Dixie

Dixie is a political and social history of the South during the second half of the twentieth century told from Curtis Wilkie's perspective as a white man intimately transformed by enormous racial and political upheavals. Wilkie's personal take on some of the landmark events of modern American history is as engaging as it is insightful. He attended Ole Miss during the rioting in the fall of 1962, when James Meredith became the first African American to enroll in the school. After graduation, Wilkie worked in Clarksdale, Mississippi, where he met Aaron Henry, a local druggist and later the prominent head of the Mississippi NAACP. He covered the Mississippi Freedom Summer of 1964 and the Mississippi Freedom Democratic Party challenge at the national convention in Atlantic City, and he was a member of the biracial insurgent Democratic delegation from Mississippi seated in place of Governor John Bell Williams's delegation at the 1968 convention in Chicago. Wilkie followed Jimmy Carter's campaign for the presidency, becoming friends with Billy Carter; he covered Bill Clinton's election in 1992 and was witness to the South's startling shift from the Democratic Party to the GOP; and finally, he was there when Byron De La Beckwith was convicted for the murder of civil rights leader Medgar Evers thirty-one years after the fact. Wilkie had left the South in 1969 in the wake of the violence surrounding the civil rights movement, vowing never to live there again. But after traveling the world as a reporter, he did return in 1993, drawn by a deep-rooted affinity to the region of his youth. It was as though he rejoined his tribe, a peculiar civilization bonded by accent and mannerisms and burdened by racial anxiety. As Wilkie writes, Southerners have staunchly resisted assimilation since the Civil War, taking an almost perverse pride in their role as "spiritual citizens of a nation that existed for only four years in another century." Wilkie endeavors to make sense of the enormous changes that have typified the South for more than four decades. Full of beauty, humor, and pathos, Dixie is a story of redemption -- for both a region and a writer.

The Ladies' Repository

The idea of this women's magazine originated with Samuel Williams, a Cincinnati Methodist, who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion. Written largely by ministers, this exceptionally well-printed little magazine contained well-written essays of a moral character, plenty of poetry, articles on historical and scientific matters, and book reviews. Among western writers were Alice Cary, who contributed over a hundred sketches and poems, her sister Phoebe Cary, Otway Curry, Moncure D. Conway, and Joshua R. Giddings; and New England contributors included Mrs. Lydia Sigourney, Hannah F. Gould, and Julia C.R. Dorr. By 1851, each issue published a peice of music and two steel plates, usually landscapes or portraits. When Davis E. Clark took over the editorship in 1853, the magazine became brighter and attained a circulation of 40,000. Unlike his predecessors, Clark included fictional pieces and made the Repository a magazine for the whole family. After the war it began to decline and in 1876 was replaced by the National Repository. The Ladies' Repository was an excellent representative of the Methodist mind and heart. Its essays, sketches, and poems, its good steel engravings, and its moral tone gave it a charm all its own. -- Cf. American periodicals, 1741-1900.

About the Book A December trail ride in the mysterious Superstition Mountains of Apache Junction, Arizona becomes one of terror and death when uninvited guests appear. Pop's four cycle friends, aka the family farm, decide to spend the night in a local cemetery, accompanied by pickle-nose pete and guy wagner, to prove the fallacy of the paranormal. A myriad of colorful characters enhance the finale!

"If you've been looking for your newest horror obsession after The Haunting of Hill House, read this one next."—BuzzFeed She didn't run from her dark past. She moved in. For the lucky among us, life is what you make of it; but for Dixie Wheeler, the theme music for her story was chosen by another long ago, on the day her father butchered her mother and brothers and then slashed a knife across his own

throat. Only one-year-old Dixie was spared, becoming infamously known as Baby Blue for the song left playing in the aftermath of the slaughter. Twenty-five years later, Dixie is still desperate for a connection to the family she can't remember. So when her childhood home goes up for sale, Dixie sets aside all reason and moves in. But as the ghosts of her family seemingly begin to take up residence in the house that was once theirs, Dixie starts to question her sanity and wonders if the evil force menacing her is that of her father or a demon of her own making. In order to make sense of her present, Dixie becomes determined to unravel the truth of her past and seeks out the detective who originally investigated the murders. But the more she learns, the more she opens up the uncomfortable possibility that the sins of her father may belong to another. As bodies begin to pile up around her, Dixie must find a way to expose the lunacy behind her family's massacre to save her few loved ones who are still alive—and whatever scrap of sanity she has left.

