Grandma, Can We Talk?

In "Grandma, Can We Talk?" Dr. Roger McIntire offers advice for grandparents experiencing those awkward moments with their grandchild when the topic of conversation has run dry. Strategies for dealing with topics from sex to friends, school, and dangerous habits can help Grampa or Grandma encourage conversation and a comfortable friendship.

Grandma, Can We Talk?

"Join Xiaughna on her journey to discover what happens when she starts to become a young woman. Meet Grandma, who walks with Xiaughna and talks about the changes going on with her body. Will Grandma's answers help or create even more questions?"

Celebrating Grandmothers

THE book for grandmothers about grandmothers and by grandmothers Becoming a grandmother is both exciting and challenging. In this book, 27 women describe - in their own words - how they responded to the many new pleasures and demands of being a grandmother. You will read about how their new role changed the texture of their lives, their family relationships and their sense of themselves. Whether you find that being a grandmother is a source of great joy - or of some pain due to sheer distance or family problems - it will speak to you. And you will gain many good ideas about how to do the best for both your adult children and your grandchildren. Note to parents of babies or young children - an excellent and original present for new and experienced grandmothers alike. 'A book to warm your heart about being a grandparent, and also one to reassure you that you're not alone when you experience new relationships and complex family patterns.' Virginia Ironside, agony aunt and novelist 'Confirms, in a direct and delightful way, just how special the grandmother-grandchild relationship is.... Very interesting and heart-warming' Jane Fearnley-Whittingstall, author of The Good Granny Guide

Childless by Marriage

First you marry a man who does not want children. He cheats and you divorce him. Then you marry the love of your life and find out he does not want to have children with you either. The three he has are more than enough. Although you always wanted to be a mother, you decide he is worth the sacrifice, expecting to have a long happy life together. But that's not what happens. This is the story of how a woman becomes childless by marriage and how it affects every aspect of her life. This is the book of my heart, the one I had to write. Ever since I realized I was not going to have children, I have felt recurring grief and an emptiness in my heart. I am different from most women, but I have found that I am not alone. There are many of us childless women, and I think it's important to share our stories about what it's like when you don't have children in a world where most girls grow up to become mothers. I hope this book offers comfort to those who are childless and understanding to those who are not. If it makes you smile here and there, even better.

Grandma's House of Rules

'I like the way Blackshaw has incorporated many of the household furniture and objects to his own grandparents or extended family, and this is what makes the book feel authentic and genuine whilst funny and entertaining'. --The Values Bookshelf 'This is a sweet, funny story of forgiveness and recognizing what is really valuable in life'. --Armadillo Children's Magazine Some rules... and vases... were just made for breaking! This is the story of a boy who loves his grandma, but can't stand all her rules! She has rules for every room in the house - don't jump on the bed, or leave the loo seat up, or put your elbows on the table.... But there is one rule that is more important than all the others. DON'T touch the big blue and white vase. When Grandma pops to the shops, the boy does his best to follow the rules, but a terrible domino effect of errors results in the inevitable CRASH! What will Grandma say? With Grandmas you never can tell... This is a heartwarming tale about forgiving one's mistakes, and about how some rules are not quite as important as they might seem. Gorgeous pencil illustrations bring the eccentric grandma and her pattern-filled house alive.

Grandma Talk

Five women sit around the table in a neighborhood coffee shop. Their cups have bold black, a variety of lattes and a dirty chai. All are grandmothers. Their conversation is about the delights of being a grandma. They are a diverse group. They have come to grandma-hood from different places -- different parts of the world, different ages, different cultures. And they have had different grandma experiences. Some live near or with their grandchildren. Some live far away. Among them, they have young grandchildren and adult grandchildren. Yet they share a common bond: to be the best grandmas they can be and to pass on a little bit of themselves. They share their stories.

Country Grandma City Grandma

This book is non-Fiction. It relates to children 3 year old and up. It is about Carisse's personal experiences when she visits her grandmas' houses. Most children love visiting their grandparents whether they live a block away, within driving distance or flying distance. I think Carisse's story will open up a dialogue for children to talk about their own experiences with grandma and also talk about their favorite foods and games. There will be a follow up for suggested activities. Discussions: Where does your grandparent live? Do you walk, drive or fly to your grandparent's house? (Older children can use a map to find the city and state.) What do you see when you travel to her house? What do you do when you get there? Does she have gardens? Do you help with the gardens? Does she have pets? What are their names? What is your favorite food? Activities: Draw.... One thing you see on your way to grandma's house, A picture of her house. A picture of her garden. Your favorite flower. Your favorite vegetable. One of her pets. Your favorite food.

