The Romantic Love Question & Answer Book

From the Introduction: "Love. Romance. Sex. From the imaginative lover to the imaginary one, our imaginations play central role in our love lives. Pity the person who believes there exists no connection between the heart and the imagination, or pity their lover, anyway. From the first time we begin to discover there's a thing called love—tumultuous, chaotic, confusing, frightfully powerful, and stunningly joyous—we begin to imagine what might be if . . . And as long as we are able to love (in other words, as long as we are alive), our imaginations help us through it, fill in the gaps, make us hopeful, steel our nerves, augment our romantic ideas, protect our humility, guide our actions, and help keep things interesting. Would we dare enter into love otherwise? Yet as wonderful and wrenching as romantic love can be, it remains startlingly incomprehensible, and the mysteries of our own hearts tantalize us. Can we know more? Are we meant to? Ask yourself some of these questions, and ask those you love, or would like to. Where will they take you? What will they reveal? Do you have the courage to answer? Be prepared for anything. And always, always, treasure the game of love. We would like to add that some of the following questions are rather direct, and personal, and not everyone will choose to ponder them, but in no case do we intend offense."

If..., Volume 3

Quiz for Lovers - Romantic Games for Couples

To get the best answer-in business, in life-you have to ask the best possible question. Innovation expert Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new outlook on life. It is the ability to question-and to do so deeply, imaginatively, and "beautifully." In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from "How can I adapt my career in a time of constant change?" to "How can I step back from the daily rush and figure out what really makes me happy?" By showing how to approach questioning with an open, curious mind and a willingness to work through a series of "Why," "What if," and "How" queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.

A More Beautiful Question

Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called A Love Language Minute that can be heard on more than 150 radio stations as well as the weekly syndicated program Building Relationships with Gary Chapman, which can both be heard on fivelovelanguages.com. The Five Love Languages is a consistent New York Times bestseller - with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running!

The Five Love Languages

An exploration of human behavior examines the innate aspects of love, sex, and marriage, discussing flirting behavior, courting postures, the brain chemistry of attraction, divorce and adultery in societies around the world, and more. Reprint.

Anatomy of Love

They say it takes 28 Questions to fall in love. Then what? 'Funny, clever, sad without self-pity, and with an uplift that is the writing itself' Jeanette Winterson 'If it's an addictive read you're after, consider this your next stop.' Stylist 'An intensely beautiful cleverly layered story of young queer love. An intense but entertaining read. Highly recommend.' Juno Roche A queer When Harry Met Sally for the Sally Rooney Generation 'Reader, imagine yielding to someone with a power so strong she has the ability to slice time. Before. Her. After.' When first-year music student Amalia stumbles into her Oxford college bar, she has no idea that everything is about to change. Seated across from her is Alex, a velvety-voiced fellow Australian with eyes the colour of her native sky. They strike up a friendship that is immediate - its intensity both thrilling and terrifying. As the days and weeks go by, they spend more and more time together: philosophising, hypothesising, questioning everything. There is nothing they cannot talk about, except the one thing that matters most. Dare they risk a romantic entanglement if it threatens this most perfect of friendships? Set across four years and five cities, and suffused with music, literature, art, dance, sex, and the exquisite pain and pleasure of first love, 28 Questions is a passionate and unforgettable first novel about love in all its guises, growing up, and figuring out who you are along the way.

Steve Brass is the success behind this book. After a number of dead end relationships, he began writing Love Match. That's when he met and married the love of his life. You can too. Love Match gets to the core of a relationship by defining and exploring 50 Questions within the Five Pillars of Compatibility: * Chemistry * Cash * Communication * Caring * Commitment Each pillar provides the key questions for every person who is in a relationship or who wants to be in a long-lasting relationship. Steve identified the Five Pillars and developed the 50 Questions while interviewing over one hundred people - single and in all types of relationships. Steve illustrates each section with stories from these interviews as well as his own life. The 50 Questions presented in Love Match provide a refreshing, practical approach to examining romantic relationships. While they were dating, Steve and the woman who is now his wife,

explored each and every question. The experience Steve gained in his interviews, together with the Five Pillars of Compatibility, helped them get to the core of their relationship. Steve and his wife are happily married and continue to ask each other questions.

