Dans un contexte difficile, où la vente des vins en Europe est principalement centrée sur la grande distribution, seul un circuit progresse, celui de la vente directe. Développer une commercialisation en circuit court est une stratégie commerciale à part entière qui demande de mettre en place une démarche efficace pour favoriser la venue des clients sur le lieu de vente, de professionnaliser l'accueil et de fidéliser les clients par des actions commerciales adaptées. Véritable guide pratique, l'ouvrage présente de manière concrète les méthodes et les outils pour développer la vente directe des vins d'une exploitation ou d'une cave coopérative. La démarche est par ailleurs illustrée par des exemples et cas concrets.

Guide pratique de marketing et promotion du vin sur Internet

Les habitudes de consommation sont en pleine mutation, aussi bien sur les marchés mûrs comme l'Europe, les Etats-Unis ou le Japon que sur les marchés dits émergents, comme la Chine, l'Inde ou la Russie. Internet est devenu un outil incontournable pour la promotion des vins sur les marchés intérieurs et internationaux. Sa maîtrise passe par plusieurs éléments : • une bonne connaissance des outils disponibles : site web, blog, forum... • des stratégies pour mieux communiquer avec la presse, les consommateurs et les professionnels ; • la connaissance des réseaux sociaux et des sites de vente en ligne. Ce guide pratique présente très simplement la manière de promouvoir au mieux son vin via l'outil Internet, permettant ainsi d'accroître sa visibilité et ses ventes. Il s'adresse aux vignerons, aux caves coopératives, aux interprofessions et aux professionnels du vin qui souhaitent développer leurs ventes.

Guide pratique de marketing et promotion du vin sur Internet

Le monde du vin maîtrise encore assez mal les nouveaux outils de marketing qu'offre Internet et ne mesure pas encore l'appui que ceux-ci pourraient lui apporter dans son développement commercial, principalement à l'international. A un moment où le marché français se rétracte avec une baisse sensible de la consommation, il devient en effet impératif de se tourner vers les marchés internationaux : par ses outils efficaces et peu onéreux, le Web peut devenir le fer de lance de la communication et de la stratégie marketing des professionnels du vin. Ce livre apporte à toute la filière vin une meilleure maîtrise des outils Web à partir d'études de cas et d'exemples précis de stratégies qui ont réussi en France et à l'étranger.

Le marketing du vin - 3e édition

La dégustation est utilisée tout au long des processus d'élaboration et de commercialisation, du grain de raisin au vin. L'état de maturité du raisin est le premier facteur, et certainement l'un des plus déterminants, qui conditionne la qualité du vin. Il est le résultat d'un ensemble de phénomènes physiologiques et biochimiques complexes dont le bon déroulement et l'intensité dépendent fortement des conditions du milieu (variété de vigne, sols, climat). Après une approche des bases physiologiques et comportementales du dégustateur, cet ouvrage, résolument pratique, dresse un panorama complet des techniques existantes (caractéristiques organoleptiques, outils d'évaluation) de dégustation à chaque étape de l'élaboration des vins.

Les deux auteurs ont ainsi essayé de regrouper l'essentiel des connaissances indispensables à tout metteur en marché pour renforcer et accroître la commercialisation de ses produits. L'ouvrage est composé de deux grandes parties. En premier lieu sont examinés : le diagnostic de l'entreprise, le choix des prestataires et partenaires, les institutionnels pouvant favoriser le développement commercial et les financements disponibles. Sont ensuite développés : les réseaux de distribution et leurs marchés, sur le plan national et international, mais aussi la présentation des salons permettant de faire ses premiers pas vers l'export."

On Looking

You are missing at least eighty percent of what is happening around you right now. You are missing what is happening in your body, in the distance, and right in front of you. In marshalling your attention to these words, you are ignoring an unthinkable large amount of information that continues to bombard all of your senses. This ignorance is useful: indeed, we compliment it and call it concentration. It enables us to not just notice the shapes on the page, but to absorb them as intelligible words, phrases, ideas. Alas, we tend to bring this focus to every activity we do. In so doing, it is inevitable that we also bring along attention's companion: inattention to everything else. This book begins with that inattention. It is not a book about how to bring more focus to your reading of Tolstoy; it is not about how to multitask, attending to two or three or four tasks at once. It is not about how to avoid falling asleep at a public lecture, or at your grandfather's tales of boyhood misadventures. It is about attending to the joys of the unattended, the perceived 'ordinary'. Even when engaged in the simplest of activities - taking a walk around the block - we pay so little attention to most of what is right before us that we are sleepwalkers in our own lives. This book is about that walk around the block, and how to rediscover the extraordinary things that we are missing in our ordinary activities.

