Revealing the African Presence in Renaissance Europe

"This publication accompanies the exhibition *Revealing the African Presence in Renaissance Europe*, held at the Walters Art Museum from October 14, 2012, to January 21, 2013, and at the Princeton University Art Museum from February 16 to June 9, 2013."

#Housing2030: Effective Policies for Affordable Housing in the UNECE Region

The study explores housing affordability challenges and existing policy instruments for improving housing affordability in the regions covered by UNECE and presents examples of "good practices" in improving housing affordability among countries and cities. The study focuses on four topics, namely: housing governance and regulation; access to finance and funding; access and availability of land for housing construction; and Climate-neutral housing construction and renovation.

Psycho-Cybernetics (Updated and Expanded)

The landmark self-help bestseller that has inspired and enhanced the lives of more than 30 million readers. In this updated edition, with a new introduction and editorial commentary by Matt Furey, president of the Psycho-Cybernetics Foundation, the original 1960 text has been annotated and amplified to make Maxwell Maltz's message even more relevant for the contemporary reader. Maltz was the first researcher and author to explain how the self-image (a term he popularized) has complete control over an individual's ability to achieve, or fail to achieve, any goal. He developed techniques for improving and managing self-image visualization, mental rehearsal and relaxation which have informed and inspired countless motivational gurus, sports psychologists, and self-help practitioners for more than sixty years. Rooted in solid science, the classic teachings in Psycho-Cybernetics continue to provide a prescription for thinking and acting that lead to life-enhancing, quantifiable results.

Black Africans in Renaissance Europe

This highly original book opens up the almost entirely neglected area of the black African presence in Western Europe during the Renaissance. Covering history, literature, art history and anthropology, it investigates a whole range of black African experience and representation across Renaissance Europe, from various types of slavery to black musicians and dancers, from real and symbolic Africans at court to the views of the Catholic Church, and from writers of African descent to Black African criminality. Their findings demonstrate the variety and complexity of black African life in fifteenth and sixteenth-century Europe, and how it was affected by firmly held preconceptions relating to the African continent and its inhabitants, reinforced by Renaissance ideas and conditions. Of enormous importance both for European and American history, this book mixes empirical material and theoretical approaches, and addresses such issues as stereotypes, changing black African identity, and cultural representation in art and literature.

K is for Killer

K is for Killer is the eleventh in the Kinsey Millhone mystery series by Sue Grafton. Lorna Kepler was beautiful and wilful, a loner who couldn't resist flirting with danger. She has also been found dead in

mysterious circumstances and her death pulls Kinsey Millhone into a netherworld of deception, betrayal and unavenged murder . . .

The Illio

An assessment of the relationship between race and poverty in the United States, and potential solutions for the issue. Renowned American sociologist William Julius Wilson takes a look at the social transformation of inner-city ghettos, offering a sharp evaluation of the convergence of race and poverty. Rejecting both conservative and liberal interpretations of life in the inner city, Wilson offers essential information and several solutions to policymakers. The Truly Disadvantaged is a wide-ranging examination, looking at the relationship between race, employment, and education from the 1950s onwards, with surprising and provocative findings. This second edition also includes a new afterword from Wilson himself that brings the book up to date and offers fresh insight into its findings. Praise for The Truly Disadvantaged “The Truly Disadvantaged should spur critical thinking in many quarters about the causes and possible remedies for inner city poverty. As policymakers grapple with the problems of an enlarged underclass they—as well as community leaders and all concerned Americans of all races—would be advised to examine Mr. Wilson’s incisive analysis.” —Robert Greenstein, New York Times Book Review “The Truly Disadvantaged not only assembles a vast array of data gleaned from the works of specialists, it offers much new information and analysis. Wilson has asked the hard questions, he has done his homework, and he has dared to speak unpopular truths.” —Los Angeles Times Book Review “Required reading for anyone, presidential candidate or private citizen, who really wants to address the growing plight of the black urban underclass.” —David J. Garrow, Washington Post Book World

The Truly Disadvantaged

"Marking the centenary of the ratification of the Nineteenth Amendment in 1920, Votes for Women celebrates past efforts while looking toward what actions we might take in the future to further support women's equality"--Introduction.

Votes for Women

This “landmark work in urban sociology” examines the influence of neighborhoods on social phenomena and in our lives (Claude Fischer, *City & Community*). For over fifty years numerous public intellectuals and social theorists have insisted that community is dead. Some would have us believe that we act solely as individuals choosing our own fates regardless of our surroundings, while other theories place us at the mercy of global forces beyond our control. These two perspectives dominate contemporary views of society, but by rejecting the importance of place they are both deeply flawed. Based on one of the most ambitious studies in the history of social science, *Great American City* argues that communities still matter because life is decisively shaped by where you live. To demonstrate the powerfully enduring impact of place, Robert J. Sampson presents here the fruits of over a decade’s research in Chicago combined with his own unique personal observations about life in the city, from Cabrini Green to Trump Tower and Millennium Park to the Robert Taylor Homes. He discovers that neighborhoods influence a remarkably wide variety of social phenomena, including crime, health, civic engagement, home foreclosures, teen births, altruism, leadership networks, and immigration. Even national crises cannot halt the impact of place, Sampson finds, as he analyzes the consequences of the Great Recession and its aftermath, bringing his magisterial study up to the fall of 2010. Following in the influential tradition of the Chicago School of urban studies but updated for the twenty-first century, *Great American City* is at once a landmark research project, a commanding argument for a new theory of social life, and the story of an iconic city. Praise for *Great American City* “After *Great American City* we will never be able to view cities in the same way again. This is one of those rare books that deeply affect how we think about the world. It teaches us afresh how the neighborhoods we live in affect us and the people around us. And there are also immense policy implications. Robert Sampson shows definitively how the fate of the urban poor is so very dependent on the communities in which they live.” —George Akerlof, Nobel Laureate in Economics, University of California at Berkeley “*Great American City* takes us from the grand theories conjured by its commanding title, down to the iconic street corner to see what it really means when windows are broken. This is a book of big, challenging, provocative, and inspiring ideas, as well as of meticulous, rigorous, and exhaustive data. Sampson has truly shown his shoulders big enough to be counted among Chicago’s most venerated social observers, as well as the most astute theorists of place.” —Mary Pattillo, Northwestern University

Captures the magic and beauty of the Olympic Games.

