The Story of My Life - By Shayna

The story of my life is about dog racing and a good deal more. It is about cruelty, the human capacity for cruelty towards human animals and animals of other species. Dog racing, commonly known as Greyhound racing, is not a sport because no legitimate sport uses enslaved/involuntary participants and murders many of them once they start losing and no longer are competitive and profitable. Dog racing is, in fact, a deadly form of entertainment, as are horse racing, dog fighting, cock fighting, hunting and circuses that use enslaved other-specied animals. Incidentally, I remember Greta talking about a form of entertainment that was popular in Ancient Rome and which took place in public arenas. There enslaved humans known as gladiators were forced to engage in deadly combat against each other to the delight of cheering crowds. Often the losing gladiator was killed outright, and sometimes he lived depending upon the mood of the spectators. Unlike some spectator sports whose fans identify with and form emotional attachments to the athletes, dog racing fans care little or nothing about the Greyhounds. This detachment can be attributed to the racers' short racing careers; some race for just one season or part of a season at a specific track, and then are shipped elsewhere. But let's return to my story. Please know that I am real, as are other characters. On the other hand, some characters are not real. They are fictional. And although some of the events discussed in Part One are based on real happenings, some are not, and Part One is a work of fiction. In conclusion, I hope with all my heart that this book touches the hearts and minds of its readers. - Shayna Lanesboro, MA (1998)

Three Shades of Blackness

Three Shades of Blackness is a fiction novel, which depicts the story of three girls from different backgrounds as they become friends and grow up together. Shayna is abandoned by her mother and when Mrs. Andrews takes her in, she enrolls her in a religious summer program. There she meets Tanya, a preacher's child, and Mercides, who is from a wealthy background. Although they are from vastly different families, they become fast friends. Three Shades of Blackness offers a tale in which the author combines unique family relationships, loyalty among friends and faith in the Lord in the lives of three girls who must deal with the highs and lows of adolescence as well as more adult choices.

The World of Author Karen Wiesner: A Compendium of Fiction

Most rock stars would be revolted if a homeless woman fainted in their arms. Dante Deity is not most rock stars. THE ROMANCE WRITER Shayna Gray is fleeing her past. Tragedy, infidelity, heartbreak: the midlist romance author has suffered it all. She was strong enough to run, like a spunky heroine from one of her novels, and soon she'll be flying...just as soon as she can walk again. After walking from Portland to Sacramento, Shayna wakes up in the hospital with famous rock star, Dante Deity offering to take her to his mansion to recuperate. Unlike her abusive ex-husband or her bullying mother, Dante is determined she succeed. As he helps her recover from her grief and get her writing back, a romance worthy of her novels blooms. But Shayna knows that they can't have a healthy loving relationship until she learns to stand on her own. AND THE ROCK GOD Dante Deity is revered by everyone who knows anything about heavy metal music, and he's respected by everyone else. Rich, handsome, and successful, he has a voice like velvet-wrapped lightning. He juggles numerous philanthropic ventures while cranking out hits. When he's on tour, music is his life. When he's taking a break, he's thinking about his next tour—or working on a project that helps him forget he's alone. When an unconscious woman falls into his arms, Dante embarks on the biggest project of his life. Saving a damsel in distress quickly becomes a secondary mission when he realizes that his heart is on the line.

Fire in the Heart

Our perfection is a facade; Our reality is a mess. Lochlyn and Shay: The picture perfect couple to everyone we know; we're anything but. Sure, he has an amazing new job. And, I'm proud of him for it. But he's never around. It's hard planning a wedding. Hard furnishing a house. Hard doing it all without him. Luckily, I have Chelsea. But you're supposed to build your life with your person - not your best friend. I yearn to regain what made us Shay and Lochlyn. I won't accept that love is lost and we were never meant to be. Will he heed my desperate pleas before it's too late, or will our love crumble under the weight of life?

Rock God

Escaping religious persecution after a pogrom against Jews in Ukraine in 1919, Shayna, a seventeen-year-old, along with her orphaned four-year-old nephew, her fiancé and his mother begin a treacherous journey to reach safety in America. The novel portrays the Yiddish culture of the shtetl and New York's Lower East side as the reader comes to know little Dovid, who lives with the trauma of losing his family; Yussi, who believes God has forsaken him in this new country; and his mother, Manya, who struggles to find a way to fit in America. Shayna's courage and determination hold them together and weaves a rich fabric from their separate threads to make a loving family, a safe place from which to build a new life in a new country.

