Turning The Solomon Key George Washington The Bright Morning Star And The Secrets Of Masonic Astrology

Freemasonry}}, {"inlineLinkIcon": {"iconType": "OPEN_IN_NEW"}, "source": {"runs": [Encyclopedia Britannica]}, "paragraphs": {"runs": [Freemasonry, the teachings and practices of the secret fraternal order of Free and Accepted Masons, the largest worldwide secret society. Spread by the advance of the British Empire, Freemasonry remains most popular in the British Isles and in other countries originally within the empire. Freemasonry evolved from the guilds of stonemasons and cathedral builders of the Middle Ages. With the decline of cathedral building, some lodges of operative (working) masons began to accept honorary members to bolster their declining membership. From a few of these lodges developed modern symbolic or speculative Freemasonry, which particularly in the 17th and 18th centuries, adopted the rites and trappings of ancient religious orders and of chivalric brotherhoods. In 1717 the first Grand Lodge, an association of lodges, was founded in England."]}}, {"sourceEndpoint": {"clickTrackingParams": "CMACEMChAiTCi7k863QiYUDFQrRSQcdoYMMfQ==", "commandMetadata": {"webCommandMetadata": {"url": "https://www.britannica.com/topic/order-of-Freemasons", "webPageType": "WEB_PAGE_TYPE_UNKNOWN", "rootVe": 83769}}, "urlEndpoint": {"url": "https://www.britannica.com/topic/order-of-Freemasons", "target": "TARGET_NEW_WINDOW"}}, {"truncateParagraphs": true, "trackingParams": "CMACEMChAiTCi7k863QiYUDFQrRSQcdoYMMfQ==", "background": "INFO_PANEL_CONTENT_BACKGROUND_BLUE", "paragraphMaxLines": 3, "loggingDirectives": {"trackingParams": "CMACEMChAiTCi7k863QiYUDFQrRSQcdoYMMfQ==", "visibility": {"types": "12"}, "gestures": {"types": "4"}, "enableDisplayloggerExperiment": true}}, {"trackingParams": "CL8CEO3NBRgAlh-MljuTzrdCJhQMVCtFJBx2hgwx9", "background": "INFO_PANEL_CONTAINER_BACKGROUND_BLUE"}}, {"videoRenderer": {"videoid": "KEE5woXr_Is", "thumbnail": {"thumbnails": [{"url": "https://i.ytimg.com/vi/KEE5woXr_Is/hq720.jpg?sqp=-oaymwEjCOgCEMoBS-Fryq4qpAxUIARUAAAAAGAEIAADIQj0AgKJDeAE=&rs=AOn4CLCHpC1e812cVVZ6Wla-davC5UGA-TRQ", "width": 360, "height": 202}], "url": "https://i.ytimg.com/vi/KEE5woXr_Is/hq720.jpg?sqp=-oaymwEX-CNAFEJQDSFryq4qpAwkIARUAAIhCGAE=&rs=AOn4CLDZhQaHjDpxViTr53PHM-mQlIm9hmuQ", "width": 720, "height": 404}}}, {"America's Book Of Secrets: The Rise and Fall of Freemasons in the U.S. (Season 4) | History - America's Book Of Secrets: The Rise and Fall of Freemasons in the U.S. (Season 4) | History by

*Includes pictures *Includes accounts of the crisis by hostages, politicians, and Iranian students
*Includes online resources and a bibliography for further reading *Includes a table of contents "Carter's predecessor, whom he says he emulates -- Harry Truman -- would have landed the Marines and offered to cripple Iran's economic base. These Iranians have committed an act of war against the United States and all Carter wants to do at the moment is talk. It is time to speak with the power and the might of a first rate country instead of the wishy-washy language of diplomatic compromise." Daniel A. Darlington's Letter to the Editor, Denver Post On February 1, 1979, amid great fanfare, exiled cleric Ayatollah Ruhollah Khomeini landed in Tehran. The return of the leader of the revolution to his home country was one of the final markers of the Iranian Revolution, a national phenomenon that had global implications. The Iranian Revolution of 1979 has been described as an epochal event, called the peak of 20th century Islamic revivalism and revitalization, and analyzed as the one key incident that continues to impact politics across Iran, the Middle East, and the even the world as a whole. As a phenomenon that led to the creation of the first modern Islamic Republic in the world, the revolution marked the victory of Islam over secular politics, and Iran quickly became the aspiring model for Islamic fundamentalists and revivalists across the globe, regardless of nationality, culture, or religious sect. When Ayatollah Khomeini was declared ruler in December 1979 and the judicial system originally modeled on that of the West was swiftly replaced by one purely based on Islamic law, much of the world was in shock that such a religiously driven revolution could succeed so quickly, especially when it had such sweeping consequences beyond the realm of religion. Furthermore, while the focus of the revolution was primarily about Islam, the revolution was also colored by disdain for the West, distaste for autocracy, and a yearning for religious and cultural identity. This point was driven home on November 4, 1979 when Iranians stormed the U.S. embassy and took dozens of Americans hostage, sparking a crisis that would last for the rest of President Jimmy Carter's term. A few Americans escaped the embassy and hid in Tehran before being extracted (a mission that was recently adapted into the movie *Argo*), but for nearly 450 days, the crisis remained at the forefront of America's daily life, and aside from an embarrassing failed rescue mission, the administration seemed uncertain over how to approach the crisis and protect the American hostages. Eventually, all of the hostages were freed on the day Ronald Reagan was inaugurated as president in 1981, but the Iran hostage crisis had far reaching ramifications that have lasted to this day. Most notably, formal diplomatic contact between the United States and Iran ended, and no American embassy is open in that country nearly 35 years later. For anyone born during the 1960s, the Iran Hostage Crisis marked a change in American identity both as people and a nation. Those born in earlier decades had little to no understanding of radical Islam, and those born later could not conceive of a world without it. Some would say that the crisis was ultimately a good thing, in that it ushered Ronald Reagan into the White House and thus led to the fall of Communism, while others would say that it was a harbinger of doom, a demonstration that even as one geopolitical foe declined, another was on the rise. Some say America was singled out because it was seen as too strong, others because it was seen as too weak. The bottom line is that, while no one knows what might have been done to prevent it, everyone has an idea about how it might have been ended sooner.

