dark secrets from his past are threatening to catch up with him. Amber Merova has been on the run for the last five years ago. When she meets Vigo, her werewolf mating impulse almost overwhelms her human instinct for survival. Almost. Feisty, determined, and hostile, Amber initially turns down Vigo's offer to stay with the Brotherhood. When it looks like the men who murdered her pack have caught up with her, she has no choice but to take his offer of protection. Both seem damaged beyond repair, but, as they work together to bring down Fenrir, they discover hidden ties that bind them together. Before they can look to the future, they must unravel the mysteries of the past.

Cut Off

I know that better than most. Since rejoining the Pride, I've made big decisions and even bigger mistakes: the kind paid for with innocent lives. As the first and only female enforcer, I have plenty to

prove to my father, the Pride and myself. And with murdered toms turning up in our territory, I'm working harder than ever, though I always find the energy for a little after-hours recreation with Marc, my partner both on and off duty. But not all my mistakes are behind me. We're beginning to suspect that the dead are connected to a rash of missing human women and that they can all be laid at my feet--two or four, take your pick. And one horrible indiscretion may yet cost me more than I can bear....

So when she discovered she was a shapeshifter and that her narrow world view needed to broaden to include vampires, werewolves, the fae and many other magical creatures, she was faced with two choices: have a full-out meltdown, or embrace her abilities and run with them. The Broken Immortals: Books 4-6

This bundle contains books 4 - 6 of the Shifter Squad Next Gen series. Alpha Rivalry: Alex and the rest of the squad are stuck with the unwanted alpha on their team despite the trouble he keeps causing. When they team up with another alpha werewolf and his pack during a mission, tensions rise and tempers flare. With luck, Franko will soon show his true colors and they'll finally be able to get rid of him. While the spells restrict Alex from reaching her full potential, she can at least use her necromancy. She'll have the opportunity to practice her skills and maybe even expand on them. The more power she gains with her death magic, the less vulnerable she'll be, or so they all hope. The witch is still lurking around, trying to lure the team into a trap. They'll have to remain vigilant as she creates new dangers for them to avoid. In the meantime, Yasmine has a particular skillset the squad has been looking forward to learning. The vampire will become their teacher as she trains them in the delicate art of thievery. Rex's Thrall: During a night out on the prowl, Sydney Walker-Levine meets a sexy, enigmatic weretiger. The pair hit it off instantly and their chemistry is undeniable. Everyone in the shifter nightclub can sense their desire for each other. The werecougar suspects she's in for a night she'll never forget. Her plans to get Harlan Rafferty naked are interrupted when she runs into someone she'd hoped she'd never see again. Colton, the arrogant Rex of a werelion pride, tried to claim her once before. Syd had been spared from becoming his captive a few months ago, but her team isn't there to save her this time. Sydney is lulled into thinking she's managed to dodge the bullet again, but she didn't count on the werelions tracking her. Once she leaves the safety of the tiger's bed, she becomes fair game. Colton is lying in wait, ready to turn her into his thrall. The werecougar only has one ally to watch her back; a zombie mouse called Beta. Spectral Justice: While testing her skills as a pickpocket, Alex learns she has talents no one could have anticipated. The spells that prevent her from reaching her full potential have an unexpected side effect. While the enchantments are a curse, they're also proving to be surprisingly useful. The fae emissary they've been waiting for finally arrives to whisk Alex and Crowmon to the faery realm. They need to find out all they can about the old gods that they suspect are stirring. Their main goal is to find out where they're being imprisoned, so they can make sure it's still secure. If the ancient deities escape, all realms will be in peril. Agent Steel sends two of his colleagues to assess Alex's new abilities. They will aid the team to solve a mission involving several lone female werewolves who have gone missing. The squad will need to be on full alert with so many enemies lurking around, waiting for the opportunity to strike.

Rogue

A short story featuring characters from the Rogues Shifter Series. Elle, a fae female, has refused to return to the Faerie Court because of the treatment she endured under the former queen, Fionna. She's been a guest in Sasha's home for the last few months, and is finally beginning to feel comfortable in this new world--finding herself drawn to the gentle warrior, but not feeling worthy to stand at his side. When she sees how Sasha has decorated his home for Christmas, Elle invites him to celebrate the winter solstice with her. Sasha, a vampire with a violent past, is completely smitten by this sweetly elegant female, but has many demons of his own to dispel. When Elle invites him to a magical celebration, he jumps at the chance to spend time with her. But can they heal each other on the Winter Solstice, the longest night of the year?

"LOVING YOU IS WHAT I DO BEST." ***USA TODAY BESTSELLER*** The most anticipated book in the series is here... After years of living abroad, Maizy returns home to the only family she's ever known--a pack of wolves. When she confronts her childhood watchdog to see where they stand, his resentment leaves her uncertain about where she really belongs. Behind Denver's charming smile is a tragic past--one that's made his wolf savage and unpredictable. Only Maizy has been able to tame that darkness, and when they're reunited after many years apart, he no longer sees a child he once protected. She's captivating and intelligent--a woman with the world at her fingertips and two suitors offering more than he ever could. Torn between two worlds, Maizy must choose how her fairy tale ends. Tragedy, murder, passion, and imprisonment all collide with a heart-stopping twist. "You must decide how your fairy tale will end, little one. With a love that could be fleeting and hurt you in the end, or with a man who will give you your heart's desire." Two Minutes is a romance between a Shifter and a human who are afraid to commit. After years of living apart, they meet again as strangers and wrestle with their newfound feelings. This paranormal romance includes banter, murder, a body that keeps reappearing, imprisonment, a spicy elevator scene, and emotional scars. Winter Solstice Wishes: A Rogues Shifter Holiday Short Story

What werewolf reunion doesn't begin with kidnapping and end with betrayal? Ember's commitment to family never wavers. So when her elusive brother plants clues leading to the doorstep of a mother she's never met, Ember willingly follows the trail. Unfortunately, the road to reunion is blocked by a familiar enforcer. Dakota has ditched her bombs and turned to blackmail in an attempt to protect shifter-kind, and this time Ember's twelve-year-old cousin is caught in the crossfire. In the end, Ember is left with an unthinkable choice. Will she turn her only brother over to shifter authorities in exchange for her young cousin's sanity? And even if she is willing to betray her long-sought family member, will Ember's feral brother deign to be caught? USA Today bestselling author Aimee Easterling's newest novel follows Huntress Born and Huntress Bound. If you like suspense, romance, and werewolf intrigue in equal measure, you'll love the Wolf Legacy series.
