The Thing Invisible

I Had Brought with Me the Slide Which Contained the Plate That I'D Use Flashlight and As Soon as I Was Ready I Set To Work To Develop yet It Was Not the Plate Which I Had Exposed that I First Put into the Solution but the Second Plate Which Had Been Ready in the Camera during All the Time of My Waiting in the Darkness You See the Lens Had Been Uncapped All that While so that the Whole Chancel Had Been as It Were under Observation You all Know Something of My Experiments in Lightless Photography That Is Appreciating Light It Was X-Ray Work That Started Me in that Direction

So that the Whole Chancel Had Been as It Were under Observation You all Know Something of My Experiments in Lightless Photography That Is Appreciating Light It Was X-Ray Work That Started Me in that Direction yet You Must Understand Who I Was Attempting To Develop this Unexposed Plate I Had no Definite Idea of Results Nothing More than a Vague Hope that It Might Show Me Something Yet because of the Possibilities It Was with the Most Intense and Absorbing Interest That I Watched the Plate under the Action of the Developer

Nothing More than a Vague Hope that It Might Show Me Something Yet because of the Possibilities It Was with the Most Intense and Absorbing Interest That I Watched the Plate under the Action of the Developer Presently I Saw a Faint Smudge of Black Appear in the Upper Part and after that Others Indistinct and Wavering of Outline I Held the Negative up to the Light the Marks Were Rather Small and Were Almost Entirely Confined to One End of the Plate but as I Have Said Lacked Definiteness Yet Such as They Were They Were Sufficient To Make Me Very Excited

I Saw a Faint Smudge of Black Appear in the Upper Part and after that Others Indistinct and Wavering of Outline I Held the Negative up to the Light the Marks Were Rather Small and Were Almost Entirely Confined to One End of the Plate but as I Have Said Lacked Definiteness Yet Such as They Were They Were Sufficient To Make Me Very Excited and I Shove the Thing Quickly Back into the Solution for some Minutes Further I Watched It Lifting It Out Once or Twice To Make a More Exact Scrutiny but Could Not Imagine What the Markings Might Represent until Suddenly It Occurred to Me but in One of Two Places They Certainly Had Shape Suggestive of a Cross Hilted Dagger yet the Shapes Were Sufficiently Indefinite To Make Me Careful Not To Let Myself Be Over Impressed by the Uncomfortable Resemblance though I Must Confess

But Could Not Imagine What the Markings Might Represent until Suddenly It Occurred to Me but in One of Two Places They Certainly Had Shape Suggestive of a Cross Hilted Dagger yet the Shapes Were Sufficiently Indefinite To Make Me Careful Not To Let Myself Be Over Impressed by the

Uncomfortable Resemblance though I Must Confess the Very Thought Was Sufficient To Set some Thrills Adrift in Me I Carried Development a Little Further Then Put the Negative into the Hypo and Commenced Work upon the Other Plate this Came Up Nicely and Very Soon I Had a Really Decent Negative That Appeared Similar in every Respect except for the Difference of Lighting to the Negative I Had Taken during the Previous Day I Fixed the Plate Then Having Washed both It the Unexposed One for a Few Minutes under the Tap