US Foreign Policy and the Iran Hostage Crisis

An analysis of one of the greatest foreign policy disasters.

The Iran Hostage Crisis

Describes the 1979-1981 Iran hostage crisis.

Invading the Embassy

On November 4, 1979, Iranian militants stormed the United States Embassy in Tehran and took sixty-six Americans captive. Thus began the Iran Hostage Crisis, an affair that captivated the American public for 444 days and marked America's first confrontation with the forces of radical Islam. Using hundreds of recently declassified government documents, historian David Farber takes the first in-depth look at the hostage crisis, examining its lessons for America's contemporary War on Terrorism. Unlike other histories of the subject, Farber's vivid and fast-paced narrative looks beyond the day-to-day circumstances of the crisis, using the events leading up to the ordeal as a means for understanding it. The book paints a portrait of the 1970s in the United States as an era of failed expectations in a nation plagued by uncertainty and anxiety. It reveals an American government ill prepared for the fall of the Shah of Iran and unable to reckon with the Ayatollah Khomeini and his militant Islamic followers. Farber's account is filled with fresh insights regarding the central players in the crisis: Khomeini

emerges as an astute strategist, single-mindedly dedicated to creating an Islamic state. The Americans' student-captors appear as less-than-organized youths, having prepared for only a symbolic sit-in with just a three-day supply of food. ABC news chief Roone Arledge, newly installed and eager for ratings, is cited as a critical catalyst in elevating the hostages to cause célèbre status. Throughout the book there emerge eerie parallels to the current terrorism crisis. Then as now, Farber demonstrates, politicians failed to grasp the depth of anger that Islamic fundamentalists harbored toward the United States, and Americans dismissed threats from terrorist groups as the crusades of ineffectual madmen. Taken Hostage is a timely and revealing history of America's first engagement with terrorism and Islamic fundamentalism, one that provides a chilling reminder that the past is only prologue.

Invading the Embassy

The explosive book that sparked a congressional investigation is now in paperback and updated with new testimony from key participants. Naval veteran Gary Sick was the principal White House aide for Iran during the hostage crisis of 1979-81 and is the author of *All Fall Down: America's Tragic Encounter with Iran*. Photographs.

Taken Hostage

Exploring the recent increase in anti-American terrorism, this updated study argues that terrorist groups are now exploiting the link between the media and public opinion polls (particularly regarding the popularity of American presidents) in order to publ

October Surprise

Operation Eagle Claw was tactically feasible, operationally vacant, and strategically risky. This paper examines the failed hostage rescue mission conducted by the U.S. in Iran during April of 1980. The following text will recreate the rescue mission in its historical context while identifying factors across the three levels of war which contributed to its outcome. The three levels of war referred to in this discussion are the tactical, operational and strategic levels. This study concludes that (1) The fall of the Shah unearthed a gap in U.S. military influence in the Middle East which could not rapidly be overcome; (2) the hostage rescue mission, although tied directly to the strategic objective of returning the 53 American hostages, provided little influence in terms of salvaging U.S. honor and interests in the Middle East. In reality, it is probable that mission failure protracted eventual diplomatic resolution of the crisis; (3) the hostage rescue mission, a limited objective and high risk raid, should only have been executed in the event that hostages lives were directly threatened; and (4) since 1961, sixty-six separate hostage, kidnapping, or hijacking incidents have occurred involving U.S. diplomats, servicemen, and private citizens. The frequency of these actions equate to 1.6 per year over the past 41 years. This data demonstrates the relevancy of the subject and the frequency of its occurrence.

