Secret Spell

It's been a long time since Amy has seen her father. Now she's waiting for someone who seems like a stranger to arrive and shatter the peace of Heartland. After twelve years apart, how can he be her father now? Will he understand who she is, and what matters in her world? Amy's life is Heartland and its work-but then horses are her father's life, too. With all that's come between them, can their love of horses bring them together again?

Thicker Than Water

A fiercely told survivorship novel about one girl's determination to push her body to win gold at the Olympics, and the power of uniting as women to speak out. The only thing seventeen-year-old Audrey Lee dreams about is swinging her way to Olympic glory. Nothing is going to stop her, not even the agony in her back. Every spasm and ache will be worth it once she has that gold medal around her neck. But none of her training prepares her for her coach being led away in handcuffs, accused by a fellow gymnast of the unthinkable. No one knows what, or who to believe and Audrey's teammates go into meltdown. As the Olympic torch closes in, Audrey has no idea who to trust, let alone what life holds after her final dismount. The only thing she can do is hope that in the end, belief in herself and what's left of her team, will be enough for gold.

Break The Fall

Do you believe in magic? Mia and her friends do! And when they meet the Star Animals, a whole world of magical adventures unfolds in this new chapter book series featuring black and white illustrations throughout. Mia and her star animal, a fox named Bracken, must use their special powers to stop the forces of dark magic. Mia's older sister has started acting strangely and the Star Animals sense dark magic at work. Soon Mia discovers that the new compact mirror that her sister, Cleo, has been using must be to blame. Can the girls use their newfound Star Magic to help make things right? In the Star Friends chapter book series, Mia and her friends Lexi, Sita, and Violet all discover that they are Star Friends -- they can communicate with the animals that have traveled from the Star World. The animals show the girls how to use their unique magic abilities to do good. A whole world of magical adventures awaits!

Mirror Magic

Lauren and Twilight are very busy using magic to help Lauren's school friends sort out their problems. But one day Twilight falls sick with a mysterious illness. Lauren is desperately worried but the vet can find nothing wrong. Soon Lauren realises that it must be something to do with Twilight in his unicorn-form, and she discovers that using his magic for trivial deeds has been sapping all of his strength. Then Lauren's little brother Max goes missing, and although Twilight is still very poorly he summons every last bit of his power to help Lauren to rescue Max from danger.

Jesus Our Destiny

The fourth action-packed quest in an exciting six book character-led series for 7+ girls who love fantasy, adventure, and high-kicking heroines!

My Secret Unicorn

Exciting 6 book character-led series for 7+ girls who love adventure!

The Fog Boggarts (Sophie and the Shadow Woods, Book 4)

Have you ever longed for a pony? Lauren Foster has. And when her family moves to the country, her dream finally comes true. But when she reads a story about a perfectly ordinary pony who turns into a snow-white unicorn, she starts to look at her own pony, Twilight, and to wonder, maybe . . . just maybe . . . ?

The Goblin King (Sophie and the Shadow Woods, Book 1)

Lauren's pony, Twilight, turns into a beautiful unicorn when she says the magic words, and together they have some amazing adventures. They really are the best of friends, but now Twilight has a secret that he simply cannot share - not even with Lauren - because it would mean leaving her forever. Twilight

has been chosen by the Elders to return to Arcadia to watch over other young unicorns and help them develop their magic. It's a huge honour, but Twilight can't bear the thought of leaving Lauren. Lauren notices that Twilight is very quiet, and is sure that something is seriously wrong when Twilight's magic powers begin to fail. Finally, after a daring rescue, the Elders decide that Lauren and Twilight make a very special team and that Twilight should stay after all. And Lauren and Twilight promise that they won't keep secrets from each other ever again.