Great American City

A novella set in the universe of James S. A. Corey's New York Times bestselling *Expanse* series, *Auberon* explores a new and alien world and the age-old dangers that humanity has carried with it to the stars. Now a Prime Original series. *Auberon* is one of the first and most important colony worlds in humanity's reach, and the new conquering faction has come to claim it. Governor Rittenaur has come to bring civilization and order to the far outpost and guarantee the wealth and power of the Empire. But *Auberon* already has its own history, a complex culture, and a criminal kingpin named Erich with very different plans. In a world of deceit, violence, and corruption, the greatest danger Rittenaur faces is love. *The Expanse Leviathan Wakes Caliban's War Abaddon's Gate Cibola Burn Nemesis Games Babylon's Ashes Persepolis Rising Tiamat's Wrath The Expanse Short Fiction The Butcher of Anderson Station Gods of Risk The Churn The Vital Abyss Strange Dogs Auberon*

Equality of Educational Opportunity

In *The 8-Hour Diet*, a New York Times bestseller in hardcover, authors David Zinczenko and Peter Moore present a paradigm-shifting plan that allows readers to eat anything they want, as much as they want—and still strip away 20, 40, 60 pounds, or more. Stunning new research shows readers can lose remarkable amounts of weight eating as much as they want of any food they want—as long as they eat within a set 8-hour time period. Zinczenko and Moore demonstrate how simply observing this timed-eating strategy just 3 days a week will reset a dieter's metabolism so that he or she can enter fat-burning mode first thing in the morning—and stay there all day long. And by focusing on 8 critical, nutrient-rich Powerfoods, readers will not only lose weight, but also protect themselves from Alzheimer's, heart disease, even the common cold. In the book, readers will find motivating strategies, delicious recipes, and an 8-minute workout routine to maximize calorie burn. *The 8-Hour Diet* promises to strip away unwanted pounds and give readers the focus and willpower they need to reach all of their goals for weight loss and life.

Wrigley's British Columbia Directory

From the experts at the American Association of Critical-Care Nurses (AACN) comes the definitive resource for critical care certification and clinical practice. This new seventh edition has been thoroughly updated to reflect the current state of high acuity, progressive, and critical care nursing practice and includes expanded coverage of pain management, palliative care, and end-of-life care; transplantation; and key AACN initiatives. It also reflects the most current literature, national and international guidelines, clinical studies, and of course, the newest content on the CCRN® exam. Authored by the experts at the American Association of Critical-Care Nurses (AACN), this is the definitive guide to critical care nursing certification and clinical practice. NEW! Significantly updated content corresponds to the most recent CCRN® examination blueprint and reflects the most current literature, national and international guidelines, clinical studies, AACN/ANA scope of practice, and ECCO 3.0. NEW! Expanded coverage of key content reflects the healthcare needs of today's patients, including pain management, palliative care, and end-of-life care; nutritional support; transplantation; and key AACN initiatives. Concise outline format is organized by body system to make information easy to digest. NEW! Clinical Pearls and Key Concepts boxes highlight key content and serve as a convenient quick reference. NEW! Improved navigation includes printed index tabs to help distinguish chapters and find information fast. Basic to advanced levels of coverage, with an emphasis on clinical nursing practice, prepare you for the full range of knowledge you will encounter on the CCRN exam and in practice. Coverage of the AACN Synergy Model is featured in the new opening chapter. Professional Care and Ethical Practice is integrated into the Core Curriculum series framework. A new chapter on Critical Care Patients with Special Needs includes bariatric and geriatric patients in critical care, as well as high-risk obstetric patients. Features new content on chest tubes, liver transplantation for acute liver failure, spirituality, and spiritual aspects of care. Integrates pain as the 5th vital sign and includes JCAHO, HCFA, and AHCPR guidelines relating to pain management. Features AHRQ evidence-based practice guidelines as reference sources for practice interventions. New organization for Patient Care presents patient problems, needs, etc. in order of clinical priority. Expanded Nursing Interventions includes considerations related to patient/family education, patient transfer, and discharge planning. Web-based resources for CDC, AHA, NINR, National Guideline Clearinghouse, NIH Consensus Conference Proceedings, ADA.

The Fire Within

A practical guide to best practice in managing the perioperative care of pediatric neurosurgical patients.

Auberon

The most lauded playwright in American history, Eugene O'Neill (1888-1953) won four Pulitzer Prizes and a Nobel Prize for a body of work that includes *The Iceman Cometh*, *Mourning Becomes Electra*, *Desire Under the Elms*, and *Long Day's Journey into Night*. His life, the direct source for so much of his art, was one of personal tumult from the very beginning. The son of a famous actor and a quiet, morphine-addicted mother, O'Neill had experienced alcoholism, a collapse of his health, and bouts of mania while still a young man. Based on years of extensive research and access to previously untapped sources, Sheaffer's authoritative biography examines how the pain of O'Neill's childhood fed his desire to write dramas and affected his artistically successful and emotionally disastrous life.