The Iran Hostage Crisis, a Chronology of Daily Developments

On November 4, 1979, Iranian militants stormed the United States Embassy in Tehran and took sixty-six Americans captive. Thus began the Iran Hostage Crisis, an affair that captivated the American public for 444 days and marked America's first confrontatio.

Terrorism and the Media

The only known diary to have been smuggled out of Iran by a released hostage is presented.

The Iranian Hostage Rescue Attempt: A Case Study

"Farber has produced a succinct and authoritative book on the [Iran] hostage crisis that is well researched, engagingly written, and persuasive in its conclusions. What's more, it's a real page turner."--Fredrik Logevall, University of California, Santa Barbara.

Taken Hostage

The New York Times–bestselling author of *Black Hawk Down* delivers a “suspenseful and inspiring” account of the Iranian hostage crisis of 1979 (*The Wall Street Journal*). On November 4, 1979, a group of radical Islamist students, inspired by the revolutionary Iranian leader Ayatollah Khomeini, stormed the U.S. embassy in Tehran. They took fifty-two Americans captive, and kept nearly all of them hostage

for 444 days. In *Guests of the Ayatollah*, Mark Bowden tells this sweeping story through the eyes of the hostages, the soldiers in a new special forces unit sent to free them, their radical, naïve captors, and the diplomats working to end the crisis. Bowden takes us inside the hostages' cells and inside the Oval Office for meetings with President Carter and his exhausted team. We travel to international capitals where shadowy figures held clandestine negotiations, and to the deserts of Iran, where a courageous, desperate attempt to rescue the hostages exploded into tragic failure. Bowden dedicated five years to this research, including numerous trips to Iran and countless interviews with those involved on both sides. *Guests of the Ayatollah* is a detailed, brilliantly recreated, and suspenseful account of a crisis that gripped and ultimately changed the world. "The passions of the moment still reverberate . . . you can feel them on every page." —*Time* "A complex story full of cruelty, heroism, foolishness and tragic misunderstandings." —*Pittsburgh Post-Gazette* "Essential reading . . . A." —*Entertainment Weekly*

Iranian Hostage

For the true story behind *Argo*, read *Our Man in Tehran*. The world watched with fear in November 1979, when Iranian students infiltrated and occupied the American embassy in Tehran. The Americans were caught entirely by surprise, and what began as a swift and seemingly short-lived takeover evolved into a crisis that would see fifty-four embassy personnel held hostage, most for 444 days. As Tehran exploded in a fury of revolution, six American diplomats secretly escaped. For three months, Ken Taylor, the Canadian ambassador to Iran—along with his wife and embassy staffers—concealed the Americans in their homes, always with the prospect that the revolutionary government of Ayatollah Khomeini would exact deadly consequences. The United States found itself handcuffed by a fractured, fundamentalist government it could not understand and had completely underestimated. With limited intelligence resources available on the ground and anti-American sentiment growing, President Carter turned to Taylor to work with the CIA in developing their exfiltration plans. Until now, the true story behind Taylor's involvement in the escape of the six diplomats and the Eagle Claw commando raid has remained classified. In *Our Man in Tehran*, Robert Wright takes us back to a major historical flashpoint and unfolds a story of cloak-and-dagger intrigue that brings a new understanding of the strained relationship between the United States and Iran. With the world once again focused on these two countries, this book is the stuff of John le Carré and Daniel Silva made real.

Siege Mentality

Colonel Charles W. Scott was one of the hostages captured and imprisoned in the American embassy in Tehran, Iran in November 1979. In this first-person account, he takes the reader through the entire crisis, including the preamble, the takeover, the internment, and the build-up to the release. One of the most fascinating aspects of the book is his description of his relationship with his captors. The Colonel's resolve both frustrates and impresses those imprisoning him. He spends his time analyzing and evaluating the Iranians, eventually forging something like a friendship with Akbar, an educated and reasonable Iranian who slowly grows frustrated with the hostage situation and engages with the Colonel in both personal and political discussions. A very readable supplement to the studies of the high politics surrounding the hostage crisis.

Taken Hostage

Contains primary source material.

Guests of the Ayatollah

Many books have been written about the Iran Hostage Crisis, some by the hostages themselves, others by journalists who got involved in the daily announcements of current events. This book is written from a different perspective - that of a wife of a hostage who was not a diplomat and was just a wife, and mother of three children. On the morning of November 4th 1979, militants stormed the embassy and took all personnel hostage, including my husband. It is my story that describes the daily tensions, worries and stamina needed to survive. I had no idea that a world event could affect me personally. I learned soon enough that the crisis involved the whole world. This is my experience of the crisis and how it affected my children and me in our daily lives and still does so many years later.