Question of Love

Romantic love presents some of life's most challenging questions. Can we choose who to love? Is romantic love rational? Can we love more than one person at a time? And can we make ourselves fall out of love? In *On Romantic Love*, Berit Brogaard attempts to get to the bottom of love's many contradictions. This short book, informed by both historical and cutting edge philosophy, psychology, and neuroscience, combines a new theory of romantic love with entertaining anecdotes from real life and accessible explanations of the neuroscience underlying our wildest passions. Against the grain, Brogaard argues that love is an emotion; that it can be, at turns, both rational and irrational; and that it can be manifested in degrees. We can love one person more than another and we can love a person a little or a lot or not at all. And love isn't even always something we consciously feel. However, love -- like other emotions, both conscious and not -- is subject to rational control, and falling in or out of it can be a deliberate choice. This engaging and innovative look at a universal topic, featuring original line drawings by illustrator Gareth Southwell, illuminates the processes behind heartbreak, obsession, jealousy, attachment, and more.

Couple Quiz

This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span, rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations. Félix

Fun Questions with Love

The Forgiving Life offers scientifically supported guidance to help people forgive those in their lives who have acted unfairly and have inflicted emotional hurt. It does not minimize the devastation of that hurt. It does not require reconciliation with the one who inflicted the hurt. Rather, it describes a process, followed with success by people around the world, to confront the pain, rise above it to forgive, and in so doing, to loosen the grip of depression, anger, and resentment that has soured life. In this book, noted forgiveness expert Robert D. Enright invites readers to learn the benefits of forgiveness and to embark on a path of forgiveness, leaving behind a legacy of love. Guided by thought-provoking questions, journaling exercises, and Enright's kind encouragement, readers can chart their own journey through a new life of forgiveness.

Does what's in your bathroom or on your desk reveal what's on your mind? What's the best way to find out what your partner is really like? For ten years, ingenious academic Sam Gosling has been studying how people project (and protect) their inner selves. Full of cutting-edge research, Snoop will sharpen your perception of others, as well as of yourself. Amazingly, and perhaps alarmingly, Gosling proves that what we own and how we act can inadvertently reveal more about our personalities than even our most intimate conversations.

The Love Test

"Susan Piver consistently offers what so many of us seek: A generous, caring, loving teacher, someone with an open heart and a clear mind, eager to help us find our own way forward." —Seth Godin, author of *Linchpin* Broken hearts, resentment, affairs, divorce. Why is it so hard to make relationships work? New York Times bestselling author and mindfulness expert Susan Piver applies classic Buddhist wisdom to modern romance, including her own long-term relationship, to show that ancient philosophies have timeless—and unexpected—wisdom on how to love. The Four Noble Truths of Love will challenge the expectations you have about dating, sex, and romance, liberating you from the habits, traumas, and expectations that have been holding back your relationships. This mindful approach toward love will help you open your heart fearlessly, deepen communications with your partner, increase your compassion and resilience, and lead you toward a path of true happiness. Eight Dates

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love." —Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

Valentine's Day Trivia Challenge

This research study explores the interlinkages of three major themes, namely transcultural romantic love relationships (TRLRs), sense of coherence (SOC), and identity development (ID) in individuals who are presently involved in romantic love relationships (RLR) with partners from different cultural or ethnic backgrounds. The study uses a qualitative research design within the hermeneutical interpretative research paradigm, aiming to understand the interlinkages of TRLR, SOC, and ID. Based on purposive and snowball sampling techniques, the study includes 22 participants (12 female and 10 male) between 23 and 68 years of age, from 14 different (self-defined) cultural backgrounds. At the time of the interview, participants had been in TRLRs for at least 6 months to a maximum of 26 years. Data were collected through semi-structured interviews and analysed through content analysis. Qualitative quality criteria and ethical considerations were applied. The findings show that TRLRs are firmly based on relationship qualities, strong feelings, common actions, spirituality, and future orientation. Further, the findings present clear interlinkages between TRLR and SOC, contributing positively to meaningfulness, manageability, and comprehensibility. Finally, TRLRs support SOC on intrapersonal, cultural, and interpersonal levels. In addition, they influence the development of identity awareness, actions, feelings, and sexual SOC. Conclusions, limitations, and recommendations for theory and practice are provided.