Written by a sociologist and a journalist, *The Death of an American Jewish Community: A Tragedy of Good Intentions* recounts the death of a Boston community once home to 90,000 Jews residing among African-Americans and white ethnics. The frightening personal testimonies and blatant evidence of manipulated housing prices illustrate how inadequate government regulation of banks can contribute to ethnic conflict and lives destroyed. "There were no winners," the authors warn. Hillel Levine and Lawrence Harmon believe that their findings may be true for American cities in general. Had we learned from what went wrong in Boston — blockbusting by a group of banks, federal programs promoting mortgages to people unable to afford them, real estate brokers seeking quick profits —, perhaps the 2008 nationwide real estate meltdown could have been anticipated. The lessons from this book are essential for students of ethnic relations and urban affairs. "This candid, disturbing, and highly readable book recounts how Boston's working-class Jewish neighborhoods were transformed into economically devastated black ghettos." — *The New Yorker* "Bankers and real-estate brokers still shape the dynamics of daily life in our fragile urban neighborhoods. Levine and Harmon movingly capture the human side of this often destructive process in their story of redlining and blockbusting in Boston during the 1960s. But their book is more than history. It is a lesson about how to understand and improve our cities and neighborhoods, today and in the future." — Raymond L. Flynn, Mayor of Boston, President, U.S. Conference of Mayors "Levine and Harmon are sympathetic to the goals of racial integration but are indignant over the brutality and unfairness that accompanied these orchestrations. Bankers and politicians are indicted here by elaborate court evidence and by supplementary research cited by the authors, who use their insiders' passion (Harmon was born and raised in Dorchester) and professional expertise to forever preserve the corned-beef flavor of old Blue Hill Avenue. As much an elegiac memory book of old Jewish Boston as a searing indictment against her killers." — *Kirkus Reviews* "Combines the rigor of good scholarship with the obsessive curiosity of good journalism" — J. Anthony Lukas, Author of *Common Ground* "What keeps a community alive? What are the social and historical forces that shape or stifle its aspirations? When does a community soar and when does it yield to resignation? These and other questions take on an urgency of their own in Hillel Levine and Lawrence Harmon's perceptive, brilliant, and disturbing inquiry." — Elie Wiesel, University Professor and Andrew W. Mellon Professor in the Humanities, Boston University "Levine and Harmon have written a prophetic indictment of the real estate speculation and elite indifference that, along with black crimes, destroyed Boston's most vibrant Jewish neighborhoods. Have the courage to take their terrible journey; you will not return unchanged!" — Jim Sleeper, Author of *The Closest of Strangers: Liberalism and the Politics of Race in New York* "This engagingly written and brilliantly illuminating portrait of the destruction of a vibrant Jewish community radically revises our understanding of the process of neighborhood change. The authors also break new ground in portraying the critical role of social class in American life and the powerful, if unconscious, class bias of Jewish communal leaders." — Charles E. Silberman, Author of *A Certain People: American Jews and Their Lives Today*

Since You're Leaving Anyway, Take Out the Trash

As any historian will testify, a nineteenth-century woman's place was very much at home. Or was it? For a lucky (and plucky) few, who had a little determination, and the ability to withstand lice infestations,

climbing mountains in corsets, rascally guides and occasional certain death - as well as the raised eyebrows of the society they left behind – then the world really was their oyster. In this lively re-telling of twenty-two extraordinary ladies who did just that, Caroline Roope invites you to journey to the further corners of the earth along with them. From humble missionary Annie Royle Taylor, who knew God would keep her safe, to the haughty aristocrat, Lady Hester Stanhope who defied convention and dressed as a Turkish man including pistol, knife and turban, their collective voices still resonate hundreds of years later. Drawing on their original accounts and archival sources, this expertly researched book brings to light a wealth of stories that are full of grit (sometimes literally), courage, and just enough humor to wish we'd been there with them on their adventures on the other side of the horizon. So, pack a suitcase, along with a 'good thick skirt' à la Mary Kingsley, and prepare to go beyond the garden gate...