Our Man in Tehran

The world watched with fear in November 1979, when Iranian students infiltrated and occupied the American embassy in Tehran. As the city exploded in a fury of revolution, few knew about the six American embassy staff who escaped into hiding. For three months, Ken Taylor, the Canadian ambassador to Iran—along with his wife and embassy staffers—concealed the Americans in their homes, terrified that Ayatollah Khomeini would find out and exact deadly consequences. January 28, 2010, marks the 30th anniversary of an event that stunned the world, when Ken Taylor masterminded the exfiltration of the six diplomats from Tehran. Americans were held in thrall as Ted Koppel updated the nation on the fate of its hostages and the Canadians orchestrated an intrepid escape. Americans celebrated in the streets across the nation, raising banners that read “Thank you, Canada!” In *Our Man in Tehran*, Robert Wright, author of the award-winning national bestseller *Three Nights in Havana*, tells the story behind a major historical flashpoint, a story of cloak-and-dagger intrigue, the stuff of John le Carré and Frederick Forsyth made real.

Pieces of the Game

Describes how extremist groups and governments have resorted to hostage taking in recent years, and shows how both the Carter and Reagan administrations have dealt with such crises.

No Hiding Place

Was the Iranian hostage crisis the most humiliating episode in American history or was the eventual release of the hostages unharmed a triumph of patient, skilled diplomacy? In this book, the story of the negotiations is told by key Americans, inside & outside the government, who were intimately involved in the day-to-day search for an honorable settlement that would free the hostages. Drawing on their personal notes, journals, & files, the negotiators offer a rare insider's view of how the agonizing political, economic, military, & human choices were made.

The Iran Hostage Crisis

In May 1980, the Joint Chiefs of Staff commissioned a Special Operations Review Group to conduct a broad examination of the planning, organization, coordination, direction, and control of the Iranian hostage rescue mission, as a basis for recommending improvement in these areas for the future. The Review Group consisted of six senior military officers three who had retired after distinguished careers, and three still on active duty. The broad military experience of the group gave it an appropriate perspective from which to conduct an appraisal. Details on the participants, the Terms of Reference they operated under, and their approach to the subject are contained in this document. The Review Group has made its final report to the Joint Chiefs of Staff. Copies have been forwarded to the Secretary of Defense, as have the related, early recommendations of the Joint Chiefs. A highly classified report also has been transmitted to appropriate committees in the Congress. Because it is important that as much detail as possible be made available to the American public, the Organization of the Joint Chiefs of Staff has conducted a declassification review to produce this version. The issues and findings have been retained in as close a form as possible to the original, classified version. In particular, the Executive Summary, Conclusions, and Recommendations remain virtually the same as in the original.

444 Days

Presents an account of the experiences of the first American hostage to be freed from Iran due to his development of the disease multiple sclerosis.

Our Man In Tehran

A fully illustrated history of the disastrous 1980 attempt to rescue the 53 US Embassy hostages in Tehran, which involved the new Delta Force and a complex series of airlifts, hides and refueling stops in the Iranian desert. Following months of negotiations after the seizure of the US Embassy in Tehran on November 4 1979, President Jimmy Carter ordered the newly formed Delta Force to conduct a raid into Iran to free the hostages. The raid, Operation Eagle Claw, was risky to say the least. US forces would have to fly into the deserts of Iran on C-130s; marry up with carrier-based RH-53D helicopters; fly to hide sites near Tehran; approach the Embassy via trucks; seize the Embassy and rescue the hostages; board the helicopters descending on Tehran; fly to an airbase captured by more US forces; and then fly out on C-141s and to freedom. Unfortunately, and unsurprisingly given the complexity of the mission, things went wrong from the start and when the mission was called off at the refueling site at Desert

One, the resulting collision between aircraft killed eight US personnel. This title tells the full story of this tragic operation, supported by maps, photographs, and specially-commissioned bird's-eye-views and battlescenes, which reveal the complexity and scale of the proposed rescue and the disaster which followed.

All Fall Down

A behind-the-scenes account of the negotiations to free the 52 hostages held by revolutionary students in Iran.

America Held Hostage

This collection of articles examines mediation in a range of situations including international relations, informal mediation by private individuals and by scholars and practitioners, as well as the superpowers as mediators.

Political Relations Between Iran and the USA: the Iran Hostage Crisis (Folder 1)