Negative That Appeared Similar in every Respect except for the Difference of Lighting to the Negative I Had Taken during the Previous Day I Fixed the Plate Then Having Washed both It the Unexposed One for a Few Minutes under the Tap I Put Them into Methylated Spirits for 15 Minutes after Which I Carried Them into the Photographer's Kitchen and Dried Them in the Oven whilst the Two Plates Were Drying the Photographer and I Made an Enlargement from the Negative I Had Taken by Daylight Then We Did the Same with the Two That I Just Developed Washing Them As Quickly as Possible When this Was Done I Took Them to the Window Made a Thorough Examination Commencing with the One That Appeared To Show Shadowy Daggers in Several Places Yet though It Was Now Enlarged I Was Still Unable To Feel Convinced that the Marks Truly Represented Anything Abnormal and because of this I Put It on One Side Determined Not To Let My Imagination Play Too Large a Part in Constructing Weapons out of the Indefinite Outlines I Took Up the Two Other Enlargements both of the Chancel as You Will Remember and Commence To Compare Them for some Minutes I Examine Them without Being Able To Distinguish any Difference in the Scene They Portrayed As You Will Remember and Commence To Compare Them for some Minutes I Examine Them without Being Able To Distinguish any Difference in the Scene They Portrayed and Then Abruptly I Saw Something in Which They Varied in the Second Enlargement the One Made from the Flashlight Negative the Dagger Was Not in Its Sheath Yet I Had Felt Sure It Was There but a Few Minutes before I Took the Photograph after this Discovery I Began To Compare the Two Enlargements in a Very Different Manner from My Previous Scrutiny I Borrowed a Pair of Calipers from the Photographer and with these I Carried Out Her Most Methodical

After this Discovery I Began To Compare the Two Enlargements in a Very Different Manner from My Previous Scrutiny I Borrowed a Pair of Calipers from the Photographer and with these I Carried Out Her Most Methodical and Exact Comparison of the Details Shown in the Two Photographs Suddenly I Came upon Something That Set Me all Tingling with Excitement I through the Calipers Down Paid the Photographer and Walked Out through the Shop into the Street the Three Enlargements I Took with Me Making Them into a Roll as I Went but the Corner of the Street I Had the Luck To Get a Cab and Was Soon Back at the Castle

I Had the Luck To Get a Cab and Was Soon Back at the Castle I Hurried Up to My Room and Put the Photographs Away Then I Went Down To See whether I Could Find Sir Alfred Janek but Mr George Janek Who Met Me Told Me that His Father Was Too Unwell To Rise and Would Prefer that no One Entered the Chapel unless He Were about Young Janek Made a Half Apologetic Excuse for His Father Remarking that Sir Alfred Janek Was Perhaps Inclined To Be a Little over Careful but that Considering What Had Happened We Must Agree that the Need for His Carefulness Had Been Justified

When the Place Was in Use for Divine Service and for an Hour each for Noon When the Cleaners Were in to All this I Noted Understandingly but When Presently the Young Man Left Me I Took My Duplicate Key and Made for the Door of the Chapel I Went In and Locked It behind Me after Which I Carried Out some Intensely Interesting and Rather Weird Experiments He's Proved Successful to Such an Extent That I Came out of the Place in a Perfect Fever of Excitement I Inquired for Mr George Janek and Was Told that He Was in the Morning Room Come Along I Said When I Had Found Him Please Give Me a Lift I Have Something Exceedingly Strange To Show You

But Came Quickly as We Strode along He Asked Me a Score of Questions - all of Which I Just Shook My Head Asking Him To Wait a Little I Led the Way to the Armoury Here I Suggested that He Should Take One Side of a Dummy Dressed in Half Plate Armour whilst I Took the Other He Nodded They Obviously Vastly Bewildered and Together We Carried the Thing to the Chapel Door When He Saw Me Take Out My Key and Open the Way for Us He Appeared Even More Astonished but Held Himself in Evidently Waiting for Me To Explain

I Took the Other He Nodded They Obviously Vastly Bewildered and Together We Carried the Thing to the Chapel Door When He Saw Me Take Out My Key and Open the Way for Us He Appeared Even More Astonished but Held Himself in Evidently Waiting for Me To Explain We Entered the Chapel and I Locked the Door behind Us after Which We Carted the Armored Dummy up the Aisle to the Gate of the Chancel Rail Where We Put It Down upon Its around Wooden Stand Stand Back I Shouted Suddenly as Young Janek Made a Movement To Open the Gate My God Man You Mustn't Do that Do What He Asked Arf Startled

