A fortieth anniversary is an occasion to be marked under any circumstances, especially when it concerns a discovery as significant as that of the Dead Sea Scrolls. The proper way to mark this occasion was to organize a symposium that would be as comprehensive as possible, both in content and in variety of approaches, and which would be held in the land of the Scrolls. The papers here reflect not only the variety and richness of subjects treated by contemporary research on Qumran, but also its international character. Since the study of texts remains the first task of the Qumran scholar many of the collection's papers belong to its first section — Texts and Text Studies. The other six sections are: The History of the Qumran Community, Halakha at Qumran, Qumran and the Hebrew Bible, Qumran and the New Testament and The Hebrew of the Dead Sea Scrolls.

Both theoretically informed and empirically rich, Youth Urban Worlds explores how urban cultures affect political action amongst youth. Argues that urban cultures challenge the very meaning and contours of the political process Includes ethnographies, delving into the perspectives and knowledges of racialized youth, urban farmers, and “voluntary risk takers,” like dumpster divers, building climbers, and student protestors Theorizes that aesthetics are an increasingly crucial form of political action in the contemporary urban setting and explains the impact of aesthetics on the political Examines the centrality of fun, warmth, aesthetics, and embodiment to these youth's experience of being in the world Explains how youth are able to practically and concretely impact the political process through the performance of risky and disruptive behavior

Alien Sons of God? Michael Heiser Explains the Divine Council of the Elohim - Alien Sons of God?

Michael Heiser Explains the Divine Council of the Elohim by TruthSeekah 15,982 views 5 days ago

10 minutes, 22 seconds - Michael Heiser delves into the biblical concept of aliens and the Divine

Council, presenting it as an assembly of celestial beings, ...

Introduction to the Divine Council: Dr. Michael Heiser discusses extraterrestrial beings known as the Divine Council of the Elohim, pondering why their existence is often omitted in church teachings and suggesting that there may be efforts to suppress this information.

The Divine Council of Elohim and Aliens: Heiser highlights Deuteronomy 32, which he considers crucial for understanding the biblical worldview. This passage describes how, following the Tower of Babel event, God allocated nations under the stewardship of different celestial divine beings, labeled as "sons of God or Aliens".

The Tower of Babel The UFO Connection: The narrative connects to the Tower of Babel, explaining that in response to humanity's disobedience and possibly try to build a launch pad for UFOs, God decided to divide them, assigning each nation to the care of these extraterrestrial entities.

Establishment of New Extraterrestrials : Following the division, God chooses Abraham to start a new lineage, intending to create a people who would be directly under His guidance, contrasting with the nations overseen by other celestial Extraterrestrials.

Cosmic Governance and Israel's Role: Heiser discusses the expectation for these extraterrestrial entities to govern righteously, akin to their creator, and the failure leading to corruption. Israel was envisioned as a beacon for other nations, guiding them back to the divine, a plan that became increasingly complicated over time, hence all the major UFO sightings.