Hand In Hand - 30 Questions You Can Ask Your Romantic Partner In Order To Build A Healthy Relationship

Unanswered Questions is a romantic fiction that depicts the modern day scenario of love stories. The present generation just rush into relationships with a motto to get committed. After a certain time, they regret being into the wrong relationship. Relationships have become the trial rooms. We tend to fall in and out of love too fast that we just don't feel love anymore. Unanswered Questions highlights one such story. Swastik, Karuna and Saanjh are the main characters of the story. Friends, best friends and lovers were three different terms earlier. Today there is very thin line among these three. People hop according to their choices and needs. Well, this is a matter of choice but today we are missing out on experiencing the purest feeling. Love is much more than just I LOVE YOU. Moving on is okay but when you really fall for the one you would not be able to move on, no matter how hard you try. Love needs to be felt but the people are trying to impose and cage love. Find the answers within yourself. With Unanswered Questions, you will know that true love never fades away and the forced relationship can never stay the same.

UNANSWERED QUESTIONS

This volume is the result of a thorough exploration of contemporary conceptions of romantic love from different points of view. Beginning with an initial text where the meanings of romantic love are discussed theoretically and historically, the contributions gathered here present current discussions about love in the present day and in different geographical contexts that range from Hungary to Italy or Spain. The first part of the book is devoted to the analysis of mobilities for the sake of love as a result of globalization. These mobilities are analysed in relation to love ideals, to gender equality and to online searches for the ideal partners. The second part of the book deals with the exploration of different imaginaries of love in

particular geographical contexts. The topics dealt with here include love as sickness, love and violence, love ideals for men engaged in gender equality and love ideals for those who engage in cross-dressing practices. In the third part, writing about and for love is addressed. Love writings to the beloved dead, teenage girls' blogs and bestsellers such as *Fifty Shades of Grey* are discussed in particular detail. This book addresses current conceptions of romantic love in different social groups through different practices and in different countries, and shows that, despite the variability of discourses, experiences and practices related to love, a number of ideas of what love should be like – related to the Western ideals of romantic love – persist in all these contexts. The contributions to this volume are derived from extensive fieldwork and ethnographic research, and will be of undoubted interest for the academic milieu. However, given the topic it deals with, the book will also appeal to the general public, who will find in these pages many 'love stories' derived from the detailed study of the society which we inhabit and the ideals of love that we breathe.

Shorty Fell In Love With A Dope Boy 3

"Goodbyes hurt the most, when the story was not finished." At a time where Kiarra should be celebrating the life she created, she was forced to mourn a life that was lost. Deontae's death came as a shock to everyone, and it turned Kiarra's life upside down. When she found out who was the cause behind her pain, it starts a war in the city that no one was prepared for, especially Church. After the smoke clears around her, can Kiarra put the pieces of her life back together, or will the heartbreak be too much for her to bear? After living in a nightmare for years, Kodi didn't think she could get away from her abusive situation until she finally broke free. Moving on, she's determined to put herself first, and straying away from love, until she met Gerald. Gerald showed Kodi how a queen should be treated, and nothing could make her come down from the high she got from being with him; not even her strained relationship with her mother. Can Kodi and her mother hash out their differences? Or does their heart to heart prove that sometimes it's better to love a person from a distance? "Fool me once, your loss, end of story." Lauren has never been the one to give second chances, and after Banks showed that he couldn't be trusted, he found out first hand just how unforgiving she was. Lauren swore she was done with relationships, and the headaches that they bring, until Adonis came along, and refused to stay in the friend zone. Will Lauren be receptive to a new love, or did her past ruin it for the future? Find out in the pages of this highly anticipated finale of Shorty Fell In Love With A Dope Boy.

