Becker Professional Education CPA Exam Review - V 3. 1 Business Textbook

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the

boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Eliza Knight's bestselling Scottish historical romance series, The Stolen Bride Series, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn

once in marriage, she is devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite feelings inside her she thought long since buried, desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish—whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...

Castle on the Rise

It is morning in America, many years in the future. As the 22nd century approaches, the United States and Canada have been shattered by war and upheaval and have broken up into separate ethnic, racial, and political enclaves. On the east coast a crumbling, bankrupt and tottering United States government still holds a weak and impotent sway over a ragged collection of tattered states and cities, but life is chaotic and plagued with poverty, violence, and desperation. The entire Southwest, beginning with Texas and extending westward to southern California and north as far as Utah, has become the Spanish-speaking Mexican state of Aztlan. And in the Pacific Northwest, from northern California on up to Alaska, a brutal fascist and white supremacist dictatorship rules the Northwest American Republic. Colonel Donald Redmond of the Bureau of State Security (BOSS) is one of the Northwest Republic's most ruthless and skillful political policemen. Then on a bright October morning he is called into the office of the State President, where he is given a top-secret assignment. A skeleton from the bloody and treacherous days of the revolution against America is about to emerge from the closet, and one of the most carefully guarded and suppressed mysteries of that revolution may become public knowledge. That long hidden truth may undermine the very moral and political foundations of the white supremacist state. A woman's life hangs in the balance, but possibly even the fate of a continent as well, as Donald Redmond and his partner Sergeant Nel plunge into the past and seek for the answer: who betrayed the Olympic Flying Column, and why? In *The Hill of the Ravens*, underground cult novelist H. A. Covington offers us a grim and chilling view of a future that may yet come to be.

Shades of Lovers

Two broken hearts. One fake dating agreement. What could go wrong? Lucie thought she had it all—a loving fiancé, a nice apartment, and a job she was great at. But that all changed the day she walked in on her perfect fiancé screwing his personal trainer on her newly purchased dream sofa. Three months later, she's bunking with her best friend and scrambling to make sense of her life sans cheating ex. Theo is about to jet off for a long weekend in picturesque Scotland to be the best man at his brother's wedding. With stunning views and nothing but free food and drinking ahead, he should be more excited than he is. If only he didn't have feelings for the damn bride. When fate throws Lucie and Theo together under unlikely circumstances, they bond over doughnuts and their mutually disastrous love lives ... and it seems like they might be able to help each other out. As long as they both stick to the rules, there's nothing that can go wrong. Contract in place? Check. Hot, fake dates? Check. Sexual chemistry steamy enough to scorch sheets? Double che— Wait, what? That wasn't in the agreement ... A standalone romcom. Book 2 in the Love For Days series. Please note: Although this book can be read as a standalone, it is set after Man Crush Monday (Book 1 in the series) so will contain spoilers.

Heather Douglas appears to have it all. But living on a farm in the Scottish Highlands with her partner, Rory Fraser, all while bringing up their adorable toddler, Harry, isn't easy. As a former librarian, Heather is worried that she'll never fully fit into life on Fraser Farm. And after the death of her beloved mum eight years ago, Heather feels lost, as well as guilty for holding back accepting Rory's marriage proposal because she can't imagine her wedding without her mother. So when ex-boyfriend, Stewart, appears in the village of Glendale, it's a shock to the system. The man who broke her heart years ago now has big plans for the neighbouring farm and wants Heather to be part of the development. Knowing that she's living a very different life to the one they had planned at university leaves Heather wondering if she has made the right choices since she and Stewart broke up.