Next Time You Talk to Grandma and Grandpa.....Hit Record

The best gift a parent can give a child is to let them know you. As a genealogist, I have heard many researchers lament, "I wish I had asked my grandparents about their lives, when I had the chance." In 1979 I asked my grandmother, Lois Staehle, to write her memories of childhood. My mother, Ginny Staehle, at age 88 responded to life-memory interview questions. I also compiled my responses to the same questions addressed by my mother. Now, 10+ years later, I tackle additional queries and offer memories from my life - for my children, grandchildren, and future generations. This book is the result.

Don't Bite Your Tongue

Parents make enormous sacrifices helping children become healthy and autonomous adults. And when children are older, popular wisdom advises parents to let go, disconnect, and bite their tongues. But increasing life spans mean that parents and children can spend as many as five or six decades as adults together: actively parenting adult children is a reality for many families. Dr. Ruth Nemzoff--a leading expert in family dynamics--empowers parents to create close relationships with their adult children, while respecting their independence. Based on personal stories as well as advice that she has accrued from years of coaching, this lively and readable book shows parents how to: -communicate at long distances -discuss financial issues without using money as a form of control -speak up when disapproving of an adult child's partner or childrearing practices -handle adult children's career choices or other midlife changes -navigate an adult child's interreligious, interracial or same sex relationships No other book treats the challenges of parent and adult offspring relationships as part and parcel of a healthy family dynamic. This practical lessons of Don't Bite Your Tongue will help parents play a vital and positive role in their children's lives.

Celebrating Grandmothers: Grandmothers Talk about Their Lives

This book is about the views and experiences of grandmothers, as told by grandmothers themselves. Their individual voices, perspectives and stories invite readers into both their day-to-day lives and their inner - often unspoken - thoughts. They talk about their love of spending time with their grandchildren, how being a grandmother is different from being a mother, and how becoming a grandmother affects the way they see themselves. The grandmothers range in age from mid-40s to late 80s and cover ten nationalities and differing social circumstances. The book is full of joy, wisdom and some sadness from those grandmothers with little access to their grandchildren due to distance or difficult relations within the family. Although not initially intended to offer advice, readers will take away many good ideas from what grandmothers have to say. 'very interesting, and heart-warming' Jane Fearnley-Whittingstall author of *The Good Granny Guide*: or how to be a modern grandmother about the author Ann Richardson is a writer and researcher. She has written two previous books in a narrative style: *Wise Before their Time*: People with AIDS and HIV talk about their lives and *Life in a Hospice*: reflections on caring for the dying. She lives in London and is the grandmother of two boys.

Grandma's Bones - Resilience - The Sequel

About the Book Failure to remember our past mistakes may lead us to repeat them as history repeats itself over time. Resilience attempts to capture today's most striking events and contrast them with historical events that may not have been recorded in our history books. By recounting challenges of history and of her own past, author Sylvia R. Moore hopes to inspire her immediate circle of loved ones in years to come. Resilience is the second in a series of planned novels to be created around personal testimonies, reflections, and the author's life experiences as well as the lives characterized in the original Grandma's Bones novel. A firm believer in God, the author also includes faith-based and inspirational insights for encouragement throughout the novel. About the Author Sylvia R. Moore is a certified artist and enjoys writing as a professional hobby. She earned a diploma of completion in the Fundamentals of Art curriculum from the Art Instruction School of Minneapolis, Minnesota. Sylvia is also a graduate with honors and a Degree in Business Administration from Strayer University. Within her immediate family of siblings, Sylvia is the first-ever published author. She is also a small business owner and president of her own company, The Carmen N. White Self-Help and Empowerment Organization LLC. After thirty-two years with USAID, Sylvia retired from Federal service in 2013 and began work on the Grandma's Bones series. In retirement, her primary focus has been her family. Losing so many of her close relationships in recent years has given Sylvia an inward posture as Sylvia celebrates life with her beloved, immediate circle of family including her daughter, granddaughters and grandsons, her great granddaughter, siblings, sisters-daughters-and sons-in-law, as well as a host of stepsons, stepdaughters, and other extended family members and friends who are described in the book.