Well Away on the Right Side I Pressed the Back of the Thing so that It Leant Forward a Little upon the Gate Which Flew Open in the Same Instant the Dummy Was Struck a Tremendous Blow That Hold It into the Aisle the Armor Rattling and Clanging upon the Polished Marble Floor Good God Shouted Young Ja Nok and Ran Back from the Chancel Rail His Face Very White Come and Look at the Thing I Said and Led the Way to Where the Dummy Lay Its Armored Upper Limbs all Splayed Adrift and Queer Contortions I Stooped over It and Pointed There Driven Right through the Thick Steel Breastplate Was the Way Full Dagger Good God Said Young John'ok Again Good God It's the Dagger the Things Been Stabbed Same as Belet

I Stooped over It and Pointed There Driven Right through the Thick Steel Breastplate Was the Way Full Dagger Good God Said Young John'ok Again Good God It's the Dagger the Things Been Stabbed Same as Belet Yes I Replied and Saw Him Glance Swiftly toward the Entrance of the Chapel but I Will Do Him the Justice To Say that He Never Budged an Inch Come and See How It Was Done I Said and Led the Way Back to the Chancel Rail

And Saw Him Glance Swiftly toward the Entrance of the Chapel but I Will Do Him the Justice To Say that He Never Budged an Inch Come and See How It Was Done I Said and Led the Way Back to the Chancel Rail from the Wall to the Left of the Altar I Took Down a Long Curiously Ornamented Iron Instrument Not unlike a Short Spear a Sharp End of this I Inserted in a Hole in the Left-Hand Gate Post of the Chancel Gateway I Lifted Hard and a Section of the Post

But I Will Do Him the Justice To Say that He Never Budged an Inch Come and See How It Was Done I Said and Led the Way Back to the Chancel Rail from the Wall to the Left of the Altar I Took Down a Long Curiously Ornamented Iron Instrument Not unlike a Short Spear a Sharp End of this I Inserted in a Hole in the Left-Hand Gate Post of the Chancel Gateway I Lifted Hard and a Section of the Post from the Floor Upward Bent Inward toward the Altar as though Hinged at the Bottom down It Went Leaving the Remaining Part of the Post Standing

I Took Down a Long Curiously Ornamented Iron Instrument Not unlike a Short Spear a Sharp End of this I Inserted in a Hole in the Left-Hand Gate Post of the Chancel Gateway I Lifted Hard and a Section of the Post from the Floor Upward Bent Inward toward the Altar as though Hinged at the Bottom down It Went Leaving the Remaining Part of the Post Standing as I Bent the Moveable Portion Lower There Came a Quick Click and a Section of the Floor Slid to One Side Showing a Long Shallow Cavity Sufficient To Enclose the Post I Put My Weight to the Lever and Hove the Post Down into the Niche

As I Bent the Moveable Portion Lower There Came a Quick Click and a Section of the Floor Slid to One Side Showing a Long Shallow Cavity Sufficient To Enclose the Post I Put My Weight to the Lever and Hove the Post Down into the Niche Immediately There Was a Sharp Clang as some Cats Nicked in and Held It against the Powerful Operating Spring I Went Over Now to the Dummy and after a Few Minutes Work Managed to Wrench the Dagger Loose out of the Armor I Brought the Old Weapon and Placed Its Hilt in a Hole near the Top of the Post Where It Fitted Loosely the Point Upward after that I Went Again to the Lever

And after a Few Minutes Work Managed to Wrench the Dagger Loose out of the Armor I Brought the Old Weapon and Placed Its Hilt in a Hole near the Top of the Post Where It Fitted Loosely the Point Upward after that I Went Again to the Lever and Gave another Strong Heave and the Post Descended about a Foot to the Bottom of the Cavity Catching There with another Clang I Withdrew the Lever and the Narrow Strip of Floor Slid Back Covering Post and Dagger and Looking No Different from the Surrounding