"A call to action ... A reminder of the beautiful resilience of formerly incarcerated women and a celebration of all that they have to offer." —Susan Burton, author of *Becoming Ms. Burton* and founder of A New Way of Life Urgent and empathetic, *Entry Lessons* is one of the first examinations of the lasting impact of incarceration on women and their families. Recent reports show that women make up the fastest-growing population within the United States' criminal justice system. And yet, despite necessary conversations about incarceration and prison abolition, their stories of abuse, neglect, poverty, and family separation often go untold. Now, through immersive storytelling and expert analysis of women's lives after prison, anthropologist Jorja Leap explores their journeys into, through, and beyond the jail cell. In these pages, you'll meet women like: —Ivy and Janet, accused of murder, whose intertwined stories of childhood harm, domestic abuse, and gang violence unfold throughout the book —Denise, who

confronts the lasting impact of her childhood sexual trauma as she struggles with relationships and the realities of homelessness –Rosa, a survivor of sex trafficking whose relationship with her mother—her trafficker—is fraught with conflicting feelings she works to resolve –Carmen, whose search for love ultimately endangers not just her life but also the lives of her children –Clara, who survived placement in the child welfare system only to experience having her own children sent to foster care –Angela and Ronnie, two women navigating the complexities of sexuality and queerness in and out of prison Leap chisels away at superficial narratives to unearth pasts rife with struggle and oppression. She reveals the sharp edges of reentry and the wounds suffered by these women and their families, exposing a cycle of trauma that powers the revolving door of reentry and reincarceration. And, still, Entry Lessons is a book of hope just as much as it is of pain. Leap calls for systemic change through the development of meaningful reentry programs and policies that will have a lasting, life-changing impact on women as they rebuild their lives and especially as they are able to reclaim their children.

Bad Boy's Secret Baby

Three generations of women struggle with oppression in this prize-winning historical saga from “a natural born storyteller” (Julia Alvarez). When I remember Russia, I ache with longing for the village of my birth, where the beloved grandparents magically produced candy in a handshake and told stories of long ago when God spoke to humans and enchantments filled the world . . . Two Jewish sisters, born in Russia shortly before the Communist Revolution, are forced to flee the pogroms and persecution and travel with their parents to British-occupied Palestine. The girls' parents befriend a widower with two children and join forces, creating a blended family. When the girls are teenagers, World War II tears the family apart, sending the girls separately to France and America. Their lives unfold in tandem: babies are born, friendships forged, and cherry pies baked—despite the brutal backdrop of the Holocaust. As the family grows into the next generation, one of the daughters, an artist drawn to a bohemian lifestyle, surrounds herself with a multicultural circle of friends the likes of which her ancestors could not have imagined. Subsequently, the artist's turns her passion to providing aid to Salvadoran refugees fleeing the death squads in their homeland, just as her own grandmother once fled the pogroms of Russia. As she follows her vocation of reversing the damage that torturers inflict on their victims, she must also overcome a past-life trauma that haunts her very core. A winner of the Fabri Literary Prize, *Memories from Cherry Harvest* spans seventy years and five continents, explores the physics of memory, and shows how the tenacity of good can ultimately withstand and overcome the memory of tragedy. “Like Julia Alvarez's *In the Time of the Butterflies* and Doris Lessing's *Martha Quest* novels, this story about fighting the injustices of the 20th century will engage readers of politically charged fiction.” —Library Journal

Taste Your Emotions ~unplugged~ This is the second revised and expanded version of the earlier work "Taste Your Emotions" a book containing poems only each telling a story of the struggle for physical, emotional, and spiritual sobriety. The poems inside this book express a variety of emotions taking you through an experience from deep pain to the joy of emotional freedom. Attempting to balance between a short memoir written in a creative way, self-help book of sorts, as well as grouped enlightened writing trying to lead others in embarking of self freedom. Thus this book is simply not a book of poems and writings it is a dark journey of pain, confusion and addiction leading to a bright awakening of the heart and mind. The poems and writing are both heavy, raw, thought provoking, even forceful in there convictions at times and they are also light and touching in there innocence at other times, culminating in a moving expression of strength and determination. You will not just read these poems and writings you will experience them think about them, be moved by them and maybe if I am lucky even be some what changed by them. What was changed from the first edition was some poems of lesser relevance where removed. More back ground to the author his life and experiences behind the poems was added which makes the read much richer and deeply connecting. Likewise there is added writing on the thinking and philosophies which brought about his ever evolving and life enriching change. One mantra he lives by now which he created is: KNOW yourself, LOVE yourself, & BE yourself. Comments from Past readers: Well-organized and powerful/life-affirming works ~ Chris Massey A compilation of life's struggles and victories ~ Timothy Talosi Fascinating Read ~ Pat Sturt The poems are very emotional, touching to the heart ~ Tonya Graham The title is right on. As I read this book I experienced deep feelings and emotions. Most books don't touch my soul the way this one does ~ Becky Sedgwick