My Secret Unicorn

The third book featuring Lauren and her pony Twilight who changes into a unicorn when Lauren says the magic words. Lauren's friend Tilly doesn't want her father to re-marry. She doesn't get on with her future step-sister and doesn't know what to do. On the day of the wedding Tilly runs away and is found in Twilight's stable. Twilight conjures a vision of the future and shows Tilly how miserable her family would be without her and she agrees to go back. Lauren and Twilight use magic to help Tilly return to the wedding in time. In return Tilly promises to drink a special potion which makes her forget everything that Twilight and Lauren have shown her and keeps Twilight's secret safe.

My Secret Unicorn: Snowy Dreams

A new adventure starring Lauren and her magical pony, Twilight who turns into a beautiful, snow-white unicorn when Lauren says the magic words. There's great excitement at the stables - a beautiful mare called Apple has just had a foal! The new foal is gorgeous and seems to be watching Lauren with a very wise look in his huge eyes. Lauren's excitement is spoiled when snooty Jade Roberts turns up. Jade goes to Lauren's school and used to be Twilight's owner but she sold him because he was too quiet and dull. Lauren, of course, knows better... That night Lauren and Twilight visit the foal in secret. Suddenly Twilight hears a noise and they find Jade up to no good. Apple, fiercely protective of her foal, is frightened and angry at Jade's intrusion. Even though she doesn't like Jade, Lauren knows she has to do something to help. Lauren and Twilight make a daring rescue to save Jade who has to admit that she may have been wrong about Twilight after all. Later, Lauren and Twilight discover the reason for Apple's over-protectiveness - that maybe, just maybe, Currant is a new unicorn, but they'll have to wait at least a year to find out...

My Secret Unicorn

Lauren's pony, Twilight, turns into a beautiful unicorn when she says the magic words. Caring for your pet is really important to Lauren, especially if your pet turns out to be as special and as magical as Twilight, but her little brother Max disagrees. He has grown tired of looking after Buddy, his big, lively puppy and leaves him all alone while he goes out to play on his skateboard. But one day Buddy goes missing and Max is distraught. Lauren secretly turns Twilight into a unicorn and together they fly over the woods in search of the young dog. They find him, but he's badly injured. Twilight uses his new-found healing power to save Buddy. Max promises never to neglect his pet again - after all, you can't be best friends with a skateboard like you can with a dog!

My Secret Unicorn: Twilight Magic

An exciting new adventure starring Lauren and her magical pony, Twilight. It's the summer holidays and best friends Lauren and Mel are really excited about going to pony camp together. But when they get there they are surprised to find that they're not in the same cabin. Mel soon makes lots of new friends and Lauren begins to feel rather lonely and left out. Still, there's plenty of pony tasks to do and Lauren is glad she has Twilight to keep her busy. By the end of the week, Lauren begins to feel better, until she discovers that Mel's team is planning to cheat in the Orienteering Cup competition. Lauren has to persuade Mel that her new friends are not as nice as they seem - and she needs some extra special Twilight magic to help her!

My Secret Unicorn: A Touch of Magic

Lauren is so excited when her friends from the city come to visit, that she totally forgets about the invitation to Mel's house. She tries to make things better, but none of her friends seem to get along. What can she and twilight do to sort things out?

My Secret Unicorn

Lauren does not believe in ghosts, but there is definitely something spooky going on down by the creek and one night, as Lauren and Twilight, her magical unicorn, fly over the woods near the scary tree house, they make a surprising discovery.

My Secret Unicorn

Lauren knows that Twilight possesses magic of unicorns but now she needs to find out how to use it.

Starlight Surprise

The second action-packed quest in an exciting new six book character-led series for 7+ girls who love fantasy, adventure, and high-kicking heroines! This time, Sophie has to call upon all her strength and skills to defeat her most gruesome foe yet... THE SWAMP BOGGLES!