Presented in paperback in two volumes because of its massive content, with a total of over a thousand pages of text and images, this unique and comprehensive book provides encyclopedic coverage of the Iranian hostage crisis during the Carter administration and the 1980 failed military rescue mission with declassified Department of Defense documents, intelligence reports, histories and reports. These reports provide important new information on this controversy. There is extensive coverage of military activities, including the planning and execution of the hostage rescue mission called Operation Eagle Claw, which resulted in the Desert One tragedy on April 25, 1980. There is also new information on planning for Operation Snowbird later in 1980. Volume One Contents: Part 1: Overview * Part 2: Iran Hostage Rescue Mission Report (The Holloway Report) * Part 3: Robert Ode Hostage Diary * Part 4: Statements by Defense Secretary Brown and JSC Chairman Jones * Part 5: Crisis in Iran - Operation Eagle Claw * Part 6: The Iranian Hostage Rescue Mission - A Case Study * Part 7: Two White Houses - The Iran Hostage Crisis * Part 8: Choosing Peace: Jimmy Carter and the Iran Hostage Crisis * Part 9: A Classic Case of Deception - CIA Goes Hollywood, The Argo Cover Story * Part 10: Broken Stiletto - Command and Control of the Joint Task Force During Operation Eagle Claw at Desert One * Part 11: Desert One: The Hostage Rescue Mission * Part 12: Operation Eagle Claw - Lessons Learned * Part 13: Disaster at Desert One: Catalyst for Change * Part 14: The Iranian Hostage Rescue Attempt * Part 15: Iranian Hostage Rescue Attempt - A Case Study * Part 16: Skipping the Interagency Process Can Mean Courting Disaster: The Case of Desert One * Part 17: Explaining Iran's Foreign Policy, 1979-2009 * Part 18: USSOCOM Mission * Part 19: From Son Tay to Desert One: Lessons Unlearned * Part 20: Airborne Raids - A Potent Weapon in Countering Transnational Terrorism Volume Two Contents: Part 21: Command and Control of Special Operations Forces Missions in the U.S. Northern Command Area of Responsibility * Part 22: Excerpt about Desert One from The Praetorian STARShip: The Untold Story of the Combat Talon * Part 23: Original Documents On November 4, 1979, more than 3,000 Iranian militant students stormed the American Embassy in Tehran, Iran. 66 Americans were seized and held hostage, precipitating a confrontation with the United States. The result of this crisis would change the course of a presidency, and affect the relations between the two nations. In military history one can stand out as a splendid example or a disastrous reminder. On April 24, 1980, highly-trained members of the four armed services made a valiant attempt to rescue the 44 diplomats and servicemembers held hostage in the Islamic republic of Iran. What the vast majority of Americans did not know was that planning for an armed rescue attempt began almost immediately after the embassy was overrun. The code name for the overall operation was Rice Bowl, while the operational portion was known as Eagle Claw. The operation was complex and faced several limiting factors, among which were the relative isolation of Tehran and the available courses of action which involved an increased risk of equipment failure. One critical piece of the operation was a refueling and overnight stay at a mid-desert site named Desert One. When the operation finally launched on the night of April 24, 1980, equipment failures and unpredictable dust storms caused the on-scene commanders to abort the mission. As the rescue force prepared to evacuate Desert One, an H-53 helicopter collided with a C-130.

Rescue Mission Report

Paul Wilcher devoted his career to preserving the civil rights of the unfortunate, so when a case concerning a wrongly imprisoned intelligence officer falls into his lap, he can't help but look into it. His investigation leads him deeper into a world rife with political intrigue and corruption, where those involved stay quiet or find their lives on the line. With his life in danger, Paul Wilcher must survive long enough to expose the truth not only to the American public, but to the entire world. 9/22 is a screenplay based on real events surrounding covert relations between America and Iran during and after the Iran Hostage Crisis and the Iran-Iraq War.

Inside and Out

American Hostages in Iran

Exposing the Real Che Guevara

FONTOVA/EXPOSING THE REAL CHE GUEVA

The Double Life of Fidel Castro

A revelatory memoir of the 17 years Juan Sanchez spent as one of Fidel Castro's personal soldiers, in his innermost circle

Che Guevara

The controversial life and career of Ernesto Ché Guevara (1928-1967) has earned the revolutionary leader admirers and detractors across the world. In his critical biography, Daniel James penetrates the myths that have grown up around Guevara since his death. The biography carefully analyzes the Cold War situations in which Guevara lived and fought, and which turned the young medical student into a guerilla and political theoretician. Ché Guevara: A Biography includes interviews with Guevara's first wife, and extensive information on the revolutionary's early years and family life lacking in other biographies. James also discusses Guevara's actions in Cuba as a leader in the rebel army of Fidel Castro, covering in detail Guevara's military victories, his post-war executions of anti-Castro prisoners, and his criticism of Soviet Communism. This unique and unsparing portrait of Guevara includes and an in-depth examination of his last guerilla campaign in Bolivia.

The Brazilian Othello of Machado de Assis

In a series of interviews with a European journalist and scholar, the Cuban leader describes his early life, the Cuban Revolution, and his experiences ruling Cuba, and discusses his views on socialism, international affairs, and the future.