The Poetry of Flight

The Assistant Actuary Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: algebraic reasoning; understanding information presented in tables; basic actuarial reasoning; supervision; and other related areas.

The Revenge of the Space Pandas

Combines classic and cutting-edge scholarship on personal social networks. A must-have resource for both newcomers and seasoned experts.

The 8-Hour Diet

Examines the economic underworld of migrant farm workers, the aged, minority groups, and other economically underprivileged groups.

AACN Core Curriculum for High Acuity, Progressive and Critical Care Nursing - E-Book

In this highly original work, Steven A. Epstein shows that the ways Italians employ words and think about race and labor are profoundly affected by the language used in medieval Italy to sustain a system of slavery. The author's findings about the surprising persistence of the "language of slavery" demonstrate the difficulty of escaping the legacy of a shameful past. For Epstein, language is crucial to understanding slavery, for it preserves the hidden conditions of that institution. He begins his book by discussing the words used to conduct and describe slavery in Italy, from pertinent definitions given in early dictionaries, to the naming of slaves by their masters, to the ways in which bondage has been depicted by Italian writers from Dante to Primo Levi and Antonio Gramsci. Epstein then probes Italian legal history, tracing the evolution of contracts for buying, selling, renting, and freeing people. Next he considers the behaviors of slaves and slave owners as a means of exploring how concepts of liberty and morality changed over time. He concludes by analyzing the language of the market, where medieval Italians used words to fix the prices of people they bought and sold. The first history of slavery in Italy ever published, Epstein's work has important implications for other societies, particularly America's. "For too long," Epstein notes, "Americans have studied their own slavery as if it were the only one ever to have existed, as if it were the archetype of all others." His book allows citizens of the United States and other former slave-holding nations a richer understanding of their past and present.

Essentials of Pediatric Neuroanesthesia

A prominent Mediterranean port located near Islamic territories, the city of Valencia in the late fifteenth century boasted a slave population of pronounced religious and ethnic diversity: captive Moors and penally enslaved Mudejars, Greeks, Tartars, Russians, Circassians, and a growing population of black Africans. By the end of the fifteenth century, black Africans comprised as much as 40 percent of the slave population of Valencia. Whereas previous historians of medieval slavery have focused their efforts on defining the legal status of slaves, documenting the vagaries of the Mediterranean slave trade, or examining slavery within the context of Muslim-Christian relations, Debra Blumenthal explores the social and human dimensions of slavery in this religiously and ethnically pluralistic society. *Enemies and Familiars* traces the varied experiences of Muslim, Eastern, and black African slaves from capture to freedom. After describing how men, women, and children were enslaved and brought to the Valencian marketplace, this book examines the substance of slaves' daily lives: how they were sold and who

bought them; the positions ascribed to them within the household hierarchy; the sorts of labor they performed; and the ways in which some reclaimed their freedom. Scrutinizing a wide array of archival sources (including wills, contracts, as well as hundreds of civil and criminal court cases), Blumenthal investigates what it meant to be a slave and what it meant to be a master at a critical moment of transition. Arguing that the dynamics of the master-slave relationship both reflected and determined contemporary opinions regarding religious, ethnic, and gender differences, Blumenthal's close study of the day-to-day interactions between masters and their slaves not only reveals that slavery played a central role in identity formation in late medieval Iberia but also offers clues to the development of "racialized" slavery in the early modern Atlantic world.

O'Neill

"Our Best 357 Colleges is the best-selling college guide on the market because it is the voice of the students. Now we let graduate students speak for themselves, too, in these brand-new guides for selecting the ideal business, law, medical, or arts and humanities graduate school. It includes detailed profiles; rankings based on student surveys, like those made popular by our Best 357 Colleges guide; as well as student quotes about classes, professors, the social scene, and more. Plus we cover the ins and outs of admissions and financial aid. Each guide also includes an index of all schools with the most pertinent facts, such as contact information. And we've topped it all off with our school-says section where participating schools can talk back by providing their own profiles. It's a whole new way to find the perfect match in a graduate school."

Assistant Actuary

Seattle is a music town with rich, deep roots that have influenced the culture and identity of its civic life for decades. In a society that appreciates music but is ambivalent toward the profession of making it, the importance and contribution of Seattle's musicians have been routinely overlooked in historical accounts of the city. Kurt Armbruster fills that gap in this far-reaching and entertaining panorama of Seattle music from the 1890s to the 1960s, "before Seattle rocked." For this once-remote city, music forged links as real as those created by railroads and steamships. Classical music embodied the middle-class aspirations for gentility and cosmopolitan stature; jazz and blues gave Seattle's small African American community a vehicle for affirmation and economic advancement; ethnic music helped immigrants adjust to a new home; songs and drumming kept the memories of the Duwamish alive in a changing world. Before Seattle Rocked is enlivened by personal anecdotes and memories from many of Seattle's most beloved musicians and is enriched by historic photos of the changing music scene. Watch the trailer: http://www.youtube.com/watch?v=tyo22tC6PkQ&feature=channel_video_title Before Seattle Rocked was made possible in part by a grant from 4Culture's Heritage Program.

Speaking of Slavery

"Basquiat and the Bayou Presented by The Helis Foundation" is a focused exhibition of eight to ten paintings and drawings by Jean-Michel Basquiat that consider the work of this important artist in light of his relationship to the American South.

Enemies and Familiars

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface.