Mary Coin

Bestselling author Marisa Silver takes Dorothea Lange's Migrant Mother photograph as inspiration for a story of two women—one famous and one forgotten—and their remarkable chance encounter. In 1936, a young mother resting by the side of the road in central California is spontaneously photographed by a woman documenting migrant laborers in search of work. Few personal details are exchanged and neither woman has any way of knowing that they have produced one of the most iconic images of the Great Depression. In present day, Walker Dodge, a professor of cultural history, stumbles upon a family secret embedded in the now-famous picture. In luminous prose, Silver creates an extraordinary tale from a brief event in history and its repercussions throughout the decades that follow—a reminder that a great photograph captures the essence of a moment yet only scratches the surface of a life.

Clues in the Shadows

KYLIE: Mexico? What a nightmare! I should be putting the finishing touches on my valedictorian speech. Graduation is TODAY! Wait! Is this a wedding band on my finger?? MAX: It started with Kylie's laptop and a truck full of stolen electronics and it ended in Ensenada. It was hot, the way she broke us out like some chick in an action movie. But now we're stranded here, with less than twenty-four hours before

graduation. WILL: Saving Kylie Flores from herself is kind of a full-time occupation. Luckily, I, Will Bixby, was born for the job. And when I found out she was stuck in Mexico with dreamy Max Langston, sure, I agreed to bring their passports across the border but there's no reason to rush back home right away. This party is just getting started. LILY: This cannot be happening. It's like some cruel joke. Or a bad dream. I close my eyes and when I reopen them, they're still there. Max and Kylie Flores, freak of the century. In bed together. If Kylie thinks I'm giving him up without a fight, she's dead wrong.

The Girl Who Was Supposed to Die

Jen Campbell's collection of terrifyingly gruesome tales lends a modern edge to fairy tale collections for young readers. Drawing on her extensive knowledge of fairy tale history, Campbell's stories undo the censoring, gender stereotyping and twee endings of more modern children's fairy tales, to return both classic and little-known stories to their grim versions, whilst celebrating a diverse range of characters. Featuring 14 short stories from around the globe, *The Sister Who Ate Her Brothers* is illustrated in a contemporary style by Canadian comic artist Adam de Souza. De Souza's brooding illustrations are a highly original blend of 19th-century Gothic engravings and moody film noir graphic novels. Beautifully produced in a hardback format with a rose gold ribbon marker, *The Sister Who Ate Her Brothers* is a truly thrilling gift.

Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. The Sister Who Ate Her Brothers: And Other Gruesome Tales

"[B.C. Edwards] is a writer possessed of a quicksilver anarchic imagination and I recommend his fiction highly to all and sundry."--Patrick McGrath From "My Recipe for the Best Tuna Salad in the World": 'Malcolm,' 'I've finished clearing out the apartment, you boy-hungry mongoloid. The last of your things are in the vestibule. I'd come pick them up soon, as I'm sure you're aware, the front door won't shut completely and the glass has been broken in and so the rain is doing a number on that collection of forty-fives you inherited from your father but never got around to playing a single one of.' 'Meanwhile, as requested, here is that recipe for tuna salad that you've enjoyed so much over all of these apparently bitter years.' Every story in 'The Aversive Clause' has its own unique world: the quiet moments of a couple's destruction as one inexorably turns into a monster, a girl trapped in a tree at the end of the world, acrobats hired to tumble at an oil tycoon's birthday, an entire city come to life to terrorize a dwarf. B.C. Edwards is a producer at the Upright Citizens Brigade Theater and attended the graduate writing program at The New School in New York. The winner of the 2011 Hudson Prize for Fiction, he is the author of the collected stories "The Aversive Clause" (Spring, 2013) as well as two collections of poetry "To Mend Small Children," (February, 2012) and "From the Standard Cyclopedia of Recipes" (Spring, 2014). He was raised in Newburyport, Massachusetts and lives in Brooklyn.