Dreams Come True

Pegasus is all Amy has left of her past, but he's steadily growing weaker. Amy's trying to care for him and hold Heartland together. She's striving to do just what her mother would have done, but everything is beginning to unravel. Invisible Man

Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood"

How to be Idle

How to be Idle is Tom Hodgkinson's entertaining guide to reclaiming your right to be idle. As Oscar Wilde said, doing nothing is hard work. The Protestant work ethic has most of us in its thrall, and the idlers of this world have the odds stacked against them. But here, at last, is a book that can help. From Tom Hodgkinson, editor of the Idler, comes How to be Idle, an antidote to the work-obsessed culture which puts so many obstacles between ourselves and our dreams. Hodgkinson presents us with a laid-back argument for a new contract between routine and chaos, an argument for experiencing life to the full and living in the moment. Ranging across a host of issues that may affect the modern idler - sleep, the world of work, pleasure and hedonism, relationships, bohemian living, revolution - he draws on the writings of such well-known apologists for idleness as Dr Johnson, Oscar Wilde, Robert Louis Stevenson and Nietzsche. His message is clear: take control of your life and reclaim your right to be idle. 'Well written, funny and with a scholarly knowledge of the literature of laziness, it is both a book to be enjoyed at leisure and to change lives' Sunday Times 'In his life and in this book the author is 100 per cent on the side of the angels' Literary Review 'The book is so stuffed with wisdom and so stuffed with good jokes that I raced through it like a speed freak' Independent on Sunday Tom Hodgkinson is the

founder and editor of *The Idler* and the author of *How to be Idle*, *How to be Free*, *The Idle Parent* and *Brave Old World*. In spring 2011 he founded The Idler Academy in London, a bookshop, coffeehouse and cultural centre which hosts literary events and offers courses in academic and practical subjects - from Latin to embroidery. Its motto is 'Liberty through Education'. Find out more at www.idler.co.uk.

The Institute

In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute.

The Ash Warriors

In November 1991 the American flag was lowered for the last time at Clark Air Base in the Philippines. This act brought to an end American military presence in the Philippines that extended back over 90 years. It also represented the final act in a drama that began with the initial rumblings in April of that year of the Mount Pinatubo volcano, located about nine miles to the east of Clark. This book tells the remarkable story of the men and women of the Clark community and their ordeal in planning for and carrying out their evacuation from Clark in face of the impending volcanic activity. It documents the actions of those who remained on the base during the series of Mount Pinatubo's eruptions, and the packing out of the base during the subsequent months. This is the story of the Ash Warriors, those Air Force men and women who carried out their mission in the face of an incredible series of natural disasters, including volcanic eruption, flood, typhoons, and earthquakes, all of which plagued Clark and the surrounding areas during June and July 1991.

Nat Goodwin's Book

Post Civil War Facts Are Entwined With Fiction "Looking at these two men with the American eye, the differences would perhaps be the more striking, or at least the more immediately apparent, for the first was white and the second black, or, more correctly speaking, brown...but both his swarthy complexion and his curly hair revealed what has been described in the laws of some of our states as a "visible admixture" of African blood." - Charles W. Chesnutt, *The Marrow of Tradition* In *The Marrow of Tradition*, Charles W. Chesnutt takes a page from the post- Civil War American history book and tries to bring it back to life so that the reader can truly understand the roots of race segregation. Set in the fictional southern town of Wellington, the action is based upon the real 1898 Wilmington insurrection that shook the American society to the ground. The novel takes the reader to uncharted territories where the emerging white aristocracy is trying to get rid of the 'blacks'. Historical Origins of International Criminal Law

Thomas Mann predicted that no manner or mode in literature would be so typical or so pervasive in the twentieth century as the grotesque. Assuredly he was correct. The subjects and methods of our comic literature (and much of our other literature) are regularly disturbing and often repulsive -- no laughing matter. In this ambitious study, John R. Clark seeks to elucidate the major tactics and topics deployed in modern literary dark humor. In Part I he explores the satiric strategies of authors of the grotesque, strategies that undercut conventional usage and form: the de-basement of heroes, the denigration of language and style, the disruption of normative narrative technique, and even the debunking of authors themselves. Part II surveys major recurrent themes of grotesquerie: tedium, scatology, cannibalism,