We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Best 143 Business Schools

The ability to heal is not reserved for a gifted few. Anyone aching to ease the suffering of a sick friend or loved one can learn to become unconditionally present to the sick person rather than to the disease. Through stories filled with compassion, wisdom, and gentle humor, Dr. Jeff Kane shows readers how to use mindful attention, therapeutic listening, and truthful speech to help others heal.

International Journal of Ambient Computing and Intelligence

Go to Hell or Atlanta, Whichever Comes First is a special printed project created by the celebrated American artist Kara Walker in collaboration with Ari Marcopoulos. The project, which comprises a twenty-four-page booklet with an accordion cover, was produced to accompany Walker's first exhibition at Victoria Miro, London, in autumn 2015. The project documents a trip by the artist and Marcopoulos to Stone Mountain in Georgia. The main tourist attraction there is a large stone mountain into which has been carved a monument to three Confederate generals. Consecrated in the 1970s, the monument, and hence the mountain itself, is thus a contentious symbol of white supremacy and the struggle for race equality in the South and beyond. Featuring a newly commissioned text from James Hannaham and a conversation between Walker and Marcopoulos, the project presents photographic documentation along with a selection of the powerful drawings and paintings produced by Walker during and following her trip.

Before Seattle Rocked

Hardcover reprint of the original 1890 edition - beautifully bound in brown cloth covers featuring titles stamped in gold, 8vo - 6x9. The Recovery of Confidence

"Accompanying a major traveling exhibition, this first-ever survey of the rarely seen notebooks of Basquiat features the artist's handwritten notes, poems, and drawings, along with related works on paper and large-scale paintings. With no formal training, Jean-Michel Basquiat (1960-1988) succeeded in developing a new and expressive style to become one of the most influential artists in the postmodern revival of figurative during the 1980s. In a series of notebooks from the early to mid-1980s, never before exhibited, Basquiat combined text and images reflecting his engagement with the countercultures of graffiti and hip-hop in New York City, as well as pop culture and world events. Filled with handwritten texts, poems, pictograms, and drawings, many of them iconic images that recur throughout his artwork-teepees, crowns, skeleton-like silhouettes, and grimacing masks-and these notebooks reveal much about the artist's creative process and the importance of the written word in his aesthetic. With over 150 notebook pages and numerous drawings and paintings, this important book sheds new light on Basquiat's career and his critical place in contemporary art history."--

King Croesus' Gold

The turbulent, often tragic life of America's greatest playwright, Eugene O'Neill, is laid bare in this acclaimed and insightful biography.

The Adventures of Otis and Amigo, Book One - The Magic Bone

This is the story of two friends, two dog friends that is, and how they venture to a faraway land. Otis and Amigo are just in time to save the good rulers from being placed in a dungeon. Naturally, they become big heroes...

The Adventures of Otis and Amigo, Book Two - The President's Request

This is the story of two friends, two dog friends that is, and how they are recruited into working for the president of the USA. Naturally, they become big heroes... Author Bio: Seldon (Bob) Nason was born and reared on a farm, a few miles from the white sandy beaches and rugged coast line of southern Maine. Later in life, he eventually took on a career in law enforcement. He retired after 35 years of service and started a second career in aviation, earning many licenses and certifications in the field of aviation. His training and love of flying opened up an opportunity to start this new career as an airport manager in North Carolina. Retiring for the second time he traveled in a motorhome visiting all of the contiguous United States. One morning while in Arizona, he woke up from a deep sleep and began writing short stories about a variety of subjects which led him to settling into authoring stories about two dogs, a Jack Russell terrier from the state of New Hampshire and a Chihuahua from Arizona, who from time to time would venture out into the world helping those who needed their special skills. The first book in this series is entitled "The Adventures of Otis and Amigo - The Magic Bone" Keywords: Animals, Puppy, King, Queen, Adventure, President, Obama, Bo, Secret Service

The Tommyknockers

Master storyteller Stephen King presents the classic, terrifying #1 New York Times bestseller about a terrifying otherworldly discovery and the effects it has on a small town. "Late last night and the night before, Tommyknockers, Tommyknockers, knocking at the door..." On a beautiful June day, while walking deep in the woods on her property in Haven, Maine, Bobbi Anderson quite literally stumbles over her own destiny and that of the entire town. For the dull gray metal protrusion she discovers in the ground is part of a mysterious and massive metal object, one that may have been buried there for millennia. Bobbi can't help but become obsessed and try to dig it out...the consequences of which will affect and transmute every citizen of Haven, young and old. It means unleashing extraordinary powers beyond those of mere mortals—and certain death for any and all outsiders. An alien hell has now invaded this small New England town...an aggressive and violent malignancy devoid of any mercy or sanity...

The Lost Level

Apex is proud to present the first book in Grand Master Award winner Brian Keene's long-awaited new series, a loving ode to lost world classics like Burroughs's PELLUCIDAR, Howard's ALMURIC, and Lansdale's THE DRIVE-IN, but with a thoroughly modern twist that only Brian Keene could conceive. When modern-day occultist Aaron Pace discovers the secrets of inter-dimensional travel via a mystical pathway called The Labyrinth, he wastes no time in exploring a multitude of strange new worlds and alternate realities. But then, Aaron finds himself trapped in the most bizarre dimension of all — a place where dinosaurs coexist with giant robots, where cowboys fight reptilian lizard people, and where even the grass can kill you. This is a world populated by the missing and the disappeared, a world where myth is reality and where the extinct is reborn. Now, side-by-side with his new companions Kasheena and Bloop, Aaron must learn to navigate its dangers and survive long enough to escape... THE LOST LEVEL.