Grandma'S Cookbook Revisited

The setting is New England in the Sixties. Life was different then. This story revolves around one family, especially the woman everyone called Grandma. She was a wonderful and multi-talented lady. She always had the right answers. This is the author's story, but it is Grandma's story too. He asked her once if a movie director career had merit. She advised him to write a unique book first and remarked, "Surely with over 17 years of formal education, you can write an interesting story." The author responded that most of his knowledge involves guns, reloading bullets, and ballistics. But write a book he did.

Packing Grandma's China

Somewhere along the way in life, you start to listen to that little voice. We are all on this journey together, growing, learning, and changing. As I stood in the kitchen of my dream home, looking out on the still

water of the pond, I cried. Warm, salty tears streamed down my face as I told myself I could do this. "Just start with one box; don't get overwhelmed. Pack one box; stay focused." I started packing Grandma's china first. As I packed the china set, a flood of memories came of the countless times I had carefully wrapped up each piece and placed them into the box. It was at that moment that I decided to write about this beautiful set of china, all the experiences and lessons I have learned along my journey. It is through my grandmother's journey that I have found my own strength and freedom. Twenty years and thirteen moves later, the china is the only set of dishes I own. When was the last time you used your china? What are you waiting for? Don't leave it locked up, waiting for a special occasion. Make today the special occasion you have been waiting for. In loving memory of my Grandma, Veronica Billetz (January 13, 1922-December 13, 2009)

A Generational Memoir Saving Grandma

Author Joan Berry continues to write about her Appalachian roots in *Saving Grandma* in which she clears her grandmother from accusations of murder. 'My grandmother lived her entire life under the suspicion of her in-laws, and those whom they influenced within her own family, that she had killed her infant son. Her heart was broken, her life ruined when her beloved husband, Mennis Shelby Adkins, inadvertently started the rumor from which she never fully covered. This is the story of four generations of women in a direct line of descent who were caught up in a repeating chain of events that began one generation prior to that awful day, September 21, 1927.'

The Grandma Force

Becoming the grandmother of twins changed Harriet Hodgson and altered her life course. According to Hodgson, we live in a fast-paced, complex time, a time when too many grandchildren are victims of bullying, Internet scams, and sexual abuse. Hodgson believes that grandmothers are needed today more than any other time in history. "Grandmas can't be passive," she declares. "Every grandma has the power to protect and guide her grandchildren and needs to tap this power." This narrative weaves Hodgson's personal story with research findings. It's packed with ideas for helping grandchildren. Hodgson's age, child development degree, life experience, teaching experience, witness to history, and extensive research converge to make this an inspiring read. Working individually and together, grandmas are changing the world. "The Grandma Force is about the power of love and the power of one." Hodgson says. "One-by-one, grandmas are standing up for grandchildren and creating a hopeful future for them."

My Last Name Is Grandma

When my Husband and I became Grandparents, we were surprised at the uncontrollable and endless flow of love and affection we felt for our Grandchildren. It was a feeling that seemed to equal, or surpass the feelings we had for our children when they were growing up (sorry kids). But we soon found that while the love seemed to be as equal, expressing it was different. My maternal Grandmother displayed that same kind of endless flow of love for her grand kids. I knew her as Granny, and I believe she was the litmus test, the gold standard for all Grandmothers. She showered all of her grand kids with unconditional love, and made each of us feel as if we were the most important person in the world. I knew Granny as Granny, and I am sure that I didn't learn her last name until I was much older. To me her name could have been Granny, No Middle Initial, Granny, because to us it was about the way she made us feel, and how we felt about her, and the name Granny was all we needed to know. My grand kids call me Grandma, and for the longest time, that was my first and last name to them, and I didn't mind at all.