A Cursed Bloodline

It's December. Shayna, the only Jewish kid in her class, would give anything to not have to celebrate Hanukkah and instead celebrate her favorite thing in the world: Christmas! But this all changes when she is visited by the spirit of a bubby from the Old Country, who takes her on a journey through Jewish history, large and small, and teaches her the value of tradition and of miracles, large and small. Drama/Comedy Full-length. 60-75 minutes 7-30+ actors

Taste Your Emotions

This booklet is filled with pure emotions. It was originally written as raw feelings put on paper about my little journeys through life. You will read simple truth put into poetic rhymes. The honesty of it makes it relatable for any teenager across the globe. It's for you to know that you are not going through these moments alone, whether they are moments of happiness, sadness, or anger. The first few poems in this book were written when I was 12, and gradually the depth of emotion increased with age. This is me listening to my mom when she told me "sharing is caring" when I wouldn't give my sisters the TV remote or some toy that was mine. This is me sharing my thoughts for you to read and feel. By Shayna Shah

More Bubbles

In the summer of 1977, Terri Jentz and her Yale roommate, Shayna Weiss, make a cross-country bike trip. They pitch a tent in the desert of central Oregon. As they are sleeping, a man in a pickup

truck deliberately runs over the tent. He then attacks them with an ax. The horrific crime is reported in newspapers across the country. No one is ever arrested. Both women survive, but Shayna suffers from amnesia, while Terri is left alone with memories of the attack. Their friendship is shattered. Fifteen years later, Terri returns to the small town where she was nearly murdered, on the first of many visits she will make "to solve the crime that would solve me." And she makes an extraordinary discovery: the violence of that night is as present for the community as it is for her. Slowly, her extensive interviews with the townspeople yield a terrifying revelation: many say they know who did it, and he is living freely in their midst. Terri then sets out to discover the truth about the crime and its aftermath, and to come to terms with the wounds that broke her life into a before and an after. Ultimately she finds herself face-to-face with the alleged axman. Powerful, eloquent, and paced like the most riveting of thrillers, *Strange Piece of Paradise* is the electrifying account of Terri's investigation into the mystery of her near murder. A startling profile of a psychopath, a sweeping reflection on violence and the myth of American individualism, and a moving record of a brave inner journey from violence to hope, this searing, unforgettable work is certain to be one of the most talked about books of the year.

Cabin Fever, Book 6 of the Kaleidoscope Series

Nestled on Lake Superior in northern Wisconsin is a small, secluded town called Bloodmoon Cove with volatile weather, suspicious folk...and newly awakened ghosts. Don't close your eyes... How to bury what won't stay dead...? When Bennet Ryan was eight years old, he met Ice and fell for her. Yet who Ice was and where she came from was an enigma she adamantly concealed. When they were 19, Bennet demanded she entrust her secrets to him or he'd move on. Every year since he met her, she'd disappeared at the end of September. After Bennet left her, he'd worried she wouldn't come back within two weeks the way she always had before. His worst fear materialized when she didn't return. Now, at 20, Bennet is the new deputy sheriff in Erie County. Still grieving a year after her disappearance, he's floored when Ice reappears. As they fall in love all over again, September is approaching rapidly. Bennet is compelled to solve the mystery of Ice. The deeper he delves, the more certain he is that the hole the Mino-Miskwi elders tore in the veil between the living and the dead a century ago has created a maelstrom of twisted horror. How can he possibly save the woman he loves from an entity that wears the name of creation's first murderer, bears an immortal seal, and made a pact with the devil himself?