The Bohemian Grove and Other Retreats

The subject of this book are the retreats for the wealthy. the sociological relevance, business and political problems.

Videhound's Family Video Retriever

"Loads of listings, indexes and categories for cross-referencing, and a very useful distributor guide".
-- Virginian Pilot Parent's Magazine contributing editor and family entertainment reviewer Martin Kohn

makes it fun and easy to select videos the whole family can enjoy, from *The Hunchback of Notre Dame* to *The Phantom*. This fully updated and enhanced new edition presents 1,000 new reviews, including 500 new kidvids, plus warnings about drugs, violence and sexual content. With a total of more than 4,000 films for children or the whole family, this is by far the biggest and most comprehensive family guide on the market.

Is That a Fish in Your Ear?

People speak different languages, and always have. The Ancient Greeks took no notice of anything unless it was said in Greek; the Romans made everyone speak Latin; and in India, people learned their neighbours' languages - as did many ordinary Europeans in times past. But today, we all use translation to cope with the diversity of languages. Without translation there would be no world news, not much of a reading list in any subject at college, no repair manuals for cars or planes, and we wouldn't even be able to put together flat pack furniture. *Is That a Fish in Your Ear?* ranges across the whole of human experience, from foreign films to philosophy, to show why translation is at the heart of what we do and who we are. What's the difference between translating unprepared natural speech, and translating *Madame Bovary*? How do you translate a joke? What's the difference between a native tongue and a learned one? Can you translate between any pair of languages, or only between some? What really goes on when world leaders speak at the UN? Can machines ever replace human translators, and if not, why? The biggest question is how do we ever really know that we've grasped what anybody else says - in our own language or in another? Surprising, witty and written with great *joie de vivre*, this book is all about us, and how we understand each other.

Adopting the Racing Greyhound

This revised and updated edition of the only book on "homing" the ex-racer tells prospective adopters everything they need to know to make adoption a success. In addition to practical information, such as care and feeding, readers learn the latest about the activities and competitions that are just for ex-racers and their owners. The Appendix lists all the agencies nationwide that adopt out Greyhounds, so an agency is sure to be nearby. For thousands of years Greyhounds have been bred to hunt and run at top speed. Because they are used to being with other dogs and people, they make perfect pets. Adopters can be assured their ex-racer will get along with adults and children and other household pets.

That's the Joint!

Spanning 25 years of serious writing on hip-hop by noted scholars and mainstream journalists, this comprehensive anthology includes observations and critiques on groundbreaking hip-hop recordings.

Grimoires

Grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread over the ensuing millennia.

Iconography in Medieval Spanish Literature

The masterpieces of medieval Spanish literature have come to be known and loved by Hispanists, and more recently by others throughout the world. But the brilliant illuminations with which the original manuscripts were illustrated have remained almost totally unknown on the shelves of the great European libraries. To redress this woeful neglect, two noted scholars here present a generous selection from this great visual treasury including many examples never before reproduced. John E. Keller and Richard P. Kinkade have chosen five representative works, dating from the mid-thirteenth century to the late fifteenth, to illustrate the richness of early Spanish narrative art. Together, these five works encompass the entire range of narrative techniques and iconography to be found in medieval Spain, and reflect both foreign and native Spanish artistic tendencies. The authors' analyses of the relation between verbalizations and visualizations will provide students of medieval art and literature a wealth of new information expanding our knowledge of this fascinating period. The beauty of many of the illuminations speaks for itself.

VideoHound's Golden Movie Retriever

This volume contains detailed information about every musical that opened on Broadway from 2010 through the end of 2019. This book discusses the decade's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues.

The Complete Book of 2010s Broadway Musicals

The story of the director behind *Harold and Maude*, *Being There*, and other quirky classics: "A superb biography of this troubled, talented man." —Tucson Citizen Hal Ashby set the standard for subsequent independent filmmakers by crafting unique, thoughtful, and challenging films that continue to influence new generations of directors. Initially finding success as an editor, Ashby won an Academy Award for editing 1967's *In the Heat of the Night*, and translated his skills into a career as one of the quintessential directors of 1970s. Perhaps best remembered for the enduring cult classic *Harold and Maude*, Ashby quickly became known for melding quirky comedy and intense drama with performances from A-list actors such as Jack Nicholson in *The Last Detail*, Warren Beatty and Goldie Hawn in *Shampoo*, Jon Voight and Jane Fonda in *Coming Home*, and Peter Sellers and Shirley MacLaine in *Being There*. But Ashby's personal life was difficult. After enduring his parents' divorce, his father's suicide, and his own failed marriage all before the age of nineteen, he became notorious for his drug abuse, which contributed to the decline of his career near the end of his life. Ashby always operated outside Hollywood's conventions, and though his output was tragically limited, the quality of his films continues to inspire modern directors as varied and talented as Judd Apatow and Wes Anderson, both of whom acknowledge Ashby as a primary influence. In *Being Hal Ashby: Life of a Hollywood Rebel*, the first full-length biography of the maverick filmmaker, Nick Dawson masterfully tells the turbulent story of Ashby's life and career.