Debra's Gifts

Mother's Statement: This book is about our experience with my daughter Debra's walk with cancer. It is every mother's nightmare — losing a child. It began the first day my daughter was diagnosed. Never did I consider the possibility that my diary would serve any purpose other than to try to understand the mystery and confusions, or lack of information, or misinformation during her treatments; also our hopes, disappointments, the roller-coaster of emotions, and the confusing medications. We have never been able to verify her treatments, as after numerous requests, we were not given Debra's medical records.

Grandma's Baseball Card

Wrigley Field, home of the Chicago Cubs, is also home to some of the world's most devoted baseball fans. Marshall Braynard and his sister, Jane, are two of those devoted fans. They love watching baseball games from the best seats in the stadium, the bleachers. In the bottom of the ninth inning, Marshall catches the game-winning home run baseball. This catch sets in motion a series of events, which leads Marshall and Jane on a search for a missing Ernie Banks baseball card. Join this high-energy brother and sister team as they tear things apart, humiliate each other, and in the end, work together to acquire a common goal.

Grandma Stays in the Heart Forever

Even though Emma knows that her grandmother has bad stomach cancer and will die from it, she wants to do anything to help her Grandma. So, she tries to convince the doctors to make Grandma healthy again, to persuade Grandma to have chemotherapy done, and to invent her own medication. When Emma sees that none of this helps, she tries unsuccessfully to scold the cancer. As a last resort to help Grandma, Emma tries to reconcile with cancer and be nice to "him." When the cancer does not go away, Emma has to realize that it is time to say goodbye to her beloved Grandma. Together Emma and her grandmother remember all the wonderful days they spent together.

Grandma's Gleanings

Grandma's Gleanings are the result of many years of journaling done by Joyce Pomp during her "quiet time" with the Lord. She is a pastor's wife, mother, grandmother, and great-grandmother. The devotionals are saturated with God's Word; they are also intended to bring you into a special relationship with our Father God, not a "plastic, must-do" religious activity. Grandma Joyce was encouraged to compile her writings into a yearly devotion book. Individuals who have had the opportunity to read Gleanings have told her how the true anecdotes/incidents have touched a specific need in their life as they read an entry for the day. Come to know God loves you. Come to know true joy in your life. Know that God still performs miracles today. Be assured: The joy of the Lord is your strength. You will be challenged. You will be blessed.

Grandma, I Lost the Pass Code to My Brain!

"Grandma, I Lost the Pass Code to My Brain (and God is not helping me)! These are the exact words my six-year-old granddaughter said to me at the end of a really bad day. She was feeling disconnected from who she was and what she was capable of achieving at that moment in her life. She had lost her sense of ease within herself. Fortunately, through my experience teaching in public schools for 30 years, taking a wide variety of classes, and starting a business focusing on fun ways to learn about yourself—I knew what to say to her. My granddaughter is not alone. Many of us can feel lost or overwhelmed by daily events. It is time to share what I've learned with other caretakers of today's children: parents, teachers, and leaders. In this book, the Nine Keys for Better Tomorrows help address issues that keep children and adults from reaching their potential, achieving their purpose, and finding fulfillment in life. You will learn how to: *Raise your listening, thought, emotion and energy INTELLIGENCES. *Build self-esteem, stop invalidation, and know you matter. *Uncover your (and your children's) self-preferences through the science of numbers using birth dates and given names at birth. *Find out about the seasons of life through the Nine Year Cycle theory. *Learn from natural teachers: animals, fairy tales, cultural characters, color, and planets—so you, too, can build better tomorrows.

Grandma's Snowy Mountain Adventures

A panic had taken over the country and left everyone in a national financial depression. Money was very short and people were not spending as they had been. The opportunists had packed up and left the Tacoma area and the population fell as thousands of people left to find work elsewhere. John was very sick and worried about what would happen to Jane and the kids. After much thinking and worrying,

he contacted his brother in Montana, a wealthy sheep rancher, and his mother and sister. He had many acres for the kids to grow and roam on. After the exchange of letters, Ed was happy to take Jane and the family under his wing and help her out as much as he could. With this done, John made all necessary plans.