And the Post Descended about a Foot to the Bottom of the Cavity Catching There with another Clang I Withdrew the Lever and the Narrow Strip of Floor Slid Back Covering Post and Dagger and Looking No Different from the Surrounding Surface Then I Shut the Chancel Gate and We both Stood Well to One Side I Took the Spear like Lever and Gave the Gate a Little Push so that It Opened Instantly There Was a Loud Thud

And We both Stood Well to One Side I Took the Spear like Lever and Gave the Gate a Little Push so that It Opened Instantly There Was a Loud Thud and Something Sang through the Air Striking the Bottom Wall of the Chapel It Was the Dagger I Showed Yannick Then that the Other Half of the Post Had Sprung Back into Place Making the Whole Post As Thick as the One upon the Right-Hand Side of the Gate There I Said Turning to the Young Man and Tapping the Divided Post There's the Invisible Thing That Used the Dagger

It Was the Dagger I Showed Yannick Then that the Other Half of the Post Had Sprung Back into Place Making the Whole Post As Thick as the One upon the Right-Hand Side of the Gate There I Said Turning to the Young Man and Tapping the Divided Post There's the Invisible Thing That Used the Dagger but Who the Deuce Is the Person Who Sets the Trap I Looked at Him Keenly as I Spoke My

Father Is the Only One Who Has a Key He Said so It's Practically Impossible for Anyone To Get in a Medal I Looked at Him Again but It Was Obvious that He Had Not Yet Reached Out to any Conclusion As I Spoke My Father Is the Only One Who Has a Key He Said so It's Practically Impossible for Anyone To Get in a Medal I Looked at Him Again but It Was Obvious that He Had Not Yet Reached Out to any Conclusion See Here Mr Joe Knock I Said Perhaps Rather Cutter than I Should Have Done Considering What I Had To Say Are You Quite Sure that Sir Alfred Is Quite Balanced Mentally He Looked at Me Are Frightenedly and Flushing a Little I Realized Then How Badly I Put It I What I Had To Say Are You Quite Sure that Sir Alfred Is Quite Balanced Mentally He Looked at Me Are Frightenedly and Flushing a Little I Realized Then How Badly I Put It I I Don't Know He Replied after a Slight Pause and Was Then Silent except for One or Two Incoherent Half Remarks Tell the Truth I Said Haven't You Suspected Something Now and Again You Needn't Be Afraid To Tell Me Well He Answered Slowly I'll Admit I've Thought Father a Little a Little Strange Perhaps at Times but I've Always Tried To Think I Was Mistaken I've Always Hoped no One Else Would See It You See I'm Very Fond of the Old Governor I Nodded

It Had Been Planned and Used in an Earlier Age as a Protection for the Gold Vessels of the Ritual Which Were It Seemed Kept in a Hidden Recess at the Back of the Altar this Recess Sir Alfred John Occurred Utilized Secretly To Store His Wife's Jewellery She Had Died some 12 Years Back and the Young Man Told Me that His Father Had Never Seemed Quite Himself since I Mentioned to Young John Account Puzzled I Was that the Trap Had Been Set before the Service on the Night that the Butler Was Struck

If I Understood Him aright His Father Had Been in the Habit of Setting the Trap Late every Night and Unsetting at each Morning before Anyone Entered the Chapel He Replied that His Father in a Fit of Temporary Forgetfulness Natural Enough in His Neurotic Condition Must Have Set It Too Early and Hence What Had So Nearly Proved a Tragedy That Is about all There Is To Tell the Old Man Is Not So Far as I Could Learn Really Insane in the Popularly Accepted Sense of the Word He Is Extremely Neurotic and Has Developed into a Hypochondriac the Whole Condition Probably Brought About by the Shock and Sorrow Resultant on the Death of His Wife Leading to Years of Sad Brooding Zin to over Much of His Own Company and Thoughts Indeed Young Janek Told Me that His Father Would Sometimes Pray for Hours Together Alone in the Chapel