My Life

Never before has any biographer had such close access to Fidel Castro as did Tad Szule. The outcome of a long, direct relationship, this riveting portrait reveals astonishing and exclusive information about Cuba, the revolution, and the notorious, larger-than-life leader who has ruled his country with an iron fist for more than forty years. Only Tad Szule could bring Fidel to such vivid life--the loves and losses of the man, the devious tactics of the conspirator, the triumphs and defeats of the revolutionary leader who challenged an American president and brought the world to the brink of nuclear disaster. From Jesuit schools to jungle hideouts and the Palace of the Revolution, here is Fidel...The Untold Story. Never before has any biographer had such close access to Fidel Castro as did Tad Szulc. The outcome of a long, direct relationship, this riveting portrait reveals astonishing and exclusive information about Cuba, the revolution, and the notorious, larger-than-life leader who has ruled his country with an iron fist for more than forty years. Only Tad Szulc could bring Fidel to such vivid life--the loves and losses of the man, the devious tactics of the conspirator, the triumphs and defeats of the revolutionary leader who challenged an American president and brought the world to the brink of nuclear disaster. Fidel:

"Imagine if Jane Austen got angry & you'll have some idea of how explosive these works are" (John Freeman). Since the publication of *My Brilliant Friend*, Elena Ferrante has gained admirers among authors—Jhumpa Lahiri, Elizabeth Strout, Claire Messud, to name a few—and criti— James Wood, John Freeman, Eugenia Williamson, for example. But her most resounding success has been with readers, who have discovered in Ferrante a writer who speaks with great power and beauty of the mysteries of belonging, love, family, and friendship. In this third Neapolitan novel, Elena and Lila have become women. Both have attempted pushing against the walls of a prison that would have seen them living a life of misery, ignorance and submission. They are afloat on the great sea of opportunities that opened up during the nineteen-seventies. Yet they are still very much bound to each other by a strong, unbreakable bond.

Those Who Leave and Those Who Stay

Fifteen-year-old Ari Mendoza is an angry loner with a brother in prison, but when he meets Dante and they become friends, Ari starts to ask questions about himself, his parents and his family that he has never asked before.

Please Understand Me

Service offers a history of communism, drawing the uncomfortable conclusion that the poverty and injustice that enabled its rise are still dangerously alive. Unsettling and compelling, this is a comprehensive study of one of the most important movements of the modern world.

Aristotle and Dante Discover the Secrets of the Universe

Translation by George D. Huncke and Hans F. Sennholz of chapter 12 (Die Ausbeutungstheorie) of v. 1 (Geschichte und Kritik der Capitalzins-Theorien) of Capital und Capitalzins. Includes bibliographical references.

Comrades!

"Explores all the questions which 9-13 year olds ask about love and sex in an informative and entertaining way"--Back cover.

The Exploitation Theory of Socialism-communism

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Willies

"The best and the most accessible one-volume history of communism now available . . . A far-reaching, vividly written account." —Foreign Affairs In *The Red Flag*, Oxford professor David Priestland tells the epic story of a movement that has taken root in dozens of countries across two hundred years, from its birth after the French Revolution to its ideological maturity in nineteenth-century Germany to its rise to dominance (and subsequent fall) in the twentieth century. Beginning with the first modern Communists in the age of Robespierre, Priestland examines the motives of thinkers and leaders including Marx, Engels, Lenin, Stalin, Castro, Che Guevara, Mao, Ho Chi Minh, Gorbachev, and many others. Priestland also shows how Communism, in all its varieties, appealed to different societies for different reasons, in some as a response to inequalities and in others more out of a desire to catch up with the West. But paradoxically, while destroying one web of inequality, Communist leaders were simultaneously weaving another. It was this dynamic, together with widespread economic failure and an escalating loss of faith in the system, that ultimately destroyed Soviet Communism itself. At a time when global capitalism is in crisis and powerful new political forces have arisen to confront Western democracy, *The Red Flag* is essential reading if we are to apply the lessons of the past to navigating the future. "Detailed and scholarly but written in lively prose, this is a rich, satisfying account of the most successful utopian political movement in history." —Publishers Weekly, starred review

Fidel

Reinaldo Arenas was born to a poverty-stricken family in rural Cuba. By the time of his death in New York four decades later, he had become one of Cuba's most important poets, an outspoken critic of Castro's regime and one of the leading gay voices of the twentieth century. In *Before Night Falls*, Arenas tells of his odyssey from young rebel fighting for the Revolution, through his suppression as a writer, his disillusionment with Castro, his imprisonment and torture, to his eventual exile from Cuba to New York, where in 1987 he was diagnosed with AIDS. He committed suicide in 1990, ending a life of constant struggle against repression. In a farewell note, Arenas wrote: Due to my delicate state of health and to the terrible depression that causes me not to be able to continue writing and struggling for the freedom of Cuba, I am ending my life ... I do not want to convey to you a message of defeat, but of continued struggle and hope. Cuba will be free. I already am. (signed) Reinaldo Arenas

The Red Flag

This revelatory account of how the Vatican saved thousands of Jews during the Second World War shows why history must re-assess 'Hitler's Pope'.