Being Hal Ashby

From the late fifteenth to the nineteenth centuries, the Hispanic Monarchy was one of the largest and most diverse political communities known in history. At its apogee, it stretched from the Castilian plateau to the high peaks of the Andes; from the cosmopolitan cities of Seville, Naples, or Mexico City to Santa Fe and San Francisco; from Brussels to Buenos Aires and from Milan to Manila. During those centuries, Spain left its imprint across vast continents and distant oceans contributing in no minor way to the emergence of our globalised era. This was true not only in an economic sense—the Hispano-American silver peso transported across the Atlantic and the Pacific by the Spanish fleets was arguably the first global currency, thus facilitating the creation of a world economic system—but intellectually and artistically as well. The most extraordinary cultural exchanges took place in practically every corner of the Hispanic world, no matter how distant from the metropolis. At various times a descendant of the Aztec nobility was translating a Baroque play into Nahuatl to the delight of an Amerindian and mixed audience in the market of Tlatelolco; an Andalusian Dominican priest was writing the first Western grammar of the Chinese language in Fuzhou, a Chinese city that enjoyed a trade monopoly with the Spanish Philippines; a Franciscan friar was composing a piece of polyphonic music with lyrics in Quechua to be played in a church decorated with Moorish-style ceilings in a Peruvian valley; or a multi-ethnic team of Amerindian and Spanish naturalists was describing in Latin, Spanish and local vernacular languages thousands of medicinal plants, animals and minerals previously unknown to the West. And, most probably, at the same time that one of those exchanges were happening, the members of the School of Salamanca were laying the foundations of modern international law or formulating some of the first modern theories of price, value and money, Cervantes was writing *Don Quixote*, Velázquez was painting *Las Meninas*, or Goya was exposing both the dark and bright sides of the European Enlightenment. Actually, whenever we contemplate the galleries devoted to Velázquez, El Greco, Zurbarán, Murillo or Goya in the Prado Museum in Madrid; when we visit the National Palace in Mexico City, a mission in California, a Jesuit church in Rome or the Intramuros quarter in Manila; or when we hear Spanish being spoken in a myriad of accents in the streets of San Francisco, New Orleans or Manhattan we are experiencing some of the past and present fruits of an always vibrant and still expanding cultural community. As the reader can infer by now, this book is about how Spain and the larger Hispanic world have contributed to world history and in particular to the history of civilisation, not only at the zenith of the Hispanic Monarchy but throughout a much longer span of time.

Spain, a Global History

From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, Surprise, Kill, Vanish brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

Surprise, Kill, Vanish

The modern mammal metropolis of Zootopia is a city like no other. Comprised of habitat neighborhoods like ritzy Sahara Square and frigid Tundratown, it's a melting pot where no matter what you are, from the biggest elephant to the smallest shrew, you can be anything. But when optimistic Officer Judy Hopps arrives, she discovers that being the first bunny on a police force of big, tough animals isn't so easy. Determined to prove herself, she jumps at the opportunity to crack a case, even if it means partnering with a fast-talking, scam-artist fox, Nick Wilde, to solve the mystery.

Zootopia Junior Novel

This is a collection of over a hundred essays on alternatives to the dominant processes of globalized development, including its structural roots in modernity, capitalism, state domination, and masculinist values. The book presents views and practices from around the world in a collective search for an ecologically and socially just world.

Pluriverse

Film and television.

The Animated Man

This bold narrative written by the drummer and lyricist for the band Rush shows how Peart tried to stay alive by staying on the move after the loss of his 19-year-old daughter and his wife. The book will be sold as part of the band's official merchandise during its 47-city American tour. 20 photos. 15 maps.

Ghost Rider

The long-awaited memoir of Booker T. Jones, leader of the famed Stax Records house band, architect of the Memphis soul sound, and one of the most legendary figures in music. From Booker T. Jones's earliest years in segregated Memphis, music was the driving force in his life. While he worked paper routes and played gigs in local nightclubs to pay for lessons and support his family, Jones, on the side, was also recording sessions in what became the famous Stax Studios--all while still in high school. Not long after, he would form the genre-defining group Booker T. and the MGs, whose recordings went on to sell millions of copies, win a place in Rolling Stone's list of top 500 songs of all time, and help forge collaborations with some of the era's most influential artists, including Otis Redding, Wilson Pickett, and Sam & Dave. Nearly five decades later, Jones's influence continues to help define the music industry, but only now is he ready to tell his remarkable life story. Time Is Tight is the deeply moving account of how Jones balanced the brutality of the segregationist South with the loving support of his family

and community, all while transforming a burgeoning studio into a musical mecca. Culminating with a definitive account into the inner workings of the Stax label, as well as a fascinating portrait of working with many of the era's most legendary performers-Bob Dylan, Willie Nelson, and Tom Jones, among them-this extraordinary memoir promises to become a landmark moment in the history of Southern Soul.

Time Is Tight

The greatest accomplishment of Western civilization is arguably the achievement of individual liberty through limits on the power of the state. In the war-torn twentieth century, we rarely hear that one of the main costs of armed conflict is long-term loss of liberty to winners and losers alike. Beyond the obvious and direct costs of dead and wounded soldiers, there is the lifetime struggle of veterans to live with their nightmares and their injuries; the hidden economic costs of inflation, debts, and taxes; and more generally the damages caused to our culture, our morality, and to civilization at large. The new edition is now available in paperback, with a number of new essays. It represents a large-scale collective effort to pierce the veils of myth and propaganda to reveal the true costs of war, above all, the cost to liberty. Central to this volume are the views of Ludwig von Mises on war and foreign policy. Mises argued that war, along with colonialism and imperialism, is the greatest enemy of freedom and prosperity, and that peace throughout the world cannot be achieved until the central governments of the major nations become limited in scope and power. In the spirit of these theorems by Mises, the contributors to this volume consider the costs of war generally and assess specific corrosive effects of major American wars since the Revolution. The first section includes chapters on the theoretical and institutional dimensions of the relationship between war and society, including conscription, infringements on freedom, the military as an engine of social change, war and literature, and the right of citizens to bear arms. The second group includes reconsiderations of Lincoln and Churchill, an analysis of the anti-interventionist idea in American politics, a discussion of the meaning of the "just war," an assessment of how World War I changed the course of Western civilization, and finally two eyewitness accounts of the true horrors of actual combat by veterans of World War II. The Costs of War is unique in its combination of historical scope and timeliness for current debates about foreign policy and military intervention. It will be of interest to historians, political scientists, economists, and sociologists.