dystopia, and Armageddon or the end of the world. Clearly the literature of the grotesque is obtrusive and ugly, its effect morbid and disquieting -- and deliberately meant to be so. Grotesque literature may be unpleasant, but it is patently insightful. Indeed, as Clark shows, all of the strategies and topics employed by this literature stem from age-old and spirited traditions. Critics have complained about this grim satiric literature, asserting that it is dank, cheerless, unsavory, and negative. But such an interpretation is far too simplistic. On the contrary, as Clark demonstrates, such grotesque writing, in its power and its prevalence in the past and present, is in fact conventional, controlled, imaginative, and vigorous -- no mean achievements for any body of art.

The Marrow of Tradition

This pioneering volume of essays explores the destruction of great libraries since ancient times and examines the intellectual, political and cultural consequences of loss. Fourteen original contributions, introduced by a major re-evaluative history of lost libraries, offer the first ever comparative discussion of the greatest catastrophes in book history from Mesopotamia and Alexandria to the dispersal of monastic and monarchical book collections, the Nazi destruction of Jewish libraries, and the recent horrifying pillage and burning of books in Tibet, Bosnia and Iraq.

The Modern Satiric Grotesque and Its Traditions

Hal Wallis (1898-1986) might not be as well known as David O. Selznick or Samuel Goldwyn, but the films he produced—*Casablanca*, *Jezebel*, *Now, Voyager*, *The Life of Emile Zola*, *Becket*, *True Grit*, and many other classics (as well as scores of Elvis movies)—have certainly endured. As producer of numerous films, Wallis made an indelible mark on the course of America's film industry, but his contributions are often overlooked. Bernard Dick offers the first comprehensive assessment of the producer's incredible career. A former office boy and salesman, Wallis first engaged with the film business as the manager of a Los Angeles movie theater in 1922. He attracted the notice of the Warner brothers, who hired him as a publicity assistant. Within three months he was director of the department, and appointments to studio manager and production executive quickly followed. Wallis went on to oversee dozens of productions and formed his own production company in 1944. Dick draws on numerous sources such as Wallis's personal production files and exclusive interviews with many of his contemporaries to finally tell the full story of his illustrious career. Dick combines his knowledge of behind-the-scenes Hollywood with fascinating anecdotes to create a portrait of one of Hollywood's early power players.

Lost Libraries

"The aim of this study is to track *De Rerum Natura* along two paths of satire. One is the broad boulevard of satiric literature from the beginnings of Greek poetry to the plays, essays, and broadcast media of the modern world. The other is the narrower lane of Roman verse satire, *satura*, whose canon begins in the Middle Republic with Ennius and Lucilius and closes with Juvenal, an author of the Flavian era. The first main portion of this book (chapters 2-3) focuses on Lucretius and Roman *satura*, while the following chapters broaden the scope to satiric elements of Lucretius more generally, but still with plenty of reference to the poets of Roman *satura* as satirists par excellence. By examining how Lucretius' poem employs the tools, techniques, and tactics of satire-by evaluating how and where in *De Rerum Natura* the speaker functions as a satirist-we gain, I argue, a fuller, richer understanding of how the poem works and how its poetry interacts with its purported philosophical program. Attention to the role of *De Rerum Natura* in the more specific tradition of Roman verse satire demonstrates that Lucretius' poem stands as a detour on the genre's highway, a swerve in the trajectory of *satura*. The numerous satiric passages and frequently satiric narrator of *De Rerum Natura* draw on earlier Roman satire, and in turn the poem influences the later satiric verse of Horace, Persius, and Juvenal. While *De Rerum Natura* is not in and of itself a member of the Roman genre of satire, it is an important player in the genre's development"--