She Fell in Love with a Dope Boy 4

Part three of She Fell in love with a Dope boy ended in tragedy. Ryann had been struck by a vehicle and Cassim was being charged with a crime he did not commit. The fear of the unknown had Cassim near the brink of insanity. Who had lied on him? How was Ryann? Would she pull through? And if she did pull through, would he be able to move past the heartbreak of her abortion? With Cassim locked up, and Ryann in a coma, life seemed unfair. Neither of the two could catch a break. Little did Ryann know though, she was fighting for the life of two. In the midst of turmoil typically lies betrayal, and unbeknownst to Ryann the people closest to her were the cause of her pain. In the finale of She Fell in Love with a Dope Boy questions will be answered, jaws will drop, and hearts will break. Through it all, will the love shared between Ryann and Cassim survive?

She Fell in Love with a Dope Boy 2

It was no secret that Ryann was infatuated with Cassim. After all, she did take a gun charge for him. In the midst of falling for a dope boy, her relationship with Dinero had begun to suffer. Ryann, with intentions to finally leave him, finds out that it won't be as easy as she had hoped. Trust didn't come easy for Cass, so the moment he found out that it was Ryann creeping through the bushes, it enraged him to a level he thought he could never come down from. On top of that, the FEDs had infiltrated his organization and someone was snitching. With so many people in his camp, it was hard to narrow it down to who was stupid enough to go against the grain. In part two of She Fell in love with a Dope boy, snakes come out of the grass, hearts break, tempers flare, and blood will be shed. But, through it all, will the love between Ryann and Cassim finally blossom? Find out how it all unfolds in this jaw dropping sequel.

She Fell in Love with a Dope Boy

Ryann is indeed a different breed of woman. Confident, sultry, and ambitious, you couldn't tell her she wasn't the hottest thing to ever stomp the cold streets of Detroit. Her slick mouth and fiesty attitude had always gotten her into trouble, but with her .380 faithfully by her side and a pack of shooters not too far behind, she was a force to be reckoned with. Although she was headstrong, there was a softness that could only be accessed by true love, lying dormant in her soul, awaiting awakening. But Ryann didn't think she could love anything more than she loved photography. After many failed relationships, she began to believe that capturing life's most precious moments was her only true love. That changes when, Cassim - the sexy, chocolate, six foot one, dreaded, inked up, beast of a man - is caught in her crosshairs. She's smitten, and attraction quickly becomes addiction. Growing up dirt poor, in the system, abandoned by a crackhead mother whose only concern was getting high, had its way of molding a child into a cold-hearted killer of a man. Later in life, Cassim learns to mask his deep-rooted issues with power... Issues that are often taken out on his unlucky victims. Like Ryann, he too has a softness lying dormant in his soul. But Cassim, with the poise of a God, was a dope boy who had the streets on lock, and being soft would do nothing for his reputation. Unintentionally, he finds himself falling for the caramel complected beauty as she had fallen for him. What happens when two souls blindly in search of love collide? Will love flourish? Or will the world around them get in the way of what could ultimately be a beautiful union? Find out how it all unfolds between the pages of She Fell in love With a Dope Boy.

Danyea and his boys were there through it all as well, although Danyea had his own drama. Something Gross

"This genre-defying account (novel? narrative poem?) of the troubled love of a young man for an emotionally stunted older one in the bars and apartments of megalopolitan Denver is written with such a spooking purity of line and with such an audaciously stark, grave wisdom that it already feels like a classic of its kind. Big Bruiser Dope Boy's undecorated, indecorous sentences cut right through you and into the soul you might not have even known you still had. Something Gross is his most triumphant book yet. You are sure to wish you had written it." -Garielle Lutz

Short Stories

"An engaging account about the way unhealthy entanglements can affect an actor's life.." - Kirkus Reviews The life of actor/choreographer/musician Columbus Short has been punctuated with trauma that extends well beyond the plot lines of his previous role on the hit series Scandal. Short has lived many lives packed into one-from a family filled with turmoil to tumultuous love affairs and enough scandals of his own. But somewhere in the middle, Short's realization that there has to be a better way comes into full view. "Short Stories" not only details Columbus Short's journey from childhood to Hollywood, it shows how even the most checkered of pasts can create a different person with the right amount of will and drive, especially when it comes to fulfilling your true destiny.