It's scones and scandal for Indigo Tea Shop owner Theodosia Browning in the latest from the New York Times bestselling author of *Steeped in Evil*... Normally Theodosia wouldn't attend a black tie affair for all the tea in China. But she can hardly say no to her hunky, handsome boyfriend, Max, who directs public relations for the Gibbes Museum in Charleston. Max has organized an amazing gala opening for an exhibit of a genuine eighteenth century Chinese teahouse, and the crème de la crème of Charleston society is invited. In the exotic garden staged in the museum's rotunda, a Chinese dragon dances to the beat of drums as it weaves through the crowd. The guests are serenaded by a Chinese violin as they sample an assortment of tempting bites. And to give them a memento of the occasion, there's even a photo booth. But Theodosia makes a grim discovery behind the booth's curtains: the body of museum donor Edgar Webster. While Theodosia prefers tea service over the service of justice, this case is difficult to ignore—especially after Max becomes a suspect. Now she must examine the life of the fallen philanthropist and find out who really wanted him to pay up... INCLUDES DELICIOUS RECIPES AND TEA TIME TIPS!

#1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." —The New York Times Book Review "A classic that we will read for years to come." —Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." — Bill Gates

Blaize Clement won fans all over the world with the charm and wit of her pet-sitting mysteries. Now, with the help of her son, author John Clement, Blaize's beloved heroine Dixie Hemingway is back for yet

another thrilling adventure in this critically-acclaimed series. Dixie has built a nice, quiet life for herself in the sleepy town of Siesta Key, a sandy resort island off the coast of Florida. In fact, her pet-sitting business is going so well she's even taken on part-time help: Kenny, a handsome young surfer who lives alone in a rickety old houseboat. But things get a little messy when, on an early morning walk in the park with a client's schnauzer, Dixie makes a shocking discovery. Hidden among the leafy brambles is a homeless girl, alone and afraid, cradling a newborn baby in her arms. Dixie takes the young girl under her wing, even though she's just been hired by Roy Harwick, the snarky executive of a multi-national oil company, to care for his equally snarky Siamese cat, Charlotte, along with his wife's priceless collection of rare, tropical fish. It's not long before Dixie stumbles upon a dead body in the unlikelyst of places, and soon she's set adrift in a murky and dangerous world in which no one is who they appear to be. Smart, fast-paced and entertaining, *The Cat Sitter's Cradle* is a perfect illustration of why Dixie's loyal fans have come to know and love her and eagerly await the next installment of her adventures.

"Irresistible... a Golden Age homage, an elegantly constructed mystery that on every page reinforces the message that everyone counts." —New York Times Book Review **AGATHA AWARD WINNER!**
Recommended by New York Times Book Review • Wall Street Journal • Parade • Country Living • Chicago Tribune • South Florida Sun-Sentinel • The Free-Lance Star • St. Louis Post-Dispatch • CrimeReads • Nerd Daily • Red Carpet Crash • and many more! From the award-winning author of *The Day I Died* and *The Lucky One*, a captivating suspense novel about nurses during World War II who come to Agatha Christie's holiday estate to care for evacuated children, but when a body is discovered nearby, the idyllic setting becomes host to a deadly mystery. Bridey Kelly has come to Greenway House—the beloved holiday home of Agatha Christie—in disgrace. A terrible mistake at St. Prisca's Hospital in London has led to her dismissal as a nurse trainee, and her only chance for redemption is a position in the countryside caring for children evacuated to safety from the Blitz. Greenway is a beautiful home full of riddles: wondrous curios not to be touched, restrictions on rooms not to be entered, and a generous library, filled with books about murder. The biggest mystery might be the other nurse, Gigi, who is like no one Bridey has ever met. Chasing ten young children through the winding paths of the estate grounds might have soothed Bridey's anxieties and grief—if Greenway were not situated so near the English Channel and the rising aggressions of the war. When a body washes ashore near the estate, Bridey is horrified to realize this is not a victim of war, but of a brutal killing. As the local villagers look among themselves, Bridey and Gigi discover they each harbor dangerous secrets about what has led them to Greenway. With a mystery writer's home as their unsettling backdrop, the young women must unravel the truth before their safe haven becomes a place of death . . .

Household Journal of Popular Information, Amusement and Domestic Economy

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Friends' Intelligencer

By the turn of the 20th Century, Cullman was firmly established as the preeminent settlement in the hill country between the Tennessee Valley and the mineral region surrounding Birmingham. The Cullman Alabama Tribune continued to record news of the development of the city, county, and surrounding region. As with the first two books of this series, microfilm was obtained from the State Archives in Montgomery and a page by page examination of the newspaper was conducted and every birth, death, marriage, obituary, and news important to the history and development of Cullman County was recorded. This volume also contains rare first person accounts of the Civil War activities of George Martin Holcombe and Elijah Wilson Harper ("Killacranky"). This book is important to any genealogist

or historian with connections to Cullman County and contains many rare accounts and mentions of the earliest settlers of the region.