Rocking It Grand

Grandma—You Can Be a Game-Changer for Generations to Come. Today's grandmas live in an ever-changing, fast-paced, highly-competitive, busier-than-ever world. We struggle with balance as we help our children manage theirs—grandbabies, work, exercise, staying healthy, and leading our growing families. Chrys Howard and Shellie Tomlinson have more than 20 (as of now) grandchildren between the ages of newborn to 30 years old. Together they inspire grandmas with personal stories, learned insight, relevant Scripture, and a few laughs to encourage new and seasoned grandmas to press on. Rocking It Grand includes four, easy-to-remember R's in each of the 18 devotions: Remember it is a scripture passage to absorb; Read about it is a personal message from Chrys or Shellie; Reflect on it is a quote to highlight their message; and Rock it provides an action step to reinforce the topic. Become more confident and intentional with your grandchildren, your adult children, and their spouses; more grounded in your faith; and ready to rock your role as the best grandparent you can be.

Grandma Rules

A response to all those grandmother books with flowers and puppies on the cover, Grandma Rules is a book for the hip, baby boomer grandma who realizes that after all the work she put into her own kids, she can take a break and have fun with her grandkids. A perfect gift for the greatest grandmothers you know, this book is laugh out loud funny while offering useful insights and tips on how to embrace the world's greatest job.

Raising Our Children, Raising Ourselves

[This title] operates on the radical premise that neither child nor parent must dominate. -- Review.

If You Had Listened to Grandma, You Wouldn'T Need a Shrink!

Put your feet up, put on your favorite music, and enjoy! Learn effective life skills without psychobabble! The book is humorous, easy to understand yet very profound in its teaching of personal growth. The book is divided into concepts that are broken down into sayings that the authors grandmother used to teach her about life. Grandma gave advice that was simple, effective, and easy to understand. She enlightened, provided wisdom, nurtured, and loved unconditionally. The teachings are meant to unleash the power that lives within you. Concepts such as love, relationships, boundaries, conflict, and goal setting, to mention just a few, are conveyed through to words of grandma. The book is an enjoyable read that brings back the nostalgia of days long ago. By the end of the book the authors grandmother will become your grandmother too. You will be able to touch, feel, and hear her. You will also be able to taste her chopped liver and smell her chicken soup. Above all, you will be able to pass down her wisdom to your own loved ones.

What'S a Grandma to Do?

There are few joys in life that can equal walking into a house and into the open arms of happily squealing grandchildren. Just being with them is fun, but how much more so when there is a plan for some activity together, such as Taking Mystery Pictures, Nature Walk, Turkey Necklace, Learning Magic Tricks, Inventing an Animal, its Purple Day. And more. Activities like these leave an imprint on

the minds of grandchildren that in years to come will bring back fond memories. They will once again feel the love and joy of being with Grandma.

Does the Woman of My Dreams Exist?

Does the Woman of My Dreams exist? This is the question that I am asking the universe as I write my second book. I doubted the existence of the woman of my dreams when I started to write my second book. I doubted her existence because of how cruel the rest of the world could be to someone with social anxiety. I thought my years of being bullied were over before the writing of my second book. Then the bullying started all over again after I was somehow able to find the courage to let one of my angels know how I felt about her. This vilification led me into another pit of darkness. It had me believing it was wrong to love beautiful women. Yet my love for beautiful women was also the only thing to keep me alive.

Please Pass Grandma's Leg

An 11 year-old diabetic boy catches his wacky grandma showing off her articial leg at the mall. Later he and his bad mannered beagle work together to discover where lunchroom food has been disappearing, therefore removing all accusations from a friend's mother, the lunchroom manager.

The Wonky Donkey

While walking down the road, the narrator sees a donkey that he shares more about as the story progresses.

Let's Read Together

Let's Read Together focuses on how the vowels sound when they are combined with other letters. There are over 320 words to learn in the entire 13 books of the "A" series, many of them are also parts of larger words. The AX words book (the ninth book in the series) introduces 9 AX based words. Pictures and sentences are included to help the reader understand the meaning of the words. These books can be used alone or can be combined with dvds that serve as a pronunciation guide. The dvds also provide rhythmic chants that help with vocal pacing and character recognition. Two dvds are available for the A series: BASIC Words and BONUS Words. Information on how to use these materials is available on Grandma's website, along with many free "learn to read" resources. MORE reading games, activities, and resources are available free on the mygrandmatime website. You just need to print them to use them. This "A series" precedes Grandma's "E" series.