Before Night Falls

God is not only to be found in majestic cathedrals or supernatural visions, shows best-selling author Yancey, but also and often more powerfully in the unexpected places - the might of a polar bear, the oppression of a Peruvian prison cell or in the broken cry of Shakespeare's King Lear. As we discover God's footprints in increasingly unlikely places, so our understanding of his beauty, love and power continues to grow. Finding God in Unexpected Places will sharpen your spiritual vision and challenge you to look for God outside the four walls of the church. he may not be as far away as you think. In this updated edition of an already-popular title, Yancey has removed nine of the chapters that he felt had become dated, and added another fourteen brand new chapters.

The Pope's Jews

This new edition of Bill Nichols's bestselling text provides an up-to-date introduction to the most important issues in documentary history and criticism. Designed for students in any field that makes use of visual evidence and persuasive strategies, Introduction to Documentary identifies the distinguishing qualities of documentary and teaches the viewer how to read documentary film. Each chapter takes up a discrete question, from "How did documentary filmmaking get started?" to "Why are ethical issues central to documentary filmmaking?" Carefully revised to take account of new work and trends, this volume includes information on more than 100 documentaries released since the first edition, an expanded treatment of the six documentary modes, new still images, and a greatly expanded list of distributors.

Finding God in Unexpected Places

A new and chilling study of lethal human exploitation in the Soviet forced labor camps, one of the pillars of Stalinist terror In a shocking new study of life and death in Stalin's Gulag, historian Golfo Alexopoulos suggests that Soviet forced labor camps were driven by brutal exploitation and often administered as death camps. The first study to examine the Gulag penal system through the lens of health, medicine, and human exploitation, this extraordinary work draws from previously inaccessible archives to offer a chilling new view of one of the pillars of Stalinist terror.

Introduction to Documentary, Second Edition

Over 16 million copies sold worldwide 'Every human being should read this book' Simon Sinek One of the outstanding classics to emerge from the Holocaust, Man's Search for Meaning is Viktor Frankl's story of his struggle for survival in Auschwitz and other Nazi concentration camps. Today, this remarkable tribute to hope offers us an avenue to finding greater meaning and purpose in our own lives.

Illness and Inhumanity in Stalin's Gulag

"This amazing "revolutionary" novel is full of surprises -- not the least being that its author is a middle-aged Brazilian "man of letters" rather than some youthful wild-eyed Maoist. It glides with amazing dash and brio from torture chamber to love affair, more with the elegant grace of a minuet than with the terror of people who almost all lose their lives in failed attempts to reach Che's small guerrilla band in the Bolivian foothills. There's no sense of tragedy, only the offhand, almost humorous, way in which middle-class intellectual revolutionaries are likely to die: a bank robber turning his eye from the cashier at a crucial moment because he spots a friend stuffing stolen money from under the floorboards into a grocery bag. But there is a partial condemnation of this kind of half-hearted commitment when Che stoically nears his end; also a rather joyous vision of the future as the survivors more or less accidentally hijack a plane to transcendental Cuba. The action switches from character to character and not a word is wasted in this razzledazzle masterpiece of understatement. The "historical" sections on Che's capture and death approach grandeur without heaviness, and the clear, functional, completely artless language is admirably translated from the Portuguese by Barbara Shelby."--Kirkus

Man's Search For Meaning

A critical study of the work of Polish theatre director Tadeusz Kantor, which includes an analysis of the corpus of Kantor's work plus a collection of the director's essays. These essays comment on work then in progress, describing how Kantor challenged traditional theatrical forms.

Don Juan's Bar

The most inclusive single-volume anthology of Latin American poetry in translation ever produced.

A Journey Through Other Spaces

Bubble gum, bubble gum, Chewy-gooey bubble gum, Icky-Sticky bubble gum Melting in the road. Along comes a toad, a shrew, a goose, and more wacky animals who get stuck in the gooey-ooey mess. How will they escape when a big blue truck comes straight toward them? Written in lively, lyrical rhyme and accompanied by hilarious, colorful illustrations, *Bubble Gum, Bubble Gum* is an irresistible picture book for reading aloud. If you like the *Wonky Donkey*, you'll love *Bubble Gum, Bubble Gum*! For the 2017 Michigan Reads! program the Library of Michigan selected *Bubble Gum, Bubble Gum* written by Lisa Wheeler and illustrated by Laura Huliska-Beith. Michigan Reads is a program modeled after "One Book, One Community" and is intended to support the development of early literacy skills as a foundation to future reading and success in school and beyond.