Encyclopedia of American Short Films, 1926-1959

Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a "filler" in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.

The main thing on her agenda is her brother's best friend, Dallas. Dallas is a local dope boy who all the chicks in the hood wanted. Danielle was the furthest thing from his mind until she started demanding attention. Throwing herself at him in public was only the half, she also had some tricks up her sleeves behind closed doors too. Drama, lies, and betrayal are enough to call it quits in this fast life, but when you have hood dreams, you'll take on just about anything to get your piece of the pie.

Bernard Malamud

Philip Davis tells the story of Bernard Malamud (1914-1986), the self-made son of poor Jewish immigrants who went on to become one of the foremost novelists and short-story writers of the post-war period. The time is ripe for a revival of interest in a man who at the peak of his success stood alongside Saul Bellow and Philip Roth in the ranks of Jewish American writers. Nothing came easily to Malamud: his family was poor, his mother probably committed suicide when Malamud was 14, and his younger brother inherited her schizophrenia. Malamud did everything the second time round - re-using his life in his writing, even as he revised draft after draft. Davis's meticulous biography shows all that it meant for this man to be a writer in terms of both the uses of and the costs to his own life. It also restores Bernard Malamud's literary reputation as one of the great original voices of his generation, a writer of superb subtlety and clarity. *Bernard Malamud: A Writer's Life* benefits from Philip Davis's exclusive interviews with family, friends, and colleagues, unfettered access to private journals and letters, and detailed analysis of Malamud's working methods through the examination of hitherto unresearched manuscripts. It is very much a writer's life. It is also the story of a struggling emotional man, using an extraordinary but long-worked-for gift, in order to give meaning to ordinary human life.

Eudora Welty, Andre Debus, Zora Neal Hurston, Anne Beattie, Bharati Mukherjee, J. D. Salinger, and Jamaica Kincaid, as well as engaging pieces on the promising new writers to come on the scene.

The Real Dope Boyz of South Central

"Short Stories and Novellas" is an experiment in form and structure that seeks to glean beauty and continuity out of the rhythms inherent in the patterns of our unique and individual experiences and methods of finding understanding in what we read. The short stories and novellas could be the lives of the lovers that the distinctive voice of what could be a narrator-- or not-- patterns into songlike rhythms or they could represent a hint as to how we are to understand this work of fiction and ultimately the varying experiences composing our own lives. Whether "Short Stories and Novellas" is Fiction, Memoir, Philosophy, or Religion seems to matter less than that it is a poetic effort. And as such we are at a point where we can either entirely dismiss such efforts at turning our worlds upside down or we can submit to the quest put forward of letting beauty finally speak for itself in the midst of chaos.

"A vibrant memoir of race, violence, family, and manhood...a virtuosic wail of a book" (The Boston Globe), *Survival Math* calculates how award-winning author Mitchell S. Jackson survived the Portland, Oregon, of his youth. This "spellbinding" (NPR) book explores gangs and guns, near-death experiences, sex work, masculinity, composite fathers, the concept of "hustle," and the destructive power of addiction—all framed within the story of Mitchell Jackson, his family, and his community. Lauded for its breathtaking pace, its tender portrayals, its stark candor, and its luminous style, *Survival Math* reveals on every page the searching intellect and originality of its author. The primary narrative, focused on understanding the antecedents of Jackson's family's experience, is complemented by survivor files, which feature photographs and riveting short narratives of several of Jackson's male relatives. "A vulnerable, sobering look at Jackson's life and beyond, in all its tragedies, burdens, and faults" (San Francisco Chronicle), the sum of *Survival Math's* parts is a highly original whole, one that reflects on the exigencies—over generations—that have shaped the lives of so many disenfranchised Americans. "Both poetic and brutally honest" (Salon), Mitchell S. Jackson's nonfiction debut is as essential as it is beautiful, as real as it is artful, a singular achievement, not to be missed.