The Costs of War

Miracle Dogs of Portugal leads children on a voyage of discovery to 15th century Portugal, with the almost-true story of Henry the Navigator. When Henry was just a boy he summoned his own courage to take a surprising journey where he meets a delightful cast of characters - Milagro the Miracle Dog, Diego the fisherman, a cadre of sea creatures - and discovers his own dream. This almost-true story of historical figure Henry the Navigator and the history of the Portuguese Water Dog is the first in a historical fiction series for children that explains the periods and characters of world history using dogs as the ambassador to learning. The Miracle Dog series is appropriate for ages 5-10. Though the stories are fiction, the historical accuracy and context is designed to give children both the framework and the motivation to seek out more information about the character and the period in which the story is set, while inspiring them to make miracles in their own lives.

Miracle Dogs of Portugal

Mind Myths shows that science can be entertaining and creative. Addressing various topics, this book counterbalances information derived from the media with a 'scientific view'. It contains contributions from experts around the world.

Mind Myths

Have no fear, the Buddies are here! This action-packed junior novel includes color photos and is based on the latest superhero-themed puppy-filled DVD, Super Buddies, which will be released in the coming year.

Super Buddies Junior Novel

Discover a treasure trove of beautifully illustrated books with our new series, G+D Vintage! Featuring books from our Wonder Books line originally published in the 1940s, '50s, and '60s, there's something

for every reader in these timeless stories accompanied by classic illustrations. This year, every child in town wants a toy dog for Christmas, but Santa runs out before he can get to Polly's house! So instead, Santa makes the holiday extra special by giving Polly a sweet, loveable, real puppy. Polly—and the puppy—couldn't be happier!

The Christmas Puppy

Examines the cartoons and movies created by the Walt Disney Studio during World War II.

Donald Duck Joins Up

Hannah has always wanted a dog and can't believe her luck when her parents finally say that they can adopt one. Better yet, they're getting a Dalmatian—Hannah's dream dog. Oscar loves Hannah and soon settles into his new home. But as it gets closer to Christmas, Hannah needs to rehearse for her school play, and she has less and less time for long walks and games with her puppy. Oscar feels lonely and neglected. Why doesn't Hannah want to spend time with him anymore?

Oscar's Lonely Christmas

Mr. Dash may not have a pedigree (he can count five different breeds of dogs as family), but from his furry head to his wagging tail, he is a gentleman. His fine manners make him a perfect companion to Madame Croissant. Their life together is graceful and civilized, what with walks in the park, stamp-collecting, and a passion for flowers. Mr. Dash is also in charge of delivering Madame Croissant's world-famous cupcakes. All is well until Daphne, Madame Croissant's rather lively niece, arrives to turn the cupcake world upside down. Filled with humour, this delectable story will appeal to dog-lovers AND cupcake-lovers the world over.

Spotlight on Music

American historians such as Frederick Jackson Turner have argued that the West has been the region that most clearly defines American democracy and the national ethos. Throughout the twentieth century, the "frontier thesis" influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values. The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art. In *Hollywood's West*, Peter C. Rollins, John E. O'Connor, and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of American history and culture. This volume examines classic Western films and programs that span nearly a century, from *Cimarron* (1931) to Turner Network Television's recent made-for-TV movies. Many of the films discussed here are considered among the greatest cinematic landmarks of all time. The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras. While *Cimarron* challenged audiences with an innovative, complex narrative, other Westerns of the early sound era such as *The Great Meadow* (1931) frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression. Westerns of the 1950s reveal the profound uncertainty cast by the cold war, whereas later Westerns display heightened violence and cynicism, products of a society marred by wars, assassinations, riots, and political scandals. The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre. This collection will prove useful to film scholars, historians, and both devoted and casual fans of the Western genre. *Hollywood's West* makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations.

Mister Dash and the Cupcake Calamity

Four magical legends from Ireland's Celtic past vividly told - heroic quests, great deeds, fantasy and fun.

Hollywood's West

Learn from the men who changed animation forever Walt Disney's team of core animators, who he affectionately called his "Nine Old Men," were known for creating Disney's most famous works, as well as refining the 12 basic principles of animation. Follow master animator and Disney legend Andreas Deja as he takes you through the minds and works of these notable animators. An apprentice to the

Nine Old Men himself, Deja gives special attention to each animator and provides a thoughtful analysis on their techniques that include figure drawing, acting, story structure, and execution. The in-depth analysis of each animator's work will allow you to refine your approach to character animation. Rare sequential drawings from the Disney archives also give you unprecedented access and insight into the most creative minds that changed the course of animation. Instruction and analysis on the works of each of the Nine Old Men broaden your creative choices and approaches to character animation. Original drawings, some never-before-seen by the public are explored in depth, giving you behind-the-scenes access into Disney animation history. Gain first-hand insight into the foundation of timeless characters and scenes from some of Disney's most memorable feature and short films.