The Oxford Book of Latin American Poetry

In this volume R.gis Debray sums up over a decade of his research and writing on the evolution of subjects of communication and the technologically transmitted interventions of the modern intelligentsia in France. *Media Manifestos* announces the battle-readiness of a new sub-discipline of the sciences humaines: "mediology." Scion of that semiology of the sixties linked with the names of Roland Barthes and Umberto Eco and affiliated trans-Atlantically to the semiotics of C.S. Pierce and media analyses of Marshall McLuhan ("media is message"). "mediology" is in dialectical revolt against its parent thought-system. Determined not to lapse back into the uncritical empiricism and psychologism with which semiology broke, mediology is just as resolved to dispel the cult or illusion of the signifier as the be-all-and-end-all, slough off the scholasticism of the code, and recover the world in all its mediatized materiality. In this enterprise its ally is the work of French historians of mentalité, of the hard and evolutionary sciences, and of the technologies of transmission (from stylus and clay to quill and parchment to press and paper to mouse and screen). Written with Debray's customary brio, *Media Manifestos* is no mere contribution to the vogue of "media studies." It remains steeped in the intellectual culture of Louis Althusser and Michel Foucault, indebted to the neolithic anthropology of Leroi-Gourhan and the study of science and technology of Serres and Latour, informed by the material histories of the Annales school, yet plugged into the audiovisual culture of today's "videosphere" (as against the printery "graphosphere" of yesterday, and the scriptory "logosphere" of the day before that). Debray's work turns a neologism ("mediology") into a tool-kit with which to rethink the whole business of mediation from the city-state to the internet.

Rosa Luxemburg

In 1939, a young Vilém Flusser faced the Nazi invasion of his hometown of Prague. He escaped with his wife to Brazil, taking with him only two books: a small Jewish prayer book and Goethe's *Faust*. Twenty-six years later, in 1965, Flusser would publish *The History of the Devil*, and it is the essence of those two books that haunts his own. From that time his life as a philosopher was born. While Flusser would later garner attention in Europe and elsewhere as a thinker of media culture, *The History of the Devil* is considered by many to be his first significant work, containing nascent forms of the main themes that would come to preoccupy him over the following decades. In *The History of the Devil*, Flusser frames the human situation from a pseudo-religious point of view. The phenomenal world, or "reality" in a general sense, is identified as the "Devil," and that which transcends phenomena, or the philosophers' and theologians' "reality," is identified as "God." Referencing Wittgenstein's *Tractatus Logico-Philosophicus* in its structure, Flusser provocatively leads the reader through an existential exploration of nothingness as the bedrock of reality, where "phenomenon" and "transcendence," "Devil" and "God" become fused and confused. So radically confused, in fact, that Flusser suggests we abandon the quotation marks from the terms "Devil" and "God." At this moment of abysmal confusion, we must make the existential decisions that give direction to our lives.

Bubble Gum, Bubble Gum

How do Nike or Pepsi ads convince you that you're a rebellious individual-even while they sell you the same sneakers or sugar water bought by millions? How does a company associated with a disaster, Exxon or DuPont, for example, restore its reputation? What gender and racial stereotypes lurk in TV commercials for beer, cars, cologne, and diamond rings? And what is the deeper meaning of living in an ad, ad, ad world? For more than a decade, journalist Leslie Savan exposed the techniques advertisers use to push products and pump up corporate images. In the lively essays in this collection, Savan penetrates beneath the slick surfaces of specific ads and marketing campaigns to show how they both reflect and shape our lives. Savan's pioneering use of advertising as a lens to examine society and politics made her a three-time Pulitzer Prize finalist. "With unerring perception," the 1992 Pulitzer jury in criticism wrote, Savan "has seen advertising, PR and political chicanery as a new field of socio-aesthetic criticism. Her merciless prose impales both the electronic and print media." Though technology and tastes have changed since Savan's essays first appeared in *The Village Voice*, her analysis is timeless. The fundamentals of exploiting desire remain the same: sex and fear, flattery and patriotism, humor and cool still sell.

Media Manifestos

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

The History of the Devil

Gilmour offers his 15-year-old son an unconventional deal: Jesse can drop out of school, but he must watch three movies a week of his father's choosing. Through their film club, father and son discuss everything from love to drugs--and their own lives change in surprising ways.

Beethoven

The Simplest Game is the definitive reference to soccer, the world's most popular sport. Fully revised to coincide with the 1996 Summer Olympics in Atlanta, Georgia, and the continuing explosion of American interest in the game since the 1994 World Cup, The Simplest Game explores the game, its players, and its history. Paul Gardner provides an authoritative and entertaining view of soccer's colorful history and lore. Originally published in 1976, The Simplest Game was heralded as "a storehouse of valuable information" by the U.S. Soccer Federation. Now completely revised and updated to reflect the changes the game has undergone since then and published for the first time with photos of the most memorable and talented players, the book offers a wealth of facts, figures, and anecdotes that enable one to become part of the knowledgeable fraternity that speaks intelligently about the sport. The Simplest Game traces the evolution of soccer from a crude, rustic pastime into a sophisticated worldwide business. It sketches the history and achievements of soccer, highlights world competitions and important players, examines the growth of divergent national playing styles, and spells out what is needed for the United States to develop an indigenous style of play and players of international caliber. The Simplest Game is for anyone searching for an introduction to, or a better understanding of, the world's most followed sport.

Amor de Salvação

A major new novel by Brazilian writer Tereza Albues.

Adah's Story