Are You That Somebody

A Most Anticipated in 2021 Pick for The Independent | Buzzfeed | The Nerd Daily When we came to America, we brought anger and socialism and hunger. We also brought our demons. In *Burning Girls and Other Stories*, Veronica Schanoes crosses borders and genres with stories of fierce women at the margins of society burning their way toward the center. This debut collection introduces readers to a fantasist in the vein of Karen Russell and Kelly Link, with a voice all her own. Emma Goldman—yes, that Emma Goldman—takes tea with the Baba Yaga and truths unfold inside of exquisitely crafted lies. In "Among the Thorns," a young woman in seventeenth century Germany is intent on avenging the brutal murder of her peddler father, but discovers that vengeance may consume all that it touches. In the showstopping, awards finalist title story, "Burning Girls," Schanoes invests the immigrant narrative with a fearsome fairytale quality that tells a story about America we may not want—but need—to hear. Dreamy, dangerous, and precise, with the weight of the very oldest tales we tell, *Burning Girls and Other Stories* introduces a writer pushing the boundaries of both fantasy and contemporary fiction. The Advocate

In a world of “Me Too,” women are struggling with the notion of softness and empathy while living up to the strong-suiter persona in order to win at work. Compassion and femininity are superpowers, and toughness and fear will never earn trust and loyalty in the workplace or in life. While many women fight to put on their best “bitch face,” they should simply slip on a smile instead. In her book, Mindie Barnett explores her own experiences working for the “devil” in that famous book of Prada and how she constructed her company on the complete opposite premise than leading with fear. Instead, she embraces her femininity and steers her team with a sense of warmth and compassion without losing her competitive edge. Learn how to create camaraderie with your competition, inspire your team to soar, and rock a haute shade of lipstick while doing it.

Marty soon finds Mona, a teenage runaway living in a flophouse of skinheads and goths. The two live for drugs and dodgy deals, but they are minnows compared to savage siblings Jade and Shayna. Meanwhile, war has broken out among the bikers Marty and Mona depend on for their daily fix. Fuelling the fight is 'King Kong' Chong, a thug determined to be Number One in the Oh-3. Swimming between the sharks is Winston, Marty's baby brother, who has big plans. When Winston gets in over his head, it's up to Marty to try and pull him out of a neo-Nazi nightmare before their family becomes a target. “Breathtaking, relentless, unapologetic... It's a wild, wild, wild ride.” - Australia & NZ Crime Fiction Reviews

Ten Minutes Later

“Divulge[s] the details of top-level deliberations—details that were almost certainly known only to the administration’s inner circle” (The Wall Street Journal). When he was elected in 2008, Barack Obama had vowed to close Guantánamo, put an end to coercive interrogation and military tribunals, and restore American principles of justice. Yet by the end of his first term he had backtracked on each of these promises, ramping up the secret war of drone strikes and covert operations. Behind the scenes, wrenching debates between hawks and doves—those who would kill versus those who would capture—repeatedly tested the very core of the president’s identity, leading many to wonder whether he was at heart an idealist or a ruthless pragmatist. Digging deep into this period of recent history, investigative reporter Daniel Klaidman spoke to dozens of sources to piece together a riveting Washington story packed with revelations. As the president’s inner circle debated secret programs, new legal frontiers, and the disjuncture between principles and down-and-dirty politics, Obama vacillated, sometimes lashed out, and spoke in lofty tones while approving a mounting toll of assassinations and kinetic-war operations. Klaidman’s fly-on-the-wall reporting reveals who had his ear, how key national security decisions are really made, and whether or not President Obama lived up to the promise of candidate Obama. “Fascinating . . . Lays bare the human dimension of the wrenching national security decisions that have to be made.” —Tina Brown, NPR “An important book.” —Steve Coll, The New Yorker

Marni pulls. Pulls her hair, that is. Unable to deal with the mounting stress at home, in school, and with friends, Marni's compulsion to pluck out her eyebrows, eyelashes . . . even the hair from the top of her head, helped her to quiet her mind and escape the pressures of the world around her. Marni first began pulling the summer just before entering high school, and she was immediately hooked. Unfortunately, by the time she discovered that her habit was an actual disorder—trichotillomania or "trich"—it was way too late. "When I stared at the mirror and tried to recognize the girl without eyebrows, eyelashes, and bangs as myself and failed, I knew something had gone horribly wrong." Because Truth Is More Fascinating Than Fiction