The Mormon tradition's emphasis on prophetic authority makes the Church of Jesus Christ of Latter-day Saints unique within America's religious culture. The religion that Joseph Smith created established a kingdom of God in a land distrustful of monarchy while positioning Smith as Christ's voice on earth, with the power to form cities, establish economies, and arrange governments. Michael Hubbard MacKay traces the Church of Jesus Christ of Latter-day Saints' claim to religious authority and sets it within the context of its times. Delving into the evolution of the concept of prophetic authority, MacKay shows how the Church emerged as a hierarchical democracy with power diffused among leaders Smith chose. At the same time, Smith's settled place atop the hierarchy granted him an authority that spared early Mormonism the internal conflict that doomed other religious movements. Though Smith faced challenges from other leaders, the nascent Church repeatedly turned to him to decide civic plans and define the order of both the cosmos and the priesthood.

In their bold experimentation and bracing engagement with culture and politics, the "New Hollywood" films of the late 1960s and early 1970s are justly celebrated contributions to American cinematic history. Relatively unexplored, however, has been the profound environmental sensibility that characterized movies such as *The Wild Bunch*, *Chinatown*, and *Nashville*. This brisk and engaging study explores how many hallmarks of New Hollywood filmmaking, such as the increased reliance on location shooting and the rejection of American self-mythologizing, made the era such a vividly "grounded" cinematic moment. Synthesizing a range of narrative, aesthetic, and ecocritical theories, it offers a genuinely fresh perspective on one of the most studied periods in film history.

Have you ever found yourself struggling with information overload? Have you ever felt both overworked and underutilised? Do you ever feel busy but not productive? If you answered yes to any of these, the way out is to become an Essentialist. In *Essentialism*, Greg McKeown, CEO of a Leadership and Strategy agency in Silicon Valley who has run courses at Apple, Google and Facebook, shows you how to achieve what he calls the disciplined pursuit of less. Being an Essentialist is about a disciplined way of thinking. It means challenging the core assumption of 'We can have it all' and 'I have to do everything' and replacing it with the pursuit of 'the right thing, in the right way, at the right time'. By applying a more selective criteria for what is essential, the pursuit of less allows us to regain control of our own choices so we can channel our time, energy and effort into making the highest possible contribution toward the goals and activities that matter. Using the experience and insight of working with the leaders of the most innovative companies and organisations in the world, McKeown shows you how to put Essentialism into practice in your own life, so you too can achieve something great.

Growing up within the narrow confines of the Mormon Church, bestselling author Martha Beck was raised in a home frequented by the Church's high elders. After Adam, her second child, was born with Down's syndrome, she and her husband left their graduate programmes at Harvard to return to Martha's hometown of Provo, Utah, where they knew the supportive Mormon community would embrace them. But after Martha began teaching at Brigham Young University, she began to recall horrific memories of childhood sexual abuse at the hands of one of the Church's most respected leaders. This book

chronicles her difficult decision to sever her relationship with the faith that had raised her, and to confront and forgive the person who betrayed her so deeply.

Essentialism

Attitudes Aren't Free: Thinking Deeply about Diversity in the US Armed Forces emerged from a vision to collect essays from the brightest voices of experts across the range of contentious social issues to catalyze productive discussions between military members of all ranks and services. Forty-nine experts contributed to the following 29 chapters writing on the primary themes of religious expression, homosexuality, gender, race, and ethics. Chapters appearing in this volume passed the scrutiny of a double-blind peer-review by one or more referees from the board of reviewers. The chapters are largely written in a colloquial, intellectual op-ed fashion and capture a "snapshot" of the current discussions regarding a particular topic of interest to uniformed personnel, policy makers, and senior leaders. Each section seeks to frame the spectrum of perspectives captured within the current debates and lines of argument. Authors were specifically asked not to address all sides of the issue, but rather to produce a well-reasoned argument explaining why they believe their well-known position on an issue is in the best interests of the military members and make specific recommendations about how best to address the policy issues from their perspective. The volume is arranged in four primary sections by theme: Religious Expression, Homosexuality, Race and Gender, and Social Policy Perspectives. Within each section, readers will find multiple chapters—each embracing a different perspective surrounding the section's theme. Thus, because of the unbalanced nature of many of the individual chapters, it is critically important that readers focus on the entire spectrum of perspectives presented within a section to ensure they have the context necessary to frame any single perspective. Diversity of opinion has been the hallmark of the United States since its dramatic birth in 1776 and has continued unfettered through today where we now have developed the most innovative and effective military the world has ever known. Thus, it is imperative that we continue to reflect upon the diversity of ideas about how best to formulate the "right" social policy to ensure our service members can most effectively execute their missions.