Celtic Magic Tales

Meet the leader of the Suffragettes, Emmeline Pankhurst, and a particularly plucky pup, during a momentous time in history! Alfie can't believe his luck when he is allowed to keep a tiny puppy he finds abandoned on the street. Rascal is cute as a button and has lots of attitude, and Emmeline Pankhurst is thrilled that her ward Alfie has a new friend. Alfie and Rascal deliver messages between the Suffragettes as they organise their 'Votes for Women' campaign. But it's sometimes dangerous work, and it's not long before Alfie and Rascal find out the true cost of the fight. Full of adventure, fascinating history and lovely animals, this is the perfect read for young fans of Dick King-Smith and Michael Morpurgo.

The Nine Old Men: Lessons, Techniques, and Inspiration from Disney's Great Animators

Fred is a near-sighted dog who worries all the time. He worries the most about what kind of trouble Pete is going to get them into next. Unlike Fred, Pete is a happy, impulsive dog who believes something wonderful waits around every corner. Fred and Pete live with their human, Ron. When the dogs misbehave, Ron leaves them at home for the day. So the dogs decide to find their own way to the beach. Pete is sure they can get to the beach by themselves, meet up with Ron and all will be forgiven. Full of misgivings, Fred hurries after Pete, if only to try to keep him out of trouble. Follow Fred and Pete on an adventure where they hitch rides in anything with wheels, and optimism prevails.

Emmeline and the Plucky Pup

The death of Ernest Hemingway in 1961 ended one of the most original and influential careers in American literature. His works have been translated into every major language, and the Nobel Prize awarded to him in 1954 recognized his impact on contemporary writing. While many people are familiar with the public image of Hemingway and the legendary accounts of his life, few knew him as an intimate. With this collection of letters, presented for the first time as a Scribner Classic, a new Hemingway emerges. Ranging from 1917 to 1961, this generous selection of nearly six hundred letters is, in effect, both a self-portrait and an autobiography. In his own words, Hemingway candidly reveals himself to a wide variety of people: family, friends, enemies, editors, translators, and almost all the prominent writers of his day. In so doing he proves to be one of the most entertaining letter writers of all time. Carlos Baker has chosen letters that not only represent major turning points in Hemingway's career but also exhibit character, wit, and the writer's typical enthusiasm for hunting, fishing, drinking, and eating. A few are ingratiating, some downright truculent. Others present his views on writing and reading, criticize books by friend or foe, and discuss women, soldiers, politicians, and prizefighters. Perhaps more than anything, these letters show Hemingway's irrepressible humor, given far freer rein in his correspondence than in his books. An informal biography in letters, the product of forty-five years' living and writing, Ernest Hemingway: Selected Letters leaves an indelible impression of an extraordinary man. Ernest Hemingway was born in Oak Park, Illinois, in 1899. At seventeen he left home to join the Kansas City Star as a reporter, then volunteered to serve in the Red Cross during World War I. He was severely wounded at the Italian front and was awarded the Croce di Guerra. He moved to Paris in 1921, where he devoted himself to writing fiction, and where he fell in with the expatriate circle that included Gertrude Stein, F. Scott Fitzgerald, Ezra Pound, and Ford Madox Ford. His novels include *The Sun Also Rises* (1926), *A Farewell to Arms* (1929), *To Have and Have Not* (1937), *For Whom the Bell Tolls* (1940), and *The Old Man and the Sea* (1952). He was awarded the Nobel Prize for literature in 1954. He died in Ketchum, Idaho, on July 2, 1961.

Fred and Pete at the Beach

The end is nigh. Apocalypse has dawned. Everyone has gone ... except for our heroes: Brownie, Apollo and their ragtag group of strays. Having raided a supermarket and defeated some very mean mutts,

our heroes find themselves out of food. So when they hear a rumour of a Twonkies factory, and all the Twonkies they could ever eat, they think they've won the Twonkie jackpot. The only catch is the cat guarding the factory – and this 'cat' is MUCH bigger than any feline they've ever met. Can our heroes defeat their foe and claim the Twonkies for themselves? More irreverent, dog-filled apocalyptic adventures. With laughs on every page, this brilliant graphic novel will charm everyone from the most reluctant reader to the coolest of cats (humans and animals alike)!

Ernest Hemingway Selected Letters 1917-1961

Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades, but not until 1937 did a major studio venture into animated features when Walt Disney produced *Snow White and the Seven Dwarfs*. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In *100 Greatest American British Animated Films*, Thomas S. Hirschak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s—from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information production history critical reaction commentary on the film's cinematic quality a discussion of the film's influence voice casts production credits songs sequels, spin-offs, Broadway versions, and television adaptations awards and nominations Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer. With a sweeping look at more than eight decades of movies, *100 Greatest American and British Animated Films* highlights some of the most treasured features of all time.

Apocalypse Miaow Miaow

Barry der Menschenretter—a.k.a. Barry—the most famous St. Bernard dog in history, tells the story of his life for the first time. Eight-thousand feet above sea level, in the treacherous pass in the Alps between Italy and Switzerland, the monks of the hospice of St. Bernard have, since the 11th century, kept dogs to help them rescue travelers lost in the snow. In time, these dogs became a breed unto themselves, named for the hospice. They are responsible for helping over 2,000 travelers who might otherwise have frozen to death. With great modesty, Barry tells not just about his own heroic exploits (saving over 40 lives, including that of a 12-year-old boy frozen in a cave), but about his daily life in the hospice, his close relationship with the brothers who train him, and about the other hospice hounds with whom he teams up to guide lost travelers and save lives. With realistic black-and-white illustrations by Tim Jessell—plus an appendix with information about St. Bernards, the Great St. Bernard Hospice, and much, more—Barry's tale is perfect for dog-crazy middle-grade readers!