Must Have Set It Too Early and Hence What Had So Nearly Proved a Tragedy That Is about all There Is To Tell the Old Man Is Not So Far as I Could Learn Really Insane in the Popularly Accepted Sense of the Word He Is Extremely Neurotic and Has Developed into a Hypochondriac the Whole Condition Probably Brought About by the Shock and Sorrow Resultant on the Death of His Wife Leading to Years of Sad Brooding Zin to over Much of His Own Company and Thoughts Indeed Young Janek Told Me that His Father Would Sometimes Pray for Hours Together Alone in the Chapel Carnacki Made an End of Speaking and Leant Forward for a Spill

That Put Me On to the Track I Saw It once that There Might Be some Mechanical Dodge at the Back of the Hole Queer Business and Nothing at all of an Abnormal Nature I Examined the Post and the Rest Was Simple Enough You Know by the Way He Continued Rising and Going to the Mantelpiece You May Be Interested To Have a Look at the So Called Way Fell'd Dagger Young Janek Was Kind Enough To Present It to Me as a Little Memento of My Adventure He Handed It Round to Us and whilst We Examined It Stood Silent before the Fire Puffing Meditatively at His Pipe Janek

Young Janek Was Kind Enough To Present It to Me as a Little Memento of My Adventure He Handed It Round to Us and whilst We Examined It Stood Silent before the Fire Puffing Meditatively at His Pipe Janek and I Made the Trap so that It Won't Work He Remarked after a Few Moments I've Got the Dagger as You See and Old Bell It's Getting About Again so that the Whole Business Can Be Hashed Up Decently All the Same I Fancy the Chapel Will Never Lose Its Reputation as a Dangerous Place Should Be Pretty Safe Now To Keep Valuables in There's Two Things You Haven't Explained Yet I Said What Do You Think Caused the Two Clangy Sounds When You're in the Chapel in the Dark I've Got the Dagger as You See and Old Bell It's Getting About Again so that the Whole Business Can Be Hashed Up Decently All the Same I Fancy the Chapel Will Never Lose Its Reputation as a Dangerous Place Should Be Pretty Safe Now To Keep Valuables in There's Two Things You Haven't Explained Yet I Said What Do You Think Caused the Two Clangy Sounds When You're in the Chapel in the Dark and You Believe the Soft Ready Sounds Were Real Only a Fancy with Your Being So Worked Up and Tense

I Agreed and the Other Sounds Well the Same Thing I Mean the Extraordinary Quietness May Help To Explain these a Bit They May Have Been some Usual Enough Sound That Would Never Have Been Noticed under Ordinary Conditions or They May Have Been Only Fancy It Is Just Impossible To Say They Were Disgustingly Real to Me as for the Slithery Noise I Am Pretty Sure that One of the

Tripod Legs of My Camera Must Have Slipped a Few Inches if It Did So It May Easily Have Jolted the Lens Cap off the Baseboard Would Account for that Queer Little Tap Which I Heard Directly after How Do You Account for the Dagger Being in Its Place above the Altar

It Did So It May Easily Have Jolted the Lens Cap off the Baseboard Would Account for that Queer Little Tap Which I Heard Directly after How Do You Account for the Dagger Being in Its Place above the Altar When You First Examined It that Night I Asked How Could It Be There and at that Very Moment It Was Set in the Trap That Was My Mistake'replied carnacki the Dagger Could Not Possibly Have Been in Its Sheath at the Time

And at that Very Moment It Was Set in the Trap That Was My Mistake'replied carnacki the Dagger Could Not Possibly Have Been in Its Sheath at the Time though I Thought It Was You See the Curious Cross Hilted Sheath Gave the Appearance of the Complete Weapon as You Can Understand the Hilt of the Dagger Protrudes Very Little above the Continued Portion of the Sheath Our Most Inconvenient Arrangement for Drawing Quickly He Nodded Sage Lit a Lot of Us and He Yawned Then Glanced at the Clock