Razer's Ride

Why did the novel become so popular in the past three centuries, and how did the American novel contribute to this trend? As a key provider of the narrative frames and formulas needed by modern individuals to give meaning and mooring to their lives. Drawing on phenomenological hermeneutics, human geography, and social psychology, Laura Bieger contends that belonging is not a given; it is continuously produced by narrative. Against the current emphasis on metaphors of movement and destabilization, she explores the salience and significance of home. Challenging views of narrative as a mechanism of ideology, she approaches narrative as a practical component of dwelling in the world - and the novel a primary place-making agent.

"Investigating Iwo encourages us to explore the connection between American visual culture and World War II, particularly how the image inspired Marines, servicemembers, and civilians to carry on with the war and to remember those who made the ultimate sacrifice to ensure victory over the Axis Powers. Chapters shed light on the processes through which history becomes memory and gains meaning over time. The contributors ask only that we be willing to take a closer look, to remain open to new perspectives that can deepen our understanding of familiar topics related to the flag raising, including Rosenthal's famous picture, that continue to mean so much to us today"--

With women of color feminisms and decolonial theory as frameworks, Yomaira C. Figueroa-Vásquez juxtaposes Afro-Latinx and Afro-Hispanic diasporic artists, analyzing work by Nelly Rosario, Juan Tomás Ávila Laurel, Trifonia Melibea Obono, Donato Ndongo, Junot Díaz, Aracelis Girmay, Loida Maritza Pérez, Ernesto Quiñonez, Christina Olivares, Joaquín Mbomio Bacheng, Ibeyi, Daniel José Older, and María Magdalena Campos-Pons. Figueroa-Vásquez's study reveals the thematic, conceptual, and liberatory tools these artists offer when read in relation to one another. *Decolonizing Diasporas* examines how themes of intimacy, witnessing, dispossession, reparations, and futurities are remapped in these works by tracing interlocking structures of oppression, including public and intimate forms of domination, sexual and structural violence, sociopolitical and racial exclusion, and the haunting remnants of colonial intervention. Figueroa-Vásquez contends that these diasporic literatures reveal violence but also forms of resistance and the radical potential of Afro-futurities. This study centers the cultural productions of peoples of African descent as Afro-diasporic imaginaries that subvert coloniality and offer new ways to approach questions of home, location, belonging, and justice.

This fascinating collection reproduces the most important front pages in the history of the Wisconsin State Journal newspaper, from its first publication under that name on September 30, 1852, to the current "War on Terrorism." See what Wisconsinites first read about Abraham Lincoln's election and assassination, Custer's last stand against the Sioux, the first votes by women, Henry Ford's \$5 daily wage, the Saint Valentine's Day mob massacre in Chicago, the disappearance of Amelia Earhart as she attempted to fly around the world . . . and the wars, elections, crimes, and social revolutions that have defined the past century and a half. Each front page, reproduced from the original, is readable down to the smallest type. In 2002 the Wisconsin State Journal celebrates its Sesquicentennial, marking one hundred and fifty years of service to the people of Madison and the State of Wisconsin. The newspaper had an earlier inception as the Madison Express in 1839, when Madison was a territorial town on the frontier and statehood was still nine years away. Readers will notice the newspaper's appearance has changed nearly as much as have the methods of gathering the news and producing the paper. But readers' fascination with and hunger for the news of each day remain strong.
